The manufacturer shall first select that commodity, which he dealt in during March, 1942, which differs from the commodity being priced only by reason of the fact that it was manufactured from rubber instead of "Remtex". The manufacturer shall then add to or subtract from the maximum price of that commodity to each class of purchasers the increase or decrease in direct costs resulting in the change from rubber to "Remtex". The direct costs for both the commodity made of rubber and the commodity made of "Remtex" shall be determined as follows:

(1) Direct costs shall be the sum total of direct labor and direct materials costs. The direct labor costs shall be determined by multiplying the estimated number of hours of each type of labor required in the manufacture of the article by the wage rates determined in accordance with subdivision (i) of this subparagraph (1). The direct materials costs shall be determined by multiplying the estimated quantity of each type of material required in the manufacture of the article by the materials prices determined in accordance with subdivision (ii) of this subparagraph (1).

(i) The wage rates applicable to the article shall be the basic wage rates in effect in the manufacturer's plant for any portion of March, 1942, for each class of labor involved in the production of the commodity. If the manufacturer did not employ a given class of labor during March, 1942, he shall use the basic wage rates paid for any substantial portion of March, 1942, by the nearest employer operating under comparable

(6) *Vermouth.* (i) The permitted increase for vermouth made from wine or a blend of wines of which less than 40% is California grape wine, shall be that specified under (5) for wines in Group DD.

(ii) The permitted increase for vermouth made from wine or a blend of wines of which over 40% but less than 100% is California grape wine, shall be that specified under (5) for wines in Group EE.

(7) *Combination wines.* The permitted increase for wine made by combining wines designated as being in different groups, or by making wine from a combination of berries, fruits and/or grapes, which separately would produce wines designated as being in different groups, shall be the lowest permitted increase specified for any such component wine, or for wine produced from any of such component berries, fruits and/or grapes without combination.

(b) Every seller, other than a seller at retail, shall convert his permitted increase per gallon computed under interior subdivision (a) into a permitted increase per case, container or other unit of sale on the basis of the number of gallons of the particular type of wine contained therein, and if such permitted increase per case, container or other unit of sale includes the fractional part of a cent, shall adjust the permitted increase to the nearest higher full cent if the fraction is ½ cent or over, or to the nearest lower full cent if the fraction is less than ½ cent: *Provided*, That no seller's permitted increase for such wine sold in bottles or containers of any size are listed in Table I, shall exceed that specified in Table I.

(ii) *Maximum prices for sellers at retail—permitted increase.* On and after February 5, 1943, any seller at retail, after receipt of notification from his supplier given under (iv) hereof may add to the maximum prices established for him under §§ 1499.2 and 1499.73 (a) (39) for the types of berry wines, fruit wines and grape wines (other than California grape wines) described in (i) (a) hereof, made from the 1942 crop and prior crops of berries, fruits or grapes, a permitted increase per bottle as follows:

conditions who employed that class of labor during that month.

(ii) The price of any materials used in the commodity shall be the highest price charged during March, 1942, by the manufacturer's supplier; except that if the Office of Price Administration has established a lower maximum price for the sale of that material to the manufacturer by his supplier, such lower price shall govern. If the material was not delivered or offered for delivery by the manufacturer's supplier during March, 1942, the material price shall be the first price at which the manufacturer's supplier offered to sell the material to a purchaser of the same class as the manufacturer after March 31, 1942, or the maximum price for the material established by the Office of Price Administration, whichever is the lower. The manufacturer's supplier shall be (*a*) his March, 1942, supplier of the material, or (*b*) lacking a March, 1942, supplier of the material, his most recent supplier of the material. If neither of these exist, it shall be his potential supplier. For the purposes of this subdivision (ii), if the manufacturer shall receive a written statement from the seller that the material is being sold at a price which is not in excess of the maximum price established by the Office of Price Administration, and if the manufacturer shall have no cause to doubt the accuracy of the statement, the price as stated by the seller shall be deemed to be not in excess of the maximum price established by the Office of Price Administration for that material.

(iii) When used in this subparagraph (1) the phrase "highest price charged during March, 1942," means:

(*a*) The highest price at which the seller delivered, or if he did not deliver, at which he offered the commodity for delivery, during March, 1942, to the same manufacturer in a quantity normal for that manufacturer;

(*b*) If the seller made no such delivery or offer for delivery during March, 1942, to the same manufacturer, the highest price at which the seller delivered, or if he did not deliver, at which he offered the commodity for delivery during March, 1942, to a purchaser of the same class as the manufacturer in a quantity normal for the purchaser;

(*c*) If the seller made no such delivery or offer for delivery during March, 1942, to the same manufacturer or to a purchaser of the same class, the highest price at which the seller delivered, or if he did not deliver, at which he offered the commodity for delivery during March, 1942, to a purchaser of a different class in a quantity normal for that purchaser adjusted to reflect the seller's customary differential between the two classes of purchasers.

(b) Except for such changes as result from the application of the pricing methods contained in paragraph (a) of this § 1499.1489 the manufacturer shall not change the allowances, discounts, or other price differentials which he had in effect during March, 1942, for the same or similar types of commodities unless such change results in a lower net price.

(c) Within ten days after a maximum price has been determined in accordance with this order, the manufacturer shall report to the Office of Price Administration, Washington, D. C., the maximum price as computed by him. This report shall set forth in detail the computation of direct costs and of the maximum price. The manufacturer may not accept payment for the commodity until the price so reported is approved in writing by the Office of Price Administration or fifteen days have elapsed after the mailing of the report. Within this fifteen-day period the price so reported shall be subject to adjustment by the Office of Price Administration. Subsequent to this fifteen day period such price shall be subject to adjustment (not to apply retroactively) at any time upon the written order of the Office of Price Administration.

(d) This Order No. 253 may be revoked or amended by the Office of Price Administration at any time.

(e) This Order No. 253 (§ 1499.1489) shall become effective February 1, 1943.

[Order 179 Under § 1499.18 (b) of GMPR]

WILLIAM T. TONNER

Order No. 179 under § 1499.18 (b) of the General Maximum Price Regulation—Docket No. GF 3-863.

For the reasons set forth in an opinion issued simultaneously herewith, *It is ordered:*

§ 1499.1080 *Adjustment of maximum prices for women's anklets manufactured by William T. Tonner for Alex. Lee Wallau, Incorporated.* (a) William T. Tonner of Lansdale, Pennsylvania, may sell and deliver and Alex. Lee Wallau, Incorporated, of New York, New York, may buy and receive the following two styles of women's anklet hosiery at the following prices: Style No. 439 at $6.87½ per dozen, and Style No. 839 at $11.00 per dozen.

(b) The adjustment granted to William T. Tonner in paragraph (a) is subject to the following conditions:

(1) This adjustment shall apply only to sales by William T. Tonner to Alex. Lee Wallau, Incorporated.

(2) All discounts, trade practices and practices relating to shipping and shipping charges in effect in March 1942 shall be applicable.

(3) William T. Tonner shall mail to Alex. Lee Wallau, Incorporated, a notice reading as follows:

The Office of Price Administration has permitted us to raise our maximum prices for sales to you of our women's anklets Style No. 439 from $5.87½ to $6.87½ per dozen, and Style No. 839 from $10.50 to $11.00 per dozen. This amount represents only that part of cost increases which we were unable to absorb and it was granted with the understanding that wholesale and retail prices would not be raised. The Office of Price Administration has not permitted you or any other seller to raise the maximum prices for sales of these women's anklets.

(c) All prayers of the application not granted herein are denied.

(d) This Order No. 179 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 179 is hereby incorporated as a section of Supplementary Regulation No. 14 which contains modifications of maximum prices established by § 1499.2 of the General Maximum Price Regulation.

[MPR 307]

WAXED PAPERS

In the judgment of the Price Administrator, it is necessary and proper to establish maximum prices for sales of waxed papers by a separate price regulation.

A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.* In the judgment of the Price Administrator, the maximum prices established by this Maximum Price Regulation No. 307 are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended. So far as practicable, the Price Administrator has advised and consulted with members of the industry which will be affected by this regulation.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250, and in accordance with Revised Procedural Regulation No. 1, issued by the Office of Price Administration, Maximum Price Regulation No. 307 is hereby issued.

AUTHORITY: §§ 1347.601 to 1347.621, inclusive, issued under Pub. Laws 421 and 729, 77th Cong., E.O. 9250, 7 F.R. 7871.

§ 1347.601 *Prohibition against sales of waxed papers above maximum prices.* On and after February 20, 1943, regardless of any contract, agreement or other obligation:

(a) No person shall sell, deliver, or transfer any waxed papers at higher prices than the maximum prices set forth in Appendices A, B, C, D, E, F, and G (§§ 1347.615, 1347.616, 1347.617, 1347.618, 1347.619, 1347.620, and 1347.621 respectively) of this Maximum Price Regulation No. 307.

(b) No person shall buy or receive any such waxed papers in the course of trade or business at higher prices than the maximum prices set forth in Appendices A, B, C, D, E, F, and G (§§ 1347.615, 1347.616, 1347.617, 1347.618, 1347.619, 1347.620, and 1347.621 respectively) of this maximum price regulation.

(c) No person shall agree, offer, solicit or attempt to do any of the foregoing: *Provided,* That the provisions of this Maximum Price Regulation No. 307 shall not apply to sales or deliveries of waxed papers to a purchaser if prior to February 20, 1943, such waxed papers had been received by a carrier other than a carrier owned or controlled by the seller for shipment to such purchaser.

§ 1347.602 *Less than maximum prices.* Lower prices than those established by this Maximum Price Regulation No. 307 may be charged, demanded, paid or offered.

§ 1347.603 *Export sales.* The maximum price at which a person may export waxed papers shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation, issued by the Office of Price Administration.

§ 1347.604 *Federal and state taxes.* Any tax upon, or incident to, the sale or delivery of waxed papers, imposed by any statute of the United States or statute or ordinance of any state or subdivision thereof, excepting the tax on property imposed by section 620 of the Revenue Act of 1942, shall be treated as follows in determining the seller's maximum price for such commodity and in preparing the records of such seller with respect thereto:

(a) *As to a tax in effect during the year 1941.* (1) If the seller paid such tax, or if the tax was paid by any prior vendor, irrespective of whether the amount thereof was separately stated and collected from the seller, but the seller did not customarily state and collect separately from the purchase price during the year 1941 the amount of the tax paid by him or tax reimbursement collected from him by his vendor, the seller may not collect such amount in addition to the maximum price, and in such case shall include such amount in determining the maximum price under this Maximum Price Regulation No. 307.

(2) In all other cases, if, at the time the seller determines his maximum price, the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does state it separately, the seller may collect in addition to the maximum price, the amount of the tax actually paid by him or an amount or tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased, and in such case the seller shall not include such amount in determining the maximum price under this Maximum Price Regulation No. 307.

(b) *As to a tax or increase in a tax which becomes effective after December 31, 1941.* If the statute or ordinance imposing such tax or increase does not prohibit the seller from stating and collecting the tax or increase separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax or increase actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased.

§ 1347.605 *Adjustable pricing.* Any person may offer or agree to adjust or fix prices to and at prices not in excess of the maximum prices in effect at the time of delivery. In appropriate situations where a petition for amendment requires extended consideration, the Price Administrator may, upon application, grant permission to agree to adjust prices upon deliveries made during the pendency of the petition in accordance with the disposition of the petition.

§ 1347.606 *Transfers of business or stock in trade.* If the business, assets or stock in trade of any business are sold or otherwise transferred after February 19, 1943, and the transferee carries on the business, or continues to deal in the same type of commodities or services in an establishment separate from any other establishment previously owned or op-

erated by him, the maximum prices of the transferee shall be the same as those to which his transferor would have been subject if no such transfer had taken place, and his obligation to keep records in accordance with § 1347.611 shall be the same. The transferor shall either preserve and make available for so long as the Emergency Price Control Act of 1942 remains in effect, or turn over, to the transferee all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the record provisions of this Maximum Price Regulation No. 307.

§ 1347.607 *Petitions for amendment.* Any person seeking an amendment of any provision of this Maximum Price Regulation No. 307 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1,[1] issued by the Office of Price Administration.

§ 1347.608 *Discounts and allowances.* Every manufacturer shall continue to grant to persons buying waxed papers, differentials, discounts, and allowances not less favorable to the purchaser than those generally in effect during the period of October 1 to 15, 1941, for a sale of such waxed papers by such manufacturer to a purchaser of the same class.

§ 1347.609 *Evasion.* Price limitations set forth in this Maximum Price Regulation No. 307 shall not be evaded whether by direct or indirect methods, in connection with any offer, solicitation, agreement, sale, delivery, purchase or receipt of, or relating to waxed papers, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium or other privilege or other trade understanding or otherwise.

§ 1347.610 *Enforcement.* (a) Persons violating any provision of this Maximum Price Regulation No. 307 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have any evidence of any violation of this Maximum Price Regulation No. 307 or any price schedule, regulation or order, issued by this Office of Price Administration, or any acts or practices which constitute such a violation, are urged to communicate with the nearest field or regional office of the Office of Price Administration, or its principal office in Washington, D. C.

§ 1347.610a *Licensing.* The provisions of Supplementary Order No. 19,[2] licensing distributors of paper and paper products, are applicable to every distributor selling any of the commodities for which maximum prices are now or hereafter established by Maximum Price Regulation No. 307. The term "distributor" shall have the meaning given to it by Supplementary Order No. 19.

§ 1347.611 *Records and reports.* (a) Every person making sales of waxed papers after February 19, 1943, shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942 remains in effect, complete and accurate records of each sale, showing the date thereof, the name and address of the buyer, the price contracted for or received and the quantity of each type and grade of such waxed papers sold.

(b) Such persons shall submit such reports to the Office of Price Administration and shall keep such other records in addition to or in place of the records required in paragraph (a) of this section as the Office of Price Administration may from time to time require.

§ 1347.612 *Definitions.* (a) When used in this Maximum Price Regulation No. 307, the term:

(1) "Manufacturer" includes any person who manufactures or converts waxed papers, and includes the agents and representatives of such person. The manufacturer's maximum prices are applicable to all sellers of waxed papers.

(2) "Purchaser of the same class" refers to the practice adopted by the seller in setting different prices for commodities or services for sales to different purchasers or kinds of purchasers (for example, manufacturer, wholesaler, jobber, retailer, government agency, public institution, individual consumer) or for purchasers located in different areas or for different quantities or grades or under different conditions of sale.

(3) "Miscellaneous waxed papers" refers to all waxed papers which are not specifically set forth in §§ 1347.615 to 1347.621 inclusive, except that they do not include cutter box or household rolls.

(4) "Base price" refers to the price of plain (unprinted) waxed paper per hundredweight.

(5) "Basis weight" refers to the weight in pounds of 480 sheets, 24" x 36".

(6) "Bleached sulphite printed roll bread wrappers" refers to a sheet of bleached sulphite paper, printed and waxed and in roll form.

(7) "Bleed edges" refers to a design in which the printing is extended beyond the finished dimensions of the wrappers so that in slitting or trimming there will be no margin left between the finished edge of the sheet and the printed design.

(8) "Color change" refers to a press stop required in a run to change from one color to another in a given design.

(9) "Die cutting" refers to cutting to shape or size through the use of a cutting die.

(10) "Dry waxed sulphite" is a sulphite sheet so processed that the major portion of the wax is driven into the fibres of the sheet.

(11) "Exact machine trimming" refers to trimming a sheet on four sides to a specified size.

(12) "Frame bundles" refers to sheets wrapped in kraft or similar protective wrapper with wood frames added to the top and bottom of the bundle for reinforcement.

(13) "Innerwrappers" refers to a sheet made of sulphite pulp used in unprinted form as an inner sleeve or complete innerwrapper with a standard bread wrapper.

(14) "Ink charge" refers to all charges made to cover ink used in printing paper to be waxed.

(15) "Miscellaneous standard grades of unprinted waxed sulphite" refers to paper made of sulphite pulp and waxed to weights most commonly used in the wet waxed, dry waxed and transparent grades.

(16) "Opaque bleached sulphite" refers to a bleached sulphite pulp to which titanium oxide or zinc oxide has been added as a filler for opacity, or a sulphite sheet that has been coated for opacity.

(17) "Process printing" refers to a printing method which requires the super imposing immediately of one color upon another in order to bring out the desired finished design.

(18) "Preparatory press charge" refers to a charge made to cover the cost of make-ready on a press plus a plate amortization charge.

(19) "Press stops" refers to stops made after a run has been started for the purpose of changing a plate or slug carrying a weight legend, brand name, address, etc.

(20) "Photo electric cell markers" refers to markers printed in conjunction with printed designs that are spotted on a package in a given position through the use of an electric eye on the wrapping machine.

(21) "Regular" refers to a sulphite sheet other than opaque or transparent.

(22) "Regular printing" refers to all methods of printing other than process, such as letter press, analine, roto, etc.

(23) "Roll" refers to paper in a continuous web usually wound to a 10-inch diameter on a three-inch core.

(24) "Sheeting" refers to cutting a continuous web to specified lengths.

(25) "Spot printed bleached sulphite white opaque sheet bread wrappers" refers to printed bread wrappers where the design is spotted to definite specifications within the dimensions of the finished sheet.

(26) "Special printed spot sheet bread wrappers" refers to wrappers printed in a special design for use by one customer only.

(27) "Stock designs" refer to designs that can be of general use to anyone.

(28) "Super transparent sulphite" refers to a sulphite sheet calendered on supercalender stacks, double waxed, having a high degree of transparency.

(29) "Skids" refers to a low platform on which paper is loaded and fastened for shipment.

(30) "Transparent sulphite" refers to a high machine finished sheet double waxed for transparency.

(31) "Wet waxed sulphite" refers to a sulphite sheet waxed in such a manner as to leave a considerable amount of wax on the surface of the sheet.

(32) "Waxed papers" includes the following classes of waxed products and variations thereof: Bread wraps, carton wraps, delicatessen papers, miscellaneous plain and printed waxed papers, waxed glassine and waxed greaseproof, twisting tissues, waxed kraft, waxed tissue, oiled or petrolatum treated papers and waxed cellophane plain or printed.

(33) "Zone 1" includes Delaware, Illinois, Indiana, Maryland, Michigan, New Jersey, The New England States, New York, Ohio, Pennsylvania, Virginia, West Virginia, Wisconsin, all Kentucky towns located on the Ohio River, all Iowa and Missouri towns located on the Mississippi River, Duluth, Minnesota, and all Minnesota towns located on the Mississippi River south of and including St. Paul and Minneapolis.

(34) "Zone 2" includes North Dakota, South Dakota, Kansas, Nebraska, Tennessee, North Carolina, Colorado (east of the Rockies), Iowa (except Mississippi River towns), Missouri (except towns on the Mississippi River), Kentucky (except Ohio River towns), Minnesota (except Duluth and towns located on the Mississippi River south of and including St. Paul and Minneapolis).

(35) "Zone 2a" includes South Carolina, Alabama, Florida, Georgia, Mississippi, Arkansas, Louisiana, Oklahoma, Texas (east of and including Amarillo and Lubbock).

(36) "Zone 3" includes Arizona, New Mexico, Montana, Idaho, Nevada, Utah, Wyoming, and Colorado (west of the Rockies), Texas (west of and excluding Amarillo and Lubbock).

(37) "Zone 4" includes Washington, Oregon and California.

(b) Unless the text otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942, as amended, shall apply to other terms used herein.

§ 1347.613 *Applicability.* The provisions of this Maximum Price Regulation No. 307 shall be applicable to the continental United States but not to the territories and possessions of the United States.

§ 1347.614 *Effective dates of Maximum Price Regulation 307.* This Maximum Price Regulation No. 307 (§§ 1347.601 to 1347.621, inclusive) shall become effective February 20, 1943.

§ 1347.615 *Appendix A: Maximum Prices for bleached sulphite printed roll bread wrappers.*

(a) *Maximum prices for sales in less than carload quantities on a delivered basis to points in Zone 1.* Where a manufacturer sells to points in Zone 1, his maximum price shall be computed on a delivered basis as follows:

(1) *Bleached sulphite printed roll bread wrappers*—(i) *Base price per cwt.*

	Basis weight[1] 24 x 36—480		Maximum price	
	Raw	Waxed	Regular printing (not process)	Process printing
White Opaque	24#	37#	$12.00	$13.00
White Opaque	28#	42#	12.00	13.00
Regular	24#	31#	11.50	12.50
Regular	28#	37#	11.50	12.50

[1] In no event may the raw basis weight vary plus or minus from the stated raw basis weight by more than 7½%. In no event may the waxed basis weight vary plus or minus from the stated waxed basis weight by more than 7½%.

(ii) *Preparatory press charges.*

	Printing (other than process)	Process printing
1 color	$15.50	$30.00
2 colors	30.00	60.00
3 colors	47.50	90.00
4 colors	65.00	120.00

The maximum preparatory press charges per cwt. shall be computed as follows:

Divide the applicable preparatory press charge by the total weight of printed paper involved in the order and multiply by 100.

$$\frac{\text{Preparatory press charge}}{\text{Weight of paper involved in the order}} \times 100$$

(iii) *Ink charges.* The maximum charge for ink shall not exceed $3.00 per cwt. of finished waxed paper for 100% ink coverage. For ink coverages of less than 100%, the charge shall be based on the actual percentage of solid ink coverage, as illustrated below:

The maximum ink charge for 100 pounds of paper having a 30% solid ink coverage is $0.90. (.30 × $3.00 = $0.90)

(iv) The manufacturers' maximum prices for printed bread wrappers are computed by adding the appropriate base price, as determined in paragraph (a) (1) (i) of this section, to the appropriate preparatory press charge, computed in accordance with paragraph (a) (1) (ii) of this section, and the appropriate ink charge, computed in accordance with paragraph (a) (1) (iii) of this section.

(v) *Engravings.* Engravings, modified etchings and art work incidental thereto may be charged for at no more than actual cost.

(2) *Differentials.* The manufacturer may add to his maximum prices computed in accordance with paragraph (a) (1) of this section the following differentials, where applicable:

(i) *Colored printed roll bread wrappers.*

Color	Per cwt.
Ivory	$0.50
Canary, Golden Rod, Light Blue and other light colors	1.00
Green	1.75
Persian Orange	2.00
Red	2.50

(ii) *Sheeting and bleed edges.*

Sheeting	0.50
Bleed edges	0.25

(iii) *Press stops.*

	Per cwt.
1-color change	$5.00
2-color change	10.00
3-color change	15.00
4-color change	20.00

(iv) *Color changes.*
$5.00 per color.

(b) *Maximum prices for sales in less than carload quantities on a delivered basis to points outside Zone 1.* Manufacturers may add to the maximum prices established in accordance with the provisions of paragraph (a) of this section the following differentials for shipments to points outside of Zone 1.

Point of delivery:	Addition to maximum price per cwt.
Zone 2	$0.50
Zone 2a	1.00
Zone 3	1.25
Zone 4	1.25

(c) *Maximum prices for sales in carload quantities or in quantities of less than 100 pounds.* (1) Where a manufacturer makes shipments of waxed paper in straight or mixed carloads, his maximum price for printed roll bread wrappers shall not exceed the maximum price established in accordance with the provisions of paragraphs (a) or (b) of this section, except that $0.25 per cwt. must be deducted from such maximum price.

(2) Where a manufacturer makes shipments on orders of and in quantities of less than 100 pounds his maximum price shall be established in accordance with the provisions of paragraphs (a) or (b) of this section except that such maximum price shall be an f. o. b. mill price. The manufacturer may add to such f. o. b. mill price the actual freight charges to the point of delivery.

§ 1347.616 *Appendix B: Maximum prices for spot printed bleached sulphite white opaque sheet bread wrappers.*

(a) *Maximum prices for sales in less than carload quantities on a delivered basis to points in Zone 1.* Where a manufacturer sells to points in Zone 1, his maximum price shall be computed on a delivered basis as follows:

(1) *Special printed spot sheet bread wrappers.*

Quantity[1] (number of sheets)	Maximum price per cwt.		
	1 color	2 colors	3 colors
12,500	$20.87	$22.47	$24.15
25,000	17.12	19.08	21.04
50,000	15.48	16.79	18.10

[1] Sold in these quantities only

(2) *Bread wrappers made from stock designs in either 2 or 3 colors.*

Quantity—Number of sheets:	Maximum price per cwt.
1,000 to less than 3,000	$21.75
3,000 to less than 6,000	20.75
6,000 to less than 11,000	20.25
11,000 and over	20.00

(3) *Roll bread wrappers made from stock designs in either 1, 2, 3 or 4 colors.*

Quantity—Number of rolls:	Maximum price per cwt.
Less than 4	$20.75
4 to less than 8	20.25
8 and over	19.75

(4) *Differentials.* The manufacturer may add to his maximum prices as established in paragraph (a) (1) of this section the following differentials, where applicable:

(i) *Press stops.*

1-color change	$5.00
2-color change	10.00
3-color change	15.00
4-color change	20.00

(ii) *Color changes.*
$5.00 per color.

(iii) *Regular sulphite.* For spot printed regular sulphite bread wrappers deduct $0.50 from the prices in paragraph (a) (1), (2), (3) of this section.

(iv) *Engravings.* Engravings, modified etchings and art work incidental thereto may be charged for at no more than actual cost.

(b) *Maximum prices for sales in less than carload quantities on a delivered basis to points outside Zone 1.* Manufacturers may add to the maximum prices established in accordance with the provisions of paragraph (a) of this section the differentials for shipments to points outside of Zone 1 in accordance with the provisions of § 1347.615 (b) of this regulation.

(c) *Maximum prices for sales in carload quantities.* Where a manufacturer makes shipments in straight or mixed carloads of waxed paper, his maximum price for spot printed bleached sulphite white opaque sheet bread wrappers or spot printed regular

1,000# to less than a carload	9.60

(b) *Maximum prices for sales in less than carload quantities on a delivered basis to points outside Zone 1.* Manufacturers may add to the maximum prices established in accordance with the provisions of paragraph (a) of this section the differentials for shipments to points outside Zone 1 in accordance with the provisions of § 1347.615 (b) of this regulation.

(c) *Maximum prices for sales in carload quantities.* Where a manufacturer makes shipments in straight or mixed carloads of waxed paper, his maximum price for inner-wrappers shall not exceed the maximum price established in accordance with the provisions of paragraphs (a) or (b) of this section, except that $0.25 per cwt. must be deducted from such maximum price.

(6) *Differentials.* The manufacturer may add to his maximum prices as established in paragraph (a) (1), (2), (3), (4), and (5) of this section the following differentials, where applicable:

(i) *Sheets.*

	Per cwt.
(a) Per sheet area of 88 square inches or more	$0.25
(b) Per sheet area of less than 88 square inches	0.50
(c) Exact machine trimming	1.00
(d) Slits or cut outs on box liners	2.00
(e) For cutting corners, per corner	0.50

(ii) Manufacturers of rolls having a diameter of less than nine inches and/or a width of less than four inches may add not more than $0.50 per cwt. to the maximum prices established in paragraph (a) (1), (2), (3), (4), and (5) of this section.

(7) *Die cutting.* The manufacturers' maximum price for die cutting shall be computed in the following manner:

(i) Take a square sheet, one-half inch greater in dimensions than the diameter of the circle to be cut, and square the size of that sheet. Determine the weight per thousand sheets of the weight paper to be cut and multiply by the price per pound to determine the price per thousand sheets.

(ii) The following differentials may be added to the maximum price determined in accordance with the provisions of paragraph (a) (7) (i) of this section.

Sheet area	Percentage differential (percent)
25 square inches or less	25
26 to 50 square inches	20
51 to 100 square inches	15
Over 100 square inches	10

(8) *Special packing and sealing.*[1]

500-sheet packages	0.50
250-sheet packages	1.00
10-pound packages	0.25
5-pound packages	0.50
4-pound packages	0.75
3-pound packages	1.25
2-pound packages	2.00
1-pound packages	3.00

(b) *Maximum prices for sales in less than carload quantities on a delivered basis to points outside Zone 1.* Manufacturers may add to the maximum prices established in accordance with the provisions of paragraph (a) of this section the differentials for shipments to points outside of Zone 1 in accordance with the provisions of § 1347.615 (b) of this regulation.

(c) *Maximum prices for sales in carload quantities.* Where a manufacturer makes shipments in straight or mixed carloads of waxed paper his maximum price for miscellaneous standard grades of unprinted waxed bleached sulphite paper shall not exceed his maximum price established in accordance with the provisions of paragraphs (a) and (b) of this section, except that $0.25 per cwt. must be deducted from such maximum price.

[1] Gross billing weight shall not include the weight of the wooden cases and crates, frame bundles, or skids.

§ 1347.619 *Appendix E: Maximum prices for printed roll bleached sulphite white opaque carton sealing wrappers.*

(a) *Maximum prices for sales in less than carload quantities on a delivered basis to points in Zone 1.* Where a manufacturer sells to points in Zone 1, his maximum price shall be computed on a delivered basis as follows:

(1) *Designs involving process printing—(i) Base price per cwt.*

Basis weight,[1] 24 x 36—480		Maximum price
Raw	Waxed	
24#	37#	$18.50

(ii) *Preparatory press charges.*

	Process printing
1 color	$35.00
2 colors	70.00
3 colors	105.00
4 colors	140.00

The maximum preparatory press charges per cwt. shall be computed as follows:

Divide the applicable preparatory press charge by the total weight of printed paper involved in the order and multiply by 100.

$$\frac{\text{Preparatory press charge}}{\text{Weight of paper involved in the order}} \times 100$$

(iii) *Ink charges.* The maximum charge for ink shall be computed in accordance with the provisions of § 1347.615 (a) (1) (iii), except that the maximum ink charge for 100% ink coverage shall not exceed $3.50.

(iv) The manufacturers maximum prices for process printed bleached sulphite white opaque roll carton sealers are computed by adding the base price ($13.50) to the appropriate preparatory press charges computed in accordance with paragraph (a) (1) (ii) of this section and appropriate ink charge, computed in accordance with paragraph (a) (1) (iii) of this section.

(2) *Designs involving photoelectric cell markers and/or special core size, diameter rolls or grades of stock—(i) Base price per cwt.*

	Printing (other than process)
1 color	$25.00
2 colors	50.00
3 colors	75.00
4 colors	100.00

The maximum preparatory press charges per cwt. shall be computed in accordance with the provisions of paragraph (a) (1) (ii) of this section.

(iii) *Ink charges.* The maximum charge for ink shall be computed in accordance with paragraph (a) (1) (iii) of this section.

(iv) The manufacturers maximum prices for photo electric cell printing are computed by adding the base price ($12.75) to the appropriate preparatory press charges computed in accordance with paragraph (a) (2) (ii) of this section and the appropriate ink charge computed in accordance with paragraph (a) (2) (iii) of this section.

(3) *Carton sealers other than those set forth in paragraphs (a) (1) and (a) (2) of this section—(i) Base price per cwt.*

Basis weight,[1] 24 x 36—480		Maximum price
Raw	Waxed	
24#	37#	$12.25

[1] *Supra* Note 1.

(ii) *Preparatory press charges.*

	Printing (other than process)
1 color	$20.00
2 colors	40.00
3 colors	60.00
4 colors	80.00

(iv) The maximum preparatory press charges shall be computed in accordance with the provisions of paragraph (a) (1) (ii) of this section. The maximum charge for ink shall be computed in accordance with paragraph (a) (1) (iii) of this section, except that the maximum ink charge for 100% ink coverage shall not exceed $3.00.

(4) Differentials for colored opaque printed roll carton sealers, press stops and color changes, shall be computed in accordance with the provisions of paragraph (a) (2) of § 1347.615.

(5) *Engravings.* Engravings, modified etchings and art work incidental thereto may be charged for at no more than actual cost.

(b) *Maximum prices for sales in less than carload quantities on a delivered basis to points outside Zone 1.* Manufacturers may add to the maximum prices established in accordance with the provisions of paragraph (a) of this section the differentials for shipments to points outside of Zone 1 in accordance with the provisions of § 1347.615 (b) of this regulation.

(c) *Maximum prices for sales in carload quantities or in quantities less than 100 pounds.* Manufacturers' maximum prices for sales in carload quantities or in quantities of less than 100 pounds shall be computed in accordance with § 1347.615 (c).

§ 1347.620 *Appendix F: Maximum prices for printed roll super transparent sulphite bread wrappers.*

(a) *Maximum prices for sales in less than carload quantities on a delivered basis to points in Zone 1.* Where a manufacturer sells to points in Zone 1, his maximum price shall be computed on a delivered basis as follows:

(1) *Base price per cwt.*

Basis weight,[1] 24 x 36—480		Maximum price
Raw	Waxed	
23#	30#	$17.50

[1] *Supra* Note 1.

(2) *Preparatory press charges.*

1 color	$17.50
2 colors	30.00
3 colors	47.50
4 colors	65.00

The maximum preparatory press charges per cwt. shall be computed as follows:

Divide the applicable preparatory press charge by the total weight of paper involved in the order and multiply by 100.

$$\frac{\text{Preparatory press charge}}{\text{Weight of paper involved in the order}} \times 100$$

(3) *Ink charges.* The maximum charge for ink shall be computed in accordance with paragraph (a) (1) (iii) of § 1347.615, except that the maximum ink charge for 100% ink coverage shall not exceed $6.00, for example:

The maximum ink charge for 100 pounds of paper having a 30% solid ink coverage is $1.80. (30×$6.00=$1.80)

(4) The manufacturers' maximum prices for printed roll super transparent sulphite bread wrappers are computed by adding the appropriate base price, as determined in paragraph (a) (1) of this section, to the appropriate preparatory press charge, computed in accordance with paragraph (a) (2) of this section, and the appropriate ink charge, computed in accordance with paragraph (a) (3) of this section.

(5) *Engravings.* Engravings, modified etchings and art work incidental thereto may be charged for at no more than actual cost.

(b) *Maximum prices for sales in less than carload quantities on a delivered basis to points outside Zone 1.* Manufacturers may add to the maximum prices established in accordance with the provisions of paragraph (a) of this section the differentials for shipments to points outside of Zone 1 in accordance with the provisions of § 1347.615 (b) of this regulation.

(c) *Maximum prices for sales in carload quantities or in quantities less than 100 pounds.* Manufacturers' maximum prices for sales in carload quantities or in quantities of less than 100 pounds shall be computed in accordance with § 1347.615 (c).

§ 1347.621 *Appendix G: Manufacturers' maximum prices for sales of miscellaneous waxed papers.*

(a) The manufacturers' maximum price for any given amount of miscellaneous waxed papers shall not exceed that price at which the item was sold by the manufacturer during the period of October 1 to 31, 1941, at prices based upon a price list which was published, or circulated to the trade, or to the manufacturer's salesmen.

(1) No price based upon such price list shall be charged unless and until duplicate copies of such price lists have been filed with the Office of Price Administration, Washington, D. C. The prices established by such price lists shall be subject to nonretroactive disapproval or adjustment by letter of the Office of Price Administration.

(b) The manufacturer's maximum price for any given amount of miscellaneous waxed papers which cannot be priced under paragraph (a) of this section shall not exceed the sum of the following factors calculated for the amount of the product being priced:

(1) *Raw material costs.* The delivered purchase price at which the raw materials are acquired by a converting plant, or the transfer price of an integrated mill to its converting plant, neither of which shall in any event exceed the maximum prices established for such raw materials by the Office of Price Administration. In computing such transfer price, the manufacturer shall use the same method, classifications, and differentials, as were used by such manufacturer in computing such transfer price during the period from October 1 to October 31, 1941, excepting that such manufacturer may change such method, classifications and differentials, if a lower price results from such change. If, during the period from October 1 to October 31, 1941, the manufacturer adopted or employed the practice of averaging or otherwise computing his raw material costs, he shall continue such practice in the same manner. The manufacturer shall continue to add the same percentage charge for waste in estimating prices and apply credits received from the sale or other disposition of waste material in the same manner in which such credits or charges were applied during the period from October 1 to October 31, 1941.

(2) *Applicable conversion charges.* Charges for hand and or machine operations incident to the fabrication, assembly, marking and or packing of commodities of the same general class shall not be computed in excess of the same hourly, piece and setting up rates and shall be based on the same standards of production as were in effect from October 1, 1941, to October 31 1941, inclusive, and which were used in normally determining the selling prices of commodities, and services contracted to be sold or supplied at a definite price during such period.

(i) The same method or principal for applying conversion charges shall be employed that was employed during the period from October 1, 1941, to October 31, 1941, inclusive, so that direct or indirect conversion charges shall be computed in the manner customarily employed during the period October 1 to 31, 1941, inclusive. Charges for a different type of conversion (e. g. hand rather than machine operations) shall not be substituted for customary conversion charges as a means of increasing the price of the product.

(3) *Margin.* An item for a margin over the raw material cost and applicable conversion charges (i. e. subparagraph (1) plus subparagraph (2)) computed on the same percentage basis, or on the same rate per unit of material, or on a combination thereof and by the same method as the seller employed in pricing the most nearly comparable commodity sold, supplied or offered for sale during October 1941, to a "purchaser of the same class". If during October 1941, the seller employed the practice of including his charge for margin in his hourly and piece rates for hand and machine operations, he shall continue such practice in pricing any commodity under this section, and in such a case the seller shall make no duplicate calculation for margin under this subparagraph (3). This margin shall not exceed the margin used by the manufacturer during the period from October 1, 1941, to October 31, 1941, inclusive, in determining the selling price for such shipping point for:

(i) The same commodity contracted to be sold at a definite price to a purchaser of the same class during such period, or, if the manufacturer did not contract to sell the same commodity to a purchaser of the same class during such period.

(ii) The comparable commodity contracted to be sold at a definite price to a purchaser of the same class during such period, or, if the manufacturer did not contract to sell any comparable commodity at a definite price to a purchaser of the same class during such period.

(iii) The margin shall be computed by using the margin employed by the manufacturer in determining the selling price for the same or comparable commodity contracted to be sold at a definite price to a purchaser of a different class during such period adjusted to reflect the manufacturer's customary differential between the two classes of purchasers.

(iv) No seller shall change his customary allowance, discounts or other price differentials unless such change results in a lower price.

(4) *Charges for delivery.* No seller shall require any purchaser, and no purchaser shall be permitted, to pay a larger proportion of transportation costs incurred in the delivery or supply of any commodity or service, than the seller required purchaser of the same class to pay during the period of October 1 to October 31, 1941, on deliveries or supplies of the same or comparable types of commodities or services.

(5) *Engravings.* Engravings, modified etchings and art work incidental thereto may be charged for at no more than actual cost.

[Amendment 1 to Petroleum Administrative Order 4]

PART 1525—MARKETING MOTOR FUEL

SERVICE STATION HOURS

Section 1525.2 *Petroleum Administrative Order 4* is hereby amended by changing paragraph (b) to read as follows:

(b) *Service station hours of distribution.* (1) No person shall deliver motor fuel from any service station where motor fuel is delivered during more than 12 hours (which shall not be divided into units of less than 2 consecutive hours) of any calendar day or during more than 72 hours of any calendar week: *Provided, That:*

[1] 7 F.R. 6881, 8523, 8607, 10707.

(i) Deliveries of motor fuel may be made at any time for official use in motor vehicles or motor boats owned or operated by the Army, Navy, Marine Corps, Coast Guard, Maritime Commission, or War Shipping Administration or to any persons in the event of an emergency involving life, health or property.

(ii) Deliveries of motor fuel may be made at any time into the fuel tank of any motor vehicle displaying a T ration sticker in accordance with the provisions of Ration Order 5C or a Certificate of War Necessity issued by the Office of Defense Transportation where the following conditions are all fully complied with.

(a) Such service station shall at all times remain open to sell and deliver motor fuel.

(b) For the same 12 consecutive hours of the calendar day and for not more than 72 hours during any calendar week, such service station shall deliver motor fuel to any person requesting motor fuel in accordance with Ration Order 5C.

(c) During all of the remaining hours of each day of each week, such service station shall deliver motor fuel only to motor vehicles displaying T ration stickers or Certificates of War Necessity.

(2) Each service station shall post prominently in a conspicuous place a notice of the hours during which motor fuel will be regularly delivered by such service station. Where the provisions of paragraph (b) (1) (ii) apply, the hours selected and posted shall clearly distinguish the hours during which motor fuel will be delivered only to motor vehicles displaying T ration stickers or Certificates of War Necessity and shall remain in effect for a period of not less than 30 consecutive days and shall not be changed during such period. In all other cases the hours selected and posted shall remain in effect at least seven consecutive days and shall not be changed during such period.

Issued this 1st day of February 1943.

[Petroleum Distribution Order 3]

PART 1526—MARKETING FUEL OIL

DELIVERIES ON OR AFTER FEBRUARY 2, 1943

Section 1526.1 *Petroleum Administrative Order 3* is hereby amended to read § 1526.1 *Petroleum Distribution Order 3.*

Section 1526.1 *Petroleum Distribution Order 3* is hereby amended to read as follows:

§ 1526.1 *Petroleum Distribution Order 3—(a) Definitions.* (1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Petroleum" means petroleum, petroleum products, and associated hydrocarbons.

(3) "Fuel oil" means any liquid petroleum product commonly known as fuel oil, including Grades Nos. 1, 2, 3, 4, 5, and 6, Bunker "C", Diesel oil, kerosene, range oil, gas oil, or any other liquid petroleum product used for the same purposes as any such product.

(4) "Commercial, industrial or governmental consumer" means any person as to whom the Office of Price Administration has determined, pursuant to § 1394.5402 of Ration Order 11, as amended, an "allowable ration" for any current period of more than 9,000 gallons of fuel oil for purposes other than space heating or hot water, but shall include such person only to the extent that he receives fuel oil for such purposes.

(5) "Refiner" means any person engaged in the refining or compounding of finished or unfinished petroleum.

(6) "Asphalt" means asphalt of petroleum origin and all asphalt products of petroleum origin, including but not limited to paving asphalts, roofing asphalts, industrial asphalts, asphalt fluxes, and road oils.

(7) "District One" means the States of Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, West Virginia, North Carolina, South Carolina, Georgia, and Florida, and the District of Columbia.

(8) "Restricted area" means District One, except that portion of the State of Florida west of the Apalachicola River.

(b) *Restrictions on delivery of fuel oil.* (1) On and after February 2, 1943, no person may deliver or otherwise supply fuel oil to any commercial, industrial or governmental consumer for purposes other than furnishing space heating or hot water and no such consumer may accept delivery of fuel oil for such purposes unless:

(i) In the case of a commercial, industrial or governmental consumer whose use of fuel oil is exclusively in any operation or operations listed in Schedule A, he shall first have filed Form PAW 1, in accordance with paragraph (d) of this order and so certifies as set forth in paragraph (c) (1) of this order;

(ii) In the case of any commercial, industrial or governmental consumer whose use of fuel oil is not exclusively in any operation or operations listed in Schedule A, he shall first have surrendered the fuel oil ration issued to him by the Office of Price Administration for redetermination pursuant to § 1394.5402 of Ration Order 11, as amended, of the Office of Price Administration and so certifies as set forth in paragraph (c) (2) of this order.

(2) The Petroleum Administrator for War may from time to time certify to the Office of Price Administration for appropriate action any modification of the fuel oil ration of any commercial, industrial or governmental consumer, whether or not such consumer's operations are listed in Schedule A, which the Petroleum Administrator for War may determine to be necessary or appropriate. The Petroleum Administrator for War shall send a copy of such certification to the consumer affected thereby and to the appropriate regional office of the Office of Price Administration. The consumer shall immediately present his copy of such certification to his war price and ration board or to such State, district or regional office of the Office of Price Administration as may be designated by its regional administrator for the region in which the consumer's Board is located, and such board or office will thereupon take appropriate action for the cancellation or withdrawal of all or any part of his ration or for the increase of his ration, in accordance with the certification of the Petroleum Administrator for War.

(c) *Certification required for delivery of fuel oil.* Paragraph (b) requires that a certification in substantially the following form be delivered to the delivering supplier before the first delivery of fuel oil to the consumer subsequent to February 1, 1943, signed by a duly authorized official:

(1) *Where the commercial, industrial or governmental consumer's use of fuel oil is exclusively in any operation or operations listed in Schedule A.*

---------- (Date)

To the Petroleum Administrator for War:

The undersigned consumer certifies that his use of fuel oil is exclusively in operations listed in Schedule A of Petroleum Distribution Order 3, that he has filed Form PAW 1, for confirmation of his Schedule A operations, and that this delivery is in accordance with Petroleum Distribution Order 3 and Ration Order 11, as amended, of the Office of Price Administration, with the terms of which he is familiar.

---------- (Name of Commercial, Industrial or Governmental Consumer)

By ----------
(Signature of Duly Authorized Official)

---------- (Address of Such Consumer)

(2) *Where the commercial, industrial or governmental consumer's use of fuel oil is not exclusively in operations listed in Schedule A.*

---------- (Date)

To the Petroleum Administrator for War:

The undersigned consumer certifies that he has surrendered his fuel oil ration issued by the Office of Price Administration for redetermination pursuant to § 1394.5402 of Ration Order 11, as amended, and that this delivery is in accordance with Petroleum Distribution Order 3 and Ration Order 11, as amended, of the Office of Price Administration, with the terms of which he is familiar.

---------- (Name of Commercial, Industrial or Governmental Consumer)

By ----------
(Signature of Duly Authorized Official)

---------- (Address of Such Consumer)

No person may deliver or otherwise supply fuel oil to any commercial, industrial or governmental consumer where he knows or has reason to believe such consumer's certification to be false.

(d) *Confirmation of Schedule A operations.* On or before February 1, 1943, each commercial, industrial or governmental consumer whose use of fuel oil is exclusively for any operation or operations listed in Schedule A shall file Form

PAW 1 for confirmation of his Schedule A operations. Reports shall be filed in quintuplicate: 4 copies to the District Director in Charge, Petroleum Administration for War, 122 East 42nd Street, New York, New York, Ref: PDO 3, and 1 copy to the Regional Office of the Office of Price Administration for the region in which the consumer's War Price and Ration Board is located.

(c) *Inventory restrictions.* No person may deliver or otherwise supply fuel oil to any commercial, industrial or governmental consumer, and no such consumer may accept delivery of fuel oil, where such consumer has more than 10 days' rationed requirements of fuel oil for his operations: *Provided*, That any single delivery of fuel oil by means of a transportation facility generally used in such delivery, which brings the amount of fuel oil in the commercial, industrial or governmental consumer's possession to more than 10 days' requirements for such operations, may be accepted.

(*f*) *Restrictions on production and movement of asphalt.* (1) No person may deliver or otherwise supply asphalt from outside District One to any person within District One, and no person within District One may accept delivery of asphalt from outside District One, except where the delivery of such asphalt does not involve the use of a tanker, barge, tank car, tank truck or tank truck trailer: *Provided*, That the delivery of any asphalt loaded on an interstate common carrier on January 18, 1943, may be completed.

(2) No refiner within District One may produce asphalt, and no person may accept delivery of asphalt from any refiner within District One where he knows or has reason to believe such asphalt was produced after January 18, 1943.

(*g*) *Reports.* All persons affected by this order shall execute and file with the Petroleum Administration for War such reports and questionnaires as the Petroleum Administrator for War may from time to time request.

(*h*) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship on him may appeal for relief to the Petroleum Administrator for War, who, after clearance with the War Production Board, shall take such action as may appear necessary or appropriate and shall notify the appropriate regional office of the Office of Price Administration of any such action. Such appeal shall be filed in quadruplicate on Form PAW 2 and shall be addressed to the District Director in Charge, Petroleum Administration for War, 122 East 42nd Street, New York, New York.

(*i*) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to the District Director in Charge, Petroleum Administration for War, 122 East 42nd Street, New York, New York, Ref.: PDO 3.

(*j*) *Violations.* Any person who willfully violates any provision of this order, or who, by any act or omission, falsifies records kept or information furnished in connection with this order is guilty of a crime and upon conviction may be punished by fine or imprisonment. Any person who willfully violates any provision of this order may be prohibited from delivering or receiving any material under priority control, or such other action may be taken as is deemed appropriate.

(*k*) *Area of applicability.* Paragraphs (b), (c), (d), and (e) shall apply only to any person, or to the delivery of fuel oil, in the restricted area.

(*l*) *Effective date.* This order shall take effect on the date of issuance and shall continue in effect until April 1, 1943, unless sooner revoked.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard: Department of the Navy

PART 10—AIR RAID AND BLACKOUT REGULATIONS FOR INLAND HARBORS, PORTS, AND WATERFRONT FACILITIES

Pursuant to Executive Order No. 8074 (7 F.R. 1587) and the authority to issue regulations vested in me as Captain Commandant, United States Coast Guard, by the Secretary of the Navy and the Commander-in-Chief, United States Fleet, and Chief of Naval Operations, there are hereby promulgated air raid and blackout regulations for vessels, harbors, ports, and waterfront facilities as follows:

Sec.
10.1 Effective date.
10.2 Area in which regulations apply.
10.3 Responsibility for execution of regulations.
10.4 Air raid warning signals.
10.5 Duties on blue signal.
10.6 Duties on red signal.
10.7 Control of lights for all vessels.
10.8 Special rules for vessels under way.
10.9 Special rules for vessels moored to piers or docks.
10.10 Special rules for vessels under repair.
10.11 General rules for piers and docks.
10.12 Rules for piers and docks on red signal. The following Rules 37 to 39, inclusive, shall be complied with at all piers and docks during the sounding of the air raid (Red) signal:
10.13 Air raid wardens.
10.14 Air raid signals.
10.15 Blackout of lights.
10.16 Public address systems.
10.17 Fire and safety precautions.
10.18 Control of vessels.
10.19 Control of persons.
10.20 Control of vehicles.
10.21 Control of operations.
10.22 Control of lights.
10.23 Control of fires.
10.24 Control of smoking.
10.25 Duties on blue signal.
10.26 Duties on red signal.
10.27 Penalties.

AUTHORITY: §§ 10.1 to 10.27, inclusive, issued under E.O. 9074, 7 F.R. 1587.

§ 10.1 *Effective date.* These regulations shall be effective at 12:01 a. m. February 17, 1943.

§ 10.2 *Area in which regulations apply.* These regulations shall apply to vessels, harbors, ports and waterfront facilities in the States of Maine, Vermont, New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina, Georgia, Florida east of the Apalachicola River, and the District of Columbia.

§ 10.3 *Responsibility for execution of regulations.* The responsibility for the execution of these regulations shall rest upon the master or senior officer present on board a vessel, and the commander of a waterfront facility. During the time an air raid warning alarm is in effect, the master or senior officer present on board a vessel shall comply immediately with all special instructions or orders issued by responsible officers of the Army, Navy, or Coast Guard.

§ 10.4 *Air raid warning signals.* The air raid warning signals, and the all-clear signals, shall be the signals prescribed in Public Proclamation No. 4 of the Commanding General, Eastern Defense Command (*Supra*, Title 10, Chapt. 10, Part 102) or such modifications thereof as may hereafter be prescribed. The signals are as follows:

(a) *Yellow signal.* This is a confidential preliminary caution signal not to be given by audible public alarm. It indicates the possibility of an air raid in the district so warned. This signal shall be transmitted by the defense authorities only to such key persons and facilities, essential industries, railroads, and places within such warning district as such authorities deem essential to initiate preparations to insure timely blackout or air raid precautions.

(b) *Mobilization and blackout (blue) signal.* This is an audible warning signal indicating the probability of an air raid in the district so warned. This signal will be a long note (approximately two minutes) at steady pitch of sirens, horns, and whistles.

(c) *Air raid (red) signal.* This is an audible air raid warning signal indicating the proximity of enemy aircraft and the imminence of an air raid in the district so warned. This signal (approximately two minutes) will be a series of short blasts of two seconds duration or a warbling or fluctuating sound of varying pitch of a siren.

(d) *All clear (White) signal.* This signal is a public signal indicating all clear in the district so warned. This signal may be transmitted by radio, telephone, telegraph or messenger, following the execution of regulations.

(e) *Surprise air raid warning.* Should the proximity of enemy aircraft and the imminence of an air raid in the district so warned, this signal (approximately two minutes) will be a series of short blasts of two seconds duration or a warbling or fluctuating sound of varying pitch of a siren.

(f) *All clear (White) signal.* This signal is a public signal indicating all clear in the district so warned. This signal may be transmitted by radio, telephone, police, by turning on street lights which have been extinguished on the blue signal, or other available means. This signal may also be given by horns, whistles, or sirens, as specified by local civilian defense authorities: *Provided, however*, That such signal shall not be the same as the mobilization and blackout (Blue) signal and the air raid (Red) signal and shall not resemble said signals so as to be confused therewith.

(g) *Order of signals.* Ordinarily, a yellow signal shall precede a blue signal and a blue signal shall precede a red signal. However, if sufficient time is not available for these signals to be separated by at least five (5) minutes, the yellow signal and/or the blue signal may be given with that a blue signal may be given without a prior yellow signal and/or a red signal without a prior yellow and/or blue signal. A blue signal shall follow every red signal, after any interval of not more than five (5) minutes and may in turn be followed by a white signal or by another red signal. Upon the sounding of a blue signal, persons and vehicles should give considerable attention to places of safety in anticipation of an air raid (Red) signal. Such precautions will be required upon a blue signal whether it precedes or follows a red signal. The sequence of signals in such case would be blue, red, blue, red, blue. A white signal may follow a yellow signal or a blue signal, but will not follow a red signal without an intermediate blue signal. A white signal shall not be given within ten (10) minutes of a preceding blue signal. The All-Clear (White) signal will not be given until the probability of attack no longer exists.

§ 10.5 *Duties on blue signal.* During the period in which the blackout (Blue) signal is in effect, preparations shall be made so that the following regulations can be immediately instituted upon the sounding of the air raid (Red) signal. Except as otherwise specifically provided in these regulations, lights on vessels and waterfront facilities essential to the war effort shall not required to be extinguished or blacked out during the period and in the area of the blackout (Blue) signal, but they shall comply with the following conditions:

(a) That such lighting can be extinguished or blacked out, as provided by the regulations below, within one (1) minute from the sounding of the air raid (Red) signal.

§ 10.6 *Duties on red signal.* Except as otherwise specifically provided, the following regulations herein shall be observed upon the sounding of the air raid (Red) signal and at all times that the air raid (Red) signal is in effect.

§ 10.7 *General rules for all vessels.* Upon the sounding of the air raid (Red) signal all vessels, whether under way, anchored, or moored, shall comply with Rules 1 to 14, inclusive, and all vessels in dry-dock shall comply with Rule 15, all as follows:

RULE 1. All bulkheads, watertight doors, ports, and scuttles shall be secured to insure the watertight integrity of the vessel.

RULE 2. All vessels shall immediately blackout, ship, except for running lights if under way, and anchor lights if anchored, and shall shield and screen all permitted lights in such manner that they may not be observed from shore and that no confusion appears upon the water.

RULE 3. Smoking, striking matches, using lighters, or otherwise showing unshielded lights shall not be permitted.

RULE 4. All possible precautions shall be taken to prevent smoke or exhaust vapor from being observed from above.

RULE 5. Fire fighting members shall take predetermined posts. Fire stations shall be manned, hoses stretched, fire extinguishers in stand made available for immediate use, and suitable personnel stationed at all fire protection points.

RULE 6. A sufficient number of crew members shall be on board to handle fire fighting equipment, and to move the vessel if this becomes necessary.

RULE 7. The crew, passengers, and any shore personnel, on board shall be warned, by the sounding of the general alarm, or other appropriate means.

RULE 8. Life-boats shall be rigged overside, and all persons aboard shall don life belts and refrain from unnecessarily moving about the ship. This rule shall apply to ferry boats or tugs, but on such vessels every reasonable precaution shall be taken.

RULE 9. No vessel shall anchor in any position which may obstruct the channel or any aids to navigation. Wherever possible, channels and fairways shall be kept clear of anchored vessels.

RULE 10. Wherever possible, vessels shall anchor at a distance of not less than 100 yards from the nearest vessel. Effort shall be made to avoid congestion at any anchorage. Sufficient space must be allowed to permit each vessel to swing free and clear from other anchored vessels with changes in the tide.

RULE 11. Except in cases of emergency, or where specifically authorized by the responsible Army, Navy, or Coast Guard officers, no vessel shall get under way until the all clear (White) signal or the blackout (Blue) signal following the air raid (Red) signal has been sounded.

RULE 12. Any vessel which requires immediate assistance because of air raid damage shall use the following signals:

By day:

(a) International code signal "NC".

(b) Five short blasts of the ship's whistle at 30 second intervals. The ship's siren shall not be used.

By night:

(a) International code signal "NC" by Morse lights.

(b) Five short blasts of the ship's whistle at 30 second intervals. The ship's siren shall not be used.

RULE 13. Vessels permitted to proceed shall do so at a reasonable speed, keeping closely to the right of the channel and maintaining a good lookout to insure against colliding with unlighted vessels. Whistles and other sound signals shall not be given unless necessary in cases of emergency to avoid collision.

RULE 14. The anti-aircraft gun crew shall be ready to go into action as directed by military authorities.

RULE 15. Vessels in dry-dock shall blackout completely, and all fire-stations thereon shall be manned.

§ 10.8 *Special rules for vessels under way.* Upon the sounding of the air raid (Red) signal, vessels under way shall comply with the following Rules 16 to 24, inclusive:

RULE 16. Vessels proceeding in the channel shall swing to the right, stop, and come to anchor, if this is feasible. If not feasible, vessels shall anchor clear of the channel and clear of all aids to navigation.

RULE 17. Vessels proceeding in bays, sounds, or lakes shall stop and come to anchor to the right of the course the vessel was steering. If possible, vessels shall anchor clear of any moored vessels and all aids to navigation. If anchoring is not feasible, such vessels shall reduce speed to the slowest speed consistent with safe steerageway, and shall steer a zig-zag course if possible.

RULE 18. Vessels proceeding in a river or harbor in which anchoring is not feasible shall moor to the bank or to the nearest wharf. If such mooring is not feasible, they shall continue on their course at reduced speed.

RULE 19. In lieu of observing Rules 16, 17, or 18, vessels may proceed to their nearest slip at reduced speed if the same can be reached within 15 minutes.

RULE 20. In lieu of observing Rules 16, 17, or 18, tugs without tows shall proceed to the nearest suitable berth, or may tie up to any anchored vessel or to any wharf, pier, or dock, proceeding always to the right of the channel or their course, if feasible.

RULE 21. In lieu of observing Rules 16, 17, or 18, tugs with tows shall come to anchor to the right of and outside the channel or fairway if feasible. If anchoring is not feasible, such tugs and tows shall proceed at steering speed until such time as they reach a position which will permit them to anchor.

RULE 22. Vessels of all types approaching the entrance to harbors, bays, sounds, and lakes during the time an air raid (Red) signal is in effect shall maintain clear of such entrance and proceed in a direction away from the channel.

RULE 23. In addition to the requirements of Rule 2, the visibility of navigation lights shall be reduced to insure their not being seen from a distance of over one mile.

RULE 24. While blacked out, no vessel shall operate searchlights except when needed in the same direction, except in an emergency.

§ 10.9 *Special rules for vessels at anchor.* Upon the sounding of the air raid (Red) signal, vessels at anchor shall comply with the following Rules 25 to 27, inclusive:

RULE 25. Anchored vessels shall immediately blackout, as provided by Rule 2, except that dimmed and shielded portable lights shall be maintained.

RULE 26. All loading or discharging activities shall cease immediately. Longshoremen working on a lighter at such vessel shall board the vessel.

RULE 27. Sufficient steam shall be maintained to enable the ship to get under way whenever necessary. Steam shall also be maintained for the operation of windlass, steering engine, and steam fire smothering lines.

§ 10.10 *Special rules for vessels moored to piers or docks.* Upon the sounding of the air raid (Red) signal, vessels moored to piers or docks shall comply with the following Rules 28 to 33, inclusive:

RULE 28. All cargo handling shall cease. Vessels moored to piers or docks shall be made fast in such manner that mooring lines may be quickly be let go, if necessary.

RULE 29. Sufficient steam shall be maintained in the boilers to operate the vessel as required. It steam cannot be maintained, lines of sufficient length shall be stretched to the shore and to the outer-end of the dock so that the vessel may be moved from her berth if required. If steam is not required for immediate use, decks and mooring lines shall be closed with the exception of windlass, steering engine, capstan, and steam fire smothering lines.

RULE 30. The ship's officers and crew aboard shall cooperate with the air raid warden organizations on the pier or dock.

RULE 31. The hatch vessels shall:

(a) Arrange to cover open hatches after unloading of cargo before cargo is taken on board in order to protect the hold of the pier or dock, and shall notify the assistant of the dockman, check the evacuation of those men

(b) Notify the boat deck watchman and foreman of the evacuation of his men.

(c) See that access to the vessel is maintained by means ladders are blocked off by cargo, two approved type portable ladders shall be provided.

RULE 32. The dockman, with the assistance of the hatch foreman, shall see that the vessel is secured as required. It steam cannot be maintained lines of sufficient length shall be stretched to the shore and to the outer-end of the dock so that the vessel may be moved from her berth if required. If steam is not required for immediate use, decks and mooring lines shall be closed with the exception of windlass, steering engine, capstan, and steam fire smothering lines.

RULE 33. Sufficient steam shall be maintained in the boilers to operate the vessel as required. It steam cannot be maintained lines of sufficient length shall be stretched to the shore and to the outer-end of the dock so that the vessel may be moved from her berth if required. If steam is not required for immediate use, decks and mooring lines shall be closed with the exception of windlass, steering engine, capstan, and steam fire smothering lines.

§ 10.11 *General rules for piers and docks.* Upon the sounding of the air raid (Red) signal, piers or docks shall comply immediately with the following Rules 34 to 36, inclusive:

RULE 34. (a) Operators of piers and docks shall appoint a chief air raid warden for each pier or dock, or group of piers and docks, who shall be a person employed thereon in a supervisory capacity. The chief air raid warden of the pier or dock and other persons regularly employed on a pier or dock shall be designated to act as air raid wardens by the operator and shall be trained pursuant to the procedure used by civilian defense authorities within their local area. These air raid warden organizations shall cooperate and coordinate their activities with the air raid warden organizations of such longshoremen groups as may be employed on the pier or dock as well as with any local air raid warden organizations, and shall act in cooperation with and under the direction of the local air raid warden service. Air raid wardens may become members of the United States Citizens Defense Corps.

(b) Assign specific duties and posts to each person acting as an air raid warden on the pier or dock.

(c) Hold drills at reasonable intervals.

(d) See that windows, skylights, doorways and openings are provided with blackout material that will completely prevent any light from showing outside the pier or shed.

(e) Arrange the location of equipment upon the facility in such manner as will permit fire apparatus to enter freely if required.

(f) Communicate with the Captain of the Port to arrange the mooring of vessels in such manner as will permit floating fire fighting equipment to have access thereto if required.

RULE 35. The hand foreman or assistant hand foreman and the longshoremen on a pier or dock shall be the chief air raid warden of his personnel, shall be trained as an air raid warden, and shall in turn be responsible for the training of his longshoremen as air raid wardens. Such longshoremen shall act as communications shall cooperate with and coordinate their activities with the pier dock organizations and local organizations.

§ 10.12 *Rules for piers and docks on red signal.* The following Rules 37 to 39, inclusive, shall be complied with at all piers and docks during the sounding of the air raid (Red) signal:

RULE 37. The chief air raid warden of the pier or dock shall order:

(a) Air raid wardens and the full force of hands on the pier or dock immediately to take up their predetermined posts covering the full area of the pier or dock and the pier or dock.

(b) Persons of vehicles on the pier or dock and their helpers to assemble with the air raid wardens for such assignment as may be deemed advisable.

(c) Fire or dock to be blacked out, after inspecting the same in the office of any vessel moored thereat, and the contracting stevedores. Upon the blue signal, notice shall be given to all the extinguishing equipment and fire apparatus.

(c) Give warnings when lights are showing in the pier, city, or surrounding area in accordance with prevailing blackout regulations.

(e) Report failing hands, fires, and presence of gas to predetermined control center.

RULE 38. The chief air raid warden of the longshoremen group shall:

(a) Direct the removal of all stevedoring gear from the decks, hatches, and holds of effects as defined in § 17.4800 (a) at the establishment. Check houses and gangplanks are closed; and check hoisting conditions.

(b) Require the longshoremen handling cargo on the pier or dock to assemble immediately for such assignment as he may deem advisable.

(c) Make a check-up of his men at the head of the pier or dock.

(d) Direct tractor and other vehicle drivers to pull their loads and stevedoring equipment to the side aisles, or to the head of the pier or dock, turn off their motors and lights, and assist the air raid wardens in such manner as he deems advisable.

Dated: January 29, 1943.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 17—FINANCE

DISPOSITION OF VETERAN'S PERSONAL EFFECTS AND FUNDS ON STATION UPON DEATH, OR DISCHARGE, OR UNAUTHORIZED ABSENCE, OR DESERTION OF EFFECTS AND FUNDS FOUND ON STATION

Revision of §§ 17.4801, 17.4801, 17.4802–17.4810, inclusive, 17.4812–17.4813, inclusive, and cancellation of § 17.4814.

§ 17.4800 *Definitions.* (a) As used in respect to the disposition of property of veterans dying in Veterans' Administration facilities, or who are discharged or who elope or intrest therefrom without leave therefrom, and in respect to property found therein, the term "effects" means all types of United States Currency and Coin, checks payable to the decedent except checks drawn on the Treasurer of the United States which have never been negotiated, Individual retirement accounts to the credit of the veteran in the account of "Veterans' Administration Facilities", and each competent veteran now being cared for or who is hereafter admitted to receive care as such in a Veterans' Administration facility, unless it be determined to his health, will be requested and encouraged to designate on the prescribed Form 1170 in duplicate, the person to whom he desires the Veterans' Administration to deliver his funds and effects in event of death. He may also designate an alternate to whom delivery will be made if the first designate fails or refuses to accept delivery. It should be clearly understood that the delivery of such funds or effects will constitute only a delivery of possession thereof, and such delivery is not intended to affect in any manner the title to such funds or effects or determine the person ultimately entitled to receive same from the person to whom delivery is made (hereinafter in these regulations termed "designate").

(b) The person designated as designate on the face of the Form 1170 will be obtained in every case, and at that time the veteran's attention will be invited to the importance of being advised with respect to disposition of his effects.

(c) Veterans will be encouraged to place in the custody of their relatives articles of little or no utility value to them during their period of care at a Veterans' Administration facility, and to retain in their possession such funds and effects as are only actually required and necessary for their immediate convenience. (January 30, 1943)

§ 17.4805 *Survey and inventory upon death of veteran.* (a) *Survey.* Immediately upon the death or the absence without leave of any veteran in a facility as defined in § 17.4800 (b), a survey and inventory of the funds and effects of such veteran will be taken in the following manner:

(1) If the death or absence without leave occurred during hospitalization, the manager will direct the ward physician concerned and the chief of the service in the personally owned effects, including all funds, securities, evidences of interest, "Personal Funds of Patients", jewelry being worn by the deceased person, or jewelry and clothing in the pockets of clothing he may have been wearing).

(2) If the death or absence without leave occurred while the beneficiary was assigned to barracks, the manager will direct the chief of the service to make the survey.

(3) The inventory report will be executed in triplicate, original and two copies. All will be signed by each employee making the inventory, and disposed of as hereinafter provided.

(4) Personally owned clothing or other effects (such as toothbrushes, false teeth not containing gold, etc.) which are unservicecable by reason of wear or tear or insanitary condition, and clothing that the Veterans' Administration, the Government, will not be included in this inventory; but, instead, the board, as constituted above, will list the unserviceable personally owned articles on a separate list, describing briefly their condition, and will recommend their disposition in a separate report to the manager on Form 2687a, "Inventory of Unserviceable Personally Owned Effects of Beneficiary". The manager, if approving the recommendation, will order destruction or utilization in occupational therapy, such as wipe rags, etc., of such unserviceable articles and, when they are so destroyed or utilized, will have entered on the papers the date and nature of the disposition. The completed papers will then be placed in the correspondence file of the beneficiary. Clothing that had been supplied by the Government will be reconditioned if possible and returned to stock for issue to other eligible beneficiaries. When Government owned clothing cannot be reconditioned it will be disposed of as unserviceable in currently effective supply procedure.

(5) Within the nearest relative requests that the personal effects be mailed for burial in clothing he personally owns instead of burial in clothing to be supplied under the undertaker's contract, such request will be honored. A receipt in such case will be obtained from the undertaker, specifying the articles of clothing delivered. Adjustment of the undertaker's bill in the case will correspondingly be made.

(6) In accomplishing such inventories, detailed description will be given of each material value or importance, for example:

Watch: Yellow metal (make, movement and name of jeweler if known without damage to watch).

Ring: Yellow metal (probably gold plated or stamped 14 K setting if any).

Discharge Certificate (Number).

Adjusted Service Certificate (Number).

Bonds: Kind or Name of company, registered or nonregistered (if registered, number, record put value, if any).

Bank book or other asset evidence (Name of bank or other obligor, apparent value, and bonding numbers, etc.).

Clothing (brief description and statement of condition).

(b) Upon completion of the survey and inventory the effects will be turned over to the manager for safekeeping. Any funds found which apparently were the property of the deceased will be turned over to the manager, or his specially designated representative who will receipt therefor, and deliver immediately to the agent cashier, who shall deposit same to the special deposit account. (January 30, 1943)

§ 17.4804 *Delivery to designate.* (a) Upon authorization by the manager funds, as defined in § 17.4800 but not in excess of $250.00, and effects will be delivered or sent to the designate of the deceased veteran if request therefor be made after death and within 90 days following the mailing of notice to such designate (See § 17.4809 (a)) unless:

(1) The executor or administrator of the estate of the deceased veteran shall

have notified the manager of his desire and readiness to receive such funds and effects, in which event the manager will deliver all funds and effects to such executor or administrator upon receipt of appropriate documentary evidence of his qualifications and in exchange for appropriate receipts, or

(2) Subsequent to the declaration the veteran became incompetent and the guardian revoked such designation, in which event the manager will deliver such funds and effects to his guardian in exchange for appropriate receipts subject to the limitations contained in paragraph (e) of this section, or

(3) Designate was the wife (or husband) of the veteran at the time of designation and information at the disposal of the facility indicates that she (or he) was thereafter divorced and the veteran was thereupon married or subsequent to the time of divorce, or

(4) Notwithstanding there is a designate, it is probable that title would pass to the United States under the Act of June 25, 1910 (sec. 9, U. S. Code, section 136), as amended by the Act of December 26, 1941 (38 U. S. Code, sections 17 to 17f), or the Act of July 1, 1902 (24 U. S. Code, section 139), or would escheat to the United States under the Act of August 12, 1935 (38 U. S. Code 450), or

(5) The manager determines that there is reasonable ground to believe that the transfer of such possessions to the designate probably would be contrary to the interests of the persons legally entitled to the property of the veteran, or there are any other special circumstances raising a serious doubt as to the propriety of such delivery to the designate.

In any case in which the manager declines to deliver the funds and effects pursuant to the provisions of subparagraphs 3, 4 and 5 above, he will request instructions from central office.

(b) If the aggregate of the funds on deposit or at the station shall exceed $250.00, a complete report will be filed with recommendation for disposition shall be made immediately to central office, provided, however, that in his discretion, if need therefore appears, the manager may make immediate delivery to the designate not to exceed $250.00 thereof. When central office has made its determination, the manager shall be advised at once as to delivery to the designate, or to another person legally entitled thereto, of the funds to be disposed of. In these cases central office shall have the discretion to determine to whom delivery is to be made.

(c) The supply officer, when authorized by the manager, will deliver or ship the effects. If shipped at Government expense, the shipment shall be made in the most economical manner but in no case at a cost in excess of $10.00. If such expenses will exceed $10.00, the excess amount shall be paid by the consignee, either to the manager in advance, or to the carrier if it accepts the shipment without full pre-payment of charges. There will be no obligation of the Government, initially or otherwise, to pay such expenses in excess of $10.00.

(d) When possession of funds or effects is transferred to a designate, claim, attention of the designate will again be directed to the fact that possession only has been transferred to him and that such transfer does not of itself affect title thereto and that such designate will be accountable to the owner of said funds and effects under applicable laws.

(e) Upon receipt from the chief attorney of an appropriate certification that the guardianship was in full force and effect at the time of the veteran's death and that the guardian posted adequate funds and effects of an incompetent veteran may be immediately delivered or sent to such guardian, inasmuch as the guardian had a right to possession and he will be accountable therefor to the party entitled to receive the decedent's estate. If, however, it appears probable that decedent died without a valid will and left no person surviving entitled to inherit, the funds shall not be paid to the former guardian but will be transmitted to central office, including amounts if any in U. S. Savings bonds deposit account and "Personal Funds of Patients" account. These effects will be safely kept and reported to central office with recommendation for sale or other disposition thereof. (January 30, 1943)

§ 17.4805 *Procedure where no designate exists or designate fails to claim.* If there exists no designate at the time of death in a facility of a veteran admitted as competent; or the designate fails or refuses to claim the funds and effects as provided in § 17.4804 (a) within 90 days following the mailing of notice to such designate, this fact shall be reported to central office without delay and ate action shall be taken to dispose of such funds and effects in accordance with existing law. Central office shall authorize the delivery of funds and effects of such decedent to the administrator, or if no notice of appointment thereof has been received, to the decedent's widow, child, grandchild, mother, father, grandmother, grandfather, brother, or sister in the order named; subject to the applicable provisions of § 17.4804 and § 17.4804 (a). Delivery may be made at any time before the sale contemplated by § 17.4809, to the designate or other person entitled under the facts of the case. But delivery shall be made only to the person entitled to priority unless each of those entitled to priority as to the claimant waives in writing his or her prior right to possession. The guardian of a minor or incompetent may receive his ward's prior right to possession. (January 30, 1943)

§ 17.4806 *Procedure when veterans are absent without leave or eloped.* (a) Except as provided in § 17.4808, effects of veterans absent without leave or who have been discharged or have eloped (and who are not to be returned to the facility) will be disposed of as follows:

(1) To the owner if competent, or if deceased to his administrator or executor or as directed in writing by such owner, or his executor or administrator.

(2) To the guardian of the owner if the latter is incompetent, or if deceased to his administrator or executor, or as directed in writing by such guardian, executor or administrator.

(3) To the incompetent owner if he has no guardian; but delivery to the incompetent owner may be withheld and may be made to the person who is caring for such incompetent if in the judgment of the manager such delivery is for the incompetent's best interest.

NOTE: The Government will not pay expense of transportation of effects of decedents or incompetents veterans discharged, absent without leave, or who have eloped.

(b) Funds, securities, evidences of interest without leave or who have been discharged or have eloped (and who are not to be returned to the facility) will be disposed of in accordance with the provisions of currently effective finance procedure. (January 30, 1943)

§ 17.4807 *Not applicable to veterans not admitted as such.* The provisions of §§ 17.4800 and 17.4806, inclusive, shall be inapplicable to property known to be that of any person dying in or discharged or absent without leave from a Veterans' Administration facility other than a veteran admitted as such to such facility. Property of members of the Indian Conservation Corps and of others admitted under various laws of the United States not administered by the Veterans' Administration shall be disposed of in accordance with the laws applicable. (January 30, 1943)

§ 17.4808 *Sale, use or destruction.* (a) In the case of any property of a veteran who was in the receipt of hospital or domiciliary care heretofore or hereafter left at a Veterans' Administration facility by the owner of which is discharged or absent without leave or who has eloped and has not been returned to a Veterans' Administration facility or has died after leaving the facility or in the unreasonable opinion of any owner of any property thereof be unclaimed, such property unless it shall be disposed of under the provisions of §§ 17.4804 and 17.4806 shall be sold, used or destroyed or otherwise disposed of as the manager shall determine the circumstances in each case may warrant. Any sale of such property shall be conditioned upon the ninety-day notice provided in section 6 of the Act of June 25, 1938 (38 U. S. Code, 16e).

(b) If the circumstances are such that retention of any property as is mentioned in (a) of this section, or of any property of unknown ownership found on the premises would endanger the health or life of persons within the premises (by reason of contagion, infection, or otherwise), such property shall be forthwith disposed of under order of the manager and proper record of the action taken will be made.

(c) If there be no known claimant of any such property and if it may be used at the facility for the benefit of the members or patients for such purposes as the Post Fund is intended to serve and if the value is inconsequential, the manager may authorize the retention and use of such property at the facility.

(d) Any such property which is not destroyed or used as provided in (b) and (c) of this section shall be sold in the manner provided in §§ 17.4809 and 17.4810, after notice as therein provided unless, prior to sale, claim be made for any such property by some one legally entitled thereto. (January 30, 1943)

§ 17.4809 *Notice to designate or owner; shipment, or other disposition.* (a) Upon death of a veteran admitted as such to a facility, the manager will cause notice (Parts I and V of Form 1171) to be sent to the designate: *Provided however*, That if the manager has information that the primary designate's death occurred before notice is sent, notice shall be sent to the alternate designate and all the provisions of these regulations respecting the designate will be deemed to apply to the alternate. However, if the primary designate dies subsequent to mailing the notice and prior to delivery of funds or effects to the designate (or his guardian) upon receipt of such information the manager will proceed pursuant to the provisions of this section as though the primary designate had died before notice was sent. Each notice, however, shall contain a statement that in no event will the Government pay shipping expense in excess of $10.00. The notice will include a copy of the inventory of the property which it is proposed to deliver to the designate.

(b) Upon receipt of appropriate shipping instructions the property will be shipped, transportation charges prepaid, by mail, express, or freight as may be appropriate under the circumstances and most economical to the Government. The expense of such shipment, in no case to exceed $10.00, is payable from the appropriation for Salaries and Expenses, Veterans Administration.

(c) The living owner of any property held for burial or the designate will be promptly notified thereof. In no case will transportation charges be paid by the Government on property shipped to a living veteran. In such cases sh

to the owner. A life insurance policy may be delivered to the beneficiary therein named if the insured is deceased, notwithstanding the veteran has designated a person to whom possession of his property at the facility is to be transferred. In no case will funds or effects be delivered to a minor, or to an incompetent person other than as provided in § 17.4809 (a) and (c), but where any such person is entitled to title or possession delivery may be made to his guardian. (January 30, 1943)

§ 17.4813 *Notice of statute.* In order that all persons who bring property on the premises of Veterans' Administration facilities may be advised of the existence of the Act of June 25, 1938 (38 U. S. Code, 16–16j), and that it affects such property, notice thereof (Form 1182) shall be permanently posted in at least one prominent place on the premises of each facility where persons are likely to see such notice. (January 30, 1943)

TITLE 46—SHIPPING

Chapter IV—War Shipping Administration

[General Order 6, Supp. 9]

PART 305—INSURANCE

WAR RISK INSURANCE COVERAGE ON IMPORT CARGOES, ETC.

War risk insurance; automatic coverage on import cargoes and on cargoes shipped to the territories and possessions of the United States.

Pursuant to the authority contained in the Merchant Marine Act of 1936, as amended, the following rules and regulations, and amendments for the underwriting of cargo war risk insurance under Warshipopencargo Policy Form are hereby promulgated.

Effective with the date hereof Clause 13 of Part II is deleted and the following clause designated "13" is substituted therefor:

§ 305.60 *Standard form of Warshipopencargo Policy.* * * *

13 It is warranted that the assured will at all times maintain with the War Shipping Administration a collateral deposit fund or that in lieu of such collateral deposit fund a surety bond in the form prescribed by the War Shipping Administration will be filed with the underwriting agent and maintained in full force and effect for the purpose of securing payment of premium hereunder. In the event that the assured inadvertently fails to maintain such a collateral deposit fund or such a surety bond in an amount sufficient so that at all times such amount is in excess of the unpaid premium then or thereafter payable with respect to any or all risks which have attached under the terms of the policy, it shall be a condition of this insurance that within seven days from the time such insufficiency comes to the knowledge of the assured, additional collateral or an increase in surety bond will be provided by the assured in an amount not less than double the amount of such insufficiency, and in addition a certified check, cashier's check, or money order payable to the Treasurer of the United States, in the amount of $100 will be paid to the underwriting agent as a fee for the continuation of this policy. In all such cases the assured shall file with the underwriting agent an affidavit in form prescribed by the Administration setting forth the facts with respect to such insufficiency. Failure to comply with the provisions of this article shall result in the voidance of this policy as of the date upon which the collateral deposit fund or surety bond became insufficient, but such voidance shall not relieve the assured of liability to pay premium on all shipments made prior to the termination of said seven day period.

Notwithstanding the foregoing, however, if the Administrator or his duly authorized representative shall determine that the failure of the assured to maintain a sufficient collateral fund or surety bond was wilful rather than inadvertent, said policy shall be void from the date said collateral fund or surety bond was first insufficient to secure the premiums on risks which would otherwise have attached hereunder.

§ 305.104 *Standard form of affidavit to be filed in connection with the requirement of Clause 13 of Part II of the Warshipopencargo Policy Form.* The following is the form of affidavit, the use of which shall become effective from the date hereof:

State of _____
County of _____ ss.
_____, being first duly
(Name of affiant)
sworn, deposes and says * (either (I) (he) (she)), is an officer to wit: _____
(Title)
of the _____ insured under
(Name of corporation or company)
Warshipopencargo Policy No. _____ or (2) (he) (she) is the assured named in Warshipopencargo Policy No. _____) and is familiar with all matters pertaining thereto.

That on the _____ day of _____ 19____, the assured first had knowledge that the amount of collateral deposited pursuant to the terms of said policy was exceeded by the amount of premium due thereunder; that the amount of collateral deposited pursuant to the terms of said policy on that date was $_____; that at the date when the collateral became exceeded by the amount of unpaid premium the collateral was for an amount of $_____, and the unpaid premium amounted to $_____.

That under the following circumstances the assured became aware for the first time that said collateral was insufficient: (explain in detail the manner in which the collateral became exceeded) _____

_____

Attention is directed to section 35 (A) of the Criminal Code of the United States which provides for punishments ranging as high as ten years imprisonment or $10,000 fine, or both, for filing false, fictitious, or fraudulent documents with a department or agency of the United States.

§ 305.105 *Regulations concerning the filing of the affidavit required by Clause 13 of Part II of the Warshipopencargo Policy.* The assured must file an affidavit on the form set forth in (§ 305.104) executed in quadruplicate with the underwriting agent within the time specified in Clause 13 of Part II of Warshipopencargo Policy Form, unless the time for filing such an affidavit is extended by permission of the War Shipping Administration.

(a) If the space provided in the form affidavit for an explanation of the circumstances by which the assured first had knowledge that the collateral became exceeded is not sufficient, then the assured should attach to the affidavit a detailed statement, incorporating the same by reference into the affidavit prior to the execution thereof.

§ 305.106 *Standard Optional Endorsement No. XV.* Effective with the date hereof Standard Optional Endorsement No. XV, as set forth herein, is hereby promulgated for use:

With respect to shipments otherwise coming within the scope of this policy but failing to attach hereunder by reason of the goods being shipped or consigned prior to the date set forth in Clauses a, b and c of Part I of this policy, it is specially understood and agreed that this insurance shall nonetheless attach provided that the goods have not arrived at port of final destination on or before the date of this endorsement and that as of the date of this endorsement, there is no known or reported loss of such shipments by reason of perils insured by this policy. For the purpose of this endorsement the words "known or reported loss" shall be deemed to include any loss known or reported to either the Assured or the War Shipping Administration. This endorsement shall not, however, apply to any goods which would not have been covered under the terms of Warshipopencargo Policy No. _____ had said policy remained in full force and effect. In consideration of the coverage provided by this endorsement, it is agreed that the rates applicable to such shipments shall be 50% in excess of the standard rates of the War Shipping Administration applicable to similar shipments.

All other terms and conditions remaining unchanged.

§ 305.107 *Regulations concerning Standard Optional Endorsement No. XV.* Where prior to the effective date of this General Order a Warshipopencargo Policy has been terminated by reason of the breach of the warranty embodied in Clause 13 of Part II of the Warshipopencargo Policy, and a new policy has been or is issued in replacement of said terminated policy, Standard Optional Endorsement No. XV may be attached to said replacement policy by the underwriting agent without prior approval of the War Shipping Administration. Such endorsement must incorporate the policy number of said terminated policy. The application for the endorsement must be made at the time of application for the issuance of the replacement Warshipopencargo Policy or not later than thirty days from the date of the publication of this supplement in the FEDERAL REGISTER, whichever may last occur.

(a) Whenever a Warshipopencargo Policy has been endorsed with Standard Optional Endorsement No. XV, additional premium must be paid on shipments included in the replacement policy and which are subject to the terms and conditions of the said endorsement.

§ 305.108 *Regulation construing the meaning of Supplement 9 to General Order No. 6.* Whenever the Warshipopencargo Policy form or any of its regulations promulgated heretofore are inconsistent with any matter set forth in Supplement 9 to General Order No. 6, the provisions of this Supplement 9 are deemed controlling.

PART 306—GENERAL AGENTS AND AGENTS

BONDING OF CERTAIN SHIPS' PERSONNEL

Bonding of ships' personnel receiving advances for the account of the War Shipping Administration.

Section 306.61 (8 F.R. 446) is hereby amended to read as follows:

§ 306.61 *Bonding of ships' personnel.* From and after March 1, 1943 no moneys or property shall be advanced to a Master, purser, or other member of the ships' personnel for the account of the War Shipping Administration, unless such person is under a bond indemnifying the United States against loss of such moneys or property caused solely or in part, by the dishonesty or lack of care of any such person in the performance of the duties of any position covered by the bond. PART 306—GENERAL AGENTS AND AGENTS

COMMISSION ON FARES

Part I of General Order 12 (§§ 306.1 to 306.12) is amended by inserting a new § 306.9a:

§ 306.9a *Commission on fares.* On or after February 1, 1943, general agents and agents are authorized to pay in all trades to bona fide travel or tourist agents a commission of 5% on fares paid by or for passengers traveling for private or commercial account. No commission shall be allowed on fares paid by or for repatriated seamen traveling as passengers. Commission payments made to bona fide travel or tourist agents between the earliest applicable effective date provided in § 306.2 and February 1, 1943, are confirmed if such payments were made at rates in accordance with customary practice.

Part III of General Order 12 (§§ 306.21 to 306.28) is amended by inserting a new § 306.26a:

§ 306.26a *Commission on fares.* On or after February 1, 1943, general agents and agents are authorized to pay in all trades to bona fide travel or tourist agents a commission of 5% on fares paid by or for passengers traveling for private or commercial account. No commission shall be allowed on fares paid by or for repatriated seamen traveling as passengers. Commission payments made to bona fide travel or tourist agents between the earliest applicable effective date provided in § 306.2 and February 1, 1943, are confirmed if such payments were made at rates in accordance with customary pratice.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[Service Order 106]

PART 95—CAR SERVICE

SHIPMENTS TO MEXICO

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 30th day of January, A. D. 1943.

It appearing, that carload shipments by railroad from the United States to points in Mexico covered by order bills of lading have been, and are being, unduly delayed; that certain representations have been made through the Secretary of State to the Mexican Government; that the Mexican Government has replied thereto; and that an emergency exists requiring immediate action to prevent shortage of railroad equipment and congestion of traffic; *It is ordered,* That:

§ 95.6 *Shipments to Mexico on straight bills of lading.* All common carriers by railroad subject to the Interstate Commerce Act, are hereby ordered not to accept or move commodities in carloads, originating in the United States and destined to points in Mexico, unless such shipments are covered by straight bills of lading as defined in U. S. Code, Title 49, Chapter 4—Bills of Lading. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)–(17))

It is further ordered, That this order shall become effective February 15th, 1943, and shall remain in force until further order of the Commission; that copies of this order and direction shall be served upon all common carriers by railroad subject to the Interstate Commerce Act, and upon the Association of American Railroads, Car Service Division; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register, The National Archives.

By the Commission, Division 3.

PART 95—CAR SERVICE

RAILROAD FREIGHT CARS IN MEXICO

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 30th day of January, A. D. 1943.

It appearing, that upon representations from the Office of Defense Transportation, and due to the movement into Mexico of freight cars owned or leased by railroads of the United States and the delay incident to their return; in the opinion of the Commission an emergency exists requiring immediate action to prevent shortage of railroad equipment and congestion of traffic; *It is ordered,* That:

§ 95.7 *Railroad freight cars in Mexico.* (a) The Association of American Railroads, Car Service Division, Washington, D. C., as agent for all United States railroads subscribing to the car service and per diem agreement, is hereby directed to take immediate steps, by the placement of necessary embargoes, to restrict the number of freight cars owned or leased by railroads of the United States moving into Mexico during any semi-monthly period, so that the number of such freight cars shall not be in excess of the number of freight cars moving from Mexico to the United States during the previous semi-monthly period.

(b) The number of each type of freight cars owned or leased by railroads of the United States permitted to be in Mexico at any time may be changed by instructions issued by the Director of the Bureau of Service, Interstate Commerce Commission, Washington, D. C., by varying the ratio between cars permitted to be moved into and those moved out of Mexico. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)–(17))

It is further ordered, That this order shall become effective immediately and shall remain in force until further order of the Commission that copies of this

order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and per diem agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register, The National Archives.

By the Commission, Division 3.

PENROD AND KNIGHT

ORDER APPROVING PROPOSED FINDINGS OF FACT, ETC.

In the matter of William Penrod and O. A. Knight, individually and as copartners, doing business under the name and style of Penrod and Knight—Code Member.

Order approving and adopting the proposed findings of fact, proposed conclusions of law and recommendation of the examiner, and order to cease and desist.

This proceeding was instituted upon a complaint filed with the Bituminous Coal Division on April 23, 1942, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 9, alleging that William Penrod and O. A. Knight, individually and as copartners, doing business under the name and style of Penrod and Knight, a code member operating Penrod and Knight Mine (Mine Index No. 571), located in Muh..nberg County, Kentucky, in District 9, wilfully violated various provisions of the Act, the Bituminous Coal Code, the rules and regulations thereunder, and the Order of the Director in General Docket 19, dated October 9, 1940, and requesting that the Division either cancel and revoke code membership, or, in its discretion, direct code member to cease and desist from violation of the Code and the rules and regulations thereunder, especially the Order of the Director in General Docket 19, dated October 9, 1940.

---

[1] 6 F.R. 2695

[2] 5 F.R. 5284.

Pursuant to appropriate orders and after due notice to interested persons, a hearing in this matter was held before Joseph A. Huston, a duly designated Examiner of the Division at a hearing room thereof in Owensboro, Kentucky, on June 19, 1942, at which interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard and at which both partners of code member appeared personally.

The Examiner made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated December 5, 1942. The Examiner found that code member had wilfully violated the provisions of the Act, the Code, the rules and regulations thereunder, and, more particularly the Order of the Director in General Docket 19, dated October 9, 1940, by selling to the Pacific Coal Company between April 23, 1941 and May 22, 1941, both dates inclusive, approximately 151.9 net tons of 1¼" x 0 slack coal, whereas rail classifications or prices, temporary or final, had not been established for said mine.[1] The Examiner recommended that an order be entered directing code member to cease and desist from violating the Order of the Director in General Docket 19, entered October 9, 1940, or from otherwise violating any provisions of the Act, the Code and the rules and regulations thereunder.

An opportunity was afforded to all parties to file exceptions to the Examiner's Report, and supporting briefs, and no such exceptions or supporting briefs were filed.

I have determined after a consideration of the record that the Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendation of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

Now, therefore, It is ordered, That the proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be, and the same are, hereby approved and adopted as the Findings of Fact and Conclusions of Law of the Director.

It is further ordered, That William Penrod and O. A. Knight, individually and as copartners, doing business under the name and style of Penrod and Knight, code member, their representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act on its behalf or interest or on the behalf or interest of either of them, cease and desist from selling or offering to sell coal produced by the code member at its mine in violation of the provisions of the Act, the Code, the rules and regulations thereunder, and more particularly the Order of the Director in General Docket 19, dated October 9, 1940.

Notice is hereby given that upon failure or refusal to comply with this Order, the Division may apply to a Circuit Court of Appeals for the enforcement thereof or may otherwise proceed as authorized by the Act.

Dated: January 29, 1943.

[Docket No. B-156]

Q. E. SEXTON

CEASE AND DESIST ORDER

District Board 8 filed a complaint with the Bituminous Coal Division on November 26, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, alleging that Q. E. Sexton, a code member producer operating Q. E. Sexton Mine, designated as Mine Index No. 2755, located in Campbell County, Tennessee, in Subdistrict 6 of District 8, wilfully violated the Act and Code. The complaint prayed that the Director cancel and revoke code membership, or in his discretion direct code member to cease and desist from further violations of the Code and regulations thereunder.

The complaint alleged that code member sold, on August 19, 1941, approximately 6.29 tons of ¾" and under slack coal, Size Group 8, produced at its mine, at a price of approximately 32 cents per net ton f. o. b. the mine, whereas the established effective minimum price for said coal was $1.65 per net ton f. o. b. the mine.

Pursuant to an order of the Acting Director dated January 14, 1942, and after due notice to interested persons, a hearing in this matter was held on February 17, 1942, before Joseph A. Huston, a duly designated Examiner of the Division, at a hearing room thereof in Middlesboro, Kentucky, at which all interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise participate fully therein. An appearance was entered for District Board 8 and code member appeared in person. The preparation and filing of a report by the Examiner was waived and the matter was thereupon submitted to me for my consideration.

I have made Findings of Fact and Conclusions of Law and have rendered an Opinion in this matter, which are filed herewith.

Now, therefore, It is ordered, That Q. E. Sexton, code member operating the Q. E. Sexton Mine (Mine Index No. 2755) located in Campbell County, Tennessee, in Subdistrict 6 of District 8, his agents, representatives, employees, successors or assigns, and any persons acting or claiming to act for or in his behalf, cease and desist from violating section 4 II (e) of the Act and Code, and the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments, or from otherwise violating the Act, the Code or rules and regulations issued thereunder.

Notice is hereby given that upon failure or refusal to comply with this Order, the Division may apply to a United States Circuit Court of Appeals for the enforcement thereof or take other appropriate action as authorized by the Act.

Dated: January 29, 1943.

LIVINGSTON-MOUNT OLIVE COAL COMPANY

ORDER TO CEASE AND DESIST

District Board 10 filed a complaint with the Bituminous Coal Division on November 12, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 against the Livingston-Mount Olive Coal Company, a code member producer operating Livingston Mine No. 1, Mine Index No. 88, located in Madison County, Illinois, in District 10, in which it alleged that code member wilfully violated the Act, the Code, and the Marketing Rules and Regulations, and prayed that the Division revoke and cancel code membership or, in its discretion, direct code member to cease and desist from further violations of the Code and Regulations thereunder.

Pursuant to appropriate orders of the Acting Director and after due notice to interested persons, a hearing in this matter was held on February 21, 1942, before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof in East St. Louis, Illinois, at which time all interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise participate fully in the hearing. Appearances were entered for District Board 10 and code member and at the conclusion thereof the preparation and filing of a report by the Examiner was waived by all parties and the matter was submitted to me for my consideration.

I have made Findings of Fact and Conclusions of Law and rendered an Opinion, which are filed herewith.

Now, therefore, It is ordered, That Livingston-Mount Olive Coal Company, its officers, representatives, agents, employees, successors or assigns, and all persons acting or claiming to act in its behalf, are hereby directed to cease and desist from selling or offering to sell coal at less than the effective minimum prices established therefor, in violation of sections 4 II (e) and 4 II (j) 2 and 8 of the Act and Code and of Rule 2 of section XII and Rule 8 of section XIII of the Marketing Rules and Regulations, and from violating the provisions of the Schedule of Effective Minimum Prices for District No. 10 for Truck Shipments, or from otherwise violating the Act or regulations thereunder.

Notice is hereby given that upon failure or refusal to comply with this order, the Division may apply to a Circuit Court of Appeals for the enforcement thereof

or may otherwise proceed as authorized by the Act.

AUSTIN GAP COAL COMPANY

ORDER TO CEASE AND DESIST

In the matter of Austin Gap Coal Company, also known as Austin Gap Coal Company, Inc., Code Member.

A complaint was filed on October 8, 1941 pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 with the Bituminous Coal Division by District Board 8, alleging that Austin Gap Coal Company, also known as Austin Gap Coal Company, Inc., a code member producer, operating Austin Gap Mine, Mine Index No. 2671, located in Russell County, Virginia, in District 8, had wilfully violated the provisions of the Bituminous Coal Code by selling 22.59 tons of Size Group 1 coal and 6 tons of Size Group 5 coal at less than the minimum price established therefor. The complaint prayed that the Director cancel and revoke code membership or, in his discretion, direct code member to cease and desist from further violations of the Code and regulations thereunder.

Pursuant to an order of the Director dated November 22, 1941, after due notice to interested persons, a hearing was held before Travis Williams, a duly designated Examiner of the Division, on January 28, 1942, at a hearing room thereof in Abingdon, Virginia. Interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and participate fully in the hearing. An appearance was entered for District Board 8 and code member appeared and filed an answer. At the conclusion of the hearing, all interested parties waived the preparation and filing of the Examiner's Report and the record of the proceeding was submitted to me for my consideration.

I have made Findings of Fact and Conclusions of Law and rendered an opinion which are filed herewith.

Now, therefore, It is ordered, That Austin Gap Coap Company, also known as Austin Gap Coal Company, Inc., its agents, servants, employees, attorneys, successors or assigns, or anyone acting on its behalf, (code member, operating Austin Gap Mine, designated as Mine Index No. 2671, located in Russell County, Virginia, in District 8,) cease and desist from violating the provisions of section 4 II (e) of the Act, the Code, or the price regulations promulgated thereunder as set forth in the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments or from otherwise violating the Act, or regulations thereunder.

Notice is hereby given that upon failure or refusal to comply with this order, the Division may apply to a Circuit Court of Appeals for the enforcement thereof, or may otherwise proceed as authorized by the Act.

[Docket No. B-35]

BLUE EAGLE COAL COMPANY

CEASE AND DESIST ORDER

In the matter of W. F. Rasnick (Blue Eagle Coal Company), also known as W. F. Rasnick and Minnie Barrett, individually and as co-partners, doing business under the name and style of Blue Eagle Coal Company, Code Member.

District Board 8 filed a complaint with the Bituminous Coal Division on September 13, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 alleging that W. F. Rasnick and Minnie Barrett, individually and as co-partners, doing business under the name and style of Blue Eagle Coal Company, code member, operating Blue Eagle Mine, Mine Index No. 2210, in Russell County, Virginia, in District 8, wilfully violated the Bituminous Coal Code and rules and regulations thereunder and praying that the Director cancel and revoke code membership or in his discretion, direct code member to cease and desist from further violating the Code and regulations thereunder.

The complaint alleged that code member (1) sold 6.05 and 5.4 tons of Size Group 5 stoker coal produced at its mine to purchasers at a price lower than the effective minimum price established therefor and (2) delivered 50 tons of slack coal to various persons without any charge therefor in violation of section 4 II (e) of the Act. The latter allegation was not proved and the complaint is dismissed as to that portion thereof.

Pursuant to an Order of the Acting Director dated December 18, 1941, and after due notice to interested persons, a hearing was held in this matter on January 28, 1942, before Travis Williams, a duly designated Examiner of the Division at a hearing room thereof in Abingdon, Virginia. District Board 8 and code member appeared and code member filed an answer. All interested parties were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and participate fully in the hearing, at the conclusion of which all parties waived the preparation and filing of a Report by the Examiner, and the matter was thereupon submitted to me for my consideration.

The undersigned has made Findings of Facts and Conclusions of Law and has rendered an opinion, filed herewith.

Now, therefore, It is ordered, That code member, W. F. Rasnick (Blue Eagle Coal Company) also known as W. F. Rasnick and Minnie Barrett, individually and as co-partners, doing business under the name and style of Blue Eagle Coal Company, its officers, representatives, agents, servants, employees, attorneys and successors and assigns, and all persons acting or claiming to act in its behalf or interest, cease and desist from violating section 4 II (e) of the Act, the Code and the Schedule of Effective Minimum Prices for District No. 8 for Truck Shipments or from otherwise violating the Act or regulations thereunder.

Notice is hereby given to code member that if it fails or refuses to comply with this Order the Division may appeal to a Circuit Court of Appeals for the enforcement thereof, or may otherwise proceed as authorized by the Act.

Dated: January 29, 1943.

SNOWDEN COAL CO.

CEASE AND DESIST ORDER

In the matter of Snowden Coal Co., a partnership, also known as Lee Snowden, Luther Bryan, James Butler, Newton Lane, Milton Hall, Charles Drake, Spencer M. Lowe, Raymond Rouatt, Louie Roberts, Mike Toppas, William Drake, and William Bigg, copartners, trading and doing business under the name and style of Snowden Coal Co. (Lee Snowden), Code Member.

A complaint was filed on October 15, 1941, with the Bituminous Coal Division pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by District Board 11, alleging that Snowden Coal Company, a partnership, also known as Lee Snowden, Luther Bryan, James Butler, Newton Lane, Milton Hall, Charles Drake, Spencer M. Lowe, Raymond Rouatt, Louie Roberts, Mike Toppas, William Drake and William Bigg, copartners, trading and doing business under the name and style of Snowden Coal Company (Lee Snowden) operating the Snowden Mine, Mine Index No. 1169, in Vigo County, Indiana, in District 11, has wilfully violated the Act, the Code, the Order of the Director in General Docket No. 19, dated October 9, 1940, and Orders of the Director Nos. 307 and 312, dated respectively, December 11, 1940, and February 24, 1941. The complaint prayed that code member be ordered to cease and desist from violation of the Act, the Code, and orders and regulations of the Division.

Pursuant to appropriate orders of the Acting Director and after due notice to interested persons, a hearing in this matter was held before W. A. Shipman, a duly designated Examiner of the Division, at a hearing room thereof in Terre Haute, Indiana, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise participate fully in the hearing. Appearances were entered on behalf of District Board 11 and code member. At the conclusion thereof, all interested parties waived the preparation and filing of a report by the Examiner, and the record in the proceeding was thereupon submitted to me for my consideration.

I have made Findings of Fact and Conclusions of Law and have rendered an Opinion in this matter, which are filed herewith.

Now, therefore, It is ordered, That code member, Snowden Coal Company, also known as Lee Snowden, Luther Bryan, James Butler, Newton Lane, Milton Hall, Charles Drake, Spencer M. Lowe, Raymond Rouatt, Louie Roberts, Mike Toppas, William Drake and William Bigg, copartners, trading and doing business under the name and style of Snowden Coal Company, operating Snowden Mine, Mine Index No. 1169, in District 11, be and they are severally and individually ordered to cease and desist from further violations of the Order of the Director in General Docket No. 19, dated October 9, 1940, Orders of the Director Nos. 307 and 312, dated December 11, 1940, and February 24, 1941, respectively, and of section 4 II (e) and section 4 II (i), paragraph 8 of the Act and Code and regulations thereunder or from otherwise violating the Act, the Code, or the rules and regulations promulgated pursuant thereto.

Notice is hereby given to code member, that if it, or the partners thereof, fails or refuses to comply with this order, the Division may apply to the Circuit Court of Appeals for the enforcement thereof, or may otherwise proceed as authorized by the Act.

CROZIER COAL CO.

ORDER APPROVING AND ADOPTING PROPOSED FINDINGS OF FACT, ETC.

In the matter of E. F. Crozier and E. W. Crozier, individually and as copartners doing business under the name and style of Crozier Coal Company, code member.

Order approving and adopting the proposed findings of fact, proposed conclusions of law and recommendations of the examiner, and order to cease and desist.

This proceeding was instituted by the Bituminous Coal Division on June 4, 1942, pursuant to sections 4 II (j), 5 (b), and 6 (a) of the Bituminous Coal Act of 1937, to investigate and determine whether or not E. F. Crozier and E. W. Crozier, individually and as copartners doing business under the name and style of Crozier Coal Company, a code member producer operating Crozier Coal Company Mine, Mine Index No. 279, located in Appanoose County, Iowa, in District 12, had wilfully violated the provisions of the Act, the Bituminous Coal Code, and rules and regulations thereunder, and to determine whether or not an order should be entered revoking code membership or directing code member to cease and desist from further violations.

Pursuant to appropriate orders and after due notice to interested persons, a hearing was held before Charles O. Fowler, a duly designated Examiner of the Division at a hearing room thereof in Centerville, Iowa, on August 8, 1942, at which all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. Code member did not appear.

The Examiner made and entered his Report, Proposed Conclusions of Law and Recommendation in this matter, dated September 30, 1942, in which he found that E. F. Crozier and E. W. Crozier, individually, and as copartners doing business under the name and style of Crozier Coal Company, code member, wilfully violated the Act, the Code, and Orders Nos. 296, 297, and 307 of the Division (dated respectively, September 23, 1940, October 22, 1940, and December 11, 1940) promulgated thereunder by:

(a) Selling approximately 1,127 tons of mine run coal produced at said mines from October 1, 1940, to December 31, 1940, without maintaining and filing with the Division records, sales slips, other memoranda and reports in connection therewith within the time and in the manner prescribed in Orders No. 296 and 297;

(b) Selling approximately 1,047 tons of mine run coal produced at said mine from January 1, 1941, to February 28, 1941, without maintaining and keeping on file truck tickets, sales slips, invoices, or other memoranda or records in connection therewith within the time and in the manner prescribed in Order No. 307.

The Examiner recommended that an order be entered directing code member to cease and desist from further violating the Act, the Code, and Orders of the Division Nos. 296, 297, and 307.

An opportunity was afforded to all parties to file exceptions thereto and supporting briefs, and no such exceptions or supporting briefs have been filed.

The undersigned has determined after a consideration of the record that the Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation of the Examiner should be approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned;

Now, therefore, It is ordered, That the Proposed Findings of Fact and Proposed Conclusions of Law of the Examiner be and the same are hereby approved and adopted as the Findings of Fact and Conclusions of Law of the undersigned.

It is further ordered, That E. F. Crozier and E. W. Crozier, individually, and as copartners doing business under the name and style of Crozier Coal Company, code member operating Crozier Coal Company Mine, Mine Index No. 279, located in Appanoose County, Iowa, in District 12, its representatives, agents, servants, employees, and attorneys, and all persons acting or claiming to act on its behalf or interest, cease and desist from violating orders of the Division Nos. 296, 297, and 307, or from otherwise violating the Act, the Code, or rules and regulations issued thereunder.

Notice is hereby given to code member that if it, or the partners thereof, fail or refuse to comply with this order, the Division will apply to a Circuit Court of Appeals for the enforcement thereof or will otherwise proceed as authorized by the Act.

Dated: January 30, 1943.

INDEPENDENT EXPLOSIVES CO. AND H. J. HAYS

ORDER REVOKING LICENSES AND DIRECTING THEIR SURRENDER

In the Matter of Independent Explosives Company, and H. J. Hays, Licensees, Proceeding for Revocation of License.

To: Independent Explosives Company, Cleveland, Ohio, and H. J. Hays, Christopher, Illinois. Proceedings for revocation of the Federal explosives licenses, issued under the Federal Explosives Act of December 26, 1941 (55 Stat. 863), to the above-named licensees, were begun on October 17, 1942, by the filing of Specification of Charges and Notice of Hearing setting forth violations of the act and regulations by the Independent Explosives Company, and H. J. Hays, its employee. After due reply received from the licensees, a hearing was held on the charges on November 23 and November 30 in Washington, D. C., before the Hearing Officer duly designated by me, at which hearing the licensees, with their counsel, were heard and evidence was adduced bearing upon these charges.

The Report of the Hearing Officer, dated December 31, found in its findings of fact and conclusions of law that the licensees had violated various provisions of the act and regulations and recommended the revocation of their licenses, but, in view of the efforts in good faith of the licensees to remedy past improper practices and to conform to existing requirements, it was recommended that the revocation take effect February 15, 1943, without prejudice to the right of either licensee before or after that date to apply for the issuance of new licenses upon a showing that full conformity has been achieved with all applicable laws, regulations, and instructions relative to the handling, disposition, and storage of explosives. The licensees on January 20 excepted to the Hearing Officer's Report and requested an oral hearing, but without presenting any grounds for the exceptions and without furnishing any reasons for the granting of an oral argument or indicating any new material to be produced before me.

Now, therefore, by virtue of the authority vested in me by sections 8 and 18 of the Federal Explosives Act and § 301.22 of the regulations issued pursuant thereto (7 F.R. 5901), I, R. R. Sayers, Director of the Bureau of Mines, having reviewed the record,

Order

That the licensees' request for an oral hearing be and it is hereby denied;

That the licensees' exceptions to the Hearing Officer's findings, conclusions and recommendations be and they are hereby overruled;

That the Hearing Officer's Report, including its findings, conclusions and recommendations be and it is hereby approved and adopted as my own;

That Vendor's License No. 229122, Purchaser's License No. 229124, and Manufacturer's License No. 1671, and any and all other Federal explosives licenses heretofore issued to the Independent Explosives Company, and Purchaser's License No. 203155 and any and all other Federal explosives licenses heretofore issued to H. J. Hays, pursuant to the Federal Explosives Act be and they are hereby revoked as of 12:01 a. m., February 15, 1943;

That the licenses mentioned in the preceding paragraph shall be surrendered by delivering them to me on or before February 15, 1943, or by depositing them on or before that date in the United States Mail with postage prepaid addressed to me; and

That the revocation of the licenses mentioned above shall be without prejudice to the right of the licensees before or after February 15, 1943, to apply to me for new licenses upon a showing of full compliance with the Federal Explosives Act, the regulations issued pursuant thereto and instructions relative to the handling, disposition and storage of explosives.

Leo Hardy Live Stock Commission Co., et al.

ORDER OF INQUIRY AND SUSPENSION AND NOTICE OF HEARING

In the matter of Leo Hardy, doing business as Leo Hardy Live Stock Commission Company, et al., Respondents.

This proceeding is instituted pursuant to the provisions of Title III of the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 1940 ed. 181-231), and the following allegations are made:

1. The respondents, Leo Hardy, doing business as Leo Hardy Live Stock Commission Company, Charles L. Jennings, doing business as J. H. Anderson Commission Company, Carl Garnett, doing business as Garnett Live Stock Commission Company, H. B. Mattingly and June Smith, partners, doing business as Mattingly & Smith Live Stock Commission Company, E. H. Mattingly, doing business as Mattingly Commission Company, J. D. Phillips, doing business as J. D. Phillips Livestock Commission Company, C. P. Poland, doing business as Price & Company and also as Valley Sheep Company, Producers Live Stock Commission Association, a corporation, Arthur H. Schroeder, St. Louis National Live Stock Commission Company, a corporation, Lillian Sundheimer and Malcolm J. Roche, doing business as Sundheimer-Roche & Company, George M. Thompson, doing business as Thompson Livestock Commission Company, and Richard L. Tippett, are registered as market agencies under the act and are engaged in the business of buying and/or selling livestock in commerce on a commission basis at the Mississippi Valley Stock Yards, St. Louis, Missouri.

2. The Mississippi Valley Stock Yards has been found by the Secretary of Agriculture to be a "stockyard" as that term is defined in the act and notice of such finding has been given to the owner and to the public as required by the act.

3. Pursuant to the provisions of the act, the respondents have heretofore filed and put into effect schedules of rates and charges for services rendered by them as market agencies.

4. On or about February 19, 1942, the respondent, Leo Hardy, doing business as Leo Hardy Live Stock Commission Company, made, filed, and published, effective March 9, 1942, a new schedule of rates and charges for his services, designated as Tariff No. 4, which rates and charges are materially greater than those contained in his tariff now in effect and on file. Said respondent postponed the effective date of Tariff No. 4 from time to time and gave notice on or about June 15, 1942, that said tariff would be made effective on January 1, 1943. On December 30, 1942, the respondent gave notice of the proposed increases in rates to the Office of Price Administration as required by the amendment to the Emergency Price Control Act, 1942 (Pub. L. No. 729, 77th Cong., 2d Sess.), effective October 2, 1942, Executive Order 9250 (7 F.R. 7871), and Directive No. 1 of the Director of Economic Stabilization (7 F.R. 8758), under the provisions of which said tariff can not lawfully become effective until the expiration of 30 days after the date of the notice.

5. Upon examination of the records and other information in the possession of the Department of Agriculture, there is reason to believe that the increases in the rates and charges proposed by the respondent, Leo Hardy, doing business as Leo Hardy Live Stock Commission Company, are not justified and that such proposed increased rates are, in fact, unreasonable and unlawful.

It is concluded that a proceeding under Title III of the act should be instituted for the purpose of determining the reasonableness and the lawfulness of the rates and charges proposed in Tariff No 4 filed by Leo Hardy, and of all rates and charges of the respondents and of any rule, regulation, or practice affecting such rates and charges, and whether any stockyard service is rendered by the respondents without making a lawful charge therefor; and that pending a hearing and decision in such proceeding, the operation of Tariff No. 4, filed by Leo Hardy, doing business as Leo Hardy Live Stock Commission Company, should be suspended and its use deferred.

It is therefore ordered, That the operation and use of Tariff No. 4, filed by the respondent, Leo Hardy, doing business as Leo Hardy Live Stock Commission Company, on or about February 19, 1942, shall be, and it hereby is, suspended and deferred until the expiration of 30 days from and after the time such tariff would otherwise go into effect.

It is further ordered, That notice to the respondents shall be, and is hereby, given that a hearing covering the allegations made herein will be held before an examiner at a time and place of which the respondents will have at least 10 days' notice. At such hearing, the respondents and all other interested persons will have a right to appear and present such evidence with respect to the matters and things alleged as may be relevant and material.

It is further ordered, That any and all interested persons who may wish to appear and present evidence relative to the issues in this proceeding shall notify the Hearing Clerk, Office of the Solicitor United States Department of Agriculture, Washington, D. C., within 20 days from the date of the publication of this order.

It is further ordered, That a copy hereof shall be served upon the respondents by registered mail.

It is further ordered, That this order shall be published in the Federal Register.

Done at Washington, D. C., this 29th day of January 1943. Witness my hand and the seal of the Department of Agriculture.

Assistant to the Secretary of Agriculture.[1]

Handling of Milk in New Orleans, La., Marketing Area

NOTICE OF REPORT AND OPPORTUNITY TO FILE EXCEPTIONS, ETC.

Notice of report and opportunity to file written exceptions with respect to a proposed marketing agreement, as amended, and to Amendment No. 5 to Order No. 42, as amended, regulating the handling of milk in the New Orleans, Louisiana, marketing area.

Pursuant to § 900.12 (a), General Regulations, as Amended, Food Distribution Administration (formerly Agricultural Marketing Administration), United States Department of Agriculture, notice is hereby given of the filing with the hearing clerk of this report of the Director of Food Distribution with respect to an amended marketing agreement and to Amendment No. 5 to the order regulating the handling of milk in the New Orleans, Louisiana, marketing area. Interested parties may file exceptions to this report with the Hearing Clerk, Room 1331, Department of Agriculture, Washington, D. C., not later than the close of business on the 5th day after publication of this notice in the Federal Register.

The proceeding was initiated by the Agricultural Marketing Administration as the result of a written petition filed by the Dairy Farmers' Protective League, Inc., for a public hearing to receive evidence on certain price amendments it proposed. An amendment to provide a new classification and price applicable to milk used as butter was proposed by the Cloverland Dairy Company after all interested parties had been notified by letter of the pending petition. It was concluded from consideration of the various proposed amendments that the hearing should be held and a notice of hearing was accordingly issued on January 8, 1943. The hearing was convened January 15, 1943, at New Orleans, Louisiana. The hearing included, in addition to the industry proposals, consideration of proposals for amendments made by the Dairy and Poultry Branch, Agricultural Marketing Administration. The major issues developed at the hearing were concerned with (1) the levels of price for the various classifications of milk; (2) the classification and pricing of milk used as butter; and (3) the butterfat differential.

With respect to these issues it is concluded from the record that:

(1) Prices should be revised so as to reflect the economic conditions which affect the market supply and demand for milk in the marketing area, to maintain an adequate supply of pure and wholesome milk, and to be in the public interest.

(2) Administrative amendments should be made to revise the definition of the term "Secretary"; and to add a new section entitled "Agents".

(3) The butterfat differential should be revised.

(4) The proposal for an additional classification and price applicable to milk used as butter should not be adopted.

The following proposed amendment prepared by the Director pursuant to § 900.12 (a) of the General Regulations, as Amended, Food Distribution Administration, is recommended as the detailed means by which these conclusions may be carried out. The proposed amended marketing agreement is not included in this report because the proposed amendments applicable to it would be the same as those set forth below with respect to the order, as amended.

PROPOSED AMENDMENT NO. 5 TO THE ORDER, AS AMENDED, REGULATING THE HANDLING OF MILK IN THE NEW ORLEANS, LOUISIANA, MARKETING AREA

It is found upon the evidence introduced at the public hearing held at New Orleans, Louisiana, January 15, 1943:

Findings

1. That prices calculated to give milk produced for sale in the marketing area a purchasing power equivalent to the purchasing power of such milk, as determined pursuant to sections 2 and 8e (50 Stat. 246; 7 U. S. C. 1940 ed. 602, 608c), are not reasonable in view of the available supplies of feeds, the price of feeds, and other economic conditions which affect the supply of and demand for such milk, and that the minimum prices set forth in this amendment to said order are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and that the fixing of such prices does not have for its purpose the maintenance of prices to producers above the levels which are declared in the act to be the policy of Congress to establish;

2. That the order, as amended by this amendment, regulates the handling of milk in the same manner as and is applicable only to handlers defined in a marketing agreement, as amended, upon which a hearing has been held; and

3. That the issuance of this amendment to the order, as amended, and all of the terms and conditions of the order, as so amended, tend to effectuate the declared policy of the act.

Provisions

1. Delete § 942.1 (a) (1) and substitute therefor the following:

(1) The term "Secretary" means the Secretary of Agriculture of the United States or any officer or employee of the United States Department of Agriculture who is, or who may hereafter be, authorized to exercise the powers and perform the duties of the Secretary of Agriculture of the United States.

2. Delete from § 942.5 (a) (1) the following phrase "$2.75 per hundredweight for the delivery periods of May, June, and July; $3.15 per hundredweight for the delivery periods from August 1942 through March 1943, inclusive; and $2.75 per hundredweight thereafter" and substitute therefor the following phrase "$3.67 per hundredweight through March 1944, and $2.74 per hundredweight thereafter."

3. Delete § 942.5 (a) (2) and substitute therefor the following:

(2) Class II milk: $3.00 per hundredweight through March 1944, and $2.07 per hundredweight thereafter.

4. Delete § 942.5 (a) (3) and substitute therefor the following:

(3) Class III milk: The price per hundredweight resulting from the following computation by the market administrator: add 9 cents to the average wholesale price per pound of 92-score butter at Chicago, as reported by the United States Department of Agriculture for the delivery period during which such milk was received, and multiply the resulting sum by 4.

5. Delete from § 942.8 (d) the following phrase "an amount equal to one-fortieth of the price for Class III milk computed pursuant to § 942.5 (a) (3)" and substitute therefor the following phrase "an amount computed as follows: add 20 percent to the price per pound of butter described in § 942.5 (a) (3), subtract 2 cents, and divide the net result by 10."

6. Add a new section as follows:

§ 942.12 *Agents.* The Secretary may, by designation in writing, name any officer or employee of the United States Government, or name any bureau or division of the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions hereof.

This report filed at Washington, D. C., this 30th day of January 1943.

ESTATE OF GIOVANNI ALBANESE

In re: Estate of Giovanni Albanese, deceased—File No. D-38-390; E. T. sec. 1328.

Under the authority of the Trading with the Enemy Act as amended, Executive Order 9095 as amended, and pursuant to law, the Alien Property Custodian after investigation,

Finding that:

(1) The property and interests hereinafter described are property which is in the process of administration by the Treasurer of the City of New York as depositary acting under the judicial supervision of the Surrogate's Court of the State of New York, in and for Bronx County;

(2) Such property and interests are payable or deliverable to, or claimed by, nationals of a designated enemy country, Italy, namely:

Nationals:	*Last known address*
Pappino Albanese	Italy
Estherina Albanese	Italy

And determining that—

(3) If such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, Italy; and

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest and claim of any kind or character whatsoever of Pappino Albanese and Estherina Albanese, and each of them, in and to the Estate of Giovanni Albanese, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and interests and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property and interests or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 4-46]

AMERICAN WATER WORKS AND ELECTRIC CO., INC., ET AL.

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 28th day of January, A. D. 1943.

In the Matter of American Water Works and Electric Company, Incorporated, Atlantic County Water Company of New Jersey, Commonwealth Water Company, The Bernards Water Company, Monmouth Consolidated Water Company, New Jersey Water Company, Ocean County Water Company, American Water Works Construction Company, Water Works Department, Inc.

The Board of Public Utility Commissioners of the State of New Jersey having requested the Securities and Exchange Commission, pursuant to section 18 (b) of the Public Utility Holding Company Act of 1935, to investigate the managerial service contracts between American Water Works and Electric Company, Incorporated, a registered holding company, and its six subsidiary companies in New Jersey, Atlantic County Water Company of New Jersey, Commonwealth Water Company, The Bernards Water Company, Monmouth Consolidated Water Company, New Jersey Water Company and Ocean County Water Company, and to obtain certain information with respect to said contracts, the actual cost of the services rendered and the allocation of charges among the various recipients of said services; and

The Commission having been advised by its Public Utilities Divison of evidence tending to show that:

1. American Water Works and Electric Company, Incorporated, by use of the mails or other means or instrumentalities of interstate commerce, or otherwise, renders divers managerial services pursuant to certain uniform management contracts at a profit to certain of its subsidiary companies, including, among others, the six subsidiary companies named above.

2. American Water Works and Electric Company, Incorporated, unfairly and inequitably allocates the managerial service charges among such subsidiary companies irrespective of the cost incurred in rendering such service to each such subsidiary company.

3. American Water Works Construction Company, a subsidiary company of said American Water Works and Electric Company, Incorporated, by use of the mails or other means or instrumentalities of interstate commerce, or otherwise, performs services and construction work at a profit for certain subsidiary companies of American Water Works and Electric Company, Incorporated, pursuant to certain uniform engineering contracts.

4. American Water Works Construction Company unfairly and inequitably allocates the construction and engineering charges among such subsidiary companies irrespective of the cost incurred in rendering such service to each such subsidiary company.

5. Water Works Department, Inc., a subsidiary company of American Water Works and Electric Company, Incorporated, by use of the mails or other means or instrumentalities of interstate commerce, or otherwise, renders stock transfer and similar services for certain subsidiary companies of American Water Works and Electric Company, Incorporated.

It, therefore, tentatively appearing to the Commission on the basis of the allegations hereinbefore set forth that the construction, sales and service arrangements of American Water Works and Electric Company, Incorporated, American Water Works Construction Company, and Water Works Department, Inc. may not satisfy the requirements of section 13 of the Public Utility Holding Company Act of 1935; and

It further appearing to the Commission, on the basis of the allegations hereinbefore set forth, that proceedings should be instituted under section 13 of the Act with respect to the construction, sales and service arrangements of American Water Works and Electric Company, Incorporated, American Water Works Construction Company, and Water Works Department, Inc. to determine what steps should be required to be taken by each of such companies pursuant to the provisions of said section;

It further appearing to the Commission, on the basis of the allegations hereinbefore set forth, that proceedings should be instituted under section 18 (a) of the Act with respect to the construction, sales and service arrangements of American Water Works and Electric Company, Incorporated, American Water Works Construction Company, and Water Works Department, Inc. to determine whether with respect to such matters there has been a violation or is about to be a violation of any provisions of the Act or any rule or regulation thereunder and to aid in the enforcement of the provisions of the Act, in the prescribing of rules and regulations thereunder, and in obtaining information to serve as a basis for recommending further legislation;

It further appearing to the Commission that, in accordance with the request of the Board of Public Utility Commissioners of the State of New Jersey, an investigation should be instituted pursuant to section 18 (b) of the Act and that a public hearing should be held;

It is ordered, That a hearing on such matters, under the applicable provisions of the Act and the Rules and Regulations of the Commission thereunder, be held on the 18th day of February, 1943 at 11:00 a. m. in Room 611 of the offices of the New Jersey Board of Public Utility Commissioners at 1060 Broad Street, Newark, New Jersey.

It is further ordered, That Richard Townsend, a trial examiner of this Commission, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a Trial Examiner under the Commission's Rules of Practice.

It is further ordered, That any other person desiring to be heard in connection with these proceedings or proposing to intervene herein shall file with the Secretary of the Commission, on or before the 11th day of February, 1943, his request or application therefor, as provided by Rule XVII of the Rules of Practice of the Commission.

It is further ordered, That jurisdiction be and hereby is reserved to separate, either in whole or in part, or for disposition, in whole or in part, any of the issues or questions which may arise in these proceedings and to take such other action as may appear conducive to an orderly, prompt, and economic disposition of the matters involved.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

CENTRAL STANDARD CONSOLIDATED MINES

ORDER FOR HEARING AND DESIGNATING OFFICER TO TAKE TESTIMONY

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania, on the 29th day of January, A. D., 1943.

In the matter of proceeding under section 19 (a) (2) of the Securities Exchange Act of 1934 as amended, to determine whether the registration of Central Standard Consolidated Mines, Com-

mon Stock, 10¢ Par Value, should be suspended or withdrawn.

I

It appearing to the Commission:

That Central Standard Consolidated Mines, a corporation organized under the laws of the State of Utah, is the issuer of Common Stock, 10¢ Par Value; and

That said Central Standard Consolidated Mines registered such security on the Salt Lake Stock Exchange, a national securities exchange, by filing with the Exchange and with the Commission on or about April 6, 1936 an application on Form 10 pursuant to section 12 (b) and (c) of the Securities Exchange Act of 1934 as amended, and Rule X-12B-1 as amended, promulgated by the Commission thereunder, and registration pursuant to such application having become effective on June 27, 1936 and remaining in effect to and including the date hereof; and

It further appearing to the Commission:

That Rule X-13A-1, promulgated pursuant to section 13 of said Securities Exchange Act of 1934, as amended, did and does require that an annual report for each issuer of a security registered on a national securities exchange shall be filed on the appropriate form prescribed therefor; and

That Rule X-13A-2, promulgated pursuant to section 13 of the Securities Exchange Act of 1934, as amended, did and does prescribe Form 10-K as the annual report form to be used for the annual reports of all corporations except those for which another form is specified, and that no other form was or is specified for use by the said Central Standard Consolidated Mines; and

That said Rule X-13A-1 requires that said annual report be filed not more than 120 days after the close of each fiscal year or such other period as may be prescribed in the instruction book applicable to the particular form: that the Instruction Book for Form 10-K does not prescribe any period other than such 120 days; and that pursuant to said Rule X-13A-1 the annual report must be filed within such period unless the registrant files with the Commission a request for an extension of time to a specified date within six months after the close of the fiscal year; and

That said Central Standard Consolidated Mines has a fiscal year ending December 31; that the annual report for its fiscal year ending December 31, 1941 was due to be filed not later than April 30, 1942; that registrant made no request for extension of time within which to file said report; that the time for filing was not extended by the Commission; that the annual report for the fiscal year ended December 31, 1941 was not filed either within such period or at any later date; and

II

The Commission having reasonable cause to believe that:

The said Central Standard Consolidated Mines has failed to comply with the provisions of section 13 of the Securities Exchange Act of 1934, as amended, and Rules X-13A-1 and X-13A-2 promulgated thereunder, in that (1) it has failed to file its annual report for the year ended December 31, 1941 within the time prescribed for filing said report; and (2) it has failed to file such annual report at any later date; and

III

It being the opinion of the Commission that the hearing herein ordered to be held is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Securities Exchange Act of 1934, as amended:

It is ordered, Pursuant to section 19 (a) (2) of said Act, that a public hearing be held to determine whether Central Standard Consolidated Mines has failed to comply with section 13 of the Securities Exchange Act of 1934, as amended, and the Rules, Regulations and Forms promulgated by the Commission thereunder, in the respects set forth above; and if so, whether it is necessary or appropriate for the protection of investors to suspend for a period not exceeding twelve months or to withdraw the registration of the Common Stock, 10¢ Par Value, of said Central Standard Consolidated Mines on said Salt Lake Stock Exchange;

It is further ordered, Pursuant to the provisions of section 21 (b) of the Securities Exchange Act of 1934, as amended, that for the purpose of such hearing, John L. Geraghty, an officer of the Commission, is hereby designated to administer oaths and affirmations, subpoena witnesses, compel their attendance, take testimony and require the production of any books, papers, correspondence, memoranda, or other records deemed relevant or material to the inquiry, and to perform all other duties in connection therewith authorized by law;

It is further ordered, That the taking of testimony in this hearing begin on the 19th day of February, 1943, at 10:00 A. M. THE MIDDLE WEST CORPORATION ET AL

NOTICE OF AND ORDER RECONVENING HEARING, AND NOTICE TO FILE BRIEF AND STATEMENT

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 29th day of January, A. D. 1943.

In the matter of the Middle West Corporation, North West Utilities Company, Wisconsin Power and Light Company.

The Commission having on June 9, 1941 issued its notice of and order for hearing instituting proceedings (File No. 59-23) under section 11 (b) (2) of the Public Utility Holding Company Act of 1935 regarding The Middle West Corporation ("Middle West"), a registered holding company, North West Utilities Company ("North West"), a registered holding company in the system of The Middle West Corporation, and Wisconsin Power & Light Company ("Wisconsin") to determine, among other things, whether it is necessary for the Commission, in order to insure that the corporate structure and/or continued existence of North West do not unduly or unnecessarily complicate the structure, or unfairly or inequitably distribute voting power among the security holders of the holding company system of The Middle West Corporation, and to insure that voting power is not unfairly or inequitably distributed among the respective security holders of North West and Wisconsin, to order disposition of the assets of North West in accordance with a fair and equitable reorganization plan, or plan for the divestment of control, securities or other assets, or for other action by such company for the purpose of enabling it to comply with the provisions of section 11 (b) (2); and

The Commission having on June 11, 1942 entered its order consolidating the 11 (b) (2) proceedings with the hearings then being held on a plan of partial recapitalization of North West which had been presented by filings of that company and Middle West, its parent, (File Nos. 70-187 and 70-191), and having reserved the right to order a separate hearing concerning any of said matters and to close the record with respect to, or to take any action on, any of the matters prior to the closing of the record on or the consideration of any other matter; and

The Commission having deemed it appropriate and conducive to an orderly disposition of the consolidated proceedings that certain questions relating to North West first be determined, and having on May 25, 1942, issued its order reconvening such hearings, limited in scope, however, to questions related only to the issue of termination and dissolution of North West pursuant to section 11 (b) (2) of the Act, and having expressly reserved jurisdiction of all other matters and issues raised by or contained in its orders of June 9, 1941 and June 11, 1941; and

Hearings having been accordingly resumed and evidence taken with respect to the issue concerning termination and dissolution of North West, and counsel for respondents and for the Public Utilities Division of the Commission having stipulated that they have no further evidence to offer relating to such issue; and

Counsel for the Public Utilities Division of the Commission having submitted to the Commission and to the respondents proposed "Findings and Opinion" resolving the necessity for North West's dissolution, which counsel requests the Commission to adopt as its findings and opinion in these proceedings; and

It appearing that the respondents have waived any right to file briefs, and to oral argument on such issue and North West having filed its objections to such proposed findings and opinion on the ground, among others, that unless the Commission permits Middle West to retain its present interest in North West, the latter company is entitled to continue to exist as a registered holding company and to have "a single integrated public utility system," and such other businesses as are reasonably incidental or economically necessary or appropriate to the operations of such integrated public utility system and such additional systems as section 11 (b) (1) makes provision for retaining; and

North West and Middle West having also filed two motions, one being a motion to grant the applications and to make effective the declarations concerning the plan of recapitalization of North West, as amended (File Nos. 70-187 and 70-191), without prejudice to later disposition of remaining questions, if any, requiring attention in the judgment of the Commission; and

The Commission now having pending before it for decision proceedings under section 11 (b) (1) of the Act regarding Middle West and its subsidiaries, including North West, and deeming it appropriate, in view of the pendency of such proceedings and in view of the objections and the motion of North West and Middle West referred to in the last preceding paragraph hereof, to consider as an alternative to dissolution of North West, the question of necessity of requiring the capitalization of North West to be changed to one of a single class of stock, namely, common stock, and it further appearing that the record herctofore made in these proceedings is sufficient for such purposes;

It is ordered, That the respondents shall, on or before February 10, 1943 submit to the Commission any memorandum or brief, together with a statement of additional evidence, if any, which they or any one or more of them desire to proffer on the issue of whether it is necessary for the Commission to require a recapitalization of North West on a common-stock basis for the purpose of enabling it to comply with the provisions of section 11 (b) (2).

It is further ordered, That if the respondents or any one or more of them desire to proffer additional evidence, a reconvened hearing will be held for such purpose on the 11th day of February, 1943 at 10 o'clock A. M., E. W. T., at the office of the Securities and Exchange Commission 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as may be designated on that day by the hearing room clerk in Room 318.

It is further ordered, That the Secretary of the Commission shall serve notice of the matters contained herein by mailing a copy of this order by registered mail to the respondents and to their respective counsel as well as to any other party previously granted the right to be heard and participate in the above-described proceeding, and shall give notice to all other interested persons by publication in the FEDERAL REGISTER.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearings in such matter. The officer so designated is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That all persons desiring to be heard or otherwise wishing to participate herein shall notify the Commission to that effect in the manner provided for by Rule XVII of the Commission's Rules of Practice, on or before February 10, 1943.

By the Commission.

MORGAN STANLEY AND CO., INC.

ORDER DISMISSING PROCEEDINGS, ETC.

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 29th day of January 1943.

Order dismissing proceedings as to Morgan Stanley and Co., Incorporated and releasing jurisdiction over limited payment of underwriting fees.

Consumers Power Company, a subsidiary of Commonwealth & Southern Corporation, a registered holding company, having filed on November 17, 1939, a declaration regarding, among other matters, the issuance and sale of its First Mortgage Bonds pursuant to the provisions of section 7 of the Public Utility Holding Company Act of 1935;

Morgan Stanley & Co., Incorporated having applied on December 1, 1939 for findings pursuant to Paragraph (a) (3) of Rule U-12F-2 with respect to its status under said Rule as an underwriter of the bonds proposed to be issued and sold by Consumers Power Company;

The Commission having on December 28, 1939 issued its order with respect to said declaration of Consumers Power Company permitting the same to become, in part, effective, upon condition, however, that pending the final determination of the issues raised by said application of Morgan Stanley & Co., Incorporated and a similar application filed by Bonbright & Company, Incorporated, no underwriting fees, commissions, or any other compensation derived from the issuance and sale of said Consumers Power Company should be paid directly or indirectly to, or retained by, said underwriters;

The applicant, Morgan Stanley & Co., Incorporated, having filed an amendment to its application providing for a reduction of its fees and compensation for all services connected with the underwriting of said bonds so that its

total compensation would not exceed the compensation payable to an underwriter whose participation was not in excess of 5 percent of the total offering and, upon the basis of such reduced fee, having moved the Commission for an order dismissing the proceedings instituted upon its said application and releasing jurisdiction over such reduced compensation and permitting Consumers Power Company to pay to Morgan Stanley & Co., Incorporated or to its assignees the sum of $16,160.51, which amount is computed at the rate applicable to a 5 percent participation of the total offering;

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to dismiss the application filed by Morgan Stanley & Co., Incorporated to release jurisdiction as to the payment of such reduced fees and compensation;

It is ordered, That the proceedings instituted upon said application of Morgan Stanley & Co., Incorporated be, and hereby are, dismissed; and that jurisdiction be, and hereby is, released over such reduced fees and compensation payable to Morgan Stanley & Co., Incorporated, or to its assignees, as an underwriter of said bonds of the Consumers Power Company, provided that the total of such fees and compensation shall not exceed $16,160.51.

By the Commission.

MINNESOTA UTILITIES COMPANY, ET AL.

ORDER GRANTING APPLICATIONS AND PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 29th day of January, A. D. 1943.

In the matter of Minnesota Utilities Company, American Utilities Service Corporation and Minnesota Power and Light Company.

American Utilities Service Corporation, a registered holding company, and its subsidiary, Minnesota Utilities Company, having filed a joint application or declaration and amendment thereto under sections 12 (c) and 12 (d) of the Public Utility Holding Company Act of 1935 and Rule U-42 and Rule U-44 promulgated thereunder and Minnesota Power & Light Company, a subsidiary of American Power & Light Company, which in turn is a subsidiary of Electric Bond and Share Company, both registered holding companies, having filed an application or declaration and amendment thereto under sections 9 (a) and 10 of said Act and Rule U-41 promulgated thereunder, both of which applications or declarations and amendments seek approval of a series of proposed transactions which may be summarized as follows:

1. Minnesota Utilities Company proposes to sell and Minnesota Power & Light Company proposes to acquire the electric properties of the former company comprising its Pine River District located in the Counties of Cass and Crow Wing in the State of Minnesota for the sum of $185,000 in cash, plus $15,000 for materials and current assets, subject to certain adjustments covering transactions between October 1, 1942 and the date on which the sale and purchase is consummated.

2. Minnesota Utilities Company proposes to employ $185,000 of the proceeds of said sale in partial payment of its note indebtedness to its parent, American Utilities Service Corporation which, pursuant to the terms of the Indenture securing its Collateral Trust 6% bonds, Series A, will deposit said payment with the Trustee, Continental Illinois National Bank and Trust Company of Chicago. American plans to use said $185,000 together with other funds held or to be held by the Trustee for the purchase and/or call of not to exceed $200,000 of its aforementioned 6% Bonds and will request the Trustee, pursuant to the Indenture, to advertise for tenders of $200,000 of said Bonds, to be purchased at the option of American with the "release monies" so held by the Trustee.

A joint public hearing on said applications and declarations having been held after appropriate notice; and the Commission having examined the record and having made and filed its findings herein;

It is ordered, That the said applications as amended be, and hereby are, granted and that the said declarations as amended be, and hereby are, permitted to become effective forthwith subject, however, to the terms and conditions prescribed in Rule U-24 of the General Rules and Regulations promulgated under said Act.

By the Commission.

WAR MANPOWER COMMISSION.

[Directive XVII]

FARM LABOR MOBILIZATION RESPONSIBILITIES IN DEPARTMENT OF AGRICULTURE

By virtue of the authority vested in me by Executive Orders Nos. 9139 and 9279,[1] and having found, after consultation with the members of the War Manpower Commission, that the measures hereinafter set forth will promote a more effective mobilization and utilization of the farm labor resources in the prosecution of the war through a more complete use of the facilities and personnel of the Department of Agriculture, it is hereby directed:

I. The Secretary of Agriculture, through such persons and employees (including uncompensated personnel) of the Department of Agriculture as he may designate and subject to policies and standards prescribed by the Chairman of the War Manpower Commission, and to the continuous review and appraisal of the War Manpower Commission, shall have full operating responsibility for the recruitment, placement, transfer, and utilization of agricultural workers, to the end that the labor requirements of agricultural production may be met.

II. In carrying out responsibilities in connection with the mobilization of farm labor, the Department of Agriculture will recruit, place, and transfer workers already engaged in agriculture, and youth, women and other workers not already engaged in agriculture, in order that agricultural production schedules may be met.

III. The Department of Agriculture in its recruitment, placement, transfer and utilization of workers will cooperate closely with the United States Employment Service, in order that the total labor requirements for agricultural and other production will be served as efficiently as possible from a common labor pool. In those instances where the number of workers in agriculture and in rural communities is inadequate to meet the labor requirements for agricultural production, the Department of Agriculture may place orders for additional workers with the United States Employment Service. In those instances where the facilities of the United States Employment Service are used for the recruitment of agricultural workers, appropriate certifications as to the labor supply and demand will be made by the Department of Agriculture. The importation of foreign workers for use in agriculture will be initiated only with the approval, and in accord with the policies, of the Chairman of the War Manpower Commission and only after all local resources are exhausted.

IV. The Secretary of Agriculture shall make such reports concerning agricultural labor requirements, the supply of workers available for agricultural work, and the Department's recruitment, placement, transfer and utilization operations under this directive, as the Chairman of the War Manpower Commission may from time to time require, for an appraisal of the agricultural labor mobilization program and for the purpose of coordinating this program with other parts of the manpower mobilization program.

V. As used in this directive, the term "agricultural" means those farm activities or services carried on by, or performed for, farm owners or tenants on farms in connection with the cultivation of the soil, the harvesting of crops, or the raising, feeding, or management of livestock, bees, and poultry, and shall not include any packing, canning, processing, transportation or marketing of articles produced on farms unless performed or carried on as an incident to ordinary farming operations as distinguished from manufacturing or commercial operations.

PAUL V. MCNUTT,
Chairman.

PROCLAMATION 2575

CAPTURE OF PRIZES

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS the act of August 18, 1942, Public Law 704, 77th Congress, contains in part the following provisions:

"*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled*, That the district courts shall have original jurisdiction of all prizes captured during the present war on the high seas if said capture was made by authority of the United States or was adopted and ratified by the President of the United States and the prize was brought into the territorial waters of a cobelligerent or was taken or appropriated for the use of the United States on the high seas or in such territorial waters, including jurisdiction of all proceedings for the condemnation of such property taken as prize.

* * * * *

"SEC. 3. The jurisdiction of prizes brought into the territorial waters of a cobelligerent shall not be exercised under authority of this Act, nor shall prizes be taken or appropriated within such territorial waters for the use of the United States, unless the government having jurisdiction over such territorial waters consents to the exercise of such jurisdiction or to such taking or appropriation.

* * * * *

"SEC. 7. A cobelligerent of the United States which consents to the exercise of the jurisdiction herein conferred with respect to prizes of the United States brought into its territorial waters and to the taking or appropriation of such prizes within its territorial waters for the use of the United States shall be accorded, upon proclamation by the President of the United States, like privileges with respect to prizes captured under authority of such cobelligerent and brought into the territorial waters of the United States or taken or appropriated in the territorial waters of the United States for the use of such cobelligerent. Reciprocal recognition and full faith and credit shall be given to the jurisdiction acquired by courts of a cobelligerent hereunder and to all proceedings had or judgments rendered in exercise of such jurisdiction."

WHEREAS the Government of the United Kingdom, a cobelligerent, has consented to the exercise of the jurisdiction conferred by the said act with respect to prizes of the United States brought into the territorial waters of the United Kingdom and Sierra Leone and to the taking or appropriation of such prizes within the territorial waters of the United Kingdom and Sierra Leone for the use of the United States:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, acting under and by virtue of the authority vested in me by the said act of August 18, 1942, do proclaim that the Government of the United Kingdom shall be accorded like privileges with respect to prizes captured under authority of the said Government and brought into the territorial waters of the United States or taken or appropriated in the territorial waters of the United States for the use of the said Government.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

Done at the City of Washington this 30th day of January in the year [SEAL] of our Lord nineteen hundred and forty-three and of the Independence of the United States of America the one hundred and sixty-seventh.

TITLE 7—AGRICULTURE

Chapter VIII—Food Distribution Administration[1]

PART 802—SUGAR DETERMINATIONS

1943 SUGARCANE CROP FARMING PRACTICES

Determination of farming practices to be carried out in connection with the production of the 1943 crop of sugarcane in the mainland cane sugar area, pursuant to section 301 (e) of the Sugar Act of 1937, as amended.

Pursuant to the provisions of section 301 (e) of the Sugar Act of 1937, as amended, the following determination is hereby issued:

§ 802.23e *Farming practices in connection with the production of the 1943 crop of sugarcane in the mainland cane sugar area*—(a) *Soil-building requirements.* The conditions prescribed in subsection (e) of section 301 of the Sugar Act of 1937, as amended, shall be deemed to have been fulfilled with respect to the production of the 1943 crop of sugarcane for sugar on any farm in the mainland cane sugar area if there is carried out in 1943, on land on the farm which is adapted to the production of sugarcane for sugar, an acreage of soil-building practices equal to not less than 15 per centum of the acreage of sugarcane for sugar growing on the farm for harvest in 1943.

(b) *Approved practices.* (1) Each acre of the following shall be counted as one acre of soil-building practices:

(i) Seeding winter legumes.

(ii) Plowing or disking under a good stand and good growth of a green manure crop, or cover crop (excluding lespedeza, peanuts hogged off, and nonleguminous cover crops).

(iii) Turning under a good stand and good growth of summer legumes (excluding peanuts, lespedeza, and summer legumes used as truck crops) nut interplanted or grown in combination with row crops such as corn.

(2) Each two acres of the following shall be counted as one acre of soil-building practices:

(i) Turning under a good stand and good growth of summer legumes (excluding peanuts, lespedeza, and summer legumes used as truck crops) interplanted or grown in combination with row crops, such as corn: *Provided*, The summer legume occupies at least one-third of the land.

(3) Each of the following practices in the amounts specified shall be counted as one acre of soil-building practices if applied to a full seeding of winter legumes:

(i) Application of 300 pounds of 16-percent superphosphate (or its equivalent) to, or in connection with the seeding of winter legumes.

(ii) Application of 500 pounds of basic slag or rock phosphate (including Colloidal Phosphate) to, or in connection with the seeding of, winter legumes.

(4) Each one and one-half acres of land the top soil of which is combustible (determined as such by the State Agricultural Conservation Committee) and from which no crop classified as soil-depleting in ACP–1941, 1941 Agricultural Conservation Program Bulletin, as amended, is harvested in 1943 and on which adequate facilities (ditches, pumps and necessary equipment) have been maintained (whether constructed in 1943 or earlier) for flooding the land during the 1943 fire hazard season as a protection against the destruction of such top soil by fire and on which there are carried out the practices specified in paragraphs B, C, D and E of Amendment 3 to Southern Region Bulletin 101, issued June 11, 1937, for protecting the soil against fire, assuring adequate drainage, and preventing soil oxidation and subsidence, shall be counted as one acre of soil-building practices: *Provided, however*, That there shall be carried out on such land on the farm such other practices as are recommended for the farm by the County Agricultural Conservation Committee, and approved by the State Agricultural Conservation Committee, for protecting the soil against fire, assuring adequate drainage, preventing soil oxidation and subsidence, and otherwise preserving and improving the fertility of the soil and preventing soil erosion, such practices to be consistent with reasonable standards of the farming community in which the land is located.

(c) *Standards of performance.* The soil conserving practices shall be carried out on the farm in accordance with farming methods commonly used in the community in which the farm is located and in accordance with specifications approved by the Director of the Southern Division of the Agricultural Adjustment Agency.

PART 947—MILK IN THE FALL RIVER, MASSACHUSETTS, MARKETING AREA[1]

ORDER SUSPENDING CERTAIN PROVISIONS, ETC.

Order suspending certain provisions of the order, as amended, regulating the handling of milk in the Fall River, Massachusetts, marketing area.

Pursuant to the applicable provisions of Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937 (7 U.S.C. 1940 ed. 601 *et seq.*), hereinafter referred to as the "act", and the provisions of the order, as amended, regulating the handling of milk in the Fall River, Massachusetts, marketing area, it is hereby found that the provisions of the said order relating to base ratings for producers of milk, as used in the said order, obstruct and no longer tend to effectuate the declared policy of the act with respect to the producers of milk under such marketing order.

It is, therefore, ordered, That, effective as of 11:59 p. m., e. w. t., January 31, 1943, the following provisions of the order, as amended, regulating the handling of milk in the Fall River, Massachusetts, marketing area are hereby suspended:

1. "except April, May, and June" in § 947.7 (b) (1);
2. § 947.7 (b) (2);
3. § 947.8;
4. "for all delivery periods except April, May, and June of each year" in § 947.9 (a) (1); and
5. § 947.9 (a) (2).

Done at Washington, D. C., this 30th day of January 1943. Witness my hand and the seal of the Department of Agriculture.

PART 961—MILK IN THE PHILADELPHIA, PENNSYLVANIA, MARKETING AREA

ORDER SUSPENDING PROVISION

Order suspending provision of § 961.1 (a) (5) of the order regulating the handling of milk in the Philadelphia, Pennsylvania, marketing area.

Pursuant to the provisions of Public Act No. 10, 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937 (7 U.S.C. 1940 ed. 601 *et seq.*), hereinafter referred to as the "act", and the provisions of the order regulating the handling of milk in the Philadelphia, Pennsylvania, marketing area, effective April 1, 1942 (7 F.R. 2377), it is hereby determined that the time limitation with respect to the inclusion of certain farmers (who do not regularly deliver milk for use in the Philadelphia, Pennsylvania, marketing area) as producers, obstructs, and does not tend to effectuate the declared policy of the act.

It is, therefore, ordered, That the words "of October, November, December, and January", which appear in § 961.1 (a) (5) of the said order, shall be, and hereby are, suspended, effective as of 12:01 a. m., e. w. t., February 1, 1943.

Done at Washington, D. C., this 30th day of January 1943. Witness my hand and the seal of the Department of Agriculture.

[Bulletin 15]

AGENCY DUTIES OF THE OFFICERS OF THE BANKS

FEBRUARY 1, 1943.

Effective February 1, 1943, the Rules and Regulations for the Federal Home Loan Bank System are amended as follows:

PART 2—ORGANIZATION OF THE BANKS

1. Paragraph (b) of § 2.5 is amended to read as follows:

(b) *Duties of officers*—(1) *In general.* The President shall be the chief administrative officer of the Bank. The President and other officers shall have such powers and duties as are prescribed in the Bank's bylaws and in these Rules and Regulations.

(2) *President.* The President shall endeavor to ascertain whether each member of the Bank is complying with the provisions of section 5 of the Act, whether it is making long term loans as defined in § 1.9 of these Rules and Regulations and whether the character of its management and its home financ-

ing policy is consistent with sound and economical home financing and with the purposes of the Act. If the President finds that a member institution is not conducting its affairs in accordance with the foregoing, he shall request the member so to do. In the event the member does not comply with such request, the President shall report the matter, or cause it to be reported, to the board of directors at its next meeting, insofar as practicable. After the case has been considered by the board of directors, the President shall report such case to the Governor and inform him of any action taken thereon by the board of directors.

(3) *Officers as agents.* For the following purposes, the officers of a Bank, and any employee thereof designated by the Governor, shall be the agents of the Federal Home Loan Bank Administration, the Federal Savings and Loan Insurance Corporation and the Home Owners' Loan Corporation and the counsel of the Bank shall render to said agents such legal services as may be necessary to enable them to properly carry out such duties:

It shall be the specific duty of said agents to give consideration to applications for charters for Federal savings and loan associations, conversions, insurance of accounts by the Federal Savings and Loan Insurance Corporation, and investments by the Home Owners' Loan Corporation in savings and loan associations and to promptly make comments and recommendations upon such applications. Said agents shall transmit to the Federal Home Loan Bank Administration's district examiner, together with their comments and recommendations thereon, applications for conversion, insurance and for investments by the Home Owners' Loan Corporation in savings and loan associations, and shall transmit direct to the Governor, together with their comments and recommendations thereon, applications for charters for Federal savings and loan associations. Such comments and recommendations shall be signed by the agents favoring same, and any agent disagreeing therewith shall make a separate report which shall be forwarded at the same time. An agent shall forward, when requested by the Governor, advice of action taken by the Federal Home Loan Bank Administration, the Federal Savings and Loan Insurance Corporation, and the Home Owners' Loan Corporation upon applications, and instructions and other communications from the Federal Home Loan Bank Administration, the Federal Savings and Loan Insurance Corporation, and the Home Owners' Loan Corporation to the applicant or institution.

(4) *President as agent.* For the following purposes, the President of each Bank shall be the agent of the Federal Home Loan Bank Administration and the Federal Savings and Loan Insurance Corporation and the counsel of the Bank shall render to said agent such legal services as may be necessary to enable him properly to carry out such duties: provided, however, when designated by the Governor, some officer or employee other than, or in addition to, the President, may act as agent or agents of the Federal Home Loan Bank Administration and the Federal Savings and Loan Insurance Corporation:

Said agent shall represent the Federal Home Loan Bank Administration and the Federal Savings and Loan Insurance Corporation in supervising Federal savings and loan associations and institutions in the Bank's district which are insured by the Federal Savings and Loan Insurance Corporation. When, in his opinion, such action should be taken, he shall advise and endeavor to assist Federal savings and loan associations and insured institutions in his Bank district to conduct their operations in conformity with the statutes and the rules and regulations governing them. He shall confer and negotiate, pursuant to instructions from the Federal Home Loan Bank Administration and the Federal Savings and Loan Insurance Corporation, with applicants, their officers, directors, members or creditors, individually or in group meetings, and otherwise as the Federal Home Loan Bank Administration and the Federal Savings and Loan Insurance Corporation may request in writing. He shall see that all Federal savings and loan associations and insured institutions in his Bank district submit to him for his consideration such matters as budgets, applications for Federal Home Loan Bank Administration approval of amendments to charters or bylaws, petitions for Federal Home Loan Bank Administration permission to establish branch offices, applications for Federal Home Loan Bank Administration approval of the purchase of assets or of consolidations, dissolutions, or mergers, and such other similar matters as are required to be approved by the Federal Home Loan Bank Administration or by the Federal Savings and Loan Insurance Corporation under the statutes and rules and regulations. When these matters come to the attention of said agent he shall, after giving them due consideration, submit them, with his recommendations thereon, to the Governor for such action as he may deem appropriate. After the issuance by the Federal Home Loan Bank Administration of a charter for a Federal savings and loan association, said agent shall follow up the corporate actions taken by the association in the completion of its organization, and shall require the association to comply with the laws, the rules and regulations made thereunder, and such other requirements as may be applicable thereto. Said agent shall represent the Federal Home Loan Bank Administration and the Federal Savings and Loan Insurance Corporation in supervising the bonding of directors, officers and employees of Federal savings and loan associations and insured institutions as required by the statutes, bylaws and rules and regulations governing such institutions.

Upon receiving from the District Examiner two copies of a report of a supervisory examination of a Federal savings and loan association or an insured institution, together with the District Examiner's analysis thereof, said agent shall make a careful study of such report and analysis, and shall transmit to the institution examined its copy of the report of the examination, and, if necessary, a supervisory letter on stationery provided by the Federal Home Loan Bank Administration and the Federal Savings and Loan Insurance Corporation for such purposes. Said agent shall forward promptly to the Governor copies of all transmittal and other supervisory letters and reports of supervisory conferences or meetings with officers or directors of Federal savings and loan associations and insured institutions. The Governor will consider the documents so forwarded and will advise the said agent concerning such matters as may appear to be appropriate. Any instructions or recommendations from the Governor to the said agent with respect to his duties as agent of the Federal Home Loan Bank Administration and the Federal Savings and Loan Insurance Corporation, shall be acted upon promptly.

PART 3—MEMBERS OF BANKS

2. Paragraph (c) of § 3.2 is amended to read as follows:

(c) *Examination and review of application.* The officers of the Bank shall promptly consider the application for membership, together with such supplemental information as may be available to them with respect to the eligibility of the applicant, and shall report their recommendations thereon to the board of directors or to the executive committee of the Bank, which shall consider the officers' report and shall then transmit the application to the Federal Home Loan Bank Administration with its recommendations thereon as provided in the bylaws. If definite action on the application has not been taken by the Board of Directors or the Executive Committee at the meeting next succeeding the date of receipt by the Bank of the application, the President shall cause the Governor to be notified of the receipt of the application and the reason for the delay in transmitting it to the Federal Home Loan Bank Administration.

PART 4—OPERATION OF THE BANKS

3. Paragraph (g) of § 4.1 is repealed and paragraph (h) is relettered as paragraph (g).

PART 6—FEDERAL HOME LOAN BANK BOARD

4. Paragraph (a) of § 6.2 is amended to read as follows:

(a) *Governor, Federal Home Loan Bank System.* The Governor of the Federal Home Loan Bank System shall be the chief administrative officer under the Federal Home Loan Bank Commissioner and shall be directly responsible to the Federal Home Loan Bank Administration for the administration of the Banks, under regulations prescribed by the Federal Home Loan Bank Administration and as directed by it. Officials of the Banks and the public shall deal directly with the Governor in administrative matters. The Governor shall be responsible for such supervision of all Federal savings and loan associations as is provided by the statute and the regulations made thereunder, for such supervision of other insured institutions as the Federal Savings and Loan Insurance Corporation may provide, and for such supervision of other members of the Banks as may be appropriate under the Act and regulations made thereunder. Such supervision shall be accomplished though such staff as may be necessary in Washington, D. C., and in the field through the agents of the Federal Home Loan Bank Administration and the Federal Savings and Loan Insurance Corporation.

PART 7—SUPERVISION

5. Section 7.1 is amended to read as follows:

§ 7.1 *General supervisory powers.* The Federal Home Loan Bank Administration and the Federal Savings and Loan Insurance Corporation shall have original authority in the exercise of the supervisory powers granted to them by law. As provided in paragraph (a) of § 6.2 of these regulations, supervision of all Federal savings and loan associations, insured institutions, and other members shall be under the direction of the Governor and shall be administered by him through such staff of employees as may be necessary and through the agents of the Federal Home Loan Bank Administration and the Federal Savings and Loan Insurance Corporation.

6. Section 7.2 is repealed.

7. Section 7.3 is renumbered as § 7.2 and amended in the following particulars:

a. The title of such section is amended to read *Examinations, reports and records.*

b. The last four sentences of paragraph (a) are repealed.

c. Paragraph (b) is amended to read as follows:

(b) *Records to be kept.* Reports, analyses, and correspondence of the Bank, of the agents of the Federal Home Loan Bank Administration, the Federal Savings and Loan Insurance Corporation and the Home Owners' Loan Corporation and of the District Examiner pertaining specifically to member and insured institutions in the district shall be maintained by the Bank in files for the use of the Bank, the agents of the Federal Home Loan Bank Administration, the Federal Savings and Loan Insurance Corporation, the District Examiners, and the said agents of the Home Owners' Loan Corporation.

(Secs. 12 and 17 of F.H.L.B.A., 47 Stat. 735, 736, sec. 4 (n) of H.O.L.A. of 1933, as added by sec. 17 (a), 49 Stat. 297, sec. 5 (a) of H.O.L.A. of 1933, 48 Stat. 132, sec. 5 (i) of H.O.L.A. of 1933, as amended by sec. 6, 48 Stat. 646, sec. 402 (a), (c) of N.H.A., 48 Stat. 1256; 12 U.S.C. 1432, 1437, 1464 (a), (i), 1725 (a), (c) and Sup. 1463 (n))

These amendments are deemed to be of a procedural character within the provisions of paragraph (b) of § 8.3 of the Rules and Regulations for the Federal Home Loan Bank System.

(b) *Includes and including.* The terms "includes" and "including" when used in a definition contained in this title shall not be deemed to exclude other things otherwise within the meaning of the term defined.

* * * * * *

§ 143.1 *Meaning of terms.* As used in these regulations, unless otherwise specified or indicated by the context:

(a) *General.* The terms defined in the applicable provisions of law shall have the meanings so assigned to them.

(b) *Person engaged in the business of transporting property for hire.* The term "person engaged in the business of transporting property for hire" includes a common carrier, contract carrier, local moving or drayage concern, freight forwarder, express company, or other person transporting property for hire wholly or in part by rail, motor vehicle, water or air.

(c) *Carrier.* The term "carrier" is coextensive with the term "person engaged in the business of transporting property for hire."

(d) *Transportation.* The term "transportation" as used herein means the movement of property by a person en-

gaged in the business of transporting property for hire, including interstate, intrastate, and intra-city or other local movements, as well as towing, ferrying, switching, etc. In general, it includes accessorial services furnished in connection with a transportation movement, such as loading, unloading, blocking and staking, elevation, transfer in transit, ventilation, refrigeration, icing, storage, demurrage, lighterage, trimming of cargo in vessels, wharfage, handling, feeding and watering livestock, and similar services and facilities.

(e) *Property.* The term "property" means any physical matter regardless of value over which the right of ownership or control may be exercised, including currency, documents, papers of all kinds, etc.

(f) *Coal.* The term "coal" as used herein includes anthracite, bituminous, semi-bituminous, sub-bituminous and lignite coal, coal dust, and coke and briquettes made from coal.

SUBPART C—GENERAL PROVISIONS

SEC. 620. TRANSPORTATION OF PROPERTY. (Revenue Act of 1942.)

(a) Chapter 39 is amended by inserting at the end thereof the following new subchapter:

SUBCHAPTER E—TRANSPORTATION OF PROPERTY

SEC. 3475. TRANSPORTATION OF PROPERTY.

(a) *Tax.* There shall be imposed upon the amount paid within the United States after the effective date of this section for the transportation on or after such effective date, of property by rail, motor vehicle, water, or air from one point in the United States to another, a tax equal to 3 per centum of the amount so paid, except that, in the case of coal, the rate of tax shall be 4 cents per short ton. Such tax shall apply only to amounts paid to a person engaged in the business of transporting property for hire, including amounts paid to a freight forwarder, express company, or similar person, but not including amounts paid by a freight forwarder, express company, or similar person for transportation with respect to which a tax has previously been paid under this section. In the case of property transported from a point without the United States to a point within the United States the tax shall apply to the amount paid within the United States for the part of the transportation which takes place within the United States. The tax on the transportation of coal shall not apply to the transportation of coal with respect to which there has been a previous taxable transportation.

. . . . . .

(c) *Effective date of section.* The amendments made by this section shall take effect on the first day of the first month which begins more than thirty days after the date of the enactment of this Act.

§ 143.10 *Effective period.* The tax on the transportation of property imposed by section 3475 (a) is effective with respect to transportation originating on or after December 1, 1942, and continues in effect indefinitely.

§ 143.11 *Scope of tax.* Section 3475 (a) imposes a tax upon amounts paid within the United States after December 1, 1942, to a person engaged in the business of transporting property for hire, for transportation, originating on or after such date, of property by rail, motor vehicle, water, or air from one point in the United States to another.

§ 143.12 *Rate of tax.* The tax is equal to 3 per cent of the taxable payment for the transportation of property, except that in the case of coal the rate of tax is 4 cents per short ton (2,000 pounds).

§ 143.13 *Application of tax—(a) In general.* The tax is payable by the person making the taxable transportation payment and is collectible by the person receiving such payment. (See § 143.50.)

The tax applies to the total amount paid within the United States for transportation of property from one point in the United States to another even though while en route part of the transportation movement is through a foreign country.

The tax applies to any payment, not specifically exempted, for the transportation of property, made to a person engaged in the business of transporting property for hire, including a payment made by one such person to another, but not including an amount paid by a carrier, a freight forwarder, express company, or similar person for transportation with respect to which a tax is payable to such person.

The tax applies only to amounts paid after December 1, 1942, for transportation which originated on or after that date. No tax attaches to payments for transportation originating prior to the first moment of December 1, 1942. Payments made prior to December 2, 1942, are not taxable regardless of when the transportation occurs.

In the case of property transported from a point without the United States to a point within the United States the tax applies to any amount paid within the United States for that part of the transportation which takes place within the United States.

Where the amount paid in the United States covers the entire movement of property from point of origin in a foreign country to an inland point in the United States, the tax will apply to the pro rata part of such payment which represents transportation within the United States. However, in the case of shipments of foreign origin arriving by water, no tax will attach to transportation or services performed prior to the unlading of property at the port of first arrival.

The tax does not apply: (1) to an amount paid outside the United States for the transportation of property from a point without the United States to a point within the United States; (2) to an amount paid by a carrier, freight forwarder, express company or similar person for the transportation of property with respect to which a tax is payable to such carrier, freight forwarder, express company or similar person; (3) to an amount paid by or to the United States or any agency or instrumentality thereof for the transportation of property (see § 143.20); (4) to an amount paid by a State, or political subdivision thereof, for the transportation of property (see § 143.21); or (5) to an amount paid for the transportation of property in course of exportation or shipment to a possession of the United States and actually so exported or shipped (see § 143.30).

(b) *Coal.* An amount paid after December 1, 1942, with respect to the first transportation for hire originating on or after that date if coal is subject to tax, except that if such payment covers a movement from the mine to a preparation plant, including a breaker, washery or tipple, the tax will apply to the first transportation for hire which occurs thereafter.

An amount paid for transportation of coal is not taxable if there has been a previous taxable transportation of such coal. However, as there was no "taxable transportation" of coal prior to December 1, 1942, the tax applies to the amount paid for the first movement for hire, originating on or after that date, of all prepared coal, or of coal which is to be consumed in its unprepared state, irrespective of the fact that there may have been one or more previous movements of such coal for hire.

No tax attaches with respect to the transportation of unprepared coal from the mine to a preparation plant, including a breaker, washery or tipple.

An amount paid for the transportation of coke or briquettes made from coal is not subject to tax: *Provided*, There has been a previous taxable transportation of the coal or coal dust from which such coke or briquettes were manufactured.

When a person delivers to a carrier a quantity of coal for a transportation movement, and the transportation tax has previously been paid with respect to the coal so delivered, a statement to that effect shall be endorsed on the bill of lading or other shipping papers. This endorsement shall constitute authority to the carrier not to collect tax with respect to the transportation charges due on such shipment.

§ 143.14 *Accessorial and other miscellaneous charges—(a) Circus or show trains.* An amount paid pursuant to a contract for the movement of a circus or show train is subject to the 3 per cent tax where the amount covers only the transportation of the performers, laborers, equipment, etc., by the circus or show train. However, if the contract payment also covers the issuance to advance agents, bill posters, etc., of circus or show scrip books or other evidence of the right to transportation for use on regular passenger trains, that portion of the contract payment properly allocable to such scrip books or other evidence is subject to tax as an amount paid for the transportation of persons imposed under section 3469 of the Internal Revenue Code. The balance of the contract payment is subject to the tax on the transportation of property.

(b) *Refused or unclaimed property.* When damaged, refused or unclaimed property is sold by a carrier in satisfaction of a transportation charge, the carrier will collect from the purchaser the tax on the net amount realized from such sale to the extent of, but not in excess of, the actual transportation charge.

(c) *Baggage.* An amount paid, in connection with the transportation of persons, for the transportation of baggage, including incidental charges on account of excess weight, excess value, storage, transfer, special delivery, etc., or an amount so paid for a special baggage or express car or other conveyance, is subject to the tax on the transportation of property if separable from the payment for the transportation of persons and separately shown on the records of the carrier. Otherwise, the tax on the transportation of persons applies.

§ 143.15 *In-transit shipments.* In the case of an in-transit shipment where a carrier has charged a local rate from the point of origin to the in-transit point and also a local rate from the in-transit point to the point of destination, and subsequently an adjustment is made for the difference between the sum of the local rates and the through rate, the carrier is authorized to make adjustment of the proportionate amount of tax involved and take credit for such amount in a subsequent monthly return.

SUBPART D—GOVERNMENTAL EXEMPTIONS

SEC. 3475. TRANSPORTATION OF PROPERTY. (As added by section 620 of the Revenue Act of 1942.)

. . . . . .

(b) *Exemption of government transportation.* The tax imposed under this section shall not apply to amounts paid by or to the United States or any agency or instrumentality of the United States for the transportation of property.

§ 143.20 *Payments by or to the United States.* An amount paid to the United States or any agency or instrumentality thereof for the transportation of property is exempt from tax.

An amount paid directly to a carrier by the United States or any agency or instrumentality thereof for the transportation of property is likewise exempt.

In neither case will an exemption certificate be required.

§ 143.21 *Payments by a State or political subdivision thereof.* An amount paid directly to a carrier by a State, or political subdivision thereof, for the transportation of property is exempt from tax and no exemption certificate will be required.

SUBPART E—EXPORT SHIPMENTS

§ 143.30 *Transportation of property beyond the boundaries of the United States.* The tax will not apply to an amount paid in the United States for transportation of property in course of exportation to a foreign destination, or shipment to a possession of the United States, in accordance with the applicable requirements of these regulations. The provisions of this subpart covering transportation of property for export shall also apply to transportation to a possession of the United States.

Property will be considered to be in course of exportation from the time of delivery to a carrier in the United States for transportation by continuous movement to a point beyond the boundaries of the United States. The term "United States" means the States, the Territories of Alaska and Hawaii, and the District of Columbia.

A shipment moving through the United States from one foreign point to another is deemed to be in course of exportation. However, if a break in the movement occurs within the United States, the tax will apply to any payment made in the United States with respect to that part of the transportation which takes place in the United States. Any subsequent transportation of such property would be regarded as a separate movement.

The export character of a shipment shall be evidenced by a contract, order, proposal of purchase or other written evidence of intention to export, antedating the delivery of the shipment to the carrier.

§ 143.31 *Continuity of movement.* The continuity of the movement shall be evidenced by a through bill of lading covering a shipment to contiguous foreign territory, or a through export bill of lading covering a land-and-ocean shipment to non-contiguous foreign territory or to a possession of the United States, or, when the movement has not been under through shipping papers, by the bills of lading, freight or express receipts or other evidence. Any break in the movement must be due to the fault of transportation and not to any act of the shipper.

In case a break occurs in the movement of property shipped for export, which is not the fault of transportation, and the property comes to rest in transit prior to exportation, that part of the amount paid for the transportation which pertains to the movement from the point of origin to the point where the break occurs is taxable. A "break" may be said to occur wherever the property is stopped for a business purpose, such as grading, cleaning, mixing, sorting, or manufacture, and not merely in accommodation to the means of transportation.

When a shipment originating in, and consigned to a destination in, the United States, is subsequently diverted or reconsigned to a foreign destination and exported, tax will be due on that part of the amount paid for transportation which covers the movement from the point of origin to the point where the diversion or reconsignment to the foreign destination occurs. The amount paid for transportation from the point of diversion or reconsignment to the foreign destination will be considered as exempt from tax provided a temporary exemption certificate and certificate of exportation are filed. (See §§ 143.33 and 143.34.)

The related bill of lading or receipt, or other evidence of the continuity of the movement, shall be made available for inspection by internal revenue officers and retained by the shipper or other person who pays for the transportation for a period of four years from the date of payment.

§ 143.32 *Bills of lading.* An amount paid for the transportation of property shipped direct from a point within the United States to a point outside the United States under a through bill of lading or a through export bill of lading will be treated as exempt from the transportation tax, without further evidence of actual exportation. In case a through bill of lading is not issued at the point of origin, but the shipper intends to obtain a through bill of lading, there should be stamped across the original shipping papers the words: "To be exchanged for through bill of lading". The original shipping papers in such case must show a consignee and destination outside the United States.

A shipment to contiguous foreign territory not made on a through bill of lading, or a land-and-ocean shipment not made on a through export bill of lading, must be covered by a temporary exemption certificate, and proof of the exportation of the shipment must be established by the subsequent filing of a certificate of exportation as explained in §§ 143.33 and 143.34.

A bill of lading covering property consigned to a person at a border point or port of exportation, even though showing the name of a foreign consignee and an ultimate foreign destination, is not a through bill of lading within the meaning of these regulations and shipments so consigned, in order to be exempt from the transportation tax, must be covered by a temporary exemption certificate and a certificate of exportation.

§ 143.33 *Temporary Exemption Certificate.* The Temporary Exemption Certificate, Form 798, shall be executed in accordance with the instructions printed thereon and in these regulations, and filed in duplicate by the shipper or other person who pays the transportation charge with the agent of the carrier at the time of payment. The carrier receiving a Temporary Exemption Certificate, in duplicate, shall retain the duplicate with the paid transportation document, and forward the original securely attached to its monthly return, Form 727, Revised, to the collector of internal revenue for the district in which the carrier's principal place of business is located.

If a break for a business purpose occurs in the transportation movement covered by a Temporary Exemption Certificate, the amount paid for the transportation from the point of origin to the point where the break occurs is taxable.

§ 143.34 *Certificate of Exportation.* Upon receipt of evidence of the actual exportation of a shipment, covering which a Temporary Exemption Certificate on Form 798 has been filed, the shipper or other person who paid for the transportation of the shipment to the point of export shall execute Form 799, Certificate of Exportation, in duplicate, retain the duplicate with the shipping papers, and at the close of the month forward the original to the Commissioner of Internal Revenue, Washington, D. C., attention: MT:M.

Documentary evidence of the exportation of the property, such as a copy of export bill of lading, memorandum from the captain of the vessel, customs official, or foreign consignee, shipper's export declaration, or other evidence sufficient to establish the fact that the property has actually been exported, shall be made available for inspection by internal revenue officers and be retained by the person paying the transportation charge for a period of four years.

If a properly executed certificate of exportation is not furnished within six months from the date of shipment from

the point of origin, the tax on the amount paid for transportation will be assessed and collected from the person who paid for the transportation.

§ 143.35 *Pools or similar arrangements.* Property intended expressly for export may be shipped from an interior point into a pool or similar arrangement, such as a grain elevator, oil storage tank, coal yard, etc., and, in continuation of the export movement, an equivalent amount of property of the same grade and kind, only, may be shipped therefrom to a place outside the United States.

The movement of property intended for export from an interior point to a pool shall be covered by a Temporary Exemption Certificate, Form 798, executed and filed as provided in § 143.33. This certificate shall have the word "Pool" typed, printed or stamped in the space provided therefor immediately beneath the number of the certificate.

Where a person has been designated to direct the exporting operations of a pool with authority to control its accounting practice, an additional copy of the Temporary Exemption Certificate, Form 798, filed with the carrier covering each shipment entering the pool, shall be furnished to such person by the person who pays the transportation charge. The director of the pool may, in behalf of the shipper or other person who paid the transportation charge, execute Form 799 as prescribed in § 143.34 covering shipments made from the pool for export.

No exemption from tax will be allowed with respect to transportation of property entering a pool in excess of the quantity of the same grade and kind actually exported therefrom.

SUBPART F—REGISTRATION

SEC 3475 TRANSPORTATION OF PROPERTY. (As added by section 620 of the Revenue Act of 1942.)

* * * * *

(e) *Registration.* Every person engaged in the business of transporting property for hire, including freight forwarders, express companies, and similar persons, shall, on or before the sixtieth day after the effective date of this section, or within sixty days after first engaging in the business of transportation of property for hire, register his name and his place or places of business with the collector in the district in which is located the principal place of business of such person. Every such person who fails to register within the period specified shall be guilty of a misdemeanor and upon conviction thereof shall be fined not more than $50.

§ 143.40 *Registration.* Every person engaged in the business of transporting property for hire, by rail, motor vehicle, water or air, including freight forwarders, express companies, and similar persons, shall, on or before January 30, 1943, or within sixty days after first engaging in the business of transportation of property for hire, file Application for Registry on Form 800 with the collector for the district in which is located his principal place of business (or if he has no principal place of business in the United States, then with the Collector of Internal Revenue, Baltimore, Maryland). A new application must be filed immediately upon removal of the place of business to a new location.

The collector receiving an application for registry will issue Certificate of Registry, Form 800A, which must be posted in the registered place of business.

Every person required to register who fails to do so within the specified period is liable for the penalties imposed by law.

SUBPART G—RETURNS, PAYMENT OF TAX, AND RECORDS

SEC 3475. TRANSPORTATION OF PROPERTY. (As added by section 620 of the Revenue Act of 1942.)

* * * * *

(c) *Returns and payment.* The tax imposed by this section shall be paid by the person making the payment subject to the tax. Each person receiving any payment specified in subsection (a) shall collect the amount of the tax imposed from the person making such payment, and shall, on or before the last day of each month, make a return, under oath, for the preceding month, and pay the taxes so collected to the collector in the district in which his principal place of business is located, or if he has no principal place of business in the United States, to the collector at Baltimore, Maryland. Such returns shall contain such information and be made in such manner as the Commissioner with the approval of the Secretary may by regulations prescribe.

(d) *Extensions of time.* The Commissioner may extend the time for making returns and paying the taxes collected, under such rules and regulations as he shall prescribe with the approval of the Secretary, but no such extension shall be for more than ninety days.

SEC 3470 PAYMENT OF TAXES.

The taxes imposed by this chapter shall, without assessment by the Commissioner or notice from the collector, be due and payable to the collector at the time fixed for filing the return.

LIABILITY FOR TAXES COLLECTED

SEC 3661 ENFORCEMENT OF LIABILITY FOR TAXES COLLECTED.

Whenever any person is required to collect or withhold any internal-revenue tax from any other person and to pay such tax over to the United States, the amount of tax so collected or withheld shall be held to be a special fund in trust for the United States. The amount of such fund shall be assessed, collected, and paid in the same manner and subject to the same provisions and limitations (including penalties) as are applicable with respect to the taxes from which such fund arose.

SEC. 3658 FRACTIONAL PARTS OF A CENT.

In the payment of any tax under this title not payable by stamp a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to 1 cent.

RECORDS, STATEMENTS, AND SPECIAL RETURNS

SEC. 1720 RECORDS, STATEMENTS, AND RETURNS.

Every person liable to any tax imposed by this chapter, or for the collection thereof, shall keep such records, render under oath such statements, make such returns, and comply with such rules and regulations, as the Commissioner, with the approval of the Secretary may from time to time prescribe.

SEC 3603. NOTICE REQUIRING RECORDS, STATEMENTS, AND SPECIAL RETURNS.

Whenever in the judgment of the Commissioner necessary he may require any person, by notice served upon him, to make a return, render under oath such statements, or keep such records as the Commissioner deems sufficient to show whether or not such person is liable to tax.

SEC 3634 EXTENSION OF TIME FOR FILING RETURNS.

If the failure to file a return (other than a return of income tax) or list at the time prescribed by law or by regulation made under authority of law is due to sickness or absence, the collector may allow such further time, not exceeding thirty days, for making and filing the return or list as he deems proper.

SEC 3632. AUTHORITY TO ADMINISTER OATHS, TAKE TESTIMONY, AND CERTIFY.

(a) *Internal Revenue personnel—(1) Persons in charge of administration of Internal Revenue laws generally.* Every collector, deputy collector, internal revenue agent, and internal revenue officer assigned to duty under an internal revenue agent, is authorized to administer oaths and to take evidence touching any part of the administration of the internal revenue laws with which he is charged, or where such oaths and evidence are authorized by law or regulation authorized by law to be taken.

* * * * *

(b) *Others.* Any oath or affirmation required or authorized by any internal revenue law or by any regulations made under authority thereof may be administered by any person authorized to administer oaths for general purposes by the law of the United States, or of any State, Territory, or possession of the United States, or of the District of Columbia, wherein such oath or affirmation is administered, or by any consular officer of the United States. This subsection shall not be construed as an exclusive enumeration of the persons who may administer such oaths or affirmations.

SEC 3330. WITNESSING OF RETURNS IN LIEU OF OATH.

The Commissioner, with the approval of the Secretary, may by regulation prescribe that any return required by any internal revenue law (except returns required under income or estate tax laws) to be under oath may, if the amount of the tax covered thereby is not in excess of $10, be signed or acknowledged before two witnesses instead of under oath.

SEC. 3612 RETURNS EXECUTED BY COMMISSIONER OR COLLECTOR.

(a) *Authority of collector.* If any person fails to make and file a return or list at the time prescribed by law or by regulation made under authority of law, or makes, willfully or otherwise, a false or fraudulent return or list, the collector or deputy collector shall make the return or list from his own knowledge and from such information as he can obtain through testimony or otherwise.

(b) *Authority of Commissioner.* In any such case the Commissioner may, from his own knowledge and from such information as he can obtain through testimony or otherwise—

(1) *To make return.* Make a return, or

(2) *To amend collector's return.* Amend any return made by a collector or deputy collector.

(c) *Legal status of returns.* Any return or list so made and subscribed by the Commissioner, or by a collector or deputy collector and approved by the Commissioner, shall be prima facie good and sufficient for all legal purposes.

* * * * *

EXAMINATION OF BOOKS AND WITNESSES

SEC 3614 EXAMINATION OF BOOKS AND WITNESSES.

(a) *To determine liability of the taxpayer.* The Commissioner, for the purpose of ascertaining the correctness of any return or for the purpose of making a return where none has been made, is authorized, by any officer or employee of the Bureau of Internal Revenue, including the field service, designated by him for that purpose, to examine any books, papers, records, or memoranda bearing upon the matters required to be included in the return, and may require the attendance of the person rendering the return or of any officer or employee of such person, or the attendance of any other person having knowledge in the premises, and may take his testimony with reference to the matter required by law to be included in such return, with power to administer oaths to such person or persons.

APPLICABILITY OF ADMINISTRATIVE PROVISIONS

SEC. 3473. APPLICABILITY OF ADMINISTRATIVE PROVISIONS.

All provisions of law (including penalties) applicable in respect of the taxes imposed by section 1700, shall, in so far as applicable and not inconsistent with this chapter, be applicable in respect of the taxes imposed by this chapter.

SEC. 1722. OTHER LAWS APPLICABLE.

All administrative, special, or stamp provisions of law, including the law relating to the assessment of taxes, so far as applicable, shall be extended to and made a part of this chapter.

SEC. 1719. DISCRETIONARY METHOD ALLOWED COMMISSIONER FOR COLLECTING TAX.

Whether or not the method of collecting any tax imposed by this chapter is specifically provided herein, any such tax may, under regulations prescribed by the Commissioner, with the approval of the Secretary be collected by stamp, coupon, serial-numbered ticket, or such other reasonable device or method as may be necessary or helpful in securing a complete and prompt collection of the tax. All administrative and penalty provisions of subchapters A, B, and C of chapter 11, in so far as applicable, shall apply to the collection of any tax which the Commissioner determines or prescribes shall be collected in such manner.

§ 143.50 *Duty to collect, return, and pay tax.* Every person receiving any taxable payment for the transportation of property must collect the tax from the person making such payment at the time the payment is made.

§ 143.51 *Records.* Every person required by the provisions of the Code to collect any tax on any amount paid for the transportation of property must keep accurate records to show with respect to each individual transaction the amount of tax collected or evidence of the right to exemption where tax is not collected. Such records shall be kept for at least four years from the date the tax is due, and shall at all times be open to inspection by internal revenue officers. For penalties for failure to keep proper and accurate records, see § 143.62.

§143.52 *Returns.* Every person required to collect any tax on any amount paid for the transportation of property must make returns on Form 727 (Revised) in accordance with the instructions printed on the back thereof and in these regulations. A return must be made, in duplicate, under oath, for each calendar month, and must be sworn to before a person duly authorized to administer oaths, unless the amount of tax returned is $10 or less, when it may be signed or acknowledged before two witnesses. The return, together with the amount of the tax, must be filed with the collector of the district in which the principal place of business of the person required to file the return is located (or if he has no principal place of business in the United States, with the collector at Baltimore, Md.), on or before the last day of the month following that for which it is made, except where otherwise required. (See § 143.53, relating to extension of time, and §143.56, relating to jeopardy assessments.)

When the last day of the month in which a return is due falls on Sunday or a legal holiday, the return may be filed with the collector of internal revenue or his authorized representative on the next secular or business day. If a person charged with the duty of collecting and paying over the tax on any of the facilities or services specified above discontinues business for any reason, the last return to be filed shall be marked "Final Return."

For penalties for failure to file, or delinquency in filing, returns, see § 143.62.

§ 143.53 *Extension of time.* If it is found impossible to make the proper return within the prescribed time, a request may be filed with the Commissioner for an extension of time, and upon a proper showing the Commissioner may, pursuant to section 3475, fix a definite time in each instance within which the return may be filed, but in no case shall such extension exceed ninety days.

§ 143.54 *Payment of taxes.* All taxes are due and payable to the collector of internal revenue, without assessment by the Commissioner or notice from the collector, at the time fixed for filing the return. If the tax is not paid when due there shall be added, as part of the tax, interest at the rate of 6 per cent per annum from the time the tax became due to the actual date of payment or assessment, whichever is prior. (See § 143.62)

§ 143.55 *Refusal to pay taxes.* If a person to whom taxable transportation service is furnished refuses to pay the tax imposed thereon, or if for any reason it is impossible for the collecting agency to collect the tax from such person, the collecting agency should report to the collector of internal revenue for the district in which its returns are filed the name and address of such person, the nature of the service rendered, the amount paid for such service, and the date on which paid. Upon receipt of such information the collector will report the item to the Commissioner for direct assessment. (See § 143.62 for penalties for refusal to pay tax)

JEOPARDY ASSESSMENT

SEC. 3660. JEOPARDY ASSESSMENT.

(a) If the Commissioner believes that the collection of any tax (other than income tax, estate tax, and gift tax) under any provision of the internal-revenue laws will be jeopardized by delay, he shall, whether or not the time otherwise prescribed by law for making return and paying such tax has expired, immediately assess such tax (together with all interest and penalties the assessment of which is provided for by law). Such tax, penalties, and interest shall thereupon become immediately due and payable, and immediate notice and demand shall be made by the collector for the payment thereof. Upon failure or refusal to pay such tax, penalty, and interest, collection thereof by distraint shall be lawful without regard to the period prescribed in section 3690.

(b) The collection of the whole or any part of the amount of such assessment may be stayed by filing with the collector a bond in such amount, not exceeding double the amount as to which the stay is desired, and with such sureties, as the collector deems necessary, conditioned upon the payment of the amount collection of which is stayed, at the time at which, but for this section, such amount would be due.

§ 143.56 *Jeopardy assessment.* Whenever in the opinion of the collector it becomes necessary to protect the interests of the Government by effecting immediate collection of tax, the matter shall be promptly reported to the Commissioner by telegram or letter showing the reasons therefor. The communication must state the full name and address of the person involved, the kind and amount of tax due, and the period involved, so that the Commissioner can immediately assess the tax, together with all penalties and interest due. Such tax, penalties, and interest will, upon assessment, become immediately due and payable, and the collector shall, without delay, issue a notice and demand for payment thereof in full.

The collection of the whole or any part of the amount of such assessment may be stayed by filing with the collector a bond in such amount, not exceeding double the amount with respect to which the stay is desired, and with such sureties as the collector deems necessary, conditioned upon the payment of the amount, collection of which is stayed, at the time at which such amount would normally be due.

Upon refusal to pay, or failure to pay or give bond, the collector shall proceed immediately to collect the tax, penalty, and interest, by distraint, without regard to the 10-day period after notice and demand prescribed in section 3690.

SUBPART H—MISCELLANEOUS PROVISIONS

REFUNDS AND CREDITS

SEC. 3471. REFUNDS AND CREDITS (As amended by section 554 (d) (2) of the Revenue Act of 1941.)

(a) Credit or refund of any overpayment of tax imposed by subchapter B or subchapter C may be allowed to the person who collected the tax and paid it to the United States if such person establishes, to the satisfaction of the Commissioner, under such regulations as the Commissioner with the approval of the Secretary may prescribe, that he has repaid the amount of such tax to the person from whom he collected it, or obtained the consent of such person to the allowance of such credit or refund.

(b) Any person entitled to refund of tax under this chapter paid, or collected and paid, to the United States by him may take credit therefor against taxes due upon any monthly return.

(c) Any person making a refund of any payment on which tax under subchapter B or subchapter C has been collected, may repay therewith the amount of tax collected on such payment, and the amount of tax so repaid may be credited against the tax under any subsequent return.

SEC 620. TRANSPORTATION OF PROPERTY. (Revenue Act of 1942.)

* * * * *

(b) *Technical amendment.* Section 3471 (a) and (b) are amended by striking out "or Subchapter C" wherever occurring therein and inserting in lieu thereof "Subchapter C, or Subchapter E".

SEC. 3770. AUTHORITY TO MAKE ABATEMENTS, CREDITS AND REFUNDS. (As amended by section 508 (b) of the Second Revenue Act of 1940.)

(a) *To taxpayers*—(1) *Assessments and collections generally.* Except as otherwise provided by law in the case of income, war-profits, excess-profits, estate, and gift taxes, the Commissioner, subject to regulations prescribed by the Secretary, is authorized to remit, refund, and pay back all taxes erroneously or illegally assessed or collected, all penalties collected without authority, and all taxes that appear to be unjustly assessed or excessive in amount, or in any manner wrongfully collected.

(2) *Assessments and collections after limitation period.* Any tax (or any interest, penalty, additional amount, or addition to such tax) assessed or paid after the expiration of the period of limitation properly applicable thereto shall be considered an overpayment and shall be credited or refunded to the taxpayer if claim therefor is filed within the period of limitation for filing such claim.

* * * * *

SEC. 3313. PERIOD OF LIMITATION UPON REFUNDS AND CREDITS.

All claims for the refunding or crediting of any internal revenue tax alleged to have been erroneously or illegally assessed or collected, or of any penalty alleged to have been collected without authority, or of any sum alleged to have been excessive or in any manner wrongfully collected must, except as otherwise provided by law in the case of income, war-profits, excess-profits, estate, and gift taxes, be presented to the Commissioner within four years next after the payment of such tax, penalty, or sum. The amount of the refund (in the case of taxes other than income, war-profits, excess-profits, estate, and gift taxes) shall not exceed the portion of the tax, penalty, or sum paid during the four years immediately preceding the filing of the claim, or if no claim was filed, then during the four years immediately preceding the allowance of the refund.

SEC. 3771. INTEREST ON OVERPAYMENTS.

(a) *Rate.* Interest shall be allowed and paid upon any overpayment in respect of any internal revenue tax at the rate of 6 per centum per annum.

(b) *Period.* Such interest shall be allowed and paid as follows:

(1) *Credits.* In the case of a credit, from the date of the overpayment to the due date of the amount against which the credit is taken, but if the amount against which the credit is taken is an additional assessment of a tax imposed by the Revenue Act of 1921, 42 Stat. 227, or any subsequent Revenue Act, then to the date of the assessment of that amount.

(2) *Refunds.* In the case of a refund, from the date of the overpayment to a date preceding the date of the refund check by not more than thirty days, such date to be determined by the Commissioner, whether or not such refund check is accepted by the taxpayer after tender of such check to the taxpayer. The acceptance of such check shall be without prejudice to any right of the taxpayer to claim any additional overpayment and interest thereon.

* * * * *

SEC. 3772. SUITS FOR REFUND.

(a) *Limitations*—(1) *Claim.* No suit or proceeding shall be maintained in any court for the recovery of any internal revenue tax alleged to have been erroneously or illegally assessed or collected, or of any penalty claimed to have been collected without authority, or of any sum alleged to have been excessive or in any manner wrongfully collected until a claim for refund or credit has been duly filed with the Commissioner, according to the provisions of law in that regard, and the regulations of the Secretary established in pursuance thereof.

(2) *Time.* No such suit or proceeding shall be begun before the expiration of six months from the date of filing such claim unless the Commissioner renders a decision thereon within that time, nor after the expiration of two years from the date of mailing by registered mail by the Commissioner to the taxpayer of a notice of the disallowance of the part of the claim to which such suit or proceeding relates.

(3) *Reconsideration after mailing of notice.* Any consideration, reconsideration, or action by the Commissioner with respect to such claim following the mailing of a notice by registered mail of disallowance shall not operate to extend the period within which suit may be begun. This paragraph shall not operate (A) to bar a suit or proceeding in respect of a claim reopened prior to June 22, 1936, if such suit or proceeding was not barred under the law in effect prior to that date, or (B) to prevent the suspension of the statute of limitations for filing suit under section 3774 (b) (2).

(b) *Protest or duress.* Such suit or proceeding may be maintained, whether or not such tax, penalty, or sum has been paid under protest or duress.

* * * * *

SEC. 3774. REFUNDS AFTER PERIODS OF LIMITATION.

A refund of any portion of an internal revenue tax (or any interest, penalty, additional amount, or addition to such tax) shall be considered erroneous:

(a) *Expiration of period for filing claim.* If made after the expiration of the period of limitation for filing claim therefor, unless within such period claim was filed; or

(b) *Disallowance of claim and expiration of period for filing suit.* In the case of a claim filed within the proper time and disallowed by the Commissioner if the refund was made after the expiration of the period of limitation for filing suit, unless:

(1) Within such period suit was begun by the taxpayer, or

(2) Within such period, the taxpayer and the Commissioner agreed in writing to suspend the running of the statute of limitations for filing suit from the date of the agreement to the date of final decision in one or more named cases then pending before the Board of Tax Appeals or the courts. If such agreement has been entered into, the running of such statute of limitations shall be suspended in accordance with the terms of the agreement.

SEC 3775. CREDITS AFTER PERIODS OF LIMITATION.

(a) *Period against United States.* Any credit against a liability in respect of any taxable year shall be void if any payment in respect of such liability would be considered an overpayment under section 3770 (a) (2).

(b) *Period against taxpayer.* A credit of an overpayment in respect of any tax shall be void if a refund of such overpayment would be considered erroneous under section 3774.

§ 143.60 *Credits.* Every person required to pay tax, or to collect and pay tax, who overpays from his own funds, tax on any monthly return may, in cases where the overpayment was the result of a clerical or mechanical error, take credit for such overpayment against the tax due on a subsequent monthly return.

Every person required to collect tax, who makes a refund of any payment on which tax has been collected, may repay therewith the amount of tax collected on such payment and take credit for the amount so repaid against the tax due on a subsequent monthly return.

Any monthly return on which a credit is taken shall have attached thereto a sworn statement explaining the reason or reasons for claiming the credit, setting forth the amount of each kind of tax, and the portion thereof chargeable to each month's tax payment which is claimed to have been overpaid or overcollected, and stating whether a claim for refund with respect to any of the amounts involved has been filed, either with the collector or the Commissioner. To the extent that credit claimed on a return filed by a collecting agency is based on refunds or adjustments made with persons who paid the tax, the statement shall show that the collecting agency has refunded the tax to the persons involved or has obtained the written consent of such persons to the allowance of the credit. The written consent must be forwarded to the collector with the return on which the credit is taken.

A complete and detailed record of all credits taken shall be maintained and made available for inspection by revenue officers for four years from the date of the return on which the credit appears.

§ 143.61 *Abatement or refund of erroneous or illegal assessments or collections.* A claim for abatement or refund of taxes alleged to have been erroneously or illegally assessed or paid (or of any penalties assessed or collected without authority) shall be prepared on Form 843 and presented to the collector of internal revenue for the district in which the amount claimed was assessed or paid. (See section 3313 of the Code.)

Where a collecting agency has erroneously or illegally overpaid from its own funds any tax, the collecting agency may claim a refund of such overpayments. In case a collecting agency has erroneously or illegally overcollected and overpaid any tax due, the collecting agency may claim a refund of the amount so overcollected and overpaid, but only if it is established by affidavit or otherwise as may be required (a) that the tax so overcollected and overpaid has been returned to the person from whom collected, or that the collecting agency has obtained the written consent of such person to the granting of the refund and (b) that no credits have been taken for the alleged overpayment in the manner provided for in § 143.60.

If a person who has paid tax to a collecting agency files a claim for refund in his own name, there should be attached to the claim the original receipts issued by the collecting agency showing payment of the tax involved and a sworn statement of the facts on which the claim for refund is based, and the affidavit on Form 843 must show that no repayment of the tax alleged to have been overpaid or any part thereof has been made to the claimant by the collecting agency and that he has not consented to the allowance of credit or refund to the collecting agency.

PENALTIES AND INTEREST

SEC. 1853. PAYMENTS OF TAX.

* * * * *

(c) *Addition to the tax in case of delinquency.* If the tax is not paid when due, there shall be added as part of the tax interest at the rate of 6 per centum per annum from the time the tax became due until paid.

SEC. 3470. PAYMENT OF TAXES.

* * * If the tax is not paid when due, there shall be added as part of the tax interest at the rate of 6 per centum per annum from the time the tax became due until paid.

SEC. 3612. RETURNS EXECUTED BY COMMISSIONER OR COLLECTOR.

* * * * *

(d) *Additions to tax*—(1) *Failure to file return.* In case of any failure to make and file a return or list within the time prescribed by law, or prescribed by the Commissioner or the collector in pursuance of law, the Commissioner shall add to the tax 25 per centum of its amount, except that when a return is filed after such time and it is shown that the failure to file it was due to a reasonable cause and not to willful neglect, no such addition shall be made to the tax: *Provided*, That in the case of a failure to make and file a return required by law, within the time prescribed by law or prescribed by the Commissioner in pursuance of law, if the last date so prescribed for filing the return is after August 30, 1935, then there shall be added to the tax, in lieu of such 25 per centum: 5 per centum if the failure is for not more than 30 days, with an additional 5 per centum for each additional 30 days or fraction thereof during which failure continues, not to exceed 25 per centum in the aggregate.

(2) *Fraud.* In case a false or fraudulent return or list is willfully made, the Commissioner shall add to the tax 50 per centum of its amount.

* * * * *

(e) *Collection of additions to tax.* The amount added to any tax under paragraphs (1) and (2) of subsection (d) shall be collected at the same time and in the same manner and as a part of the tax unless the tax has been paid before the discovery of the neglect, falsity, or fraud, in which case the amount so added shall be collected in the same manner as the tax.

SEC. 3655. NOTICE AND DEMAND FOR TAX.

(a) *Delivery.* Where it is not otherwise provided, the collector shall in person or by deputy, within ten days after receiving any list of taxes from the Commissioner, give notice to each person liable to pay any taxes stated therein, to be left at his dwelling or usual place of business, or to be sent by mail, stating the amount of such taxes and demanding payment thereof.

(b) *Addition to tax for nonpayment.* If such person does not pay the taxes, within ten days after the service or the sending by mail of such notice, it shall be the duty of the collector or his deputy to collect the said taxes with a penalty of 5 per centum additional upon the amount of taxes, and interest at the rate of 6 per centum per annum from the date of such notice to the date of payment; * * *.

SEC 1718 PENALTIES.

(a) Any person required under this chapter to pay any tax, or required by law or regulations made under authority thereof to make a return, keep any records, or supply any information, for the purposes of the computation, assessment, or collection of any tax imposed by this chapter, who willfully fails to pay such tax, make such return, keep such records, or supply such information at the time or times required by law or regulations, shall, in addition to other penalties provided by law, be guilty of a misdemeanor and, upon conviction thereof, be fined not more than $10,000, or imprisoned for not more than one year, or both, together with the costs of prosecution.

(b) Any person required under this chapter to collect, account for and pay over any tax imposed by this chapter who willfully fails to collect or truthfully account for and pay over such tax, and any person who willfully attempts in any manner to evade or defeat any tax imposed by this chapter or the payment thereof, shall, in addition to other penalties provided by law, be guilty of a felony and, upon conviction thereof, be fined not more than $10,000, or imprisoned for not more than five years, or both, together with the costs of prosecution.

(c) Any person who willfully fails to pay, collect, or truthfully account for and pay over, any tax imposed by this chapter, or willfully attempts in any manner to evade or defeat any such tax or the payment thereof, shall, in addition to other penalties provided by law, be liable to a penalty of the amount of the tax evaded, or not paid, collected, accounted for and paid over, to be assessed and collected in the same manner as taxes are assessed and collected. No penalty shall be assessed under this subsection for any offense for which a penalty may be assessed under authority of section 3612.

(d) The term "person" as used in this section includes an officer or employee of a corporation, or a member or employee of a partnership, who as such officer, employee, or member is under a duty to perform the act in respect of which the violation occurs.

§ 143.62 *Penalties and interest.* In case of failure to file a return within the prescribed time, a certain percentage of the amount of the tax is added to the tax unless the return is later filed and failure to file the return within the prescribed time is shown to the satisfaction of the Commissioner to be due to a reasonable cause and not to willful neglect. The amount to be added to the tax is 5 percent if the failure is for not more than 30 days, with an additional 5 percent for each additional 30 days or fraction thereof during which the failure continues, but not to exceed 25 percent in the aggregate.

Failure to pay tax within the time fixed for filing returns causes interest to accrue automatically, without assessment of the tax by the Commissioner or notice to the taxpayer, to the date of payment or assessment, whichever is prior. The due date of the tax for the purpose of computing interest is the last day of the month within which the return is required to be filed and the tax paid.

Where assessment is made, and payment is not made within 10 days after the issuance of the first notice and demand (Form 17), there will accrue, under section 3655, a 5 percent penalty and interest at the rate of 6 percent per annum computed upon the entire assessment from the date of issuance of Form 17 until date of payment. Where assessment is settled by partial payments, interest shall be computed on the total assessment at the above-prescribed rate from the date of the first 10-day notice through the date of first payment, and on the balance interest shall be computed from the next succeeding day to the date of the next payment, and so on until the assessment is paid in full.

If a claim for abatement is filed with the collector within 10 days after the date of the issuance of the first notice and demand, the 5 percent penalty does not attach. If the assessment is not paid within 10 days after receipt of notice of rejection of the claim, the 5 percent penalty applies. The filing of the claim does not affect the accrual of interest, which continues to run for the full period from the date of the first notice and demand through the date of payment.

If a false or fraudulent return is willfully made, the penalty under section 3612 (d) (2) is 50 per cent of the total tax due for the entire period involved, including any tax previously paid for such period.

Any person who willfully fails to pay or collect any tax due, file return, or keep records, or who attempts in any manner to evade or defeat the tax, is subject to a fine of $10,000, or imprisonment, or both, with costs of prosecution, and is also liable to a penalty equal to the amount of the tax not collected or paid. These penalties apply to any officer or employee who, as such officer or employee, is under a duty to perform the act in respect of which the violation occurs, as well as to any other person who fails or refuses to perform any of the duties imposed by the Code, i. e., pay or collect the tax, make return, keep records, supply information, etc.

SEC. 3710. SURRENDER OF PROPERTY SUBJECT TO DISTRAINT.

(a) *Requirement.* Any person in possession of property, or rights to property, subject to distraint, upon which a levy has been made, shall, upon demand by the collector or deputy collector making such levy, surrender such property or rights to such collector or deputy, unless such property or right is, at the time of such demand, subject to an attachment or execution under any judicial process.

(b) *Penalty for violation.* Any person who fails or refuses to so surrender any of such property or rights shall be liable in his own person and estate to the United States in a sum equal to the value of the property or rights not so surrendered, but not exceeding the amount of the taxes (including penalties and interest) for the collection of which such levy has been made, together with costs and interest from the date of such levy.

(c) *Person defined.* The term "person" as used in this section includes an officer or employee of a corporation or a member or employee of a partnership, who as such officer, employee, or member is under a duty to perform the act in respect of which the violation occurs.

SEC. 3793. PENALTIES AND FORFEITURES.

* * * * *

(b) *Fraudulent returns, affidavits, and claims.* (1) *Assistance in preparation or presentation.* Any person who willfully aids or assists in, or procures, counsels, or advises the preparation or presentation under, or in connection with any matter arising under, the internal revenue laws, of a false or fraudulent return, affidavit, claim, or document, shall (whether or not such falsity or fraud is with the knowledge or consent of the person authorized or required to present such return, affidavit, claim, or document) be

guilty of a felony, and, upon conviction thereof, be fined not more than $10,000, or imprisoned for not more than five years, or both, together with the costs of prosecution.

(2) *Person defined.* The term "person" as used in this subsection includes an officer or employee of a corporation or a member or employee of a partnership, who as such officer, employee, or member is under a duty to perform the act in respect of which the violation occurs.

TITLE 29—LABOR

Subtitle A—Office of the Secretary

PART 3—DETERMINATIONS RELATING TO OVERTIME, SUNDAY, AND HOLIDAY PAY

TEMPORARY STAY OF APPLICATION OF OVERTIME WAGE ORDER TO THE SHIPBUILDING AND SHIP REPAIR INDUSTRY

Upon the request of the Chairman of the Shipbuilding Stabilization Committee for exemption of the shipbuilding and ship repair industry from the provisions of Executive Order 9240, entitled "Regulations Relating to Overtime Wage Compensation," it is ordered, pursuant to the authority vested in me by Executive Order 9248, that the temporary stay of application of Executive Order 9240 to work in the Shipbuilding and Ship Repair Industry, which is subject to the Zone Standards Agreements for the Shipbuilding and Ship Repair Industry and the Pacific Coast Repair Agreements, granted by me by order dated September 30, 1942 (7 F.R. 7801, 10050), for a period of 60 days from October 1, 1942, and extended by my order dated November 29, 1942 until January 31, 1943, is hereby further extended until March 2, 1943.

Dated: January 29, 1943.

FRANCES PERKINS,
Secretary of Labor.

Chapter VI—National War Labor Board

[General Order 25A]

PART 803—GENERAL ORDERS

TENNESSEE VALLEY AUTHORITY

Authorization of the Board of Directors of the Tennessee Valley Authority to rule on wage and salary adjustments of employees of the Tennessee Valley Authority and of contractors engaged in construction work for the Tennessee Valley Authority.

§ 803.25a *General Order No. 25A.* General Order No. 25, adopted on December 22, 1942, is hereby revoked. (7 F.R. 11109) In its place, the following order is adopted:

(a) The National War Labor Board in accordance with the further provisions of this Order hereby delegates to the Board of Directors of the Tennessee Valley Authority the power to approve or disapprove all applications for adjustments of wages and salaries (insofar as approval thereof has been made a function of the National War Labor Board) of employees of the Tennessee Valley Authority; also applications to equalize the wages and salaries of laborers and mechanics while actually employed by contractors in performing contracts with the Tennessee Valley Authority within paragraph 2 of section 3 of the Tennessee Valley Authority Act, as amended, with the wages and salaries of like employees of the Tennessee Valley Authority.

(b) In the performance of its duties hereunder, the Board of Directors of the Tennessee Valley Authority shall comply with Executive Order 9250, dated October 3, 1942, and all regulations heretofore or hereafter issued thereunder, and with the declaration of wage policy of the National War Labor Board, dated November 6, 1942. In ruling on applications for adjustments of wages and salaries of laborers and mechanics employed by contractors, it shall approve them only if they fix the same wages and salaries for such employees as for the employees of the Tennessee Valley Authority performing like work. Disapproval of an application on the ground that it does not fix such equal wages and salaries shall not preclude application through other channels of the National War Labor Board. The Board of Directors of the Tennessee Valley Authority, without making an initial ruling thereon may refer to the National War Labor Board, for decision by the Board, any application which in its opinion presents doubtful or disputed questions of sufficient seriousness and import to warrant direct action by the Board.

(c) The Board of Directors of the Tennessee Valley Authority shall transmit to the Review and Research Division of the National War Labor Board copies of its rulings, and rules of procedure, if any, as they are issued, and such additional data and reports as said Division or the Board may from time to time deem necessary.

(d) Any ruling by the Board of Directors of the Tennessee Valley Authority hereunder shall be deemed the act of the National War Labor Board and shall be final, subject to the National War Labor Board's right to review rulings on its own motion and to reverse or modify the same. Any such reversal or modification shall not be retroactive and shall allow the Tennessee Valley Authority or the contractor, as the case may be, a period of two weeks for compliance. (Adopted January 27, 1943)

(E.O. 9250, 7 F.R. 7871)

L. K. GARRISON,
Executive Director.

Chapter VII—War Manpower Commission

[General Order 2]

PART 902—TRAINING PROGRAMS FOR ARMED FORCES CARRIED ON IN NON-FEDERAL EDUCATIONAL INSTITUTIONS

SELECTION OF INSTITUTIONS

By virtue of and pursuant to the authority vested in me as Chairman of the War Manpower Commission by Executive Orders Nos. 9139 and 9279, I hereby prescribe the following regulations governing the selection of non-Federal educational institutions for the conduct of training programs for the Armed Forces, and the approval of such training programs and of contracts relating thereto:

Sec.
902.1 Definitions.
902.2 Approval of training programs.
902.3 Contracts.
902.4 Establishment of joint committee.
902.5 Selection of institutions.

AUTHORITY: §§ 902.1 to 902.5, inclusive, issued under E.O. 9139, 9279; 7 F.R. 2919, 10177.

§ 902.1 *Definitions.* For the purpose of these regulations,

(a) "Educational institutions" and "Institutions" shall mean non-Federal institutions.

(b) "Armed Forces" includes their reserve components and the Women's Army Auxiliary Corps.

§ 902.2 *Approval of training programs.* All training programs for the Armed Forces involving the utilization of educational institutions, their facilities and personnel shall be submitted to the Chairman of the War Manpower Commission for approval. Such programs may be initiated by the Armed Forces in educational institutions selected in accordance with these regulations upon agreement with the educational institutions involved, at any time after approval by the Chairman of the War Manpower Commission.

§ 902.3 *Contracts.* All contracts for training entered into between the Armed Forces and educational institutions, and all modifications or changes thereof, shall conform to the applicable training program approved by the Chairman of the War Manpower Commission pursuant to § 902.2 of these regulations, and shall conform to the determination by the Joint Committee with respect to the availability of the facilities of the institution in question, made pursuant to § 902.5 of these regulations.

§ 902.4 *Establishment of joint committee.* (a) There shall be established a Joint Committee composed of three representatives designated by the Secretary of War, three representatives designated by the Secretary of Navy, and three representatives designated by the Chairman of the War Manpower Commission.

(b) The Joint Committee shall select the educational institutions in which training programs of the Armed Forces may be carried out under the regulations herein and hereinafter prescribed by the Chairman of the War Manpower Commission.

(c) In the selection of institutions for specialized training programs decisions shall be made by unanimous agreement of the Joint Committee. In the absence of unanimous agreement by the Committee, the matter shall be submitted to the Chairman of the War Manpower Commission for final decision.

§ 902.5 *Selection of institutions.* (a) Institutions shall be selected on the basis of their available administrative and instructional facilities, including staff, library, laboratories and equipment, as well as on the basis of housing, messing, and recreational facilities, as these are related to the particular training needs of the Armed Forces.

(b) As large a number of institutions, not omitting the smaller institutions, as may be consistent with economical and effective operation of the programs for training shall be selected. This selection shall likewise take into consideration a geographical distribution of institutions, based on the specific training needs of the Armed Forces and the time and cost of transportation of trainees.

(c) In the selection of any institution under these regulations, due consideration shall be given to Reserve Officers' Training Corps and to Army and Navy training programs now in operation in the institution, as well as availability and responsibility of the institution for the training of personnel for essential civilian activities.

(d) In addition to the data provided in the special reports presented by institutions on schedules distributed to all higher educational institutions, the Joint Committee shall give consideration to such supplementary information as may be furnished by the United States Office of Education and by the American Council on Education. Where necessary, information derived from personal inspection by representatives of the Armed Forces shall be considered.

(e) Institutions shall be selected according to the type of instruction that can be given most effectively at the required level in engineering, medical, premedical, and other needed fields, as well as in liberal arts. Consideration shall be given to the relationship of the type of instruction required to the numbers of students to be given basic instruction and to the number to be trained in various advanced and specialist classifications.

(f) Particular attention shall be given to the limited capacities of engineering, medical and other technical institutions in relation to the heavy demands for such forms of training by the Army, Navy, and essential civilian activities. Therefore, use shall be made of as many liberal arts and non-technical institutions as possible for basic training.

(g) Contracts shall be made initially with institutions which have available the necessary physical facilities and instructional staff required by the program. When and if additional institutions are needed, the extent to which the required additional facilities and staff can be obtained shall be considered.

PAUL V. MCNUTT,
Chairman,
War Manpower Commission.

TITLE 32—NATIONAL DEFENSE

Chapter IX—War Production Board

Subchapter B—Director General for Operations

AUTHORITY: Regulations in this subchapter issued under P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 819 and 507, 77th Cong.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-225]

BALDWIN RUBBER COMPANY

Baldwin Rubber Company of Pontiac, Michigan, on March 9, 1942 received an order for the production of rubber sheets for soles for civilian shoes. Prior to that time the company had not produced any soling material but had been engaged largely in the manufacture of automobile floor mats and other automotive parts. On March 20, 1942, Supplementary Order No. M-15-b was amended so as to prohibit the processing or consumption, after March 31, of reclaimed or scrap rubber for the production of soling materials for shoes. Baldwin Rubber Company was fully aware of the terms of this order of the War Production Board. Nevertheless, after March 31 and until halted by a representative of the War Production Board, on April 9, the Baldwin Rubber Company processed in excess of 35 tons of reclaimed rubber for the manufacture of soles for civilian shoes.

This constituted a wilful violation of the provisions of Supplementary Order M-15-b, as amended, which has hampered and impeded the war effort of the United States by diverting materials to uses not authorized by the War Production Board. In view of the foregoing, *It is hereby ordered*, That:

§ 1010.225 *Suspension Order S-225.* (a) For a period of thirty days from the effective date of this order, Baldwin Rubber Company shall not use, process, stamp, cut, or in any manner change the form, shape or chemical composition of any crude rubber, latex, reclaimed rubber, scrap rubber or synthetic rubber except for the production of articles for delivery to fill:

(1) War orders, as defined in Supplementary Order M-15-b, as amended, and

(2) Orders placed prior to the issuance date hereof by the Chemical Warfare Service of the United States Army.

(b) Beginning thirty days after the effective date of this order, Baldwin Rubber Company shall not use, process, stamp, cut, or in any manner change the form, shape or chemical composition of any crude rubber, latex, reclaimed rubber, scrap rubber, or synthetic rubber except for the production of articles for delivery to fill war orders, as defined in Supplementary Order M-15-b, as amended.

(c) Nothing contained in this order shall be deemed to relieve Baldwin Rubber Company from any restriction, prohibition or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect February 4, 1943 and shall expire November 9, 1943, at which time the restrictions contained in this order shall be of no further effect.

Issued this 1st day of February 1943.

CURTIS E. CALDER,
Director General for Operations.

[F. R. Doc. 43-1722; Filed, February 1, 1943; 4:12 p. m.]

PART 984—LEAD

[Conservation Order M-98-c as Amended Feb. 2, 1943]

Whereas, national defense requirements have created a shortage of lead for the combined needs of defense, private account, and export; and the supply now is and will be insufficient for defense and essential civilian requirements unless its use in the manufacture of many products where such use is not absolutely necessary for the defense or

essential civilian requirements is curtailed or prohibited as hereinafter provided; *Now, therefore, it is hereby ordered*, That:

§ 984.4 *Conservation Order M–38–c*—(a) *Prohibition on use of lead in articles appearing on List A.* (1) Any person using lead or lead base alloy in any item on List A shall reduce his use of lead or lead base alloy for such product between January 1 and March 31, 1942 to 50% of his use in the base period.

(2) Effective April 1, 1942, no lead or lead base alloy shall be used in the production of any item on List A.

(3) Effective May 1, 1942, no person shall use lead foil or lead base alloy foil, in packaging any cigarettes.

(b) *Limitation on all other uses of lead.* From and after October 1, 1942, no person shall use during any calendar quarter in the manufacture of any product which is not prohibited by paragraph (a) of this order more lead or lead base alloy than 90% of the quantity of lead or lead base alloy that he used in the manufacture of such product during the base period. If any person did not use lead or lead base alloy during the base period in the manufacture of any product not prohibited by paragraph (a), he may use in the manufacture of such product such quantity of lead or lead base alloy as the Director General for Operations may authorize pursuant to an appeal under paragraph (f) (2) of this order.

(c) *General exceptions.* Where and to the extent that the use of any less critical material is impracticable, the prohibitions, limitations and restrictions contained in paragraphs (a) and (b) of this order shall not apply to the use of lead or lead base alloy in the manufacture of any item on, or for any of the uses set forth on, List B attached, nor in the manufacture of any item which is being produced:

(1) Under a contract, subcontract or purchase order for the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development or for any foreign country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States," (Lend-Lease Act) if in any such case the use of lead or lead base alloy to the extent employed is required by the specifications (including performance specifications) of the applicable contract, subcontract or purchase order; or

(2) To comply with underwriters regulations, or safety regulations issued under Governmental authority, provided that the pertinent provisions of such regulations were, in either case, in effect both on December 1, 1941, and on the date of such use, and specifically and exclusively require the use of lead or lead base alloy to the extent employed; or

(3) For use in equipment in manufacturing plants to the extent that corrosive action makes necessary the use of lead; or

(4) For use in scientific and industrial laboratories and hospitals where and to the extent that the physical and chemical properties of lead make its use necessary.

(d) *Prohibitions against sales or deliveries.* No person shall hereafter sell or deliver lead or lead base alloy to any person if he knows, or has reason to believe, such material is to be used in violation of the terms of this order.

(e) *Limitation of inventories.* No manufacturer shall receive delivery of lead or lead base alloy (including scrap) or products thereof, in the form of raw materials, semi-processed materials, finished parts or sub-assemblies, nor shall he put into process any raw materials in quantities, which in any case shall result in an inventory of such raw, semi-processed or finished material in excess of a minimum practicable working inventory.

(f) *Miscellaneous provisions*—(1) *Applicability of Priorities Regulation 1.* This order and all transactions affected thereby are subject to the provisions of Priorities Regulation 1 (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(2) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of lead or lead base alloy conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense work to defense work, may appeal to the War Production Board, Ref.: M–38–c, on such forms as may be prescribed, setting forth the pertinent facts and the reasons he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(3) *Applicability of order.* The prohibitions and restrictions contained in this order shall apply to the use of material in all articles hereafter manufactured irrespective of whether such articles are manufactured pursuant to a contract made prior or subsequent to January 10, 1942 or pursuant to a contract supported by a preference rating. Insofar, as any other order of the Director General for Operations may have the effect of limiting or curtailing to a greater extent than herein provided, the use of lead or lead base alloy in the production of any article, the limitations of such other order shall be observed.

(4) *Violations.* Any person who wilfully violates any provision of this order, or who by any act or omission falsifies records to be kept or information to be furnished pursuant to this order may be prohibited from receiving further deliveries of any material subject to allocation, and such further action may be taken as is deemed appropriate, including a recommendation for prosecution under section 35 (A) of the Criminal Code (18 U.S.C. 80).

(5) *Definitions.* For the purposes of this order:

(i) "Lead" means and includes lead metal whether produced from domestic or foreign ores, which has been refined by any recognized method, in all forms and shapes current in the trade; antimonial lead, and lead metal produced from scrap and drosses.

(ii) "Lead base alloy" means any alloy containing 50 percent or more of lead metal by weight.

(iii) "Inventory" of a person includes the inventory of affiliates and subsidiaries of such person, and the inventory of others where such inventory is under the control or under common control with or available for the use of such person.

(iv) "Manufacture" means to fabricate, assemble, melt, cast, extrude, roll, turn, spin, produce, coat or process in any other way, but does not include installation of a finished product for the ultimate consumer.

(v) "Item" means any article or any component part thereof.

(vi) "Use" means both (*a*) the act of putting lead or lead base alloy into process in the manufacture of any item and (*b*) the act of completing the manufacture of any such item. (Where a person is limited to a percentage of the material used in a base period this limitation applies respectively to (*a*) the amount of material put into process during the base period and (*b*) the total amount of material contained in a completed item or article multiplied by the number of such items or articles completed during the base period. Each restriction must be applied separately.)

(vii) "Base period" means either (*a*) the 3rd quarter of 1941, or (*b*) the 4th quarter of 1941, at the election of the manufacturer: *Provided*, That a single method of computation shall be used throughout the calendar year.

(viii) "Put into process" means the first change by a manufacturer in the form of material from that form in which it is received by him.

Issued this 2d day of February 1943

CURTIS E. CALDER,
Director General for Operations.

LIST A OF ORDER M–38–c

The use of lead or lead base alloy in the items listed below and in all component parts thereof is prohibited except to the extent permitted by the foregoing conservation order, and except to the extent that the use of solder may be required in the assembly of two or more component parts of such items:

Automobile body solder
Ballast, keels for pleasure boats
Building supplies (except as permitted in latest War Housing Critical List):
  doors
  flashings, over 2½ lbs. per sq. ft. hard lead or 4 lbs. per sq. ft. soft lead
  gutters
  leaders
  ornamental work
  puttyless frames
  roofing
  safety treads
  sash weights
  sheets under flooring except those not over 2½ lbs. per sq. ft. hard lead or 4 lbs. per sq. ft. soft lead for water proofing
  shower pans, over 2½ lbs. per sq. ft. hard lead or 4 lbs. per sq. ft. soft lead
  sky lights and windows
  spandrels
  stair-treads
Buttons, costume jewelry, novelties, and trophies
Caskets and casket hardware except name plates manufactured from secondary antimonial lead weighing not more than 14 ounces
Foil (except as specified on List B)
Glass for ornamental purposes
Regalia, badges, emblems
Statuary and art goods
Tennis court markers
Toys
Weights for:
  bats
  clocks
  decoys
  dresses
  golf clubs
  jockey's saddle

LIST B OF ORDER M–38–c

The items listed below and parts thereof are excepted from the prohibitions and restrictions contained in paragraphs (a) and (b) of the foregoing Conservation Order M–38–c, but only to the extent indicated below and only to the extent that the use of any less scarce material is impractical.

Anodes and cathodes in electroplating processes
Baths for the heat treatment of steel
Bearings, bushings, and thrust washers
Building supplies as follows:
  bends
  calking lead
  closet floor flanges (hard lead only)
  flashings up to and including 2½ lbs. per sq. ft. hard lead or 4 lbs. per sq. ft. soft lead
  pipe
  sheets 2½ lbs. per sq. ft. and under hard lead or 4 lbs. per sq. ft. and under soft lead for water proofing
  shower pans 2½ lbs. per sq. ft. and under hard lead or 4 lbs. per sq. ft. and under soft lead
  traps
Fire fighting and other protective equipment where and to the extent lead or lead base alloy is essential to the proper functioning of the parts.
Foil for:
  babbitt for the preparation of industrial metallic packing
  condensers
  dental uses
  electrotyping
  moulding lead
  packaging cheese, yeast, dehydrated hydroscopic foods and medicinal and pharmaceutical products
  wrapping lead sheathed cable
Gaskets
Glass for optical and scientific purposes
Identification and instruction plates of secondary antimonial lead for industrial machinery and equipment
Lead arsenate for agricultural insecticides and fungicides
Solder
X-ray equipment and supplies
Pigments and driers

PART 1072—SOLE LEATHER

[Supplementary Order M–80–g]

§ 1072.8 *Supplementary Order M–80–g.* Pursuant to paragraph (b) (1) of Order M–80 as amended to August 5, 1942, which this order supplements, each person tanning sole leather for his own account or causing sole leather to be tanned for his account by others shall set aside during the period from February 1, 1943, to February 28, 1943, inclusive, at least 25% of the quantity of manufacturers bends produced by him for his own account, or produced for his account by others, during that period. The weight and quality of said portion set aside shall be proportionately equal, as nearly as can be, to those of the manufacturers bends not so set aside.

Issued this 2d day of February 1943.

PART 1090—AGAVE FIBER, AGAVE PRODUCTS AND CERTAIN OTHER CORDAGE

[General Preference Order M–84, as Amended Feb 2, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of agave fiber, agave products and certain other cordage for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1090.1 *General Preference Order M–84*—(a) *Definitions.* For the purposes of this order:

(1) "Agave fiber" means agave fiber of the species of agave sisalana, agave fourcroydes, and agave cantala, of all grades and qualities including tow, waste (but not including processor's mill waste) and fiber under 20″ in length, commonly known in the trade as sisal, henequen, cantala, and maguey, and sometimes preceded by an adjective designating the country or district of origin.

(2) "Agave cordage" means cables and ropes 3/16″ in diameter and larger, cordage or twines of any diameter used in the manufacture of any wire rope, twines used for fishing nets, and tarred marlines for use in manufacturing wire rope and for marine uses, in which agave fiber either alone or in combination with other material is used, but does not include agave cordage sold or delivered for its scrap value.

(3) "Processor" means any person who spins, twists, weaves or otherwise uses agave fiber in the production of cordage, twine or any other product.

(4) "Processing" means any use of agave fiber for the manufacture of any article or commodity into which agave fiber goes or of which it becomes a part.

(5) "Dealer" means any person who procures agave cordage or agave twine for storage or for sale, and includes selling agents and other commercially recognized agents acting for their own account or for others, whether or not acquiring title to such agave cordage or agave twine, but shall not include any person who imports agave cordage, or agave twine.

(6) "Wrapping twine" means twine, including lath yarns (ply and yarn goods) as included in National Bureau of Standards Simplified Practice Recommendation R 92–38, and any other twine suitable for the same purposes for which those twines described in said Simplified Practice Recommendation R 92–38 are used, which contains agave fiber, but shall not include binder twine.

(7) "Binder twine" or "binding twine" means a single yarn twine, manufactured of agave fiber, of the type customarily heretofore manufactured, and sold in lengths measuring 500, 525, 550, 600, 630 or 650 feet to the pound, with a plus or minus tolerance of 5 per centum, containing a lubricant of not less than 10 per centum of the total weight of the twine and an insect repellent, and which is put up in balls of approximately 5 or 8 pounds each, is suitable for use with a harvesting machine, and is used in the harvesting of agricultural products.

(8) "Inventory" with respect to any person shall include all of any agave product held or controlled by such person at all warehouses, plants or places of storage, but shall not include any of such product while actually in transit or actually in use.

(9) "Supply" means the average monthly amount of any agave product withdrawn from inventory which has been resold or put into actual use.

(i) In the three calendar months preceding the calendar month for which supply is being calculated; or,

(ii) In the three calendar months of the previous year which immediately followed the calendar month of that year corresponding to the said calendar month for which supply is being calculated;

whichever of the two shall be the higher.

(10) "Basic monthly poundage" with respect to any cordage processor for any month shall be the average number of pounds per month of both Manila and agave cordage sold by such processor during the period from January 1, 1939, to December 31, 1941, minus 37½ of such person's Manila fiber basic monthly poundage calculated as required by General Preference Order M–36: *Provided*, That any cordage processor keeping his books on a weekly basis may calculate his basic monthly poundage from the fifty-two week period of the 1939 calendar year and adjust any other calculations or quotas under this order.

(11) "Import" means to transport in any manner into the continental United States from any foreign country or from any territory or possession of the United States, including the Philippine Islands. It includes shipments into a free port, free zone or bonded custody of the United States Bureau of Customs (bonded warehouse) in the continental United States and shipments in bond into the continental United States for transshipment to Canada, Mexico or any other foreign country.

(b) *Restrictions on sales and deliveries of agave fiber.* No person shall sell, or deliver, or make or accept delivery of agave fiber of any grade or quality; except that purchases, sales and deliveries of agave fiber may be made:

(1) By and to Defense Supplies Corporation;

(2) By and to persons importing or otherwise handling agave fiber in accordance with written instructions from Defense Supplies Corporation: *Provided*, That such agave fiber is to be delivered, either processed or unprocessed, directly or through one or more other persons to Defense Supplies Corporation.

(3) By and to importers, dealers, jobbers, or processors, pursuant to contracts entered into on or before February 20, 1942, but only of agave fiber in the amounts specified in such contracts on or before the said date, or by any amendments or supplements thereto on or before August 5, 1942: *Provided, however*, That purchases, sales and deliveries under general requirements contracts or contracts to take all, or a specified percentage of a production may continue to be made until December 31, 1942: *And provided further*, That all agave fiber, except bagasse waste, imported on or after October 31, 1942, under any contract mentioned in this subparagraph (3) shall, within twenty-four hours after its arrival, be reported to the War Production Board, except such agave fiber which shall have been offered for sale to the Defense Supplies Corporation, and such reported agave fiber shall not be used or disposed of except as specifically authorized by the Director General for Operations.

(4) By and to importers, dealers, jobbers, or processors of agave fiber which has been rejected by Defense Supplies Corporation as unfit for its use.

(5) By and to importers, dealers, jobbers or processors of tow, waste, bagasse flume or fiber less than twenty inches in length: *Provided*, That such fiber was on hand in the United States on February 20, 1942, or was, or is thereafter imported pursuant to this paragraph (b).

(6) By processors to processors, whether directly or through one or more other persons, of agave fiber which was on hand in the United States on or before August 5, 1942, or which is thereafter imported pursuant to this paragraph (b).

(c) *Restrictions on the processing of agave fiber.* (1) Except as provided in paragraphs (c) (2), (3) and (4), no person shall process any agave fiber in the manufacture of any product except the products specified below, and then only from the fibers and in the amounts expressly permitted below. The quotas hereinbelow established shall include processing for delivery to or for the account of, or for physical incorporation into material or equipment to be delivered to or for the account of, the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration or its operating or general agents.

(i) *Wrapping twine.* Processors may use agave fiber for the manufacture of wrapping twine in an amount in any month not in excess of the percentage for such month, of his average monthly sales for the calendar year 1941 described below:

	Percent
February, 1942	100
March, 1942	70
April, 1942	65
May, 1942	65
June, 1942	57½
July, 1942	50
August, 1942	40
September, 1942	20
October, 1942, and each month thereafter	0

Provided, however, That this restriction shall not apply to wrapping twine commonly known as baler twine for use in machines harvesting agricultural products (except straw to be used in strawboard manufacture) other than machines using binder twine: *Provided, further*, That no processor may use agave fiber for the manufacture of baler twine during the calendar year 1943 in an amount in excess of 110% of his sales of baler twine during the calendar year 1942 minus his inventory of baler twine on hand at the close of business on December 31, 1942: *Provided, further*, That any person purchasing any such baler twine from a processor shall endorse on, or attach to, his purchase order or delivery receipt therefor, a certificate signed by such person, or his duly authorized representative, in substantially the following form:

The undersigned hereby represents to the seller and the War Production Board that the baler twine covered by this certificate will be either resold or used by the undersigned during the current harvest season for use in machines harvesting agricultural products (except straw to be used in strawboard manufacture) other than machines using binder twine in accordance with paragraph (c) (1) (i) of General Preference Order M-84.

And, provided further, That no person shall put into process after April 13, 1942 any java agave sisalana for the manufacture of wrapping twine, or after August 5, 1942 any Java agave cantala for this purpose.

(ii) *Binder twine.* Processors may use agave fiber in the manufacture of binder twine: *Provided*, That no grade of the following kinds of agave fiber may be used for this purpose: Java cantala or African, Haitian, Java or Madagascar sisalana.

(iii) *Padding or stuffing.* Processors manufacturing padding or stuffing may use for that purpose only bagasse waste, except on orders to be delivered to or for the account of, or to be physically incorporated into material or equipment to be delivered to or for the account of, the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration or its operating or general agents, in which case tow, waste, and fibers less than twenty inches in length may be used.

(iv) *Reinforced paper, tape and plastics.* Processors manufacturing reinforced paper, tape and plastics may use agave fibers except Java sisalana and Java cantala, but only in an amount not in excess of 50% of the fiber content of their average monthly sales of such products for the twelve months ended June 30, 1942.

(v) *Agave* cordage. Processors manufacturing agave cordage shall not put into process in any of the periods listed below an amount of agave fiber in excess of the amounts hereinafter specified for such period:

Periods:	*Amounts of agave fiber*
July 1, 1942, through December 31, 1942	12.2 times basic monthly poundage
Each calendar quarterly period in 1943	5.3 times basic monthly poundage

Provided, That the amount of agave fiber which may be put into process for this purpose by any cordage processor in any such period shall be:

(*a*) *Diminished* by the amount of any additional Manila fiber which may be put into process by such cordage processor during such period pursuant to any exceptions or additional authorizations issued by the Director General for Operations pursuant to General Preference Order M-36.

(*b*) [Revoked January 4, 1943.]

(*c*) [Revoked January 4, 1943.]

(2) A person may process agave fiber in the manufacture of a product not specified in paragraph (c) (1), for delivery to or for the account of, or for physical incorporation into material or equipment to be delivered to or for the account of, the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration or its operating or general agents.

(3) The prohibitions of paragraph (c) (1) shall not apply to the manufacture of wrapping twine, binder twine, agave cordage, reinforced paper, tape, or plastics from tow, waste, or fiber under twenty inches in length.

(4) The Director General for Operations may, whenever supplies of agave fiber on hand in the United States warrant, increase the amounts of agave fiber which may be entered into process for the manufacture of agave cordage or for such other products as in the judgment of the Director General for Operations may be necessary to promote the national defense and in the public interest.

(d) *Restrictions on purchases, sales and deliveries of agave cordage and wrapping twine.* (1) No dealer shall order, purchase or accept deliveries of any agave cordage which will result in such dealer having in inventory an amount thereof in excess of one month's supply.

(2) No person (other than a dealer, an importer, a wire rope manufacturer, the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal or the War Shipping Administration or its operating or general agents) shall order or accept delivery of any agave cordage which will result in such person having in inventory an amount thereof in excess of one month's supply; and no such person shall have outstanding at any one time orders for future deliveries of agave cordage in excess of one month's supply for such person.

(3) No importer shall, during the period from August 5, 1942 to October 31, 1942, sell or deliver in any calendar month agave cordage in excess of his average monthly sales of Manila and agave cordage in the calendar years 1939–1941, or in any calendar month after October 31, 1942, sell or deliver agave cordage, other than agave cordage sold or delivered to the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal, the War Shipping Administration or its operating or general agents, in excess of one-third of his average monthly sales of Manila and agave cordage in the calendar years 1939–1941.

(4) On and after September 26, 1942, no processor shall process agave fiber for cordage or sell or deliver any agave cordage except for filling contracts or purchase orders therefor, for the following categories of uses:

(i) *Class One: Agave cordage other than that used in manufacture of wire rope.* (*a*) Use for delivery to or for the account of the Army or Navy of the United States, the United States Maritime Commission, the Panama Canal or the War Shipping Administration or its operating or general agents;

(*b*) Use upon any contract or order placed by any department or agency of the United States Government for delivery of agave cordage to or for the account of the Government of any country pursuant to the Act of March 11, 1941, entitled "An Act to promote the Defense of the United States" (Lend-Lease Act).

(*c*) Use for physical incorporation into material or equipment (excluding grommets and ammunition box handles) to be delivered under an order on hand to or for the account of any of the departments or agencies specified in the foregoing inferior subdivisions (*a*) and (*b*) of paragraph (d) (4) (i).

(ii) *Class Two: Agave cordage other than that used in the manufacture of wire rope.* (*a*) Commercial or other governmental marine, towage or lighterage uses, provided the cordage for such uses (excluding wheel rope for steering vessels) shall be one inch or more in diameter;

(*b*) Fishing uses for commercial fish markets or canneries;

(*c*) Use as catlines, spinning lines, bullropes and drilling cables in the operation or drilling of oil or gas wells;

(*d*) Use as drilling cables or sealing ropes in mines or quarries or in drilling water wells;

(*e*) Power transmission uses where an endless rope is used in transmitting continuous mechanical power between driver and driven grooved pulleys;

(*f*) Use to fill any purchase order carrying a preference rating of A-1-a or higher for the construction, maintenance or repair of any machinery equipment or structure, including public utility power lines and communications systems and shipyards, hulls and vessels;

(*g*) Use as grapnel cable;

(*h*) Use on elevators as governor rope, hawser laid, $\frac{5}{8}$" through 1" in diameter;

(*i*) Use as lifeboat falls;

(*j*) Use as drop hammer rope on purchase orders carrying a preference rating of A-1-a or higher;

(iii) *Class Three: Agave cordage used in the manufacture of wire rope.* Use in the manufacture of component parts of wire rope: *Provided, however*, That, on and after December 14, 1942, such agave cordage shall be processed only in sizes of $\frac{13}{64}$ of an inch in diameter or larger, that lesser sizes on hand or in process on said date may be sold or delivered for this use, and that lesser sizes may be processed, sold or delivered for galvanized or other corrosion resistant wire rope of sizes 6 x 12, 6 x 24, 6 x 37, or of spring-lay construction for use by any person specified in paragraph (d) (4) (i), but only to the extent that the normal specifications of such person, or a future directive of any department or agency specified in said paragraph, require such use.

(5) Each purchaser (other than the departments or agencies specified in paragraph (d) (4) (i)) of agave cordage (excluding agave cordage in any dealer's inventory shipped to such dealer on or before September 25, 1942) shall furnish his seller a certificate as a condition to receiving said cordage, and no person shall sell or deliver any such agave cordage to such purchaser without obtaining a certificate, signed by such purchaser or his duly authorized representative, in substantially the following form:

The undersigned hereby represents to the seller and the War Production Board that the agave cordage covered by this certificate will be used or sold only for the following uses

---

(fill in)

authorized in paragraph (d) (4) of General Preference Order M-84, with the terms of which the undersigned is familiar.

(6) On and after January 1, 1943, no processor shall put into process in any calendar month any agave fiber for the purpose of filling purchase orders for Class Two cordage uses, as specified in paragraph (d) (4) (ii), in excess of 20% of his basic monthly poundage, as established under paragraph (a) (10).

(7) [Revoked January 4, 1943.]

(8) On and after December 15, 1942, notwithstanding the provisions of paragraphs (d) (4) and (d) (5), any person may purchase, sell or deliver any agave lariat rope in process or in inventory on or before September 25, 1942.

(9) No importer shall sell or deliver in any month listed below any wrapping twine, imported or domestic, in excess of the following percentages of his average monthly sales thereof during the calendar year 1941:

July, 1942	65
August, 1942	40
September, 1942, and each month thereafter	20

(e) *Importation.* The importation of agave yarn, fabric, twine, cordage and other agave products shall be made in conformity with the provisions of General Imports Order M-63, as amended from time to time.

(f) *Restrictions on purchases, sales and use of binder twine.* No person shall hereafter sell, purchase, deliver, accept delivery of or use any binder twine except for the growing or harvesting of agricultural products or for sewing up bags containing such products, and any person purchasing any binder twine shall endorse on, or attach to his purchase order or delivery receipt therefor, a statement signed by such person, or on his behalf by a duly authorized individual, a certificate in substantially the following form:

The undersigned hereby represents to the seller and the War Production Board that the binder twine covered by this certificate will be either resold or used by the undersigned for the growing or harvesting of agricultural products or for sewing up bags containing such products and is not in excess of his requirements for the current harvest season, as provided in General Preference Order M-84.

(g) *Preference to agave cordage processors for cotton, istle or jute yarns.* (1) Subject to the provisions contained below in this paragraph (g) and notwithstanding the provisions of any other conservation order, preference rating A-2 is hereby assigned to any processor of agave cordage during the year 1942 to obtain delivery of cotton, istle or jute yarns for processing by him into cordage.

(2) The preference rating assigned by paragraph (g) (1) shall be applied and extended in accordance with Priorities Regulation No. 3, as amended from time to time.

(3) During the period January 1 through February 28, 1943, no processor of agave cordage during the year 1942 shall apply the rating assigned by paragraph (g) (1) to obtain delivery of any istle or jute yarns for such purpose in excess of an equivalent, for each yarn, of his basic monthly poundage, as established under paragraph (a) (10), and of one-half times said poundage for cotton yarns. Any such processor desiring additional quantities of any of said yarns may apply to the War Production Board therefor on Form PD-1A or other applicable form prescribed.

(4) Each processor of agave cordage during the year 1942 shall furnish his seller a certificate as a condition to receiving any cotton, istle or jute yarns for processing by him into cordage, and no person shall sell or deliver any cotton, istle or jute yarns to such processor for such purpose without obtaining a certificate, signed by such processor or his duly authorized representative, in substantially the following form:

The undersigned hereby represents to the seller and the War Production Board that he processed agave cordage during 1942 and that the cotton, istle or jute yarns covered by

this certificate will be processed by the undersigned into cordage and is not in excess of the stock authorized under paragraph (g) of General Preference Order M-84.

(h) *Control and allocations of stocks of agave fiber and agave cordage.* (1) Control is hereby taken of the disposition and use of agave fiber and agave cordage possessed by or under the control of any importer, dealer or processor. Any agave fiber or agave cordage at any time hereafter in the inventory of any such person shall be sold and delivered by such person as, and if, specifically directed in any order of the Director General for Operations which may be issued whenever the Director General for Operations shall determine that a shortage of any particular grade of agave fiber or agave cordage for defense, or for private account, or for export, renders it necessary or appropriate so to allocate such agave fiber or agave cordage in the public interest, or to promote the national defense by so directing its sale and delivery by such person. Any such sale shall be made at the established prices and terms of sale and payment therefor and shall take precedence over any preference rated orders. No person shall dispose of or use agave fiber or agave cordage in any manner inconsistent with any such order.

(2) Applications for specific authority to purchase, receive or use agave fiber or agave products otherwise than as permitted by paragraphs (b), (c), (d) or (e) may be made to the Director General for Operations by the person desiring to use such agave fiber or agave cordage on form PD-709 or such other form or forms as may be prescribed. Any such application shall, among other things, set forth a statement of the technical necessity for the use of agave fiber or agave cordage in the manner and to the extent that application therefor is made. Such application shall also summarize the efforts made by the applicant to use substitutes and shall contain a statement of the reasons why the applicant believes the use of agave fiber or agave cordage, in the manner and the extent that application therefor is made, will promote the national defense or will be in the public interest.

(i) *Reports.* Every importer of agave fiber shall file a report on Form PD-129 and every processor of agave fiber shall file a report on form PD-128 with the U. S. Tariff Commission, acting for the War Production Board, not later than the tenth day of the following month, and all persons affected by this order shall file with the War Production Board such reports as may from time to time be required by said Board.

(j) *Records.* All persons affected by this order shall keep and preserve for not less than two (2) years accurate and complete records concerning inventories, production, sales and other transactions pursuant to this order, and shall from time to time, upon request, submit all records required to be kept by this order to audit and inspection by duly authorized representatives of the War Production Board.

(k) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of agave fiber conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the War Production Board by letter or telegram, Reference M-84, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(l) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Division, Washington, D. C., Reference M-84.

(m) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(n) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Issued this 2d day of February 1943.

CURTIS E. CALDER,
Director General for Operations.

PART 3151—ASCORBIC ACID

[General Preference Order M-269 as Amended Feb. 2, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of ascorbic acid for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3151.1 *General Preference Order M-269*—(a) *Definitions.* (1) "Ascorbic acid" means ascorbic acid (cevitamic acid or vitamin C) in crude or refined form. The term shall include any chemical compound of ascorbic acid but shall not include standard dosage forms (tablets, capsules, ampoules, solutions, etc.), combinations in food or beverages, or ascorbic acid of natural origin.

(2) "Producer" means any person engaged in the production or processing of ascorbic acid, and includes any person who imports ascorbic acid or has ascorbic acid produced for him pursuant to toll agreement.

(3) "Distributor" means any person who purchases ascorbic acid solely for the purpose of resale without further processing and without changing the form thereof.

(4) "Allocation month" means the period beginning on the 15th day of a calendar month and continuing through the 14th day of the calendar month following. The allocation month of January, for example, shall mean the period beginning January 15.

(b) *Restrictions on deliveries and use.* (1) Subject to paragraph (c) hereof, on and after December 15, 1942 no producer or distributor shall deliver or use ascorbic acid, and no person shall accept delivery of ascorbic acid, except as specifically authorized or directed by the Director General for Operations.

(2) Authorizations or directions with respect to deliveries to be made or accepted in each allocation month will so far as practicable be issued by the Director General for Operations prior to the commencement of such allocation month, but the Director General for Operations may at any time at his discretion and notwithstanding the provisions of paragraph (c) hereof, issue directions with respect to deliveries to be made or accepted. He may also at any time issue directions with respect to the use or uses which may or may not be made of material to be delivered or then on hand.

(3) Each person specifically authorized to accept delivery of ascorbic acid shall use such material for the purpose authorized, and only for such purpose, except as otherwise specifically directed by the Director General for Operations, or as provided in paragraph (b) (4) hereof.

(4) Ascorbic acid allocated for inventory shall not be used except as specifically directed by the Director General for Operations. Ascorbic acid allocated to fill a specified order or class of orders shall, where and to the extent that such order or class of orders is subsequently cancelled, revert to inventory.

(c) *Exceptions to requirement for authorization.* Specific authorization of the Director General for Operations shall not be required for:

(1) Acceptance of delivery by any person in any one allocation month of five ounces or less of ascorbic acid in the aggregate; provided that such person has not been specifically authorized or directed by the Director General for Operations to accept delivery of any quantity of such material during such month;

(2) The delivery by any producer or distributor to any person who shall certify to him in writing that he is entitled pursuant to paragraph (c) (1) hereof to accept delivery;

(3) The use by any producer in any allocation month of five ounces or less of ascorbic acid in the aggregate

(4) Delivery of ascorbic acid to, or acceptance of delivery of ascorbic acid by, a person for incorporation into standard dosage forms, where the person making delivery has previously received such ascorbic acid pursuant to specific authorization of the Director General for Operations and retains title to such ascorbic acid and to the product made therefrom.

(d) *Applications and reports.* (1) Each person seeking authorization to accept delivery of (and each producer or distributor seeking authorization to use) ascorbic acid during any allocation month, beginning with the allocation month which commences January 15, 1943, whether for his own consumption or resale, shall file application therefor on or before the 1st day of the calendar month in which such allocation month begins. Where delivery or use is to be in the allocation month commencing December 15, 1942, such application shall be filed as many days as possible in advance of the requested acceptance of delivery or use. In any case, such application shall be made on Form PD-600, in the manner prescribed therein, subject to the following special instructions:

(i) Copies of Form PD-600 may be obtained at local field offices of the War Production Board.

(ii) Five copies shall be prepared, of which one shall be forwarded to the supplier, three to the War Production Board, Chemicals Division, Washington, D. C., Ref.: M-269, and the fifth retained for applicant's file.

(iii) In the heading, under name of chemical, specify "ascorbic acid"; under WPB Order No., specify "M-269"; under unit of measure, specify ounces; under name of your company, specify name and mailing address; and specify the allocation month and year for which authorization for acceptance of delivery is sought.

(iv) In Columns 1, 11 and 19, specify quality; for example, USP, crude, calcium ascorbate.

(v) In Column 3, specify the exact product in the manufacture or preparation of which you will use ascorbic acid or in which you will incorporate ascorbic acid. Retailers ordering ascorbic acid for resale (as ascorbic acid), will specify "Resale at retail". If purchase is for inventory, state "inventory".

(vi) In Column 4, specify in each case (including case where your purchase is for "resale") ultimate use to be made of product (as, for example, "medicinal", "beverage", "food fortification"), and also specify in each case whether your customer is Army, Navy, other government agency, Lend-Lease or commercial customer.

(2) Each producer or distributor seeking authorization to make delivery of ascorbic acid during any allocation month, beginning with the month commencing January 15, 1943, shall file application on or before the 5th day of the calendar month in which such allocation month begins. Application for authorization to deliver in the allocation month beginning December 15, 1942, shall be made as many days as possible in advance of the requested delivery. In any case, such application shall be made on Form PD-601 in the manner prescribed therein, subject to the following special instructions:

(i) Copies of Form PD-601 may be obtained at local field offices of the War Production Board.

(ii) Prepare four copies and forward three to the War Production Board, Chemicals Division, Washington, D. C., Ref: M-269, the fourth to be retained by the producer or distributor.

(iii) Producers who have filed application on Form PD-600 specifying themselves as their suppliers, shall list their own names as customers on Form PD-601 and shall list their request for allocation in the manner prescribed for other customers.

(iv) In the heading, under name of chemical specify "ascorbic acid"; under WPB Order No., specify "M-269"; under name of company, state name and mailing address; under unit of measure specify ounces; and state the allocation month and year during which deliveries covered by your application are to be made.

(v) In Columns 3 and 8, specify grades as stated in customer's Form PD-600.

(vi) The producer or distributor may, if he wishes, leave Column 5 blank.

(vii) Names of customers to whom small order deliveries are to be made during the next allocation month pursuant to paragraph (c) of this order need not be listed, but insert in Column 1 "Total small order deliveries (estimated)", and in Column 4, state the estimated quantity.

(viii) If it is necessary to use more than one sheet to list customers, number each sheet in order and show grand totals for all sheets on the last sheet, which is the only one that need be certified.

(3) The Director General for Operations may require each person affected by this order to file such other reports as may be prescribed, and may issue special directions to any such person with respect to preparing and filing Forms PD-600 and PD-601.

(e) *Notification of customers.* Each supplier shall notify his regular customers as soon as possible of the requirements of this order, but failure to receive such notice shall not excuse any person from complying with the terms hereof.

(f) *Miscellaneous provisions*—(1) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of War Production Board priorities regulations, as amended from time to time.

(2) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington, D. C. Ref.: M-269.

Issued this 2d day of February 1943.

CURTIS E. CALDER,
Director General for Operations.

PART 3160—WOODWORKING MACHINERY AND LIGHT MACHINE TOOLS

[General Limitation Order L-237]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply for defense, for private account, and for export, of light power driven tools and materials entering into the production thereof; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3160.1 *General Limitation Order L-237*—(a) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, or any organized group of persons whether incorporated or not.

(2) "Producer" means any person engaged in the production, manufacture, or assembly of light power driven tools.

(3) "Supplier" means any person (other than a producer) whose business consists in whole or in part of the sale, distribution, or transfer from stock or inventory of light power driven tools; "supplier" includes wholesalers, distributors, jobbers, dealers, retailers, branch warehouses or other distribution outlets controlled by producers and other persons performing a similar function.

(4) "Light power driven tool" means any new power driven tool listed on Schedule A hereof, as amended from time to time, irrespective of the use for which it is designed, or the use to which it may be put, whether for the working of metals, wood or any other substance, which power driven tool had a producer's list price on October 15, 1942, of $350 or less; exclusive, however, of floor finishing, floor maintenance and floor sanding machines as defined in General Limitation Order L-222 and exclusive of portable tools.

(5) "Portable tool" means any light power driven tool which in the course of normal use is lifted, held and operated by not more than two persons.

(6) "Producer's list price" means the sale price at which the producer's catalog or other price publication listed the light power driven tool, exclusive of the motor, motor drive, or any attachments therefor: *Provided, however,* That where the motor, motor drive, or any attachments are initially built into the basic tool itself, as an integral part thereof, then in such case "producer's list price" shall mean the sale price at which the producer listed the light power driven tool as an assembled unit.

(b) *Restrictions.* (1) No producer shall manufacture, fabricate, assemble, or produce any light power driven tools, the addition of which to his inventory would increase that inventory beyond the smallest quantity or number of light

power driven tools which will satisfy anticipated deliveries on existing or anticipated orders bearing preference ratings of A–1–a or higher for a period of 60 days in advance, but in no case shall such quantity exceed 16⅔ percent of total 1941 sales by dollar volume of such products.

(2) No producer or supplier shall sell, transfer or deliver to any person any light power driven tool except on orders bearing a preference rating of A–1–a or higher: *Provided, however,* That the provisions of this paragraph (b) (2) shall not apply to the sale, transfer or delivery of any light power driven tool by one supplier to another supplier.

(3) No person shall purchase, acquire or accept delivery of any light power driven tool by the application of any preference rating assigned on Form PD–25A or PD–25F, nor shall any person fill any such order which he knows or has reason to believe bears a preference rating assigned on PD–25A or PD–25F: *Provided, however,* That the provisions of this paragraph (b) (3) shall not apply to any light power driven tool which had a producer's list price on October 15, 1942, of $35 or less.

(4) No supplier shall accept delivery of any light power driven tool which will increase his inventory of that size and type tool (irrespective of manufacturing make) beyond five in number; and no producer or supplier shall deliver or cause to be delivered to any supplier any light power driven tool which the delivering producer or supplier knows or has reason to believe will increase the receiving supplier's inventory of that size and type tool (irrespective of manufacturing make) beyond five in number.

(5) The prohibitions and restrictions imposed by this order on sales, transfers and deliveries shall apply not only to sales, transfers, or deliveries from one person to another person, including affiliates and subsidiaries, but shall also apply to sales, transfers, or deliveries from one branch, division, or section of a single enterprise to another branch, division, or section of the same or any other enterprise under common ownership or control; and the delivery and inventory restrictions of paragraph (b) (4) hereof shall apply separately to each branch, division or section of a single enterprise under common ownership or control.

(c) *Exemptions.* The provisions of this order shall not apply to deliveries of light power driven tools which deliveries are made on or before the 4th day of April 1943 pursuant to purchase orders placed prior to the 2nd day of February 1943.

(d) *Inapplicability of other orders.* Where the provisions of this order conflict or are inconsistent with the provisions of General Preference Order E–1–b, the provisions of this order shall govern.

(e) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priorities control and may be deprived of priorities assistance.

(g) *Reports.* All producers and suppliers affected by this order shall execute and file with the War Production Board such reports and questionnaires as the War Production Board shall from time to time prescribe.

(h) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(i) *Communications.* All reports to be filed, appeals and other communications, concerning this order, should be addressed to: War Production Board, Tools Division, Washington, D. C., Ref: L–237.

Issued this 2d day of February 1943.

CURTIS E. CALDER,
Director General for Operations.

PART 3164—PRODUCERS OF TEXTILE FIBERS, LEATHER AND TEXTILE AND LEATHER PRODUCTS

[Preference Rating Order P–139]

MAINTENANCE, REPAIR AND OPERATING SUPPLIES

To facilitate the acquisition of maintenance, repair and operating supplies by producers of textile fibers, leather and textile and leather products in the public interest and to promote the war effort, preference ratings are assigned to deliveries to such producers upon the following terms:

§ 3164.1 *Preference Rating Order P–139.*—(a) *Definitions.* For the purposes of this order:

(1) "Producer" means any person engaged in the business of producing, finishing, or processing incident to production for the war effort (including necessary civilian purposes) any of the following:

(i) Textile fibers, whether vegetable, animal, natural or synthetic.

(ii) Textile products made from the above fibers.

(iii) Clothing.

(iv) Hides and leather.

(v) Leather products.

(2) "Product" means any commodity listed in paragraphs (a) (1) (i) to (a) (1) (v) inclusive.

(3) "Maintenance, repair and operating supplies" means any commodity, equipment, accessory, part, assembly or product required for:

(i) Keeping the machinery, plant or equipment of a producer in sound working condition.

(ii) Restoring machinery, plant or equipment of a producer which has been rendered unfit for practical service by wear and tear or other damage.

(iii) Production of any commodity listed in paragraphs (a) (1) (i) to (a) (1) (v) inclusive, including all materials required for packaging or shipping except wooden and fibreboard shipping containers and textile packaging and shipping products.

(4) "Maintenance, repair and operating supplies" shall not include any of the following:

(i) Machinery (exclusive of repair and maintenance parts).

(ii) Material physically incorporated into a product.

(iii) Automotive equipment or parts.

(iv) Any material, parts or supplies for improving, adding to, expanding or rebuilding plant or equipment or for reconstruction.

(b) *Assignment of preference rating.* Preference rating AA–2X is assigned to deliveries of maintenance, repair and operating supplies to producers.

(c) *Application and extension of ratings.* Preference ratings assigned by this order shall be applied and extended in accordance with the terms of Priorities Regulation No. 3, as amended from time to time.

(d) *Inventory restrictions.* No producer shall accept delivery of any item of maintenance, repair or operating supplies if by reason of such delivery the producer's inventory of such item would be in excess of minimum practicable working requirements, or in any event in excess of requirements for the next 90 days.

(e) *Requirements as to disposition of metal scrap.* No producer shall apply the preference rating assigned by this order or accept delivery of any material on which such preference rating has been applied unless he has sold to a recognized scrap dealer or dealers all of his saleable metal scrap recovered from maintenance, repair or operating supplies, to the extent that such prior sale is practicable. By the application of a rating assigned by this order, every producer shall be deemed to agree to sell all such metal scrap on hand when the rating is applied not later than ninety (90) days thereafter.

(f) *Reports.* All persons affected by this order shall file such reports as may be prescribed by the War Production Board.

(g) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, purchases, production and sales.

(h) *Communications to the War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Division, Washington, D. C., Reference P–139.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(j) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of all the priorities regulations of the War Production Board, as amended from time to time.

Issued this 2d day of February 1943.

Chapter XI—Office of Price Administration

PART 1305—ADMINISTRATION

[Supp. Order 35]

PURCHASES OF STRATEGIC OR CRITICAL MATERIALS BY METALS RESERVE COMPANY

A statement of the reasons for this Supplementary Order No. 35 has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

For the reasons set forth in that statement and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250, *It is hereby ordered,* That:

§ 1305.61 *Purchases of domestically produced strategic or critical materials by the Metals Reserve Company.* (a) Notwithstanding the provisions of any price regulation, sales or deliveries of any domestically produced strategic or critical materials to the Metals Reserve Company or any agent thereof shall be exempt from price control.

(b) As used in this Supplementary Order No. 35:

(1) "Price regulation" means a price schedule effective in accordance with the provisions of section 206 of the Emergency Price Control Act of 1942, a maximum price regulation or temporary maximum price regulation heretofore or hereafter issued, or any amendment or supplement thereto or order thereunder heretofore or hereafter issued.

(2) "Domestically produced strategic or critical materials" means the materials set forth on the list prepared by the Metals Reserve Company and approved by the Price Administrator under date of January 27, 1943 or any amendment or supplement thereto. However, it includes such materials only if they were mined in the forty-eight states of the United States or the District of Columbia and have not been fabricated to any degree. It therefore includes such materials as ores, concentrates, mattes, speiss, bullion, blister and the various forms of refined metal in standard commercial shapes, including ferro-alloys and chemical compounds of such metal; but it does not include such materials as alloy ingot, wire bar or billet, or alloyed or unalloyed rod, sheet, tube or extruded shapes or any other form which customarily commands a premium.

(c) This Supplementary Order No. 35 (§ 1305.61) shall become effective as of November 27, 1942.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

(c) *Maximum prices for sales or deliveries in carload lots of brass or bronze alloy ingot not included in paragraph* (b). (1) The maximum price for any grade of brass or bronze alloy ingot, other than a grade for which a maximum price is established in paragraph (b) of this section, shall be a price in line with the prices established by paragraph (b), shall be approved by the Administrator, and when once approved shall be the maximum price for all subsequent sales of such ingot by the seller to whom such price approval is given, unless the Administrator thereafter specifically withdraws such approval. On and after February 1, 1943, sales of any such ingot at the most recent price approved by the Administrator prior to February 1, 1943 but subsequent to August 19, 1942, may be made at such approved price unless and until such price approval is specifically withdrawn by the Administrator.

(2) Pending approval by the Administrator, any person may sell or deliver, and any person may buy or receive, any such ingot at the price submitted for approval, and any person may offer to do any of the foregoing. If, however, the Administrator disapproves the price submitted, the contract price shall be revised downward to the maximum price which the Administrator shall approve, and if any payment has been made at a price higher than that so approved, the seller shall refund the excess: *Provided, however,* That the price submitted by the seller for approval shall be deemed to be approved unless the Administrator specifically disapproves such price and establishes an approved maximum price within fifteen days from the date on which the report required in paragraph (c) (3) of this section is received by the Office of Price Administration or, if further information is requested from the seller within such fifteen-day period, then within fifteen days from the date on which all such information is received by the Office of Price Administration.

(3) On and after February 1, 1943, the seller of any such ingot, unless the seller had previously sold or delivered brass or bronze alloy ingot of such alloy content at a price approved by the Administrator subsequent to August 19, 1942, shall (i) report the first sale of such ingot made on or after February 1, 1943, to the Office of Price Administration, Washington, D. C., within five days from the date hereof, stating (a) the quantity sold, (b) the alloy content, including specific mention of any impurity limitations and physical specifications where relevant, (c) the proposed price, in carload lots, and (d) provide such other information concerning the manufacture or sale of such ingot, including the name of the buyer, as may be requested by the Office of Price Administration in order to determine the proper maximum price of such ingot.

(4) Nothing contained in this paragraph (c) shall be construed to prevent the Administrator from adjusting any price previously approved pursuant to this paragraph (c) which in his judgment such adjustment is warranted.

§ 1309.164a. *Effective dates of amendments.* • • •

(c) Amendment No. 2 (§ 1309.165 (b) and (c)) shall become effective on February 1, 1943.

(Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 1st day of February 1943.

PART 1360—MOTOR VEHICLES AND MOTOR VEHICLE EQUIPMENT

[RPS 85, Amendment 8]

NEW PASSENGER AUTOMOBILES

A statement of the considerations involved in the issuance of this Amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

In § 1360.51, paragraph (c) is amended; in § 1360.52, paragraph (d) is amended, and paragraph (e) is amended; a new § 1360.52b is added; in § 1360.59 new paragraphs (j) and (k) are added; a new § 1360.63, *Appendix C: Standard delivery operations*, is added, all as set forth below:

§ 1360.51 *Maximum wholesale prices for new automobiles.* • • •

(c) To the maximum price may be added an amount equal to 1% of the list price of the automobile, or $15, whichever is lower, for each calendar month or greater part thereof after January 31, 1942 which elapses prior to the sale of the automobile by the manufacturer, distributor, exporter, or other person selling at wholesale: *Provided,* That no amount whatsoever under this paragraph (c) shall be added to the maximum wholesale price unless the automobile sold shall have received while in storage maintenance operations as set forth in subparagraphs (1), (2), (3), or (4) of this paragraph (c), and the seller at the time of delivery shall execute and deliver to the purchaser and to the Office of Price Administration the certification set forth in § 1360.52b.

(1) The automobile shall have received, on and after October 31, 1942, all the maintenance operations set forth in Appendix B.

(2) The automobile has not received, on and after October 31, 1942, all the maintenance operations set forth in Appendix B, but the time for the performance thereof has been extended under the provisions of Section 1360.52a to a certain date and the automobile shall have received on and after such date all the maintenance operations set forth in Appendix B.

(3) (i) The automobile has not received on and after October 31, 1942 all the maintenance operations set forth in Appendix B, but the seller has, prior to delivery, obtained permission from the Office of Price Administration, in accordance with subdivision (ii) below, to omit the performance of certain specified maintenance operations, and the automobile has received all the other maintenance operations set forth in Appendix B.

(ii) In order to obtain permission to omit the performance of certain specified maintenance operations, the seller shall file a report with the nearest Regional Office of the Office of Price Administration setting forth: (a) the specific maintenance operations which have not and/or will not be performed, and a detailed statement of the reasons therefor; (b) a statement that the automobile is not and will not be damaged by the non-performance of such specified maintenance operations, and that the automobile is and will remain in a condition substantially equal to its condition when newly manufactured; and (c) a statement that the automobile has received and will continue to receive until the date of sale all the other maintenance operations set forth in Appendix B. If the Regional Office of the Office of Price Administration shall approve such report, or shall fail to disapprove such report within fifteen days after receiving it, the seller may omit the performance of the maintenance operations specified in such report.

(4) The automobile has not received on and after October 31, 1942 all the maintenance operations set forth in Appendix B, but the following circumstances prevail:

(i) On or before March 15, 1943 the automobile shall have been transferred, by voluntary or involuntary action, to the United States, or any agency thereof, or the manufacturer, or a lien holder, (in this subparagraph called "the transferee"), and

(ii) (*1*) Within thirty days after the transfer to the transferee, the automobile shall have been reconditioned by the transferee, and shall thereafter until the date of sale receive all the maintenance operations set forth in Appendix B, or

(*2*) Within thirty days after the transfer to the transferee, the automobile shall have been sold to the manufacturer, or a distributor, exporter, or retail dealer (other than the person who failed to perform the maintenance operations set forth in Appendix B) who delivers a written statement to the transferee that the automobile will be reconditioned within thirty days after the sale to him and that it will receive on and after the date on which it is reconditioned until the date of sale, all the maintenance operations set forth in Appendix B. On any subsequent sale by such manufacturer, distributor, exporter, or retail dealer the automobile must have been reconditioned in accordance with such written statement.

§ 1360.52 *Maximum retail price for new passenger automobiles.* • • •

(d) An allowance of 5% of (a) and (c) above, or $75, whichever is lower: *Provided,* That (1) when delivery is made after February 15, 1943, the automobile shall have received the operations set forth in § 1360.63, Appendix C—*Standard Delivery Operations*, as therein required, and at the time of delivery the seller shall deliver to the purchaser a copy of Appendix C, and shall execute and deliver to the purchaser and to the Office of Price Administration the certification set forth in § 1360.52b (a) (2); (2) when delivery is made, on or before February 15, 1943, the automobile shall have received, either the operations set forth in Appendix C, or all of the services customarily performed in order to prepare the automobile for delivery to the purchaser and all of the factory recommended get-ready and delivery operations.

(e) An allowance equal to 1% of the list price of the automobile, or $15, whichever is lower, for each calendar month or greater part thereof, after January 31, 1942, which elapses prior to the delivery of the automobile to the purchaser: *Provided,* That no allowance whatsoever under this paragraph (e) shall be included in the maximum retail price unless the automobile sold shall have received while in storage maintenance operations set forth in subparagraphs (1), (2), (3), or (4) of this paragraph (e), and the seller shall at the time of delivery execute and deliver to the purchaser and to the Office of Price Administration the certification set forth in § 1360.52b.

(1) The automobile shall have received, on and after October 31, 1942, all the maintenance operations set forth in Appendix B.

(2) The automobile has not received on and after October 31, 1942, all the maintenance operations set forth in Appendix B, but the time for the performance thereof has been extended under the provisions of § 1360.52a to a certain date and the automobile shall have received on and after such date all the maintenance operations set forth in Appendix B.

(3) (i) The automobile has not received on and after October 31, 1942 all the maintenance operations set forth in Appendix B, but the seller has, prior to delivery, obtained permission from the Office of Price Administration, in accordance with subdivision (ii) below, to omit the performance of certain specified maintenance operations, and the automobile has received all the other maintenance operations set forth in Appendix B.

(ii) In order to obtain permission to omit the performance of certain specified maintenance operations, the seller shall file a report with the nearest Regional Office of the Office of Price Administration setting forth: (*a*) the specific maintenance operations which have not and/or will not be performed, and a detailed statement of the reasons therefor; (*b*) a statement that the automobile is not and will not be damaged by the non-performance of such specified maintenance operations, and that the automobile is and will remain in a condition substantially equal to its condition when newly manufactured; and (*c*) a statement that the automobile has received and will continue to receive until the date of sale all the other maintenance operations set forth in Appendix B. If the Regional Office of the Office of Price Administration shall approve such report, or shall fail to disapprove such report within fifteen days after receiving it, the seller may omit the performance of the maintenance operations specified in such report.

(4) The automobile has not received on and after October 31, 1942 all the maintenance operations set forth in Appendix B, but the following circumstances prevail:

(i) On or before March 15, 1943, the automobile shall have been transferred, by voluntary or involuntary action to the United States, or any agency thereof, or the manufacturer, or a lien holder, (in this subparagraph called "the transferee"), *and*

(ii) (*1*) Within thirty days after the transfer to the transferee, the automobile shall have been reconditioned by the transferee and thereafter sold by such transferee at retail to a retail dealer (other than the person who failed to perform the maintenance operations set forth in Appendix B), *or*

(*2*) Within thirty days after the transfer to the transferee, the automobile shall have been sold by the transferee to a retail dealer (other than the person who failed to perform the maintenance operations set forth in Appendix B), and reconditioned by such retail dealer within thirty days after the sale to him, *and*

(iii) The automobile shall have received, on and after the date on which it is reconditioned, until the date of sale, all the maintenance operations set forth in Appendix B.

§ 1360.52b *Form of certification.* (a) The certification required by §§ 1360.51 and 1360.52 shall be in the following form:

The undersigned hereby certifies with respect to ---------- automobile bearing motor No. ---------- and/or serial No. ----------:

(1) *As to maintenance operations:* That all the requirements of Revised Price Schedule No. 85—*New Passenger Automobiles*, issued by the Office of Price Administration, which condition the inclusion in the maximum price of 1% of the list price, or $15, for each month elapsing between January 31, 1942 and the date of sale, have been fully satisfied.

(2) *As to delivery operations:* That all the standard delivery operations set forth in Appendix C, of Revised Price Schedule No. 85—*New Passenger Automobiles*, have been performed as therein required.

(Date)

(Name)

(Address)

NOTE: Unless a paragraph is stricken out, this certification applies to both paragraphs.

(b) The certification to the Office of Price Administration shall be filed, together with report of sale required by Rationing Order No. 2A—*New Passenger Automobile Rationing Regulations*, issued by the Office of Price Administration, with the War Price and Rationing Board designated in such rationing regulation to receive such report of sale.

§ 1360.59 *Definitions.* • • •

(j) "Lien holder" means any person who has a lien or claim against a new passenger automobile as security for a loan, credit, or guaranty made by him.

(k) "Recondition" means inspecting, repairing, and restoring an automobile so that it is in a condition substantially equal to its condition when newly manufactured.

§ 1360.60a *Effective dates of amendments.* • • •

(h) Amendment No. 8 (§§ 1360.51, 1360.52, 1360.52b, 1360.59, and 1360.63) to Revised Price Schedule No. 85 shall become effective February 6, 1943.

§ 1360.63 *Appendix C: Standard delivery operations*—(a) *General instructions.* The operations set forth in the checklist below are identical with those established by Conservation Order M-216-A issued by the War Production Board. Before any vehicle is delivered into the hands of a buyer, it shall be processed according to the provisions and instructions contained in the following checklist. This checklist is purposely detailed so as to discourage omissions of necessary operations. The sequence of the items listed is based on the fact that serious damage may result if certain operations are done out of turn. Accordingly, this list is arranged so that each operation is done only after the necessary preparatory work has been completed. The purpose of this checklist is to set forth the step-by-step procedure for conditioning every vehicle so that it will give maximum service when put to use. The procedure as outlined in the following pages is intended to be used as a checklist. A responsible person should be charged with the duty of seeing that the order of operations is followed strictly, and that each item is checked only after it is completed. Vehicles should be processed for delivery as near the storage location as practicable. In no case should a vehicle be run under its own power until the conditioning work in the checklist has been completed (through Item 13c) up to the preliminary road test. Under no circumstances should a vehicle be towed until Standard Delivery Operations No. 1 and No. 2 have been performed upon it.

return shoes to released position. *Do not work brake pedal* with brake drums off.

b. While front wheels are off, repack bearings with new lubricant if necessary. Replace wheels. Tighten hub bolts and see that hub covers are secure.

c. Check hydraulic master cylinder fluid level, adding approved fluid if necessary. See that filler cap vent is open.

d. Inspect brake system for leaks and repair any defects.

e. Work brake pedal several times to make sure system is operating. Jack up each wheel (if blocks were removed) and apply brakes. Check to see that they operate and then release fully so wheel can turn freely with no drag.

f. Check brake pedal-floor clearance and adjust if necessary.

g. With respect to conditioning vacuum booster, electric, and compressed air brake equipment, follow equipment manufacturer's recommendations.

NOTE. Remove outside body and window coverings. Protect upholstery while conditioning vehicle. If another location is required for remaining work, vehicle must not be run under its own power until ready for preliminary road test.

3. *Fuel System.* a. Replace and tighten gasoline tank drain plug.

b. Clean fuel pump sediment bowl and filter screen and reinstall.

c. Check all fuel connections for tightness, including carburetor flange nuts or cap screws.

d. Put gasoline in tank, adding ½ pint of SAE–10 engine oil to each 5 gallons of gasoline. Replace filler cap, making sure vent is free.

e. Check accelerator, throttle, and choke linkages, idle and wide open positions.

f. Remove seal from air cleaner; check oil level in oil bath type and add oil if necessary.

4. *Ignition System.* a. Clean and adjust spark plugs. Leave them out so cylinders can be lubricated later.

b. See that distributor is in good condition; points in adjustment, distributor cap and rotor contacts clean.

c. Lubricate cam and rocker bearing surface.

d. Clean wire connections and push wires firmly into their sockets in distributor and coil.

5. *Valve compartment.* a. Remove cover and remove oil soaked rags if any.

b. Spray valve mechanism with suitable light oil. Leave cover off for observation of valve action later.

6. *Seals.* a. Remove seal from tail pipe opening.

b. Remove seals from oil filler tube, crankcase breather tube, and any other opening. Clean and replace covers.

7. *Clutch.* a. Remove block used to keep clutch disengaged make sure there is correct amount of free pedal movement at top of travel.

8. *Preparing engine for service.* a. Tighten all cooling system, heater hose, and defroster connections, replacing any defective hose. If cooling system was stored full, add sufficient coolant to make up for evaporation. If cooling system was stored empty, close drain cocks and replace drain plugs. Fill with clean water. Watch for lenks at hose ends and pump and correct any that develop.

b. Drain the oil from the crankcase. Drop the oil pan. Thoroughly clean the pan and the inside of crankcase. Replace pan and use new gasket. Fill crankcase with flushing oil.

c. Pour 2 ounces of SAE–10 engine oil into each spark plug hole. Reinstall spark plugs, using new gaskets if necessary, and connect wires properly.

d. Lubricate generator, starter, and water pump.

e. Clean battery carrier, repainting if necessary. Install securely a fully charged battery (spec. grav. of 1.280 or above at 60 degrees F; water level ¼" to ⅜" above plates). Clean cables and connections, tighten, and coat terminals with vaseline or approved corrosion preventive. Test battery hook-up by turning on headlights (ammeter should show discharge).

f. With *ignition switch off* and *clutch disengaged*, crank the engine for 30 seconds with starter in order to exercise reciprocating parts and bearings. While cranking engine, listen carefully for indications of trouble. Immediately investigate and remedy any trouble (such as engine failing to turn over or starter motor being stuck) before proceeding further.

g. Start engine (clutch disengaged) and run at idle speed for five minutes.

h. Turn off engine. Drain flushing oil immediately from crankcase.

i. If engine oil filter is sealed type, replace it with a new one. If it is replaceable element type, clean out filter chamber and install new element.

j. Fill crankcase to correct level with engine oil of proper SAE viscosity for temperature conditions under which vehicle will operate. Start engine and run at idle speed.

9. *While engine is running*, check the following items for proper operation, making all necessary adjustments and repairs:

a. All instruments (oil, gas, temperature, and ammeter).

b. Windshield wipers, with blades installed.

c. Horn.

d. Every switch position of every light on vehicle.

e. Heater, climatizer, defroster.

f. Cigar lighter, radio, clock and other accessories.

g. Automatic top on convertibles.

h. Charging rate, and voltage and current regulator.

i. Manifold heater valve.

j. Inspect all water hose connections, oil lines, oil filter, and fuel lines for leakage.

k. Check and if necessary adjust valve tappets according to vehicle manufacturer's recommendations.

l. Automatic choke control.

m. Set engine idle speed according to manufacturer's instructions.

10. After shutting off engine, perform the following operations:

Before any sediment in coolant has time to settle, make the following check of the cooling system:

a. If coolant carries little or no antifreeze, completely drain entire cooling system, examining coolant for presence of rust or other foreign matter.

b. If coolant carries a considerable amount of anti-freeze, drain a quart from bottom of radiator. If liquid is clear, pour sample into radiator. If dirty or rusty, completely drain entire cooling system.

c. If coolant showed rusty and dirty, reverse flush radiator and engine block to remove sediment, using a combination water-air flushing nozzle. (Remove thermostats and water pump before flushing the block.)

d. Fill cooling system (if not already done) with clean water and rust inhibitor, adding anti-freeze according to seasonal requirements. Watch for leaks at hose ends and pump, and correct any that develop.

e. While engine is still hot, tighten cylinder head nuts in recommended order.

f. Tighten manifold studs.

g. Tighten bolts at connection between exhaust manifold and pipe to muffler.

h. Replace valve compartment cover.

i. Check all belt adjustments and replace belts if necessary.

11. *Lubrication.* a. Lubricate every fitting and check the lubricant level of every reservoir according to vehicle manufacturer's lubrication chart, excepting those taken care of above. Flush out all gear boxes in which rust inhibitor was used during storage. Fill to correct level with new lubricant.

b. While lubricating, inspect underside of chassis and body for loose or damaged parts, and make any necessary adjustments or replacements.

12. *Check, and if needed tighten* the following items:

b. All steering connections.

c. Front and rear sway eliminator or stabilizer bolts.

d. Body bolts.

e. Front and rear bumper bolts.

f. Gas tank straps.

g. Shock absorber bolts.

13. *Front end and wheels.* a. Check front wheel toe-in.

b. Test steering adjustments and connections. Check amount of wheel turn to stop on left and right.

c. Check steering wheel for correct amount of play.

14. *Preliminary road test*

NOTE. Before road test, remove any stickers that obstruct vision, and wash windshield.

Road test every vehicle by driving it at least three miles and checking the operation of the following items:

a. All gear positions, and operation of gear shift lever.

b. Accelerator.

c. Service brakes.

d. Hand brake.

e. All instruments; oil, gas, temperature, ammeter, speedometer, and odometer.

f. Set spark advance or octane selector at correct adjustment for economical performance, idling, pick-up in each forward gear, and ping in acceleration.

g. Springs and shock absorbers.

h. Locate squeaks, rattles, and unusual noises.

i. Special equipment such as overdrives, 2-speed axles, hill-holding devices, and transmissions other than conventional type.

j. Note any other items upon which work needs to be done.

15. *Return vehicle to shop* and do the following operations:

a. Check focus of headlights, and adjust if necessary.

b. Do any work on clutch, service brakes and hand brake for which road test showed need.

c. Reinspect all water hose connections, oil lines, oil filter, and fuel lines for leakage.

d. Clean fuel filters at carburetor and fuel pump.

e. Make necessary repairs or adjustments of any other items which road test showed to need attention.

f. Check all tire pressures again. If any tire has lost air, replace valve core and pump up tire again. If it continues to lose air, remove and test innertube, inspect casing for nails, remount and inflate to proper air pressure. Leave all valve cores and valve caps air-tight.

16. *Final Road Test.* a. Make a second road test, and further tests if necessary, to see that all items found unsatisfactory in first road test are operating satisfactorily.

b. Check for leaks under engine, transmission, and rear axle.

c. Clean and remove rust and dirt from engine and its accessories and other chassis parts. Touch up with paint of appropriate color if originally painted.

17. *Body.* a. Clean upholstery, carpets, and floor mats completely and repair any damaged places.

b. Remove screening or plugs from holes in floorboards or dash.

c. Check and lubricate front seat adjustment.

d. Remove wax or grease from interior chrome, using solvent cleaner which will not damage finish or upholstery.

e. Check operation of all windows, ventpanes, cowl ventilator, and sun-visors.

f. Check operation of glove compartment lock and key.

g. Check operation of all doors, locks and keys, from inside and outside.

h. Check operation of trunk lid, lock and key.

i. Check operation of hood and its lock.

j. Check and clean tools and arrange them in kit.

k. Re-cement any sponge rubber seal strips which may be pulled loose, replacing any which have deteriorated.

l. Clean windows and windshield inside and outside and repair any defects.

m. Inspect paint finish and repair or touch up any defects or damage.

n. Clean and polish vehicle body and chrome trim.

NOTE. Owner should drain engine crankcase at about 250 miles and refill to the full mark with a good grade of engine oil of proper SAE viscosity for temperature conditions under which vehicle will operate.

Truck Trailer Equipment. With respect to truck trailer equipment, the following conditioning operations must be performed:

PART 1382—HARDWOOD LUMBER

[MPR 313]

PRIME GRADE HARDWOOD LOGS

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Sec.

1382.261 Relation to Revised Maximum Export Price Regulation.

AUTHORITY: §§ 1382.251 to 1382.261, inclusive, issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871.

§ 1382.251 *Sales of prime grade hardwood logs at higher than maximum prices prohibited.* (a) On and after February 6, 1943, regardless of any contract or obligation, no person shall sell or deliver, and no person shall buy or receive in the course of trade or business, any prime grade hardwood logs at prices higher than the maximum prices fixed by this regulation, and no person shall agree, offer or attempt to do any of these things.

(b) Prices lower than the maximum prices may, of course, be charged or paid.

(c) If prime grade hardwood logs have been received before February 6, 1943, by a carrier, other than one owned or controlled by the seller, for shipment to a buyer, that shipment is not subject to this regulation.

§ 1382.252 *To what products, transactions, and persons this regulation applies*—(a) *Products and transactions covered by the regulation.* This regulation covers all sales and purchases of yellow poplar (Liriodendron tulipifera), sweet gum (Liquidambar styraciflua), and water tupelo (Nyssa equatica) logs which satisfy the specifications for prime grade logs (set out in paragraph (c) of § 1382.253).

(b) *Persons covered by the regulation.* Any person who sells or purchases (in the course of trade or business) prime grade hardwood logs is subject to this regulation. The term "person" includes: an individual, corporation, partnership, association, or any other organized group of persons, or their legal successors, or representatives; the United States, or any government, or any of its political subdivisions; or any agency of the foregoing.

§ 1382.253 *Maximum prices for prime grade hardwood logs*—(a) *Explanation of maximum prices.* The maximum prices for prime grade hardwood logs are set out in paragraph (c) of this section. These maximum prices are for logs:

(1) Loaded on railroad cars at any rail siding;

(2) Delivered to a place at which water shipment is to begin;

(3) Delivered by truck to the buyer's plant.

This means that the seller cannot add to the maximum prices any charge for loading logs on rail cars, or for trucking logs to a rail siding, to a place at which water shipment is to begin, or to the buyer's plant. However, in any case, if the seller trucks logs more than fifty miles, he may add to the maximum prices a trucking charge of not more than $1.00 per thousand feet log scale for each twenty-five miles (or fraction of twenty-five miles) above fifty miles that the logs are trucked. For example, if the seller trucks logs eighty-five miles, he cannot add to the maximum price for the first fifty miles of the haul, but he can add $1.00 per thousand feet log scale for the next twenty-five miles and a second $1.00 for the last ten miles.

(b) *Reduction of maximum prices in certain cases.* If the buyer takes delivery at some place other than on railroad cars, or at a place at which water shipment is to begin, or at his plant, the maximum price must be reduced by the lower of the following:

(1) The cost (per thousand feet log scale) to the buyer of trucking the logs to the closest rail siding and loading the logs on cars.

(2) The cost (per thousand feet log scale) to the buyer of trucking the logs to his plant.

(c) *Specifications of prime grade hardwood logs.* The specifications for prime grade hardwood logs are as follows: (These specifications apply to all diameters 18 inches and over (all diameters 14 inches and over in the case of yellow poplar); and to all lengths between eight and sixteen feet, inclusive).

(1) Round and straight, suitable for slicing or rotary cutting.

(2) Surface clear, free from all visible defects.

(3) Straight-grained.

(4) Heart well-centered, both ends.

(5) All log lengths to allow minimum trim of 4 inches.

(d) *Maximum prices.* The maximum prices for 1,000 feet log scale of prime grade hardwood logs are as follows:

Diameters	Lengths, inclusive	Price per 1,000 feet log scale
26" and up	14' to 16'	$105.00
26" and up	8' to 13'	95.00
24" to 27"	8' to 16'	85.00
20" to 23"	8' to 16'	65.00
18" and 19"	8' to 16'	50.00
14" to 17"*	8' to 16'	40.00

*Yellow poplar only.

§ 1382.254 *Marking the grade and scale on prime grade logs.* Logs cannot be sold or purchased as "prime grade" logs unless they are individually grade and scale marked by either the buyer or seller or both. This means that to be considered as prime grade, logs must not only meet the specification for the prime grade, but they must be individually marked to show they are prime grade logs and to show the net log scale footage content. It is unlawful to sell or buy a log as a prime grade log if this has not been done.

§ 1382.255 *Scaling and grading rules.* (a) All of the maximum prices in this regulation are based on footages figured under the Doyle rule. Logs covered by this regulation must be scaled on the Doyle rule. The basic rule is as follows:

To figure the log scale footage content of a 16 foot log, take four inches off the diameter and square what is left;

Logs of other lengths are figured in the proportion in which the length relates to 16 feet.

For example, the footage of a 14 foot log with a twenty inch minimum diameter is to be figured as follows:

(Take 4 inches off the diameter): $20-4=16$.

(Square what is left): $16\times16=256$

(The proportion in which the length relates to 16 feet): $14/16\times256=224$ feet log scale.

(b) In general, prime grade logs must be scaled and graded on the basis of the condition in which they are shipped or delivered to the buyer. However, the scaler may actually mark off defects, and dock the length measurement of the log, to the following extent:

(1) Length dockage may not exceed 25 percent of length on logs 10 feet and over. If there is length dockage, the log must be scaled to a one foot multiple which does not exceed the length of the log after defects have been marked off. Dockage for length can be taken only on the ends of logs and the docked parts must be completely scaled off. No length dockage is permitted on logs shorter than 10 feet.

(2) No diameter dockage is permitted.

(c) It is illegal to grade and scale a single log by marking it for two logs. In order to be graded and scaled as two logs, the single log must actually be cut into two logs.

(d) For scaling purposes all logs covered by this Regulation must be measured inside the bark at the smallest diameter.

§ 1382.256 *What the invoice or billing must contain.* (a) All invoices and billings of prime grade logs must contain a sufficiently complete description of the logs covered to show whether price is proper or not. This means that the invoices and billings must show the species, the grade, the diameter, the gross and net length, and the net footage of each of the prime grade logs purchased or sold. In addition, the invoices and billings must show to what place the seller delivered the logs, the date of sale, and the name and address of the buyer and seller.

(b) Any part of the information required on the invoice may be furnished in a tally sheet attached to and made part of the invoice.

(c) An invoice or billing may cover all prime grade logs delivered by the seller to a purchaser during a period of not more than two weeks.

(d) Either the buyer or seller may prepare the invoice or billing, but both have the responsibility for correct invoicing or billing.

(e) Failure to invoice properly is just as much a violation of this regulation as charging an excessive price.

§ 1382.257 *Use of invoices and billings as records and reports—(a) Three copies of invoices and billings required.* All invoices and billings must be made with three copies.

(b) *Records.* Each buyer and seller must keep, as a record, one copy of all invoices and billings covering prime grade logs purchased or sold. These must be kept for two years, for inspection by the Office of Price Administration. Any records which the Office of Price Administration later requires must also be kept.

(c) *Reports.* One copy of each invoice or billing covering the purchase of prime grade logs must be filed by the buyer with the nearest regional or State office of the Office of Price Administration. This report must be filed within 10 days of final settlement but in any case not later than 60 days after delivery of the logs.

Any other reports that the Office of Price Administration later requires must be submitted.

§ 1382.258 *Prohibited practices—(a) General.* Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollars-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific prohibited practices.* The following are among the specific practices prohibited:

(1) Up-grading, up-scaling or allowing a greater net scale footage than the actual scale content of the log.

(2) Selling logs on a scale other than Doyle rule.

(3) Selling logs as "prime grade" where the logs have not been actually marked to show they are "prime grade."

(4) Charging a purchasing or selling commission based on quantity or value of logs purchased, if the commission plus the purchase price is higher than the maximum price permitted by this regulation.

(5) Increasing the price of logs by not making a good faith effort to collect advances to loggers. An advance to a logger is to be considered as part of the price of the logs to be supplied by the logger.

(c) *Adjustable pricing.* A price may not be made adjustable to a maximum price which will be in effect sometime after delivery of the logs has been completed. The price may be adjustable to the maximum price in effect at the time of delivery.

§ 1382.259 *Applications for adjustment and petitions for amendment—(a) Government contracts.* (1) The term "government contracts" is here used to include any contract with the United States or any of its agencies, or with the government or any governmental agency of any country whose defense the President deems vital to the defense of the United States under the terms of the Act of March 1, 1941, entitled, "An Act to Promote the Defense of the United States". It also includes any subcontract under this kind of contract.

(2) Any person who has made or intends to make a "government contract" and who thinks that the maximum price established in this regulation is impeding or threatens to impede production of prime grade logs which is essential to the war program and which is or will be the subject of the contract, may file an application for adjustment in accordance with Procedural Regulation No. 6,[1] issued by the Office of Price Administration.

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1,[1] issued by the Office of Price Administration.

§ 1382.260 *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this regulation or of any other regulation or order issued by the Office of Price Administration are urged to communicate with the nearest field, state, or regional office of the Office of Price Administration, or its principal office in Washington, D. C.

(c) War procurement agencies and their contracting or paying finance officers are not subject to any liability, civil or criminal, imposed by this regulation. "War procurement agencies" include the War Department, the Navy Department, the United States Maritime Commission and the Lend-Lease Section in the Procurement Division of the Treasury Department, or any of their agencies.

§ 1382.261 *Relation to Revised Maximum Export Price Regulation.* The maximum price for export sales of hardwood logs is governed by the Revised Maximum Export Price Regulation.[1]

This regulation shall become effective February 6, 1943.

Issued this 1st day of February 1943.

PART 1499—COMMODITIES AND SERVICES

[Amendment 101 to Supp. Reg. 14[1] to GMPR[2]]

MODIFICATION OF MAXIMUM PRICES FOR CERTAIN COMMODITIES, SERVICES, AND TRANSACTIONS

A statement of the considerations involved in the issuance of this Amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

In § 1499.73 (a) (19) (i), inferior subdivision (*c*) is amended, and inferior subdivisions (*d*), (*e*), (*f*) and (*g*) are added; in § 1499.73 (a) (19), subdivision (iv) is redesignated as subdivision (vi); and inferior subdivisions (*e*), and (*f*) are added to said subdivision; and new subdivisions (iv) and (v) are added, as set forth below:

§ 1499.73 *Modification of maximum prices established by § 1499.2 of General Maximum Price Regulation for certain commodities, services, and transactions.* (a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for the commodities, services, and transactions listed below are modified as hereinafter provided.

* * * * *

(19) *New commercial motor vehicles—*
(i) *Maximum prices* * * *
(c) * * * $15:

Provided, That no amount whatsoever under inferior subdivisions (*a*), (*b*), or (*c*) of this inferior subdivision (i) shall be added to such maximum price unless such new commercial motor vehicle shall have received maintenance operations as set forth in inferior subdivisions (*d*), (*e*), (*f*), or (*g*) of this subdivision (i) and the seller, at the time of delivery, shall have executed and delivered to the purchaser and to the Office of Price Administration, Washington, D. C., the certification set forth in subdivision (v).

(*d*) The new commercial motor vehicle shall have received, on and after October 31, 1942, the maintenance operations set forth in subdivision (ii), as therein required.

(*e*) The new commercial motor vehicle has not received, on and after October 31, 1942, the maintenance operations set forth in subdivision (ii), as therein required, but the time for the performance thereof has been extended under the provisions of subdivision (iii) to a certain date, and the new commercial motor vehicle shall have received on and after such date, the maintenance operations set forth in subdivision (ii), as therein required.

(*f*) (*1*) The new commercial motor vehicle has not received, on and after October 31, 1942, the maintenance operations set forth in subdivision (ii), as therein required, but the seller has, prior to delivery, obtained permission from the Office of Price Administration, in accordance with subparagraph (2) below, to omit the performance of certain specified maintenance operations, and the new commercial motor vehicle has received all the other maintenance operations set forth in subdivision (ii), as therein required.

(*2*) In order to obtain permission to omit the performance of certain specified maintenance operations, the seller shall file a report with the nearest Regional Office of the Office of Price Administration setting forth: (A) the specific maintenance operations which have not and/or will not be performed, and a detailed statement of the reasons therefor; (B) a statement that the new commercial motor vehicle is not and will not be damaged by the non-performance of such specified maintenance operations, and that the new commercial motor vehicle is and will remain in a condition substantially equal to its condition when newly manufactured; and (C) a statement that the new commercial motor vehicle has received, and will continue to receive until the date of sale all the other maintenance operations set forth in subdivision (ii). If the Regional Office of the Office of Price Administration shall approve such report, or shall fail to disapprove such report within fifteen days after receiving it, the seller may omit the performance of the maintenance operations specified in such report.

(*g*) The new commercial motor vehicle has not received, on and after October 31, 1942, the maintenance operations set forth in subdivision (ii), as therein required, but the following circumstances prevail:

(*1*) On or before March 15, 1943, the vehicle shall have been transferred, by voluntary or involuntary action, to the United States, or any agency thereof, or the manufacturer or a lien holder (in this inferior subdivision called "the transferee"), and

(*2*) (A) Within thirty days after the transfer to the transferee the vehicle shall have been reconditioned by the transferee, and shall thereafter, until the date of any sale, have received the maintenance operations set forth in subdivision (ii), as therein required, or

(B) Within thirty days after the transfer to the transferee, the vehicle shall have been sold to the manufacturer, or a distributor, exporter, or retail dealer (other than the person who failed to perform the maintenance operations set forth in subdivision (ii)) who delivers a written statement to the transferee that the vehicle will be reconditioned within thirty days after the sale to him, and that it will receive, on and after the date on which it is reconditioned, until it is sold by such person, the maintenance operations as set forth in subdivision (ii), as therein required. On any subsequent sale by such manufacturer, distributor, exporter, or retail dealer, the vehicle must have been reconditioned and maintained in accordance with such written statement.

* * * * *

(iv) *Lower maximum prices in Standard Delivery Operations are not performed:*

(*a*) The maximum price established by § 1499.2 applicable to the sale of any new commercial motor vehicle delivered to the purchaser on and after February 15, 1943, shall be reduced by five percent, unless (*1*) the vehicle shall have received, prior to delivery, all the standard delivery operations set forth in inferior subdivision (*b*) below, and (*2*) the seller shall have delivered to the purchaser a copy of inferior subdivision (*b*) below, and (*3*) the seller shall have, at the time of delivery, executed and delivered to the purchaser and to the Office of Price Administration, Washington, D. C., the certification set forth in subdivision (v).

(*b*) *Standard delivery operations—(1) General instructions.* The operations set forth in the checklist below are identical with those established by Conservation Order M-216-A issued by the War Production Board. Before any vehicle is delivered into the hands of a buyer, it shall be processed according to the provisions and instructions contained in the following checklist. This checklist is purposely detailed so as to discourage omissions of necessary operations. The sequence of the items listed is based on the fact that serious damage may result if certain operations are done out of turn. Accordingly, this list is arranged so that each operation is done only after the necessary preparatory work has been completed. The purpose of this checklist is to set forth the step-by-step procedure for conditioning every vehicle so that it will give maximum service when put to use. The procedure as outlined in the following pages is intended to be used as a checklist. A responsible person should be charged with the duty of seeing that the order of operations is followed strictly, and that each item is checked only after it is completed. Vehicles should be processed for delivery as near the storage location as practicable. In no case should a vehicle be run under its own power until the conditioning work in the checklist has been completed (through Item 13 c) up to the preliminary road test. Under no cir-

1. *Tires.* a. If tires are unmounted, inspect the rims and remove all rust. Mount tires and inflate them to tire manufacturer's recommended pressure.

b. If tires are mounted, inflate them to tire manufacturer's recommended pressure.

2 *Brake System and Front Wheel Lubricant.* a. Remove all wheels and drums and thoroughly clean rust from all braking surfaces. Also examine anchor pins to make sure their bearings are free so that springs return shoes to released position. *Do not work brake pedal* with brake drums off.

b. While front wheels are off, repack bearings with new lubricant if necessary. Replace wheels. Tighten hub bolts and see that hub covers are secure.

c. Check hydraulic master cylinder fluid level, adding approved fluid if necessary. See that filler cap vent is open.

d. Inspect brake system for leaks and repair any defects.

e. Work brake pedal several times to make sure system is operating. Jack up each wheel (if blocks were removed) and apply brakes. Check to see that they operate and then release fully so wheel can turn freely with no drag.

f. Check brake pedal-floor clearance and adjust if necessary.

g. With respect to conditioning vacuum booster, electric, and compressed air brake equipment, follow equipment manufacturer's recommendations.

NOTE. Remove outside body and window coverings. Protect upholstery while conditioning vehicle. If another location is required for remaining work, vehicle must not be run under its own power until ready for preliminary road test.

3. *Fuel System.* a. Replace and tighten gasoline tank drain plug.

b. Clean fuel pump sediment bowl and filter screen and reinstall.

c. Check all fuel connections for tightness, including carburetor flange nuts or cap screws.

d. Put gasoline in tank, adding ½ pint of SAE 10 engine oil to each 5 gallons of gasoline. Replace filler cap, making sure vent is free.

e. Check accelerator, throttle, and choke linkages, idle and wide-open positions.

f. Remove seal from air cleaner; check oil level in oil bath type and add oil if necessary.

4 *Ignition System.* a. Clean and adjust spark plugs. Leave them out so cylinders can be lubricated later.

b. See that distributor is in good condition; points in adjustment, distributor cap and rotor contacts clean.

c. Lubricate cam and rocker bearing surface.

d. Clean wire connections and push wires firmly into their sockets in distributor and coil.

5 *Valve compartment.* a. Remove cover and remove oil soaked rags if any.

b. Spray valve mechanism with suitable light oil. Leave cover off for observation of valve action later.

6. *Seals.* a. Remove seal from tail pipe opening.

b. Remove seals from oil filler tube, crankcase breather tube, and any other opening. Clean and replace covers.

7. *Clutch.* a. Remove block used to keep clutch disengaged and make sure there is correct amount of free pedal movement at top of travel.

8. *Preparing engine for service.* a. Tighten all cooling system, heater hose, and defroster connections, replacing any defective hose. If cooling system was stored full, add sufficient coolant to make up for evaporation. If cooling system was stored empty, close drain cocks and replace drain plugs. Fill with clean water. Watch for leaks at hose ends and pump and correct any that develop.

b. Drain oil from the crankcase. Drop the oil pan. Thoroughly clean the pan and the inside of crankcase. Replace pan and use new gasket. Fill crankcase with flushing oil.

c. Pour 2 ounces of SAE-10 engine oil into each spark plug hole. Reinstall spark plugs, using new gaskets if necessary, and connect wires properly.

d. Lubricate generator, starter, and water pump.

e. Clean battery carrier, repainting if necessary. Install securely a fully charged battery (spec. grav. of 1.280 or above at 60 degrees F; water level ¼" to ⅜" above plates). Clean cables and connections, tighten, and coat terminals with vaseline or approved corrosion preventive. Test battery hook-up by turning on headlights (ammeter should show discharge).

f. With *ignition switch off* and *clutch disengaged*, crank the engine for 30 seconds with starter in order to exercise reciprocating parts and bearings. While cranking engine, listen carefully for indications of trouble. Immediately investigate and remedy any trouble (such as engine failing to turn over or starter motor being stuck) before proceeding further.

g. Start engine (clutch disengaged) and run at idle speed for five minutes.

h. Turn off engine. Drain flushing oil immediately from crankcase.

i. If engine oil filter is sealed type, replace it with a new one. If it is replaceable element type, clean out filter chamber and install new element.

j. Fill crankcase to correct level with engine oil of proper SAE viscosity for temperature conditions under which vehicle will operate. Start engine and run at idle speed.

9 *While engine is running,* check the following items for proper operation, making all necessary adjustments and repairs:

a. All instruments (oil, gas, temperature and ammeter).

b. Windshield wipers, with blades installed.

c. Horn.

d. Every switch position of every light on vehicle.

e. Heater, climatizer, defroster.

f. Cigar lighter, radio, clock, and other accessories.

g. Automatic top on convertibles.

h. Charging rate, and voltage and current regulator.

i. Manifold heater valve.

j. Inspect all water hose connections, oil lines, oil filter, and fuel lines for leakage.

k. Check and if necessary adjust valve tappets according to vehicle manufacturer's recommendations.

l. Automatic choke control.

m. Set engine idle speed according to manufacturer's instructions.

10 *After shutting off engine,* perform the following operations:

Before any sediment in coolant has time to settle, make the following check of the cooling system:

a. If coolant carries little or no antifreeze, completely drain entire cooling system, examining coolant for presence of rust or other foreign matter.

b. If coolant carries a considerable amount of anti-freeze, drain a quart from bottom of radiator. If liquid is clear, pour sample into radiator. If dirty or rusty, completely drain entire cooling system.

c. If coolant showed rusty and dirty, reverse flush radiator and engine block to remove sediment, using a combination water-air flushing nozzle. (Remove thermostats and water pump before flushing the block.)

d. Fill cooling system (if not already done) with clean water and rust inhibitor, adding anti-freeze according to seasonal requirements. Watch for leaks at hose ends and pump, and correct any that develop.

e. While engine is still hot, tighten cylinder head nuts in recommended order.

f. Tighten manifold studs.

g. Tighten bolts at connection between exhaust manifold and pipe to muffler.

h. Replace valve compartment cover.

i. Check all belt adjustments and replace belts if necessary.

11. *Lubrication.* a. Lubricate every fitting and check the lubricant level of every reservoir according to vehicle manufacturer's lubrication chart, excepting those taken care of above. Flush out all gear boxes in which rust inhibitor was used during storage. Fill to correct level with new lubricant.

b. While lubricating, inspect underside of chassis and body for loose or damaged parts, and make any necessary adjustments or replacements.

12 *Check, and if needed tighten* the following items:

a. Nuts on spring U-bolts.

b. All steering connections.

c. Front and rear sway eliminator or stabilizer bolts.

d. Body bolts.

e. Front and rear bumper bolts.

f. Gas tank straps.

g. Shock absorber bolts.

13. *Front end and wheels.* a. Check front wheel toe-in.

b. Test steering adjustments and connections. Check amount of wheel turn to stop on left and right.

c. Check steering wheel for correct amount of play.

14. *Preliminary road test.*

NOTE. Before road test, remove any stickers that obstruct vision, and wash windshield.

Road test every vehicle by driving it at least three miles and checking the operation of the following items:

a. All gear positions, and operation of gear shift lever.

b. Accelerator.

c. Service brakes.

d. Hand brake.

e. All instruments: oil, gas, temperature, ammeter, speedometer, and odometer.

f. Set spark advance or octane selector at correct adjustment for economical performance, idling, pick-up in each forward gear, and ping in acceleration.

g. Springs and shock absorbers.

h. Locate squeaks, rattles, and unusual noises.

i. Special equipment such as overdrives, 2-speed axles, hill-holding devices, and transmissions other than conventional type.

j. Note any other items upon which work needs to be done.

15. *Return vehicle to shop* and do the following operations:

a. Check focus of headlights, and adjust if necessary.

b. Do any work on clutch, service brakes and hand brake for which road test showed need.

c. Reinspect all water hose connections, oil lines, oil filter, and fuel lines for leakage.

d. Clean fuel filters at carburetor and fuel pump.

e. Make necessary repairs or adjustments of any other items which road test showed to need attention.

f. Check all tire pressures again. If any tire has lost air, replace valve core and pump up tire again. If it continues to lose air, remove and test innertube, inspect casing for nails, remount and inflate to proper air pressure. Leave all valve cores and valve caps air-tight.

16 *Final Road Test.* a. Make a second road test, and further tests if necessary, to see that all items found unsatisfactory in first road test are operating satisfactorily.

b. Check for leaks under engine, transmission, and rear axle.

c. Clean and remove rust and dirt from engine and its accessories and other chassis parts. Touch up with paint of appropriate color if originally painted.

17. *Body.* a. Clean upholstery, carpets, and floor mats completely and repair any damaged places.

b. Remove screening or plugs from holes in floorboards or dash.

c. Check and lubricate front seat adjustment.

d. Remove wax or grease from interior chrome, using solvent cleaner which will not damage finish or upholstery.

e. Check operation of all windows, ventpanes, cowl ventilator, and sun-visors.

f. Check operation of glove compartment lock and key.

g. Check operation of all doors, locks and keys, from inside and outside.

h. Check operation of trunk lid, lock and key.

i. Check operation of hood and its lock.

j. Check and clean tools and arrange them in kit.

k. Re-cement any sponge rubber seal strips which may be pulled loose, replacing any which have deteriorated.

l. Clean windows and windshield inside and outside and repair any defects.

m. Inspect paint finish and repair or touch up any defects or damage.

n. Clean and polish vehicle body and chrome trim.

NOTE. Owner should drain engine crankcase at about 250 miles and refill to the full mark with a good grade of engine oil of proper SAE viscosity for temperature conditions under which vehicle will operate.

Truck Trailer Equipment. With respect to truck trailer equipment, the following conditioning operations must be performed:

Items Nos. 1 a, b; 2 a, b, d, g; 9 d; 11 a, b; 12 a, b, d; 14 c, g, h, j; 15 b, e, f; 16 a; and 17 g, m, n.

(v) *Form of certification.*

The undersigned hereby certifies, with respect to the _____ new commercial motor vehicle, bearing motor No. _____ and/or serial No. _____:

(a) *As to maintenance operations.* That all the requirements of § 1499.73 (a) (19) of Supplementary Regulation No. 14 to the General Maximum Price Regulation, which condition the addition to the maximum price of a percentage of the list price for each month elapsing between February 29, 1942 and the date of sale, have been fully satisfied.

(b) *As to Standard Delivery Operations.* That all the standard delivery operations set forth in § 1499.73 (a) (19) of Supplementary Regulation No. 14 to the General Maximum Price Regulation have been performed.

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 150 as Amended,[2] Amendment 2]

MILLED RICE

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.[3] Section 1351.464 is amended and paragraph (c) of § 1351.463 is added to Maximum Price Regulation No. 150, as amended, as set forth below.

§ 1351.464 *Appendix A: Maximum prices for milled rice.* (a) The maximum prices for all non-export sales and deliveries of milled rice per 100 pound bags or containers f. o. b. conveyance within a base point or within a mill point shall be as follows:

(1) Varieties:	*Maximum price*
Rexoro	$8.25
Nira	8.25
Fortuna	7.50
Edith	7.00

Blue Rose	6.50
American Pearl	6.50
Lady Wright	6.50
Zenith	6.25
Early Prolific	6.20

The foregoing maximum prices for "varieties" apply only to milled rice containing not more than 4% of broken kernels and not more than 1% of whole kernels of a variety other than the predominate variety.

(2) Broken rice classes:	*Maximum price*
Second Head Rexoro, Nira and Fortuna	$6.00
Other varieties	5.25
Screening	4.50
Brewers	4.00

(3) The maximum price per 100 pounds for any lot of milled rice containing more than 4% of broken kernels or more than 1% of whole kernels of a variety other than the predominate variety shall be computed by adding the results obtained by multiplying the percentage of each variety and/or each broken rice class of milled rice forming a part of the lot, as shown by the guarantee, by the applicable maximum price for each variety or broken rice class as above specified.

(4) Where the milled rice sold is packed in 5 pound, 10 pound, 25 pound or 50 pound bags or containers, the applicable maximum price per 100 pounds shall be increased by 50 cents, 35 cents, 15 cents or 10 cents respectively.

(5) Where the milled rice sold has been granulated, the applicable maximum price shall be increased by 10 cents.

(b) The maximum delivered price at any receiving point within a base point or within a mill point shall be the applicable maximum f. o. b. price above specified plus the customary local delivery charges. The maximum delivered price at any other receiving point shall be the applicable maximum f. o. b. price above specified plus the lowest transportation charge for the shipment of an identical quantity of milled rice from the applicable base point to said receiving point. Where the shipment is by water said maximum delivered price may be further increased by the addition of actual charges incurred by the seller for war risk cargo insurance, surcharges, and emergency charges necessarily incident to the transportation.

(c) For the purposes of this section the following cities shall be base points: Crowley, Louisiana; El Campo, Texas; Stuttgart, Arkansas; Imperial, California; and San Francisco, California. A base point includes the incorporated area and the established railroad switching districts of that city. Crowley, Louisiana, shall be the base point of and for all rice mills located in Louisiana. El Campo, Texas, shall be the base point

of and for all rice mills located in Texas, Stuttgart, Arkansas, shall be the base point of and for all rice mills located in Arkansas. Tennessee, and Missouri. San Francisco shall be the base point of and for all rice mills located in California except the rice mills located in Imperial, California. Imperial, California, shall be the base point of and for all rice mills located at Imperial, California. As used in paragraph (b) of this section, the phrase "lowest transportation charge for the shipment of an identical quantity of milled rice from the applicable base point to said receiving point" means the lowest transportation charge to said receiving point from the base point for that rice mill at which the rice in question was milled: *Provided*, That where the shipment in question is billed as the receiving point from a different rice mill then the lowest transportation charge to said receiving point from the base point for the last mentioned rice mill, if such transportation is lower.

(d) For the purposes of this regulation, a "mill point" shall include the incorporated area and the established railroad switching districts of any city in which the rice mill in question is located.

(e) Whenever provision is made in this regulation for the addition of transportation charges in determining maximum prices hereunder and whenever any other reference is herein made to such charges the tax imposed by section 620 of the Revenue Act of 1942 (Pub. Laws 753, 77th Cong., approved October 21, 1942) shall be deemed to be a part of and shall be included in said charges with like effect as if it were a like increase in the rate or amount charged by the carrier for the transportation in question. The provisions of Supplementary Order No. 31 issued by the Office of Price Administration on November 26, 1942 (Document No. 7623) shall have no application to this Maximum Price Regulation No. 150, as amended.

(f) For export shipments, the maximum delivered price shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation issued by the Office of Price Administration on July 2, 1942, and any amendments thereto.

PART 1351—FOOD AND FOOD PRODUCTS

[MPR 289,[1] Amendment 2]

DAIRY PRODUCTS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.* Sections 1351.1501 and 1351.1522 are hereby amended to read as set forth below:

§ 1351.1501 *Products covered.* This Maximum Price Regulation No. 289 establishes the maximum prices at which the following dairy products referred to below as "listed dairy products" may be sold and delivered.

(a) Cheddar cheese and processed cheddar cheese.

(b) Butter.

(c) Evaporated milk.

(d) Bulk powdered skim milk and bulk powdered buttermilk.

§ 1351.1522 *Maximum prices of bulk powdered skim milk for human consumption and bulk powdered buttermilk for human consumption.* (a) The maximum prices for sales and deliveries of bulk powdered skim milk for human consumption and bulk powdered buttermilk for human consumption, shall be as follows:

(1) By manufacturers to the United States Government or any agency thereof f. o. b. manufacturer's plant, located:

	Spray process	Roller process
	Cents per lb.	*Cents per lb.*
In Zone A	14½	12½
In Zone B	14¾	12¾
In Zone C	15	13
In Zone D	14¾	13¼

(2) By wholesalers for deliveries to any consumer and by manufacturers for deliveries to any consumer other than the United States Government or any agency thereof:

For deliveries in—	Spray process (cents per lb.)				Roller process (cents per lb.)			
	Carload	25 bbls. or more	5 to 25 bbls.	1 to 4 bbls. incl.	Carload	25 bbls. or more	5 to 25 bbls.	1 to 4 bbls. incl.
Zone A	15½	16	16¼	16½	13¼	14	14¼	14½
Zone B	15¾	16¼	16½	16¾	13½	14¼	14½	14¾
Zone C	16	16½	16¾	17	14	14½	14¾	15
Zone D	16¼	16¾	17	17¼	14¾	14¾	15	15¼

(3) By manufacturers to wholesalers for "deliveries to wholesalers" the prices named in subparagraph (2) immediately above, less 3 per cent.

(4) *Definition of zones.* (i) Zone A shall be all states not included in Zones B, C, or D.

(ii) Zone B shall be Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Maryland, Delaware, District of Columbia, Virginia, and West Virginia.

(iii) Zone C shall be Tennessee, North Carolina, South Carolina, Georgia, Alabama, Mississippi, Louisiana, Arkansas, Oklahoma, and Texas.

(iv) Zone D shall be Florida.

(5) *Discounts.* All maximum prices named in this section must be reduced by the seller's customary discounts, or allowances for cash or prompt payment. However, any discount, allowances or other price differential may always be given when it results in a price less than the maximum price.

(6) *Packing costs and allowances.* (i) These prices are for bulk powdered skim milk or bulk powdered buttermilk packed in barrels double crepe lined. They shall be reduced for any less expensive packing by the net difference in packing costs, between the double crepe lined barrels and the less expensive packing.

(ii) These prices shall be increased ½¢ for all bulk powdered skim milk or bulk powdered buttermilk packed in customary 95 pound containers. These prices shall be increased 1¢ for all bulk powdered skim milk or bulk powdered buttermilk packed in customary 5 to 50 pound containers.

(b) *Definitions.* (1) "Powdered skim milk", also known as "dried skim milk" or "skim milk powder" means powdered skim milk for human consumption as defined in the "Standards of Identity for Dried Skim Milk, Powdered Skim Milk, Skim Milk Powder" promulgated by the Food and Drug Administration and published in the Federal Register of July 12, 1940, 5 F.R. 2543.

(2) "Powdered buttermilk" means the product prepared for human consumption by the removal of water from clean, sound buttermilk which buttermilk conforms in all respects to requirements of applicable federal and state laws and regulations. It shall contain not less than 4% butterfat and shall contain not more than 5% moisture.

(3) "Bulk" when used in conjunction with "powdered skim milk" or "powdered buttermilk" means all "powdered skim milk", or "powdered buttermilk", other than "packaged powdered skim milk" or "packaged powdered buttermilk". "Packaged" means packaged for sale at retail in a container of any sort holding 5 pounds or less regardless of where the packaging was done.

(4) The phrase "for deliveries" refers to deliveries at the buyer's customary receiving point. In the case of deliveries to wholesalers, it shall also include direct deliveries to the customary receiving point of any person designated by the wholesaler to receive delivery.

(c) *Reference to maximum price regulations covering powdered skim milk and powdered buttermilk not covered in this Maximum Price Regulation 289.* (1) Packaged powdered skim milk or packaged powdered buttermilk when sold by manufacturers is covered under Maximum Price Regulation No. 280.[2]

(2) Packaged powdered skim milk and packaged powdered buttermilk when sold by wholesalers is covered under Maximum Price Regulation No. 237.[3]

(3) Packaged powdered skim milk and packaged powdered buttermilk when sold by retailers is covered under Maximum Price Regulation No. 238.[4]

(4) All powdered skim milk for animal feed and all powdered buttermilk for animal feed is covered by Maximum Price Regulation No. 280.

§ 1351.1518a *Effective dates of amendments.* * * *

(b) This Amendment No. 2 (§§ 1351.1501, 1351.1522, 1351.1518a) shall become effective this 6th day of February 1943.

§ 1367.44 *Appendix A: Amounts per ton net to the manufacturer which may be added to the manufacturer's prices for places of delivery in the states and territory named below:*

1. *Places of delivery.* * * *

(i) *Puerto Rico.* To the prices of mixed fertilizer, superphosphate or potash quoted in a manufacturer's written or printed price schedule or list effective on October 15, 1941, denoted herein as the base period prices, there may be added, net to the manufacturer, for each unit of ammonia, available phosphoric acid and potash an amount consisting of the difference in the cost per unit of such ammonia, available phosphoric acid or potash between (1) the manufacturer's average delivered-to-factory cost of such materials received by him during the period July 1 to December 31, 1941, inclusive, and (2) the manufacturer's average delivered-to-factory cost of such materials received by him during the period October 1 to December 31, 1942, inclusive.

Beginning on April 1, 1943, and quarter-annually thereafter, a manufacturer's base period prices may be increased or shall be decreased by the amount of the difference, if any, between (1) the manufacturer's average delivered-to-factory cost of such materials received by him during the period July 1 to December 31, 1941, inclusive, and (2) the manufacturer's average delivered-to-factory cost of such materials received by him during the three months' period last preceding the quarter annual adjustment date; if, during any such three months' period, no materials were received by the manufacturer, then the average cost for the next preceding three months' period shall be applied in making the appropriate increase or decrease in his base period prices.

Bags. A manufacturer's prices of mixed fertilizer, superphosphate or potash determined as above set forth may be further increased, or shall be decreased, by the amount of the average increase or decrease, as the case may be, in the cost of bags used in packaging such products. The amount of such increase or decrease per ton of such products shall be determined for the same periods and in the same manner as described above for each unit of ammonia, available phosphoric acid and potash.

§ 1367.43a *Effective dates of amendments.* (a) Amendment No. 1 (§§ 1367.33 (a) and 1367.44 (i)) to Revised Maximum Price Regulation No. 135 shall become effective February 6, 1943.

PART 1439—UNPROCESSED AGRICULTURAL COMMODITIES

[TMPR 25,[1] Amendment 1]

CORN

A statement of considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Subparagraph (1) of § 1439.52 and paragraphs (b) and (c) of § 1439.62 are amended, and subparagraphs (3) and (4) of paragraph (a) of § 1439.62 and paragraph (f) of § 1439.62 are added to read as set forth below.

§ 1439.52 *Exempt sales.* (a) This Temporary Maximum Price Regulation No. 25 shall not apply to the following:

(1) Sales and deliveries of less than 400 bushels per month by one farmer to another farmer of corn produced on the farm operated by the farmer who is the seller. However, this Temporary Maximum Price Regulation No. 25 shall apply to sales or deliveries of any quantity of corn by a farmers' cooperative.

* * * * * *

§ 1439.62 *Appendix A*—(a) *Maximum prices per bushel for corn futures on the Commodity Exchanges in Chicago, Kansas City and Minneapolis.* * * *

(3) If there was no trading whatever in round lot or job lot contracts for delivery in the months of July or September 1943 on the Commodity Exchanges in Kansas City or Minneapolis, the maximum price for such contracts shall be the maximum price for the May 1943 contract on such exchange, plus the difference between the maximum price for the May 1943 contract on the commodity exchange in Chicago and the maximum price for the July or September 1943 contract, as the case may be, on the commodity exchange in Chicago.

(4) The maximum price for contracts for delivery in any month subsequent to September 1943 on the commodity exchanges in Chicago, Kansas City and Minneapolis shall be the maximum price for the September 1943 contract on each such commodity exchange, respectively.

(b) *Maximum prices per bushel for any class and grade of corn in bulk, in carload quantities, in each recognized cash grain market.* (1) The maximum price per bushel for No. 2 or better, yellow corn in bulk, in carload quantities, in each recognized cash grain market shall be the highest price at which No. 2 or better, yellow corn sold in that market on January 11, 1943.

(2) If there were no sales of yellow corn No. 2 or better, in bulk, in carload quantities, in a particular recognized cash grain market on January 11, 1943, the maximum price per bushel in such market for No. 2 or better, yellow corn in bulk, in carload quantities shall be the highest price for the highest grade of yellow corn sold in such market on January 11, 1943, plus the maximum difference between the price at which this grade and No. 2 or better, yellow corn sold in such market on the first day prior to January 11, 1943 on which both this grade and No. 2 or better, yellow corn were sold.

(3) The maximum price per bushel for yellow corn grading lower than No. 2, in bulk, in carload quantities in each recognized cash grain market shall be the maximum price in such market for No. 2 or better, yellow corn as determined in this paragraph (b) minus the following discounts.

[1] 8 F.R. 567.

Grade:	Discount—(Cents per bushel)
No. 3 yellow corn	½
No. 4 yellow corn	1
No. 5 yellow corn	1½
Sample yellow corn	2

(4) The maximum price per bushel for white corn, in bulk, in carload quantities, in each recognized cash grain market, shall be the maximum price in such market for the corresponding grade of yellow corn plus 15 cents per bushel.

(5) The maximum price per bushel for mixed corn, in bulk, in carload quantities, in each recognized cash grain market, shall be the maximum price in such market for the corresponding grade of yellow corn: Except, that if such mixed corn contains 90 per cent or more of white corn, the maximum price per bushel, in bulk, in carload quantities, shall be the maximum price in such market for the corresponding grade of yellow corn, plus 15 cents per bushel.

(6) The maximum price determined in accordance with the subparagraph (b) shall not be increased by any charges for handling, conditioning, insurance, elevation, or any other charges except carrying charges as specified in paragraph (f) and where any owner of corn incurs any expenses for handling, conditioning, elevation, insurance, and other operations, or services as he may deem necessary except carrying charges as specified in paragraph (f) he shall not increase his maximum price to any purchaser because he has incurred such expenses.

(c) *Maximum price per bushel for each seller for any class and grade of corn in bulk, in carload quantities, f. o. b. or delivered at interior points.* (1) The maximum price per bushel for each seller for any class and grade of corn in bulk, in carload quantities, f. o. b. or delivered at interior points shall be the highest of the prices determined as follows:

(i) The highest price at which the seller sold or offered to sell such class and grade of corn during the period January 8, 1943 to January 12, 1943.

(ii) The maximum price for such class and grade of corn at the nearest recognized cash grain market which is a source of supply plus (a), the transportation charge from such recognized cash grain market to the interior point, and (b), 5 cents per bushel.

The transportation charge to any interior point, which is on a railroad, shall be calculated by using the lowest carload rail rate, flat or proportional, whichever is appropriate, plus transportation tax, from such recognized cash grain market to the interior point: *Provided*, That if the movement to the interior point would normally be made on transit billing, the transportation charge shall be calculated by using the normal transit balance rail rate plus transportation tax, applicable to such movement.

The transportation charge to any interior point which is not on a railroad shall be the transportation charge calculated in like manner as above provided to the nearest railroad loading point thereto plus transportation charges, including transportation tax, from said railroad loading point to the interior point in question.

* * * * * *

(f) *Carrying charges.* In addition to the foregoing maximum price, a carrying charge at a rate not to exceed $\frac{1}{30}$th of a cent per bushel per day may be charged by a seller to a buyer from the date of the expiration of free time under a contract for sale, to the date on which the buyer has instructed that the shipment to be made, or the date that shipment is actually made, whichever date is earlier: *Provided*,

(1) That the seller may in all cases have five days from the date of receipt of instructions within which to make shipment and may charge carrying charges accordingly.

(2) That the buyer shall not increase his maximum price for resale to any purchaser because such carrying charges have been incurred.

This amendment shall become effective February 6, 1943.

Issued this 1st day of February 1943.

[Amendment 102 to Supp. Reg. 14[1] to GMPR[2]]

DOG AND CAT FOOD IN NEW PACKAGES

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.* Subparagraph (62) is added to § 1499.73 (a) to read as set forth below:

§ 1499.73 * * *

(a) * * *

(62) *Formula for determining maximum prices of new packages of dog and cat foods by manufacturers.* Any manufacturer of any dog or cat food desiring to sell new packages (whether of different sizes and/or of different containers) of the same commodity shall determine his maximum price for such new packages as follows:

(i) Take the maximum price of the fastest selling old package of said dog or cat food to a given class of purchasers;

(ii) Where a change to different containers is made deduct therefrom the actual cost of the old containers and of packing therein and add to the resultant figure the actual cost of the new containers and of packing therein;

(iii) Where a size change is made divide said maximum price of the fastest selling old package of said dog or cat food to a given class of purchasers by the net weight number of ounces (or other unit of measurement) in the old size package and multiply that quotient by the net weight number of ounces (or other unit of measurement) in the new size package.

In like manner determine the new size maximum price to other classes of purchasers, using as the base, however, the same old package of dog or cat food but as sold to different classes of purchasers.

(b) *Effective dates.* * * *

(103) This Amendment No. 102 (§ 1499.73 (a)) to Supplementary Regulation No. 14 of the General Maximum Price Regulation shall become effective February 6, 1943.

PART 1315 — RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[MPR 200[1] as Amended Feb. 1, 1943]

RUBBER HEELS, RUBBER HEELS ATTACHED, AND ATTACHING OF RUBBER HEELS

In the judgment of the Price Administrator the prices of rubber heels, rubber heels attached and attaching rubber heels have risen to an extent and in a manner inconsistent with the purpose of the Emergency Price Control Act of 1942. The Price Administrator has ascertained and given due consideration to the prices of rubber heels, rubber heels attached and attaching rubber heels prevailing between October 1 and October 15, 1941, and has made adjustment for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of said Act. A statement of the considerations[2] involved in the issuance of this regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[3] issued by the Office of Price Administration, Maximum Price Regulation No. 200 is hereby issued.

Sec.
1315.1401 Prohibition against dealing in rubber heels attached, and attaching rubber heels at prices in excess of the maximum.
1315.1402 Federal and state taxes.
1315.1403 Sales for export.
1315.1404 Less than maximum prices.
1315.1405 Evasion.
1315.1406 Marking and posting.
1315.1407 Records.
1315.1408 Reports.
1315.1409 Sales slips and receipts.
1315.1410 Enforcement.
1315.1411 Adjustable pricing.
1315.1412 Petitions for amendment.
1315.1413 Exclusions.
1315.1414 Definitions.
1315.1415 Applicability.
1315.1416 Licensing, applicability of the registration and licensing provisions of the General Maximum Price Regulation and Maximum Price Regulation No. 165.
1315.1417 Applicability of the General Maximum Price Regulation.
1315.1418 Applicability of Maximum Price Regulation No. 165.
1315.1419 Effective date.
1315.1419a Effective dates of amendments.
1315.1420 Appendix A: Maximum prices for rubber heels, rubber heels attached and attaching rubber heels.

AUTHORITY: §§ 1315.1401 to 1315.1420, inclusive, issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871.

§ 1315.1401 *Prohibition against dealing in rubber heels, rubber heels attached, and attaching rubber heels at prices in excess of the maximum.* On and after September 1, 1942, regardless of any contract, agreement, lease or other obligation: (a) No person shall sell or deliver rubber heels or attached rubber heels, in the shoe repair trade, and no person shall buy or receive rubber heels or attached rubber heels, in the shoe repair trade, in the course of trade or business, at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1315.1420; and (b) no person shall attach rubber heels at prices higher than the maximum prices set forth in Appendix A hereof; and no person shall agree, offer, solicit or attempt to do any of the foregoing. The provisions of this section shall not be applicable to sales or deliveries of rubber heels to a purchaser if prior to September 1, 1942, such rubbers heels had been received by a carrier other than a carrier owned or controlled by the seller for shipment to such purchaser.

[2] Statements of considerations also are issued simultaneously with the issuance of amendments.

* Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 6259.

[NOTE: Supplementary Order No. 7 (7 F.R. 5176) provides that the prohibition contained in any price regulation against buying or receiving any commodity or service at a price higher than the maximum price permitted by such regulation shall not apply to any war procurement agency, or government whose defense is vital to the defense of the United States.]

[NOTE: Supplementary Order No. 34 (7 F.R. 10779) permits special packing expenses to be added to maximum prices on sales to procurement agencies of the United States.]

§ 1315.1402 *Federal and state taxes.* (a) Except as limited in the next paragraph, any tax upon, or incident to, the sale, delivery, or processing of rubber heels, imposed by any statute of the United States or statute or ordinance of any state or subdivision thereof, shall be treated as follows in determining the seller's maximum price: If the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor.

(b) No shoe repairman may add and after December 31, 1942, no wholesaler may add, the amount of Federal excise tax on rubber products paid by any prior vendor to the maximum prices established by this Maximum Price Regulation No. 200. (Paragraph (a) as amended by Amendment 3, 7 F.R. 10008)

[NOTE: Supplementary Order No. 31 (7 F.R. 9894) provides that: "Notwithstanding the provisions of any price regulation, the tax on transportation of all property (excepting coal) imposed by section 620 of the Revenue Act of 1942, shall, for purposes of determining the applicable maximum price of any commodity or service, be treated as though it were an increase of 3% in the amount charged by every person engaged in the business of transporting property for hire. It shall not be treated, under any provision of any price regulation or any interpretation thereof, as a tax for which a charge may be made in addition to the maximum price."]

§ 1315.1403 *Sales for export.* The maximum price at which a person may export any rubber heels shall be determined in accordance with the provisions of the Maximum Export Price Regulation[1] issued by the Office of Price Administration.

§ 1315.1404 *Less than maximum prices.* Lower prices than those set forth in Appendix A (§ 1315.1420) may be charged, demanded, paid or offered.

§ 1315.1405 *Evasion.* (a) The price limitation set forth in this Maximum Price Regulation No. 200 shall not be evaded whether by direct or indirect methods in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to rubber heels alone or in conjunction with any other commodity or by way of commission, service, transportation or other charge or discount, premium or other privilege, or by tying-agreement or other trade understanding or otherwise.

(b) Every purchaser shall have the choice of buying rubber heels of a particular type and grade without buying rubber heels of another type and grade or buying any other commodity, and every purchaser, other than a purchaser from a shoe repairman, shall have the choice of buying rubber heels of a particular type and grade without having any service performed.

(c) A purchaser of rubber heels from a shoe repairman shall always have the choice of buying rubber heels and having the seller attach them to shoes without having any other service performed or buying any other commodity.

[NOTE: Supplementary Order No 29 (7 F.R. 9816) lists certain services customarily offered by retailers which may be curtailed or eliminated without a compensating reduction in ceiling prices.]

§ 1315.1406 *Marking and posting.* (a) Every manufacturer of rubber heels (except sport heels and women's scoop lifts, toplifts, toplift strips and toplift blocks) manufactured after August 31, 1942, for sale in the shoe repair trade, shall imprint prominently on the face of every such heel in the place receiving the least wear the symbol "V–1," "V–2," "V–3," or "V–4," which symbol shall represent the physical tests, as set forth in paragraph (g) (6) of § 1315.1420, which the heel in question is able to equal or exceed. Sport heels and women's scoop lifts, toplifts, toplift strips and toplift blocks manufactured after August 31, 1942, for sale in the shoe repair trade must be marked in some other manner approved by the Office of Price Administration in order to indicate the quality thereof. The marking of the unit of sale container is an approved method of marking sport heels and women's scoop lifts (1 and 3 nail hole) and died out toplifts. A paper sticker on each toplift strip or block is also an approved method of marking toplift strips and toplift blocks. The unit of sale container of a rubber heel manufactured in accordance with the specifications of a war procurement agency but which has been rejected by that war procurement agency because of defects that do not affect serviceability, shall be marked with the words "War Reject." (Paragraph (a) as amended by Amendments 3 and 4, 7 F.R. 10008, 8 F.R. 490.)

(b) On and after September 1, 1942, every shoe repairman engaged in the business of selling rubber heels or attached rubber heels or of attaching rubber heels shall keep posted in a conspicuous place in each establishment at which rubber heels are offered for sale, or at which the attaching of rubber heels is contracted for, a statement setting forth the maximum prices which he is permitted to charge under this Maximum Price Regulation No. 200 and the brands to which these maximum prices apply. For this purpose it shall be permissible to employ a list of maximum prices and brands furnished by the Office of Price Administration for posting pursuant to the provisions of this paragraph.

§ 1315.1407 *Records and reports.* (a) Every person, other than a shoe repairman or a person making a purchase from a shoe repairman, making a sale or purchase subject to this Maximum Price Regulation No. 200 after August 31, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such sale or purchase, showing the date thereof, the name and the address of the buyer or seller, the price paid or received and the quantity of each type and grade of rubber heels sold or purchased.

(b) Every person subject to this Regulation shall submit such reports and keep such other records, in addition to or in place of the records required in paragraph (a) of this section, as the Office of Price Administration may from time to time require or permit.

§ 1315.1408 [Revoked].

§ 1315.1409 *Sales slips and receipts.* Any person subject to this Maximum Price Regulation No. 200 who has regularly furnished customers with invoices, sales slips, receipts or similar documents shall continue to do so. Every person subject to this Maximum Price Regulation No. 200 shall, regardless of previous custom, upon request of the customer, give such customer a signed receipt showing the date of the transaction, the type, brand, and grade of the rubber heels sold and the price therefor.

§ 1315.1410 *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 200 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 200 or any price schedule, regulation, or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest field, district, state or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1315.1411 *Adjustable pricing.* No person subject to the provisions of this Maximum Price Regulation No. 200 shall enter into any agreement permitting the adjustment of the prices of rubber heels, attached rubber heels or attaching rubber heels to prices which may be higher than the maximum prices, except that any person may offer or agree to adjust or fix prices to or at prices not in excess of the maximum prices in effect at the time of delivery.

§ 1315.1412 *Petitions for amendment.* Any person seeking an amendment of any provision of this Maximum Price Regulation No. 200 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1. (§ 1315.1412 as amended by Supplementary Order No. 26, 7 F. R. 8948.)

[NOTE: Supplementary Order No. 28 (7 F.R. 9619) provides for the filing of applications for adjustment or petitions for amendment based on a pending wage or salary increase requiring the approval of the National War Labor Board.]

§ 1315.1413 *Exclusions.* This Maximum Price Regulation No. 200 shall not apply to sales and deliveries of rubber heels, made in accordance with military specification, pursuant to contract with:

(a) Any war procurement agency of the United States Government; or

(b) Any person who contracts to sell the purchased rubber heels to any war procurement agency of the United States Government or to any contractor or subcontractor who physically incorporates the rubber heels in an article being processed for any such war procurement agency.

§ 1315.1414 *Definitions.* (a) When used in this Maximum Price Regulation No. 200 the term:

(1) "Continental United States" means only the forty-eight states and the District of Columbia.

(2) "Export" means any sale between a seller in the Continental United States and a purchaser outside thereof.

(3) "Manufacturer" means any person engaged in the production of rubber heels.

(4) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representatives of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(5) "Rubber" means all forms and types of rubber, including synthetic and reclaimed rubber.

(6) "Rubber heels" includes all unattached heels, heel bases, scoop lifts, toplifts, toplift strips and toplift blocks, made in whole or in part of rubber.

(7) "Rubber heels sold in the shoe repair trade" means rubber heels sold or offered for sale by or to a shoe repairman, by wholesalers to the persons who sell rubber heels to a shoe repairman, or by manufacturers to any of the persons named in this subparagraph.

(8) "Shoe repairman" includes any person engaged in the business of replacing worn heels for an ultimate consumer, other than an industrial, commercial or governmental consumer.

(9) "Wholesaler" includes any person, other than a manufacturer, who sells or offers to sell rubber heels to a shoe repairman or to persons who sell or offer to sell rubber heels to a shoe repairman.

(10) "War procurement agency" means the War Department, the Department of the Navy, the United States Maritime Commission, and the Lend-Lease Section in the Procurement Division of the Treasury Department, or any agency of any of the foregoing.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1315.1415 *Applicability.* The provisions of this Maximum Price Regulation No. 200 shall be applicable to the Continental United States and the District of Columbia, but not to the territories and possessions of the United States.

§ 1315.1416 *Licensing; applicability of the registration and licensing provisions of the General Maximum Price Regulation[1] and Maximum Price Regulation No. 165.*[2] (a) The registration and licensing provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation are applicable to every person subject to this regulation selling at wholesale or retail rubber heels. When used in this paragraph (a) the terms "selling at wholesale" and "selling at retail" have the definitions given to them by §§ 1499.20 (p) and 1499.20 (o), respectively, of the General Maximum Price Regulation.

(b) The registration and licensing provisions of §§ 1499.111 and 1499.112 of Maximum Price Regulation No. 165 are applicable to every person subject to this regulation, selling attached rubber heels to an ultimate consumer, or attaching rubber heels for such consumer.

§ 1315.1417 *Applicability of the General Maximum Price Regulation.* Except as provided in § 1315.1416, the provisions of this Maximum Price Regulation No. 200 supersede the provisions of the General Maximum Price Regulation, including §§ 1499.11, 1499.12, 1499.13, 1499.14, and 1499.25 thereof, with respect to sales and deliveries for which maximum prices are established by this regulation.

§ 1315.1418 *Applicability of Maximum Price Regulation No. 165.* Except as provided in § 1315.1416, the provisions of this Maximum Price Regulation No. 200 supersede the provisions of Maximum Price Regulation No. 165 with respect to sales of consumer services for which maximum prices are established by this regulation.

§ 1315.1419 *Effective date.* This Maximum Price Regulation No. 200 (§§ 1315.1401 to 1315.1420, inclusive) shall become effective September 1, 1942.

[1] The maximum prices for sales by wholesalers to certain wholesalers are set forth in paragraph (h) of this section.

[2] These prices shall be reduced by 5 percent if the purchaser pays cash within 30 days after delivery in accordance with the provisions of § 1315.1420 (d) (1). Federal excise taxes and other taxes may be added in accordance with the provisions of § 1315.1402 (a).

[3] These prices shall be decreased by the customary cash discounts in accordance with the provisions of § 1315.1420 (d) (2). Federal excise taxes and other taxes may be added in accordance with § 1315.1402 (b).

[4] These prices include the Federal excise tax but other taxes may be added in accordance with the provisions of § 1315.1402 (a).

* For O'Sullivan Aristocrat and Goodrich "D" Plywood Core, there shall be substituted in table I-A $1.69 instead of $1.50 and $2.25 instead of $2.

** For Goodyear G-50 heels, there shall be substituted in table I-A $1.43 instead of $1.39 and $1.90 instead of $1.85.

† If died out topliffs or topliffs cut from topliff strips or topliff blocks are attached to heels which are larger in size than a size 3-0 thin scoop lift (3 mill hole), the shoe repairman may add $0.05 per pair to the prices stated in Table I-A for attaching these women's topliffs.

‡ For Wilder Quick Work A Style, combination leather and rubber lifts, there shall be substituted in Table I-A $2.75 instead of $2.51 and $3.67 instead of $3.35.

(Table I-A as amended by Amendment 2, 7 F.R. 6936.)

(b) The maximum price stated in Table I-A for a sale by a shoe repairman shall include the price of the rubber heels and the price of attaching the rubber heels to shoes. If rubber heels are sold by a shoe repairman unattached, the maximum price for such sales shall be 40% of the price listed in Table I-A for sales of rubber heels of the same type and grade by a shoe repairman. The maximum price for attaching rubber heels supplied by a purchaser shall be 60% of the price stated in Table I-A for sales of rubber heels of the same type and grade by a shoe repairman.

(c) The maximum price stated in Table I-A for a sale by a shoe repairman includes all repairs made by the shoe repairman in the process of attaching rubber heels. (Paragraph (c) as amended by Amendment 2.)

(d) (1) The maximum prices for sales to wholesalers shall be decreased by 5% if the purchaser pays cash within thirty days after delivery of the rubber heels. (Subparagraph (1) as amended by Amendment 2.)

(2) The maximum price for sales to shoe repairmen shall be reduced by any cash discounts given by the seller to shoe repairmen of the same class during March, 1942.

(e) (1) The maximum price for sales to wholesalers shall include the costs of transportation of the rubbers heels to the buyer's place of business if the order in question amounts to one hundred pounds or more. (Subparagraph (1) as amended by Amendment 2.)

(2) The seller may add to the maximum prices stated in Table I-A for sales to shoe repairmen the same proportion of transportation costs incurred in the delivery of rubber heels, that the seller required purchasers of the same class to pay during March 1942 on deliveries of rubber heels. (Subparagraph (2) as amended by Amendment 1.)

(f) The prices set forth in Table I-A shall not be increased by any charges for the extension of credit.

[1] Specific maximum prices listed supersede entirely the seller's ceiling prices as determined under § 1499.2, General Provisions, of the General Maximum Price Regulation.

[2] In the case of *single unit sales at retail*, any maximum price expressed in a fraction of a cent must be reduced to the lowest even cent if the fraction is less than ½ cent and may be increased to the nearest higher even cent if the fraction is ½ cent or more. Home-deliveries shall be considered multiple-unit sales unless separate collections are made on successive deliveries. "Out-of-store sales" include sales by restaurants, hotels, cafes, bars, delicatessens, and other eating establishments. Maximum prices for ½ pint and ½ quart container sizes, as determined under § 1499.2, General Provisions, of the General Maximum Price Regulation, remain the seller's ceiling prices.

Chocolate milk, certified, Guernsey, 4½% B. F. (or more), and Sofkurd milk. The seller may add to his maximum retail price, as determined under § 1499.2, General Provisions, of the General Maximum Price Regulation, an amount proportionate to the increase in his retail ceiling price for standard milk sold in the same container size.

Retail sales to other classes of purchasers. Maximum prices for retail sales other than out-of-store sales and deliveries-to-the-home shall be the maximum wholesale prices fixed in inferior subdivision (*n*) of subdivision (ii) of § 1499.73 (a) (1) below.

• • • • •

(ii) *Maximum prices for fluid milk sold at wholesale in specified localities.* The maximum price of fluid milk sold and delivered at wholesale, in the localities set forth below, shall be the seller's maximum price as determined under § 1499.2, General Provisions, of the General Maximum Price Regulation, or the applicable adjusted maximum price specified in the schedule set forth below, whichever is higher[3]: *Provided*, That where the adjusted maximum price is expressed as "plus" a specified amount, the amount specified is to be added to the seller's maximum price as determined under said § 1499.2.

[3] This pricing formula is not applicable to certain sales at wholesale in the New York Metropolitan, Memphis, Tennessee, and Chicago, Illinois areas under inferior subdivisions (*n*), (*m*), and (*p*) below. Specific maximum prices listed supersede entirely the seller's ceiling prices as determined under § 1499.2, General Provisions, of the General Maximum Price Regulation.

SALES AT WHOLESALE TO STORES, HOTELS, RESTAURANTS, INSTITUTIONS, AND OTHER (EXCEPT VENDORS OR SUBDEALERS)

Locality	Special type	Grade	Container size	Type of container	Adjusted maximum price (cents)
(n) Chicago, Illinois Area[1]	Standard milk or buttermilk.	Approved	More than 1 gallon		48 per gal.
		Approved	Gallon	Glass or paper	48.
		Approved	½ gallon	Glass or paper	25.
		Approved	Quart	Glass or paper	14.
		Approved	Pint	Glass or paper	8½.
		Approved	½ pint	Glass or paper	7½.
		Approved	½ quart	Glass or paper	6.
	Homogenized, Vitamin D, and Homogenized-Vitamin D.	Approved	More than 1 gallon		62 per gal.
		Approved	Gallon	Glass or paper	62.
		Approved	½ gallon	Glass or paper	27.
		Approved	Quart	Glass or paper	14.
		Approved	Pint	Glass or paper	10.
		Approved	½ pint	Glass or paper	7½.
		Approved	½ quart	Glass or paper	6½.

[1] Specific maximum prices listed supersede entirely the seller's ceiling prices as determined under §1499.2, General Provisions, of the General Maximum Price Regulation.

Chocolate milk, certified, Guernsey 4% B. F. (or more), and Softcurd milk. The seller may add to his maximum wholesale price, as determined under § 1499.2, General Provisions, of the General Maximum Price Regulation an amount proportionate to the increase in his wholesale selling price for standard milk sold in the same container size.

Sales at wholesale to vendors or subdealers. The foregoing specific maximum whole prices for sales to stores, hotels, restaurants, and institutions are not applicable to sales and deliveries made to vendors or subdealers, i. e. fluid milk distributors who do not operate pasteurizing plants, regardless of whether they operate milk depots. The seller's maximum prices for sales to vendors or subdealers shall be his established maximum price under § 1499.2, General Provisions, of the General Maximum Price Regulation plus 4¢ per gallon, 3¢ for half gallon, 1½¢ for quart, and ½¢ for pint, ½ pint, or ⅓ quart container size.

Sales at wholesale in bulk to stores, hotels, restaurants, and institutions. Maximum prices for sales at wholesale, other than in glass or paper containers, to stores, hotels, restaurants and institutions in units of more than one gallon shall be

(i) Standard milk or buttermilk, 48¢ per gallon.

(ii) Homogenized Vitamin D, or Homogenized-Vitamin D milk: 52¢ per gallon.

PART 1545—PETROLEUM SUPPLY

Section 1545.1 *Petroleum Administrative Order 1* is hereby amended to read as follows:

§ 1545.1 *Petroleum Administrative Order 1*—(a) *Definitions.* (1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Motor fuel" means liquid fuel, including Diesel fuel, used for the propulsion of motor vehicles or motor boats and shall include any liquid fuel to which Federal gasoline taxes apply except liquid fuel used for the propulsion of aircraft.

(3) "Fuel oil" means any liquid petroleum product commonly known as fuel oil, including Grades No. 1, 2, 3, 4, 5, and 6, Bunker "C", Diesel oil, kerosene, range oil, gas oil, or any liquid petroleum product used for the same purposes as the above designated grades.

(4) "Refinery" means any manufacturing establishment within District One which processes, refines, or compounds crude petroleum or finished or unfinished petroleum products, including, but not limited to, the terminal, storage, and distribution facilities at such establishment.

(5) "Bulk terminal" means any terminal or storage facility within District One to which motor fuel or fuel oil from any point outside of the District is delivered for redelivery.

(6) "Supplier" means any person designated as such on Schedule A.

(7) "Secondary supplier" means any person other than a supplier who regularly receives motor fuel or fuel oil for redelivery.

(8) "District One" means the States of Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, West Virginia, North Carolina, South Carolina, Georgia, and Florida (east of the Apalachicola River), and the District of Columbia.

(9) "Zone" means any of the six territorial divisions of District One, as follows:

ZONE 1: The States of Maine, Vermont, New Hampshire, Massachusetts, Connecticut, and Rhode Island.

ZONE 2: The entire eastern part of the State of New York up to and including the Counties of Cayuga, Tompkins, and Chemung; the entire eastern part of the State of Pennsylvania up to and including the Counties of Bradford, Sullivan, Columbia, Montour, Northumberland, Dauphin, and York; and the States of New Jersey and Delaware.

ZONE 3: The States of Maryland and Virginia and the District of Columbia.

ZONE 4: The States of North Carolina and South Carolina.

ZONE 5: The State of Georgia and that part of the State of Florida east of the Apalachicola River.

ZONE 6: That part of the States of New York and Pennsylvania not included in Zone 2, and the State of West Virginia.

(10) "Quota" means the specific quantities of motor fuel and fuel oils specified on Schedule A to be available to any supplier for delivery or withdrawal in each zone of District One from bulk terminals and refineries located in such zone during each quota period specified on Schedule A, excluding withdrawals or deliveries for export: *Provided*, That direct deliveries of motor fuel or fuel oil to any person within any zone by any supplier from any point outside of District One other than deliveries to a refinery or bulk terminal owned or operated by a supplier shall be deemed to be a delivery or withdrawal by the delivering supplier from a bulk terminal or refinery in the zone in which delivery is made.

(11) "Quota period" means the period of time specified on Schedule A for the withdrawal or delivery by any supplier of any quota assigned on such schedule to such supplier.

(b) *Restrictions on delivery of motor fuel and fuel oil.* (1) No supplier shall withdraw or deliver, or cause to be withdrawn or delivered, any motor fuel or fuel oil from any bulk terminal or refinery in District One in any quota period except:

(i) Withdrawals or deliveries of any motor fuel or fuel oil from any refinery or bulk terminal for delivery to any bulk terminal in District One; or

(ii) As specifically directed by the Petroleum Administrator for War pursuant to a directive issued under paragraph (c) of this order; or

(iii) As specifically authorized upon application filed under paragraph (i) of this order; or

(iv) As permitted under the terms of paragraph (e) of this order.

(c) *Directed deliveries.* In order to provide an equitable distribution to consumers and among all units of the petroleum industry of all available supplies of motor fuel or fuel oil in District One, without regard to the ownership or control of any such motor fuel or fuel oil by any supplier or secondary supplier, or to accomplish any other purpose or objective of this order, the Petroleum Administrator for War may at any time issue specific directions to any supplier or secondary supplier with respect to the withdrawal or delivery of any motor fuel or fuel oil.

(d) *Unrestricted deliveries.* Withdrawals or deliveries of any motor fuel or fuel oil from any refinery or bulk terminal for delivery to another supplier pursuant to (1) the provisions of Directive 59 of the Petroleum Coordinator for War, 7 F.R. 7759, and any amendments or modifications thereof, (2) repayments of loans, or (3) exchanges, shall not be deducted from the quota of the delivering supplier but such deliveries, if not otherwise exempt from quota restrictions under the provisions of this order, shall be deemed to have been withdrawn from a bulk terminal or refinery by the receiving supplier.

(e) *Permitted deliveries.* (1) Nothing contained in this order shall restrict the withdrawal or delivery by any supplier from any bulk terminal or refinery of the quantities of motor fuel and fuel oil listed on Schedule A, as the quota of such supplier: *Provided*, That all of the following conditions are met:

(i) Any such withdrawal or delivery is made within the quota period specified on Schedule A for the withdrawal or delivery of such quota;

(ii) The quantity of any such withdrawal or delivery by the supplier does not, when added to all preceding deliveries and withdrawals by such supplier during the quota period, exceed any quota specified on Schedule A for such supplier;

(iii) Such withdrawal or delivery is made, so far as practicable so that the quota against which it is charged will be withdrawn or delivered ratably during the quota period;

(iv) Such withdrawal or delivery is made for ultimate use within the zone in which is located the bulk terminal or refinery from which the withdrawal or delivery is made: *Provided*, That this limitation shall not apply to any delivery between zones which is made in the established and regular course of business, and such deliveries shall be charged against the quota of the delivering supplier in the zone in which the delivery is made.

(f) *Method of distribution.* (1) Each supplier and each secondary supplier shall apportion such motor fuel and fuel oil as he has available for distribution among customers which during the calendar year 1942 were receiving from him as a regular source of supply the whole or any part of their requirements or which have been assigned to him as hereinafter provided, and such distribution shall be without discrimination except that uniform differentiation in deliveries based upon the relative inventories expressed in days' supply on hand in customer's storage shall not be deemed to be discrimination. The apportionment shall be made in such a manner as to provide for an equitable distribution of such motor fuel and fuel oil among all consumers coming within the classifications named below whether such consumers are buying directly or indirectly from such supplier or secondary supplier. The apportionment shall be made as follows:

(i) Preferential deliveries to persons specified in paragraph (h) hereof entitled to their minimum necessary requirements;

(ii) If at any time any Federal regulatory agency, having jurisdiction with respect thereto, shall issue an order or directive classifying consumers entitled to priority or preference in procurement of motor fuel or fuel oil, then deliveries shall be made so as to permit such persons to receive motor fuel or fuel oil in compliance with such order or directive;

(iii) The balance of the supplies of motor fuel and fuel oil available for distribution by any supplier or secondary supplier shall be delivered in such a manner as to provide for an equitable distribution of such supplies among the remaining customers.

(2) If any secondary supplier is unable to obtain deliveries of motor fuel or fuel oil because his supplier or suppliers has or have completely or substantially discontinued any class of business, then such secondary supplier may file application with the District Director of Marketing for District One of the Petroleum Administration for War. The District Director of Marketing shall, if he finds that the facts warrant the relief requested, designate one or more suppliers to make deliveries to such supplier and the supplier or suppliers so designated shall make such deliveries as directed.

(g) *Inventory restrictions.* No person may deliver or otherwise supply motor fuel or fuel oil to any storage location (other than a refinery or bulk terminal) owned, operated or controlled by such person or by any other person and no person may accept delivery of:

(1) Motor fuel at such a storage location where the amount of motor fuel at such storage location is equal to or exceeds the amount of motor fuel which would normally be withdrawn from such storage location to meet rationed demands during the 10 days next following the date upon which the delivery is made; or

(2) Fuel oil at such a storage location where the amount of fuel oil at such storage location is equal to or exceeds the amount of fuel oil which would normally be withdrawn from such storage location under normal weather conditions to meet rationed demands during the 10 days next following the date upon which the delivery is made:

Provided, (i) That any single delivery of motor fuel or fuel oil by means of a transportation facility generally used in such delivery, which brings the amount of motor fuel or fuel oil at such a storage location to an amount equal to or in excess of the foregoing amounts, may be completed, and (ii) that nothing in this paragraph shall be deemed to apply to the delivery of motor fuel or fuel oil to any agency referred to in paragraph (h), and (iii) that nothing in this paragraph shall be deemed to apply to the delivery of motor fuel to any retail filling station or to the delivery of fuel oil to any private dwelling (as defined in Ration Order No. 11, as amended, issued by the Office of Price Administration).

(h) *Preferential deliveries.* Each supplier shall, in making any withdrawal or delivery of motor fuel or fuel oil, give preference to the requirements of the Army and the Navy of the United States, the Coast Guard, the War Shipping Administration, the United States Maritime Commission, and the Office of Lend-Lease Administration; and any supplier shall, upon demand by any one of the said agencies, withdraw and deliver to such agency any part or all of such supplier's undelivered quota.

(i) *Application for authorization.* Each supplier seeking authorization to withdraw or deliver motor fuel or fuel oil pursuant to paragraph (b) (1) (iii) hereof, shall apply in writing to the Petroleum Administrator for War, setting forth the pertinent facts and the reasons he considers such withdrawal or delivery to be necessary in the public interest.

(j) *Records.* All suppliers affected by this order shall keep and preserve for not less than two years accurate and complete records concerning withdrawals and deliveries by such suppliers from bulk terminals and refineries.

(k) *Reports.* Each supplier to whom this order applies shall file with the Petroleum Administrator for War by the 10th day of the next succeeding month a report for each zone in which such supplier makes any withdrawal or delivery of motor fuel or fuel oil, stating the quantity of motor fuel and fuel oil, broken down by grades, withdrawn or delivered by him from any bulk terminal or refinery in each zone during any month.

(l) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: The District Director in Charge, Petroleum Administration for War, 122 East 42nd Street, New York, New York, Ref: PAO 1.

(m) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter, in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(n) *Violations.* Any person who wilfully violates any provision of this order, or who, by any act or omission, falsifies records kept or information furnished in connection with this order is guilty of a crime and upon conviction may be punished by fine or imprisonment.

Any person who wilfully violates any provision of this order may be prohibited from delivering or receiving any material under priority control, or such other action may be taken as is deemed appropriate.

(o) *Applicability of quota restrictions.* Paragraphs (b), (d), (e), and (f) shall apply only during the periods in which any quota or quotas are in effect and only to the particular product or products for which quotas have been established for such periods.

(E.O. 9276, 7 F.R. 10091; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of February 1943.

R. K. DAVIES,
Acting Petroleum Administrator for War.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1850]

DISTRICT BOARD 1

ORDER GRANTING TEMPORARY RELIEF

In the matter of the petition of District Board No. 1 for the establishment of temporary price classifications and minimum prices for Mine Index No. 3607.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, has been duly filed with this Division by the above-named party, requesting the temporary establishment of an "H" classification in Size Groups 3 and 4 for approximately 19,600 tons of coal presently uncovered at the Strip Operation of Tartan Mine #3, Mine Index No. 3607, of Tartan Coal Mining Company, located in the D Seam of Subdistrict 5 of District No. 1.

It appears that an order was issued October 16, 1942 in Docket No. A-1686, which temporarily established for Mine Index No. 3607 a price classification of "H" in Size Groups 3 and 4 for approximately 20,000 tons of coal, which is of poorer quality than coal normally mined from D Seam in Subdistrict 5 of District No. 1, when sold for lake cargo shipment during the 1942 lake season and that although this temporary relief was in effect for a little more than six weeks, only approximately 400 tons of coal were shipped pursuant to such order, because of mining difficulties.

Petitioner further alleges that the Tartan Coal Mining Company, owner of Mine Index No. 3607 has secured a purchaser for the remainder of the poorer quality coal, namely the Walkover Coal Company Ltd., Toronto, Canada, and petitioner requests the same temporary relief as granted in Docket No. A-1686, be made applicable through May 31, 1943 for all-rail movement to Toronto, Canada for approximately 19,600 tons of this coal.

It appears that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth, that no petition of intervention has been filed with the Division in the above-entitled matter, and that the following action is necessary in order to effectuate the purposes of the Act.

Now, therefore, It is ordered, That temporary relief be granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 1 for All Shipments Except Truck is supplemented to include the price classifications of "H" in Size Groups 3 and 4 for approximately 19,600 tons of coal of the Tartan #3 Mine, Mine Index No. 3607 which is of poorer quality than coal normally mined from the D Seam in Subdistrict 5 of District No. 1 when sold for all-rail shipment to the Walkover Coal Company Ltd. of Toronto, Canada.

It is further ordered, That the relief herein granted shall be terminated upon the completion of the shipment of 19,600 tons of coal pursuant to this order, and in no event later than May 31, 1943.

It is further ordered, That the Tartan Coal Mining Company shall file with the Division not later than the 5th of the month following the month of shipment statements indicating the tonnage shipped pursuant to the temporary relief established in this order and that the invoices for said coal shall indicate that said coal is of substandard and poorer quality than coal normally mined from the "D" seam of subdistrict 5 of District No. 1, and that it has been priced pursuant to the price established therefor in Docket No. A-1850.

It is further ordered, That the producer shall notify the Division if the sale referred to herein is completed before May 31, 1943.

It is further ordered, That the order granting temporary relief herein shall be subject to further order of the Division.

Dated: January 30, 1943.

[Docket No. 4860]

J. A. FOLGER AND CO.

ORDER APPOINTING TRIAL EXAMINER

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 1st day of February, A. D. 1943.

Order appointing trial examiner and fixing time and place for taking testimony.

This matter being at issue and ready for the taking of testimony, and pursuant to authority vested in the Federal Trade Commission, under an Act of Congress (38 Stat. 717; 15 U.S.C.A., section 41),

It is ordered, That J. Earl Cox, a trial examiner of this Commission, be and he hereby is designated and appointed to take testimony and receive evidence in this proceeding and to perform all other duties authorized by law;

It is further ordered, That the taking of testimony in this proceeding begin on Saturday, March 13, 1943, at ten o'clock in the forenoon of that day (Central Standard Time), Parlor A, Muehlebach Hotel, Kansas City, Missouri.

Upon completion of testimony for the Federal Trade Commission, the trial examiner is directed to proceed immediately to take testimony and evidence on behalf of the respondent. The trial examiner will then close the case and make his report upon the evidence.

By the Commission.

GULF GAS STATION, BUFFALO, N. Y.

ORDER RESTRICTING TRANSACTIONS

Bruno Luczak, doing business as Gulf Gas Station, 744 Genesee Street, Buffalo, New York, hereinafter called respondent was duly served with a notice of charges of violations of Ration Order No. 5A, Gasoline Rationing Regulations, issued by the Office of Price Administration. Pursuant to the notice a hearing upon the charges was held in Buffalo, New York, on December 4, 1942. There appeared a representative of the Office of Price Administration and respondent. The evidence pertaining to the charges was presented before an authorized presiding officer. The matter having been considered by the Deputy Administrator in Charge of Rationing, it is hereby determined that:

(a) Respondent Bruno Luczak is a dealer in gasoline and operates a filling station known as Gulf Gas Station at 744 Genesee Street, Buffalo, New York.

(b) Respondent has violated Ration Order No. 5A, Gasoline Rationing Regulations, in that on various occasions between August 22, 1942, and November 16, 1942, respondent transferred gasoline, for which he received a price in excess of his regularly established price, to consumers and into the fuel tanks of motor vehicles without receiving in exchange therefor any gasoline ration coupons. Such transfers were not within any of the classes of transfers permitted by Ration Order No. 5A, Gasoline Rationing Regulations, to be made without the exchange of gasoline rationing coupons.

Because of the great scarcity and critical importance of gasoline in New York respondent's violations of Ration Order No. 5A, Gasoline Rationing Regulations, have resulted in the diversion of gasoline from military and essential civilian uses into non-essential uses, in a manner contrary to the public interest and detrimental to the national war effort. It appears to the Deputy Administrator in Charge of Rationing that further violations by respondent are likely unless appropriate administrative action is taken; *It is therefore ordered:*

(c) During the period in which this Suspension Order No. 205 shall be in effect,

(1) Respondent shall not accept any deliveries or transfers of, or in any manner directly or indirectly receive from any source any gasoline for resale.

(2) Respondent shall not transfer or deliver or otherwise trade or deal in gasoline.

(3) No person shall in any manner, directly or indirectly transfer or deliver any gasoline to respondent for resale.

(d) Any terms used in this Suspension Order No. 205 that are defined in Ration Order No. 5A, Gasoline Rationing Regulations, shall have the meaning therein given them.

(e) This Suspension Order No. 205 shall become effective 12:01 a. m. February 5, 1943 and shall remain in effect thereafter until further order of the Deputy Administrator in Charge of Rationing, but not later than December 31, 1944.

(Pub. Law 421, 77th Cong.; sec. 2 (a) of Pub. Law 671, 76th Cong.; as amended by Pub. Laws 89 and 507, 77th Cong.; E.O. 9125 (7 F.R. 2719); WPB Directive No. 1 (7 F.R. 562); Supplementary Directive 1Q (7 F.R. 9121))

Issued this 1st day of February 1943.

[Suspension Order 207]

CHESTER GOEBEL

ORDER RESTRICTING TRANSACTIONS

Chester Goebel, 1801 T Street NW., Washington, D. C., hereinafter called respondent, was duly served with a notice of charges of violations of Ration Order No. 5A, Gasoline Rationing Regulations, issued by the Office of Price Administration. Pursuant to the notice, a hearing upon such charges was held in Washington, D. C., on November 25, 1942. There appeared a representative of the Office of Price Administration and respondent. The evidence pertaining to such charges was presented before an authorized presiding officer. Such evidence having been considered by the Deputy Administrator in Charge of Rationing, it is hereby determined that:

(a) Respondent is a dealer in gasoline and operates a filling station known as Goebel's Esso Station at 1801 T Street NW., Washington, D. C.

(b) Respondent has violated Ration Order No. 5A, Gasoline Rationing Regulations, (§ 1394.1503) in that on November 14, 1942, respondent transferred eight (8) gallons of gasoline to a consumer and into the fuel tank of a motor vehicle upon which no sticker was displayed in exchange for two coupons that had been detached before the transfer from a coupon book that was not issued for the vehicle into which the transfer was made.

Because of the great scarcity and critical importance of gasoline in Washington, D. C. respondent's violations of Ration Order No. 5A, Gasoline Rationing Regulations, have resulted in the diversion of gasoline from military and essential civilian uses into non-essential uses, in a manner contrary to the public interest and detrimental to the national war effort. It appears to the Deputy Administrator in Charge of Rationing that further violations by respondent are likely unless appropriate administrative action is taken, *It is therefore ordered:*

(c) During the period in which this Suspension Order No. 207 shall be in effect,

(1) Respondent shall not accept any deliveries or transfers of or in any manner directly or indirectly receive from any source any gasoline for resale.

(2) Respondent shall not transfer or deliver or otherwise trade or deal in gasoline.

(3) No person shall in any manner directly or indirectly transfer or deliver any gasoline to respondent for resale.

(d) Any terms used in this Suspension Order No. 207 that are defined in Ration Order No. 5A, Gasoline Rationing Regulations, shall have the meaning therein given them.

(e) This Suspension Order No. 207 shall become effective 12:01 a. m. February 5, 1943, and unless sooner terminated shall expire 12:01 a. m., February 20, 1943

(Pub. Law 421, 77th Cong.; sec. 2 (a) of Pub. Law. 671, 76th Cong.; as amended by Pub. Laws 89 and 507, 77th Cong.; E.O. 9125 (7 F.R. 2719); WPB Directive No. 1 (7 F.R. 562); Supp. Dir. No. 1H (7 F.R. 3478, 3877, 5216); Supp. Dir. No. 1Q (7 F.R. 9121))

Issued the 1st day of February 1943.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 54-51]

NATIONAL POWER & LIGHT COMPANY

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 30th day of January, A. D. 1943.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by National Power & Light Company, a registered holding company and a subsidiary of Electric Bond and Share Company, likewise a registered holding company. All interested persons are referred to said document, which is on file in the office of this Commission, for a statement of the transaction therein proposed, which are summarized as follows:

National Power & Light Company proposes to sell its entire interest in West Tennessee Gas Company, a Florida corporation, to Equitable Securities Corporation, a Tennessee corporation, for a cash consideration of $712,500, plus interest thereon at the rate of 3% per annum from June 30, 1942, to the date of closing. National Power & Light Company states that Equitable Securities Corporation is not an affiliate of West Tennessee Gas Company and of any other public utility holding company, and will not by virtue of such acquisition become an affiliate of any public utility company other than West Tennessee Gas Company.

West Tennessee Gas Company owns and operates a natural gas distribution system in Jackson, Tennessee, and five adjacent communities. Its outstanding securities, all of which are owned by National Power & Light Company, consist of a 6% Note dated November 25, 1935, due on or before November 25, 1940, in the principal amount of $565,000 and 100,000 shares of capital stock without nominal or par value.

National Power & Light Company states that the proposed transaction is a step in compliance with the Order of the Commission dated August 23, 1941, issued pursuant to the provisions of section 11 (b) (2) of the Act, requiring the liquidation and dissolution of National Power & Light Company. Request is made that the order of the Commission to be entered herein (a) recite that the sale and transfer aforesaid is necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935, and (b) specify and itemize the securities to be sold and transferred.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matters, and that said declaration shall not become effective and said application shall not be granted except pursuant to further order of this Commission:

It is ordered, That a hearing on such matters under the applicable provisions of the Public Utility Holding Company Act of 1935 and the rules thereunder to be held on February 15th, 1943, at 10:00 A. M., E. W. T., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as may be designated on such date by the hearing room clerk. All persons desiring to be heard or otherwise wishing to participate in the proceedings, shall notify the Commission in the manner provided by Rule XVII of the Commission's Rules of Practice, on or before February 10th, 1943.

It is further ordered, That, without limiting the scope of the issues presented by said declaration or application, particular attention will be directed at the hearing to the following matters and questions:

1. Whether competitive conditions have been maintained in the proposed transactions, and whether the consideration to be received is fair and reasonable.

2. The propriety of the proposed accounting treatment of the transactions on the books of National Power & Light Company.

3. Whether the action proposed to be taken is necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935, and constitutes a step in compliance with the Order of the Commission dated August 23, 1941 issued pursuant to the provisions of section 11 (b) (2) of the Act, requiring the liquidation and dissolution of National Power & Light Company.

4. Whether it is necessary or appropriate to impose terms or conditions in the public interest or for the protection of investors.

It is further ordered, That Richard Townsend or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing above ordered. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That the Secretary of the Commission shall serve notice of the entry of this order by mailing a copy thereof by registered mail to National Power & Light Company and Equitable Securities Corporation, and that notice shall be given to all other persons by publication thereof in the FEDERAL REGISTER.

By the Commission.

TOBACCO PRODUCTS EXPORT CORP.

ORDER DENYING APPLICATION FOR EXCEPTION AND GRANTING PARTIAL EXEMPTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 30th day of January, A.D. 1943.

Tobacco Products Export Corporation has applied for an order under section 3 (b) (2) of the Investment Company Act of 1940 and in the alternative under section 6 (c) of said Act.

Hearings have been held, briefs filed and oral argument heard. The Commission has considered the matter, is advised in the premises, as more fully set forth in its opinion in this matter this day issued, and on the basis of said findings and opinion

It is ordered, That the application for an order under section 3 (b) (2) of the said Act be, and the same hereby is, denied; and

It is further ordered, That the application for an exemption from the provisions of the said Act pursuant to section 6 (c) thereof be, and the same hereby is, denied, except that Tobacco Products Export Corporation be, and it hereby is, exempted from the provisions of section 8 (b) of the said Act, and partially exempted from the requirements of subsections (b) and (d) of section 30 of the said Act to the extent that it need not issue or file the reports and statements required by those subsections more often than annually; and provided further that the Commission reserves jurisdiction to reconsider at any time the partial exemption herein granted, and to make appropriate amendments therein, after notice and opportunity for hearing if such action shall be warranted by changed circumstances.

By the Commission.

PART 1401—DAIRY PRODUCTS

CREAM

Reissuance of Conservation Order M-259, as amended, issued by War Production Board.

Pursuant to the authority vested in me by Executive Order No. 9280, dated December 5, 1942, and to assure an adequate supply and efficient distribution of dairy products to meet war and essential civilian needs, *It is hereby ordered*, As follows:

§ 1401.13 *Restrictions with respect to cream*—(a) *Definitions.* When used in this order, unless otherwise distinctly expressed or manifestly incompatible with the intent thereof:

(1) The term "producer" means any person who is engaged in the business of (i) pasteurizing milk or cream, (ii) producing dairy products, for sale, by processing milk or cream in a plant not located on a farm where the milk was produced, (iii) bottling raw or pasteurized cream in glass or paper containers, or (iv) selling milk in bulk containers to hotels, institutions, or restaurants: *Provided, however*, That a farmer or ranch or herd owner who delivered an average of less than one gallon of cream per day in the three calendar months next preceding November 25, 1942, shall not be deemed to be a producer within the meaning of this order, until the deliveries of cream by such person exceed one gallon per day in any calendar month.

(2) The term "milk" means the liquid milk of cows.

(3) The term "cream" means the class of foods defined (5 F.R. 2443) by Federal Security Agency in Title 21, Code of Federal Regulations, §§ 18.500–18.515; and this term includes light cream, coffee cream, table cream, whipping cream, heavy cream, and all cream by whatever name known.

(4) The term "milk fat content" shall be determined as prescribed (5 F.R. 2443) by the Federal Security Agency in Title 21, Code of Federal Regulations, § 18.500.

(5) The term "Conservation Order M–259" means the order (7 F.R. 9811) issued by Ernest Kanzler, Director General of Operations, on November 25, 1942, as amended, with respect to cream, and designated as Conservation Order M–259, as amended.

(b) *Restrictions on producers.* No producer may deliver cream having a milk fat content in excess of 19 percent except to another producer.

(c) *Exceptions.* Notwithstanding the provisions in (b) hereof, in any State in which by law or administrative regulation in force on November 25, 1942, the milk fat content of cream of minimum milk fat content is required to exceed 18 percent, a producer may deliver to any person cream having a milk fat content not exceeding by more than 1 percent the minimum required by such State law or administrative regulation effective on November 25, 1942, as aforesaid. In addition, a producer may deliver to or for any person or medical institution cream of such milk fat content and in such quantities as may be necessary for supervised medical treatment of the person or the institution's patients: *Provided*, That the producer is supplied with a written statement from the person's physician or, in the case of a medical institution, from a responsible official thereof, specifying the milk fat content and the daily quantity of cream required, and certifying as to the necessity of such cream for supervised medical treatment.

(d) *Records and reports.* Each person subject to the provisions of Conservation Order M–259 or the provisions hereof shall maintain such records for at least two years, or for such other period of time as the Director may designate, and shall execute and file such reports and submit such information as the Director may from time to time request or direct, and such reports and information shall be submitted within such periods of time as may be prescribed by the Director.

(e) *Petition for relief from hardship.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship on him may petition in writing for relief, and such petition shall be submitted to the Director and shall set forth all pertinent facts and the nature of the relief sought. The Director may thereupon take such action as he deems appropriate, and such decision by the Director shall be final.

(f) *Communications.* All reports required to be filed hereunder and all communications concerning said Conservation Order M–259, as hereby amended or superseded, shall, unless otherwise directed by the Director, be addressed to: Dairy and Poultry Branch, Food Distribution Administration, United States Department of Agriculture, Washington, D. C. Ref.: FD–13.

(g) *Delegation of authority.* The Director is hereby designated to administer the provisions hereof.

(h) *Violations.* Any person who wilfully violates any provision of this order or who, by any act or omission, falsifies records to be kept or information to be furnished, pursuant to this order, or wilfully conceals a material fact, in connection with this order, concerning a matter within the jurisdiction of any department or agency of the United States may be prohibited from receiving or making further deliveries of any material subject to allocation; and such further action may be taken against any such person as the Director deems appropriate, including recommendations for prosecution under section 35a of the Criminal Code (18 U.S.C. 1940 ed. 80), under Paragraph 5 of section 301 of Title III of the Second War Powers Act, and under any and all other applicable laws.

(i) *Conservation Order M–259 hereby superseded.* This order supersedes, except in the respects stated herein, Conservation Order M–259, but with respect to violations of said Conservation Order M–259 or rights accrued, liabilities incurred, or appeals taken under said Conservation Order M–259 prior to the effective date hereof, said Conservation Order M–259 shall be deemed to be in full force and effect for the purpose of sustaining any proper suit, action, or other proceeding with respect to any such violation, right, or liability. Any appeal pending under said Conservation Order M–259 shall be considered under the provisions of paragraph (e) hereof.

(j) *Effective date.* This order shall be effective as of 12:01 a. m., e. w. t., February 3, 1943.

(E.O. 9280; 7 F.R. 10179)

Issued this 2d day of February 1943.

TITLE 10—ARMY: WAR DEPARTMENT

Chapter V—Military Reservations and National Cemeteries

PART 55—MOTION PICTURES SERVICE

UNITED STATES ARMY MOTION PICTURE SERVICE

Sections 55.1, 55.3, 55.4 and 55.8 (b) (1) are hereby amended as follows:

These regulations are also contained in AR 210–390, July 10, 1942, as amended by C 3 November 1, 1942, the particular paragraphs being shown in brackets at end of sections.

§ 55.1 *Name and object.* The United States Army Motion Picture Service, a self-supporting organization operating directly under the Chief of Special Service, was organized and is operated for the purpose of furnishing amusement and recreation through the medium of motion pictures for the enlisted men and other Army personnel at posts, camps, and stations in the forty-eight States, the Territory of Alaska, and at Army bases in Newfoundland, Bermuda, and the Trinidad Sector of the Caribbean Defense Command. The theater facilities of this service have been designed and are intended primarily for the execution of this mission, and all other considerations are secondary and subordinate to this objective. [Par. 1]

§ 55.3 *Facilities and material; supplied by United States Army Motion Picture Service.* The United States Army Motion Picture Service supplies films, advertising matter, the services of engineers, necessary motion picture equipment, and repair parts for sound and projection equipment. Expendable supplies and repair parts for all motion picture equipment are purchased in quantity under contract. Local purchase of material of this character will be made only when authorized by the Chief of Special Service, or in an emergency by the district office concerned or by a United States Army Motion Picture Service engineer. [Par. 7a]

§ 55.4 *Admission charge.* The charge for admission for officers and enlisted men and their families and for civilians who are residents of the post will be as announced by the War Department from time to time. Children 14 years and over will be charged the adult admission rate; children under 14 will be charged the children's rate except that if considered advisable by the commanding officer and the seating capacity of the theater permits, children under 6 years of age may be admitted free of charge. [Par. 8]

§ 55.8 *Coupon books.* * * *

(b) *Use*—(1) *Value of coupons; where valid.* Each coupon in the book is good for its face value on the admission charge to any motion picture shown by the United States Army Motion Picture Service in any War Department Theater in the continental limits of the United States, Alaska, Newfoundland, Bermuda, and the Trinidad Sector of the Caribbean Defense Command. Chapter VIII—Procurement and Disposal of Equipment and Supplies

PART 83—DISPOSITION OF SURPLUS AND UNSERVICEABLE PROPERTY

AUTHORIZED METHODS OF SALE, ETC.

Sections 83.4, 83.5, and 83.8 are amended and § 83.6 is rescinded, as follows:

These regulations are also contained in Army Regulations 30–2145, September 2, 1942, as amended by C 1 January 8, 1943, the particular paragraphs being shown in brackets at the end of sections.

§ 83.4 *Authorized methods of sale*—(a) *General.* Sale will be made by either of the following methods:

(1) By negotiation.

(2) By auction.

(b) *Sales by negotiation.* (1) The term "negotiated sale" as used in these regulations includes sales made by any method except by award to the highest responsible bidder after the issuance of a formal invitation for sealed bids with a provision therein for a public opening of the bids at a stated time and place. Negotiated sales will be made by securing informal written bids from a large or small number of bidders, or by securing bids by telephone or oral negotiations. When such informal bids are requested, the request therefor will clearly indicate that the sale will be made under the authority of the First War Powers Act, 1941 (55 Stat. 838) and Executive Order No. 9001, December 27, 1941 (sec. III, Bull. No. 41, W.D. 1941).

(2) Sales by negotiation will be made by written invitation for informal bids unless specific authority for other procedure has been obtained from The Quartermaster General.

(c) *Sales by auction.* Sales by auction will be held only on specific authorization of The Quartermaster General.

(d) *Bids from certain persons prohibited.* On all sales of Government-owned property, all officials and employees of the War Department, and all officers, enlisted men, and civilian employees of the Army will be excluded from the field of bidders, and bids from any of said persons will not be considered or accepted. [Par. 21]

§ 83.5 *Invitation for bids*—(a) *Deposit to guarantee fulfillment.* Invitation for bids will specify that at least 20 percent of the entire amount of the bid, in the form of a certified check drawn in favor of the Treasurer of the United States, bond, or legal tender will accompany the bid as a guaranty of fulfillment. The provisions of this paragraph may be waived in special cases by The Quartermaster General.

(b) *Alteration or modification of terms.* Invitation for bids will specify that no alterations or modifications of the terms of purchase will be permitted.

(c) *Terms, time, and place of delivery.* Invitation for bids will state terms and time of delivery and will specify whether the material is to be sold on the ground or f. o. b. cars.

(d) *Weights.* A ton will be understood to be 2,000 pounds. The term "cwt" will not be used. When material is sold by weight, the proposal will specify "per pound," "per 100 pounds" or "per ton of 2,000 pounds." [Par. 23]

§ 83.6 [Rescinded.]

§ 83.8 *Disposition of deposits.* The deposit of the successful bidder will be turned over to the local disbursing officer who will receipt therefor and who will deposit it in a special deposit account until the transaction is completed, when the amount of the deposit will be credited to the last payment. Deposits of unsuccessful bidders will be returned when the award is made. [Par. 26]

Chapter I—Federal Trade Commission

[Docket No. 4604]

PART 3—DIGEST OF CEASE AND DESIST ORDERS

ALFRED KOHLBERG, INC.

§ 3.6 (cc) *Advertising falsely or misleadingly—Source or origin—Place—*

Foreign, in general; § 3.66 (k) *Misbranding or mislabeling—Source or origin—Place—Foreign, in general.* Using, in connection with offer, etc., in commerce, of respondent's laces and lace products, the word "Tuscany", "Binche", "Cluny", "Venise", or "Valenciennes", or any other word descriptive or indicative of laces made in the lace-producing countries of Europe, to designate or describe laces or lace products not made in such countries, prohibited; subject to the provision, however, that if the lace involved is of the same type as the lace produced in such countries, such descriptive word may be used if immediately followed by the word "Type", or some other word of similar import, in letters of at least equal size and conspicuousness, and if there also appear in connection with such description other words clearly and conspicuously disclosing the country of origin of such lace—as, for example: "Tuscany Type Made in China". (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Alfred Kohlberg, Inc., Docket 4604, January 26, 1943]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 26th day of January, A. D. 1943

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of respondent, testimony and other evidence in support of and in opposition to the allegations of the complaint taken before trial examiners of the Commission thereto duly designated by it, report of the trial examiners upon the evidence, and brief in support of the complaint (no brief having been filed by respondent and oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act.

It is ordered, That the respondent, Alfred Kohlberg, Inc., a corporation, and its officers, agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of respondent's laces and lace products in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

Using the word "Tuscany," "Binche," "Cluny," "Venise," or "Valenciennes," or any other word descriptive or indicative of laces made in the lace-producing countries of Europe, to designate or describe laces or lace products not made in such countries: *Provided, however*, That if the lace involved is of the same type as the lace produced in such countries, such descriptive word may be used if immediately followed by the word "Type," or some other word of similar import, in letters of at least equal size and conspicuousness, and if there also appear in connection with such description other words clearly and conspicuously disclosing the country of origin of such lace—as, for example:

Tuscany Type, Made in China

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

TITLE 26—INTERNAL REVENUE

Chapter I—Bureau of Internal Revenue

Subchapter A—Income and Excess Profits Tax

[T.D. 5220]

PART 19—INCOME TAX UNDER THE INTERNAL REVENUE CODE

COMPENSATION FOR PERSONAL SERVICES

Regulations 103 amended to conform to section 139 of the Revenue Act of 1942, relating to taxation of compensation for personal services rendered for a period of 36 months or more.

In order to conform Regulations 103 (Part 19, Title 26, Code of Federal Regulations, 1940 Sup.) to section 139 of the Revenue Act of 1942 (Public Law 753, 77th Congress), such regulations are amended as follows:

PARAGRAPH 1. The following is inserted immediately preceding § 19.107–1:

SEC. 139. COMPENSATION FOR SERVICES RENDERED FOR A PERIOD OF THIRTY-SIX MONTHS OR MORE. (Revenue Act of 1942, Title I)

(a) Section 107 is amended to read as follows:

SEC. 107. COMPENSATION FOR SERVICES RENDERED FOR A PERIOD OF THIRTY-SIX MONTHS OR MORE.

(a) *Personal services.* If at least 80 per centum of the total compensation for personal services covering a period of thirty-six calendar months or more (from the beginning to the completion of such services) is received or accrued in one taxable year by an individual or a partnership, the tax attributable to any part thereof which is included in the gross income of any individual shall not be greater than the aggregate of the taxes attributable to such part had it been included in the gross income of such individual ratably over that part of the period which precedes the date of such receipt or accrual.

(b) *Patent, copyright, etc.* For the purposes of this subsection, the term "artistic work or invention", in the case of an individual, means a literary, musical, or artistic composition of such individual or a patent or copyright covering an invention of or a literary, musical, or artistic composition of such individual, the work on which by such individual covered a period of thirty-six calendar months or more from the beginning to the completion of such composition or invention. If, in the taxable year, the gross income of any individual from a particular artistic work or invention by him is not less than 80 per centum of the gross income in respect of such artistic work or invention in the taxable year plus the gross income therefrom in previous taxable years and the twelve months immediately succeeding the close of the taxable year, the tax attributable to the part of such gross income of the taxable year which is not taxable as a gain from the sale or exchange of a capital asset held for more than 6 months shall not be greater than the aggregate of the taxes attributable to such part had it been received ratably over that part of the period preceding the close of the taxable year but not more than thirty-six calendar months.

(c) *Fractional parts of a month.* For the purposes of this section a fractional part of a month shall be disregarded unless it amounts to more than half a month in which case it shall be considered as a month.

(b) The amendment made by subsection (a) shall be applicable to taxable years beginning after December 31, 1940, but with respect to a taxable year beginning after December 31, 1940, and not beginning after December 31, 1941, the period specified in such subsection shall be sixty months in lieu of thirty-six months, and the percentage specified in such subsection shall be 75 per centum in lieu of 80 per centum.

PAR. 2. Section 19.107–1 is amended as follows:

(A) By striking out the heading and first word of the first sentence and inserting in lieu thereof the following:

§ 19.107–1 *Tax on compensation received in taxable years beginning in 1939 and 1940 for personal services rendered over extended period.* Where, in any taxable year beginning after December 31, 1938, and before January 1, 1941, * * *

(B) By striking out the first sentence of the second paragraph and inserting in lieu thereof the following:

With respect to compensation received in taxable years beginning after December 31, 1938, and before January 1, 1941, section 107 is applicable only where at least 95 percent of the total compensation for such services is paid on or after their completion.

PAR. 3. There is inserted immediately after § 19.107–1 the following new sections:

§ 19.107–2 *Tax on compensation received in taxable years beginning after December 31, 1940, for personal services rendered over extended period—(a) Taxable years beginning after December 31, 1941.* Section 107 (a), as amended by section 139 of the Revenue Act of 1942, provides that, with respect to taxable years beginning after December 31, 1941, if at least 80 percent of the total compensation for personal services covering a period of 36 calendar months or more (from the beginning to the completion of such services) is received or accrued in one taxable year by an individual or a partnership, then the tax attributable to any part of such amount which is included in the gross income of any individual shall not be greater than the aggregate of the taxes attributable to such part had such part been included in the gross income of such individual ratably over that part of the period of service which precedes the date of such receipt or accrual. Thus, for example, if an individual who makes his returns on a calendar year basis and on the basis of cash receipts and disbursements commences personal services on February 17, 1942, and completes them on July 1, 1945, and is paid $8,000 for such services on the completion date, he is entitled to the benefits of section 107 (a); *Provided*, The $8,000 is at least 80 percent of the total compensation paid or to be paid to such individual for such services; and the tax attributable to the $8,000 received in 1945 and included in the individual's gross income for such year shall not be greater than the tax attributable to such amount, had it been received ratably over the calendar months included in the period from February 17, 1942, to July 1, 1945. However, if such individual receives an additional $5,000 in 1946 for such services, he is not entitled to the benefits of section 107 (a) with respect to either the $8,000 or the $5,000, for the reason that he does not receive in one taxable year at least 80 percent of the total compensation for such services. Also, for example, if an individual who makes his returns on the calendar year basis and on the basis of cash receipts and disbursements commences personal services on March 3, 1940, and completes them on August 22, 1943, and is paid a total compensation of $10,000 for such services on July 5, 1942, he is entitled to the benefits of section 107 (a); and the tax attributable to the $10,000 received in 1942 and included in such individual's gross income for such year shall not be greater than the tax attributable to such amount, had it been received ratably over the calendar months included in the period from March 3, 1940, to July 5, 1942, the date on which the $10,000 was received. However, if such individual receives an additional $7,000 for such services on May 1, 1943, he is not entitled to the benefits of section 107 (a) for the reason that he does not receive in one taxable year at least 80 percent of the total compensation for such services.

It is immaterial when the personal services are rendered provided at least 36 calendar months elapse from the beginning to the completion of the services. For the purposes of this section, a fractional part of a month is to be disregarded unless it amounts to more than half a month, in which case it is to be considered as a month.

It is not necessary, in order for section 107 (a) to be applicable, that the individual who includes in his gross income compensation for such personal services be the person who renders the services. For example, a partner who shares in the compensation for such personal services rendered by the partnership may be entitled to the benefits of section 107 (a), notwithstanding that he took no part in the rendering of such services.

The first step in determining whether the limitation in section 107 (a) relative to the amount of tax is applicable is the computation of the amount of tax in the current taxable year attributable to that part of the compensation which is included in the gross income of the taxpayer for such year. The tax attributable to such compensation is the difference between the tax for such taxable year computed with the inclusion of such compensation in gross income and the tax for such taxable year computed without including such compensation in gross income.

The next step is to compute the tax attributable to such compensation in each of the taxable years (including the current taxable year) within which falls one or more calendar months included in the part of the period of service which precedes the date such compensation is received or accrued, as if the compensation had been received or accrued in equal portions in each of such calendar months. For what constitutes a taxable year, see section 48 (a). The amount of the tax attributable to such compensation in each such taxable year is the difference between the tax for such year computed with the inclusion of an allocable portion of such compensation in gross income and the tax for such year computed without including any part of such compensation in gross income. The portion of the compensation allocable to each such taxable year is an amount equal to the entire amount of such compensation received or accrued in the current taxable year, divided by the entire number of calendar months included within the part of the period of service which precedes the date such compensation is received or accrued, and multiplied by the number of such calendar months falling within the particular taxable year.

The tax for the current taxable year shall be the tax for such year computed without including the compensation for personal services in gross income, plus (1) the amount of tax for such taxable year attributable to such compensation (computed in accordance with the second preceding paragraph) or (2) the sum of the taxes attributable to such compensation had it been received in equal portions in each of the calendar months included within the part of the period of service which precedes the date such compensation is received or accrued (computed in accordance with the preceding paragraph), whichever is the smaller.

The method of allocating compensation for personal services to the taxable years in which falls any of the calendar months included within the part of the period of service which precedes the date such compensation is received may be illustrated by the following examples, in each of which the taxpayer makes his return on the cash receipts and disbursements basis:

Example (1). On November 1, 1942, A, an individual, who makes his income tax returns on a calendar year basis, receives $40,000, the entire compensation for the performance of personal services covering a 40-month period beginning on June 1, 1939, and ending on September 30, 1942. For the purpose of determining whether the aggregate of the taxes attributable to the $40,000 compensation, had it been received in equal portions in each of the calendar months included within the part of the period of service which precedes the date the compensation is received (in this case the entire period of service), is less than the tax attributable to such compensation in the taxable year 1942, $1,000 ($40,000 divided by 40) must be allocated to each of the calendar months included within the period of service. Thus, $7,000 is allocated to 1939, $12,000 to 1940, $12,000 to 1941, and $9,000 to 1942 (the current taxable year).

Example (2). Assume the same facts as in example (1) except that A makes his income tax returns on the basis of the fiscal year July 1 to June 30. The $40,000 is allocated as follows: $1,000 to the taxable year ended June 30, 1939, $12,000 each to the taxable years ended June 30, 1940, June 30, 1941, and June 30, 1942, and $3,000 to the taxable year ending June 30, 1943 (the current taxable year).

Example (3). Assume the same facts as in example (1) except that A receives the $40,000 on February 1, 1942 (before completion of the services), instead of November 1, 1942. There are 32 calendar months included within the part of the period of service which precedes the date the compensation is received. Accordingly, $1,250 ($40,000 divided by 32) must be allocated to each of the calendar months included within the period from June 1, 1939, to February 1, 1942. Thus $8,750 is allocated to 1939, $15,000 to 1940, $15,000 to 1941, and $1,250 to 1942 (the current taxable year).

Example (4). B, an individual, who makes his income tax returns on a calendar year basis, renders personal services covering a 40-month period beginning on May 1, 1939, and ending on August 31, 1942. The total compensation for such services is $74,000, of which $34,000 is paid to B on March 1, 1942, and $40,000 on August 31, 1942. Using the method of allocation illustrated in example (1), the $40,000 payment must be allocated to the 40 calendar months included within the entire period of service. Accordingly, with respect to the $40,000 payment, $8,000 is allocated to 1939, $12,000 to 1940, $12,000 to 1941, and $8,000 to 1942 (the current taxable year). Using the method of allocation illustrated in example (3), the $34,000 payment must be allocated to the 34 calendar months included within the part of the period of service which precedes the date such payment is received (March 1, 1942). Accordingly, with respect to the $34,000 payment, $8,000 is allocated to 1939, $12,000 to 1940, $12,000 to 1941, and $2,000 to 1942 (the current taxable year). The entire compensation of $74,000 will, therefore, be allocated as follows: $16,000 to 1939, $24,000 to 1940, $24,000 to 1941, and $10,000 to 1942 (the current taxable year).

If an individual, in computing his income tax for a particular taxable year, avails himself of the benefits of section 107 (prior or subsequent to its amendment by section 139 of the Revenue Act of 1942) with respect to compensation received or accrued in such year for personal services, and in a subsequent taxable year receives or accrues compensation for other personal services, all or a part of the period of which services is the same as the period of the services for which he was compensated in the previous taxable year, then he must, in availing himself of the benefits of section 107 for such subsequent taxable year, take into consideration the fact that he has previously allocated compensation to all or a part of the period of service. For example, an individual commences the performance of personal services for A on January 1, 1937, and completes them on December 31, 1941. On December 31, 1941, he receives $60,000 in full compensation therefor. In his return for the calendar year 1941, he allocates $1,000 to each of the 60 calendar months included within the period of service and determines his income tax under the provisions of section 107 (a). He also commences the performance of personal services for B on January 1, 1939, and completes them on December 31, 1942. On December 31, 1942, he receives $48,000 in full compensation therefor. If he wishes to avail himself of the benefits of section 107 (a) in his return for the calendar year 1942, he must, in allocating $1,000 to each of the 48 calendar months included within the period of service and

computing the tax attributable thereto, include in his income for the years 1939, 1940, and 1941, for the purposes of the tentative computation, the amount of $12,000 previously allocated to each of such years in his return for the calendar year 1941.

(b) *Taxable years beginning in 1941.* The provisions of section 107 (a) and § 19.107–2 (a) are applicable with respect to compensation for personal services received or accrued in taxable years beginning after December 31, 1940, and before January 1, 1942, except that the specified period is 60 months in lieu of 36 months and the specified percentage is 75 in lieu of 80.

§ 19.107–3 *Artistic work or invention*—(a) *Taxable years beginning after December 31, 1941.* Section 107 as amended by section 139 of the Revenue Act of 1942, provides in subsection (b) that if, in any taxable year beginning after December 31, 1941, the gross income of an individual from an artistic work or invention of such individual covering a period of 36 calendar months or more (from the beginning to the completion thereof) is not less than 80 percent of the sum of (1) the gross income therefrom in the taxable year, and (2) the gross income therefrom in previous taxable years and in the 12 months following the close of the taxable year, then the tax attributable to such gross income in the taxable year shall not be greater than the aggregate of the taxes attributable thereto had it been received ratably over (1) the part of the period of the work which precedes the close of the taxable year, or (2) a period of 36 calendar months, whichever of such periods is the shorter. That part of the gross income from such artistic work or invention which is taxable as a gain from the sale or exchange of a capital asset held for more than six months is excluded from the benefits of section 107 (b).

For the purposes of this section, the term "artistic work or invention" means a literary, musical, or artistic composition, or a patent or copyright covering an invention or a literary, musical, or artistic composition. Also, for the purposes of this section, a fractional part of a month is to be disregarded unless it amounts to more than half a month, in which case it is to be considered as a month.

The first step in determining whether the limitation in section 107 (b) relative to the amount of tax is applicable is the computation of the amount of tax in the current taxable year attributable to the gross income received or accrued in such year from the artistic work or invention. The tax attributable to such income is the difference between the tax for such taxable year computed with the inclusion in gross income of the gross income from the artistic work or invention and the tax for such taxable year computed without including in gross income the gross income from the artistic work or invention.

The next step is to compute the tax attributable to the gross income from the artistic work or invention in each of the taxable years (including the current taxable year) within which falls one or more of the calendar months included within the part of the period of work which precedes the close of the current taxable year (not, however, exceeding 36 calendar months), as if the gross income from the artistic work or invention had been received or accrued in equal portions in each of such calendar months. For what constitutes a taxable year, see section 48 (a). The amount of tax attributable to gross income in each such taxable year from the artistic work or invention is the difference between the tax for such year computed with the inclusion in gross income of the gross income from the artistic work or invention and the tax for such year computed without including in gross income any part of the gross income from the artistic work or invention. The portion of the gross income from the artistic work or invention allocable to each such taxable year is an amount equal to the entire amount of the gross income from the artistic work or invention received or accrued in the current taxable year, divided by the entire number (not to exceed 36) of calendar months included within the part of the period of work which precedes the close of the current taxable year, and multiplied by the number of such calendar months falling within the particular taxable year.

The tax for the current taxable year shall be the tax for such year computed without including in gross income the gross income from the artistic work or invention, plus whichever of the following is the smaller: (1) the amount of tax for such taxable year attributable to the gross income from the artistic work or invention (computed in accordance with the second preceding paragraph) or (2) the sum of the taxes attributable to the gross income from the artistic work or invention had it been received in equal portions in each of the calendar months (not exceeding 36 calendar months) included within the part of the period of work which precedes the close of the current taxable year (computed in accordance with the preceding paragraph).

The method of allocating the gross income from the artistic work or invention to the taxable years in which falls any of the calendar months (not exceeding 36 calendar months) included within the part of the period of work which precedes the close of the current taxable year may be illustrated by the following examples:

Example (1). On October 1, 1942, A, an individual, who makes his returns on a calendar year basis and on the basis of cash receipts and disbursements, receives $36,000 in full payment for a musical composition, the work on which was commenced by A on July 10, 1938, and completed on January 29, 1943. Although the period of work covers 55 calendar months, allocations may be made to only the last 36 calendar months included within the part of the period of work which precedes the close of 1942 (the current taxable year). Therefore, $1,000 ($36,000 divided by 36) must be allocated to each of the 36 calendar months preceding January 1, 1943. Accordingly, $12,000 is allocated to 1940, $12,000 to 1941, and $12,000 to 1942 (the current taxable year).

Example (2). Assume the same facts as in example (1) except that the period of work was commenced by A on July 1, 1941, and completed on September 1, 1944. Although the period of work covers 38 calendar months, allocations may be made to only the 18 calendar months which are included within the part of the period of work which precedes the close of 1942 (the current taxable year). Therefore, $2,000 ($36,000 divided by 18) must be allocated to each of 18 calendar months preceding January 1, 1943. Accordingly, $12,000 is allocated to 1941, and $24,000 to 1942 (the current taxable year).

The principles set forth in the last paragraph of § 19.107–2 (a), relating to the manner of allocating compensation for personal services to a particular calendar month where an allocation for other such services has previously been made to such month, are also applicable with respect to allocations under section 107 (b).

(b) *Taxable years beginning in 1941.* The provisions of section 107 (b) and § 19.107–3 (a) are applicable with respect to gross income from an artistic work or invention in taxable years beginning after December 31, 1940, and before January 1, 1942, except that the specified period is 60 calendar months in lieu of 36 calendar months and the specified percentage is 75 in lieu of 80.

PART 19—INCOME TAX UNDER THE INTERNAL REVENUE CODE

MISCELLANEOUS AMENDMENTS

Regulations 103 amended to conform to certain sections[1] of the Revenue Act of 1942, and to obviate the necessity in certain cases of using Forms 935 and 936.

In order to conform Regulations 103 (Part 19, Title 26, Code of Federal Regulations, 1940 Sup.) to certain sections of the Revenue Act of 1942 (Public Law 753, 77th Congress), approved October 21, 1942, and to obviate the necessity in certain cases of using Forms 935 and 936, such regulations are amended to read as follows:

PARAGRAPH 1. There is inserted immediately preceding § 19.24–1 the following:

[1] Sec. 105 (d). Credit for adjusted excess-profits net income. Sec. 105 (e) (1). Technical amendment. Sec. 112 (b). United States obligations. Sec. 127 (b). Items not deductible. Sec. 129. Deduction denied if proceeds used to pay for insurance. Sec. 131 (a) (1). Personal exemption; general rule. Sec. 131 (b). Credit for dependents. Sec. 131 (c) (1). Return requirement; general rule. Sec. 136 (a). Declaration on return in lieu of oath.

SEC. 127. DEDUCTION FOR MEDICAL, DENTAL, ETC., EXPENSES. (Revenue Act of 1942, Title I.)

* * * * * *

(b) *Items not deductible.* Section 24 (a) (relating to items not deductible) is amended by striking paragraph 1 and inserting in lieu thereof the following:

(1) Personal, living, or family expenses, except extraordinary medical expenses deductible under section 23 (x);

* * * * *

SEC. 129. DEDUCTION DENIED IF PROCEEDS USED TO PAY FOR INSURANCE. (Revenue Act of 1942, Title I.)

Section 24 (a) (relating to items not deductible) is amended by striking out "or" at the end of paragraph (4), and striking out the period and inserting a semicolon, and at the end of the subsection adding the following new paragraph:

(6) Any amount paid or accrued on indebtedness incurred or continued to purchase a single premium life insurance or endowment contract. For the purposes of this paragraph, if substantially all the premiums on a life insurance or endowment contract are paid within a period of four years from the date on which such contract is purchased, such contract shall be considered a single premium life insurance or endowment contract; or

SEC. 101. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1942, Title I.)

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1941.

PAR. 2. Section 19.24–1 is amended by inserting at the end thereof the following:

* * * For deduction of extraordinary medical expenses (including amounts paid for accident or health insurance), for taxable years beginning after December 31, 1941, see section 23 (x) and § 19.23 (x)–1.

PAR. 3. There is inserted immediately following § 19.24–7 the following:

§ 19.24–8 *Single premium life insurance or endowment contracts.* Amounts paid or accrued on indebtedness incurred or continued, directly or indirectly, to purchase a single premium life insurance or endowment contract are not deductible under section 23 (b) or any other provision of Chapter 1 of the Code. This prohibition applies even though the insurance is not on the life of the taxpayer. A contract shall be considered a single-premium life insurance or endowment contract, for the purposes of this section, if substantially all the premiums on such contracts are paid within a period of four years from the date on which the contract was purchased.

PAR. 4. There is inserted immediately preceding § 19.25–1 the following:

SEC. 112. AMENDMENTS TO CONFORM INTERNAL REVENUE CODE WITH THE PUBLIC DEBT ACT OF 1941. (Revenue Act of 1942, Title I.)

* * * * *

(b) *United States obligations.* Section 25 (a) (1) is amended to read as follows:

(1) *Interest on United States obligations.* The amount received as interest upon obligations of the United States, if such interest is included in gross income under section 22, and if, under the Act authorizing the issue of such obligations, as amended and supplemented, such interest is exempt from normal tax.

(c) The amendments made by this section shall be effective as of March 1, 1941.

SEC. 131. REDUCTION OF PERSONAL EXEMPTION AND CREDIT FOR DEPENDENTS—REQUIREMENT FOR RETURN. (Revenue Act of 1942, Title I.)

(a) *Personal exemption.*

(1) *General rule.* Section 25 (b) (1) (relating to personal exemption) is amended to read as follows:

(1) *Personal exemption.* In the case of a single person or a married person not living with husband or wife, a personal exemption of $500; or in the case of the head of a family or a married person living with husband or wife, a personal exemption of $1,200. A husband and wife living together shall receive but one personal exemption. The amount of such personal exemption shall be $1,200. If such husband and wife make separate returns, the personal exemption may be taken by either or divided between them.

* * * * *

(b) *Credit for dependents.* Section 25 (b) (2) (A) (relating to credit for dependents) is amended by striking out "$400" and inserting in lieu thereof "$350".

* * * * *

SEC. 101. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1942, Title I.)

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1941.

PAR. 5. Section 19.25–3, as amended by Treasury Decision 5086, approved October 10, 1941, is further amended to read as follows:

§ 19.25–3 *Amount of personal exemption allowable.* A single person or a married person not living with husband or wife is entitled to a personal exemption of $500 ($750 for a taxable year beginning after December 31, 1940, and before January 1, 1942, $800 for a taxable year beginning after December 31, 1939, and before January 1, 1941, and $1,000 for a taxable year beginning before January 1, 1940), and the head of a family or a married person living with husband or wife, to $1,200 ($1,500 for a taxable year beginning after December 31, 1940, and before January 1, 1942, $2,000 for a taxable year beginning after December 31, 1939, and before January 1, 1941, and $2,500 for a taxable year beginning before January 1, 1940). A husband and wife living together have but one personal exemption, which is $1,200 ($1,500 for a taxable year beginning after December 31, 1940, and before January 1, 1942, $2,000 for a taxable year beginning after December 31, 1939, and before January 1, 1941, and $2,500 for a taxable year beginning before January 1, 1940). If they make separate returns, each may claim one-half of the personal exemption, or such exemption may, in accordance with an agreement entered into by them, be taken by either or divided between them in any proportion. In respect of a taxable year beginning after December 31, 1940, and before January 1, 1942, if one spouse elects to make a return under Supplement T, the personal exemption of the other spouse shall be $750. However, with respect to years beginning after December 31, 1941, see section 404.

PAR. 6. Section 19.25–6, as amended by Treasury Decision 5086, is further amended as follows:

(A) By striking from the first paragraph thereof "$400" and inserting in lieu thereof the following:

$350 ($400 for a taxable year beginning before January 1, 1942).

(B) By inserting at the end of the first paragraph the following sentence:

For credit for dependents in computing tax under Supplement T see sections 400 and 401.

(C) By inserting at the end of the second paragraph the following sentence:

A payment to a wife or former wife, or to a husband or former husband, which is includible under section 22 (k) or section 171 in the gross income of the wife, former wife, husband, or former husband shall not be considered a payment for the support of any dependent. (See section 3797 (a) (17).)

(D) By striking from the third paragraph wherever occurring therein "$400" and inserting in lieu thereof the following:

$350 ($400 for a taxable year beginning before January 1, 1942)

PAR. 7. Section 19.25–7, as amended by Treasury Decision 5086, is further amened as follows:

(A) By striking out the fourth sentence of the first paragraph and inserting in lieu thereof the following sentences:

In respect of a taxable year beginning after December 31, 1940, and before January 1, 1942, if one spouse elects to be taxed under Supplement T (sections 400 to 404, inclusive), the other spouse, not so electing, will be allowed for that portion of the taxable year during which there existed the status of a married person living with husband or wife one-half of the personal exemption allowed a married person for such portion of the taxable year. Such election, however, is not available for taxable years beginning after December 31, 1941. (See section 404)

(B) By inserting immediately after the first paragraph thereof the following paragraph:

For taxable years beinning on or after January 1, 1942, the return for the period in which falls the date of the death of a taxpayer is a return only for the period during which the taxpayer was alive. For such taxable years, the personal exemption and credit for dependents must be determined on the basis of the period for which the return was made. If during such period the status of the taxpayer did not change, the personal exemption and credit for dependents shall be reduced to that proportion of the full credit which the number of months in such period bears to 12 months. (See § 19.47–1.) If the status of the taxpayer changed during such period, the full personal exemption and credit for dependents allowable for each status occupied by the taxpayer shall be apportioned to the period during which such status was occupied in such proportion as the number of months during which such status was occupied bears to 12 months.

(C) By renumbering examples (3) and (4) as examples (5) and (6), respectively.

(D) By renumbering example (2) as example (3), and by inserting immediately preceding such example (3) the following example:

Example (2). A, a widower, qualifies as the head of a family until March 31, 1942, on which date his one dependent child died. On September 30, 1942, A dies. The executor or administrator making a return for A may claim, a personal exemption of $550; that is, $\frac{3}{12}$ of $1,200, or $300, for the period from January 1, 1942, to March 31, 1942, during which period A was the head of a family, and $\frac{6}{12}$ of $500 or $250, for the period from April 1, 1942, to September 30, 1942, during which period A was a single person not the head of a family.

(E) By inserting immediately after such example (3), as so renumbered, the following example:

Example (4). The facts are the same as in example (3), except that B, the wife, died on November 30, 1942. The taxable period of B is January 1, 1942, to November 30, 1942, the date of her death. The combined person exemption of A and B for the period during which they were married and living together, that is, $\frac{11}{12}$ of $1,200, or $1,100, may by agreement be taken either by A, or by B's executor or administrator in behalf of B, or divided between them in any proportion. The personal exemption for the last taxable period of B is the amount of the combined personal exemption so taken by B's executor or administrator. If A, the surviving spouse, files a return for the calendar year 1942, he may claim, in addition to his portion of the combined personal exemption, a personal exemption for the period from the date of the death of B to the close of his taxable year, that is, $\frac{1}{12}$ of $500.

(F) By inserting at the end of Example (4) the following sentences:

* * * This example will apply only in respect of taxable years beginning after December 31, 1940, and before January 1, 1942. If the same facts are applied to the calendar year 1942, B may not elect to file a separate return under Supplement T if A makes an income tax return without regard to that supplement. In the event both A and B elect to be taxed under Supplement T, their status as of July 1, 1942, controls, and, as prescribed in section 19.400–1, either A and B may make separate returns, or they may make a joint return, as married persons.

(G) By striking the figure "1941" from the first paragraph following Example (4) and inserting in lieu thereof the figure "1942."

(H) By inserting a new subparagraph immediately below the first subparagraph following Example (4), to read as follows:

(a) For a taxable year beginning after December 31, 1940, and before January 1, 1942, $750 to a single person or a married person not living with husband or wife, and $1,500 to the head of a family or a married person living with husband or wife; and

(I) By striking "(a)" from the first subparagraph (before amendment by this Treasury decision) below the subparagraph following Example (4), and inserting in lieu thereof "(b)"; and by striking "(b)" from the second subparagraph below the subparagraph following Example (4), and inserting in lieu thereof "(c)".

PAR. 8. There is inserted immediately preceding § 19.26–1, the following:

SEC. 105. TAX ON CORPORATIONS. (Revenue Act of 1942, Title I.)

* * * * *

(d) *Credit for adjusted excess-profits net income.* Section 26 (e) and (f) (cross-references) are amended to read as follows:

(e) *Income subject to excess-profits tax.* In the case of any corporation subject to the tax imposed by Subchapter E of Chapter 2, an amount equal to its adjusted excess-profits net income (as defined in section 710 (b)). In the case of any corporation computing such tax under section 721 (relating to abnormalities in income in the taxable period), section 726 (relating to corporations completing contracts under the Merchant Marine Act of 1936), section 731 (relating to corporations engaged in mining strategic minerals), or section 736 (b) (relating to corporations with income from long-term contracts), the credit shall be the amount of which the tax imposed by such subchapter is 90 per centum. For the purpose of the preceding sentence the term "tax imposed by Subchapter E of Chapter 2" means the tax computed without regard to the limitation provided in section 710 (a) (1) (B) (the 80 per centum limitation), without regard to the credit provided in section 729 (c) and (d) for foreign taxes paid, and without regard to the adjustments provided in section 734. This subsection shall not apply to any corporation exempt from such tax under section 725 or section 727.

(f) *Dividends paid credit.* For corporation dividends paid credit, see section 27.

(g) *Consent dividends credit.* For corporation consent dividends credit, see section 28.

(e) *Technical amendments made necessary by change in base for corporate tax.*

(1) *Credit for dividends received.* The first sentence of section 26 (b) is amended to read as follows: "85 per centum of the amount received as dividends from a domestic corporation which is subject to taxation under this chapter, but not in excess of 85 per centum of the adjusted net income reduced by the credit for income subject to the tax imposed by Subchapter E of Chapter 2 provided in subsection (e)."

* * * * *

SEC. 101. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1942, Title I.)

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1941.

PAR. 9. There is inserted immediately following § 19.26–3, the following new section:

§ 19.26–4 *Credit for income subject to excess profits tax.* For taxable years beginning after December 31, 1941 a credit is provided in section 26 (e) allowable under sections 13 (a) (2) and 15 (a) in computing normal tax net income and surtax net income, respectively. See section 108 as to certain fiscal years. The credit is allowed only in the case of corporations subject to the excess profits tax imposed by Chapter 2E. The credit does not apply to a corporation exempt from such tax under section 725 (relating to personal service corporations) or section 727 (relating to corporations exempt from excess profits tax).

In general, the credit is the amount of the corporation's adjusted excess profits net income, as defined in section 710 (b). In the case of the following corporations, however, the credit is an amount of which the tax imposed by Chapter 2E is 90 percent:

(a) Corporations computing such excess profits tax under section 721, relating to abnormalities in income in the taxable period.

(b) Corporations computing such excess profits tax under section 726, relating to corporations completing contracts under the Merchant Marine Act of 1936.

(c) Corporations computing such excess profits tax under section 731, relating to corporations engaged in mining strategic minerals.

(d) Corporations computing such excess profits tax under section 736 (b), relating to corporations with income from long-term contracts.

For the purpose of the credit in the case of such corporations, the excess profits tax (upon which the credit is to be computed) is the tax imposed under Chapter 2E computed without regard to the limitation of tax to 80 percent of surtax net income, as provided in section 710 (a) (1). The excess profits tax is also determined for this purpose without regard to any credit for foreign taxes allowed in section 729 (c) and (d) and without regard to the adjustments provided in section 734.

The determination of this credit may be illustrated by the following example:

Example. The X Corporation is a domestic corporation computing its excess profits tax under section 731. It makes its income tax returns on the calendar year basis. The portion of its excess profits net income attributable to mining in the United States of platinum (a strategic mineral) is $60,000 and the remainder is attributable to other activities. For 1942, its total excess profits net income is $120,000 and its adjusted excess profits net income is $50,000. The portion of the adjusted excess profits net income subject to excess profits tax is $25,000 $\left\{\frac{60,000}{120,000}\right\}$ of $50,000). The tax (computed without regard to section 731) on $50,000 under section 710 (a) (1) (A) (90 percent rate) is $45,000. The tax under section 731 is $\left\{\frac{25,000}{50,000}\right\}$ of $45,000 or $33,600. Accordingly, the credit under section 26 (e) is $25,000, the amount of which such $22,500 tax is 90 percent.

PAR. 10. There is inserted immediately preceding § 19.51–1 the following:

SEC. 131. REDUCTION OF PERSONAL EXEMPTION AND CREDIT FOR DEPENDENTS—REQUIREMENT FOR RETURN. (Revenue Act of 1942, Title I.)

* * * * *

(c) *Return requirement.*

(1) *General rule.* Section 51 (a) (relating to general requirement of return) is amended by striking out "$1,500" wherever occurring therein and inserting in lieu thereof "$1,200" and by striking out "$750" and inserting in lieu thereof "$500".

* * * * *

SEC. 101 TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1942, Title I.)

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1941.

SEC. 136. DECLARATION THAT RETURN MADE UNDER PENALTIES FOR PERJURY IN LIEU OF OATH. (Revenue Act of 1942, Title I.)

(a) *Declaration on Return.* So much of the first sentence of section 51 (relating to requirement of individual returns) as reads as follows: "The following individuals shall each make under oath a return stating" is amended to read as follows: "The following individuals shall each make a return, which shall contain or be verified by a written declaration that it is made under the penalties of perjury, stating".

* * * * *

SEC. 101. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1942, Title I.)

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1941.

PAR. 11. Section 19.51–1, as amended by Treasury Decision 5086, is further amended as follows:

(A) By striking from the paragraph designated as "(b)" the figures "$750 $800" and inserting in lieu thereof the following: "$500 ($750 for a taxable year beginning after December 31, 1940, and before January 1, 1942, and $800", and by inserting before the period at the end of the sentence containing such figures the following: ", or such income is equal to, or in excess of, the credit allowed by section 25 (b) (1) and (3) (computed without regard to any credit to which he may be entitled as the head of a family). (See §§ 19.25–7 and 19.47–1.)"

(B) By striking from the paragraph designated as "(b)" the figures "$1,500 ($2,000" wherever occurring therein and inserting in lieu thereof the following: "$1,200 ($1,500 for a taxable year beginning after December 31, 1940, and before January 1, 1942, and $2,000".

(C) By inserting in lieu of the period at the end of clause (b) of paragraph (2) of subsection (b) the following: "; or" and by inserting at the end of such paragraph (2) the following new clause: "(c) such taxable year is a period of less than 12 months, if such individual has for the taxable year a gross income, and if the aggregate gross income of such individual and his or her spouse is equal to, or in excess of, the credit for personal exemption allowed by section 25 (b) (1) and (3). (See §§ 19.25–7 and 19.47–1.)"

(D) By striking the second and third paragraphs of the paragraph designated "(c)" and substituting therefor the following new paragraphs:

A joint return of a husband and wife (if not made by an agent, see § 19.51–2) shall be signed by both spouses. If signed by one spouse as agent for the other, authorization for such action must accompany the return. (See § 19.51–2.) The spouse acting as agent for the other shall, with the principal, assume the responsibility for making the return and incur liability for the penalties provided for erroneous, false, or fraudulent returns.

For taxable years beginning before January 1, 1942, the joint return of a husband and wife shall be sworn to before a person duly authorized to administer oaths (see § 19.51–4) by the spouse preparing the return. The spouse who signs in the return shall be considered to have prepared the return within the meaning of this paragraph. For taxable years beginning after December 31, 1941, an oath is no longer necessary, but both spouses shall verify the same as provided in section 51, as amended by the Revenue Act of 1942.

If the return is prepared by both spouses, or is prepared by neither spouse, then both spouses shall swear to the return, except where one spouse acts for the other as prescribed in the preceding paragraph or the return is made by an agent by reason of illness or absence, as provided in § 19.51–2, and except that for taxable years beginning after December 31, 1941, the returns shall be verified by both spouses as provided by section 51, as amended by the Revenue Act of 1942.

PAR. 12. Section 19.51–2, as amended by Treasury Decision 5086, is further amended as follows:

(A) By inserting immediately after the heading the following:

For taxable years begining after December 31, 1941, the return shall be on Form 1040 except that it may be on short form 1040A if (1) the gross income does not exceed $3,000 and consists wholly of salary, wages, compensation for personal services, dividends, interest, or annuities, (2) the return is made on a cash basis, and (3) the taxpayer (if not excluded by section 404) elects to pay the tax imposed by section 400 in lieu of the tax imposed by sections 11 and 12.

(B) By inserting in the first sentence of the section before its amendment by (A) and immediately after the figure "1940," the following: "and before January 1, 1942,".

(C) By striking therefrom the sixth sentence of the third paragraph and inserting in lieu thereof the following:

Whenever a return is made by an agent it must be accompanied by the prescribed power of attorney, Form 935, except that an agent holding a valid and subsisting general power of attorney authorizing him to represent his principal in making, executing, and filing the income return, may submit a certified copy thereof in lieu of the authorization on Form 935.

PAR. 13. Section 19.51–3, as amended by Treasury Decision 5086, is further amended by striking out the figures "$750 ($800" wherever occurring therein and inserting in lieu thereof the following: "$500 ($750 for a taxable year beginning after December 31, 1940, and before January 1, 1942, and $800."

PAR. 14. Section 19.51–4 (a) is amended by inserting a comma and the following new clause before the period at the end of the first sentence thereof: "except that for taxable years beginning after December 31, 1941, a return of an individual required to be filed under section 51, in lieu of the oath, shall contain or be verified by a written declaration that it is made under the penalties of perjury."

PAR. 15. Section 19.51–4 (b) is amended by adding the following new sentence at the end thereof:

The general provisions of this paragraph relating to oaths or affidavits of persons preparing returns for individuals required to file returns under section 51 are applicable to taxable years beginning prior to January 1, 1942; for taxable years beginning after December 31, 1941, such returns should be verified as provided in section 51, as amended by the Revenue Act of 1942.

PAR. 16. Section 19.143–3, as amended by Treasury Decision 5071, approved September 27, 1941, is further amended as follows:

(A) By striking from the first sentence of the last paragraph "and not having an office or place of business therein" and inserting in lieu thereof the following: "(or, for taxable years beginning prior to January 1, 1942, not engaged in trade or business within the United States and not having an office or place of business therein)".

(B) By amending the last sentence to read as follows: Although a nonresident alien individual who is engaged in trade or business within the United States (or, for taxable years beginning prior to January 1, 1942, engaged in trade or business within the United States, or has an office or place of business therein) is entitled to the personal exemption of $500 ($750 for a taxable year beginning after December 31, 1940, but before January 1, 1942, $800 for a taxable year beginning after December 31, 1939, but before January 1, 1941, and $1,000 for a taxable year beginning prior to January 1, 1940) (and a credit for dependents if he is a resident of Canada or Mexico), he is subject to the normal tax and the surtax imposed by sections 11 and 12 by reason of the provisions of section 211 (b) and to the Victory tax imposed by section 450, and the benefit of the personal exemption and credit for dependents may not be received by filing a claim therefor with the withholding agent.

(Secs. 105 (d), 105 (e) (1), 112 (b), 127 (b), 129, 131 (a) (1), 131 (b), 131 (c) (1), and 136 (a) of the Revenue Act of 1942 (Pub. Law 753, 77th Cong.) and sections 51 and 62 of the Internal Revenue Code (53 Stat. 27, 32, as amended by 54 Stat. 519; 55 Stat. 696; 26 U.S.C., 1940 ed., and Supplement I, 51, 62))

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1825]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 1 for the establishment of price classifications and minimum prices for the coals of the Tasa No. 1 and Tasa No. 2 mines (Mine Index Nos. 3906 and 3907, respectively) of Tasa Coal Company.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of the Tasa No. 1 and Tasa No. 2 Mines (Mine Index Nos. 3906 and 3907, respectively) of Tasa Coal Company; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act:

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 321.24 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

Dated: January 18, 1943.

PART 337—MINIMUM PRICE SCHEDULE, DISTRICT NO. 17

ORDER GRANTING RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 17 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 17.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 17; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act:

It is ordered, That, pending final disposition of the above-entitled matter temporary relief is granted as follows: Commencing forthwith, § 337.4 (*Code member price index*) is amended by adding thereto Supplement R-I, § 337.5 (*General prices; minimum for shipment via rail transportation*) is amended by adding thereto Supplement R-II, and § 337.21 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

Petitioner proposes that the Blue Flame Mine, Mine Index No. 526, of code member, Arthur Baxter, be included in Subdistrict 17, in District No. 17, and that the same price classifications and minimum prices be established for the coals of that mine, in the respective size groups for shipment by truck, as are presently in effect for comparable and analogous coals produced in Subdistrict 17. It appears, however, that the Blue Flame Mine is actually located in Moffat County, Colorado, and should therefore be included in Subdistrict 5 instead of Subdistrict 17. The price classifications and minimum prices proposed by petitioner appear to be proper for the coals of the Blue Flame Mine and, accordingly, are established in the attached schedule marked Supplement R & T. However, the Blue Flame Mine is shown to be located in Subdistrict 5 rather than in Subdistrict 17 in District No. 17.

Dated: January 12, 1943.

PART 308—REPORTS AND RECORDS

ORDER RELIEVING CODE MEMBERS WITHIN DISTRICT 9, ETC.

An order relieving code members within District No. 9 from filing monthly tonnage reports required by the rules and regulations prescribed by order in General Docket No. 24.

The Bituminous Coal Producers Board for District No. 9 having requested that the code members within said district be relieved from filing the monthly tonnage reports required to be filed pursuant to the Rules and Regulations Requiring Tonnage Reports from Code Members, established by Order in General Docket No. 24, dated April 7, 1942, 7 F.R. 2894, and having shown good cause why such request should be granted;

It is ordered, That § 308.26 (*Rules and regulations requiring tonnage reports from code members to facilitate the levying and collection of code assessments by district boards*) be amended to provide that the cod members within District No. 9 be, and they are hereby relieved, until further order of the Division, from filing with the Statistical Bureau for District No. 9 monthly tonnage data on B. C. D. Form No. 718, with respect to coal produced on and after January 1, 1943.

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter II—Fiscal Service

Subchapter A—Bureau of Accounts

[1943 Dept. Circ. 706]

PART 254—PAYMENTS ON ACCOUNT OF AWARDS AND APPRAISALS IN FAVOR OF NATIONALS OF THE UNITED STATES ON CLAIMS AGAINST THE GOVERNMENT OF MEXICO

Sec.
254.1 General provisions.
254.2 Execution of vouchers.
254.3 Payments.
254.4 Powers of attorney.
254.5 Additional evidence and bonds of indemnity.
254.6 Reservation of power to revoke or amend.

JANUARY 26, 1943.

§ 254.1 *General provisions*—(a) *Revocation of prior regulations.* The regulations herein promulgated revoke and supersede the regulations issued by the Secretary of the Treasury on July 14, 1938, entitled "Regulations Governing Payments on Account of Awards of the

to stay, terminate or modify the tempo-

entitled matter; and

Special Mexican Claims Commission", Department Circular No. 589, Accounts and Deposits.

(b) *Authority for and scope of regulations.* The following regulations governing payments in respect of the awards and the appraisals in favor of American Nationals on claims against the Government of Mexico are issued under authority contained in section 161 of the Revised Statutes (U.S.C. title 5, sec. 22), the Act of April 10, 1935 (49 Stat. 149), the Joint Resolution of August 25, 1937 (50 Stat. 783), and the Settlement of Mexican Claims Act of 1942 (Public Law 814, 77th Cong., 2d Sess., approved December 18, 1942).

(c) *Forms to be used.* Forms of vouchers, affidavits and certificates prescribed by the Secretary of the Treasury should be used in connection with payments of awards and appraisals hereunder. Copies of such forms may be obtained from the Commissioner of Accounts, Room 376, Treasury Department, Washington, D. C.

(d) *Authentication of documents.* All copies of records and documents submitted in connection with the execution of vouchers must be properly authenticated.

§ 254.2 *Execution of vouchers—(a) Necessity for signature of vouchers.* No payment of any part of the amount due in respect of an award or appraisal will be made unless a voucher therefor properly executed (preferably in ink or indelible pencil) is received by the Secretary of the Treasury. A single voucher for each part of an award or appraisal as funds become available for payment must be signed by each person in whose favor the award or appraisal was made. Each such person must sign the voucher and verify it by an affidavit sworn to before an officer authorized by law to administer oaths. If executed abroad, the affidavit must be sworn to before a diplomatic or consular officer of the United States, or, if such officer is not available, before any officer authorized by the laws of the foreign country to administer oaths, but his official character and jurisdiction must be certified by a United States diplomatic or consular officer under seal of his office. In the case of a corporation, the voucher must be signed by the appropriate officer or officers thereof having authority to do so, which officer or officers shall verify the voucher by affidavit sworn to as above prescribed, and the voucher must also be accompanied by a duly executed certificate, under the seal of the corporation, certifying to the authority of such officer or officers to execute such voucher and affidavit on behalf of the corporation.

(b) *Method of signature.* The voucher must be signed by each person exactly as his name appears as "payee" therein. If any difference occurs between the name of the "payee" in the voucher and the signature to the voucher, appropriate evidence explaining the discrepancy must be furnished. Affidavits of two other persons in position to know the facts, stating of their own knowledge that the person signing the voucher is the person designated therein as "payee," and indicating the reasons for the discrepancy, will ordinarily be sufficient.

A signature by mark (X) must be witnessed by two persons in addition to the officer before whom the affidavit is executed and the signature and address of each such witness should appear on the voucher and the affidavit.

§ 254.3 *Payments—(a) To whom made.* Payments shall be made only to the person or persons on behalf of whom the award or appraisal is made except in the following circumstances:

(1) If such person is deceased and if the amount to be disbursed at any one time is in excess of $500.00, or, if such person is under a legal disability, payment shall be made to his legal representative. The voucher shall be executed by such legal representative and he shall verify the voucher by an appropriate affidavit. In addition, such legal representative shall submit with the voucher a copy of the order or letters of his appointment and a certificate of the clerk of the appointing court, dated not more than six months prior to the date of execution of the voucher, to the effect that such legal representative has not been discharged.

(2) If such person is deceased, the amount to be disbursed at any one time is not over $500.00 and there is no qualified executor or administrator, or, if an award or appraisal has been made to the estate of a deceased person and there has been no administration of such person's estate, payment may be made to the person or persons found by the Secretary of the Treasury to be entitled thereto. Evidence should be submitted to establish that administration of the estate of the decedent is not required under the laws of the decedent's domicile, that the debts of the decedent and of his estate have been paid or provided for, and that the person or persons who signed the voucher are entitled to receive payment on the award or appraisal. Such evidence will, in general, include affidavits of the person or persons claiming to be entitled to the award or appraisal setting forth the facts in detail, supported by affidavits of at least two other persons having personal knowledge of such facts, and by the official certificate or other proof of the death of the decedent. Wherever possible such supporting affidavits should be executed by public officers of the United States, or executive officers of incorporated banks or trust companies, and where this is not possible the affidavits of the person or persons claiming to be entitled to payment should so state. Upon request there must also be submitted an affidavit or certificate from a practicing attorney or judicial officer of the state of the decedent's domicile, showing that administration of the estate of the decedent is not required under the laws of the decedent's domicile and that the person or persons signing the voucher are entitled to receive payment on the award or appraisal, and referring specifically to any pertinent statutes and judicial decisions of the courts of such state.

(3) If an award or appraisal has been made to the estate of a deceased person and the administration of such person's estate has been terminated, payment may be made to such person or persons found by the Secretary of the Treasury to be legally entitled thereto. In such case, there should be submitted with the voucher a copy of the order of distribution or any other pertinent orders in adminstration proceedings sufficient to prove the authority and interest of the person or persons executing the voucher, together with an appropriate affidavit verifying that the person executing the affidavit is the person who signed the voucher and is entitled under such order to receive the payment described in the voucher.

(4) In the case of a partnership or corporation, the existence of which has been terminated, payment shall be made (except as provided in paragraphs (a) (5) and (a) (6) of this section) to the person or persons found by the Secretary of the Treasury to be entitled thereto. In such case, the voucher should be accompanied by complete evidence of the authority and interests of the person or persons signing it.

(5) If a receiver or trustee for the partnership or corporation on behalf of which the award or appraisal was made has been duly appointed by a court of competent jurisdiction in the United States and has not been discharged prior to the date of payment, payment shall be made to the receiver or trustee or in accordance with the order of the court. In such case, the voucher should be accompanied by a certified copy of the order of the court appointing such receiver or trustee and a certificate of the clerk of such court, dated not more than six months prior to the date of execution of the voucher, to the effect that such receiver or trustee has not been discharged.

(6) In the case of an assignment of an award or appraisal, or any part thereof, or an assignment (prior to the making of the award or the appraisal) of the claim, or any part thereof, in respect of which the award or appraisal was made, by a receiver or trustee for any such partnership or corporation, duly appointed by a court of competent jurisdiction in the United States, such payment shall be made to the assignee, as his interest may appear. In such case, the voucher should be accompanied by certified copies of the court's orders appointing the receiver or trustee and authorizing or confirming the assignment and by the original instrument of assignment.

(7) In the case of an assignment of an award or appraisal, or any part thereof, after its certification to the Secretary of the Treasury, made in writing and duly acknowledged and filed, payment may, in the discretion of the Secretary of the Treasury, be made to the assignee, as his interests may appear.

(b) *Forwarding of vouchers.* The voucher and all related papers should be transmitted to the Commissioner of Accounts, Room 376, Treasury Department, Washington, D. C.

(c) *Manner of payment.* Payment will be made by check drawn on the Treasurer of the United States. Checks will be mailed to the payee at the address indicated in the voucher unless subsequent to the execution of the voucher the Treasury Department receives a written request from the person entitled to receive payment to deliver the check to him at some other address. Where the award has been entered in favor of more than one person, only one check will be drawn in making payment, except that if the persons entitled to receive payment specify the share of each, and so request, separate checks will be drawn in accordance therewith.

§ 254.4 *Powers of attorney.* No power of attorney to sign a voucher will be recognized, but a power of attorney, executed subsequent to the certification of an award or appraisal to the Secretary of the Treasury, to receive, endorse, and collect a check given in payment on an award or appraisal may be recognized. An appropriate form for such a power of attorney may be obtained from the Office of the Treasurer of the United States.

§ 254.5 *Additional evidence and bonds of indemnity.* The Secretary of the Treasury may in any case require such additional information and evidence as may be deemed necessary and may also require a bond of indemnity with satisfactory sureties.

§ 254.6 *Reservation of power to revoke or amend.* These regulations may be revoked or amended at any time.

[SEAL] D. W. BELL,
Acting Secretary of the Treasury.

Tetraethyl lead—Continued.				
F—Motor fuels and gasoline from which by commercial distillation there can be separated more than 10% (total fraction having an A. S. T. M. end point of 300° F. or below) but not more than 50% (total fraction having an A. S. T. M. end point of 347° F. which will have, with the addition of 3 cc tetraethyl lead per gallon, an octane number by the A. S. T. M. Knock Test Method of 50 or more, and not conforming to the definitions A and B.	Bbls.	5017.97	C	
G—Other motor fuel and gasoline from which by commercial distillation there can be separated more than 10% (total fraction having an A. S. T. M. end point of 347° F. which will have, with the addition of 3 cc tetraethyl lead per gallon, an octane number by the A. S. T. M. Knock Test Method of 50 or more, and not conforming to E or F.	Bbls.	5017.98	*C+17	
H—Other Motor Fuels and gasoline not conforming to A, B, C, D, E, F, and G.

All Other Commodities, n. e. s.		9999 90	C	

(a) The column headed "Gen. Lic. Group" has reference to the general license country groups set forth in § 802.3 (a) of this subchapter. When numbers appear instead of a letter, the commodity may be exported under general license only to the destinations indicated by those numbers in § 802.2 (a) of this subchapter.

(b) The column headed "Shipping Priority Rating" has reference to the shipping priority rating assigned to the particular commodity after which it appears as provided in Part 809 of this subchapter.

(c) The abbreciation "n. e. s." means "not elsewhere specified."

(d) Where the symbol (*) appears after a commodity description it signifies an assigned shipping priority rating of "D" for shipments weighing under 2,240 pounds, and for shipments weighing 2,240 pounds or more it signifies that a shipping priority rating will be assigned to each export at the time the freight space application covering such export is certified by the Office of Exports to the War Shipping Administration.

§ 801.3 *Revocation of licenses.* All export licenses are subject to revocation without notice.

§ 801.4 *Return of revoked or expired licenses.* Export licenses which have been revoked or which have expired must be returned immediately to the Office of Exports.

§ 801.5 *Transfer of licenses.* Export licenses shall not be transferred except by written authorization of the Office of Exports.

§ 801.6 *Amendments to licenses.* No amendments may be made to export licenses except by the Office of Exports, or by collectors of customs or postmasters acting under specific instructions from the Office of Exports.

§ 801.7 *Presentation for export.* No commodities, the exportation of which is prohibited or curtailed pursuant to section 6 of the Act of July 2, 1940, 54 Stat. 714, as amended, shall be loaded or carried onto an exporting carrier for export by water or by air or presented to such an exporting carrier for loading or presented to the collector of customs for inspection and clearance for exportation until a license therefor, or such other document as may be authorized in these regulations, has been presented to the collector of customs at the port at which the commodity is to be so loaded, carried or presented. No commodity shall be mailed for exportation until a license, or such other document as may be authorized in these regulations, has been presented to the postmaster at the post office where the commodity is to be mailed. If the commodity is to be exported by any means of export other than by water, air, or mail, such license or other document need not be presented to the collector of customs prior to loading, carrying onto, or presentation to, the exporting carrier, but must be presented to the collector of customs at the port of exit from the United States prior to inspection by the customs inspectors or other export inspection officials at that port, and at all events prior to exportation. Upon specific authorization to a collector of customs or postmaster by the Office of Exports, the presentation of a license may be waived. The provisions of this section do not apply to exportations made pursuant to general licenses nor to exportations of technical data.

§ 801.8 *Price.* Commodities may not be exported except in accordance with the provisions of the Maximum Export Price Regulation issued by the Office of Price Administration, as it may hereafter be amended.

§ 801.9 *Arms, ammunition and implements of war, helium and tinplate scrap.* Regulations promulgated by the Secretary of State on June 2, 1942, 7 F.R. 4216 et seq., shall continue to govern the exportation of arms, ammunition and implements of war, helium and tinplate scrap, except that an expert license shall not be issued when in any case it shall have been determined by the Office of Exports that the proposed exportation would be detrimental to the prosecution of the war or contrary to the interest of national defense.

§ 801.10 *The proclaimed list.* The exportation of any commodities or technical data, directly or indirectly, to, or on behalf of, or for the account of any person, so long as his name appears upon "The Proclaimed List", is prohibited, except when authorized in each case by an individual license upon which appears the certificate of the Office of Exports that prohibition of the exportation would work an unusual hardship on American interests. A statement as to the nature of the transaction and its effect upon American interests must be filed with any application for a license pursuant to this section.

§ 801.11 *Shipments to territories, dependencies and possessions of the United States.* No license is required for shipments from the United States to any territory, dependency or possession of the United States, except the Philippine Islands.

§ 801.12 *In transit shipments without unloading.* Commodities shipped by vessel from one foreign country and passing through the United States in transit to another foreign country may be exported without a license from the Office of Exports if, while in waters subject to the jurisdiction of the United States, they have not been unladen from the vessel on which they entered such waters.

§ 801.13 *Shipments unloaded by order of Federal Government.* When the United States Government has ordered the removal from a vessel of commodities laden under a license issued by the Office of Exports, the exporter may subsequently export such commodities under the license in effect at the time of the original lading even though, in the case of an individual license, such license has expired prior to exportation, or, in the case of a general or unlimited license, such license has been revoked prior to exportation. Such commodities may not be exported, however, under an individual license which has been revoked.

§ 801.14 *Shipments to Canada for re-exportation to another foreign country.* The exportation from the United States of all commodities enumerated in § 801.2 of this subchapter and all technical data as defined in § 806.1 of this subchapter to Canada (including that part of Labrador under Canadian authority) with the knowledge or intention that they are to be re-exported therefrom to another foreign destination is hereby prohibited unless there is in effect a license authorizing the exportation thereof to the country of ultimate destination. In the case of general licenses, the exporter shall place the general license number on the export declaration in the manner specified in § 802.2 (b) of this subchapter.

(b) When any commodity is shipped or taken out of the United States under any type of general license, the exporter shall state on the export declaration when such document is required to be presented to the collector of customs or postmaster, the name of the ultimate consignee, the commodity description, the country of destination, and the general license number. The export declaration shall be presented to the collector of customs or postmaster prior to the taking out or prior to loading for exportation at the port of exit or prior to mailing. In the case of shipments by rail or motor transport, the export declaration must be presented prior to inspection by the collector of customs at the port of exit from the United States. In addition, whenever an exportation under general license is made by mail, the general license number must be endorsed on the address side of the wrapper of the parcel.

(b) When a commodity is placed under general license to a particular country group, it may be shipped to any country in that group subject to existing regulations.

§ 802.4 *Re-exportation from country of destination.* No exportation may be made under any type of general license with the knowledge or intention that the commodities so exported are to be re-exported from the country of destination, unless the re-exportation has been authorized by the Office of Exports.

§ 802.5 *Consignee control under general license.* (a) General licenses may be revoked or suspended as to any person in any destination.

(b) Shipment under a general license may be made to any consignee in the country of destination except:

(1) To any person as to whom the general license has been revoked or suspended; or

(2) To any person on "The Proclaimed List"; or

(3) To a member of the immediate family or an agent or representative of any person named on "The Proclaimed List"; or

(4) To any person when by reason of the sale, purchase or any service connected with the exportation, a commission, fee, remuneration or other benefit accrues to any person on "The Proclaimed List".

(5) To any member of the armed forces of an enemy country who is a prisoner of war or to an interned national of an enemy country.

§ 802.6 *Consignor control under general license.* General licenses may be revoked or suspended as to any person within or without the United States by an order issued pursuant to the provisions of Part 807 of this subchapter.

§ 802.7 *General licenses issued.* (a) General licenses are hereby issued permitting exportation of the commodities set forth under the column "Commodity" to the destinations designated under the column "Gen. Lic. Group" in § 801.2 of this subchapter.

(b) Where the word "none" appears in the column "Gen. Lic. Group" opposite a commodity, no general license for such commodity is in effect, except as hereinafter provided.

§ 802.8 *Exports to the United States Government.* A general license, designated GUS, is hereby issued permitting exportation of all commodities to any of the following consignees:

(a) The United States Government or any agency thereof: *Provided*, Such commodities are intended for official use;

(b) Representatives of the United States or members of the United States armed forces: *Provided*, That such commodities are shipped in quantities sufficient solely for official use or for the personal use of the consignee and his immediate family.

§ 802.9 *General in transit licenses.* (a) General in transit licenses are hereby issued permitting exportation of all commodities, except as limited by subsequent provisions of this section, originating in a designated foreign country and passing through the United States or any place subject to the jurisdiction of the United States in transit to a designated foreign destination, as specified in paragraph (b) of this section.

(b) (1) The following are the designated countries of origin and destination for which general in transit licenses are issued. The general license designations set forth below must be used in the same manner as general license numbers as provided in § 802.2 (b) of this subchapter:

(4) In addition to those listed in subparagraph (1) of this paragraph there is also issued a general in transit license, designated GIT–C/P, which authorizes the shipment of all commodities through the United States in transit to Portugal when consigned by the Canadian Red Cross Society to an agent of that Society and destined for British prisoners in Germany.

(c) The use of general intransit license GIT–Y/Z is subject to the following regulations:

(1) Each shipment must be accompanied by a Canadian Export Permit or by a British Imperial License, specifying the nature of the shipment and naming the ultimate consignee in the country of destination, with exception of shipments from the Canadian Government to the British Forces in Iraq.

(2) Canadian Export Permits and British Imperial Export Licenses shall be surrendered to collectors of customs at the last port of exit from the United States.

(3) If the shipment is not accompanied by a foreign export license or permit, as provided above, an individual export license, from the Office of Exports must be obtained.

(d) In transit shipments of commodities hereafter listed in this paragraph may not be made under any general in transit license set forth in this section except GIT–A/A or GIT–Y/Z, as set forth in paragraph (b), or when proceeding under bond from Mexico through the United States to another part of Mexico, or when proceeding between any part of the Western Hemisphere and the Republic of Panama through the Panama Canal Zone:

(e) The above general licenses or any other general licenses which authorize shipments of commodities not exceeding specified values are designed to permit the exportation of bona fide single shipments, within the designated maxima, of such commodities. They may not be used under any circumstances for the purpose of effecting the exportation of such commodities in amounts in excess of the specified maximum values which would otherwise require individual licenses, whether this is sought to be accomplished by splitting an order into two or more shipments; or by securing a large number of similar, separate orders; or by any other device designed to evade the requirement of an individual license.

(f) The provisions of this section shall not be construed as limiting the use of any other general licenses.

§ 802.11 *Personal baggage.* (a) General licenses are hereby issued, subject to the restrictions contained in paragraphs (c) and (d) of this section, permitting exportation to all destinations of the following classes of commodities when exported by persons leaving the United States solely for the use of themselves and their families and not for resale or other commercial purpose:

(1) Household articles, including furniture, refrigerators, radios, decorations and other household furnishings.

(2) Personal effects, including clothing, books, toilet articles, souvenirs, articles of personal adornment, personal firearms, hunting guns, etc., (restricted to three guns per person), cameras and similar articles.

(3) Professional instruments and tools of trade, including typewriters, which have been used by the passenger in his occupation, profession or employment.

(4) Passenger automobiles when the personal property of persons departing from this country and not being exported for purposes of resale. Such persons must file with the collector of customs an affidavit certifying that the exportation is not for resale or other commercial purpose.

(b) General licenses are hereby issued, subject to the restrictions contained in paragraphs (c) and (d) of this section, permitting exportation to all destinations of personal effects, including clothing, books, toilet articles, souvenirs, articles of personal adornment, and similar commodities, when shipped in the baggage of a member of a crew of a vessel solely for his own or his immediate family's use and not for resale or other commercial purpose.

(c) Passengers or crew members of vessels operating under the control of countries other than those designated by numbers 1 through 81, 90, 91, and 99 in § 802.2 (a) of this subchapter may not export radios, radio parts or foodstuffs under these general licenses.

(d) Photographic film may be exported under general license only in accordance with the provisions of § 802.12 of this subchapter.

§ 802.12 *Photographic film.* (a) General license are hereby issued permitting exportation to all destinations assigned general license numbers in § 802.2 (a) of this subchapter, of all photographic film, except unexposed or raw photographic film, dry plates, unexposed photographic paper, exposed but undeveloped motion picture films, and still films or plates: *Provided*, That the requirements of the Office of Censorship have been satisfied.

(b) General licenses are hereby issued permitting exportation of commercial exposed but undeveloped motion picture and still films or plates to Newfoundland. If, upon presentation of such commodities for export to destinations other than Newfoundland, they are developed by the collectors of customs or by the censors in order to examine them for licensing purposes, they shall then be subject to the provisions of paragraph (a) of this section. If not developed, the commodities will be returned to the sender with a notification that they must be developed before they will be considered for export.

(c) General licenses are hereby issued permitting exportation of unexposed or raw photographic film, dry plates, and unexposed photographic paper to Newfoundland.

(d) The provisions of this section shall not apply to shipments of photographic film under general license GUS.

§ 802.13 *Ship and plane stores, supplies and equipment.* (a) General licenses are hereby issued permitting exportation on freight or passenger vessels;

(1) (i) Owned by or under charter to the United States Maritime Commission, the War Shipping Administration, The British Ministry of War Transport, or the Soviet Government Purchasing Commission, proceeding to any destination; or

(ii) Which have been approved to the collector of customs by special authorization from the Office of Exports; or

(iii) Which have secured an authentic and acceptable document from the War Shipping Administration, or the British Ministry of War Transport, or Soviet Government Purchasing Commission, certifying that the vessel is operating on the instant voyage in the interest of the respective agency issuing the certificate; or

(iv) Of registry of countries designated by numbers 1 to 3, 5, 6, 8 to 58, 60 to 67, 71 to 81, 91, or 99 in § 802.2 (a) of this subchapter, or of the Netherlands, Norway, or Poland: *Provided*, That the destination of such vessels shall be one of the aforenumbered countries;

of the following commodities:

(2) (i) Bunker fuel and food stores in any amount.

(ii) Other ordinary ship stores, sea stores and supplies, exclusive of zinc plates, for use or consumption on board such vessels during the outgoing voyage and any immediate return voyage schedule, in such quantities as the collector of customs deems necessary and reasonable.

(iii) Equipment and spare parts intended for permanent use on such vessels when necessary for their proper operation and approved by the collector of customs.

(b) (1) General licenses are hereby issued permitting exportation on vessels, other than those included in paragraph (a) of this section, of food stores for use on board such vessels during the outgoing voyage and any immediate return voyage scheduled. Such food stores shall not be in excess of 6.85 lbs. per man per day, which amount shall be distributed among individual food items in accordance with the food list set forth in subparagraph (4) of this paragraph. An excess tolerance of .15 lb. per man, per day may be allowed by the collector of customs where, due to packaging, food stores cannot be split up. Additional food stores, not in excess of the amount allowable for 20 per cent of the number of days required for the outgoing and return voyage, may be authorized for exportation by the collector of customs when necessary for the ship's safety and "in port" operations. In no event may the food stores included within Groups B, C, F and I of said food list exceed the individual amounts specified for such groups. The food stores included within Groups A, D, E, G, and H of said food list may exceed the amounts specified for such groups: *Provided*, That the aggregate of food stores included in both Groups A and E does not exceed 4.00 lbs. per man per day: *And, provided further*, That the aggregate of all food stores included in all groups shall not exceed 7.00 lbs. per man, per day, plus the 20 per cent tolerance authorized for safe operation.

(2) The operators of vessels shall furnish to the collectors of customs requisitions based upon the information set forth in said food list, and shall furnish the following additional information: name of vessel, nationality; name of agent; approximate number of days required for the outgoing and return voyage; the vessel's probably itinerary, and the number of crew and passengers.

(3) Foodstuffs to be used as lifeboat provisions are considered as "deck stores", and are not within the purview of this paragraph.

§ 802.16 *Prisoners of war and interned civilians.* A general license is hereby issued, designated "G-PW-2", authorizing the exportation, by mail only, of gift parcels to members of the armed forces of the United Nations who are prisoners of war, and to civilians interned in enemy occupied territories who are nationals of the United Nations, subject to the following provisions:

(a) No gift package shall exceed 11 pounds gross weight or dimensions of 18 inches in length, or 42 inches in length and girth combined.

(b) Only one such parcel may be sent to each prisoner or interned civilian in each calendar sixty-day period.

(c) The contents of each gift package shall be listed on a Post Office Department Customs Declaration which shall be filed at the time of mailing. In the event that the local post office does not have a customs declaration available, the contents of the package may be listed on a piece of paper and this list affixed to the package.

(d) In the case of shipments to members of the armed forces of the United States, who are prisoners of war, or to nationals of the United States who are interned in enemy occupied territory, an official label will be furnished in duplicate by the Provost Marshal General's Office to the next of kin or the person designated by the prisoner or internee as his beneficiary. These labels will contain the name and address of the prisoner or internee, will bear a Provost Marshal General's Office form number, and will state the calendar sixty-day period in which it is valid for use under this general license. The next of kin or the beneficiary may transfer the labels to another person for use in exporting under this general license, but the name of the sender shall be written in ink on such labels in the space provided therefor. One of the labels, properly filled in by the sender, must be affixed on the outside of the parcel, and the other label shall be placed inside with the contents. The general license number "G-PW-2" must be printed on the labels.

(e) In the case of members of the armed forces of the British Empire or interned civilians who are nationals of the British Empire, the label issued by their respective Governments to the next of kin or other designated beneficiary of the prisoner of war or interned civilian must be affixed on the outside of the parcel by the consignor.

(f) In the case of shipments to members of the armed forces of any of the United Nations (except the United States and the British Empire), who are prisoners of war in Germany or German controlled territory, and in the case of shipments to nationals of any of the United Nations (except the United States and the British Empire), who are interned in Germany or German controlled territory, the consignor must affix on the outside of the parcel the proper label issued by the German authorities to the prisoner or internee designated on such label.

(g) In the case of shipments to members of the armed forces of any of the United Nations (except the United States and the British Empire), who are prisoners of war in Italy or Italian controlled territory, and in the case of shipments to nationals of any of the United Nations (except the United States and the British Empire), who are interned in Italy or Italian controlled territory, the consignor must place a certification in the following form on the customs declaration:

I certify that the prisoner of war (or civilian internee) to whom this parcel is addressed is personally known by me to be at the address given. I have mailed no other parcel to this prisoner (or civilian internee) within the sixty days prior to this date, and to my knowledge no other package has been mailed to this prisoner (or civilian internee) in such period

Sender _____
Address _____

The signature and address of the sender must be written in ink.

(h) In all cases the sender of the gift parcel must write in ink under the address the following:

§ 802.18 *Exportations from Canal Zone to Republic of Panama for repair or processing and return.* A general license is hereby issued permitting exportation from the Panama Canal Zone to the Republic of Panama of all commodities: *Provided*, That such commodities are exported for the purpose of being repaired or processed and then returned to the Panama Canal Zone.

§ 802.19 *Return of empty containers to foreign country.* General licenses are hereby issued permitting exportation to all destinations in general license country Group K of metal drums, gas cylinders, bags and other containers which have previously been used in shipping commodities to the United States: *Provided*, That they are exported empty to the country from which they were imported into the United States.

PART 803—UNLIMITED LICENSES

Sec.
803.1 General provisions.
803.2 Commodities and countries of destination.
803.3 British "Navy Army Air Force Institute".

AUTHORITY: §§ 803.1 to 803.3, inclusive, issued under sec. 6, 54 Stat. 714; Pub. Laws 75 and 638, 77th Cong.; Order No. 3 and Delegation of Authority No. 25, 7 F.R. 4951; Delegation of Authority No. 31, 7 F.R. 9807.

§ 803.1 *General provisions.* (a) Unlimited licenses are hereby issued to the foreign purchasing agencies provided for in this Part permitting the exportation of certain commodities to specific destinations as provided in § 803.2 of this subchapter subject to the following conditions:

(1) The unlimited license may not be used except by written authorization of the licensee.

(2) In lieu of presenting the license, the person authorized to use such license may present a document entitled "Release Certificate" issued by the licensee, addressed to the collector of customs and containing substantially the following:

(i) Date of issuance.

(ii) The name and address of the exporter.

(iii) That the exporter is the agent of the licensee for the purpose of making the described shipment.

(iv) The country of destination.

(v) A description of the commodity, quantity and value.

(vi) A reference to the unlimited license against which shipment is made.

(vii) Date of expiration.

(viii) Signature of an authorized officer of licensee.

(3) Application for a release certificate to use any unlimited license shall be made to the licensee.

(4) Where a commodity listed in § 803.2 of this subchapter may be shipped under general license to the destination for which an unlimited license is in effect, such commodity shall be shipped under the general license.

(5) A separate release certificate must be presented for each shipment.

§ 803.2 *Commodities and countries of destination.* The unlimited licenses referred to in § 803.1 of this subchapter with the destinations to which shipments may be made and commodities which may be exported under such licenses are as follows:

PART 804—INDIVIDUAL LICENSES

Sec.
804.1 General provisions.
804.2 Applications for licenses.
804.3 Expired, revoked and unused licenses.
804.4 Weight and volume tolerance.
804.5 Port of exit.
804.6 Duplicate licenses.
804.7 Special provisions concerning applications to export certain commodities.
804.8 Certificates of necessity.
804.9 Repair parts for certain vessels.
804.10 Unit process procedure.
804.11 Drums for oil, gas, liquids and solids.
804.12 Diamonds and tools incorporating industrial diamonds.
804.13 Certain foreign trade marks, trade names, etc.
804.20 Appeals from rejections of applications.

AUTHORITY: §§ 804.1 to 804.13, inclusive, and § 804.20, issued under sec. 6, 54 Stat. 714; Public Laws 75 and 638, 77th Cong.; Order No. 3 and Delegation of Authority No. 25, 7 F.R. 4951; Delegation of Authority No. 31, 7 F.R. 9807.

§ 804.1 *General provisions.* (a) The commodities enumerated in § 801.2 of this subchapter may not be exported to destinations other than Canada (including that part of Labrador under Canadian authority) except pursuant to individual licenses issued by the Office of Exports, unless exportation is authorized by general, unlimited, or other form of license issued by the Office of Exports.

(b) Application for an individual license shall be made on the form prescribed by the Office of Exports. All terms, conditions, provisions and instructions contained in the form are hereby incorporated as a part of the regulations in this subchapter.

(c) The return post card furnished with each application must be filled in and submitted to the Office of Exports with the application.

(d) When countersigned and bearing the official seal of the Office of Exports, Board of Economic Warfare, the application becomes a license.

(e) When a license is issued, the case number assigned by the Office of Exports becomes the license number.

(f) An individual license is valid for six months unless:

(1) It is otherwise stated on the license, or

(2) The license is sooner revoked, or

(3) The license is extended by the Office of Exports.

(g) No application for an individual license shall be made unless and until the applicant has a firm order for the commodities covered by the application from the purchaser stated in such application.

§ 804.2 *Applications for licenses.* (a) License applications may be made by any

person subject to the jurisdiction of the United States, who is in fact the exporter, or by his duly authorized agent, except as specified in paragraph (b) of this section. An applicant not subject to the jurisdiction of the United States must show that unusual hardship would result from a refusal to consider the application.

(b) Applications for licenses to export unused metal-working machinery may be filed only by the manufacturer of such machinery.

(c) A separate and complete application must be submitted for each commodity to each consignee in each country of destination, except that a single application may be filed covering any number of commodities classifiable under the Department of Commerce Schedule B numbers listed in one of the following numbered groups where all such commodities included in a single application are destined for a single consignee in a single country of destination:

When an application is filed covering a number of commodities included within one of the above numbered groups, a license may be issued for only some of such commodities and the application rejected as to the others. In such case, the disapproved commodities will be blocked out before the license is issued.

(d) Where partial or periodic shipments of an identical commodity are being made by the applicant to the same consignee in a foreign country, an application may be filed covering the entire quantity of commodities to be so exported, and if a license is issued, partial shipments may be made from time to time during the life of the license.

(e) A second application covering the same proposed exportation must not be submitted pending action on the first application.

(f) All information pertaining to an application for an export license must be attached to the license application at the time it is originally filed. Additional information concerning the application for the license will not be attached after it has been received by the Office of Exports.

§ 804.3 *Expired, revoked and unused licenses.* (a) If a license expires before complete shipment has been made, the licensee shall return the expired license to the Office of Exports but may make a new application for the unshipped balance.

(b) If the license is revoked, expires or if shipment is not to be made, the license shall be returned immediately to the Office of Exports, with a covering letter explaining the reason for such return. If the license is not in his pos-

session, the licensee shall notify the Office of Exports.

§ 804.4 *Weight and volume tolerance.* (a) For all commodities requiring an export license, a ten percent (10%) tolerance by weight or volume over the amount specified in the license is allowed, except as noted below:

Pharmaceuticals and finished drugs.	1 per cent.
Platinum and platinum group metals.	1 per cent.
Industrial diamonds.	Nearest carat.
Radium and radium salts.	Nearest 100 milligrams.
Uranium and uranium salts.	Nearest 100 milligrams.

(b) This tolerance is allowed only when the unit of quantity called for on the license application is in terms of weight or volume and shall not be allowed where the unit of quantity called for is in terms of number of units.

(c) In all cases the tolerance shall be allowed on the basis of the actual quantity stated in the license.

(d) Whenever one or more partial shipments of the licensed commodity have been made, the license remains valid only for the unshipped balance of the licensed commodity, plus 10% of such balance; but this provision will not apply in the case of commodities listed under paragraph (a) of this section.

(e) A tolerance up to ten per cent (10%) in value over the value specified on the license is allowed on shipments where there is a proportionate increase in quantity.

(f) The exporter may reduce the price per unit of quantity stated in the license whenever he so desires.

§ 804.5 *Port of exit.* (a) Commodities which leave the United States at one port, cross adjacent foreign territory, and reenter the United States at another port before final exportation to a foreign country, will be treated as an export at the last port of exit from the United States.

(b) A license may be used for exportation from any port of exit from the United States subject to the jurisdiction of the United States unless the Office of Exports shall otherwise direct.

§ 804.6 *Duplicate licenses.* Where a license is lost or destroyed, a duplicate of such license may be obtained by the licensee in accordance with the following procedure:

(a) Another application identical in all respects to the former and marked "Duplicate" must be submitted.

(b) An affidavit must be attached to the new application stating:

(1) That the original license has been lost or destroyed.

(2) What commodities, if any, have been shipped under the original license.

(3) That affiant agrees to return the original license to the Office of Exports if it is found.

§ 804.7 *Special provisions concerning applications to export certain commodities.*—(a) *Chemicals and medicinals.* All applications for licenses to export chemicals, medicinals and pharmaceuticals shall state such facts relating to grade, form, concentration, mixtures, or ingredients as may be necessary to identify the commodity accurately, and must state fully how the shipments will be packed.

(b) *Diamonds, tools and jewelry containing diamonds.* In the space provided in the prescribed application form for the description of the diamonds desired to be exported the following provisions relating to such description shall be observed:

(1) *Loose diamonds.* An application to export loose diamonds shall state whether the diamonds are of polished, rough (industrial), or rough (suitable for polishing) variety. The diamonds shall be listed in groups so that there is a maximum variation of 50/100 carat between the lightest and heaviest diamond in each group. The number of diamonds, value per carat, and total value of each group shall be given.

(2) *Tools incorporating industrial diamonds.* An application to export tools containing industrial diamonds shall state the number of diamonds incorporated in each tool. The diamonds shall be listed in groups so that there is a maximum variation of 50/100 carat between the lightest and heaviest diamond in each group. The number of diamonds, value per carat, and total value of each group shall be given. In the case of diamond wheels whose diamond content is entirely composed of diamond dust or crushed bort the total carat weight of such material in each wheel will be sufficient.

(3) *Jewelry containing diamonds.* An application to export jewelry containing diamonds shall state the number of diamonds contained in such jewelry, their total carat weight, and their value per carat.

(c) *Containers.* (1) Containers, other than those made of metal, require no license when exported filled.

(2) Metal drums and containers, filled or unfilled, require an individual license except as provided in § 802.14 of this subchapter.

All applications for such licenses must state:

(i) The weight in pounds of the metal drums and containers.

(ii) The number of metal drums and containers.

(iii) The volume contents (in gallons) of the metal drums and containers.

(iv) Whether or not the drums and containers are foreign-owned and sent to this country for filling and return.

(v) Whether or not drums and containers will be returned to this country.

(3) When commodities requiring a license for exportation are to be shipped in containers which also require a license, a single application may be filed covering both the container and its contents.

(d) *Metals.* (1) All applications for licenses to export any ferrous or non-ferrous commodities (except all ores, concentrates, smelter and refinery residues and unrefined products covered by paragraph (e) of this section), listed under iron, iron and steel, ferro-alloys and nonferrous metals in the schedules set forth in § 801.2 of this subchapter, except chemicals and refractories, if containing any of the elements listed below, must include a statement of weights in pounds, if amounting to ten or more pounds, of each such element if present in percentages in excess of the minimum indicated below:

15 per cent or more:	5 per cent or more:
Copper.	Antimony.
Lead.	Cadmium.
Zinc.	Chromium.
10 per cent or more:	Cobalt.
Aluminum.	Nickel.
Bismuth.	Tin.
Magnesium.	Tungsten.
Manganese.	Vanadium.
Mercury.	Any per cent:
Molybdenum.	Beryllium.
Titanium.	Columbium.
	Tantalum.
	Uranium.
	Zirconium.

(2) All applications for licenses to export any ferrous or non-ferrous commodities covered by subparagraph (1) of this paragraph must contain a statement of the weight of each of the following elements, regardless of amount, in the unit of quantity indicated below:

Platinum group metals	In troy ounces.
Radium	In grams.

(e) *Ores, concentrates, etc.* (1) All applications for licenses to export ores, concentrates, smelter and refinery residues or unrefined products (listed in the schedule set forth in § 801.2 of this subchapter under the headings iron, iron and steel, ferro-alloys, and non-ferrous metals, except chemicals and refractories), containing any of the elements listed below, must include a statement of the weight in pounds, if amounting to ten or more pounds, of each such element:

Aluminum.	Mercury.
Antimony.	Molybdenum.
Beryllium.	Nickel.
Bismuth.	Tantalum.
Cadmium.	Tin.
Chromium.	Titanium.
Cobalt.	Tungsten.
Columbium.	Uranium.
Copper.	Vanadium.
Lead.	Zinc.
Magnesium.	Zirconium.
Manganese.	

(2) All applications for licenses to export the commodities covered by subparagraph (1) of this paragraph must contain a statement of the weight, regardless of amount, in the unit of quantity indicated, of each of the following elements:

Platinum group metals	In troy ounces
Radium	In grams

(f) *Petroleum.* All applications for licenses to export crude oil must contain a statement of the A. P. I. gravity of all such oil.

(g) *Rubber and rubber manufactures.* All applications for licenses to export rubber or rubber commodities must contain a statement of the crude rubber content of the commodities included in the applications.

(h) *Iron and steel products.* (1) All applications for licenses to export any steel commodities must state whether the steel is "stainless steel", "alloy steel other than stainless", or "not containing alloy". For purposes of this paragraph, these categories are defined as follows:

(i) *Stainless steel.* Includes all steel (other than tool steels) containing 9 per cent or more of chromium, with or without other alloys, or a combined content of 18 per cent or more of chromium and other alloys.

(ii) *Alloy steel other than stainless.* Includes only steel where the minimum of the range specified in any of the elements named exceeds the following percentages:

0.10	Molybdenum.
0.30	Chromium.
0.40	Nickel.
0.50	Copper, silicon.
1.65	Manganese.
0.80	Cobalt, titanium, tungsten, vanadium, zirconium.

(2) Separate applications for licenses to export any steel commodities are required for each of the three following categories and for each of the various steel commodities, even though the same Department of Commerce Schedule B commodity number is applicable to all three categories:

(i) Not containing alloy.

(ii) Stainless steel (includes stainless iron).

(iii) Alloy steel other than stainless.

(3) All applications for licenses to export pig iron; wire finer than 16 gauge; ingots, blooms and billets; forgings and castings; all alloy steels; pressure tubes and mechanical tubing; plates over 72 inches wide; rails and rail accessories; wire rope under one-half inch in diameter, must contain full specifications (or a copy of the order as it would be placed with the producing mill) setting forth the following information:

Pig iron:
1. Quantity.
2. Quality.
3. Full analysis.
4. Proposed supplier.
5. Either a copy of PD-69 or the information contained therein.

Ingots, blooms, billets:
1. Quantity.
2. All dimensions.
3. Analysis.
4. Sizes.
5. Quantity per size.

Wire finer than 16 gauge:
1. Gauges or dimensions.
2. Quantity per gauges or dimensions.
3. Analysis (chemicals and/or physicals, if other than mild steel).
4. Packing or wrapping, if any.
5. Coil weights.

Forgings and castings:
1. Quantity.
2. Analysis.
3. Exact dimensions.
4. Blue prints wherever possible.

Alloy steels:
1. Complete dimensions.
2. Quantity per size.
3. Analysis.
4. Permissible substitute analysis which might be used.
5. Definite and complete details as to end use.

Plates over 72" wide:
1. Quality.
2. Complete sizes.
3. Quantity per size.
4. Analysis (chemicals and/or physicals, if other than mild or structural grades).

Pressure tubes and mechanical tubing:
1. Complete dimensions. (Outside diameter, inside diameter wall thickness, length, etc.).

Rails and rail accessories:
1. Quantity.
2. Section.
3. Specifications.
4. Blue prints wherever possible.

Wire rope under ½" in diameter:
1. Grade.
2. Construction.
3. Whether bright or galvanized.

(4) Each application for a license to export any iron and steel commodity must be accompanied by a copy of a definite commitment from a supplier to furnish such commodity if an export license is issued or by a statement setting forth all pertinent information as to the efforts made to secure a supplier, if the applicant has been unable to obtain such a commitment.

(i) *Bunker fuel.* All applications for licenses to export bunker fuel on vessels, other than those included in § 802.13 (a) of this subchapter shall be submitted on Form BEW 151.

(j) *Farm machinery.* Applications for licenses to export farm equipment and machinery classified under Department of Commerce Schedule B numbers 7143, 7365, 7368, 7800 to 7870, both inclusive, 7879 to 7887, both inclusive, 7889 to 7899, both inclusive, and 7975, (excluding tracklaying tractors and parts and accessories therefor), may be filed only by the manufacturer of such machinery or by him on behalf of a dealer, broker, etc., and must be accompanied by the following form properly filled out:

	Value (dollars)
1. Dollar value of export quota assigned to applicant for country of destination (to be answered only by those suppliers to whom quotas have been assigned)	------
2. Dollar value of licenses granted to applicant to country of destination since November 1, 1942	------
3. Dollar value of application by applicant pending action to country of destination, including this application	------

The statements made above are to be considered a part of our attached export license application which covers equipment, the production of which is authorized by the War Production Board's Order L–170, as amended.

(Signed)

(k) *Vehicles.* Applications for licenses to export vehicles or equipment of a type requiring rubber tires, casings, or tubes for operation must include either:

(1) A statement that no rubber tires, casings, or tubes are to be mounted on, or otherwise included as part of the shipment of, such vehicles or equipment when exported, or

(2) A statement of the number, size, ply, and tread design of the rubber tires, casings, or tubes which are to be mounted on, or otherwise included as part of the shipment of, such vehicles or equipment when exported; and a statement as to whether the tires, casings or tubes are new or used.

In the latter case, applications need not include a statement of the crude rubber content of such tires, casings, or tubes.

If any spare tire, casing, or tube is to be mounted on, or otherwise included as part of the shipment of, a vehicle when exported, the application must include a statement showing the urgent necessity for such spare tire, casing or tube.

(l) *Coal tar colors, dyes, stains, and color lakes.* All applications for licenses to export coal tar colors, dyes, stains and color lakes must be prepared in accordance with the following requirements:

(1) The color index number must be stated, or, if there is no color index number, the basic organic raw material included in the dye must be specified.

(2) The compounds must be classified according to the following table, stating the quantity of each class:

(i) Acetate; (ii) acid; (iii) azoic; (iv) basic; (v) direct; (vi) oil and spirit soluble; (vii) mordant and chrome; (viii) sulphur; (ix) vat: Anthraquinone, indigo, other vats; (x) organic pigments.

(m) *Engine room, deck and cabin stores.* (1) All applications for licenses to export engine room, deck and cabin stores on vessels, other than those included in § 802.13 (a) of this subchapter, shall be submitted on Form BEW 151. Lifeboat provisions shall be included as deck stores.

(2) Where additional engine room, deck and cabin stores are required by such vessels after an application for a license has been filed with the Office of Exports, requests for authority to export such stores must be submitted to the collector of customs in the port where the stores are to be laden. Such requests will be transmitted to the Office of Exports by teletype or wire and the collector of customs will receive notification directly from the Office of Exports by teletype or wire of the approval or rejection of such requests. In cases where exportation of such additional stores is authorized by teletype or wire, the applicant must thereafter submit to the Office of Exports a license application in the prescribed form with a sheet attached to the duplicate copy marked "Approved by teletype or wire", and stating the date of such approval.

(n) All applications for licenses to export parts or subassemblies of machinery or vehicles must contain a statement as to whether the parts or subassemblies will be used for repair, replacement and maintenance, or will be assembled in complete units.

(o) Commodities bearing certain foreign trademarks, trade names, etc. Each application for an individual license to export any commodity bearing the name of any person on the Proclaimed List or bearing a trademark, trade name, brand, label or other mark which indicates that such commodity was manufactured or processed in any country with which the United States is at war or by any person whose name appears on the Proclaimed List must be accompanied by the following additional data:

(1) A statement showing that rejection of the application would work an undue hardship.

(2) A description of the trademark, trade name, brand, label or other mark appearing on the commodity sought to be exported.

(p) Applications for licenses to export commodities which are to be used in the prosecution of the war must be accompanied by a statement to that effect.

(q) Applications for licenses to export commodities which are to be used in the prosecution of the war must be accompanied by a statement as to whether the commodities are to be used by the United States Government, by a foreign government, or by a private person or corporation.

(r) Applications for licenses to export commodities which are to be used by the United States Government must be accompanied by a statement as to whether the commodities are to be used by the War Department, the Navy Department, the Maritime Commission, or other agency of the United States Government.

(s) Applications for licenses to export commodities which are to be used by a foreign government must be accompanied by a statement as to whether the commodities are to be used by the government of the country of destination, or by a private person or corporation in that country.

(t) Applications for licenses to export commodities which are to be used by a private person or corporation must be accompanied by a statement as to whether the commodities are to be used by the person or corporation in the country of destination, or by a person or corporation in another country.

[1] Schedule B Number 2099.90—"Other rubber manufactures"—includes miscellaneous articles not specifically set forth which contain, either by value or quantity, over 50 percent rubber (whether crude, reclaimed, or synthetic rubber), but not aircraft replacement parts, replacement parts of automobiles and other vehicles, replacement parts for other machinery, or insulated wire or cable.

As to those commodity classifications preceded by an asterisk, the provisions of this section shall not become applicable until January 29, 1943.

(c) Certificates of necessity must be obtained from the certifying agencies listed in paragraph (a) of this section. Where such certificates are required by these regulations to be submitted with license applications, the original certificates must be attached to the applications unless it is impossible to furnish the original documents, in which case a duplicate original, a photostat, or a typewritten copy marked "true copy" and signed by the applicant, may be attached: *Provided*, That an explanation is given as to why the original has not been furnished.

(d) When a shipment of allocated commodities has been lost at sea, the exporter may submit a new application covering such commodities in accordance with the following procedure:

(1) A complete new application must be filed, together with a reference to the number of the license under which the original shipment was made, and a certification that the application is filed to replace allocated commodities lost at sea.

(2) The requirements of paragraph (b) of this section are not applicable to such an application.

§ 804.9 *Repair parts for certain vessels.* Individual licenses for the exportation of repair parts for vessels other than those covered by § 802.13 (a) of this subchapter are conditioned upon the observance of the following requirements.

(a) Repairs to the vessel must be made prior to the departure of the vessel at the port where the repair parts are taken on board.

(b) Parts which are replaced by said repair parts may not be exported on the vessel, but must be discharged onto the pier at the port of installation.

§ 804.10 *Unit process procedure.* (a) Several applications for licenses may be submitted to the Office of Exports for processing as a unit when:

(1) All applications specify the same consignee, ultimate consignee and ultimate purchaser, and

(2) All commodities covered by the applications are intended for use together, the lack of any one of which will render the other useless.

(b) When several applications are submitted for unit processing, the following requirements must be observed:

(1) All questions on each individual application must be answered in full.

(2) All individual applications must be firmly stapled to a legal binder or backing sheet with the words "Unit Process" typed on the top-edge flap thereof.

(3) A single reference number and a single acknowledgement card must be used for the group of applications.

(c) When several applications are submitted for unit processing, all applications will be approved, or all will be rejected. If all are approved, the same shipping priority rating, as provided for in Part 809 of this subchapter, will be assigned to each license in the group.

(d) The group of applications may include one or more applications for commodities which are exportable under general license, in order to insure the issuance of a uniform shipping priority rating for all related commodities.

(e) If a group of applications is rejected, the applicant may appeal from such rejection. In such case the applicant must file an appeal for the entire group of applications. The appeal shall be addressed to the Office of Exports and shall include the following papers securely fastened together:

(1) The group of rejected applications or photostatic copies thereof.

(2) A complete new set of applications, each application in triplicate, covering the identical commodities for which licenses were originally rejected.

(3) A single acknowledgement card.

(4) A letter in duplicate setting forth the reasons why the applicant believes the group of applications should be reconsidered. Additional information which was not presented on the original applications and which the applicant feels would justify a reversal of the decision of the Office of Exports must be submitted.

§ 804.11 *Drums for oil, gas, liquids and solids.* Individual licenses for the exportation of all drums for oil, gas, liquids and solids, whether filled or unfilled, are subject to the condition that, if the drums are exported on vessels other than those covered by § 802.13 (a) of this subchapter, the drums must be stowed under deck.

§ 804.12 *Diamonds and tools incorporating industrial diamonds.* When an individual license has been issued authorizing the exportation of any of the commodities listed hereafter in this section, the license and the package containing the licensed commodities must be

presented to a collector of customs for examination prior to exportation, even when exportation is to be made by mail. If the contents of the package agree as to weight and description with the data set forth on the license, the collector will attach an appropriate customs seal, indicating that the package has been inspected. If exportation is to be made by mail, the package shall then be placed in the mail under customs supervision. If the contents of the package do not agree with the weight or description as set forth on the license, the collector will return the package to the licensee, and the contents of the package shall not be exported from the United States unless a proper license authorizing the exportation thereof is subsequently issued by the Office of Exports. The list of commodities covered by the provisions of this section are as follows:

	Schedule B Number
Diamond dust, industrial	5409.10
Diamonds, rough, including crushing bort	5990.05
Jewelry of all metals when containing diamonds	9620.00, 9621.00, 9623.00, 9626.00
Jewels and jewel bearings, diamonds only	5990.98
Metal alloy slugs containing diamonds	7485.12
Precious stones, n. e. s., diamonds only	5990.98
Tools incorporating industrial diamonds:	
Dies	7455.03
Drilling bits	6178.91
Glass cutters and similar articles	6178.91
Grinding wheels	5409.05
Saws	6155.15, 6156.05
Wheel dressers	6178.91

§ 804.13 *Certain foreign trademarks, trade names, etc.* No exportation may be made under any individual license of any commodity bearing the name of any person on the Proclaimed List or bearing a trademark, trade name, brand, label or other mark which indicates that such commodity was manufactured or processed in any country with which the United States is at war or by any person whose name appears on the Proclaimed List unless it is specifically stated on the individual license that the commodity bears such indicia.

§ 804.14 *Re-exportation from country of destination.* No exportation may be made under any individual license with the knowledge or intention that the commodities so exported are to be re-exported from the country stated on the license application as the country of ultimate destination.

§ 804.20 *Appeals from rejections of applications for export licenses, extensions thereof, and revocations.* (a) Any person whose application for export license or application for extension of export license has been rejected and any person whose export license has been revoked may appeal from such rejection or revocation subject to the provisions of this section.

(b) Appeals shall be filed with the Office of Exports, Board of Economic Warfare, Washington, D. C.

(c) An appeal shall be filed within 60 days from the date of the rejection of the application for export license, rejection of the application for extension thereof or the date of revocation of an export license.

(d) The rejected application for export license, the rejected application for the extension of export license, or the revoked export license, as the case may be, shall be forwarded to the Office of Exports as a part of an appeal. Photostatic or certified copies of any papers may be furnished in lieu of the originals.

(e) The case number on appeal shall be the same as that originally assigned to the matter, if one has been assigned.

(f) An acknowledgment card in the form prescribed by the Office of Export shall accompany the appeal.

(g) Only one appeal may be taken from a rejection or revocation.

(h) An "appeal letter" shall be submitted setting forth the reasons why the appellant believes his application or the revocation of his license should be reconsidered. This letter must contain, or have attached thereto, any additional information or documents not previously submitted which the appellant feels are pertinent to his appeal.

(i) In the case of rejection of part of an application or the revocation of a license in part, the appellant may appeal only as to the commodities rejected or revoked.

§ 805.4 *Individual license provisions.* (a) Individual licenses permitting shipments to selected destinations shall be valid for a calendar quarter year unless otherwise stated thereon. The time of expiration shall be midnight of the 10th day of the first month following the calendar quarter year for which the license is valid.

(b) All applications for licenses to export any commodities to any destination listed in § 805.2 of this subchapter must contain the following information in addition to that required by the prescribed form:

(1) A statement of the calendar quarter year in which the exportation is to be made.

(2) A statement as to whether or not a navicert, mailcert, aircert, or export license has ever been issued for the exportation of the commodity covered by the application. If such a document has been issued, the reference number thereof must be stated.

(3) A statement as to whether or not the commodities will require transshipment while still subject to control by the applicant, and, if transshipment is required, the reason for the transshipment and the names and addresses of all persons connected with the transaction.

(4) The quantity of the commodity according to the unit of measure prescribed on the application form, and, in addition, the weight in metric tons or kilograms.

(c) All applications for licenses to export any commodities to any destination listed in § 805.2 of this subchapter must be made on a calendar quarter basis. The following provisions are applicable thereto:

(1) All applications for such licenses filed during the first two months of a calendar quarter will be processed by the Office of Exports for shipment during that quarter. In exceptional cases, the applicant may file his application in advance of the calendar quarter year during which shipment is to be made, but in such cases the applicant must state the reason for filing the application in advance and must specify the calendar quarter year during which shipment is to be made. Licenses thus issued in advance will be valid for shipment only during the quarter for which issued.

(2) Applications for such licenses which are received by the Office of Exports after the beginning of the third month of a calendar quarter will be processed for shipment during the succeeding quarter, unless the applicant specifically requests on the application that the license be issued for shipment during the current month.

(3) All such applications may be made for shipment at any time during the calendar quarter except as otherwise stated herein.

(d) (1) All licenses issued for shipment to any of the countries set forth in the list in § 805.2 of this subchapter shall bear a number, identified as "Control Number", in addition to the case number assigned by the Office of Exports. This number will have a letter prefix, such as "B", "P", "F", "S", or "M". In case of exportation by ship or plane, the control number must be noted on the manifest of the ship or plane carrying the commodities licensed for export. In the case of exportation by mail, the control number and the license number must appear on the outside of each package and on the export declaration.

(2) In the case of exportations to Eire on vessels departing from Canadian ports, the exporter must prepare an extra copy of his export declaration, and must note thereon both the license number and the control number. This copy of the export declaration must be verified by the collector of customs at the port of exit from the United States.

§ 805.5 *Blockade control permit.* (a) Applications for individual licenses to export commodities set forth in paragraph (b) of this section to:

Where this exception is applicable, the application for license must specify the "personal use".

(3) Exportations of normal trade samples of reasonable quantity, when shipped by mail, to all destinations subject to blockade control permit regulations other than Eire. Where this exception is applicable, the license application must give details regarding the sample.

PART 806—TECHNICAL DATA

Sec.
806.1 Definition
806.2 General licenses
806.3 Blanket licenses
806.4 Special licenses
806.5 Unlimited licenses
806.6 General provisions.

AUTHORITY: §§ 806.1 to 806.6, inclusive, issued under sec. 6, 54 Stat. 714, Pub. Laws 75 and 638, 77th Cong.; Order No. 3 and Delegation of Authority No. 25, 7 F.R. 4951; Delegation of Authority No. 31, 7 F.R. 9807

§ 806.1 *Definition.* Technical data is hereby defined as, "Any professional, scientific or technical information or any model, design, photograph, photographic negative, document, or commodity, containing a plan, specification, or descriptive or technical information of any kind which can be used or adapted for use in connection with any process, synthesis or operation in the production, manufacture, reconstruction, servicing, repair, or use of any commodity" except that any technical data licensed by the Commissioner of Patents under the authority of Public Law No. 239, 77th Congress, approved August 21, 1941, shall not be included within this definition.

§ 806.2 *General licenses.*—(a) *Definition.* A general license is a license issued by the Office of Exports for which no application is required, available for use by all persons, permitting exportation of specified classes of technical data to specified countries or consignees in accordance with the regulations herein prescribed and those which may be prescribed at the time of issuance of such general license.

(b) *United States Government or agency thereof.* A general license is hereby issued permitting exportation of all technical data to:

(1) The United States Government or any agency or instrumentality thereof.

(2) Contractors engaged in the construction of United States outlying military or naval bases and supervised by an officer of the United States.

Provided. That any technical data exported to the consignees in subparagraphs (1) and (2) of this paragraph shall be furnished or intended for the use of the United States Government or one of its agencies or instrumentalities.

Any person exporting under this general license shall state in a conspicuous place on the envelope or outside wrapper, "General license No. TD-US., or General License No. TD-U.S. contract", (depending upon whether or not the consignee is the United States government or a contractor thereof) and the name of the country of destination.

(c) *Newspapers.* A general license is hereby issued permitting the exportation of newspapers, except when exported as a commodity such as over-issue, baled, and old newspapers, to consignees in all destinations assigned general license numbers in § 802.2 (a) of this subchapter. A general license number designation is not required to be placed on the wrappers of newspapers exported under this general license.

(d) *Technical, scientific and professional publications.* (1) A general license is hereby issued permitting exportation of publications devoted in whole or in part to scientific, technical or professional data for which a license has been granted by the Office of Censorship upon recommendation of the Office of Exports in accordance with the provisions of the Postal Censorship Regulations approved March 17, 1942, 7 F.R. 2171. The designation on the outer wrapper of publications exported under the general license provided for in this subparagraph shall be the same as are required by the Postal Censorship Regulations as they may from time to time be amended.

(2) A general license is hereby issued permitting exporation to all destinations assigned general license numbers in § 802.2 (a) of this subchapter of all publications which do not require an Office of Censorship license under the authority of the Postal Censorship Regulations and as to which a specific determination has been made by the Office of Exports that such publications are not devoted to technical, professional or scientific matters. No such publication may be exported as a commodity, such as mixed books, over-issue magazines under this books, over-issue magazines and No. 1 heavy books and magazines general license.

(e) *Regulations applicable to general licenses.* (1) It shall be a violation of these regulations to make any exportation under these general licenses with the knowledge or intention that the technical data is to be reexported from the country of destination.

(2) A general license may be revoked or suspended by the Office of Exports at any time as to any consignee in any destination.

(3) A general license may be revoked or suspended by the Office of Exports as to any person within or without the United States exporting technical data, in the manner provided in Part 807 of this subchapter.

§ 806.3 *Blanket licenses.* (a) *Definitions.* A blanket license is one issued to particular persons authorizing exportation of routine technical data including installation, operating, servicing, repair or processing instructions and technical data concerning minor changes or alterations in the installation, operation, servicing or repairing of machinery or equipment from time to time in service in the country of destination or in processes used therein.

(b) *Technical data excepted.* Technical data exported under blanket license shall not include any technical data concerning United States military or naval units, shipping schedules or other similar technical data as set forth in the following documents as they may from time to time be amended:

United States Postal Censorship Regulations
United States Radio Telephone Censorship Regulations.
United States Cable and Radio Censorship Regulations
War Department document entitled "Statement of War Department policy regarding Dissemination and Publication of Information Concerning Contracts, Production Site Locations, etc."

Where the exporter has any reason to believe that any technical data falls within the categories mentioned, the proposed shipment shall, prior to exportation, be transmitted to the Office of Exports for examination and approval.

(c) Technical data requiring specific authorization. Nonroutine technical data shall not be exported under blanket license unless specifically authorized by the Office of Exports. Nonroutine technical data shall include but not by way of limitation the following:

(1) Patent applications, amendments thereto and abstracts or other papers pertaining directly to such applications.

(2) Research, laboratory, progress, testing or experimental reports.

(3) Secret, confidential, or restricted technical data, whether so regarded by the licensee or so declared by an officer or agency of the U. S. Government.

(4) Technical data pertaining to commodities designed or intended for military use except such as may conform to widely known commercial practice.

(5) Technical data pertaining to any commodity whatsoever (except for widely known commercial designs) being made for the United States Government or to the specifications of the United States Government.

(6) Technical data pertaining to commodities to be used in connection with any new development, project, or installation.

§ 806.4 *Special licenses.*—(a) *Definition.* A special license is one issued to a particular person permitting exportation to specified consignees of nonroutine technical data as set forth in § 806.3 (c) of this subchapter.

(b) *Inspection required.* One or more shipments of nonroutine technical data from one consignor to one consignee may be made under a special license but in each instance, the nonroutine technical data to be exported shall first be transmitted to the Technical Data Division of the Office of Exports for inspection and approval in accordance with the procedure specified in the special license.

(c) *Procedure in lieu of inspection.* Where nonroutine technical data is too bulky to transmit to this office for examination or by reason of time requirements or extreme urgency it is impossible or impractical to transmit the same to the Office of Exports for examination prior to shipment under a special license, the licensee may be authorized to export the same without prior examination by the Office of Exports, but in each such case a covering letter shall be submitted and such letter shall contain a complete statement of the reasons for the nonsubmission of the same and an accurate descriptive listing of all nonroutine technical data to be exported under such special license.

§ 806.5 *Unlimited licenses.*—(a) *Definition.* An unlimited license is one permitting the exportation of catalogues, sales promotional material and other similar type technical data except that it shall not be used to export magazines or periodical types of publications or technical data for which a blanket or special license must be obtained.

(b) *Application requirements.* An application for an unlimited license shall be made on the form prescribed by the Office of Exports and shall be accompanied by an export list in triplicate, naming specifically the technical data desired to be exported and including copies thereof.

§ 806.6 *General provisions.*—(a) *Regulations governing exportations.* Exports of technical data under blanket, special and unlimited license shall be made in accordance with the provisions stated in such licenses.

(b) *Application requirements for blanket and special licenses.* Applications for blanket and special licenses covering proposed exportations from one consignor to one consignee shall be filed in triplicate on the form prescribed by the Office of Exports.

Each application shall be supported by a covering letter amplifying the information given in the application form by setting forth such other facts as may be required to completely reveal the relationship existing between the applicant and the consignee and the type of technical data to be exported. The covering letter shall state:

(1) Generally what need exists for the license.

(2) Whether the technical data is to be exported for general purposes only or for specific application to a specific situation.

(3) Whether the technical data is to be used in connection with any new installation, development, or project.

(4) Whether the technical data is required for the national defense, public health, or safety of the county of destination.

(5) Whether the technical data is required by public service corporations.

(6) Whether the technical data is to be used in connection with any military, naval, or other installation which will tend to aid in the prosecution of the war.

(7) Whether the technical data will be used to produce and export needed commodities to the United States or to one of the United Nations.

(8) Whether the technical data will be used in the production of any commodity that is to be exported from the country of destination and if so to what country.

The applicant is not required to indicate whether he is applying for a blanket or special license. If the applicant particularly desires that a blanket license be issued, he shall submit with his application representative samples of all routine technical data that he may desire to export under blanket license. This sample technical data shall be described in complete detail in an exhibit list, filed in triplicate.

(c) *Additional requirements for renewals of blanket and special licenses.* Where a renewal of an existing blanket or special license is applied for, the following information shall be included in the covering letter in addition to that required in paragraph (b) of this section.

(1) Generally what need exists for the extension of the license.

(2) To what extent the expiring license was used, and the approximate figures as to the number of exportations made thereunder.

(3) The special conditions in the form of riders or endorsements appearing on the expiring license.

(4) Whether there is any continued need for such special conditions.

(d) *Additional information required.* (1) In the prescribed application form, in addition to stating the ownership and control of the consignee organization, the applicant shall state the relationship between the applicant and the proposed consignee, subsequent consignee and ultimate user and the business engaged in by the proposed consignee, subsequent consignee and ultimate user.

(2) In the prescribed application form, the applicant shall set forth a general description by subject matter of the technical data to be exported under the license if granted. If the applicant contemplates exporting technical data so new and novel as to form the subject matter for a patent application, or similar experimental or research data, such facts shall be clearly stated.

(e) *Signing of application.* (1) Applications for license to export technical data if applied for by a corporation must be signed by an officer of the corporation or a duly authorized agent of the corporation; if made by a partnership, must be signed by a member of the firm, or its duly authorized agent; if made by an individual, must be signed by the individual or his duly authorized agent.

(2) If the application is signed by an agent, the agent's duly authenticated power of attorney and agency must be filed with the Office of Exports.

(f) *Statement of consignee.* (1) Except where otherwise herein provided, a statement by the ultimate user meeting fully the conditions of the application oath must be filed. If, on the application the ultimate user named is a person other than the consignee, a statement must be obtained from all consignees as well as the ultimate user. Unrestricted general statements of the consignee or ultimate user accepted heretofore by the Office of Exports may be incorporated by reference in applications for new or renewal licenses. Statements of consignees or ultimate users are not required in applications for licenses to export patent applications, amendments, and other technical data relating to inventions made in foreign countries, but must be obtained and submitted in support of license applications for the exportation, for informational purposes only, of descriptive technical data concerning inventions made in the United States.

(2) A statement of the consignee or ultimate user need not be acknowledged before a notary or consular officer if prepared on the letterhead of the organization of the consignee or ultimate user. The statement shall be dated, the place of its execution set forth and signed by a responsible official of the organization of the consignee or ultimate user who is actually located in the country of destination and whose authority to enforce the conditions of the statement is apparent.

(3) If the applicant finds it impossible or impractical to submit the signed statement of the consignee or ultimate user at the time the application is filed, the application oath may be modified appropriately and an adequate explanation shall be made of the reasons why the statement is not furnished. The applicant shall also advise the steps being taken to obtain the statement.

(g) *Validity of license.* The licenses issued pursuant to the provisions of this Part shall be valid for a period of one year from date of issuance unless otherwise stated on the license.

(h) *Use of license.* The blanket, special or unlimited license, shall be retained in the possession of the licensee until surrendered voluntarily, revoked by the Office of Exports, or until it expires. Such license need not be presented at the time of exportation of any technical data authorized to be exported thereunder, but the number assigned to the license shall be placed on the outside of the envelope or on the outside wrapper of the package containing such technical data.

(i) *Duplicate applications.* Duplicate

applications shall not be filed unless specifically requested by the Office of Exports.

(j) *Duplicate licenses.* Duplicate licenses may be issued by the Office of Exports provided the licensee shows that the original license was lost or destroyed and submits such sworn proof as may be required in each instance.

(k) *Cables, telegrams and radiograms.* Technical data may be exported by cablegram, telegram or radiogram subject to prior examination and approval of the Office of Exports. The exporter shall place on the inessage the description of the license to be used, i. e., general, special or blanket, and the license number in connection with blanket and special licenses.

(l) *Exports by a personal messenger.* Technical data to be taken out of the country by a personal messenger, representative or agent of the licensee or the consignee shall be properly packaged and the license description and number indicated thereon if the technical data comes within the provisions of a general or a blanket license. If the exportation is to be made under a special license, all the technical data shall be transmitted to the Office of Exports for examination and approval prior to exportation, except as otherwise provided in § 806.4 (c) of this subchapter.

(m) *Export of technical data with commodity.* (1) Whenever detailed drawings and instructions describing assembly, operation, testing, and routine maintenance or repair of machinery, etc., for which a commodity license is required, are to be exported with such machinery, etc., only one application (on the commodity license form) need be submitted covering both the commodity and the technical data subject to the following conditions:

(i) The technical data shall apply directly to the particular commodity shipment.

(ii) The technical data may not include any manufacturing data.

(iii) The technical data to be exported with the commodity shall be shipped in the same container that is to be used for the commodity.

(iv) The technical data to be exported must be listed on the commodity license form.

(2) Whenever the detailed drawings and instructions describing assembly, operation, testing, and routine maintenance or repair, are to be exported separately from the commodity itself, a technical data license shall be applied for on the prescribed technical data license application form. Where a commodity license has been granted the applicant shall state the commodity license number on the application for license to export technical data related thereto.

(n) *Exports to destinations through a foreign country.* Technical data shall not be exported to a territory or possession of the United States through a foreign country except under license. In each such case, an application shall be made on the prescribed form designating the foreign country or countries through which such technical data will pass.

PART 807—DENIAL OF LICENSING PRIVILEGES

Sec.
807.1 Compliance Commissioners.
807.2 Orders.
807.3 Institution of proceedings.
807.4 Notification to respondent.
807.5 Default.
807.6 Written answer.
807.7 Oral answer.
807.8 Consolidation.
807.9 Reports and recommendations by Compliance Commissioner.
807.10 Disposition.
807.11 Appeal.
807.12 Proceedings to be confidential.

AUTHORITY: §§ 807.1 to 807.12 inclusive, issued under sec. 6, 54 Stat. 714; Pub. Laws 75 and 638, 77th Cong.; Order No. 3 and Delegation of Authority No. 25, 7 F.R. 4951; Delegation of Authority No. 31, 7 F.R. 9807.

§ 807.1 *Compliance Commissioners.* The Executive Director of the Board of Economic Warfare will designate one or more persons to act as Compliance Commissioners. Persons attached to the Office of Exports, or to the Export Control Branch of the Office of the General Counsel, shall not be qualified to act as Commissioners. Compliance Commissioners shall have the powers and duties set out in §§ 807.4 through 807.12 of this subchapter.

§ 807.2 *Orders.* Orders denying the privilege of any person to obtain or use an export license may be issued in the name and under the authority of the Office of Exports. Such orders shall be effective for such periods of time and on such terms and conditions as may be prescribed by the Office of Exports.

§ 807.3 *Institution of proceedings.* The Chief of the Trade Intelligence Division of the Country Program Branch, Office of Exports, may, with the approval of the Office of General Counsel, initiate proceedings to deny the privilege of any person to obtain or use export licenses in any case where the Trade Intelligence Division has reason to believe that such person has violated any provisions of the statutes, proclamations, executive orders or regulations relating to export control.

§ 807.4 *Notification to respondent.* The Chief of the Trade Intelligence Division shall initiate proceedings by transmitting a telegram or registered letter to the person against whom proceedings are brought. The notification shall set out the specific nature of the violations charged, shall state that denial of respondent's privilege to obtain or use export licenses is being contemplated and that failure to answer the charges may result in such action being taken. The notification shall set a time and place for a hearing on the charges before a Compliance Commissioner and shall advise the respondent that he must answer the charges at or prior to such time or be held in default. The time set shall be not less than ten days or more than fifteen days from the date of the notification. Charges may be amended from time to time upon reasonable notice to the respondent.

§ 807.5 *Default.* If the respondent does not answer the charges, as provided in § 807.6 of this subchapter, within the prescribed time, the Chief of the Trade Intelligence Division shall submit to the Office of Exports the facts of the case, together with a recommendation for action. Being so advised, the Office of Exports may issue an order denying the privilege of the respondent to obtain or use export licenses, or take any other appropriate action.

§ 807.6 *Answer, etc.* (a) The respondent may answer the charges made against him in writing by submitting the same, in duplicate, to the Office of Exports, Board of Economic Warfare, Washington, D. C., within the time limited by the notification to respondent.

(b) The respondent shall be permitted to answer the charges made against him orally if he indicates his desire to do so by letter, in duplicate, submitted to the Office of Exports, Board of Economic Warfare, Washington, D. C. within the period limited by the notification to respondent.

§ 807.7 *Hearing.* (a) At the time and place specified in the notification to respondent all evidence material to the inquiry shall be received by the Compliance Commissioner and shall be taken by a reporter before him. The respondent may be represented by counsel. The respondent shall be informed that he is under no obligation to answer questions.

The evidence shall be transcribed by the reporter, filed with the Compliance Commissioner and the respondent shall be given an opportunity to examine the transcript.

The respondent may prepare and file with the Compliance Commissioner a bill of exceptions to such transcript which shall thereafter accompany the transcript. Such bill of exceptions shall be filed within such time as the Compliance Commissioner shall fix at the conclusion of the hearing.

§ 807.8 *Consolidation.* The opportunity to answer charges may, at the discretion of the Compliance Commissioner, be consolidated with any similar opportunity afforded the respondent by any other government agency with respect to charges upon the same or a related subject matter.

§ 807.9 *Reports and communications by Compliance Commissioner.* The Compliance Commissioner shall consider the record, including any bill of exceptions filed by the respondent, and shall prepare a written report which shall consist of his findings of fact, including a finding whether or not a violation has occurred, and his recommendations. If the Commissioner finds that a violation has been committed his recommendation for action shall be advisory only. The report, transcript, and bill of exceptions, if any, shall be transmitted to the Chief of Office, Office of Exports.

§ 807.10 *Disposition.* The Chief of Office, Office of Exports, shall review the record, consider the recommendations of the Compliance Commissioner, and determine the disposition of the case. In any case where the Commissioner has found that a violation has been committed, the Chief of Office, Office of Exports, may issue an order denying the respondent's privilege to obtain or use export licenses for such periods of time and on such terms and conditions as he may prescribe and take any other appropriate action. In any case where the Commissioner has found that no violation has been committed, the Chief of Office, Office of Exports, shall enter an order dismissing the charges. In all cases the respondent shall be notified promptly of the action taken. An order denying the privilege to obtain or use export licenses shall contain a notification to the respondent of his right to appeal.

§ 807.11 *Appeal.* A respondent may appeal in writing to the Assistant Director in charge of the Office of Exports, whose decision shall be final. Such appeal shall be taken within 10 days after receipt of a suspension order by the respondent. Oral argument will be permitted only upon direction of the Assistant Director. The Assistant Director shall not consider facts or arguments affecting the merits of the policy embodied in the rules or regulations alleged to have been violated. An order denying the privilege to obtain or use an export license shall remain in effect pending disposition of the appeal, unless otherwise ordered by the Assistant Director.

§ 807.12 *Proceedings to be confidential.* Pending disposition of a case by the Office of Exports, in accordance with §§ 807.5 and 807.10 of this subchapter, all proceedings pursuant to the provisions of this Part shall remain confidential.

PART 808—PROCEDURE RELATING TO SHIPMENT OF LICENSED EXPORTS TO THE OTHER AMERICAN REPUBLICS

Sec.
808.1 Applicability.
808.2 Non-applicability.
808.3 Space allocation for shipment of commodities weighing under 2240 pounds.
808.4 Initial movement in exportation.
808.5 Application form prescribed.
808.6 Application procedure.
808.7 Notice permitting movement to port.
808.8 Confirmation of space by ship operator.
808.9 Validity of allocation.
808.10 In transit shipments.
808.11 Shipment by other than sea, air or mail.

AUTHORITY: §§ 808.1 to 808.11, inclusive, issued under sec. 6, 54 Stat. 714; Pub. Laws 75 and 638, 77th Cong.; Order No. 3 and Delegation of Authority No. 25, 7 F.R. 4951; Delegation of Authority No. 31, 7 F.R. 9807.

§ 808.1 *Applicability.* (a) The regulations prescribed in § 808.2 to § 808.10, both inclusive, of this subchapter, apply to exportations of all commodities set forth in § 801.2 of this subchapter under any type of export license to be made by sea freight to any of the following destinations:

Argentina.
Bolivia.
Brazil.
Chile.
Colombia.
Costa Rica.
Cuba.
Dominican Republic.
Ecuador.
El Salvador.
Guatemala.
Haiti.
Honduras.
Mexico.
Nicaragua.
Panama.
Paraguay.
Peru.
Uruguay.
Venezuela.

(b) Section 808.11 of this subchapter applies to exportations of all commodities set forth in § 801.2 of this subchapter of every weight under any type of export license to be shipped from the port of exit in the United States by any means of transportation other than sea vessel, air or mail where the ultimate consignee is located in any of the following destinations:

Argentina.
Bolivia.
Brazil.
Chile.
Colombia.
Ecuador.
Panama.
Paraguay.
Peru.
Uruguay.
Venezuela.

§ 808.2 *Non-applicability.* (a) None of the regulations in this Part shall apply to:

(1) Liquid commodities licensed for export to be shipped in bulk by tanker.

(b) Sections 808.2 to 808.10, both inclusive, of this subchapter, shall not apply to:

(1) Commodities to be exported under General License GUS.

(c) Sections 808.5 to 808.7, both inclusive, of this subchapter, shall not apply to any shipment of any commodity licensed for export when the gross weight of the particular shipment (even though it is a partial shipment of a larger licensed quantity) is less than 2,240 pounds except as specifically otherwise provided in this Part.

§ 808.3 *Space allocation for shipment of commodities weighing under 2240 pounds.* Bookings for shipment of commodities weighing under 2240 pounds will be made by the ship operator directly with the exporter or his agent without the submission of an application or compliance with the procedure set forth in §§ 808.5 to 808.7, both inclusive, of this subchapter, except as specifically otherwise provided in this Part. All such bookings are subject to the control of the War Shipping Administration and the Office of Exports who will fix the total amount of space on each ship which will be available for the carriage of such small shipments. Such available space will then be allocated in accordance with the priority ratings fixed by the Office of Exports, as provided in Part 809 of this subchapter.

§ 808.4 *Initial movement in exportation.* No shipment of a commodity weighing 2240 pounds or more for which a license has been issued permitting the exportation thereof and which is located at any place other than the port of exit from the United States shall be moved to such port of exit until the exporter or his agent has received on the prescribed form, notice of tentative freight booking issued by the War Shipping Administration and the Unit Permit Number issued by the Office of Defense Transportation, or such other agency as it may designate. Shipments weighing less than 2240 pounds may be moved to the port of exit only after receipt of the freight contract from the ship operator, the number of which shall be placed on the bill of lading together with the export license number.

§ 808.5 *Application form prescribed.* Applications for shipping space shall be made on the applicable form as follows:

(a) Form BEW–166 shall be used regardless of the weight of the shipment when:

(1) An individual export license is required for the proposed exportation.

(2) The entire exportation is at, or is ready for shipment to, or will be ready for shipment to the port of exit from the United States within two weeks from the date the individual export license is received by the applicant.

(b) Form BEW–138 shall be used when:

(1) The provisions for the use of Form BEW–166 are not applicable.

(2) The entire exportation is at, or is ready for shipment to, or will be ready for shipment to the port of exit from the United States within three weeks from the date the application for freight space is submitted.

§ 808.6 *Application procedure.*—(a) *Submission of application.* Application for shipping space shall be submitted in quintuplicate on an exact facsimile of the form as set forth in § 808.5 of this subchapter. If the application covers commodities which are to be exported under an export program or export project license (S. P.) an additional (sixth) copy of the application shall be submitted. The facsimile may be printed, mimeographed or otherwise reproduced on any type white paper size 8 inches by 14 inches.

(b) *Who may apply.* Any person to whom an export license has been granted or his agent may apply for shipping space. Any person planning to export under a general license or the agent of any such person may apply for shipping space.

(c) *Where to file.* (1) The application shall be filed with the Office of Exports, Washington, D. C., except as provided in subparagraph (2) of this paragraph.

(2) Applications for freight space for shipments which originate in Canada and which are to be transshipped from a United States port, or for shipments which originated in Canada and which are in the United States awaiting transshipment, shall be filed with the Canadian Shipping Priorities Committee, West Block, Ottawa, Canada, on the form prescribed by said Committee.

(d) *Preparation of application.* (1) A separate application may be submitted for each part of a licensed exportation as such part becomes ready for shipment, except that no application need be filed for a partial shipment if the partial shipment is less than 2240 pounds in gross weight, except as specifically otherwise provided in this Part.

(2) Where the applicant desires to ship a number of commodities destined to one or more ultimate consignees or purchasers from one or more licensees (or one or more exporters in the case of commodities moving under general license), and the shipment is made by a single consignor to a single consignee, one consolidated application for freight space must be filed if the weight of the shipment is 2240 pounds or more, except as provided below:

(i) If the proposed shipment includes commodities weighing 2240 pounds or more carrying an A and or B shipping priority rating, and also includes com-

modities weighing 2240 pounds or more carrying a C and/or D shipping priority rating, separate applications may be filed for the commodities carrying the A and/or B rating and the commodities carrying the C and/or D rating; or

(ii) If the proposed shipment includes commodities weighing 2240 pounds or more moving under individual license or licenses, and also includes commodities weighing 2240 pounds or more moving under general license or licenses, separate applications may be filed for the commodities moving under individual license and the commodities moving under general license.

(3) Where the application is for commodities to be shipped under general license, the general license number shall be placed in the blank space requiring a license number.

(4) Where no shipping priority rating has been designated for an outstanding license, no entry shall be made in the space provided for such rating.

(5) In answer to the question pertaining to gross weight and cubic measurement (if shipped on a measurement basis) if exact figures are not ascertainable, an approximation may be made.

(6) In case of general (including in transit), individual, and unlimited licenses, the description of the commodities shall be stated in the same terms required for description of commodities in applications for individual licenses.

(7) When a commodity which can be exported under a general license does not have an assigned shipping priority rating, a rider in quintuplicate is to be attached to the application setting forth the end-use of the commodity in detail as required by an Office of Exports commodity license application.

(8) No application to ship commodities under general license shall be made unless and until the applicant has a firm order for the commodities covered by the application from the purchaser stated therein.

(e) *Certain commodities; multiple consignees.* Applications for freight space covering any of the commodities listed in subparagraph (5) of this paragraph may specify more than one consignee subject to the following conditions:

(1) All consignees named must be located at a single foreign port.

(2) The names and addresses of all the proposed consignees shall be listed and a copy thereof attached to each copy of the application submitted (such list is a part of the application). This list shall be typewritten in a vertical column and shall not bear evidence of erasure or alteration when presented to the Office of Exports.

(3) One or more of the proposed consignees may be rejected, the quantity reduced, or both, by the Office of Exports by noting the same thereon.

(4) Only commodities to which a single description and Department of Commerce Schedule B number applies may be included in a single application.

(5) *List of commodities.*

Dept. of Comm. No.	Commodity
1041.00	Oats (bu. 32 lbs.).
1057.00	Rice, milled, including brown, broken, rice and rice screenings.
1073.00	Wheat flour, wholly of U. S. wheat (bbl. 196 lbs.).
1074.00	Wheat flour, other (bbl. 196 lbs.).
5724.00	Salt.
8365.00	Sodium carbonate, calcined (soda ash).
8373.00	Sodium hydroxide (caustic soda).
8710.00	Soap, medicated.
8712.00	Soap, toilet or fancy.
8713.00	Soap, laundry.
8716.00	Soap, powdered or flaked.
8729.00	Soap, n. e. s.

The shipper is authorized to divide the approved quantity among the approved consignees as he may elect.

§ 808.7 *Notice permitting movement to port.* Notice of tentative freight booking and the Office of Defense Transportation Permit Number permitting shipment to the port of exit (except when commodities are already at such port, in which event the Unit Permit Number will authorize delivery thereof to the vessel's berth) will be contained in the same document, which will be forwarded to the person designated in the application. The subsequent procedure for delivery of this document to the carrier and actual arrangements for shipment to port of exit shall be as prescribed in appropriate regulations of the Office of Defense Transportation or War Shipping Administration.

§ 808.8 *Confirmation of space by ship operator.* A notice of tentative freight booking is not allocation for a specific ship. The allocation shall become effective only when confirmed by the ship operator to the person to whom the notice was issued, and the allocation may be cancelled, modified or otherwise regulated or controlled by proper authority.

§ 808.9 *Validity of allocation.* Allocations of space shall be valid only during the life of the export license upon which such allocation was made.

§ 808.10 *In transit shipments*—(a) *Additional requirement.* Whenever a freight space application is required in connection with any shipment proceeding under a general in transit license, the spaces in the application form for the name and address of the consignor shall contain the name and address of the original consignor in the foreign country and the name and address of the United States shipper or forwarder.

(b) *Under 2240 pounds; application and certificate.* (1) Notwithstanding any other provision in this Part, the provisions thereof applying to shipments weighing 2240 pounds or more shall apply fully to any shipment proceeding under a general in transit license which weighs less than 2240 pounds and originates in any country other than Canada.

(2) In connection with any shipment proceeding under a general in transit license which weighs less than 2240 pounds, the shipper shall execute the following statement upon the export declaration:

I (we) certify that freight space for the commodities described herein was obtained as a result of approval by the Board of Economic Warfare of my (our) application for freight space (BEW 138) Serial No. ——

§ 808.11 *Shipment by other than sea, air or mail.* The licensed export shipments described in § 808.1 (b) of this subchapter shall be moved through the port of exit from the United States only when:

(a) An application in the form prescribed by § 808.5 of this subchapter shall be submitted to the Office of Exports as required by §§ 808.6 and 808.7 of this subchapter except that where the words "shipping space" or "freight space" are used in said sections they shall mean "authority to move through the port of exit" and an application shall be made for shipments of every weight.

(b) An approved application for authority to move through the port of exit is attached to the export declaration covering the commodities described in the application.

PART 809—SHIPPING PRIORITY RATINGS

Sec
809.1 When required.
809.2 When not required.
809.3 By whom assigned.
809.4 When assigned.
809.5 Order of precedence.
809.6 Ratings assigned commodities under general license.
809.7 Appeals for higher ratings.

AUTHORITY: §§ 809.1 to 809.7, inclusive, issued under sec. 6, 54 Stat. 714, Pub. Laws 75 and 638, 77th Cong., Order No. 3 and Delegation of Authority No. 25, 7 F.R. 4951; Delegation of Authority No. 31, 7 F.R. 9307.

§ 809.1 *When required.* No shipment by sea freight of any of the commodities set forth in § 801.2 of this subchapter shall be made to any of the destinations listed in § 808.1 of this subchapter under any type of export license unless a shipping priority rating has first been assigned for such shipment except as provided in § 809.2 of this subchapter.

§ 809.2 *When not required.* No shipping priority rating shall be required for the shipment of:

(a) Liquid commodities licensed for export to be shipped in bulk by tanker.

(b) Commodities to be exported under General License GUS.

§ 809.3 *By whom assigned.* The Office of Exports will assign shipping priority ratings.

§ 809.4 *When assigned.* (a) Shipping priority ratings will be assigned at the time of the issuance of an export license and will appear thereon, except as to commodities exported under general licenses.

(b) When commodities are to be exported under an export program or export project license (S. P.) shipping priority ratings will be assigned at the time of the issuance of the S. P. license for all commodities covered thereby, including commodities under general license.

§ 809.5 *Order of precedence.* Shipping priority ratings will have the following order of precedence: "AA," "A," "B," "C," "D."

§ 809.6 *Ratings assigned commodities under general licenses.* (a) Shipping priority ratings are hereby assigned to the commodities under general license listed in the schedules set forth in § 801.2 of this subchapter as indicated under the column therein headed "Shipping Priority Rating" as the same may be amended from time to time. A blank space shall indicate the assignment of a shipping priority rating of "D" to such commodity.

(b) If commodities under general license are to be exported under an export program or export project license (S. P.), the ratings in § 809.6 (a) of this subchapter shall not apply, but all commodities shipped under such S. P. license shall have the rating assigned by such S. P. license.

(c) When commodities under general license are moving in transit through the United States in shipments originating in Canada, and shipping priority ratings have previously been assigned to such shipment by the Canadian Government, such shipment shall automatically be given the same priority rating by the Office of Exports. In the event that no shipping priority rating has been assigned to such shipment by the Canadian Government, the commodities included therein shall have the shipping priority ratings assigned by § 809.6 (a) of this subchapter.

(d) When commodities under general license are moving in transit through the United States in shipments originating outside of Canada, the commodities included therein shall have the shipping priority ratings assigned by § 809.6 (a) of this subchapter.

§ 809.7 *Appeals for higher ratings.* (a) Exporters may appeal for a higher shipping priority rating than that assigned under an individual license, or for a higher shipping priority rating than those prescribed under § 809.6 (a) of this subchapter for commodities under general license, by submitting in triplicate an "Appeal for Higher Shipping Priority Rating." Such appeal shall supply the following information relative to the commodities to be exported:

(1) Name and address of consignee.

(2) Name and address of ultimate consignee.

(3) Name and address of purchaser.

(4) Individual or general license number.

(5) Portion of the shipment which is at point of exit from the United States ready to be exported.

(6) Location of commodities at point of exit: In railroad cars, in railroad storage, etc.

(7) Portion of the shipment which remains to be forwarded to point of exit.

(8) Where information is available, the stage of manufacture of such portions: Completed, in process, not started.

(9) Whether the commodity is manufactured to specifications not normally used in the United States.

(10) Rating originally assigned to the commodity to be exported.

(11) Description of the commodity as it appears on the export license. (If under general license, give brief description and the Department of Commerce Schedule B number.)

(12) Specific reasons why the applicant believes that a higher shipping priority rating is justified with particular reference to proposed end-use.

(13) If an application for freight space has been filed, the serial number and status of that application.

(14) If an application for freight space has not been filed and the shipment weighs 2240 pounds or more, an application for freight space with an acknowledgment card.

(15) Status of freight space application: certified to War Shipping Administration, certified to Cargo Clearance Office, etc.

(b) When commodities are to be exported under an export program or export project license (S. P.) an exporter who desires a higher shipping priority rating than that which has been assigned, may apply in writing for a reconsideration, attaching to his request the original document upon which the rating has been affixed.

(c) Only one appeal for any particular shipment may be taken.

Dated: January 27, 1943.

Chapter IX—War Production Board

Subchapter A—General Provisions

PART 903—DELEGATIONS OF AUTHORITY

[Supplementary Directive 1-O[1] as Amended Feb. 1, 1943[2]]

§ 903.18 *Further delegation of authority to the Office of Price Administration with reference to rationing of fuel oil.* (a) In order to permit the efficient rationing of fuel oil, the authority delegated to the Office of Price Administration in § 903.1 Directive 1, is hereby extended to include the following:

(1) The exercise of rationing control over the sale, transfer, delivery or other disposition of fuel oil by any person to any consumer, in cases in which either such person or such consumer is within the limitation area, and over the use of fuel oil by any person: *Provided*, That such authority shall not include the power;

(i) To limit or restrict the quantity of fuel oil obtainable by the Army, Navy, Marine Corps, or Coast Guard of the United States or by government agencies or other persons to the extent to which they acquire fuel oil for export to and consumption or use in any foreign country; and

(ii) To deny fuel oil to any person for the operation of oil burning equipment (other than equipment furnishing heat or hot water to any building or structure) for the reason that such equipment can be converted to the use of a fuel other than fuel oil, except where the denial of fuel oil is recommended by the Office of Petroleum Coordinator for War and approved by the Director General for Operations.

(2) The requiring of the delivery of such coupons, certificates or other evidences as the Office of Price Administration may prescribe, as a condition to the sale, transfer, delivery or other disposition of fuel oil by any person to any other person in cases in which either person is within the limitation area.

(b) The authority of the Office of Price Administration under this supplementary directive shall include the power to regulate or prohibit the sale, transfer, delivery or other disposition of fuel oil to, or the acquisition or use of fuel oil by, any person who has acted in violation of any rationing regulation or order prescribed by the Office of Price Administration.

(c) The Office of Price Administration is authorized, in accordance with the provisions of Executive Order No. 9125, and to the extent that it may deem necessary to the enforcement of the authority delegated in paragraphs (a) and (b) of this supplementary directive:

(1) To require records and reports and to make audits of the accounts and inspections of the facilities of any person wherever located, involved directly or indirectly in the sale, transfer, delivery, or other disposition of fuel oil to or from any point in the limitation area; and

(2) To require any person wherever located, who is involved, directly or indirectly, at any stage in the distribution of fuel oil which is ultimately sold, transferred, delivered or otherwise disposed of in the limitation area (whether by such person or by other persons), or which is ultimately used in the limitation area, to comply with any rule, regulation or procedure promulgated or established pursuant to the authority delegated in paragraph (a) of this supplementary directive.

(d) As used in this supplementary directive, the term "fuel oil" means any liquid petroleum product commonly known as fuel oil, including grades No. 1, 2, 3, 4, 5 and 6, whether or not blended or rebranded, such as Bunker C, Diesel oil, kerosene, range oil, and gas oil. The term also includes any other liquid petroleum product having the same specifications as the above designated grades and used for the same purposes as such grades.

The term "person" means any individual, partnership, corporation, association, government or governmental agency, and any other organized group or enterprise; the term "consumer" means any person who uses fuel oil for any purpose, including use as a component part of any manufactured article, material or compound; the term "limitation area" means the States of Connecti-

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Priorities Regulation 11, as Amended Jan. 30, 1943 [1]]

PRODUCTION REQUIREMENTS PLAN

§ 944.32 *Priorities Regulation No. 11*—(a) *Purpose.* It is the purpose of this regulation to provide for the integration of the system of distributing scarce materials in the interest of the war and the maintenance of the essential civilian economy by requiring principal industrial users of scarce materials to qualify under the production requirements plan and to obtain preference rating assistance primarily under that plan.

(b) *Definitions.* For the purposes of this regulation:

(1) "person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Material" means any commodity, equipment, accessory, part, assembly or product of any kind.

(3) "PRP application" means an application for priority assistance under the production requirements plan on Form PD-25A or any other prescribed form.

(4) "PRP certificate" means the copy of a PRP application which has been returned to the applicant by the Director General for Operations with an assignment of preference ratings or other priority action endorsed thereon, and includes any supplementary or advance quarter ("bob-tail") certificate which may be issued from time to time.

(5) "PRP unit" means any person who is qualified under the production requirements plan by the issuance to such person of a PRP certificate. In case the certificate is issued to a branch, plant, department, or other division of a corporation or business, "PRP unit" refers only to the portion of the business to which the certificate is issued.

(6) "Production material" means material (including fabricated parts and subassemblies) which will be delivered by a PRP unit as its product, or will be physically incorporated into such product, and includes the portion of such material normally consumed or converted into scrap or by-products in the course of processing. It does not include any supplies or manufacturing equipment.

(7) "Supplies" means maintenance and repair materials and operating supplies. It also includes minor items of productive capital equipment (such as jigs and fixtures, dies and die blocks, portable pneumatic or portable electric tools, and material required for minor relocations of plant machinery and equipment). It does not include any production material or any office machinery or office equipment (whether purchased or leased) or materials for plant expansion or plant construction.

(8) "Listed material" means, with respect to any quarter, any material listed and given an item number on the Materials List No. 1, Revised, appearing on the form of PRP application for that quarter or required to be separately listed by supplementary instructions from the War Production Board.

(9) "Listed fabricated item" means, with respect to any quarter, any part, assembly or other item listed and given an item number on the Fabricated Items List No. 2 appearing on the form of PRP applications for that quarter. The first quarter for which such a list will be in effect will be the first quarter of 1943. "Listed fabricated item" also includes any item required to be listed separately by supplementary instructions from the War Production Board.

(10) "Class I producer" means any person (or any branch, plant, department, or other division of a corporation or business which operates as a separate entity and maintains a separate inventory) whose receipts or withdrawals from inventory during the most recent calendar quarter, or whose anticipated receipts or withdrawals from inventory during the current or next succeeding calendar quarter, of metals in the forms included on the attached metals list aggregate five thousand dollars or more in value, except:

(i) Any agency of the United States, of any foreign government, of any state or territory, or of any subdivision thereof except when and to the extent that any such agency is engaged in the manufacture of commodities or other materials or the furnishing of repair facilities (such as Navy yards, arsenals, prison factories, etc.);

(ii) Any person to the extent that he is engaged in the business of:

(a) Transportation by any means;

(b) Furnishing of heat, light, power, electricity, gas or water to others;

(c) Quarrying;

(d) Production, refining, transportation, distribution or marketing of petroleum or associated hydrocarbons;

(e) Communications;

(f) Sewage or drainage;

(g) The sale of material which he has not manufactured, processed, fabricated, assembled, or otherwise physically changed, including sales as a distributor, wholesaler, retailer, warehouse, industrial or mill supply house or scrap dealer;

(h) Construction at the site, of buildings, structures, or projects; and

(iii) Any producer located in Alaska, Panama Canal Zone, or in any territory or possession of the United States outside of the continental United States.

(11) "Assignment" of a preference rating means the granting to any person, by order or certificate issued by or under authority of the Director General for Operations, of the right to use such rating.

(12) "Application" of a preference rating means the use of the rating by the person to whom it is initially assigned by or under the authority of the Director General for Operations, and includes the initial issuance by any governmental agency, under authority of the Director General for Operations, of a preference rating certificate rating a delivery to be made directly to such agency.

(13) "Extension" of a preference rating means the use of the rating by any person to whom it is applied or extended by another person.

(c) Every Class I producer shall file a PRP application for the first quarter of 1943, except that no application shall be required of any person who becomes a Class I producer after December 31, 1942. Applications for the first quarter of 1943 shall be filed not later than October 25, 1942, or in the case of a person who was not a Class I producer as of October 15, 1942, as promptly after October 25, 1942, as possible. No person is required to file a PRP application for the second quarter of 1943 or for any subsequent quarter except as specifically directed by the Director General for Operations. The Director General for Operations may specifically require other persons to file such applications from time to time, and may also exempt particular Class I producers from the requirements of this paragraph or extend or advance their time for filing PRP applications. Any other processors of materials desiring priority assistance on a quarterly basis may also, with the consent of the Director General for Operations, qualify under the Production Requirements Plan, although not required to do so by this regulation.

(d) *Restrictions on application and extension of ratings by PRP units.* No PRP unit shall apply or extend any rating to the delivery of any material during any quarter other than the ratings authorized on its PRP certificates for that quarter; and the deliveries to which such ratings are so applied shall be limited in amount as specified on such certificates, with the following exceptions:

(1) A PRP Unit may apply ratings specifically assigned to it for acquisition of items of capital equipment or materials for authorized plant expansion or plant construction.

(2) A PRP unit may apply to deliveries of material during the second quarter of 1943 and thereafter the ratings assigned or permitted in Priorities Regulation No. 11A.

(3) In addition a PRP unit which receives a rated purchase order requiring the processing by another person of material owned and supplied by the PRP unit may extend the rating, for processing only and not for acquisition of material, to the person who is to do such processing for it.

(4) [Revoked January 30, 1943]

(5) In case preference rating assistance for a material is denied on the PRP certificate on the express ground that such assistance is unnecessary or that ratings for such material are not currently being assigned on PRP certificates, the provisions of this paragraph (d) shall not apply to such material.

(6) A PRP Unit may extend an AAA rating it receives, where necessary to obtain material which it will deliver or which will be physically incorporated into material which it will deliver on the AAA rating, subject to the following restrictions:

(i) The AAA rating may not be extended for quantities of material in excess of those required to be delivered by it or to be physically incorporated into materials to be delivered by it on the AAA rating;

(ii) The rating may not be extended to obtain any material to the extent that it has such material on hand which it would be required to divert for the purpose of supplying the material to be delivered on the AAA rating in accordance with the provisions of Priorities Regulation No. 1;

(iii) The rating may not be extended to replace inventory;

(iv) The quantity of any material obtained with the assistance of the AAA rating must, to the extent possible, be deducted from any quantity of such material authorized for receipt on its PRP certificates and not yet received; and

(v) In case it is necessary to extend the rating for materials other than those, or in excess of the quantities, authorized on its PRP certificates, a PD-25F form must be filed within three days after such extension reporting the excess quantity or the other materials to which the AAA rating was extended.

(e) *Restrictions on receipt of listed materials and fabricated items.* No PRP unit shall in any quarter accept deliveries (whether rated, unrated or allocated) of any listed material or any listed fabricated item, whether as production material, supplies or for any other use, in excess of the amounts specifically rated or otherwise authorized on its PRP certificates for such quarter, plus any balance of such materials or items authorized by its PRP certificates for delivery in the previous quarter which is in transit to the PRP unit at the end of the previous quarter or within three days thereafter, with the following exceptions:

(1) A PRP unit may accept deliveries of any balance of listed fabricated items specifically rated or otherwise authorized for the preceding quarter but not yet received.

(2) A PRP unit may in addition, subject to the applicable regulations and orders of the War Production Board, accept delivery of any such materials and items which consist of items of capital equipment or material for authorized plant expansion or plant construction.

(3) Any PRP unit which has applied ratings under the interim procedure specified in paragraph (i) of this regulation based on a particular PRP application may, until receipt of that particular PRP certificate, accept deliveries of the quantities of the materials to which it is authorized to apply ratings under the interim procedure. After receipt of such PRP certificate it may accept deliveries of listed materials and listed fabricated items in excess of the quantities authorized on such certificate only if the same were in transit to the PRP unit at the time its supplier received notice of postponement or cancellation of delivery pursuant to the provisions of paragraph (j) of this regulation and even then may not accept delivery of such materials or items unless shipment was made within ten days (including Sundays) after receipt by the PRP unit of the PRP certificate which necessitated such postponement or cancellation.

(4) A PRP unit may accept delivery of material to which it extends an AAA rating in accordance with the provisions of paragraph (d) (6) of this regulation.

(5) A PRP unit may accept delivery of listed materials or listed fabricated items in excess of the quantities authorized on its PRP certificates, to the extent that cancellation or postponement of such delivery is waived by the provisions of paragraph (j) (3) of this regulation.

(6) A PRP unit may, during the second quarter of 1943 and thereafter, accept delivery of listed materials or listed fabricated items to the extent permitted by Priorities Regulation No. 11A.

(f) *Restrictions on use of material.* Each PRP unit shall also comply with any additional restrictions which may be contained in its PRP certificate, including (without limitation) restrictions on the amount of material to be put into production, the use of any material, apportionment of quantities of material between different products, or on the sale of or delivery of specified products.

(g) *Prohibition against placing duplicate orders.* No PRP unit shall duplicate, in whole or in part, purchase orders which it has placed with one or more suppliers for delivery of any material (whether rated, unrated, or allocated) in such manner that the amount of such material ordered exceeds the amount actually required for delivery (not exceeding the amount authorized), even though the PRP unit intends to cancel or reduce its purchase orders prior to completion of delivery, to the amount of actual requirements as rated or otherwise authorized on its PRP certificate.

(h) *Scheduling of deliveries.* Each PRP unit shall, so far as practicable, place its purchase orders for the production material and supplies rated or otherwise authorized on its PRP certificate so as to call for substantially equal deliveries during each of the three months of the quarter, and shall in no event, unless absolutely necessary to maintain its delivery schedule or to obtain the minimum quantities practicably procurable, order for delivery during the first month of the quarter more than 40%, or during the first two months of the quarter more than 80%, of the total quantity of any production material authorized for delivery during the quarter.

(i) *Interim procedure.* During the interim between filing a PRP application for a particular quarter and receipt of the PRP certificate for such quarter a person may apply or extend preference ratings for delivery during such quarter, and, in case he shall have submitted advance quarter applications, may on or before February 2, 1943, but not thereafter, apply or extend preference ratings for delivery during only the first advance quarter, as follows:

(1) If he has been operating under the Production Requirements plan, he may apply the same preference ratings he was authorized to apply by his PRP certificates for the preceding quarter, to orders calling for delivery of not more than 40% during the first month of the quarter and 70% during the entire quarter, of the quantities of the materials indicated as his anticipated requirements on his PD-25A and on any PD-25F application for the quarter, submitted prior to receipt by him of the first PRP certificate received by him for the quarter.

(2) If he has not been operating under the Production Requirements Plan, he may continue to apply and extend ratings under any applicable preference rating orders or preference rating certificates in the same manner as permitted prior to the beginning of the particular quarter; and, notwithstanding the termination of any preference rating order on or after the end of the preceding quarter, the same shall be deemed to continue in effect as to any such person until he receives his PRP certificate: *Provided, however,* That he shall not apply or extend ratings to the delivery in the particular quarter of any material in an aggregate quantity greater than 40% during the first month of the quarter, nor greater than 70% during the entire quarter, of the amount of such material which he has indicated as his anticipated requirements on his PRP application for the quarter, subject to any further restrictions contained in the preference rating certificates or orders assigning the ratings which he is applying or extending.

(3) After a person has received an advance quarter authorization, he may not thereafter apply ratings under the interim procedure to deliveries in that

[1] This document is a restatement of Amendment 1 to Priorities Regulation 11, as amended November 16, 1942 which appeared in the FEDERAL REGISTER of February 2, 1943, page 1350, and reflects the order in its completed form as of January 30, 1943.

advance quarter of any materials included in the authorization for that quarter, until he files a complete PD–25A application for such quarter, but must use only the ratings authorized on advance quarter authorizations for such materials in that quarter. Upon the filing of a complete PD–25A application for a quarter a PRP unit may then rate purchase orders in accordance wth the interim procedure even if this permits rating quantities in excess of those authorized by a previous advance quarter authorization for that quarter.

(4) A person who applies or extends any preference rating pursuant to this paragraph (j) shall deduct the amount of any material which he has received or to which he has applied or extended such rating from the amount rated or otherwise authorized by his corresponding PRP certificate (on Form PD–25A or PD–25F, as the case may be) when issued to him.

(j) *Rerating on receipt of PRP certificates.* (1) Each PRP unit, not later than the seventh day (including Sundays) after the receipt of any PRP certificate for a quarter, shall adjust its outstanding purchase orders so that they shall not exceed, either in quantities or in grades of preference rating, those authorized for the quarter and for any advance quarters covered by the PRP certificates in accordance with the provisions of this regulation; but this provision shall not require the adjustment of orders duly placed under paragraph (i) of this regulation for materials covered by a PD–25F application filed before receipt of a PD–25A certificate, until the return of such PD–25F certificate.

(2) This adjustment may be made by cancellation, postponement of deliveries, or by rerating. To the extent that authorized ratings are higher than those already applied to outstanding orders, rating adjustment shall be optional, and, with respect to any material, the balance of any authorized rating not used may be added to the authorized amount of any lower authorized rating.

(3) No person shall be required by the provisions of this paragraph (j), however, to cancel any order or portion thereof calling for delivery during the first twenty-one days of November 1942 or during the first twenty-one days of January 1943, of any listed material, if the producer thereof certifies in writing to such person (i) that substitution of other orders, or diversion of the material to fill other orders, (even if such other orders call for later delivery or carry a lower rating) is impossible, and (ii) that the production of such material has been completed or that cancellation would disrupt the producer's production schedules and result in substantially diminished production. Nothing herein contained, however, shall relieve a PRP unit from the obligation of cancelling or postponing delivery under other orders calling for delivery of similar material during the quarter, as to which no certification is received, to the extent necessary to bring the total receipts of such material during the quarter within the quantities authorized on its PRP certificates.

(k) *Restrictions on Class I producers who have not filed PRP applications.* Any Class I producer who has not filed his PRP application by the time required by this regulation or by any specific direction of the Director General for Operations may not extend or apply any rating, other than AAA ratings, until he has mailed or personally submitted his PRP application to the War Production Board: *Provided, however,* That these restrictions do not apply to ratings specifically assigned to a Class I producer for the purpose of acquisition of items of capital equipment, or materials for authorized plant expansion or plant construction.

(l) *Effect on existing orders and certificates.* (1) The provisions of this regulation do not terminate any other existing order or certificate granting preference rating assistance, but limit and prohibit the use of such orders or certificates by specified persons in the manner set forth above.

(2) The provisions of this regulation do not relieve PRP unit from compliance with the terms of any order of the War Production Board controlling the distribution or restricting the use of any specific material, including requirements for the filling or supplying of applications or other documents in connection with the purchase, sale, delivery, or use of any such material.

(m) *Special provisions with respect to metal mills.* Notwithstanding the foregoing provisions of this regulation, the following provisions shall govern with respect to any person (hereinafter in this paragraph (m) referred to as a "metal mill") to the extent that he is engaged in producing metals in any of the forms included on the attached metals list:

(1) A metal mill, in determining whether it is a Class I producer within the meaning of paragraph (b) (10) of this regulation, may exclude all receipts or withdrawals from inventory of metals which will be processed by the metal mill to produce any of the forms listed on the attached metals list. However, there must be included any metals in the forms listed, which will be used by it for maintenance, repair, or operating supplies, or will be fabricated by it beyond the forms listed.

(2) A metal mill need not include in its PRP application materials which will be processed by it to produce metals in any of the forms listed on the attached metals list, but it must include any material, including metals in the forms listed, which will be used by it for maintenance, repair, or operating supplies, or will be fabricated by it beyond the forms listed, and for which it requires priority assistance.

(3) A metal mill may extend and apply preference ratings assigned by a preference rating order or certificate, in the manner heretofore permitted, for delivery to it of material which has been excluded from its PRP application pursuant to the provisions of subparagraph (2) of this paragraph (m) and may accept delivery of such material.

(4) A metal mill, to the extent that it is engaged in producing any of the following:

(i) Pig iron and ferroalloys;

(ii) The following iron and steel products, including alloys: Ingots, blooms (including forged), billets (including forged), slabs (including forged), tube rounds, sheet and tin bars, structural shapes, piling, plates (universal and sheared), rails, tie plates, track spikes, splice bars, rail joints, hot rolled bars (including hoops and bands and concrete reinforcing bars), cold finished bars, pipe and tubes (except conduit), wire rods, wire as drawn (not including further fabrications therefrom), black plate, tin and terne plate, sheets, strip, tool steel bars (including high speed), steel wheels and axles (for railroad use only), railroad locomotive tires, armor plate, ordnance forgings, steel castings (rough as cast), skelp, rolling mill rolls, ingot molds;

(iii) Coke for use in the production of pig iron and ferroalloys; may accept deliveries of supplies in any quarter without regard to the limitations of paragraph (e) hereof of this regulation and, notwithstanding the limitations of paragraph (d) hereof, may apply the ratings assigned on its PRP certificate to deliveries of supplies in the amounts essential for proper operation, subject, however, in every case to the restrictions of § 944.14 of Priorities Regulation No. 1 and to all other applicable regulations and orders.

(n) [Revoked January 30, 1943]

(o) *Exceptions or exemptions.* The Director General for Operations may grant exceptions or exemptions with respect to any or all provisions of this regulation. Any such action shall be in writing over the signature of the Director General for Operations and shall refer specifically to the fact that it is an exemption from or an exception to this regulation.

Issued this 30th day of January, 1943.

CURTIS E. CALDER,
Director General for Operations

METALS LIST

(a) Any of the metals listed in subparagraph (1) below in any of the forms listed in subparagraph (2) below:

(1) Metals:

Iron	Zinc
Carbon steel	Nickel
Alloy steel	Tin
Stainless steel	Cupro-nickel
Aluminum	Monel
Magnesium	Nickel-silver
Copper	Chrome nickel
Brass	Cadmium
Bronze	Silver
Lead (including antimonial)	Tantalum metal
	Tungsten carbide

(2) *Forms of metal.* Annodes, bars, billets, blooms, blocks, castings (including die castings), cones, dust, extruded shapes, fabricated shapes, foil, forgings, ingots, pigs, pipe, plates, powder, rails, refinery shapes, rings, rivets, rods, scrap, sheets, shot, skelp, slabs, strip, structural shapes and piling, tie plates and track accessories, tube and tubing, tube rounds, wheels and axles, wire and wire rods, wire products (including barbed and twisted fencing, bale ties, nails, staples, rope and strand but not including insect wire screen cloth)

PART 944—REGULATIONS APPLICABLE TO THE OPERATION OF THE PRIORITIES SYSTEM

[Interpretation 1 of § 944.1 of Priorities Regulation 1]

The following official interpretation is hereby issued with respect to § 944.1 of Priorities Regulation No. 1 as amended:

Section 944.1 (b) defines "defense order" to mean, among other things, any contract or purchase order for material or equipment to be delivered to or for the account of the Army or Navy of the United States, the Panama Canal or the Coast Guard. At the present time the Panama Canal is part of the Army and the Coast Guard is part of the Navy. Some question has arisen as to whether the specific enumeration in Priorities Regulation No. 1 of the Panama Canal and the Coast Guard means that they do not fall within general references to the Army and Navy in other regulations and orders of the War Production Board. In particular, inquiries have been made as to whether exemptive provisions in limitation and conservation orders in favor of the Army and Navy also provide exemptions for the Panama Canal and the Coast Guard when the latter are not specifically mentioned.

An exemptive or other provision applicable to the Army also applies to the Panama Canal, and a provision applicable to the Navy to the Coast Guard, unless the provision expressly states otherwise.

Issued this 3d day of February 1943.

CURTIS E. CALDER,
Director General for Operations.

PART 3013—SOLUBLE NITROCELLULOSE

[General Preference Order M–196, as Amended Feb. 3, 1943]

Section 3013.1 *General Preference Order No. M–196,* as amended, is hereby amended to read:

§ 3013.1 *General Preference Order No. M–196—(a) Definitions.*

(1) "Soluble nitrocellulose" means the product having a nitrogen content of 12.5% or less made by nitrating any form of cellulose (including linters, woodpulp and cellophane scrap), in the dehydrated, alcohol wet, xylol wet or water wet condition. The term includes smokeless powder scrap (regardless of nitrogen content), washed film scrap and all other soluble nitrocellulose scrap, including plasticized soluble nitrocellulose scrap, but does not include any base solution, unwashed film scrap, still film, or nitrocellulose suitable for dynamite manufacture.

(2) "Smokeless powder scrap" means any rejected smokeless powder unsuited for military purposes and made available for protective coatings and industrial uses.

(3) "Film scrap" means discarded nitrate motion picture scrap but does not include still film.

(4) "Plasticized soluble nitrocellulose scrap" means plasticized nitrocellulose scrap excluding film scrap, whether washed or unwashed, and also excluding still film.

(5) "Base solution" means soluble nitrocellulose (as above defined) in solution form.

(6) "Producer" means any person producing soluble nitrocellulose by nitration, any person washing film scrap and, in the case of smokeless powder scrap or plasticized soluble nitrocellulose scrap, the person who processes such scrap, to the extent only, however, that such processing is necessary to render such scrap usable (as soluble nitrocellulose) for the manufacture of other products. The term also includes a person who dissolves or puts into solution soluble nitrocellulose in the production of base solution.

(7) "Dealer" means a person who purchases soluble nitrocellulose scrap for resale as soluble nitrocellulose.

(b) *Directions with respect to production.* The Director General for Operations may from time to time issue directions to a producer or producers with respect to the type of soluble nitrocellulose which may or must be manufactured, or with respect to the division of production among types of soluble nitrocellulose. He may also issue directions with respect to the formula or formulae to be used by producers in dissolving soluble nitrocellulose.

(c) *Restrictions on deliveries and use of soluble nitrocellulose and base solution.* (1) Subject to paragraph (d) hereof, no person shall deliver, accept delivery of, use or process soluble nitrocellulose or base solution except as specifically authorized or directed by the Director General for Operations.

(2) Authorizations or directions with respect to delivery and use to be made in each month, will so far as practicable be issued by the Director General for Operations prior to the commencement of each month, but the Director General for Operations may at any time at his discretion and notwithstanding the provisions of paragraph (d) hereof, issue directions with respect to deliveries to be made or accepted or with respect to the use or uses which may or may not be made of material to be delivered or then on hand. He may also at any time issue directions with respect to transportation of soluble nitrocellulose or base solution.

(3) Each person specifically authorized to accept delivery of soluble nitrocellulose or base solution shall use such material for the purpose authorized, and only for such purpose, except as otherwise specifically directed.

(4) Soluble nitrocellulose or base solution allocated for inventory shall not be used except as specifically directed by the Director General for Operations, except that soluble nitrocellulose allocated for inventory as base solution may be dissolved or processed to make base solution.

(5) Where application is for authorization to use soluble nitrocellulose (whether to be received from another or in the applicant's possession) in the manufacture of a product, the authorization granted shall, unless the contrary is expressly stated, be considered an authorization to use for the purpose stated not only soluble nitrocellulose but base solution made by the applicant from soluble nitrocellulose. Similarly, where the application is for authorization to accept delivery of soluble nitrocellulose for resale as base solution, the authorization granted shall, unless the contrary is expressly stated, be considered an authorization to dissolve the soluble nitrocellulose.

(6) Authorization to deliver base solution shall, unless the contrary is expressly stated, be considered authorization to dissolve or put into solution the quantity of soluble nitrocellulose, if any, which may be necessary, taking into consideration base solution on hand, to permit the authorized delivery.

(d) *Unrestricted deliveries and use.* Specific authorization of the Director General for Operations shall not be necessary for:

(1) Acceptance of delivery, use or processing by any person of 232 lbs., dry weight, in the aggregate of soluble nitrocellulose or base solution during any one calendar month, provided that such person has not been specifically authorized to accept delivery of, use or process any quantity of soluble nitrocellulose or base solution during such month.

(2) Delivery of soluble nitrocellulose or base solution by any person to any other person who shall have delivered to the person making delivery a certificate in substantially the following form:

The undersigned purchaser hereby certifies to the War Production Board and to his supplier that the amount of soluble nitrocellulose [base solution] hereby ordered for delivery in ----------, 1943, will not, (month)
taken together with all other amounts delivered or ordered for delivery in said month, exceed 232 lbs., the amount permitted by paragraph (d) (1) of General Preference Order M–196.

(Name of purchaser)
By ----------
(Duly authorized official)

(Title)

(Date)

Provided, however, That:

(i) No supplier shall make deliveries during any calendar month pursuant to this paragraph (d) (2), if such deliveries will prevent completion of any deliveries specifically authorized or directed to be made in such month; and

(ii) No supplier shall deliver an aggregate amount of soluble nitrocellulose and base solution in any calendar month pursuant to this paragraph (d) (2) in excess of one percent (1%) of the amount of soluble nitrocellulose and base solution (considered together) which he is specifically authorized to deliver in such month.

(3) Delivery of unprocessed smokeless powder scrap to any producer by the Ordnance Department of the United States Army or by the Bureau of Ordnance of the United States Navy, or the acceptance of delivery of such smokeless powder scrap by any producer from such Department or Bureau.

(4) Delivery of plasticized soluble nitrocellulose scrap to a producer, or to a dealer for resale to a producer. This paragraph (d) (4) does not permit the delivery of such plasticized scrap to any

person for use, or for sale for use, in the manufacture of any product other than soluble nitrocellulose or base solution, except where specifically authorized or directed by the Director General for Operations.

(5) The processing of smokeless powder scrap by any producer for one of the following purposes only:

(i) Use as an ingredient of new smokeless powder production;

(ii) Processing to the extent necessary to render such scrap usable (as soluble nitrocellulose or base solution) for the manufacture of other products.

(e) *Directions with respect to deliveries of unwashed film scrap.* The Director General for Operations may from time to time issue directions with respect to the delivery, acceptance of delivery, use or storage of unwashed film scrap by any person.

(f) *Certification of consumer use.* (1) No manufacturer who uses soluble nitrocellulose or base solution in the manufacture of any product (including lacquer, plastics and coated fabrics, but not including base solution) and who, to receive or use such soluble nitrocellulose or base solution, is required by paragraph (c) (1) hereof to obtain specific authorization of the Director General for Operations, shall accept or fill an order for such product unless the person placing the order shall, at or prior to the time of placing the order, have filed a certificate specifying the ultimate use to which such product is to be put. Such certificate may be placed on the purchaser's purchase order and shall be in substantially the following form:

The undersigned hereby certifies that the product covered by the accompanying purchase order will be used solely for the production of the products and materials listed above and that such products and materials will be used only for the purpose or purposes designated.

_____
(Name of customer)

By _____
(Authorized official)

_____
(Title)

_____
(Date)

The above certificate shall constitute a representation to (but shall not be filed with) War Production Board.

(2) The certification provided for in paragraph (f) (1) shall be sufficiently specific to enable the manufacturer with whom the order is placed accurately to indicate product use on the application for soluble nitrocellulose or base solution filed by him pursuant to paragraphs (g) and (h) respectively. "Furniture", for example, is not a sufficient description of ultimate use. The certificate must show, rather, whether the use of the product on furniture is as a sealer, finish coat or other type of application, and must also show the type of furniture and use to which it will be put; for example, home, office, Army.

(g) *Applications for delivery and use of soluble nitrocellulose.* Each person seeking authorization to accept delivery of, use or process soluble nitrocellulose during any calendar month (except as provided in paragraph (d) hereof), whether for own consumption or for resale either as soluble nitrocellulose or as base solution, shall file application therefor on or before the 15th day of the month preceding the month for which authorization for delivery or use is requested. Where delivery or use is sought for any period prior to March, 1943, application shall be filed as many days as possible in advance of the requested delivery or use. In any case, the application shall be made on form PD-600, in the manner prescribed therein, subject, however, to the following specific instructions:

(1) Copies of Form PD-600 may be obtained at the local field offices of the War Production Board.

(2) Five copies shall be prepared of which four shall be forwarded to the War Production Board, Chemicals Division, Washington, D. C., Ref: M-196; the fifth to be retained for applicant's files.

(3) In the heading, under the name of chemical, specify "soluble nitrocellulose"; under WPB Order No., specify "M-196"; under unit of measure, specify pounds, dry weight. On three of the copies furnished War Production Board, insert name of usual supplier under heading "Supplier with whom this order is placed" and give his shipping point. On the fourth copy filed with the War Production Board, leave this space blank.

(4) In Columns 1, 11 and 19, insert type of soluble nitrocellulose in terms of the following: prime nitrocellulose, processed smokeless powder scrap, washed film scrap, other scrap (specify) and where the type applied for is prime nitrocellulose, state viscosity number.

(5) In Columns 3, 20 and 22, specify primary product in terms of the following:

Lacquer
Dope
Plastic
Cement
Decalcomania
Coated fabric
Other (specify)
Resale (as soluble nitrocellulose)
Base solution for resale
Inventory (as soluble nitrocellulose)
Inventory (as base solution)

In no case specify base solution as your primary product except where requested for inventory or resale.

(6) In Column 4, specify ultimate use of product (for example, where the "primary product" called for by Column 3 is "laoquer", "ultimate use" might be "airplane wing coating"), and also specify in each case whether the person to whom you sell your product is Army, Navy, other Government Agency, Lend-Lease or commercial customer. Where the Form PD-600 is an application for soluble nitrocellulose for resale to others in the form of soluble nitrocellulose or of base solution, or is for inventory (either as soluble nitrocellulose or as base solution), leave Column 4 blank.

(7) Where the Form PD-600 is an application for soluble nitrocellulose for use solely in the manufacture of plastic, specify separately in Column 2 the quantities required for each customer for each primary product and product use; and in Column 10 list, opposite the applicable quantity and product use, the name of the customer to whom the plastic is being sold. Where several customers are buying for the same product use, the quantities in Column 2 must be listed separately for each customer.

(8) In each case where the application on Form PD-600 for authorization to accept delivery of or use soluble nitrocellulose is granted, one copy of Form PD-600 signed by the Director General for Operations will be returned to the applicant and, where the application is for authorization to accept delivery, a second copy will be sent by the War Production Board to the supplier selected by the War Production Board, with a letter from the Director General for Operations to such supplier authorizing delivery as indicated on such copy.

(h) *Applications for deliveries and use of base solution.* Each person seeking authorization to accept delivery of or use base solution during any calendar month, (except as provided in paragraph (d) hereof), shall file application therefor on or before the 15th day of the month preceding the month for which authorization for delivery or use is requested. Where delivery or use is sought for any period prior to March, 1943, application shall be filed as many days as possible in advance of the requested delivery or use. In any case, the application shall be made on Form PD-600, in the manner prescribed therein, subject, however, to the following specific instructions:

(1) Copies of Form PD-600 may be obtained at the local field offices of the War Production Board.

(2) Five copies shall be prepared of which four shall be forwarded to the War Production Board, Chemicals Division, Washington, D. C., Ref: M-196, the fifth to be retained for applicant's files.

(3) In the heading, under name of chemical, specify "base solution"; under WPB Order No., specify "M-196"; under unit of measure, specify pounds, dry weight. On three of the copies furnished War Production Board, insert name of usual supplier under heading "Supplier with whom this order is placed" and give his shipping point. On the fourth copy filed with the War Production Board leave this space blank.

(4) In Columns 1, 11 and 19, insert type of base solution in terms of the following: prime nitrocellulose, film scrap, smokeless powder scrap, other scrap (define).

(5) In Columns 3, 20 and 22 specify primary product in terms of the following.

Lacquer.
Dope.
Plastic.
Cement.
Decalcomania.
Coated fabric.
Other (specify).
Resale (as base solution).
Inventory (as base solution).

(6) In Column 4, specify ultimate use of product (for example, where the "primary product" called for by Column 3 is "lacquer", "ultimate use" might be "airplane wing coating"), and also specify in each case whether the person to whom you sell your product is Army, Navy, other government agency, Lend-Lease or commercial customer. Where the Form PD-600 is an application for base solution for resale to others or is for inventory, leave Column 4 blank.

(7) Where the Form PD-600 is an application for base solution for use solely in the manufacture of plastic, specify separately in Column 2 the quantities required for each customer for each primary product and product use; and in Column 10 list opposite the applicable quantity and product use the name of the customer to whom the plastic is being sold. Where several customers are buying for the same product use, the quantities in Column 2 must be listed separately for each customer.

(8) In each case where the application on Form PD-600 for authorization to accept delivery of or use base solution is granted, one copy of Form PD-600 signed by the Director General for Operations will be returned to the applicant and, where the application is for authorization to accept delivery, a second copy will be sent by the War Production Board, with a letter from the Director General for Operations to such supplier authorizing delivery as indicated on such copy.

(i) *Reports.* (1) Each producer of soluble nitrocellulose or base solution shall file Form PD-601 on or before the 15th day of each month, beginning with March, 1943. Such Form PD-601 shall be executed in the manner prescribed therein, subject to the following specific instructions:

(i) Copies of Form PD-601 may be obtained at local field offices of the War Production Board.

(ii) Two copies shall be prepared of which one shall be forwarded to the War Production Board, Chemicals Division, Washington, D. C., Ref: M-196, the second copy to be retained for producer's file.

(iii) In the heading, under name of chemical, specify "soluble nitrocellulose"; under WPB Order No., specify "M-196"; under name of company, state name and mailing address; under unit of measure, specify lbs., dry weight; in heading "This schedule is for deliveries to be made during the month of _____, 194_", strike out the words "to be" and specify the month which precedes the month in which Form PD-601 is filed.

(iv) List in Column 1 "Total small order deliveries last month", and in Column 4 specify the total quantity of soluble nitrocellulose or base solution (in pounds, dry weight) delivered by producer in such last month pursuant to paragraphs (d) (1) and (d) (2) hereof. In other respects, Table I shall be left blank in its entirety.

(v) In Column 8, insert type in terms of the following:

Prime nitrocellulose.
Processed smokeless powder scrap.
Washed film scrap.
Other scrap (specify).
Prime nitrocellulose solution.
Film scrap solution.
Smokeless powder scrap solution.
Other scrap solution (specify).

(vi) Leave blank Columns 15 and 16.

(2) The Director General for Operations may require each person affected by this order to file such other reports as may be prescribed and may issue special directions to any such person with respect to the preparing and filing of Forms PD-600 and PD-601.

(j) *Notification of customers.* Each supplier shall notify his regular customers as soon as possible of the requirements of this order but failure to receive such notice shall not excuse any person from complying with the terms hereof.

(k) *Miscellaneous provisions* — (1) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of the War Production Board priorities regulation, as amended from time to time, except Priorities Regulation No. 13, which shall be subject to this order to the extent that it is inconsistent herewith.

(2) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Division, Washington, D. C. Ref: M-196.

This amended order shall, on February 10, 1943, supersede General Preference Order M-196, issued August 6, 1942, and Amendment 1 thereto, issued August 31, 1942.

Issued this 3rd day of February 1943.

CURTIS E. CALDER,
Director General for Operations.

Chapter XI—Office of Price Administration

PART 1306—IRON AND STEEL

[RPS 49,[1] Amendment 11]

RESALE OF IRON OR STEEL PRODUCTS

A statement of the considerations involved in the issuance of this Amendment No. 11 has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Paragraphs (y) and (z) are added to § 1306.157, the head-note of § 1306.159 is amended, paragraph (a) (2) of § 1306.159 is amended, paragraph (s) is added to § 1306.159 and paragraph (k) is added to § 1306.158a, to read as set forth below.

§ 1306.157 *Definitions.* When used in Price Schedule No. 49, the term:

* * * * *

(y) "Imported" means entered into the continental United States from outside thereof for consumption therein or withdrawn from a bonded warehouse in the United States for consumption therein.

(z) "Total landed costs" means the sum of the price charged by the foreign seller, plus all the costs, expenses and charges, including customs duties and import taxes, if any, incurred by a seller with respect to a shipment of an imported iron or steel product from the point of shipment outside the continental United States to the point in the continental United States designated by the seller for initial delivery.

§ 1306.159—*Appendix A: Domestic, export and import maximum prices for iron and steel products.*—(a) *Maximum delivered prices in any city, whether listed or unlisted, or free delivery area, in which the seller is located.* * * *

(2) Extras which were customarily charged as of April 16, 1941, may be computed in the maximum delivered price: *Provided*, That such extras do not exceed those established and charged on April 16, 1941, by sellers listed in § 1306.160 Appendix B of Price Schedule No. 49. Extras listed but not customarily charged as of April 16, 1941, shall not be charged. Deductions customarily granted as of April 16, 1941, shall be deducted in computing the maximum delivered price. Where a seller has paid a mill the extra for full finish or cold reduced finish on cold rolled sheets of No. 13 U. S. S. gauge and heavier, as allowed by the provisions of § 1306.8 (b) of Revised Price Schedule No. 6, he may charge an extra for No. 11 U. S. S. gauge and heavier of $1.00 per 100 pounds, and an extra for No. 12 and No. 13 U. S. S. gauge of $0.50 per 100 pounds.

* * * * *

(s) *Maximum prices for imported iron or steel products.* (i) The maximum delivered price for sales or deliveries of any iron or steel product imported prior to April 16, 1941, shall be the price for the product as established by the provisions of Revised Price Schedule No. 49 without reference to subdivision (ii) below.

(ii) The maximum delivered price for sales or deliveries of any iron or steel product imported on and after April 16, 1941, shall be the price for the product as established by the Office of Price Administration, upon application by the seller. In establishing such price, the Office of Price Administration shall take into consideration the importance of the product to the war effort, and, wherever appropriate, any increase in the total landed costs of the product over the total landed costs of the same product or a similar product sold by the seller or a similar seller on or about April 16, 1941. The application by the seller shall include a proposed price and all information which he considers necessary for the Office of Price Administration to judge that proposed price and to determine the price to be established: *Provided*, That no petition or application for amendment, adjustment, exception or other relief made by the buyer of an imported iron or steel product will be entertained by the Office of Price Administration to the extent that such petition or application is based, directly or indirectly, on the purchase from a seller of an imported iron or steel product at a price higher than the price established under subdivision (i) above for the same or similar imported iron or steel product. If the seller of the imported iron or steel product has applied or intends to apply to the Office of Price Administration for the establishment of a price under the provisions of this subdivision (ii), he shall prior to the time of selling or agreeing to sell the product notify the buyer in writing of the above limitation. In any case, under this subparagraph, where a maximum delivered price is to be determined by the Office of Price Administration, a seller may prior to such determination contract, sell, bill and deliver at an adjustable price, the definite price to be finally determined by the Office of Price Administration.

[MPR 107,[1] Amendment 8]

USED TIRES AND TUBES

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

A new § 1315.1351b is added; paragraph (c) in § 1315.1355 is revoked, and paragraph (d) is redesignated paragraph (c); a new subparagraph (18) is added to paragraph (a) in § 1315.1358, as set forth below:

§ 1315.1351b *Federal excise tax on factory rebuilt tubes.* The amount of the Federal excise tax paid in connection with any factory rebuilt tube may be added to the maximum price set forth for such tube in Appendix A or B (§§ 1315.1360 and 1315.1361): *Provided,* That the person who rebuilt such tube has plainly marked it, by tag or otherwise, with the words "Factory Rebuilt" and that such marking has not been removed before the delivery of the tube to the purchaser.

§ 1315.1358 *Definitions.* • • •

(18) "Factory rebuilt tube" means a used tube in which at least one damaged portion has been replaced by splicing and vulcanizing into the tube a sound portion of another tube or which has been cut down to a smaller size by splicing and vulcanizing together sound portions of the tube.

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[MPR 220,[1] Amendment 3]

CERTAIN RUBBER COMMODITIES

A statement of the considerations involved in the issuance of this Amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Sections 1315.1553, 1315.1555 and 1315.1559 are amended; in § 1315.1556 the first paragraph of paragraph (a) is amended and a new sentence is added to paragraph (b); in § 1315.1557 the text preceding paragraph (a) is amended, the last sentence of paragraph (c) is amended, a new sentence is added to paragraph (d) and a new paragraph (e) is added and in § 1315.1558 the second sentence of paragraph (b) is amended, all as set forth below:

§ 1315.1553 *Maximum prices for rubber commodities delivered or offered for delivery during March, 1942.* (a) The maximum price for a sale by a manufacturer of any rubber commodity which is the same as a commodity which was delivered or offered for delivery in March, 1942, by the manufacturer, shall be the highest price charged by the manufacturer during March, 1942, (as defined in paragraph (a)(1) of § 1315.1564) for the commodity less the deduction required by the next paragraph (b), wherever applicable.

(b) If, during March, 1942, the manufacturer did not customarily state and collect separately from the purchase price the federal excise tax on rubber commodities, he shall deduct the amount of such tax from the maximum price determined in accordance with the provisions of paragraph (a) of this section.

§ 1315.1555 *First pricing method; minor changes.* The maximum price of any commodity differing from a commodity delivered or offered for delivery by the manufacturer during March, 1942, only by reason of minor changes in material, design, or construction which do not reduce cost of materials or prevent its offering fairly equivalent serviceability shall be the maximum price (determined in accordance with § 1315.1553) of the commodity delivered or offered for delivery during that period.

§ 1315.1556 *Second pricing method: Changes necessitated by shortages of materials or parts*—(a) *Maximum prices.* The maximum price of any rubber commodity which cannot be priced under § 1315.1555 and which differs from a commodity delivered or offered for delivery by the manufacturer during March, 1942, only because of changes necessitated by shortages of materials or parts, shall be determined as follows: The manufacturer shall first determine the maximum price to each class of purchaser (in accordance with § 1315.1553) of the commodity delivered or offered for delivery during March, 1942. The manufacturer shall then determine the maximum price of the changed commodity for each class of purchasers by adding to or subtracting from this price for the particular class of purchasers, the increase or decrease in direct costs resulting from the changes. The seller must determine the maximum price of a commodity priced under this section before he first offers it for sale. Once the seller has determined his maximum price for the sale of a particular commodity to a particular class of purchasers under this section, that price is his maximum for all future sales of that commodity to that class of purchasers.

• • • • •

(b) *Reports of maximum prices.* • • • The report required by this paragraph (b) shall not be made on orders of less than $25.00.

§ 1315.1557 *Third pricing method: Other than minor changes or changes necessitated by shortages of materials or parts.* The maximum price of any commodity which cannot be priced under §§ 1315.1555 or 1315.1556 shall be the price determined by the use of the following formula: The maximum price shall be the sum total of direct costs and gross margin, less the deduction required by paragraph (e) of this section wherever applicable, determined as follows:

• • • • •

(c) *Maximum price for standard list items.* • • • This adjustment in the maximum price of the commodity shall be made between 45 and 75 days after the manufacturer begins the production of such commodity as a standard list item.

(d) *Reports of maximum prices.* • • • The report required by this paragraph (d) shall not be made on orders of less than $25.00.

(e) *Deduction of the amount of the federal excise tax on rubber commodities.* If, during March, 1942, the manufacturer did not customarily state and collect separately from the purchase price the federal excise tax on rubber commodities, he shall deduct the amount of such tax from the maximum price determined in accordance with the provisions of paragraphs (a) to (c), inclusive of this section.

§ 1315.1558 *Fourth pricing method; specific authorization by the Office of Price Administration.* • • •

(b) • • • The report shall contain: (1) a description in detail of the commodity (including the manufacturing process); (2) a statement of the facts which make it necessary to price the commodity under this section; (3) a proposed pricing method and the price for the commodity determined in accordance with this method; and (4) a statement of the reasons why the manufacturer believes that the use of this method results in prices which are in line with the level of maximum prices established by this regulation. • • •

§ 1315.1559 *Terms and conditions of sale.* (a) Except for such changes as result from the application of the pricing methods contained in §§ 1315.1556 or 1315.1557, no manufacturer shall change the allowances, discounts or other price differentials which he had in effect during March, 1942, for the same or similar types of commodities unless such change results in a lower net price.

(b) No manufacturer shall require any purchaser, and no purchaser shall be permitted, to pay a larger proportion of transportation costs incurred in the delivery of rubber commodities than the manufacturer required purchasers of the same class to pay on deliveries of the same or similar types of commodities during March, 1942.

§ 1315.1567 *Effective dates of amendments.* • • •

(c) Amendment No. 3 (§§ 1315.1553; 1315.1555; 1315.1556; 1315.1557; 1315.1558 (b); 1315.1559) to Maximum Price Regulation No. 220 shall become effective February 8, 1943.

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[Ration Order 1A,[1] Amendment 7]

TIRES, TUBES, RECAPPING AND CAMELBACK

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Section 1315.809 is revoked; paragraph (d) of § 1315.302 is revoked and paragraph (e) thereof is redesignated paragraph (d); paragraph (a) (4) of § 1315.607 is revoked and a new paragraph (b) (4) is added to § 1315.607; a new paragraph (g) is added to § 1315.509; and a new paragraph (g) is added to § 1315.602 as set forth below; paragraph (b) of § 1315.508, paragraphs (a) and (d) of § 1315.509, paragraph (d) of § 1315.602 and subparagraphs (1) and (3) of § 1315.1003 (a) are amended to read as follows:

§ 1315.508 • • •

(b) *Limitation upon applications.* An applicant who has obtained a certificate authorizing him to acquire camelback under § 1315.805 of the Revised Tire Rationing Regulations[2] or under this section may not thereafter file another application, except for authority to purchase camelback for molds which he acquired subsequent to the issuance of the certificate.

§ 1315.509 *Eligibility for allotment of tires and tubes.* (a) *Applicant must be a dealer or intend to become a dealer.* A State Director or District Manager may issue certificates authorizing the following persons to acquire allotments of passenger-type tires and tubes:

(1) A person who was a dealer on December 31, 1942 and who filed OPA Form R-17 for the quarter ending December 31, 1942 for the establishment for which application is made or was exempted from filing OPA Form R-17 for such establishment under § 1315.1007 (b);

(2) A person who intends in good faith to become a dealer if he, or a person in his employ, has had previous experience in the sale and servicing of tires, possesses equipment and facilities necessary to inspect and service tires properly and agrees to become a tire inspector. The State Director or District Manager may refuse to authorize the allotment if granting it will defeat or impair the effectiveness or policy of this Ration Order No. 1A.

• • • • • •

(d) *Amount of allotment of used tires.* Each applicant may be allotted one used passenger-type tire (recappable carcasses, repairable tires, recapped tires and used tires serviceable without recapping or repairing) for each $1,000 of his 1941 retail and wholesale net dollar sales of passenger-type tires and tubes from the establishment for which the allotment is sought, but any applicant shall be entitled to at least twelve (12) such used passenger-type tires: *Provided,* That an applicant who is eligible under paragraph (a) (2) (new dealers) may not secure an allotment of used passenger-type tires under this paragraph.

• • • • • •

(g) *Calculation of sales by dealers in business part of 1941.* In determining his allotments under this section, an applicant who was a dealer for at least one (1) month in 1941 but for less than the entire year, may calculate his retail and wholesale net dollar sales of passenger-type tires and tubes by multiplying by twelve (12) his average monthly sales for the time during 1941 that he was a dealer.

§ 1315.602 *Filing of applications.* • • •

(d) *Allotment of camelback for recappers.* Applications for certificates authorizing the acquisition of an allotment of camelback shall be filed on OPA Form R-9 (Revised) with the State Director or District Manager for the area in which the principal place of business of the applicant is located.

• • • • • •

(g) *Allotment of tires and tubes for new dealers.* Applications by persons eligible under § 1315.509 (a) (2) (new dealers) for an allotment of passenger-type tires and tubes shall be filed on OPA Form R-55 with the State Director or District Manager for the area in which the establishment for which the allotment is sought is to be located.

PART 1372—SEASONAL COMMODITIES

[MPR 315]

LEAD ARSENATE

In the judgment of the Price Administrator, it is necessary and proper, in order to effectuate the purposes of the Emergency Price Control Act of 1942 as amended, and Executive Order 9250, issued by the President on October 3, 1942, that maximum prices for the sale of lead arsenate by manufacturers and distributors be established by a specific maximum price regulation.

In the judgment of the Price Administrator, the maximum prices established by this regulation are generally fair and equitable, and will effectuate the purposes of the said act, as amended, and of the said executive order. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

So far as practicable, the Price Administrator has ascertained and given due consideration to the prices of lead arsenate prevailing between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

Therefore under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 as amended, and Executive Order 9250, and in accordance with Revised Procedural Regulation No. 1,[1] issued by the Office of Price Administration, Maximum Price Regulation No. 315 is hereby issued.

Sec.

1372.201 Applicability of this Maximum Price Regulation No. 315.
1372.202 Prohibition against sales above maximum prices.
1372.203 List of maximum prices which manufacturers may charge for lead arsenate.

AUTHORITY: §§ 1372.201 to 1372.213, inclusive, issued under Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871.

§ 1372.201 *Applicability of this Maximum Price Regulation No. 315*—(a) *What transactions are covered.* This regulation applies to sales of lead arsenate by manufacturers and by distributors. This regulation does not apply to sales at retail prices for which are established by Maximum Price Regulation 144,[2] as amended.

(b) *Geographic applicability.* The provisions of this regulation apply to the forty-eight states of the United States and to the District of Columbia.

§ 1372.202 *Prohibition against sales above maximum prices.* (a) On and after February 8, 1943, regardless of any contract or obligation, no person shall sell or deliver lead arsenate at prices higher than the maximum prices established by this regulation. No person shall buy or receive lead arsenate in the course of trade or business at prices higher than the maximum prices established by this regulation. Nor shall any person agree, offer, solicit, or attempt to do any of these things. However, prices lower than the maximum prices may be charged and paid.

(b) The provisions of this section shall not apply to sales or deliveries of lead arsenate which prior to February 8, 1943 have been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to the purchaser; and in the case of sales by distributors, the provisions of this section shall apply only to goods shipped to them by manufacturers on or after the effective date of this regulation.

§ 1372.203 *List of maximum prices which manufacturers may charge for lead arsenate.* (a) The maximum prices that manufacturers may charge for lead arsenate, delivered to the purchaser, when sold in quantities of 96 pounds or more, shall be:

STANDARD LEAD ARSENATE POWDER

Item	Maximum prices per pound to other manufacturers or distributors	Maximum prices per pound to all other purchasers
5-pound bags or larger:		
Carlots	$0.11	$0.11½
Less than carlots	.11½	.12
1-pound bags:		
Carlots	.16	.20
Less than carlots	.16½	.20½
1-pound cartons:		
Carlots	.18	.22
Less than carlots	.18½	.22½
½-pound cartons:		
Carlots	.21	.25
Less than carlots	.21½	.25½

STANDARD LEAD ARSENATE PASTE

Carlots	$0.05¾	$0.06
Less than carlots	.06	.06¼

BASIC LEAD ARSENATE POWDER

5-pound bags or larger:		
Carlots	$0.11½	$0.12
Less than carlots	.12	.12½
1-pound cartons:		
Carlots	.18½	.22½
Less than carlots	.19	.23

(b) Sales in quantities of less than 96 pounds may be made at the above maximum prices f. o. b. the manufacturer's factory or warehouse.

§ 1372.204 *Maximum prices which distributors may charge for lead arsenate*—(a) *If manufacturers' prices are unchanged.* If the maximum prices that may be charged by the manufacturer from whom the distributor buys are not changed by this regulation, the distributor's maximum prices are not changed, but remain as established under the General Maximum Price Regulation.

(b) *If manufacturers' prices are increased or reduced.* If the maximum prices that may be charged by the manufacturer from whom the distributor buys are increased or reduced by this regulation, the distributor's maximum prices shall be increased or reduced, as the case may be, by a like amount in dollars and cents.

(c) *If the distributor has not previously established maximum prices.* If a distributor has not previously established maximum prices for lead arsenate, his maximum prices shall be the maximum prices for lead arsenate of his most closely competitive seller of the same class established under this regulation.

§ 1372.205 *Customary allowances and discounts.* No manufacturer or distributor is permitted to change his customary allowances, discounts, and price differentials, including allowances, discounts, and price differentials for different classes of purchasers, unless such change results in a lower net price.

§ 1372.206 *Notification by manufacturers of price changes.* If reductions or increases of the manufacturer's maximum prices for lead arsenate result from the provisions of this regulation, every manufacturer shall supply a written statement to each purchaser at or before the time of first delivery after the price reduction or increase becomes effective, and shall attach on or include within each shipping case the written statement. If the statement is included within the shipping case, a legend shall be affixed on the outside of the case reading, "Pricing Notice Enclosed". The written statement shall read as follows:

The OPA has authorized us to increase (required us to reduce) the ceiling price on ---------- by $ ----------. You are allowed to increase (required to reduce) your ceiling price for this product by the same amount. If any sale by a distributor is a split case sale, such distributor shall supply the purchaser with a copy of this notice. OPA requires distributors and dealers to keep this notice for examination.

§ 1372.207 *Export sales.* The maximum prices at which a person may export lead arsenate shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation[3] issued by the Office of Price Administration.

§ 1372.208 *Petitions for amendment.* Any person seeking a modification of any provision of this Maximum Price Regulation No. 315 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1,[4] issued by the Office of Price Administration.

§ 1372.209 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 315 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase, or receipt, of or relating to lead arsenate, alone or in conjunction with any other commodity, or by way of commission, service, transportation, or other charge, or discount, premium, or other privilege, or by tying agreement or other trade understanding, or by any other means.

§ 1372.210 *Enforcement.* Persons violating any provision of this Maximum Price Regulation No. 315 are subject to the criminal penalties, civil enforcement actions, and suits for treble damages, and proceedings for suspension of licenses, provided for by the Emergency Price Control Act of 1942 as amended. Persons having evidence of any violation of this regulation are urged to communicate with the nearest field, state, or regional office of the Office of Price Administration on, or with the principal office in Washington, D. C.

§ 1372.211 *To what extent the General Maximum Price Regulation applies.* The provisions of this Maximum Price Regulation No. 315 supersede the provisions of the General Maximum Price Regulation[5] with respect to sales and deliveries for which maximum prices are established by this regulation. The following sections of the General Maximum Price Regulation, as well as amendments to them, shall apply to manufacturers and distributors of lead arsenate:

(1) Transfers of business or stock in trade (§ 1499.5).

(2) Federal and state taxes (§ 1499.7).

(3) Current records (§ 1499.12).

(4) Registration (§ 1499.15).

(5) Licensing (§ 1499.16).

§ 1372.212 *Definitions.* (a) When used in this Maximum Price Regulation No. 315, the term:

(1) "Lead arsenate" means standard lead arsenate powder, standard lead arsenate paste, and basic lead arsenate powder.

(2) "Standard lead arsenate powder" means a dry chemical combination of arsenic pentoxide and lead monoxide containing not less than 30 per cent arsenic pentoxide and not less than one part of arsenic pentoxide to 2.14 parts of lead monoxide.

(3) "Standard lead arsenate paste" means a mixture of standard lead arsenate powder and water, containing not more than 50 per cent water.

PART 1394—RATIONING OF FUEL AND FUEL PRODUCTS

[Ration Order 5C,[1] Amendment 20]

MILEAGE RATIONING: GASOLINE REGULATIONS

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Paragraph (a) of § 1394.8002; paragraph (b) of § 1394.8051, paragraph (a) of § 1394.8104, and § 1394.8108 are amended; a new paragraph (f) to § 1394.8004, and a new paragraph (t) to § 1394.8352 are added; as set forth below:

General Provisions With Respect to Issuance of Rations and Tire Inspection Records

§ 1394.8002 *Presentation of registration card.* (a) Except as provided in paragraph (b) of this section, no basic ration and no special ration issued pursuant to subparagraphs (1) or (2) of paragraph (b) of § 1394.7851 shall be issued for any motor vehicle unless a registration card or registration certificate authorizing the operation of such vehicle during all or part of the period for which such ration is to be issued, is presented to the registrar or the Board, as the case may be.

* * * * *

§ 1394.8004 *Notation on ration books, applications, coupons, and tire inspection records.* * * *

(f) At the time of issuance of any ration in connection with which the presentation of a tire inspection record is required pursuant to paragraph (a) of § 1394.8010, the person issuing such ration shall make a clear notation in ink, indelible pencil, or by typewriter on the tire inspection record of the vehicle, showing the date of issuance, the class of ration, the serial number of the ration book, if any, issued and the date of expiration of such ration.

Renewal of Rations and Issuance of Further Rations

§ 1394.8051 *Renewal of rations.* * * *

(b) If there have been no substantial changes since the date of the original application in the applicant's gasoline needs, or in the nature, amount, and conditions of use of the motor vehicle for which the original ration was issued, and if such original application accurately calculated the applicant's requirements, application for a renewal thereof (except in the case of a basic, special or transport ration) may be made by executing Form OPA R-543. The applicant shall in such case note on such form any changes in the nature or amount of his use since the date of the original application. If the applicant or principal user is employed at an establishment or facility described in subparagraph (3) of paragraph (a) of § 1394.7704 such form must be certified as indicated thereon by an official in charge of an organized transportation plan at such place of employment. If the Board is satisfied that there have been no substantial changes in the applicant's gasoline needs, or in the nature, amount and conditions of use of the motor vehicle for which the original ration was issued it may issue a renewal of such ration without requiring execution by the applicant of a new original application. An applicant may renew a Transport ration by filling in the pertinent information on the face of the form for the period for which the ration is required and executing the renewal certificate: *Provided*, That if the certificate of war necessity, if any, effective at the time of the original ration, has been revoked or modified in any manner the applicant shall execute a new application.

* * * * *

Expiration, Revocation and Redetermination of Rations

§ 1394.8104 *Coupon books property of Office of Price Administration; summary revocations.* (a) All coupon books, bulk coupons, inventory coupons, other evidences and tire inspection records are, and when issued shall remain, the property of the Office of Price Administration. The Office of Price Administration may refuse to issue, and may suspend, cancel, revoke, or recall any ration and may require the surrender and return of any coupon book, bulk coupon, inventory coupons, other evidences and tire inspection records during suspension or pursuant to revocation or cancellation, whenever it deems it to be in the public interest to do so.

* * * * *

§ 1394.8108 *Presentation of registration cards and tire inspection records upon revocation of ration and notation thereon.* Whenever a ration is revoked in whole or in part and the person to whom such ration has been issued is directed to surrender any coupons or coupon books pursuant to the provisions of Ration Order No. 5C, such person shall, if the ration was issued for the operation of a motor vehicle, present the tire inspection record and the registration card or registration certificate, if any, of the motor vehicle for which such ration was issued at the time of surrendering such coupons or coupon books, to the Board, State Director, District Manager or Regional Administrator. Thereupon such officer or the Board shall make a clear notation in ink, indelible pencil, or by typewriter on the back of the tire inspection record and the registration card or registration certificate, if any, stating that such ration has been revoked, or, if it has been revoked in part, the extent to which it has been revoked.

Effective Dates

§ 1394.8352 *Effective dates of amendments.* * * *

(t) Amendment No. 20 (§§ 1394.8002 (a), 1394.8004 (f), 1394.8051 (b), 1394.8104 (a), 1394.8108) to Ration Order 5C shall become effective February 8, 1943.

(Pub. Law 671, 76th Cong., as amended by Pub. Laws 89, 421 and 507, 77th Cong.; W.P.B. Dir. No. 1, Supp. Dir. No. 1Q, 7 F.R. 562, 9121, E.O. 9125, 7 F.R. 2719)

(3) All other warehouse and yard sales. * * *

(ii) *"Plywood distribution plant sale".* A "plywood distribution plant sale", is either of the following types of sales:

(*a*) Any sale by a plywood distribution plant of plywood in the regular stock of the distribution plant at the time of sale. A plywood distribution plant is a wholesale or retail warehouse or yard which does not process plywood from Douglas fir peeler logs and which during the first six months of 1941 received more than 20 percent of its dollar income from sales of plywood or veneer of any kind.

(*b*) Any sale by a warehouse or yard to another warehouse or yard of plywood in warehouse or yard inventory at the time of sale. In these sales the selling warehouse or yard is considered a "plywood distribution plant".

(iii) *Sales included under "all other warehouse or yard sales".* The term "all other warehouse or yard sales" covers any sale of Douglas fir plywood which is not a direct-mill sale or a plywood distribution plant sale. This means the term includes all plywood sales by yards and warehouses other than plywood distribution plants, except

(*a*) Sales to other warehouses and yards, and

(*b*) Direct-mill sales.

* * * * *

§ 1413.5 *Maximum prices for all other warehouse or yard sales of Douglas fir plywood.* The maximum price for all other warehouse or yard sales of plywood is to be computed in the same manner as the ceiling price for plywood distribution plant sales, except that two changes are to be made in figuring the ceiling price:

(a) Inbound transportation charges are to be figured on the basis of the location of the warehouse or yard (rather than the location of a plywood distribution plant). This means that inbound transportation in all cases is to be figured at the carload freight rate for a shipment direct from the mill to the warehouse or yard (regardless of whether the warehouse or yard purchased in less than carload quantities from a mill or purchased from a plywood distribution plant or another warehouse or yard).

(b) The mark-up on the sum of the carload f. o. b. mill price (for direct-mill shipments) and inbound carload freight (figured according to paragraph (a) above) shall be not more than 33⅓ percent in sales of 1,000 square feet or more of Douglas fir plywood, or 45 percent in sales of less than 1,000 square feet of Douglas fir plywood.

§ 1413.13a *Effective dates of amendments.* (a) Amendment No. 1 (§§ 1413.2 (b) (3) (ii) and (iii); 1413.4 (d); 1413.5; and 1413.13a) shall become effective February 8, 1943.

PART 1499—COMMODITIES AND SERVICES

[Amendment 100 to Supp. Reg. 14,[2] to GMPR,[3]]

SALT LAKE HERRING

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.* A new subparagraph (61a) is added to paragraph (a) of § 1499.73 as set forth below:

§ 1499.73 *Modification of maximum prices established by § 1499.2 of General Maximum Price Regulation for certain commodities, services and transactions.* (a) The maximum prices established by § 1499.2 of General Maximum Price Regulation for the commodities, services and transactions listed below are modified as hereinafter provided.

* * * * *

(61a) *Salt lake herring*—(i) *First processor's maximum prices for salt lake herring.* The maximum price of salt lake herring f. o. b. the point of production per 100 lb. keg shall be the maximum price as determined under § 1499.2, General Provisions, of the General Maximum Price Regulation, plus 75 cents.

(ii) *Final processor's maximum prices for salt lake herring.* The maximum price for salt lake herring f. o. b. the manufacturing plant per pound shall be the maximum price as determined under § 1499.2, General Provisions, of the General Maximum Price Regulation plus one cent.

(iii) *Records and reports.* (*a*) Every first and final processor making a sale of salt lake herring, or otherwise dealing therein, after February 7, 1943, shall keep for inspection by the Office of Price Administration for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, complete and accurate records of each such sale or transaction, showing the date thereof, the name and address of the buyer or recipient, the price contracted for or received, and the quantity sold or delivered.

(*b*) Every first and final processor shall (*1*) preserve for examination by the Office of Price Administration all his existing records from March 1942 relating to sales of salt lake herring; (*2*) file with the appropriate field, district, regional or state office of the Office of Price Administration on or before February 22, 1943, a statement showing the highest price per unit during March 1942 for which he sold or delivered salt lake herring, and the maximum prices determined hereunder for each container size and style of pack of salt lake herring; (*3*) preserve and keep such other records and shall submit such other reports to the Office of Price Administration in addition to or in place of the records above specified as the Office of Price Administration may from time to time require.

(iv) *Definitions.* For the purposes of this subparagraph (61a) the term:

(*a*) "Salt lake herring" means a fish of the species of leucichthysartedi, where the same is caught in one of the following Great Lakes: Superior, Michigan and Huron, and is back split, eviscerated and preserved by salt packing in the usual container.

(*b*) "First processor" means any person who salts lake herring which are destined for future processing.

(*c*) "Final processor" means a person who repacks salt herring for sale in the form in which it is sold at retail.

(b) *Effective dates.* * * *

(101) This Amendment No. 100 to Supplementary Regulation No. 14 shall become effective February 8, 1943.

PART 1499—COMMODITIES AND SERVICES

[Order 259 Under § 1499.3 (b) of GMPR]

EASTMAN KODAK CO.

For the reasons set forth in an opinion issued simultaneously herewith, *It is ordered:*

§ 1499.1495 *Approval of maximum prices for sales of naphthalic anhydride by the Eastman Kodak Company.* (a) The maximum price for sales by the Eastman Kodak Company of Rochester, New York, of naphthalic anhydride manufactured from acenaphthene, sodium bichromate, and acetic acid by laboratory methods is established at $40.00 per kilogram, f. o. b. Rochester, New York.

(b) This Order No. 259 may be revoked or amended by the Price Administrator at any time.

(c) This Order No. 259 (§ 1499.1495) shall become effective on February 2, 1943.

PART 1499—COMMODITIES AND SERVICES

[Order 260 Under § 1499.3 (b) of GMPR]

AGRICULTURAL INSECTICIDES AND FUNGICIDES

For reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register,* and pursuant to the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250, and § 1499.3 (b) of the General Maximum Price Regulation, *It is ordered:*

§ 1499.1496 *Method by which manufacturers shall determine maximum prices for sales other than at retail of agricultural insecticides and fungicides that cannot be priced under § 1499.2 of the General Maximum Price Regulation.* (a) Any manufacturer of an agricultural insecticide or fungicide may determine his maximum price for sales thereof, other than at retail, for which the maximum price cannot be established under § 1499.2 of the General Maximum Price Regulation, by the following method:

(1) He shall select a comparable agricultural insecticide or fungicide manufactured by him. A "comparable insecticide or fungicide" is one which is manufactured by the same process and which is also most like the product being priced in kind and cost of ingredients, and for which a maximum price has been established;

(2) He shall compute the difference between the delivered cost of the ingredients used in the manufacture of the comparable product and of the ingredients used in the manufacture of the product being priced;

(3) He shall add or subtract, as the case may be, the difference computed in the preceding paragraph to or from his maximum price for the comparable product. The resulting figure shall be the maximum price for the product being priced.

(b) Within ten days after any manufacturer has determined a maximum price under this order, he shall report to the Office of Price Administration in Washington, D. C., the following information: (1) The quantity and the delivered cost of each of the ingredients used in the manufacture of the comparable product and in the manufacture of the product being priced; (2) the maximum price of the comparable product; (3) the maximum price of the product being priced under this order.

(c) The maximum price reported by any manufacturer in accordance with the provisions of this order shall be subject to adjustment at any time by the Price Administrator.

(d) The manufacturer's maximum price for sales other than at retail for an agricultural insecticide or fungicide which cannot be priced under paragraph (a) of this order shall be determined under § 1499.3 (b) of the General Maximum Price Regulation.

(e) (1) "Agricultural insecticides and fungicides" mean all dusts, spray materials, fumigants, poison baits, and like commodities used for the purpose of controlling insects on or in relation to all plants, trees, seeds, bulbs, crops, poultry, and farm animals; all such commodities used for the purpose of controlling fungous diseases of all plants, trees, seeds, bulbs, and crops, and nutritional sprays.

(2) "Comparable product" means the comparable agricultural insecticide or fungicide which is manufactured by the same process, and which is also most like the product being priced in kind and cost of ingredients, and for which a maximum price has been established.

(3) "Manufacturer" means a person who produces, manufactures, processes or mixes agricultural insecticides and fungicides.

(4) "Maximum price" means the maximum price to a purchaser of the same class.

(5) "The same process" means a manufacturing or mixing operation in which there are employed substantially the same kinds and amounts of equipment and labor and the same methods as are employed in the process by which the product being priced is manufactured or mixed.

(f) This Order No. 260 (§ 1499.1496) may be revoked or amended at any time by the Office of Price Administration.

(g) This Order No. 260 (§ 1499.1496) shall become effective February 3, 1943.

Issued this 2d day of February 1943.

PRENTISS M. BROWN,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Order 182 Under § 1499.18 (b) of GMPR]

WICKBURY, LTD.

Order No. 182 under § 1499.18 (b) of the General Maximum Price Regulation—Docket No. GF3-655.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, *It is ordered:*

§ 1499.1083 *Adjustment of maximum price for the handkerchief sold by Wickbury Ltd.* (a) Wickbury Ltd., 261 Fifth Avenue, New York, New York, may sell and deliver and any person may buy and receive the following men's linen handkerchief at a price no higher than that set forth below:

Lot No.	Count	Cloth	Cut size	Dollars per dozen
8121	1400	Linen	18" x 18"	3 64

(b) The price set forth in paragraph (a) of this section shall be subject to the same terms and conditions of sale as were granted during March, 1942.

(c) *Retail prices.* Retailers may not charge for the handkerchief listed in paragraph (a) of this section a price in excess of their maximum price as established under the General Maximum Price Regulation.

(d) Wickbury Ltd. shall cause the following notice to be sent, in writing, to all persons who purchase from it the handkerchief listed in paragraph (a) of this section:

The Office of Price Administration has permitted us to raise our maximum price for sales to you of the following handkerchief to the price set forth below:

Lot No.	Count	Cloth	Cut size	Dollars per dozen
8121	1400	Linen	18" x 18"	3 64

This increase represents only that part of cost increases which we were unable to absorb and it was granted with the understanding that retail prices would not be raised. The Office of Price Administration has not permitted you or any other seller to raise maximum prices for sales of this handkerchief.

(e) All prayers of the petition not granted herein are denied.

(f) This Order No. 182 is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(g) This Order No. 182 may be revoked or amended by the Price Administrator at any time.

(h) This Order No. 182 shall become effective February 3, 1943.

PART 1377—WOODEN CONTAINERS

[Rev. MPR 186]

WESTERN WOODEN AGRICULTURAL CONTAINERS

The title, the preamble, and §§ 1377.101 to 1377.110, inclusive, are renumbered and amended to read as set forth below; and §§ 1377.111 to 1377.116, inclusive, are revoked.

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

AUTHORITY: §§ 1377.101 to 1377.110, inclusive, issued under the authority contained in Pub. Laws 421 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871.

§ 1377.101 *Sale or assembly of Western wooden agricultural containers at higher than maximum prices prohibited.* (a) On and after February 3, 1943, regardless of any contract or other obligation, no person shall sell, assemble, warehouse, or deliver, and no person shall buy or receive in the course of trade or business, any Western wooden agricultural containers, or any assembly, warehouse or delivery service performed in connection with these containers, at prices higher than the maximum prices fixed by this regulation; and no person shall agree, offer or attempt to do any of these things. The maximum prices are set out in Appendix A (§ 1377.110).

(b) Prices lower than the maximum prices may, of course, be charged and paid.

§ 1377.102 *To what products, services, and persons this regulation applies—*(a) *Products covered by the regulation.* This regulation, under the term "Western wooden agricultural containers," covers: All sawn shook agricultural containers and veneer covers for such containers produced in the "western area," which means the states of California, Washington, Oregon, Idaho, Montana, Wyoming, Utah, Nevada, Arizona, and New Mexico. The term "agricultural container" means any assembled or unassembled box, crate, case, tray, lug, carrier, or similar container made principally of wood, and customarily used for handling, packaging, shipping, or storing fruits and vegetables (whether fresh, dried or canned). It includes any constituent wooden part (shook) of the kind of containers mentioned, if it is ready to be assembled into the container, and also includes carstrips, bracing and industrial crating strips.

This regulation does not cover army ration boxes, veneer containers, cooperage products or parts, used containers or wirebound boxes.

(b) *Services covered by the regulation.* This regulation covers the services of assembling or partially assembling, warehousing or delivering western wooden agricultural containers where the service is performed within the western area.

(c) *Person covered by the regulation.* This regulation extends to any person who makes a sale or performs a service, or who makes a purchase or receives a service (in the course of trade or business), which is covered by the regulation. The term "person" includes: an individual, corporation or any other organized groups; their legal successors or representatives; the United States, or any government, or any of its political subdivisions; or any agency of the foregoing.

§ 1377.103 *What the invoice must contain—*(a) *General.* Because the ceiling price depends upon a number of different factors, it is necessary that each of the factors which affects the maximum price be separately shown on the invoice. Otherwise, the purchaser and the Office of Price Administration could not tell in many cases whether a price which appeared to be above the ceiling was legal or not.

Failure to invoice properly is just as much violation of this regulation as charging an excessive price.

(b) *Basic price.* All invoices must contain a sufficiently complete description of the containers or parts or services to show whether the price is proper or not. Any specification or extra which affects the maximum price must be mentioned in the description.

(c) *Destination of shipment.* The invoice must show the place to which shipment of the containers or parts was made.

(d) *Assembly, warehouse and delivery charges.* Any separate charge which the seller is permitted to make for assembling, warehousing, or delivering must be shown separately on the invoice.

§ 1377.104 *Prohibited practices—*(a) *General.* Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollars and cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying-agreements, trade understandings and the like.

(b) *Specific prohibited practices.* The following are among the specific practices prohibited:

(1) Getting the effect of a higher price by changing credit practices or cash discounts from what they were on October 1, 1941. This includes reducing the cash discount period, decreasing credit periods, or making greater charges for extension of credit. In any case, on sales made through the Office of the Chief of Engineers, War Department, terms of 30 days net may be used. In all cases, if the sale is on cash terms, the maximum price must be reduced by the same amount as the sale price would have been reduced for similar cash terms on October 1, 1941. For example, if the maximum price without cash discount is $10.00, and if in sales of this item on October 1, 1941, to purchasers of a certain class the seller reduced sales prices 2 percent for cash within 10 days, the ceiling cash price in sales to purchasers of this class is $9.80. For purposes of this paragraph, no discount over 2 percent is considered a cash discount.

(2) Quoting a gross price above the maximum price, even if accompanied by a discount, the effect of which is to bring the net price below the maximum.

(3) Charging a purchasing commission based on quantity or value of the containers purchased, if the commission plus the purchase price is higher than the maximum price permitted by this regulation.

(4) Breaking up an order which would normally be a single order into a series of smaller orders in order to evade the maximum price limitations set forth in this regulation.

(5) Making the purchaser buy something he does not want in order to get what he does want.

(c) *Adjustable pricing.* A price may not be made adjustable to a maximum price which will be in effect at some time after delivery of the containers has been completed. But the price may be adjustable to the maximum price in effect at the time of delivery.

§ 1377.105 *Applications for adjustment and petitions for amendment—*(a) *Government contracts.* (1) The term "government contracts" is here used to include any contract with the United States or any of its agencies, or with the government or any governmental agency of any country whose defense the President deems vital to the defense of the United States under the terms of the Act of March 11, 1941, entitled "An Act to promote the defense of the United States". It also includes any subcontract under this kind of contract.

(2) Any person who has made or intends to make a "government contract" and who thinks that a maximum price established in this regulation is impeding or threatens production of western wooden agricultural containers which are essential to the war program and which are or will be the subject of the contract, may file an application for adjustment in accordance with Procedural Regulation No. 6,[1] issued by the Office of Price Administration.

(b) *Petitions for amendment.* Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1,[2] issued by the Office of Price Administration.

§ 1377.106 *Records and reports.* (a) All persons making sales or performing assembling services covered by this regulation must keep records which will show

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 5087, 5664.
[2] 7 F.R. 8961.

a complete description of the containers sold or services performed, the name and address of the buyer, the date of the transaction, and the price. Buyers must keep similar records, including the name and address of the seller.

These records must be kept for any month in which the seller or buyer sold or bought 5,000 or more board feet of western wooden agricultural container shook, or in which a servicer assembled that amount of shook. They must be kept for two years, for inspection by the Office of Price Administration. Any records which the Office of Price Administration later requires must also be kept.

(b) Any reports that the Office of Price Administration has required in the past, or requires from time to time, must be submitted.

§ 1377.107 *Enforcement.* (a) Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this regulation or of any other regulation or order issued by the Office of Price Administration are urged to communicate with the nearest field, state, or regional office of the Office of Price Administration or its principal office in Washington, D. C.

(c) War procurement agencies and their contracting or paying finance officers are not subject to any liability, civil or criminal, imposed by this regulation. "War procurement agencies" include the War Department, the Navy Department, the United States Maritime Commission and the Lend-Lease Section in the Procurement Division of the Treasury Department, or any of their agencies.

§ 1377.108 *Relation to other regulations*—(a) *General Maximum Price Regulation.* Any sale or delivery covered by this Revised Maximum Price Regulation No. 186 is not subject to the General Maximum Price Regulation.[3]

(b) *Revised Maximum Export Price Regulation.* The maximum price for export sales of western wooden agricultural containers is governed by Revised Maximum Export Price Regulation.[4]

§ 1377.109 *Effective date.* All of the provisions of Revised Maximum Price Regulation No. 186 (§§ 1377.101 to 1377.110, inclusive) shall become effective February 3, 1943.

§ 1377.110 *Appendix A: Maximum prices for western wooden agricultural containers*—(a) *Specifications and method of figuring footages.* Except where otherwise stated in this Appendix, the specifications for western wooden agricultural containers shall be those set out in "Tariff No. 1, Official Box and Crate Specifications of the Pacific Division of the National Wooden Box Association", as revised. Where the prices in this Appendix are stated to be per thousand feet of shook, footages shall be figured according to the method set forth in that tariff.

(b) *Method of figuring maximum prices for shook and covers*—(1) *Shook and covers produced in the northwest area.* The northwest area consists of the states of Washington and Idaho, the counties of Gilliam, Umatilla, Baker and Union in the state of Oregon, and that part of the state of Montana west of the crest of the Rocky Mountains. In the case of shook and covers produced in the northwest area, the "basic prices" listed in Tables 2 and 3 are the maximum f. o. b. mill prices. The ceiling delivered prices are the "basic prices" plus freight from mill to purchaser. An estimated average weight of 1800 pounds per 1000 feet (or 2700 pounds per 1000 feet in the case of a standard carbracing), can be used in figuring this freight.

(2) *Shook and covers not produced in the northwest area.* In the case of shook and covers not produced in the northwest area, the "basic prices" listed in Tables 2 and 3 are for containers f. o. b. the base cities of Klamath Falls, Oregon or Weed, California. The ceiling delivered prices are also shown in Tables 2 and 3. These ceiling delivered prices are "grouped" according to freight rates per 100 pounds, and the proper delivered price group is to be figured on the lower of the rates from the base cities. The delivered price "groups" are set out in Table 1.

These groups cover freight rates up to $0.97 per 100 pounds from either of the base cities. Where the freight rate from both base cities is over $0.97, the delivered ceiling price is the "basic price" plus freight figured on the lower of the rates from the base cities and 1800 pounds per 1000 feet (or 2700 pounds per 1000 feet in the case of standard carbracing).

3. Where 1/4" is specified, mill may supply 1/8" sawn, 1/9" veneer or 1/10" sliced.

4. Where 13/32" is specified, mill may supply covers as thin as practical.

(d) *Special addition for local sales of shook by metropolitan factories.* (1) In "local sales" by "metropolitan factories" an addition of not more than $5.00 per 1000 feet may be made to the basic prices for shook. A "local sale" is a sale of less than 10,000 feet of shook to be delivered within a radius of 25 miles of the factory. A "metropolitan factory" is a factory whose box production in the year 1942 was at least 66 percent industrial box and which is located within the city limits, or within five miles of the city limits, of any of the following cities:

Oakland, California.
San Francisco, California.
San Pedro, California.
Portland, Oregon.
Salem, Oregon.
Seattle, Washington.
Spokane, Washington.
Tacoma, Washington.

(2) This special addition applies only to shook. It does not apply to covers or to any service or extra.

(3) This special addition can be made only in local sales by metropolitan factories that have made application to the Office of Price Administration and whose names are published in the FEDERAL REGISTER as qualifying for the addition. The application should be made by letter to the Lumber Branch, Office of Price Administration, Washington, D. C.

(e) *Maximum prices for covers.* The maximum prices for one hundred units of sawn pine covers or any species of stitched veneer covers are set out in Table 3. The prices are for standard specifications, for covers that in length vary slightly from standard, and for cleats and slats that are narrower than standard. These ceiling prices apply only when covers are sold alone. When covers are included in shook, the maximum prices in Table 2 govern. It is a violation of this regulation to price covers under Table 3 when the covers are ordered included in shook. However, in the case of shook for apple box specification No. 36 in Tariff 1, if the cover and bottoms vary from this specification, Table 3 can be used to price the cover and bottom separately.

(f) *Mark-up for retail sales of shook and covers.* In "retail sales" a mark-up of not more than $5.00 per 1000 feet may be added to the maximum price for shook and covers. A retail sale is a sale of less than 2000 feet of shook and covers. If the seller in a retail sale delivers shook out of a warehouse, a charge for delivery may be made in accordance with Table 6 (paragraph (i) of this Appendix).

(g) *Maximum prices for assembling shook into containers.* The maximum prices which may be charged for assembling or partially assembling shook into western wooden agricultural containers are set out in Table 4. These ceiling prices apply only where the assembling is done in the western area.

The cutting of one or more grooves, rabbets, notches or slots in any piece under 24" long shall be considered as one operation.

Where the buyer specifies export quality shook with a dryness of 18 percent or less, add $5.00 per M feet.

(i) *Maximum charges for warehousing and delivering containers.* The maximum charges which may be made for warehousing and delivering western wooden agricultural containers are set out in Table 6. These maximum charges apply only when the warehouse or delivery service is performed in the western area. The applicable maximum charges for warehouse and delivery services depend in part on whether the shipment is made out of the stocks of a "mill warehouse" (one that is physically next to a mill) or a "distribution warehouse" (one that is not located next to a mill). In the case of all warehouses located in the northwest area, the maximum charges in Table 6 are to be added to the "basic prices." In the case of warehouses not located in the northwest area, the maximum charges in Table 6 are to be added to the maximum prices for the price "group" in which the warehouse is located.

TABLE 6—MAXIMUM CHARGES FOR WAREHOUSING AND DELIVERING CONTAINERS

I. *Where shipment totals 30,000 pounds or more:*

If made out of the stocks of a mill warehouse, nothing may be added for either warehousing or delivering.

If made out of the stocks of a distribution warehouse, $2.00 per M feet may be added for both warehousing and delivering shook, covers, carbracing and/or car strips; or 10 cents per C units of unitized stock.

II. *Where shipment totals less than 30,000 pounds and is made out of the stocks of either a mill warehouse or a distribution warehouse:*

For the service of warehousing, $3.00 per M feet may be added for shook (other than vegetable), covers, carbracing and/or carstrips; $2.00 per M feet for vegetable shook; and 15 cents per C units of unitized stock.

This addition cannot be made where the seller has made a retail sale mark-up as permitted in paragraph (f) of this Appendix (*"Mark-up for retail sales of shook."*)

For the service of delivering any of these items, $2.00 per M feet, or 10 cents per C units of unitized stock, may be added. This charge may be made in the case of retail sales.

III *For delivering framed stock in less than carload quantities:*

$4.00 per M feet may be added if delivery is by truck, or $1.00 per M feet if delivery is over a conveyer system.

(j) *Maximum prices for containers not specifically listed in this regulation.* The maximum price for any western wooden agricultural container or part, or service performed in connection with containers, for which a ceiling price is not listed in this Appendix is the maximum price for the most similar container, part or service listed. If no similar item or service is listed, the seller should write a letter to the Office of Price Administration describing the item or service and stating the ceiling price requested. The Office of Price Administration will authorize a maximum price by letter. Before the authorization is received the seller may quote and deliver at the requested maximum price provided that the sales price is adjusted to the maximum price authorized. Refunds must be made where necessary.

(k) *Rounding out maximum prices.* The maximum price for 100 units of boxes and crates in shook or assembled form may be rounded out to the nearest nickel. The maximum price for parts may be rounded out to the nearest cent per 100 pieces.

Issued this 3d day of February 1943.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—General Land Office

[Circular No. 1524]

PART 250—PUBLIC SALES

AMENDING REGULATIONS GOVERNING PUBLIC SALES BIDS SENT BY MAIL

The regulations governing public sales (43 CFR, Part 250) are hereby amended so as to incorporate provisions relating to bids sent by mail, as follows:

§ 250.10 *The sale.* The land will be offered for sale at public auction, at not less than its appraised value, at the time and place fixed in the public notice.

Bids may be made by the principal or his agent, either personally at the sale or by mail.

Bids sent by mail will be considered only if received at the district land office prior to the hour fixed for the sale. These bids must be enclosed in sealed envelopes and must be accompanied by certified checks or post office money orders for the amounts of the bids. The envelopes must be marked in the lower left-hand corner substantially as follows: "Public sale bid, Serial No. ------, Sale, ---------- 19 ----." The envelopes containing the sealed bids will not be opened by the Register until the time fixed for the sale.

The Register will commence the sale by reading the public announcement thereof and by opening the sealed bids and announcing such bids. He will then receive bids from the persons present and at the conclusion of the auction will announce the name of the highest bidder.

The Register will keep a record showing the names of the bidders and the amount bid by each and whether the bid was made by the principal or his agent, personally at the sale or by mail. Such record will be transmitted to the General Land Office with the other papers in the case.

TITLE 46—SHIPPING

Chapter IV—War Shipping Administration

[General Order 29]

PART 341—SHIP WARRANT RULES AND REGULATIONS

SUSPENSION OF RATE CEILINGS

§ 341.75 *Suspension of rate ceilings with respect to vessels of less than 1,000 gross tons.* Except as otherwise directed by the Administrator, the maximum rate ceiling as prescribed in paragraph 2 of the "Uniform Conditions to be Incorporated into the Undertaking by reference on Schedule A, February 3, 1943", is suspended until March 3, 1943, in its application to vessels of less than 1,000 gross tons whose owners or operators file with the Warrants Section, War Shipping Administration, a detailed voyage account covering the voyage immediately preceding the first voyage made as a warrant-holding vessel.

The foregoing does not suspend nor affect the provisions of the warrant agreement relating to trading areas of vessels or their cargoes.

Bituminous Coal Division.

[Docket No. A-1262]

DISTRICT BOARD 8

NOTICE OF AND ORDER FOR HEARING, ETC.

In the matter of the petition of District Board No. 8 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 8 pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Notice of and order for hearing and order denying motion to terminate temporary relief.

A petition and Motion to Terminate Temporary Relief, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on February 23, 1943, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, Washington, D. C. On such day the Chief of the Records Section will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Cuff, or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and ellgible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before February 18, 1943.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessarily corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to a petition and motion filed with the Division by District Board No. 8 requesting that the temporary minimum prices established for the coals produced by the Red Jacket No. 9 Mine, Mine Index No. 5246 of the Red Jacket Coal Corporation in the order dated January 24, 1942, and order dated March 25, 1942, be terminated and that the following permanent and final minimum prices as represented by the following classifications and prices for rail, rail-lake, and truck movement be established:

[Ration Order 4A, Administrative Exception Order 1]

TYPEWRITERS

M'LELLAN STORES, INC.

Section 1398.102 (b) (10) to Revised Rationing Order No. 4 provided that any person who sold to a dealer, wholesaler or manufacturer, a typewriter manufactured after January 1, 1935, in furtherance of the Treasury Typewriter Procurement Program might purchase at the same time a typewriter manufactured prior to January 1, 1928, for each typewriter sold. Since December 5, 1942, the transfer of typewriters to anyone other than a dealer, wholesaler, manufacturer or the Procurement Division of the Treasury Department has been prohibited. Under these circumstances persons who had not received actual delivery of the pre-1928 typewriter are prevented from doing so.

To avoid injustice to those persons who between September 21 and December 4, 1942, inclusive, had voluntarily offered late model typewriters to the Government with the understanding, based on the Office of Price Administration regulation, that they could replace the machine with an older model,

It is hereby ordered, That McLellan Stores, Inc., New York, New York, having since September 21, 1942, sold a typewriter manufactured after January 1, 1935, to a typewriter dealer and having agreed at the same time to buy from him a typewriter manufactured before January 1, 1928, in reliance upon the provisions of § 1398.102 (b) (10) of Revised Rationing Order No. 4, and who had not received actual delivery of the pre-1928 typewriter prior to December 5, 1942, may complete the transaction; and the dealer may deliver the pre-1928 typewriter without requiring the surrender of a ration certificate.

And it is hereby further ordered, That any person similarly situated may complete the transactions upon the written authorization of the State Director or District Manager for the area in which the transaction took place.

This order shall become effective February 3, 1943.

NEW ENGLAND KEROSENE SHORTAGE AREA

Pursuant to the authority conferred upon the Regional Administrator by § 1394.5715 of Ration Order No. 11, as amended, the following emergency order is prescribed:

(a) *Findings.* The Regional Administrator finds that in the States of Connecticut, Massachusetts, New Hampshire and Rhode Island and in the Counties of Bennington, Windham, Rutland and Windsor in the State of Vermont (hereinafter referred to as the kerosene shortage area) as the result of a serious decrease in stocks, there exists an emergency in the transportation and distribution of No. 1 fuel oil, (commonly known as range oil or kerosene), hereinafter referred to as kerosene, which endangers the public health, the public welfare and the war effort.

(b) *Order*—(1) *List of priorities of transfers and deliveries.* During the effective period of this order, notwithstanding the provisions of § 1394.5661 of Ration Order No. 11 relating to discrimination in transfers to consumers, transfers and deliveries of kerosene shall be made in accordance with the following list of priority:

(i) Any consumer who requires a transfer of kerosene for an emergency involving serious threat to life or health. In the event of doubt as to the existence of such an emergency a certificate issued by a Local Board certifying to the existence of such an emergency shall be conclusive of the matter; *Provided, however,* That no dealer shall be required to demand that such a certificate be presented as a condition of delivery of kerosene.

(ii) Consumers who occupy buildings for residential purposes which have no central heating systems and who acquire kerosene for use in space heaters;

(iii) Consumers occupying buildings for residential purposes where such buildings contain central heating systems designed to use kerosene exclusively, for use in such central heating systems;

(iv) Consumers who have applied for and have been granted a ration for domestic cooking or lighting to the extent of the ration issued to them for such purposes;

(v) Consumers acquiring kerosene for use in industrial processes or operations to the extent that they are contained in

Schedule A of Petroleum Administrative Order No. 3.

No person shall transfer kerosene to any consumer within the kerosene shortage area unless such person shall have filled all demands for kerosene made upon him by any person having a higher priority on the foregoing list.

(2) *Limitations on transfers and deliveries.* During the effective period of this order no person shall transfer or deliver kerosene within the kerosene shortage area to any consumer for use in space heaters in residential premises, and no consumer shall accept a transfer or delivery for use in space heaters in residential premises, in an amount in excess of twenty-five gallons in any one delivery. No such consumer shall be entitled to receive a delivery of kerosene which when added to his stock on hand will exceed twenty-five gallons.

(3) *Prohibited transfers and deliveries.* During the effective period of this order, except in cases of an emergency delivery under the priority described in paragraph (b) (1), no person shall transfer or deliver kerosene within the kerosene shortage area to consumers hereinafter designated, and no such consumers shall accept a transfer or delivery of kerosene. The consumers hereby prohibited from receiving deliveries of kerosene are:

(i) Consumers for use in space heating equipment in buildings occupied for residential purposes which contain in operating condition a central heating system or other adequate alternate heating facilities: *Provided, however,* That consumers who have received rations for domestic cooking and lighting may acquire kerosene within the limits of such rations. Combination gas and oil burning equipment shall be deemed space heating equipment.

(ii) Consumers for use in space heating equipment in premises not used for residential purposes, except retail food stores, drug stores, physicians' and dentists' offices, and restaurants not commonly regarded as places of entertainment or amusement;

(iii) Consumers acquiring kerosene for use for an industrial purpose or process not included in Schedule A of Petroleum Administrative Order No. 3.

(c) *Scope of restrictions.* Nothing in this order shall be construed to limit the quantity of fuel oil of any grade which may be acquired by the persons listed in § 1394.5052 of Ration Order No. 11.

(d) *Definitions.* "Kerosene shortage area" shall mean the States of Connecticut, Massachusetts, New Hampshire, Rhode Island and the Counties of Bennington, Windham, Rutland and Windsor in the State of Vermont. All other terms used in this order shall have the meaning assigned to them in Ration Order No. 11.

(e) *Penalties.* Any violation of this order shall be deemed a violation of Ration Order No. 11.

(f) *Effective period.* This order shall take effect at 12:01 a. m. January 29, 1943, and shall terminate at 12:00 m. on February 7, 1943, unless extended by further order.

(Pub. Law 671, 76th Cong., as amended by Pub. Laws 89, 421, and 507, 77th Cong.; WPB. Dir. 1, 7, F.R. 562, Supp. Dir. e–0, 7 F.R. 8418; E.O. 9125, 7 F.R. 2719; Ration Order No. 11, 7 F.R. 8480)

WAR MANPOWER COMMISSION.

[General Order 3]

DESIGNATION OF CERTAIN AREAS AS CRITICAL LABOR SHORTAGE AREAS

By virtue of the authority vested in me as Chairman of the War Manpower Commission by Executive Orders 9139 and 9279, and having found, after consultation with the Management-Labor Policy Committee, that the areas listed below are areas in which the most intensive recruitment efforts have failed to provide the manpower needed for essential activities, and that the effective prosecution of the war so requires, I hereby designate the following areas as critical labor shortage areas subject to the provisions of section 5 (a) of Executive Order No. 9279:

Akron, Ohio	Manitowoc, Wis.
Baltimore, Md.	Mobile, Ala.
Bath, Maine	New Britain, Conn.
Beaumont, Tex.	Ogden, Utah
Bridgeport, Conn.	Panama City, Fla.
Brunswick, Ga.	Pascagoula, Miss.
Buffalo, N. Y.	Portland, Oreg.
Charleston, S. C.	Portsmouth, N. H.
Cheyenne, Wyo.	San Diego, Calif.
Dayton, Ohio.	Seattle, Wash.
Detroit, Mich.	Somerville, N. J.
Elkton, Md.	Springfield, Mass.
Hampton Roads, Va.	Sterling, Ill.
Hartford, Conn.	Washington, D. C.
Las Vegas, Nev.	Waterbury, Conn.
Macon, Ga.	Wichita, Kan.

And it is hereby ordered that there be established, as soon as practicable after the date hereof, in each of the above designated areas an employment stabilization program which includes provision for the conduct of all hiring, rehiring, solicitation and recruitment of workers for specified employments solely through the United States Employment Service or in accordance with such arrangements as the Regional Manpower Director may approve, and which conforms in all respects to the "Policies for Employment Stabilization Programs Which Include the Exercise of Hiring Controls in Areas of Manpower Shortage" prescribed by me on February 1, 1943.

PAUL V. MCNUTT,
Chairman.

FEBRUARY 1, 1943.

[F. R. Doc 43–1757; Filed, February 2, 1943; 12:24 p. m.]

POLICIES FOR EMPLOYMENT STABILIZATION PROGRAMS WHICH INCLUDE EXERCISE OF HIRING CONTROLS IN AREAS OF MANPOWER SHORTAGE

Section 5 (a) and section 7 of Executive Order No. 9279 authorize and direct the Chairman of the War Manpower Commission as follows:

Section 5. Insofar as the effective prosecution of the war requires it, the Chairman shall take all lawful and appropriate steps to assure that (a) all hiring, rehiring, solicitation and recruitment of workers in or for work in any establishment, plant, facility, occupation, or area designated by the Chairman as subject to the provisions of this section shall be conducted solely through the United States Employment Service or in accordance with such arrangements as the Chairman may approve • • •

Section 7. The Chairman shall (a) issue such policies, rules, regulations, and general or special orders as he deems necessary to carry out the provisions of this Order, (b) take steps to prevent and relieve gross inequities or undue hardships arising from the exercise of the provisions of Section 5 of this Order insofar as he finds so doing will not interfere with the effective prosecution of the war, and (c) establish such procedures (including appeals) as are necessary to assure a hearing to any persons claiming that any action taken by any local or regional agent or agency of the War Manpower Commission pursuant to Section 5 of this Order and said Executive Order No. 9139, is unfair or unreasonable as applied to him.

By virtue of the authority vested in me as Chairman of the War Manpower Commission by Executive Orders Nos. 9139 and 9279, and having found that the establishment of hiring controls pursuant to the above section 5 (a) of Executive Order No. 9279 in certain areas of manpower shortage is required for the effective prosecution of the war, I do hereby prescribe the following basic national policies:

I. *Purpose.* Hiring controls pursuant to section 5 (a) of Executive Order No. 9279 will be exercised for the purpose of assisting the War Manpower Commission in bringing about, with respect to designated areas of manpower shortage,

(a) The elimination of wasteful labor turnover in essential activities;

(b) The reduction of unnecessary migration by encouraging the use of local labor;

(c) The direction of the flow of scarce labor to employers engaged in essential activities in preference to other employers;

(d) The maximum utilization of manpower resources.

II. *Designation of areas.* Hiring controls pursuant to section 5 (a) of Executive Order No. 9279 shall be established as soon as practicable in all "critical labor shortage areas," that is, areas in which the most intensive recruitment efforts have failed to provide the manpower needed for essential activities. The Chairman shall, after consultation with the Management-Labor Policy Committee, designate, or modify prior designations of, critical labor shortage areas as subject to the provisions of section 5 (a). Hiring controls pursuant to said section 5 (a) may be established in an area other than a critical labor shortage area designated by the Chairman, if the Regional Manpower Director, after consultation with the Regional Management-Labor War Manpower Committees, finds, and so declares, that the effective prosecution of the war requires that such area be designated as an area subject to the provisions of section 5 (a) in order to avert or relieve threatened shortages of manpower needed for essential activities. In any area designated as subject to the provisions of section 5 (a), all hiring, rehiring, solicitation, and recruitment of workers for specified employments shall be conducted solely through the United States Employment Service or in accordance with such arrangements as the Regional Manpower Director may approve, as provided in an employment stabilization program which conforms to the policies of the Chairman of the War Manpower Commission and to procedures issued by the Executive Director of the War Manpower Commission in implementation thereof.

III. *Delegation of authority.* (a) The several Regional Manpower Directors are hereby authorized and directed to carry out the provisions of section 5 (a) and section 7 of Executive Order No. 9279 in those areas in their respective regions designated for that purpose as provided in paragraph II hereof. Before putting into effect in any such area an employment stabilization program which includes hiring controls pursuant to said section 5 (a), the Area Manpower Director shall consult with the appropriate Area Management-Labor War Manpower Committee;

(b) Regional Manpower Directors are hereby authorized to delegate to Area Manpower Directors any or all of the authority granted in paragraph (a) above, except the authority finally to approve employment stabilization programs providing for hiring controls pursuant to section 5 (a) of Executive Order No. 9279;

(c) The several Regional Management-Labor War Manpower Committees are hereby authorized to consider questions of policy, standards, and safeguards in connection with the exercise of the authority granted in paragraph (a) hereof, and to make recommendations to their respective Regional Manpower Directors not inconsistent with the policies of the Chairman of the War Manpower Commission;

(d) The several Area Management-Labor War Manpower Committees are hereby authorized to consider questions of policy, standards, and safeguards in connection with the exercise of any authority delegated to their respective Area Manpower Directors pursuant to paragraph (b) hereof, and to make recommendations to such Area Manpower Directors not inconsistent with the policies of the Chairman of the War Manpower Commission.

IV. *Policies governing employment stabilization programs providing for control of hiring*—(a) *Development of programs.* 1. To the maximum degree consistent with achieving the purposes of Executive Order No. 9279, authority and responsibility delegated to Regional and Area Manpower Directors, and to Regional and Area Management-Labor War Manpower Committees, shall be exercised in such manner as to permit, encourage and utilize local initiative and cooperative effort in the solution of manpower problems.

2. Preliminary to the establishment of any employment stabilization program providing for hiring controls pursuant to section 5 (a) of Executive Order No. 9279 an Area Manpower Director must be appointed or designated and an Area Management-Labor War Manpower Committee must be appointed, and such appeals machinery and procedures established, in accordance with rules and regulations promulgated by the Chairman of the War Manpower Commission, as are necessary to assure a hearing to any employer, worker, or other person, who feels that any action or failure to act under the program is unfair or unreasonable as applied to him.

3. The representatives of labor, agriculture, and management on Regional and Area Management-Labor War Manpower Committees shall be called upon to assist in the development of reasonable safeguards and practical standards, not inconsistent with the policies of the Chairman of the War Manpower Commission, for the administration of section 5 (a) and section 7 of Executive Order No. 9279.

4. No program shall contain any provision which violates any Federal or State law affecting labor relations, wages, hours or conditions of employment.

(b) *Coverage of programs.* 1. Coverage of programs shall be varied to meet conditions in the localities in which they apply. In general, very small establishments (for example, establishments employing less than 8 persons) should be excluded, and coverage in non-manufacturing should be restricted to the larger establishments (for example, non-manufacturing establishments employing 25 or more persons). Domestic service should be excluded. Casual employment should also be excluded, except where local circumstances require inclusion of some types of casual work. Agriculture should be covered to the extent necessary to control movements of agricultural workers to non-agricultural work, but should not be covered for any other purpose except in areas where agriculture is represented on the Area Management - Labor War Manpower Committee.

2. Hiring for all employment covered by the Railroad Retirement Act shall be subject to the applicable provisions of the program, and the Railroad Retirement Board shall conduct its recruiting activities and make referrals in accordance with applicable War Manpower Commission policies, procedures, and standards.

3. Hiring by departments and agencies of the Federal Government which are subject to the rules and regulations of the United States Civil Service Commission shall be made only with the approval of the United States Civil Service Commission, which shall conduct its recruiting activities and make referrals in accordance with applicable War Manpower Commission policies, procedures, and standards;

(c) *Exclusions from programs.* State governments and local subdivisions thereof shall be excluded from the provisions of the program, except where State and local agencies voluntarily request coverage;

(d) *Use of other hiring channels.* All existing hiring channels such as private employers, labor organizations, professional organizations, schools, colleges, universities, technical institutions, the Railroad Retirement Board, the United States Civil Service Commission, and other Government agencies, shall be utilized to the maximum degree consistent with achieving the purposes of Executive Order No. 9279, by the War Manpower Commission in exercising hiring controls under section 5 (a).

(e) *Hiring practices.* 1. Workers shall be referred to jobs which will utilize their skills most effectively in the war effort.

2. Priority shall be accorded to employers engaged in essential activities, in the order of the urgency of their activities, to meet labor needs that cannot be met by efficient utilization of labor already employed.

3. A worker engaged or most recently engaged in an essential activity can be employed only by an employer for work in another essential activity and only then when the worker has obtained a statement of availability issued to him by his previous employer or a designated representative of the War Manpower Commission. In the case of the Federal Government, "employer" means the United States Civil Service Commission.

4. The decision to hire or refer a worker shall be based on occupational qualifications essential for performance of the job, and shall be made without discrimination as to race, color, creed, sex, national original, or except as required by law, citizenship.

5. Insofar as it will not interfere with the effective prosecution of the War, no worker shall be obliged to accept or to continue in employment which is not suitable.

6. Insofar as it will not interfere with the effective prosecution of the war, no employer shall be obliged to retain in his employ a worker who is incompetent to perform the work to which he has been assigned or other suitable work offered him by the employer; or who fails to conform to reasonable shop rules or standards of conduct.

PAUL V. MCNUTT,
Chairman.

PAR. 2. There is inserted immediately after § 19.208–1 the following:

INSURANCE COMPANIES

(For taxable years beginning after December 31, 1941)

SEC. 163. LIFE INSURANCE COMPANIES. (Revenue Act of 1942, Title I.)

(a) Sections 201, 202, and 203 (relating to life insurance companies) are amended to read as follows:

SEC. 201. LIFE INSURANCE COMPANIES.

(a) *Imposition of tax.*

(1) *In general.* There shall be levied, collected, and paid for each taxable year upon the adjusted normal-tax net income (as defined in section 202) and upon the adjusted corporation surtax net income (as defined in section 203) of every life insurance company taxes at the rates provided in section 13 or section 14 (b) and in section 15 (b).

(2) *Foreign life insurance companies.* A foreign life insurance company carrying on a life insurance business within the United States if with respect to its United States business it would qualify as a life insurance company under subsection (b) shall be taxable in the same manner as a domestic life insurance company except that the determinations necessary for the purposes of this chapter shall be made on the basis of the income, disbursements, assets, and liabilities reported in the annual statement for the taxable year of the United States business of such company on the form approved for life insurance companies by the National Association of Insurance Commissioners.

(3) *No United States insurance business.* Foreign life insurance companies not carrying on an insurance business within the United States shall not be taxable under this section but shall be taxable as other foreign corporations.

(b) *Definition of life insurance company.* When used in this chapter, the term "life insurance company" means an insurance company which is engaged in the business of issuing life insurance and annuity contracts (either separately or combined with health and accident insurance), or noncancellable contracts of health and accident insurance, and the life insurance reserves (as defined in subsection (c) (2)) plus unearned premiums and unpaid losses on noncancellable life, health, or accident policies not included in life insurance reserves, of which comprise more than 50 per centum of its total reserves. For the purpose of this subsection, total reserves means life insurance reserves, unearned premiums and unpaid losses not included in life insurance reserves, and all other insurance reserves required by law. For taxable years beginning after December 31, 1943, a burial or funeral benefit insurance company engaged directly in the manufacture of funeral supplies or the performance of funeral services shall not be taxable under this section but shall be taxable under section 204 or section 207.

(c) *Other definitions.* In the case of a life insurance company:

(1) *Gross income.* The term "gross income" means the gross amount of income received during the taxable year from interest, dividends, and rents.

(2) *Life insurance reserves.* The term "life insurance reserves" means amounts which are computed or estimated on the basis of recognized mortality or morbidity tables and assumed rates of interest, and which are set aside to mature or liquidate, either by payment or reinsurance, future unaccrued claims arising from life insurance, annuity, and noncancellable health and accident insurance contracts (including life insurance or annuity contracts combined with noncancellable health and accident insurance) involving, at the time with respect to which the reserve is computed, life, health, or accident contingencies. Such life insurance reserves, except in the case of policies covering life, health, and accident insurance combined in one policy issued on the weekly premium payment plan, continuing for life and not subject to cancellation and except as hereinafter provided in the case of assessment life insurance, must also be required by law. In the case of an assessment life insurance company or association the term "life insurance reserves" includes sums actually deposited by such company or association with State or Territorial officers pursuant to law as guaranty or reserve funds, and any funds maintained under the charter or articles of incorporation or association, or bylaws approved by State Insurance Commissioner of such company or association exclusively for the payment of claims arising under certificates of membership or policies issued upon the assessment plan and not subject to any other use.

(3) *Adjusted reserves.* The term "adjusted reserves" means life insurance reserves plus 7 per centum of that portion of such reserves as are computed on a preliminary term basis.

(4) *Reserve earnings rate.* The term "reserve earnings rate" means a rate computed by adding 2.1125 per centum (65 per centum of 3¼ per centum) to 35 per centum of the average rate of interest assumed in computing life insurance reserves. Such average rate shall be calculated by multiplying each assumed rate of interest by the mean of the amounts of the adjusted reserves computed at that rate at the beginning and end of the taxable year and dividing the sum of the products by the mean of the total adjusted reserves at the beginning and end of the taxable year.

(5) *Reserve for deferred dividends.* The term "reserve for deferred dividends" means sums held at the end of the taxable year as a reserve for dividends (other than dividends payable during the year following the taxable year) the payment of which is deferred for a period of not less than five years from the date of the policy contract.

(6) *Interest paid.* The term "interest paid" means:

(A) All interest paid within the taxable year on indebtedness, except on indebtedness incurred or continued to purchase or carry obligations (other than obligations of the United States issued after September 24, 1917, and originally subscribed for by the taxpayer) the interest upon which is wholly exempt from taxation under this chapter, and

(B) All amounts in the nature of interest, whether or not guaranteed, paid within the taxable year on insurance or annuity contracts (or contracts arising out of insurance or annuity contracts) which do not involve, at the time of payment, life, health, or accident contingencies.

(7) *Net income.* The term "net income" means the gross income less:

(A) *Tax-free interest.* The amount of interest received during the taxable year which under section 22 (b) (4) is excluded from gross income;

(B) *Investment expenses.* Investment expenses paid during the taxable year. If any general expenses are in part assigned to or included in the investment expenses, the total deduction under this subparagraph shall not exceed one-fourth of 1 per centum of the mean of the book value of the invested assets held at the beginning and end of the taxable year plus one-fourth of the amount by which net income computed without any deduction for investment expenses allowed by this subparagraph, or for tax-free interest allowed by subparagraph (A), exceeds 3¾ per centum of the book value of the mean of the invested assets held at the beginning and end of the taxable year;

(C) *Real estate expenses.* Taxes and other expenses paid during the taxable year exclusively upon or with respect to the real estate owned by the company, not including taxes assessed against local benefits of a kind tending to increase the value of the property assessed, and not including any amount paid out for new buildings, or for permanent improvements or betterments made to increase the value of any property. The deduction allowed by this paragraph shall be allowed in the case of taxes imposed upon a shareholder of a company upon his interest as shareholder, which are paid by the company without reimbursement from the shareholder, but in such cases no deduction shall be allowed the shareholder for the amount of such taxes;

(D) *Depreciation.* A reasonable allowance, as provided in section 23 (l), for the exhaustion, wear and tear of property, including a reasonable allowance for obsolescence.

(d) *Rental value of real estate.* The deduction under subsection (c) (7) (C) or (c) (7) (D) of this section on account of any real estate owned and occupied in whole or in part by a life insurance company, shall be limited to an amount which bears the same ratio to such deduction (computed without regard to this subsection) as the rental value of the space not so occupied bears to the rental value of the entire property.

(e) *Amortization of premium and accrual of discount.* The gross income, the deduction provided in section 201 (c) (7) (A) and the credit allowed against net income in section 26 (a) shall each be decreased by the appropriate amortization of premium and increased by the appropriate accrual of discount attributable to the taxable year on bonds, notes, debentures or other evidences of indebtedness held by a life insurance company. Such amortization and accrual shall be determined (1) in accordance with the method regularly employed by such company, if such method is reasonable, and (2) in all other cases, in accordance with regulations prescribed by the Commissioner with the approval of the Secretary.

(f) *Double deductions.* Nothing in this section or in section 202 or 203 shall be construed to permit the same items to be twice deducted.

(g) *Credits under section 26.* For the purposes of this section, in computing normal tax net income and corporation surtax net income, the credits provided in section 26 shall be allowed in the manner and to the extent provided in sections 13 (a) and 15 (a)

* * * * *

(b) *Technical amendments.*

(1) Section 103 (relating to rates of tax on citizens and corporations of certain foreign countries) is amended by striking out "201 (b)" wherever appearing therein and inserting "201 (a)"

(2) Section 208 (relating to net operating losses) is repealed

SEC. 101. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1942, Title I.)

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1941.

§ 19.201–1 *Tax on life insurance companies.* All life insurance companies (including a foreign life insurance company carrying on a life insurance business within the United States if with respect to its United States business it would qualify as a life insurance company under section 201 (b)) are subject to both normal tax and surtax. The normal tax is imposed on the adjusted normal-tax net income (as defined in section 202) and the surtax is imposed on the adjusted corporation surtax net income (as defined in section 203) at the rates provided in section 13 or section 14 (b) and in section 15 (b).

The net income of life insurance companies differs from the net income of other corporations. See section 201 (c). Life insurance companies are entitled, in computing normal-tax net income and corporation surtax net income, to the credits provided in section 26 in the manner and to the extent provided in sections 13 (a) and 15 (a) respectively. The gross income, the deduction under section 201 (c) (7) (A) for wholly tax-exempt interest, and the credit under section 26 (a) for partially tax-exempt interest, are decreased by the appropriate amortization of premium and increased by the appropriate accrual of discount attributable to the taxable year on bonds, notes, debentures or other evidences of indebtedness held by a life insurance company. (See section 201 (e) and § 19.201–9.) Such companies are not subject to the provisions of section 117 (capital gains and losses) nor to the provisions of section 125 (amortizable bond premiums). For computation of the adjusted normal-tax net income from normal-tax net income and the adjusted corporation surtax net income from corporation surtax net income, see §§ 19.202–1, 19.202–2 and 19.203–1.

All provisions of the Internal Revenue Code and of these regulations not inconsistent with the specific provisions of sections 201 to 203, inclusive, are applicable to the assessment and collection of the tax imposed by section 201 (a), and life insurance companies are subject to the same penalties as are provided in the case of returns and payment of income tax by other corporations. The return shall be on Form 1120L.

Foreign life insurance companies not carrying on an insurance business within the United States are not taxable under section 201 (a), but are taxable as other foreign corporations. (See section 231.)

§ 19.201–2 *Foreign life insurance companies.* A foreign life insurance company carrying on a life insurance business within the United States if with respect to its United States business it would qualify as a life insurance company under section 201 (b), is taxable on its income received during the taxable year from interest, dividends, and rents, from sources within and without the United States, pertaining to its United States business. Such a company is taxable in the same manner as a domestic life insurance company except that the determinations necessary for the purposes of chapter 1, such as gross income, the adjustment for certain reserves, deductions and limitations on deductions, amortization of premiums and accrual of discount, and the credits provided in section 26, shall be made on the basis of the income, disbursements, assets, and liabilities reported in the annual statement for the taxable year of the United States business of such company on the form approved for life insurance companies by the National Association of Life Insurance Commissioners. This statement is presumed clearly to reflect the income, disbursements, assets, and liabilities of the United States business of the company and in so far as it is not inconsistent with the provisions of the Code will be recognized and used as a basis for that purpose.

§ 19.201–3 *Life insurance companies; definition.* The term "life insurance company" as used in chapter 1 is defined in section 201 (b). In determining whether an insurance company is a life insurance company the life insurance reserves (as defined in section 201 (c) (2)) plus any unearned premiums and unpaid losses on noncancellable life, health, or accident policies, not included in "life insurance reserves" must comprise more than 50 percent of its total reserves (as defined in section 201 (b)). An insurance company writing only noncancellable life, health, or accident policies and having no "life insurance reserves" may qualify as a life insurance company if its unearned premiums and unpaid losses on such policies comprise more than 50 percent of its total reserves. A noncancellable insurance policy means a contract which the insurance company is under an obligation to renew or continue

at a specified premium and with respect to which a reserve in addition to the unearned premium must be carried to cover that obligation. A burial or funeral benefit insurance company qualifying as a life insurance company shall continue to be taxed under section 201 for taxable years beginning prior to January 1, 1944. For taxable years beginning after December 31, 1943 any such company engaged directly in the manufacture of funeral supplies or the performance of funeral services will be taxable under section 204 or section 207 as an insurance company other than life. (For the definition of an insurance company see § 19.3797–7.)

§ 19.201–4 *Life insurance reserves.* The term "life insurance reserves" is defined in section 201 (c) (2). Generally, such reserves, as in the case of level premium life insurance, are held to supplement the future premium receipts when the latter, alone, are insufficient to cover the increased risk in the later years. In the case of cancellable health and accident policies and similar cancellable contracts, the unearned premiums held to cover the risk for the unexpired period covered by the premiums are not included in life insurance reserves. Unpaid loss reserves for noncancellable health and accident policies are included in life insurance reserves if they are computed or estimated on the basis of recognized mortality or morbidity tables and assumed rates of interest.

In the case of an assessment life insurance company or association, life insurance reserves include sums actually deposited by such company or association with State or Territorial officers pursuant to law as guaranty or reserve funds, and any funds maintained under the charter or articles of incorporation of such company or association exclusively for the payment of claims arising under certificates of membership or policies issued upon the assessment plan and not subject to any other use.

Life insurance reserves, except as otherwise provided in section 201 (c) (2), must be required by law either by express statutory provisions or by rules and regulations of the insurance department of a State, Territory, or the District of Columbia when promulgated in the exercise of a power conferred by statute, but such requirement, without more, is not conclusive; for example, life insurance reserves do not include reserves required to be maintained to provide for the ordinary running expenses of a business definite in amount, and which must be currently paid by every company from its income if its business is to continue, such as taxes, salaries, and unpaid brokerage; nor do they include the net value of risks reinsured in other solvent companies; liability for premiums paid in advance; liability for annual and deferred dividends declared or apportioned; liability for dividends left on deposit at interest; liability for accrued but unsettled policy claims whether known or unreported; liability for supplementary contracts not involving, at the time with respect to which the liability is computed, life, health or accident contingencies.

In any case where reserves are claimed, sufficient information must be filed with the return to enable the Commissioner to determine the validity of the claim. Only reserves which are required by law or insurance department ruling, which are peculiar to insurance companies, and which are dependent upon interest earnings for their maintenance will, except as otherwise specifically provided in section 201 (c) (2), be considered as life insurance reserves. A company is permitted to make use of the highest aggregate reserve required by any State or Territory or the District of Columbia in which it transacts business, but the reserve must have been actually held.

In the case of life insurance companies issuing policies covering life, health, and accident insurance combined in one policy issued on the weekly premium payment plan, continuing for life and not subject to cancellation, it is required that reserve funds thereon be based upon recognized mortality or morbidity tables covering disability benefits of the kind contained in policies issued by this particular class of companies but they need not be required by law.

§ 19.201–5 *Interest paid.* Interest paid is one of the elements to be used, together with adjusted reserves, reserve earnings rate, and reserve for deferred dividends, in arriving at the figure to be determined and proclaimed by the Secretary under the formula set forth in section 202 (b) (see § 19.202–1). Interest paid consists of (1) interest paid on indebtedness (except indebtedness incurred or continued to purchase or carry tax exempt securities as set forth in section 201 (c) (6) (A)) and (2) amounts in the nature of interest paid on certain contracts, as provided in section 201 (c) (6) (B). Interest on indebtedness includes interest on dividends held on deposit and surrendered during the taxable year but does not include interest paid on deferred dividends the reserve for which is used in determining the policy and other liability credit provided in section 202 (b). Life insurance reserves as defined in § 19.201–4 are not indebtedness. Dividends left with the company to accumulate at interest are a debt and not a reserve liability. Amounts in the nature of interest include so-called excess-interest dividends as well as guaranteed interest paid within the taxable year on insurance or annuity contracts (or contracts arising out of insurance or annuity contracts) which do not involve at the time of payment, life, health, or accident contingencies. It is immaterial whether the optional mode of settlement specified in the insurance or annuity contract arises from an option exercised by the insured during his or her lifetime or from an option exercised by a beneficiary after the policy has matured, frequently referred to as a supplementary contract not involving life contingencies; for example, a contract to pay the insurance benefit in 10 annual installments. No distinction is made based on the person choosing the method of payment and the full amount of the interest paid and not merely the guaranteed interest is considered as interest paid.

§ 19.201–6 *Adjusted reserves.* For the purpose of determining the figure to be proclaimed by the Secretary under the formula set forth in section 202 (b), certain reserves computed on a preliminary term method are to be adjusted by increasing such reserves by 7 percent (see § 19.202–1). The reserves to be thus adjusted are reserves computed on preliminary term methods, such as the Illinois Standard, or the Select and Ultimate methods. Only reserves on policies in the modification period are to be so adjusted. Where reserves under a preliminary term method are the same as on the level premium method, and in the case of reserves for extended or paid-up insurance, no adjustment is to be made. The reserves as thus adjusted, and the rate of interest on which they are computed should be reported in Schedule A, Form 1120L.

§ 19.201–7 *Net income and deductions*—(a) *In general.* The net income of a life insurance company is its gross amount of income received during the taxable year from interest, dividends, and rents, less the deductions provided in section 201 (c) (7) for wholly tax-exempt interest, investment expenses, real estate expenses, and depreciation. In addition to the limitations on deductions relating to real estate owned and occupied by a life insurance company provided in section 201 (d), the limitations on the adjustment for amortization of premium and accrual of discount provided in section 201 (e), and the limitation on the deduction for investment expenses where general expenses are allocated to investment income provided in section 201 (c) (7) (B), life insurance companies are subject to the limitation on deductions relating to wholly tax-exempt income provided in section 24 (a) (5). Life insurance companies are not entitled to any deduction for net operating loss.

(b) *Wholly tax-exempt interest.* Interest which in the case of other taxpayers is excluded from gross income by section 22 (b) (4) but included in the gross income of a life insurance company by section 201 (c) (1) is allowed as a deduction from gross income by section 201 (c) (7) (A).

(c) *Investment expenses.* The term "general expenses" as used in the Internal Revenue Code means any expense incurred for the benefit of more than one department of the company rather than for the benefit of a particular department thereof. Any assignment of such expense to the investment department of the company for which a deduction is claimed under section 201 (c) (7) (B) subjects the entire deduction for investment expenses to the limitation provided in that section. The accounting procedure employed is not conclusive as to whether any assignment has in fact been made. Investment expenses do not include federal income and excess profits taxes.

If no general expenses are assigned to or included in investment expenses the deduction may consist of investment expenses actually paid during the taxable year in which case an itemized schedule of such expenses must be appended to the return.

Invested assets for the purpose of section 201 (c) (7) (B) and this section are those which are owned and used, and to the extent used, for the purpose of producing the income specified in section 201 (c) (1). They do not include real estate owned and occupied, and to the extent owned and occupied, by the company. If general expenses are assigned to or included in investment expenses the maximum allowance will not be granted unless it is shown to the satisfaction of the Commissioner that such allowance is justified by a reasonable assignment of actual expenses.

(d) *Taxes and expenses with respect to real estate.* The deduction for taxes and expenses under section 201 (c) (7) (C) includes taxes and expenses paid during the taxable year exclusively upon or with respect to real estate owned by the company and any sum representing taxes imposed upon a shareholder of the company upon his interest as shareholder which is paid by the company without reimbursement from the shareholder. No deduction shall be allowed, however, for taxes, expenses, and depreciation upon or with respect to any real estate owned by the company except to the extent used for the purpose of producing investment income. (See paragraph (c) of this section.) As to real estate owned and occupied by the company see § 19.201–8.

(e) *Depreciation.* The deduction allowed for depreciation is, except as provided in section 201 (d), identical with that allowed other corporations by section 23 (l). The amount allowed by section 23 (l) in the case of life insurance companies is limited to depreciation sustained on the property used, and to the extent used, for the purpose of producing the income specified in section 201 (c) (1).

§ 19.201–8 *Real estate owned and occupied.* The amount allowable as a deduction for taxes, expenses, and depreciation upon or with respect to any real estate owned and occupied in whole or in part by a life insurance company is limited to an amount which bears the same ratio to such deduction (computed without regard to this limitation) as the rental value of the space not so occupied bears to the rental value of the entire property. For example, if the rental value of the space not occupied by the company is equal to one-half of the rental value of the entire property, the deduction for taxes, expenses, and depreciation is one-half of the taxes, expenses, and depreciation on account of the entire property. Where a deduction is claimed as provided in this section, the parts of the property occupied and the parts not occupied by the company, together with the respective rental values thereof, must be shown in a statement accompanying the return.

§ 19.201–9 *Amortization of premium and accrual of discount.* Section 201 (e) provides for certain adjustments on account of amortization of premium and accrual of discount on bonds, notes, debentures, or other evidences of indebtedness held by a life insurance company. Such adjustments are limited to the amount of appropriate amortization or accrual attributable to the taxable year with respect to such securities which are not in default as to principal or interest and which are amply secured. The question of ample security will be resolved according to the rules laid down from time to time by the National Association of Insurance Commissioners. The adjustment for amortization of premium decreases, and for accrual of discount increases, (a) the gross income, (b) the deduction for wholly tax-exempt interest, and (c) the credit for partially tax-exempt interest.

The premium for any such security is the excess of its acquisition value over its maturity value and the discount is the excess of its maturity value over its acquisition value. The acquisition value of any such security is its cost (including buying commissions or brokerage but excluding any amounts paid for accrued interest) if purchased for cash, or if not purchased for cash, then its fair market value. The maturity value of any such security is the amount payable thereunder either at the maturity date or at an earlier call date. The earlier call date of any such security may be the earliest call date specified therein as a day certain, the earliest interest payment date if it is callable or payable at such date, the earliest date at which it is callable at par, or such other call or payment date, prior to maturity, specified in the security as may be selected by the life insurance company. A life insurance company which adjusts amortization of premium or accrual of discount with reference to a particular call or payment date must make the adjustments with reference to the value on such date and may not, after selecting such date, use a different call or payment date, or value, in the calculation of such amortization or discount with respect to such security unless the security was not in fact called or paid on such selected date.

The adjustments for amortization of premium and accrual of discount will be determined:

(a) According to the method regularly employed by the company, if such method is reasonable, or

(b) According to the method prescribed by this section.

A method of amortization of premium or accrual of discount will be deemed "regularly employed" by a life insurance company if the method was consistently followed in taxable years beginning prior to January 1, 1942, or if for taxable years beginning on or after such date the company (including a company which followed a different method in taxable years beginning prior to January 1, 1942), initiates on or before March 15, 1943, or in the first taxable year for which the adjustments are made, a reasonable method of amortization of premium or accrual of discount and consistently follows such method thereafter. Ordinarily, a company regularly employs a method in accordance with the statute of some State, Territory, or the District of Columbia, in which it operates.

The method of amortization and accrual prescribed by this section is as follows:

(1) The premium (or discount) shall be determined in accordance with this section; and

(2) The appropriate amortization of premium (or accrual of discount) attributable to the taxable year shall be an amount which bears the same ratio to the premium (or discount) as the number of months in the taxable year during which the security was owned by the life insurance company bears to the number of months between the date of acquisition of the security and its maturity or earlier call date, determined in accordance with this section. For the purpose of this section a fractional part of a month shall be disregarded unless it amounts to more than half a month in which case it shall be considered as a month.

SEC. 163. LIFE INSURANCE COMPANIES. (Revenue Act of 1942, Title I.)

(a) Sections 201, 202, and 203 (relating to life insurance companies) are amended to read as follows:

* * * * *

SEC. 202. ADJUSTED NORMAL-TAX NET INCOME.

(a) *Definition.* For the purposes of section 201, the term "adjusted normal-tax net income" means the normal-tax net income minus the reserve and other policy liability credit provided in subsection (b) and plus the amount of the adjustment for certain reserves provided in subsection (c).

(b) *Reserve and other policy liability credit.* As used in this section the term "reserve and other policy liability credit" means an amount computed by multiplying the normal-tax net income by a figure, to be determined and proclaimed by the Secretary for each taxable year. This figure shall be based on such data with respect to life insurance companies for the preceding taxable year as the Secretary considers representative and shall be computed in accordance with the following formula: The ratio which (1) the aggregate of the sums of (A) 2 per centum of the reserves for deferred dividends, (B) interest paid, and (C) the product of (i) the mean of the adjusted reserves at the beginning and end of the taxable year and (ii) the reserve earnings rate bears to (2) the aggregate of the excess of net incomes computed without any deduction for tax-free interest, over the adjustment for certain reserves provided in subsection (c)

(c) *Adjustment for certain reserves.* In the case of a life insurance company writing contracts other than life insurance or annuity contracts (either separately or combined with noncancellable health and accident insurance), the term "adjustment for certain reserves" means an amount equal to 3½ per centum of the unearned premiums and unpaid losses on such other contracts which are not included in life insurance reserves. For the purposes of this subsection such unearned premiums shall not be considered to be less than 25 per centum of the net premiums written during the taxable year on such other contracts.

* * * * *

SEC. 101. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1942, Title I.)

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1941.

§ 19.202–1 *Reserve and other policy liability credit for adjusted normal-tax*

net income. Life insurance companies in computing adjusted normal-tax net income are allowed a "reserve and other policy liability credit" in lieu of a deduction for the interest allowed on their reserves, for interest paid and for deferred dividends. This credit is a flat percentage of normal-tax net income. The figure is the same for all companies and is determined on the basis of the aggregate of the interest allowed on reserves, interest paid, and two percent of the reserves held for deferred dividends, as provided in section 202 (b), for all companies. The figure for each taxable year is to be determined and proclaimed by the Secretary of the Treasury, based on such data with respect to life insurance companies for the preceding taxable year as the Secretary considers representative for such year.

The application of the reserve and other policy liability credit for the purpose of this section and section 203 may be illustrated by the following examples:

Example (1). The X Life Insurance Company for the calendar year 1942 has gross income, consisting of interest and rents, of $4,000,000 of which $700,000 consists of wholly tax-exempt interest. It has investment expenses of $100,000, real estate expenses of $30,000, and depreciation of $20,000. Its net income and its normal-tax net income is accordingly $3,100,000 ($4,000,000 less investment expenses, real estate expenses, and depreciation amounting to $200,000 and wholly tax-exempt interest of $700,000). Since the Secretary of the Treasury has determined and proclaimed that for the taxable year 1942 the figure based on data for the taxable year 1941 is 93, the X Life Insurance Company is entitled to a credit of $2,883,000 ($3,100,000 x 93) and its adjusted normal-tax net income as well as its adjusted corporation surtax net income is $217,000 ($3,100,000 − $2,883,000).

Example (2). If in example (1) $100,000 of the $4,000,000 gross income of the X Life Insurance Company for the calendar year 1942 consisted of partially tax-exempt interest, in addition to the $700,000 of wholly tax-exempt interest, its corporation surtax net income and adjusted corporation surtax net income would be the same as in the above example. Its normal-tax net income, however, would be $3,000,000 ($4,000,000 less $200,000 less $700,000 less $100,000), its credit would be $2,790,000 ($3,000,000 x 93) and its adjusted normal-tax net income would be $210,000 ($3,000,000 − $2,790,000).

§ 19.202–2 *Adjustment for certain reserves.* A life insurance company writing contracts other than life insurance or annuity contracts (either separately or combined with noncancellable health and accident insurance contracts) must add to its normal-tax net income and to its corporation surtax net income, as an offset to its reserve and other policy liability credit, an amount equal to 3¼ percent of the mean of the unearned premiums and unpaid losses at the beginning and end of the taxable year on such other contracts as are not included in life insurance reserves. If such unearned premiums, however, are less than 25 percent of the net premiums written during the taxable year on such other contracts, then the amount to be added to normal-tax net income and to corporation surtax income is 3¼ percent of 25 percent of the net premiums written during the taxable year on such other contracts plus 3¼ percent of the mean of the unpaid losses at the beginning and end of the taxable year on such other contracts. The term "unearned premiums" when used in this section has the same meaning as in section 204 (b) (5) and the regulations thereunder.

SEC. 163. LIFE INSURANCE COMPANIES. (Revenue Act of 1942, Title I.)

(a) Sections 201, 202, and 203 (relating to life insurance companies) are amended to read as follows:

* * * * *

SEC. 203. ADJUSTED CORPORATION SURTAX NET INCOME.

(a) *Definition.* For the purposes of section 201, the term "adjusted corporation surtax net income" means the corporation surtax net income minus the reserve and other policy liability credit and plus the adjustment for certain reserves provided in section 202 (c).

(b) *Reserve and other policy liability credit.* As used in this section, the term "reserve and other policy liability credit" means an amount computed by multiplying the corporation surtax net income by the figure determined and proclaimed under section 202 (b).

* * * * *

SEC. 101. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1942, Title I.)

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1941.

§ 19.203–1 *Reserve and other policy liability credit for adjusted corporation surtax net income.* Life insurance companies in computing adjusted corporation surtax net income are allowed a reserve and other policy liability credit. This credit is similar to that provided in section 202 except that it is based on corporation surtax net income, which includes partially tax-exempt interest. (See § 19.202–1 for the application and effect of this provision.)

(Sec. 163 of the Revenue Act of 1942 (Pub. Law 753, 77th Cong.), and sec. 62 of the Internal Revenue Code (53 Stat. 32; 26 U.S.C., 1940 ed. 62))

PART 19—INCOME TAX UNDER THE INTERNAL REVENUE CODE

CREDIT FOR NET OPERATING LOSS AND DIVIDENDS PAID

Regulations 103 amended to conform to section 132 (a), (b), (c), and (e) of the Revenue Act of 1942, relating to computation of net operating loss credit and dividends paid credit.

In order to conform Regulations 103 [Part 19, Title 26, Code of Federal Regulations, 1940 Sup.] to section 132 (a), (b), (c), and (e) of the Revenue Act of 1942 (Public Law 753, 77th Congress), approved October 21, 1942, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately preceding § 19.26–1 the following:

SEC. 132. COMPUTATION OF NET OPERATING LOSS CREDIT AND DIVIDENDS PAID CREDIT. (Revenue Act of 1942, Title I.)

(a) *Net operating loss credit.*

(1) *Limitations.* Section 26 (c) (1) (relating to amount of net operating loss credit) is amended to read as follows:

(1) *Amount of credit.* The amount of net operating loss (as defined in paragraph (2)) of the corporation for the preceding taxable year (if beginning after December 31, 1937) but not in excess of (A) the section 102 net income for the taxable year, in the case of the tax imposed by section 102; (B) the Supplement P net income for the taxable year, in the case of the computations required under Supplement P; or (C) the Subchapter A net income for the taxable year, in the case of the tax imposed under Subchapter A.

(2) *Net operating loss deduction.* Section 26 (c) (2) is amended by inserting after subparagraph (B) the following new subparagraph:

(C) For the purposes of this paragraph, the net operating loss deduction provided in section 122 shall not be allowed.

(3) *Clerical amendment.* Section 26 (c) (2) is amended by striking out "section" where it appears the second and fourth times and inserting in lieu thereof "chapter".

* * * * *

(e) *Years to which amendments applicable.* The amendments made by this section shall be applicable only with respect to taxable years beginning after December 31, 1939, but shall be applicable in the computations with respect to previous taxable years for the purpose of ascertaining the amount of any dividend carry-over from such previous taxable years.

PAR. 2. Section 19.26–2 as amended by Treasury Decision 5086, approved October 10, 1941, is further amended to read as follows:

§ 19.26–2 *Credit of corporation for net operating loss of preceding year—(a) Taxable years beginning after December 31, 1939.* Since the net operating loss credit allowed by section 26 (c) cannot exceed (a) the section 102 net income for the taxable year, in the case of the tax imposed by section 102; (b) the Supplement P net income for the taxable year, in the case of the computations required under Supplement P; or (c) the Subchapter A net income for the taxable year in the case of the tax imposed under Subchapter A, it is the smaller of the following amounts:

(1) The excess of the deductions allowed by chapter 1 for the preceding taxable year over gross income for such year, both computed in accordance with the exceptions and limitations provided by section 26 (c) (2).

(2) (i) The section 102 net income for the taxable year, in the case of the tax imposed by section 102; (ii) the Supplement P net income for the taxable year, in the case of the computations required under Supplement P; (iii) the Subchapter A net income for the taxable year, in the case of the tax imposed under Subchapter A.

In computing deductions for the preceding taxable year any deduction for depletion shall be computed without reference to discovery value or percentage depletion under section 114 (b) (2), (3), or (4) (see § 19.23 (m)–2). The basis for such depletion is the basis provided in section 113 (a), adjusted as provided in section 113 (b), for the purpose of determining the gain upon the sale or other disposition of the property involved.

In computing deductions for the preceding taxable year the net operating loss provided in section 122 shall not be allowed.

In computing the gross income for the preceding taxable year there must be included the excess, if any, of the amount of any interest received which is wholly exempt from taxes imposed by chapter 1 over the amount of interest paid or accrued which is not allowed as a deduction by section 23 (b), relating to interest on indebtedness incurred or continued to purchase or carry certain tax-exempt obligations.

Example. For 1942 the X Corporation, which makes its income tax returns on the calendar year basis, has a net income of $1,000,000, computed on the accrual basis and without the net operating loss deduction provided in section 23 (s), capital losses of $500,000, and no capital gains. Its Federal normal tax and surtax for 1942, not allowable as a deduction under section 23, are $300,000, and it made no contributions during that year. For 1941 its gross income was $500,000, and its allowable deductions were $1,500,000. Included in such deductions was $500,000 for net operating loss, allowed as a deduction under section 23 (s) and computed under section 122. There was likewise included in such deductions $300,000 for depletion based on discovery value. If depletion had been computed without reference to discovery value or to percentage depletion, the amount of such deduction would have been $100,000. For 1941 the corporation had $300,000 of wholly tax-exempt interest, and paid $200,000 in interest on indebtedness incurred to carry obligations from which such tax-exempt interest was derived. The net operating loss credit available to such corporation for 1942 is computed as follows:

Deductions for 1941		$1,500,000
Less excess of depletion deduction computed on basis of discovery value over amount allowable for depletion without reference to discovery value or percentage depletion ($300,000 minus $100,000)	$200,000	
Less net operating loss deduction	500,000	
		700,000
Deductions as limited by sections 26 (c) (2) (A) and 26 (c) (2) (C)		800,000
Gross income for 1941	$500,000	
Plus tax-exempt interest minus interest paid ($300,000 minus $200,000)	100,000	
Gross income contemplated by section 26 (c) (2) (B)		600,000
Excess of deductions over gross income for 1941		200,000
Net income for 1942 (computed without net operating loss deduction provided in section 23 (s))		1,000,000
Less capital losses not allowed by section 117 (d)	$550,000	
Less Federal normal tax and surtax for 1942 not allowed as a deduction under section 23	300,000	
		850,000
Section 102 net income for 1942		150,000

The credit for the net operating loss for the preceding year available to the X Corporation for 1942 is $150,000. Inasmuch as the excess of deductions over gross income for 1941, as computed above, is greater than the section 102 net income for 1942, the net operating loss credit available to the X Corporation for 1942 is equal to the section 102 net income for 1942. If the excess of deductions over gross income for 1941, as computed above, were smaller than the section 102 net income for 1942, the entire amount of such excess would be allowed as the net operating loss credit for 1942.

Similar rules for the computation of the net operating loss credit are applicable in the case of computations required under Supplement P, or the tax imposed under Subchapter A.

(b) *Taxable years beginning after December 31, 1938, and before January 1, 1940.* If the taxable year is one beginning after December 31, 1938, and before January 1, 1940, the "net operating loss" is the smaller of the following amounts:

(1) The excess of the deductions allowed by chapter 1 for the preceding taxable year over gross income for such year, both computed in accordance with the exceptions and limitations provided by section 26 (c) (2).

(2) The adjusted net income for the taxable year, i. e., the net income minus the credit provided by section 26 (a) (see section 13 (a)).

If the preceding taxable year is one beginning after December 31, 1937, and before January 1, 1939, the term "net operating loss" means net operating loss as defined in section 26 (c) of the Revenue Act of 1938.

Example. For 1939 the Y Corporation, which makes its income tax returns on the calendar year basis, has a net income of $50,000, included in which is $10,000 of interest on United States obligations allowed as a credit under section 26 (a). For 1938 its gross income was $25,000 and its allowable deductions were $50,000. Included in such deductions was $15,000 for depletion based on discovery value. If depletion had been computed without reference to discovery value or to percentage depletion the amount of such deduction would have been $5,000. For 1938 the corporation had $15,000 of wholly tax-exempt interest, and paid $10,000 in interest on indebtedness incurred to carry the obligations from which such tax-exempt interest was derived. The net operating loss credit available to such corporation for 1939 is $10,000, computed as follows:

Deductions for 1938		$50,000
Less excess of depletion deduction computed on basis of discovery value over amount allowable for depletion without reference to discovery value or percentage depletion ($15,000 minus $5,000)		10,000
Deductions as limited by section 26 (c) (2) (A)		40,000
Gross income for 1938	$25,000	
Plus tax-exempt interest minus interest paid ($15,000 minus $10,000)	5,000	
Gross income contemplated by section 26 (c) (2) (B)		30,000
Excess of deductions over gross income for 1938		10,000
Net income for 1939		50,000
Less credit under section 26 (a) for interest received		10,000
Adjusted net income for 1939		40,000

The credit for the net operating loss for the preceding year available to the Y Corporation for 1939 is $10,000, that amount not being in excess of the adjusted net income for 1939. If the excess of deductions over gross income for 1938, as computed above, were greater than $40,000, the adjusted net income for 1939, only $40,000 would be allowed as the net operating loss credit for 1939.

PAR. 3. There is inserted immediately preceding § 19.27 (b)–1 the following:

SEC. 132. COMPUTATION OF NET OPERATING LOSS CREDIT AND DIVIDENDS PAID CREDIT. (Revenue Act of 1942, Title I.)

* * * * *

(b) *Basic surtax credit.* The last sentence of section 27 (b) (relating to definition of basic surtax credit) is amended to read as follows: "The aggregate of the amounts under paragraphs (2) and (3) shall not exceed (A) the section 102 net income for the taxable year, in the case of the tax imposed by section 102; (B) the Supplement P net income for the taxable year, in the case of the computations required under Supplement P; (C) the Subchapter A net income for the taxable year, in the case of the tax imposed under Subchapter A."

* * * * *

(e) *Years to which amendments applicable.* The amendments made by this section shall be applicable only with respect to taxable years beginning after December 31, 1939, but shall be applicable in the computations with respect to previous taxable years for the purpose of ascertaining the amount of any dividend carry-over from such previous taxable years.

PAR. 4. Section 19.27 (b)–1 is amended to read as follows:

§ 19.27 (b)–1 *Basic surtax credit.* For taxable years beginning after December 31, 1939, the amount constituting the basic surtax credit of a corporation for the taxable year consists of the sum of the following, less the amount allowable as a credit under section 26 (h) (relating to the credit for dividends paid on certain preferred stock of certain public utility corporations), and less the amount allowable as a deduction under section 121 (relating to the deduction of dividends paid on certain preferred stock of certain banks and trust companies):

(a) The dividends paid during the taxable year (subject to the qualifications, limitations, and exceptions provided in sections 27 (d) to 27 (i), inclusive) plus the consent dividends credit provided by section 28, less the credit for interest on certain obligations of the United States and its instrumentalities, provided by section 26 (a); and

(b) The smaller of the following:

(1) The sum of the net operating loss credit for the preceding taxable year over the second preceding taxable year and the bank affiliate credit provided in section 26 (d), or

(2) (i) The section 102 net income for the taxable year, in the case of tax imposed by section 102; (ii) the Supplement P net income for the taxable year, in the case of computations required under Supplement P; or (iii) the Subchapter A net income for the taxable year, in the case of tax imposed under Subchapter A.

In the case of a taxable year beginning after December 31, 1938, and prior to January 1, 1940, the adjusted net income for such taxable year shall be used in all cases in place of the section 102 net income, the Supplement P net income, or the Subchapter A net income.

PAR. 5. There is inserted immediately preceding § 19.27 (c)–1 the following:

SEC. 132 COMPUTATION OF NET OPERATING LOSS CREDIT AND DIVIDENDS PAID CREDIT. (Revenue Act of 1942, Title I)

* * * * * * *

(c) *Dividend carry-over.* Section 27 (c) (relating to dividend carry-over) is amended to read as follows:

(c) *Dividend carry-over.* There shall be computed with respect to each taxable year of a corporation a dividend carry-over to such year from the two preceding taxable years, which shall consist of the sum of the basic surtax credit for the second preceding taxable year, reduced by the Subchapter A net income for such year, and further reduced by the amount, if any, by which the Subchapter A net income for the first preceding taxable year exceeds the sum of:

(A) The basic surtax credit for such year; and

(B) The excess, if any, of the basic surtax credit for the third preceding taxable year over the Subchapter A net income for such year; and

(2) The amount, if any, by which the basic surtax credit for the first preceding taxable year exceeds the Subchapter A net income for such year. In the case of a preceding taxable year referred to in this subsection, the Subchapter A net income shall be determined as if the corporation was, under the law applicable to such taxable year, a personal holding company.

* * * * * * *

(e) *Years to which amendments applicable.* The amendments made by this section shall be applicable only with respect to taxable years beginning after December 31, 1939, but shall be applicable in the computations with respect to previous taxable years for the purpose of ascertaining the amount of any dividend carry-over from such previous taxable years.

PAR. 6. Section 19.27 (c)–1 as amended by Treasury Decision 5052, approved June 10, 1941, is further amended to read as follows:

§ 19.27 (c)–1 *Dividend carry-over.* The dividend carry-over to a taxable year beginning after December 31, 1939, is computed as follows:

(a) If the basic surtax credit for the first preceding taxable year exactly equals the Subchapter A net income for such year, the dividend carry-over is the amount of the excess of the basic surtax credit for the second preceding taxable year over the Subchapter A net income for such year.

(b) If the basic surtax credit for the first preceding taxable year exceeds the Subchapter A net income for such year, the dividend carry-over is the amount of such excess plus the excess of the basic surtax credit for the second preceding taxable year over the Subchapter A net income for such year.

(c) If the basic surtax credit for the first preceding taxable year is less than the Subchapter A net income for such year, the dividend carry-over is the amount by which the basic surtax credit for the second preceding taxable year exceeds the Subchapter A net income for such year reduced by the excess of the first preceding taxable year over the sum of the basic surtax credit for such year and the excess of the basic surtax credit for the third preceding taxable year over the Subchapter A net income for such year.

In computing the dividend carry-over to a taxable year beginning after December 31, 1939, the Subchapter A net income of any preceding taxable year shall be determined as if the corporation was, under the law applicable to such taxable year, a personal holding company.

The dividend carry-over to a taxable year beginning after December 31, 1938 and prior to January 1, 1940, shall be computed in the same manner as for taxable years beginning after December 31, 1939, except that the adjusted net income shall be used instead of the Subchapter A net income, and except that in computing the dividend carry-over for the purposes of Subchapter A of Chapter 2 the adjusted net income minus the deductions allowed under section 505 (a) (1) for Federal taxes shall be used instead of Subchapter A net income (see § 19.504–1).

In computing the dividend carry-over to a taxable year beginning after December 31, 1938 and prior to January 1, 1940, the adjusted net income for a preceding taxable year which begins in 1936 or 1937 shall be the adjusted net income as defined in section 14 (a) (1) of the Revenue Act of 1936, and the basic surtax credit for such preceding taxable year shall be only the dividends paid credit computed under section 27 of the Revenue Act of 1936 without the benefit of the dividend carry-over provided in section 27 (b) of such Act. In computing the dividend carry-over, the adjusted net income for a preceding taxable year which begins in 1938 shall be the adjusted net income as defined in section 13 (a) of the Revenue Act of 1938 and the basic surtax credit for such preceding taxable year shall be the basic surtax credit as defined in section 27 of the Revenue Act of 1938.

Every corporation claiming a dividend carry-over for any taxable year shall file with its return for such year a concise statement setting forth the amount of the dividend carry-over claimed and all material and pertinent facts relative thereto, including a detailed schedule showing the computation of the dividend carry-over claimed.

The computation of the dividend carry-over to a taxable year beginning after December 31, 1939, may be illustrated by the following examples:

Example (1). The X Corporation, which makes its income tax returns on the calendar year basis, has a Subchapter A net income for 1938 and its basic surtax credit is $150,000. Its dividend carry-over to 1942 is $150,000, computed as follows:

(1) Basic surtax credit (for 1940)	$350,000
(2) Less Subchapter A net income for 1940	200,000
(3) Dividend carry-over to 1942 ((1) minus (2))	150,000

Since the basic surtax credit for 1941 exactly equals the Subchapter A net income for that year, neither that year nor the year 1939 need be taken into account. The preceding taxable year (1941) is taken into account only if the basic surtax credit for such year exceeds the Subchapter A net income for such year or if the Subchapter A net income for such year exceeds the sum of the basic surtax credit for such year and the excess of the basic surtax credit for the third preceding taxable year (1940) over the Subchapter A net income for such year. The third preceding taxable year (1939) is taken into account only if the basic surtax credit for such year exceeds the Subchapter A net income for such year and into account only if the preceding taxable year's Subchapter A net income for the first preceding taxable year (1941) exceeds the basic surtax credit for such year, in which case it operates to reduce such excess, which must be carried over from the second preceding taxable year (1940).

Example (2). The Y Corporation, which makes its income tax returns on the calendar year basis, has a Subchapter A net income of $100,000 and a basic surtax credit of $150,000 for 1939. For 1940 its Subchapter A net income is $50,000 and its basic surtax credit is $75,000, and for 1941 its Subchapter A net income is $50,000 and its basic surtax credit are $25,000 and $100,000, respectively. Its dividend carry-over to 1942 is $100,000, computed as follows:

Year 1940	
(1) Basic surtax credit	$75,000
(2) Less Subchapter A net income	50,000
(3) Excess of basic surtax credit over Subchapter A net income	$25,000
Year 1941	
(4) Basic surtax credit	$100,000
(5) Less Subchapter A net income	25,000
(6) Excess of basic surtax credit over Subchapter A net income	75,000
(7) Dividend carry-over to 1942 (sum of (3) and (6))	100,000

For the reason why the year 1939 is not taken into account, see explanation at end of Example (1). The Z Corporation, which makes its income tax returns on the calendar year basis, has a Subchapter A net income of $60,000 and a basic surtax credit of $150,000 for 1939. For 1940 its Subchapter A net income is $60,000 and its basic surtax credit is $160,000, and for 1941 its Subchapter A net income and its basic surtax credit are $120,000 and $25,000, respectively. Its dividend carry-over to 1942 is $85,000, computed as follows:

Year 1940	
(1) Basic surtax credit	$160,000
(2) Less Subchapter A net income	60,000
(3) Excess of basic surtax credit over Subchapter A net income	$100,000
Year 1941	
(4) Subchapter A net income	$120,000
(5) Basic surtax credit	$25,000
Year 1939	
(6) Basic surtax credit	$150,000
(7) Less Subchapter A net income	90,000
(8) Excess of basic surtax credit over Subchapter A net income	60,000
Sum of (5) and (8)	85,000
(9) Excess of Subchapter A net income for the first preceding taxable year (1941) over sum of items (5) and (8)	35,000
(10) Dividend carry-over to 1942 ((3) minus (9))	65,000

(Sec. 62 of the Internal Revenue Code (53 Stat., 32; 26 U.S.C., 1940 ed., 62) and section 132 (a), (b), (c), and (e) of the Revenue Act of 1942 (Pub. Law 753, 77th Cong.))

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A–1803]

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER GRANTING RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 10, for establishment of price classifications and minimum prices for Mine Index No. 1475.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of the Miller Coal Co. Mine, Mine Index No. 1475, of Clyde Miller (Miller Coal Company), for all shipments except truck; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 330.4 (*Price groups*) is amended by adding thereto Supplement R–I, and § 330.10 (*Special prices*—(a) (2) *Railroad locomotive fuel prices*) is amended by adding thereto Supplement R–II, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

The original petition in this matter requests that no exceptions be allowed with respect to locomotive fuel sold to off-line railroads. Nevertheless, since railroad locomotive fuel Price Exception 1–A in § 330.10 (a) (3) of the Schedule of Effective Minimum Prices for District No. 10 for All Shipments Except Truck is applicable to the coals of all other mines in Price Group No. 14 of District No. 10 for which minimum prices have been established for all shipments except truck and since no reason has been advanced for denying the application of this Price Exception to the coals of Mine Index No. 1475, the relief granted herein makes the said Price Exception applicable to the coals of Mine Index No. 1475.

Dated: January 21, 1943.

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER GRANTING RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 10 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 10.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 10; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows:

Commencing forthwith, § 330.25 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplement is hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this order, pursuant to the rules and regulations governing practice and procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered.

Dated: January 26, 1943.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-229]

FRANKLIN A. FELTY

Franklin A. Felty, 486 West Columbia Street, Schuylkill Haven, Pennsylvania, is engaged in the marketing of motor fuel. During the months of April, May and June, 1942, Franklin A. Felty made deliveries of motor fuel to twenty-one service stations in excess of the amounts permitted to be so delivered in accordance with the provisions of Limitation Order L-70. During the months of April, May and June, 1942, total deliveries by Franklin A. Felty of motor fuel to the twenty-one service stations were approximately 257,292 gallons, which was approximately 139,851 gallons in excess of the proper quotas for these stations under Limitation Order L-70. Computed by percentages, Franklin A. Felty delivered to the twenty-one service stations during the month of April, 1942 forty-seven per cent in excess of the quotas, during the month of May, 1942 one hundred twenty-nine per cent in excess of the quotas, and during the month of June, 1942, one hundred eighty-seven per cent in excess of the quotas. The average of deliveries during those three months was one hundred twenty-one per cent in excess of the proper quotas.

While the over-deliveries of motor fuel were being made, Franklin A. Felty was fully aware of the provisions of Limitation Order L-70, but acted on an unwarranted and unjustifiable interpretation of such order. This constituted a wilful violation of Limitation Order L-70 which has impeded and hampered the war effort of the United States. In view of the foregoing: *It is hereby ordered*, That:

§ 1010.229 *Suspension Order S-229.* (a) Franklin A. Felty, his successors and assigns, shall not deliver or cause to be delivered, directly or indirectly, during the months of February, March, April, May, June and July, 1943, any quantities of motor fuel, as defined in Limitation Order L-70, to the service stations listed below, in excess of the amounts set forth for each service station:

(b) During the months of February, March, April, May, June and July, 1943, the service stations listed in paragraph (a) shall not accept delivery of motor fuel as defined in Limitation Order L-70, directly or indirectly, from Franklin A. Felty, his successors and assigns, in excess of the amounts set forth in paragraph (a).

(c) Nothing contained in this Order shall be deemed to relieve Franklin A. Felty from any restriction, prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(d) This Order shall take effect on February 1, 1943 and shall expire on July 31, 1943, at which time the restrictions contained in this Order shall be of no further effect.

Issued this 3d day of February 1943.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-231]

OAKLAWN, INC.

Oaklawn, Inc., a corporation of New Orleans, Louisiana, created under the laws of the State of Louisiana, is engaged in the business of constructing houses. On March 5, 1942, and on March 30, 1942, this company applied on Form PD-105 to the War Production Board for priorities assistance under Preference Rating Order P-55 in order to construct one hundred and ten (110) family dwelling units for rent in New Orleans, Louisiana. In these applications it agreed to give reasonable preference as to occupancy to defense workers who desired to rent the premises. In violation of this agreement, with respect to twenty-three of the properties, the company entered into contracts of sale of the dwelling units prior to the time that the construction of the houses was begun. On August 26, 1942, the company was granted permission to enter into lease option contracts with respect to approximately one half of the dwelling units at prices specified in the letter authorizing such action. In the instance of eleven dwelling units, sales contracts were executed at prices in excess of those approved in violation of the agreement of the company with the Government. The contracts of the company with prospective purchasers which purported to conform to the lease option provisions of PD-105 agreements in fact are not lease option contracts, and the lessee-purchaser under such contracts is not given the privileges by the company which the company agreed to give in its contracts with the Government.

The failure of Oaklawn, Inc. to abide by its agreements with the War Production Board has hampered and impeded the war effort of the United States. In view of the foregoing, *It is hereby ordered*, That:

§ 1010.231 *Suspension Order S-231.* (a) Deliveries of material to Oaklawn, Inc., its successors and assigns, shall not be accorded priority over deliveries under any other contract or order, and no preference rating shall be assigned or applied to such deliveries to Oaklawn, Inc., its successors and assigns, by means of preference rating certificates, preference rating orders, general preference orders, or any other orders and regulations of the Director of Industry Operations or the Director General for Operations, except as specifically authorized

by the Director General for Operations, *Provided, however,* That the preference rating heretofore assigned to Oaklawn, Inc. by Preference Rating Order P–55 may be applied to deliveries of material required for the completion of one hundred units of the project on which construction has begun, with the written approval of the Regional Compliance Chief, War Production Board, Dallas, Texas, but no preference rating shall be applied in connection with the construction of the four housing units which had not been begun on January 27, 1943.

(b) No allocation shall be made to Oaklawn, Inc., its successors or assigns, of any material, the supply or distribution of which is governed by any order of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations: *Provided, however,* That such allocations as may be necessary to enable Oaklawn, Inc., to complete one hundred units of this housing project, may be made, with the written approval of the Regional Compliance Chief, War Production Board, Dallas, Texas, but no allocations to the respondent shall be made in connection with the four housing units on which construction had not been begun on January 27, 1943.

(c) Nothing contained in this order shall be deemed to relieve Oaklawn, Inc., from any restriction, prohibition or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on February 6, 1943, and shall expire on August 6, 1943, at which time the restrictions contained in this order shall be of no further effect.

Issued this 3d day of February 1943.

CURTIS E. CALDER,
Director General for Operations.

PART 923—TUNGSTEN

[General Preference Order M–29 as Amended Feb. 4, 1943]

Whereas, the national defense requirements have created a shortage of tungsten, as hereinafter defined, for defense, for private account, and for export and it is necessary, in the public interest and to promote the defense of the United States, to conserve the supply and direct the distribution thereof;

Now, therefore, it is hereby ordered, That:

§ 923.3 *General Preference Order M–29*—(a) *Definitions.* For the purposes of this order:

(1) "Tungsten" means and includes:

(i) Ores and concentrates, including beneficiated or treated forms, containing commercially recognized tungsten;

(ii) The element tungsten in pure form, in any shape into which the same may be fabricated, except contact points.

(iii) Ferro-tungsten, tungsten metal powder and any other ferrous combination of the element tungsten in semi-manufactured or manufactured form, excluding alloy steel, high speed steel and tool steel.

(iv) All non-ferrous mixtures or alloys containing tungsten, prepared for any purpose requiring further processing, whether the same are manufactured by means of melting, pressing, sintering, brazing, soldering or welding, including but not limited to mixtures or alloys to be used in the production of tools and tool blanks or as hard facing materials, but not including any finished tool;

(v) All chemical compounds having tungsten as a recognizable and essential component from which tungsten is commercially recoverable.

(vi) All scrap or secondary material containing commercially recoverable tungsten as defined in (ii), (iii), (iv) and (v) above, excluding tungsten bearing iron and steel scrap.

(2) "Producer" means any person who mines or otherwise produces natural materials containing recoverable quantities of tungsten.

(3) "Processor" means any person who prepares ores concentrates or any chemical or metallurgical forms of tungsten for any industrial use.

(4) "Dealer" means any person who procures tungsten either by importing or from domestic sources for sale or resale without change in form, whether or not such person receives title to or physical delivery of the material, and includes warehousemen, brokers and jobbers.

(b) *Applicability of Priorities Regulation No 1.* This order and all transactions affected thereby are subject to the provisions of Priorities Regulation No. 1, (Part 944), as amended from time to time, except to the extent that any provision hereof may be inconsistent therewith, in which case the provisions of this order shall govern.

(c) *Restrictions on deliveries*—(1) *Allocations.* Except as permitted by paragraph (c) (2) of this order, no person shall make or accept delivery of tungsten without the specific authorization of the Director General for Operations.

The Director will from time to time allocate the supply of tungsten and specifically direct the manner and quantities in which deliveries to particular persons or for particular uses shall be made or withheld. The Director may also require any person seeking to place a purchase order for tungsten to place the same with one or more particular suppliers. Such allocations and directions will be made primarily to insure satisfaction of all defense requirements of the United States, both direct and indirect, and they may be made without regard to any preference ratings assigned to particular contracts or purchase orders.

(2) *Permissible deliveries.* Until further order or in the absence of a contrary direction by the Director General for Operations, the following transactions are permitted without specific authorization by the Director General for Operations:

(i) Tungsten in any form may be delivered by any person to the Metals Reserve Company or to any other Corporation organized under section 5 (d) of the Reconstruction Finance Corporation Act as amended (15 U.S.C., section 606 (b)), or to any duly authorized agent of any such Corporation.

(ii) Tungsten in any form (except in the form of wire, rod, sheet or metal powder) may be delivered by any person to any person in quantities of 25 pounds or less of contained tungsten, provided that the total quantity in terms of tungsten content which any person may receive pursuant to the provisions of this subparagraph during any one calendar month, beginning with the month of July, 1942, from all sources of supply shall be limited to 25 pounds.

(iii) Tungsten ores or concentrates may be delivered by any producer, dealer or processor:

(*a*) To any processor for the purpose of being concentrated, further concentrated or beneficiated by the processor receiving such delivery, or

(*b*) To any dealer, provided that no dealer shall store or otherwise hold for more than 120 days any material acquired by him under the provisions of this subparagraph.

(d) *Reports and applications.* (1) Each processor and dealer shall file with the War Production Board on or before the 20th day of each calendar month reports on form PD–9–d, or such other form as said Board may from time to time prescribe.

(2) Any person who desires an allocation of tungsten shall apply therefor to the War Production Board not later than the 20th day of the month preceding the month in which delivery of the material is desired, on Form PD–9–c, or such other form as the War Production Board may from time to time prescribe, and shall file a copy of such application with each supplier with whom he places a purchase order for tungsten. All such applications to the War Production Board must be accompanied by reports on behalf of the applicant on form PD–9–d, or on such other form as may be prescribed for this purpose from time to time by the War Production Board. Failure by any person to file an application in the manner and on the date required by this paragraph may be construed as notice to the Director General for Operations and to all suppliers of tungsten that such person does not desire an allocation of tungsten during the next succeeding month.

(e) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(f) *Effect upon other orders.* Nothing contained in this order shall be construed as altering or modifying any of the terms or provisions of General Imports Order M–63, as the same may be from time to time amended.

(g) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to the Tungsten Division, War Production Board, Washington, D. C., Reference: M–29.

Issued this 4th day of February 1943.

CURTIS E. CALDER,
Director General for Operations.

PART 1029—FARM MACHINERY AND EQUIPMENT AND ATTACHMENTS AND REPAIR PARTS THEREFOR

[Amendment 2 to Limitation Order L–170 as Amended Jan. 19, 1943]

Subdivision (i) of paragraph (c) (1) of § 1029.10 *Limitation Order L–70* as amended [8 F.R. 912, 1222] is hereby amended to read as follows:

(i) Manufacture, for sale in the continental United States, a total quantity by weight of any item of farm machinery and equipment listed in Schedule A in excess of that quantity obtained by multiplying the applicable quota percentage (designated in the appropriate column of said Schedule A for Class A producers, Class B producers and Class C producers respectively) for such item by his base production of such item for such sale; except that

(*a*) Wherever, in said Schedule A, two or more items are bracketed together and only one quota percentage assigned thereto, such percentage shall be applied to such producer's total base production of all such bracketed items, and the total permissible weight thus determined may be distributed among all or any one or more of such bracketed items at his election;

(*b*) As to silos (Item 296 of Schedule A), the permitted production of a producer shall not exceed the number of units produced by him during either 1940 or 1941, whichever was the greater; and

(*c*) Any producer, instead of conforming to his quota percentages for the items of attachments as indicated respectively in Schedule A, may at his option manufacture not more than an aggregate of 20% of his total base production of such attachments, and the total permissible weight thus determined may be distributed among all or any one or more of such items of attachments at his election: *Provided,* That, once such option is made, it shall apply to all attachments to be produced.

Issued this 4th day of February 1943.

CURTIS E. CALDER,
Director General for Operations.

PART 3037—ELECTRONIC EQUIPMENT

[Preference Rating Order P–133 as Amended Feb. 4, 1943]

§ 3037.5 *Preference Rating Order P–133*—(a) *Definitions.* For the purpose of this order:

(1) "Operator" means any individual, partnership, association, business trust, corporation, receiver or any form of enterprise whatsoever, whether incorporated or not, the United States, and the several states thereof, and any political, corporate, administrative or other division or agency thereof, to the extent engaged in any activity listed in Schedule A, hereof.

(2) "Material" means any commodity, equipment, accessory, assembly or product of any kind; exclusive, however, of automotive replacement parts as defined by General Limitation Order L–158.

(3) "Maintenance" means the upkeep of an operator's buildings, structures and equipment in sound working condition; and this, without regard to whether the expenditures therefor are for any reason required to be recorded in the operator's accounting records in accounts other than maintenance and repair.

(4) "Repair" means the reconstruction or restoration without expansion, improvement or change of design of any portion of an operator's buildings, structures and equipment when such portion has been rendered unsafe or unfit for service by wear and tear or other similar causes, but not including reconstruction or restoration of any portion damaged or destroyed by fire, flood, tornado, earthquake, act of God or the public enemy; and this, without regard to whether the expenditures therefor are for any reason required to be recorded in the operator's accounting records in accounts other than maintenance and repair.

(5) "Operating supplies" means any material which is essential to and consumed directly in the operation of any of the services specified in paragraph (a) (1) above, but does not include photographic film, fuel, office or building supplies, or any material which is physically incorporated in whole or in part in the property or equipment of the operator.

(b) *Assignment of preference rating.* Subject to the terms of this order, preference rating of AA–2X is hereby assigned:

(1) To deliveries of material to an operator for operating supplies and for maintenance and repair.

(2) To deliveries to any supplier of material to be physically incorporated in other material required by an operator for operating supplies, maintenance or repair.

(c) *Persons entitled to apply preference rating.* The preference rating hereby assigned shall be applied where a preference rating is required to obtain material for maintenance, repair and operating supplies by:

(1) Any operator engaged in an activity in Schedule A hereof and may be applied by

(2) Any supplier, provided deliveries to an operator or another supplier are to be made by him, which are of the kind specified in paragraph (b) and have been rated pursuant to this order.

(d) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(e) *Restrictions on inventory and use.* The preference rating hereby assigned may be applied by any operator, provided:

(1) Such rating is not used to replace in inventory more than one spare tube for each active tube socket.

(2) Such rating is not used to replace in inventory any spare parts except:

(i) Those subject to frequent failure, deterioration or other exhaustion.

(ii) Those which are so unique that failure would inevitably result in long delay in resumption of essential operations.

(3) Such rating is not used in any case to increase the value of an operator's inventory of repair parts, other than tubes, above the value of such inventory on the date of this order.

(4) Such rating is not used to replace in inventory a new part if the defective part can be repaired with a smaller consumption of raw material.

(5) The tube which has been replaced from operator's inventory or for which replacement is required has been operated to failure.

(6) The operator has returned to the manufacturer any power tube rated at 25 watts or more which has failed, unless such tube is to be repaired.

(7) Equipment which has failed has been operated within the ratings specified by the manufacturer.

(8) Such rating is not used to build up inventory of operating supplies other than tubes, in excess of requirements for a three-month period.

(9) Such operator was actively engaged in one of the activities listed on Schedule A hereof, on the date of issuance of the order, or has received specific authorization for his installation from the Director General for Operations of the War Production Board.

(f) *Application and extension of rating.* An operator or supplier, in order to apply the preference rating assigned by this order, shall endorse the following statement on the purchase order or con-

tract for such material signed manually or as provided in Priorities Regulation No. 7 (§ 944.27) by an official duly authorized for such purposes.

CERTIFICATION

The undersigned purchaser hereby represents to the seller and to the War Production Board that he is entitled to apply or extend the preference ratings indicated opposite the items shown on this purchase order, and that such application or extension is in accordance with Priorities Regulation No 3, as amended, with the terms of which the undersigned is familiar.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(h) *Records.* All operators assigned a preference rating by or pursuant to this order shall keep and preserve for two years copies of all purchase orders or contracts applying such rating.

(i) *Reports.* All operators affected by this order shall execute and file with the War Production Board such reports and questionnaires as the War Production Board shall from time to time prescribe.

(j) *Communications.* All reports to be filed, and other communications concerning this order, should be addressed to War Production Board, Radio and Radar Division, Washington, D. C. Ref: P-133.

Issued this 4th day of February 1943.

PART 3136—STRAPPING FOR SHIPPING CONTAINERS

[Conservation Order M-261 as Amended Feb 4, 1943]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of strapping for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3136.1 *Conservation Order M-261*—(a) *Definition.* "Strapping means any iron, steel or other metal wire or band reinforcements or closures, twelve (12) inches or more in length, for shipping containers excepting: metal for barrel hoops, stitching, baling of compressed material, fastening of material into bundles, or for fastening or blocking of material to skids or in vehicle or vessels.

(b) *Restriction on use of strapping.* No person shall use commercially any strapping on shipping containers unless:

(1) The weight of the container and contents exceeds ninety pounds, or

(2) The net weight of the contents of the container exceeds .058 pounds per cubic inch, or

(3) Use of the strapping is required by regulation or order of the Interstate Commerce Commission, or

(4) The container for which the strapping is used, and its contents, are to be delivered to or for the account of the Army, Navy, Maritime Commission, or War Shipping Administration, and the strapping is required by such agency, or

(5) The shipment is for delivery outside of both the United States and Canada, or

(6) The strapping is for wooden shipping containers for fresh fruits, vegetables, meats, fish or poultry, provided the strapping is essential to the safe delivery of the contents and has been customarily used for the same type of shipment and container, or

(7) The strapping is for wooden lard or butter tubs, and wooden buckets or pails, or

(8) The strapping is for closing fibre drums or hexagonal or octagonal fibre containers.

(c) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(d) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds for appeal.

(e) *Records.* All persons affected by this order shall keep for at least two years records concerning inventory, production, purchases and sales, and shall make reports on same if required.

(f) *Communications.* All reports required to be filed hereunder and all communications concerning this order or any schedule issued supplementary hereto shall, unless otherwise directed, be addressed to War Production Board, Containers Division, Washington, D. C., Ref.: M-261.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction, may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

PART 3163—VEGETABLE TANNING MATERIALS

[General Conservation Order M-277]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain imported and domestic vegetable tanning materials for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3163.1 *General Conservation Order M-277*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all the applicable provisions of all the priorities regulations of the War Production Board, as amended from time to time.

(b) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Vegetable tanning materials" means the materials and extracts (including blends and combinations thereof) on the following list:

Domestic raw materials and extracts

California oak bark
Cellulose sulphite by-products (commonly sold as spruce extract, etc.)
Chestnut oak bark
Chestnut wood
Hemlock bark
Sumac

Foreign raw materials and extracts

Algarobilla (pods)
Divi-divi (pods)
Gambier
Hemlock bark
Mangrove bark
Myrobalans (nuts)
Quebracho wood
Sumac
Tara pods
Tara powder
Urunday
Valonia beards and cups
Wattle or mimosa bark

(3) "Processor" means any person who consumed during 1942, or who hereafter consumes, more than 1,000 tan units of vegetable tanning materials during any one calendar month for the production of leather, furs, pharmaceuticals, crude petroleum oil or any product for treating water, or for any other purpose.

(4) "Inventory" means a processor's vegetable tanning materials within the continental United States (the 48 States and the District of Columbia), including materials in customs bond destined for use in the continental United States, except:

(i) Tan yard liquors.

(ii) Domestic wood, bark or other extract producing raw materials not yet delivered to the purchaser thereof.

(5) "Tan unit" means one pound of 100% tannin as determined by the analytical methods of the American Leather Chemists Association.

(6) "Tan yard liquor" means an aqueous infusion of vegetable tanning materials currently being used in contact with hides and skins to produce leather.

(c) *Non-applicability of inventory restrictions in other regulations and orders.* No person shall be subject to any inventory restriction contained in any other regulation or order issued by the Director of Priorities of the Office of Production Management or by the Director of Industry Operations or the Director General for Operations of the War Production Board in making or accepting deliveries of vegetable tanning materials: *Provided, however,* That except as permitted under paragraph (g) below, no processor shall sell or deliver any part of his present or future inventory of vegetable tanning materials to any person other than the Defense Supplies Corporation or such other agency of the United States as may be designated by the Director General for Operations.

(d) *Restrictions on the use of tanning materials.* Except as permitted under paragraph (g) below,

(1) No processor shall use any vegetable tanning material for any purpose other than the following:

(i) The processing of leather.

(ii) The manufacture of pharmaceutical products.

(iii) The manufacture of water treatment materials (not containing chestnut extract).

(2) No processor shall consume, during any calendar quarter beginning with the first quarter of 1943, a quantity of tan units in excess of one-quarter of the number of tan units consumed by him during 1942 multiplied by the percentage shown in Schedule A.

(e) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing of using material under priority control and may be deprived of priorities assistance.

(f) *Communications to the War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Division, Washington, D. C., Reference: M-277.

(g) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(h) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, purchases, production and sales.

(i) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as may be required by said Board from time to time.

Issued this 4th day of February 1943.

CURTIS E. CALDER,
Director General for Operations.

Chapter XI—Office of Price Administration

PART 1306—IRON AND STEEL

[Rev. MPR 230]

REUSABLE IRON AND STEEL PIPE AND USED STRUCTURAL PIPE

The title and preamble to Maximum Price Regulation No. 230[1] are amended and §§ 1306.451 to 1306.465, inclusive, are renumbered and amended to read as set forth herein.

In the judgment of the Price Administrator it is necessary and proper to establish maximum prices for sales of reusable iron and steel pipe and used structural pipe which differ, in certain respects, from those established by Maximum Price Regulation No. 230—Reusable Iron and Steel Pipe. The Price Administrator has ascertained and given due consideration to the prices of reusable iron and steel pipe and used structural pipe prevailing between October 1 and October 15, 1941 and has made adjustments for such relevant factors as he has determined to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator the maximum prices established by this regulation are, and will be, generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942, as amended. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order 9250, and in accordance with Revised Procedural Regulation No. 1[2] issued by the Office of Price Administration, Revised Maximum Price Regulation No. 230 is hereby issued.

AUTHORITY: §§ 1306.451 to 1306.465, inclusive, issued under Pub. Law 421, 77th Cong.

§ 1306.451 *Sales of reusable iron and steel pipe and used structural pipe at higher than maximum prices prohibited.* (a) On and after February 9, 1943, regardless of any contract or other obligation, no person shall sell or deliver to a consumer or exporter, and no consumer or exporter shall buy or receive in the course of trade or business, any reusable iron and steel pipe at prices higher than the maximum prices established by Appendix A (§ 1306.464) of this regulation, or any used structural pipe at prices higher than the maximum prices established by Appendix B (§ 1306.465) of this regulation, and no such person, consumer or exporter shall agree, offer, or attempt to do any of these things.

(b) Prices lower than the maximum prices may be charged, paid or offered.

§ 1306.452 *Products, persons and transactions covered by this regulation*—(a) *Products.* (1) "Reusable iron and steel pipe" means used iron and steel pipe, casing and tubing (including boiler tubing), with or without fittings, of all the types, sizes and weights referred to in Appendix A (§ 1306.464): *Provided,* That such pipe is (i) suitable without reconditioning for the purpose (other than resale) for which it was purchased, (ii) suitable for use for any purpose for which new pipe of prime quality is customarily used and (iii) capable of conducting, without leakage, liquids and gases at a pressure of at least 50 pounds per square inch. It includes such pipe whether black or galvanized and whether plain end, or threaded, or furnished with couplings. It does not include cast iron pipe or chrome-nickel stainless steel pipe.

(2) For the purpose of this regulation "reusable iron and steel pipe" is divided into two categories, i. e. oil country tubular goods and pipe other than oil country tubular goods. The latter must meet the definition contained in subparagraph (1). "Oil country tubular goods" means reusable iron and steel pipe known as oil well casing, tubing, drill and drive pipe (including the grades customarily known to the trade as J-55 and N-80) suitable without further reconditioning for use for any purpose for which such pipe of prime quality is customarily used, when new. Whenever the term "J-55" is used it shall mean and include pipe of the grade formerly known as Grade C and whenever the term "N-80" is used it shall mean and include pipe of the grade formerly known as Grade D.

(3) "Used structural pipe" means used iron and steel pipe, casing or tubing, with or without fittings, which does not

[2] 7 F.R. 8961.

meet the definition of reusable iron and steel pipe, but which is suitable for use for structural purposes. It does not include cast iron pipe or chrome-nickel stainless steel pipe.

(b) *Persons.* (1) Any person who makes a sale or purchase covered by this regulation is subject to its provisions. The term "person" includes an individual, corporation, partnership, association, or any other organized group of persons or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(2) The term "consumer" means any person who purchases reusable iron and steel pipe or used structural pipe for his own use. It does not include any person purchasing pipe for resale, within one of the forty-eight states or the District of Columbia.

(3) The term "exporter" means any individual, partnership, association or corporation including a manufacturer, export agent, export merchant, or commission merchant, engaging or participating as principal or agent, in a sale by a seller or his agent of reusable iron and steel pipe or used structural pipe in one of the forty-eight states or the District of Columbia to a purchaser outside the forty-eight states and the District of Columbia.

(c) *Transactions*—(1) *Domestic sales.* This regulation applies to sales of reusable iron and steel pipe or used structural pipe in the forty-eight states and the District of Columbia to a consumer or an exporter.

(2) *Export sales.* The maximum prices at which a purchaser may export reusable iron and steel pipe or used structural pipe shall be determined in accordance with the provisions of Revised Maximum Export Price Regulation issued by the Office of Price Administration.

§ 1306.453 *How to figure maximum prices.* Maximum prices and extras specified in Appendix A (§ 1306.464) for reusable iron and steel pipe and in Appendix B (§ 1306.465) for used structural pipe are f. o. b. shipping point. "Shipping point" means: In the case of a shipment wholly or partially by rail, vessel, or combination, the point at which such shipment is placed f. o. b. railroad car or f. a. s. vessel for shipment except that in the case of an import, f. o. b. dock at port of entry; in the case of a shipment solely by motor vehicle, the point at which such shipment is placed on such vehicle for shipment; in a case in which movement by motor vehicle precedes rail or vessel movement, the point at which the shipment is placed f. o. b. railroad or f. a. s. vessel for shipment.

Additions to these maximum shipping point prices and extras may be made for transportation, where transportation is at the expense and risk of the seller as follows:

Maximum charges for delivery. The maximum delivery charge shall be the established charge from the shipping point to the point of delivery by the mode of transportation employed: *Provided*, That no charge may be made for delivery within the seller's customary free delivery area. Reusable iron and steel pipe and used structural pipe are at their point of delivery when they have arrived for unloading at the point designated by the buyer: *Provided*, That if the buyer designates a point away from the rail siding and delivery is by rail, they are at their point of delivery when they have arrived for unloading at the rail siding nearest the point designated by the buyer. Where transportation from shipping point to point of delivery includes water movement and if no established charge exists for such movement, the actual charge incurred in such movement may be included in the delivery charge. Where transportation from shipping point to the point of delivery includes water movement and there are no established dock charges, the actual charges incurred at the dock may be included in the delivery charge. In no case may any charge or cost incurred in placing the pipe at shipping point or unloading the pipe at the point of delivery be added to the delivery charge.

§ 1306.454 *Adjustable pricing.* (a) Any person may offer or agree to adjust or fix prices to or at prices not in excess of the maximum prices in effect at the time of delivery.

(b) Where a petition for amendment has been made pursuant to § 1306.460 of this regulation, petitioner, and any consumer who proposes to purchase or who purchases reusable iron and steel pipe or used structural pipe, may offer or agree to adjust prices upon deliveries made during the pendency of the petition in accordance with the disposition of the petition.

§ 1306.455 *Taxes.* As to any tax upon, or incidental to, the sale or delivery of reusable iron and steel pipe and used structural pipe imposed by any statute of the United States or statute or ordinance of any state or subdivision thereof, if the statute or ordinance imposing such tax does not prohibit the seller from stating and collecting the tax separately from the purchase price, and the seller does separately state it, the seller may collect, in addition to the maximum price, the amount of the tax actually paid by him or an amount equal to the amount of tax paid by any prior vendor and separately stated and collected from the seller by the vendor from whom he purchased.

§ 1306.456 *Prohibited practices.* Any practice which is a device to get the effect of a higher-than-ceiling price without actually raising the dollar-and-cents price is as much a violation of this regulation as an outright over-ceiling price. This applies to devices making use of commissions, services, transportation arrangements, premiums, special privileges, tying agreements, trade understandings, and the like. For example, no purchasing commission or bonus may be paid or received if the purchase price plus the commission or bonus totals more than the price permitted by this regulation.

§ 1306.457 *Records and invoicing.* (a) Every person making sales of reusable iron and steel pipe and used structural pipe for which maximum prices are established by this regulation, shall render an invoice to the purchaser for each such sale, stating separately: (1) the date of the sale; (2) name and address of the purchaser; (3) whether it is a sale of oil country tubular goods or whether it is pipe other than oil country tubular goods or whether it is used structural pipe; (4) if other than oil country tubular goods, whether it is black or galvanized and whether it is plain end, threaded, or threaded and coupled; (5) the size or sizes in inches (stating whether such size is the inside or the outside diameter); (6) the quantity in lineal feet; (7) the weight in pounds per foot; (8) the shipping point price per hundred feet; (9) the city or town and state nearest the shipping point and the city or town and state nearest the point of delivery; (10) the mode of transportation employed and the charges for delivery, if any were made; (11) the amount of the premium, if any, and if a premium is added a certification that each of the required tests has been applied, that each piece of pipe has successfully withstood each such test and that all other conditions of charging a premium have been met.

(b) Each invoice received shall be retained by the purchaser and a copy thereof shall be retained by the seller for inspection by the Office of Price Administration for a period of not less than two years, or for so long as the Emergency Price Control Act of 1942, as amended, shall be in effect, whichever is shorter.

§ 1306.458 *Reports.* (a) Reports regarding customary charges for extras shall be made in accordance with the provisions of § 1306.464 (d) of this regulation.

(b) Persons affected by this regulation shall submit such other reports to the Office of Price Administration as it may from time to time require.

§ 1306.459 *Enforcement.* (a) Persons violating any provisions of this regulation, as amended, are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended.

(b) Persons who have evidence of any violation of this regulation or any price schedule, regulation or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest district, state or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1306.460 *Petition for amendment.* Persons seeking any modification of this

regulation may file petitions for amendment in accordance with the provisions of Revised Procedural Regulation No. 1 issued by the Office of Price Administration.

§ 1306.461 *Applicability of other maximum price regulations or revised price schedules*—(a) *Revised Price Schedule No. 4.*[1] Maximum prices for used iron and steel pipe, other than that for which maximum prices are established by this regulation, when sold to a consumer as defined in Revised Price Schedule No. 4—Iron and Steel Scrap—are established by said Revised Price Schedule No. 4.

(b) *Other regulations and schedules.* This regulation supersedes all existing maximum price regulations or revised price schedules including Revised Price Schedule No. 49[2] with respect to sales of reusable iron and steel pipe and used structural pipe.

§ 1306.462 *Licensing.* The provisions of Supplementary Order No. 17,[3] licensing of iron and steel products, are applicable to every person selling reusable iron and steel pipe and used structural pipe for which maximum prices are established by this regulation. Said order provides in substance that a license is required for every person selling reusable iron and steel pipe and used structural pipe for which maximum prices are established by this regulation, that every person subject to this regulation is granted a license as a condition of selling reusable iron and steel pipe and used structural pipe hereunder, and that every such person may, in the future, be required to register with the Office of Price Administration at such time and in such manner as the Administrator may prescribe. Licensees violating any of the provisions of this regulation or of said license are subject to the license suspension proceedings provided in the Emergency Price Control Act of 1942, as amended.

§ 1306.463 *Effective date.* This Revised Maximum Price Regulation No. 230 (§§ 1306.451 to 1306.465, inclusive) shall become effective the 9th day of February 1943.

§ 1306.464 *Appendix A—Maximum prices for reusable iron and steel pipe.*—(a) *Shipping point zone.* The zone in which a shipping point is located is determined by ascertaining the lowest applicable railroad charge at the carload rate in cents per hundred pounds for transporting iron and steel pipe from Lorain, Ohio, to the rail siding nearest the shipping point, and then by selecting the zone applicable to such charge in accordance with the following:

Cents per hundred pounds:	Zone
Less than 25	1
25 and over but less than 50	2
50 and over but less than 75	3
75 and over but less than 100	4
100 and over but less than 125	5
125 and over but less than 150	6
150 and over	7

The above shall not apply where the shipping point is located in the state of Florida; the state of Florida is deemed to be in Zone 5 in such case.

(b) *Maximum shipping point prices for reusable iron and steel pipe other than oil country tubular goods.* (1) The maximum shipping point price shall be the applicable price for the same type, size and weight listed in Table I for the zone in which the shipping point is located: *Provided*, That (i) if the pipe is threaded only, the shipping point price shall be ninety-five per cent (95%) of the applicable price when threaded and coupled; (ii) where the pipe, when new, was oil well casing or tubing or drill pipe or drive pipe, the maximum shipping point price shall be ninety-five per cent (95%) of the applicable price for the same type, size and weight established in paragraph (c) (1) of this § 1306.464; and (iii) to be considered galvanized pipe within the meaning of Table I the pipe must have a clean, unbroken galvanized coating both inside and out.

PIPE OTHER THAN OIL COUNTRY TUBULAR GOODS

Odd Sizes and Weights

Prices per hundred feet for pipe not of the same size and/or weight as pipe listed elsewhere in this Table I shall be determined as follows:

(1) Ascertain the price for the nearest comparable size and weight of pipe of the same type;

(2) Divide this price by the weight per foot (in pounds) for the pipe for which this price is listed;

(3) Multiply the result of (2) by the weight per foot (in pounds) of the odd size and or weight of pipe to be priced.

Example: Seller in Shreveport, Louisiana, has a quantity of 5¼" OD 26# tubes for sale. The freight rate for carload quantities from Lorain, Ohio, to Shreveport, Louisiana, is 60¢ per cwt. Seller's location then would be in Zone 3. The Zone 3 price listed for the nearest comparable size and weight, 5¼" OD 12.86#, is $41.70. The maximum price at which the 5¼" OD 26# tubes may be sold is determined as follows:

$41.70÷12.86# equals .032¢ per lb.
.032¢ cost per lb.×(26# x 100 lineal feet) equals
$84.10 Maximum price per 100 ft. for 5¼" OD 26# tubes.

(2) *Premiums.* Where the pipe is to be used for high pressure water, gas or oil lines and a pressure of more than 50 pounds per square inch is required and where all of the following specifications are met, ten per cent (10%) of the applicable price listed in Table I may be added in the case of shipments in any quantity and twenty per cent (20%) may be added in the case of any shipment of threaded and coupled, or threaded pipe of less than 40,000 pounds. *Specifications:* Each length of pipe must be of American manufacture; must be commercially straight and free from injurious surface defects; if threaded, must have first class undamaged threads; if threaded and coupled, must also have couplings free from visible breaks and galling; must weigh within five per cent (5%) of the weight for new pipe of the same size and weight per foot (as determined by caliper measurement of wall thickness), must have been hydrostatically tested to a minimum pressure of five hundred pounds (500 lbs.) per square inch with nipple and coupling screwed into each joint, the pressure to be applied for five (5) seconds without leakage; and must be stamped with a steel die, or otherwise indelibly marked, to show clearly the seller's identification mark.

(c) *Maximum shipping point prices for oil country tubular goods*—(1) *Other than types J–55 and N–80 but including type N–80 steel drill pipe*—(i) *Threaded and coupled.* The maximum shipping point price shall be the applicable price for the same type, size and weight listed

in Table II[4] for the zone in which the shipping point is located.

(ii) *Threaded only.* The maximum shipping point price shall be ninety-five per cent (95%) of the applicable price when threaded and coupled.

(iii) *Plain end.* The maximum shipping point price shall be ninety per cent (90%) of the applicable price when threaded and coupled.

(2) *Types J–55 and N–80 but not including N–80 steel drill pipe*—(i) *Threaded and coupled.* The maximum shipping point price shall be, in the case of J–55, one-hundred and ten per cent (110%) and, in the case of N–80 (but not steel drill pipe), one-hundred and twenty-two per cent (122%) of the applicable price for steel casing or tubing nearest comparable in size and weight (to the J–55 or N–80 being sold or offered for sale) listed in Table II for the zone in which the shipping point is located.

(ii) *Threaded only.* The maximum shipping point price shall be ninety-five per cent (95%) of the applicable price when threaded and coupled.

Proviso: The prices in this subparagraph (2) may not be used on any sale unless there be noted on, or appended to, the invoice a sworn statement by the seller setting forth where, when and from whom the pipe was obtained, and whether the pipe is J–55 and N–80.

[4] Table II is set forth at the end of subparagraph (3).

[1] Established charge for transporting pipe by rail at the rate for the lowest minimum carload weight, from Lorain, Ohio, to the rail siding nearest the shipping point.

(3) *Premiums.* Where the following specifications are met and where the pipe has been hydrostatically tested to a minimum pressure of fifteen hundred pounds per square inch (*Provided, however,* That where the American Petroleum Institute (API) test for new pipe is less than fifteen hundred pounds per square inch such pipe must have been tested to a minimum pressure required by API specifications for pipe of the same size, weight and grade), the pressure in such hydrostatic test to be applied for not less than one minute without leakage with nipple and coupling screwed into each joint using a zinc base thread compound, twenty per cent (20%) of the applicable price listed in Table II may be added:[7]

[7] Example: Seller in Shreveport, Louisiana, wishes to determine the premium price for 5½" OD 17# T&C J–55 casing to be sold out of his yard. This pipe has been hydrostatically tested and meets the specifications, all as required by subparagraph (3).

OIL COUNTRY TUBULAR GOOD

Odd sizes and weights

Prices per hundred feet for pipe not of the same size and/or weight as pipe listed elsewhere in this Table II shall be determined as follows:

(1) Ascertain the price for the nearest comparable size and weight of pipe of the same type;

(2) Divide this price by the weight per foot (in pounds) for the pipe for which this price is listed;

(3) Multiply the result of (2) by the weight per foot (in pounds) of the odd size and/or weight of pipe to be priced.

Example. Seller in Shreveport, Louisiana, has a quantity of 8" OD 24# casing for sale. The freight rate for carload quantities from Lorain, Ohio, to Shreveport, Louisiana, is 80¢ per cwt. Seller's location then would be in Zone 3. The Zone 3 price listed for the nearest comparable size and weight: 8" OD 20#, is $83.60. The maximum price at which the 8" OD 24# casing may be sold is determined as follows:

$83.90÷20# equals .0419¢ per lb.
.0419 cents per lb.×(24# x 100 lineal ft.) equals.
$100.56 Maximum price per 100 ft. for 8" OD 24# casing.

Michigan, Indiana, Kentucky and Illinois where the following specifications are met but the pipe has not been hydrostatically tested as above, fifteen per cent (15%) of the applicable price listed in Table II may be added.

Specifications. Each length of pipe must be of American manufacture; must be straight and free from injurious surface defects; if threaded, must have first-class undamaged threads; if threaded and coupled, must also have couplings free from visible breaks and galling; must weigh within five per cent (5%) of the weight for new pipe of the same size and weight per foot (as determined by caliper measurement of wall thickness); must in the case of all pipe up to and including 8⅝" outside diameter have been drifted with cylindrical mandrel six inches in length having an outside diameter of not more than ⅛" smaller than the nominal inside diameter of the pipe; and must be stamped with a steel die, or otherwise indelibly marked, to show clearly the seller's identification mark.

(d) *Charges for extras.* The following charges for extras may be added to the maximum shipping point prices in this Appendix A (§ 1306.464). These charges may be added only with respect to the piece or pieces on which the extra service or services are performed and may be added only where the service or services are furnished specifically at consumer's request and where the performance of such service or services is necessary to meet the request.

There may also be added for cutting to specified lengths at the request of the consumer a charge not to exceed ten per cent (10%) of the applicable maximum shipping point price for the pipe cut.[3]

(2) *Other extras.* Whenever pipe is dipped in genuine asphalt or bituminous tar, wrapped with a protective coating, cleaned by sandblasting or steaming or both, safe-ended or reconditioned in the case of boiler tubing to underwriters' specifications so as to be suitable for retubing purposes, and joint-welded to customers' specifications, the charge or charges therefor may not exceed those, if any, which the seller customarily made for such service or services between August 15, 1941 and October 15, 1941, inclusive: *Provided*, That no charge may be made for cleaning by sandblasting or steaming or both if the premiums applicable under subparagraphs (b) (5) and (c) (5) of this Appendix A (§1306.464) are charged: *Provided further*, That no extra charge or charges authorized in this subparagraph (2) may be made after April 1, 1943 unless the seller has filed with the Iron and Steel Branch of the Office of Price Administration, Washington, D. C., on or before such date a sworn statement setting forth the charge or charges which the seller customarily made between August 15, 1941 and October 15, 1941, inclusive, for each such extra. A seller who was not engaged in the business of selling reusable iron and steel pipe between August 15, 1941 and October 15, 1941, inclusive, may apply to the Office of Price Administration, Washington, D. C., for the charge or charges which it will be permissible for him to make for any of these extras.

§ 1306.465 *Appendix B: Maximum shipping point prices for used structural pipe.* The maximum shipping point price shall be $35.00 per net ton. Where cutting to specified lengths is done by the seller at the request of the consumer and this is necessary to meet the request, the following charges may be added with respect to the piece or pieces on which the extra service is performed:

[3] Example: Seller in Tampa, Florida, wishes to determine the shipping point price for 10 lengths of 2" ID 3.67± pipe cut 10 feet exact. The state of Florida is considered to be in Zone 5. The seller will compute his price as follows:

2" OD 3.67± (Zone 5 shipping pt. price per 100 ft.)	$13.20
10% waste allowance	1.32
10 cuts @ 10¢	1.00
Total (Shipping pt. price for 100 ft. cut length order)	$15.52

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[Ration Order 1A,[1] Amendment 8]

TIRES, TUBES, RECAPPING AND CAMELBACK

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Sections 1315.502 (a) and (b), 1315.601 (c), 1315.701 (a) and 1315.704 are amended to read as follows:

§ 1315.502 *Additional proof of need for passenger automobile.* * * *

(a) That he has a gasoline ration currently valid under Ration Order No. 5C for a passenger automobile if the automobile is driven by gasoline;

(b) *Inspection record.* That the applicant has a tire inspection record, signed by an authorized tire inspector, showing that the required tire inspections have been made, and that either the serial number of the tire to be replaced has been entered upon such record or the applicant has Part D of a certificate authorizing acquisition of such tire: *Provided, however*, That the Board may waive the requirement that the applicant have a tire inspection record showing the required tire inspections if the applicant can establish that serious illness of the applicant or the physical condition or location of the automobile made it impossible to obtain the required inspections, and if the current inspection shows no evidence of abuse or neglect of any of the tires or tubes upon the vehicle. The provisions of this paragraph shall not apply to vehicles exempt from maintaining a tire inspection record under § 1315.701. Tire inspection records for automobiles operated on official rations need not show the serial number of the tire to be replaced.

§ 1315.601 *Application for certificates.* * * *

(c) *Presentation of tire inspection record.* Any applicant for a certificate who is required to have a tire inspection record (OPA Form R-534-B) shall present to the Board such record at the time of filing his application. If the serial numbers of any tire shown on the tire inspection record are different from those previously entered on the record, the applicant shall produce the Part D of a certificate authorizing the acquisition of such tire. Tire inspection records for automobiles operated on official rations need not show the serial number of any tire.

* * * * *

§ 1315.701 *Periodic inspection.* * * *

(a) *Check of serial numbers.* If the serial number of any tire inspected is not identical with that indicated on the tire inspection record, the inspector shall not sign such record unless Part D of a certificate is presented as evidence that the tire was obtained on certificate. Any discrepancy between the serial numbers on the tire inspection record including those on Part D, and those on the mounted tires, shall be recorded by the inspector on OPA Form R-47 and filed with the Board which appointed the inspector. An inspector may sign a record for an automobile operated on an official ration even though such record does not list the serial number of any tire, and the inspector need not report any discrepancy between serial numbers listed on such record and those on the mounted tires.

* * * * *

§ 1315.704 *Shifting of tires.* No person shall mount on a passenger automobile any tire not duly entered upon the tire inspection record for such passenger automobile, or acquired in exchange for a certificate issued to equip such passenger automobile. This prohibition is subject to the following qualifications:

(a) Any person may apply to a Board for authorization to shift tires from one passenger automobile owned by him to another such automobile and upon approval by the Board, may be issued tire inspection records authorizing such shifting of tires in exchange for the surrender of the tire inspection records then applicable to such passenger automobiles.

(b) Any person may mount tires which are being tested in accordance with § 1315.507 (c). He shall report the mounting by letter within seven days to the Board which issued the tire inspection record for the automobile upon which tires are to be mounted. The report shall state (1) identification of any vehicle involved and (2) serial numbers of any tires involved. Upon approval by the Board, such person shall be issued Part D of a certificate authorizing the mounting and use of such tires;

(c) Tires may be mounted upon automobiles operated on official rations without complying with the provisions of this section.

PART 1315—RUBBER AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[Ration Order 1A,[1] Amendment 9]

TIRES, TUBES, RECAPPING AND CAMELBACK

A rationale for this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 9160, 9392, 9724, 10072, 10336; 8 F.R. 435, 606.

Section 1315.507 is amended to read as follows:

§ 1315.507 (a) *Who may apply for an emergency reserve.* The following persons may apply for an emergency reserve of tires and tubes:

(1) A State (but not its agency or subdivision).

(2) A person who has an Interstate Commerce Commission Certificate of Public Convenience and Necessity as a common carrier or an Interstate Commerce Commission Permit as a contract carrier.

(3) A person who has applied for an Interstate Commerce Commission Certificate or Permit and has been notified by the Interstate Commerce Commission that he may continue the operations described in his application, pending final determination of his application.

(b) *Conditions to be satisfied by an applicant for an emergency reserve.* An applicant for an emergency reserve must satisfy the following conditions:

(1) That all the commercial motor vehicles operated by the applicant are used exclusively for the purposes set forth in § 1315.505 (a) (List A); and

(2) That he has satisfied the applicable provisions of §§ 1315.501, 1315.502 and 1315.504.

(c) *Vehicles for which an emergency reserve may be obtained.* An emergency reserve of tires and tubes may be obtained for the following vehicles if the majority of trips driven in the vehicles are over fifty (50) miles from a place where vehicles operated by the applicant are normally stationed:

(1) Commercial motor vehicles owned and operated by the applicant or leased to the applicant for his exclusive use for a period of at least six (6) months from the date of application;

(2) Vehicles, other than commercial motor vehicles, operated by the applicant for one of the purposes set forth in § 1315.503 (d) (1) (i) (fire fighting or public police service) or eligible under § 1315.506 (a) (3) (non-highway vehicles).

(d) *Amount of emergency reserve.* Certificates shall be issued for the number of tires or tubes required by the applicant in order to maintain a supply equal to 10% of the running wheels of vehicles which meet the requirements of paragraph (c). This supply is in addition to the tires and tubes on running wheels and allowable spares for vehicles operated by the applicant. In making the computation under this section a dual wheel shall be considered as two wheels.

(e) *Inspection and proof of sale.* An applicant for an emergency reserve must present a certification by an inspector on OPA Form R-1, revised, or R-21 for each tire or tube to be replaced or recapped. If the applicant requests certificates on OPA Form R-20 he must deliver to the Board a proof of sale on OPA Form R-22 for each tire or tube to be replaced. No certificate shall be issued for both tires and tubes.

PART 1350—EMERGENCY CIVILIAN DEFENSE MATERIALS AND EQUIPMENT

[MPR 234,[1] Amendment 4]

APPROVED STIRRUP PUMPS

A statement of considerations involved in the issuance of this Amendment No. 4 has been issued simultaneously herewith and filed with the Division of the Federal Register.*

The last two paragraphs of § 1350.57 are amended to read as follows:

§ 1350.57 *Retail price labels.* • • •

If each pump is not separately packaged by the manufacturer, he shall fill in the price on the tag. If each pump is separately packaged, the manufacturer shall, at his option, either (1) fill in the price on the tag or (2) stamp on the outside of the package the following statement and fill in the price on the outside of the package:

The Office of Price Administration has established a retail ceiling price of $_____ for this stirrup pump. Lower prices may be charged. If this package is broken before delivery to the consumer, the tag attached to the pump must be filled in by inserting the price stamped on this package.

In the case of pumps sold by the manufacturer directly to retailers, the price designated as the lower retail price shall be inserted in the blank on the tag or in the statement stamped on the outside of the package. In the case of pumps sold by the manufacturer to wholesalers or jobbers, the price indicated as the higher retail price shall be inserted in the blank. In the case of pumps sold by the manufacturer to municipalities or defense councils, the price indicated as the wholesale price shall be inserted in the blank.

A person customarily selling at both wholesale and retail must re-mark the tags or the packages, as the case may be, on those pumps, purchased directly from the manufacturer, which he sells to ultimate consumers, so that the tags or packages will state the price designated as the lower retail price.

§ 1350.64 *Effective dates of amendments.* • • •

(d) Amendment No. 4 (§ 1350.57) to Maximum Price Regulation No. 234 shall become effective February 9, 1943.

PART 1420—BREWERY AND DISTILLERY PRODUCTS

[MPR 193,[1] Amendment 4]

DOMESTIC DISTILLED SPIRITS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Subparagraphs (5), (6) and (7) are added to paragraph (a) of § 1420.10; a sentence is added to subparagraph (3) of § 1420.13 (a); and paragraphs (e), (f), (g), (h) and (i) are added to § 1420.13 as set forth below:

§ 1420.10 *Definitions.* (a) • • •

(5) "Domestic bulk whiskey" shall mean any and all whiskey produced in the continental United States which is sold in containers having a capacity in excess of one wine gallon.

(6) "License contract" shall mean any written contract for the sale of domestic bulk whiskey which authorizes the purchaser to bottle and sell such whiskey under a trade mark or brand name owned by the seller.

(7) "Warehouse receipt" shall mean a warehouse receipt for domestic bulk whiskey as set forth in section 3 of Regulations No. 3 issued by the Federal Alcohol Administration relating to bulk sales and bottling of distilled spirits.

§ 1420.13 *Appendix A:* • • •

(a) • • •

(3) *Notification:* • • • When any modification of maximum prices is made under paragraph (f) of this section for the addition of new or increased Federal taxes which become effective after February 2, 1943, or under subparagraph (3) of paragraph (g) of this section for the addition of new or increased State or local taxes which become effective after February 2, 1943, the separate statement of the amount of the new or increased tax on the invoice of the seller shall likewise be deemed to be a proper notification under this section.

• • • • •

(e) *Maximum prices for domestic bulk whiskey in bond.* (1) The seller's maximum prices for sales of domestic bulk whiskey in bond by transfer of warehouse receipt or other evidence of title, or otherwise, shall be the maximum prices set forth in paragraph (g) in accordance with the age of such whiskey to be priced hereunder.

(2) *Accrued charges to date of sale.* The maximum prices set forth in paragraph (g) for each particular age of domestic bulk whiskey include all taxes of any State or subdivision thereof in effect on February 3, 1943 incident to the sale, processing or use of such whiskey imposed upon the seller or any prior vendor and storage, and all other charges applicable to the particular quantity of such whiskey to be priced hereunder accrued to the date of sale. Such maximum prices include brokerage commissions, if any, paid by the seller incident to the particular sale.

*Copies may be obtained from the Office of Price Administration

[1] 7 F.R. 6006, 8940, 8947, 8948, 10068.

(f) *Maximum prices for domestic bulk whiskey tax-paid.* The seller's maximum prices for sales of domestic bulk whiskey tax-paid by transfer of warehouse receipt or other evidence of title, or otherwise, shall be the maximum prices set forth in paragraph (g) in accordance with the age of such whiskey to be priced hereunder, plus the amount of any tax incident to the sale, processing or use of such whiskey imposed upon the seller or any prior vendor by any statute of the United States with respect to the particular quantity of such whiskey to be priced hereunder: *Provided*, That the amount of such tax has been paid by the seller to the proper taxing authorities or shall have been paid or shall be payable to any prior vendor. The maximum prices for domestic bulk whiskey tax-paid determined pursuant to this paragraph include accrued charges to the date of sale as set forth in subparagraph (2) of paragraph (e).

(1) *Determination of age of whiskey.* The age of the whiskey to be priced hereunder shall be calculated by determining the number of full calendar months intervening between the date of entry into bond (as indicated on the warehouse receipt) to and including the date of sale. A full calendar month shall be computed from the date of the month of original entry into bond to, but not including the corresponding date of the following month, and in like manner from such corresponding date for each succeeding month.

(2) *New or increased State or local taxes.* Sellers may add to the amounts set forth in paragraph (g) the amount of any new tax or increase in an existing tax incident to the sale, processing or use of domestic whiskey in bulk imposed upon the seller or any prior vendor after February 2, 1943 with respect to the particular quantity of such whiskey to be priced hereunder by any statute or ordinance of any State or subdivision thereof: *Provided*, That the amount of such new or increased tax has been paid or shall have accrued and be payable by the seller to the proper taxing authorities or to any prior vendor.

(h) *License contracts.* (1) The provisions of paragraphs (e), (f) and (g) shall be inapplicable to sales of domestic bulk whiskey made pursuant to license contracts entered into prior to February 3, 1943 or to sales pursuant to renewals of such contracts made after February 2, 1943, but within 90 days from the expiration date of the preceding contract, at prices not in excess of the prices contained in such preceding contract. The seller's maximum prices for sales of domestic bulk whiskey pursuant to such contracts entered into prior to February 3, 1943 shall be the seller's maximum prices to each particular class of such purchasers established under paragraphs (a) or (b) as the case may be. The seller's maximum prices for such sales pursuant to renewals of license contracts after February 2, 1943 as limited above shall be determined by reference to the price contained in the preceding contract for the particular age or type of such whiskey in question.

(2) After February 2, 1943 the seller's maximum prices for sales of domestic bulk whiskey pursuant to license contracts, except as provided in (h) (1), shall be established under paragraph (e). After February 2, 1943 no person shall enter into a license contract or similar agreement for the sale of domestic bulk whiskey until the maximum price therefor shall have been determined by the seller after specific authorization from the Office of Price Administration pursuant to paragraph (c), except as provided in subparagraph (1) of paragraph (h).

(3) Each seller of domestic bulk whiskey pursuant to a license contract entered into after March 31, 1942 and prior to February 3, 1943, shall file a true and exact copy of such contract with the Beverage Section of the Food Price Division, Office of Price Administration, Washington, D. C., on or before March 3, 1943.

(i) *Alterations from original proof.* No sales, except sales for export, of domestic bulk whiskey shall be made after the original proof of such whiskey has been altered. The seller's maximum domestic price for export sales of domestic bulk whiskey at any degree of proof other than original proof shall be determined pursuant to the provisions of paragraph (c).

This amendment shall become effective February 3, 1943.

SEMI-FABRICATED ARTICLES CONTAINING NEWLY-MINED DOMESTIC SILVER

A statement of the considerations involved in the issuance of this amendment is issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Sections 1499.73 (a) (12) (iii) and 1499.73 (a) (12) (v) are amended as set forth below:

§ 1499.73 *Modification of maximum prices established by § 1499.2 of the General Maximum Price Regulation for certain commodities, services and transactions.* (a) • • •

(12) • • •

(iii) *Reports.* (a) On or before the twentieth day of each calendar month the seller of any semifabricated article containing newly-mined domestic silver shall file in the Office of the Secretary of the Office of Price Administration, Washington, D. C., a report on form OPA:677:125A covering the preceding calendar month and showing all purchases of newly-mined domestic silver, and the disposition thereof, made during the period covered by the report.

(b) The seller of any semifabricated articles containing newly-mined domestic silver, upon purchasing newly-mined domestic silver, shall cause the person from whom such silver is purchased to submit directly to the Director of the Mint, Treasury Department, Washington, D. C., evidence for the purpose of establishing that the silver so purchased is newly-mined domestic silver. Such evidence shall include miners' affidavits on Treasury Department Forms TSA–2 or TSA–2A, executed pursuant to section 80.7 of the Newly-Mined Domestic Silver Regulations of July 6, 1939; and the seller of any semifabricated articles containing newly-mined domestic silver shall authorize and direct the Director of the Mint to cancel such affidavits.

PART 1499—COMMODITIES AND SERVICES

[Order 264 Under § 1499.3 (b) of GMPR]

LIBERTY VITAMIN CORPORATION

For the reasons set forth in an opinion issued simultaneously herewith, *It is ordered:*

§ 1499.1500 *Approval of maximum prices for sales of vitamin products of the Liberty Viatmin Corporation*—(a) *Maximum prices for sales at retail of vitamin products of the Liberty Vitamin Corporation by any person*—(1) *Maximum prices for sales at retail other than on prescription.* The maximum prices for sales at retail other than on prescription by any person of vitamin products of the Liberty Vitamin Corporation, 95 Madison Avenue, New York, New York, shall be established according to the following methods or shall be any lower prices selected by Liberty Vitamin Corporation.

(i) *Tablets and capsules.*

Number of tablets or capsules per package:	Method
1-100, inclusive	4.5 times direct unit manufacturing cost=maximum price
101-199, inclusive	4.25 times direct unit manufacturing cost=maximum price
1,000 and over	4 times direct unit manufacturing cost=maximum price.

(ii) *Fluids.*

Quantity of fluid per package:	
Up to 32 ounces, inclusive.	4.5 times direct unit manufacturing cost=maximum price
33-128 ounces, inclusive.	4.25 times direct unit manufacturing cost=maximum price.
129 ounces and over.	4 times direct unit manufacturing cost=maximum price.

(iii) *Ampoules and ointments.*

Any quantity	4.5 times direct unit manufacturing cost=maximum price.

(2) *Maximum prices for sales on prescription.* The maximum prices established pursuant to subparagraph (1) of this paragraph shall not apply to sales on prescription of vitamin products of the Liberty Vitamin Corporation. The maximum price for a sale on prescription of a vitamin product of the Liberty Vitamin Corporation shall be determined by the person making the sale on prescription in accordance with the provisions of § 1499.3 (a) of the General Maximum Price Regulation, except that

no report of the maximum price so determined need be filed as required by that section.

(b) *Maximum prices for sales other than that at retail of vitamin products of the Liberty Vitamin Corporation.* The maximum prices for sales other than at retail of vitamin products of the Liberty Vitamin Corporation by any person are established as the prices determined under paragraph (a) (1) hereof less the appropriate discount set forth below:

(1) *Sales to retailers, hospitals, institutions, and industrial users.* 33⅓ per cent.

(2) *Sales to wholesalers.* 33⅓ per cent and 20 per cent of the remainder.

(3) *Sales to licensed practitioners of public health professions.* 25 per cent.

(4) *Sales to registered nurses.* 20 per cent.

(5) *Sales to kennels.* 20 per cent.

(c) *Discounts and allowances on sales by Liberty Vitamin Corporation of its vitamin products.* As to sales by Liberty Vitamin Corporation the maximum prices set forth above are delivered, 2 per cent of the maximum price applicable to a given sale to be deducted from such maximum price for payment within 10 days.

(d) *Discounts, allowances and price differentials on sales by persons other than Liberty Vitamin Corporation of the latter's vitamin products.* Any person other than Liberty Vitamin Corporation making sales of the Latter's vitamin products shall apply to the maximum price set forth for such sales in paragraph (a) or paragraph (b) all quantity differentials, trade practices, credit terms, practices relating to the payment of shipping charges, and other customary discounts or allowances which were in effect in March, 1942, on his sales of the vitamin product most nearby comparable to the Liberty Vitamin Corporation product being sold.

(e) *Export sales.* Maximum prices for export sales of vitamin products of the Liberty Vitamin Corporation are established pursuant to the Revised Maximum Export Price Regulation.[1]

(f) *Marking package with retail ceiling price.* Liberty Vitamin Corporation shall mark each package of its vitamin products with the word "Ceiling Price—." The blank shall be filled with the appropriate dollar and cent maximum price for that package determined under subparagraph (1) of paragraph (a). The legend shall be printed or stamped in letters at least one quarter as large as those used for the name of the product on the package to be sold by the seller at retail to the ultimate consumer when it is not sold on prescription and the type shall be sufficiently bold and the words shall be printed or stamped in a color which sharply contrasts with the background so that the words are clearly legible. No retailer, except a person making a sale on prescription, shall make sales of such vitamin products unless the package in which the product is sold is marked with the retail ceiling price as required by this paragraph. Liberty Vitamin Corporation need not so mark such packages as it exports or sells to an exporter to be exported.

(g) *Notification of maximum prices*—(1) *By Liberty Vitamin Corporation to wholesalers.* Liberty Vitamin Corporation shall supply to each wholesaler before or at the time of its first delivery of a vitamin product a written notification of maximum prices as follows, the blanks filled in with the applicable dollar and cent maximum prices:

OPA has authorized us to charge wholesalers not more than _____ each for packages of (*number of tablets, ounces of fluid, etc.*) of (*name of vitamin product*), delivered, subject to 2 per cent discount for payment within 10 days.

Wholesalers are required to establish maximum prices at a discount of at least 33⅓ per cent from the ceiling price of _____ stated on the package for sales to retailers, hospitals, institutions, and industrial users.

(2) *By Liberty Vitamin Corporation to retailers via wholesalers.* The Liberty Vitamin Corporation shall include a written notification with each shipping unit of one of its vitamin products for a period of three months from the date of its first shipment to a wholesaler of that product. If such notification is enclosed in a shipping unit, a legend shall be affixed outside of such unit to read "Retailer's Notice Enclosed." If the initial sale by a wholesaler to a retailer is a split-case sale, the wholesaler is required to provide such retailer with a copy of this notice. The written notification shall read as follows, the blanks filled in with the applicable dollar and cent maximum prices:

OPA has authorized wholesalers to charge _____ each for packages of (*number of tablets, ounces of fluid, etc.*) of (*name of vitamin product*), subject to all cash discounts and customary allowances.

Retailers are authorized to establish ceiling prices of _____ each for such packages.

If the initial sale by a wholesaler to a retailer is a split-case sale, the wholesaler is required to provide such retailer with a copy of this notice.

OPA requires that you keep this notice for examination.

(3) *By the Liberty Vitamin Corporation to retailers.* The Liberty Vitamin Corporation shall supply a written notification to each retailer before or at the time of its first delivery of one of its vitamin products to such retailer. The written statement shall read as follows, the blanks filled in with the applicable dollar and cent maximum prices:

OPA has authorized us to charge retailers _____ each for packages of (*number of tablets, ounces of fluid, etc.*) of (*name of vitamin product*), delivered, subject to 2 per cent discount for payment within 10 days.

Your ceiling prices are authorized to be _____ each for such packages.

OPA requires that you keep this notice for examination.

(h) *Definitions.* When used in this order the term:

(1) "Vitamin product" means a substance manufactured by Liberty Vitamin Corporation containing specific vitamin substances such as vitamin A or riboflavin or specific mineral substances such as calcium or iron.

(2) "Direct unit manufacturing cost" means costs to Liberty Vitamin Corporation for a single packaged vitamin product of direct labor and materials, computed on the basis of the following wage rates, material prices and operating conditions.

(i) *Wage rates.* The wage rates used in the computation shall be no higher than the average wage rate in effect in Liberty Vitamin Corporation's plant at the time the vitamin product is being priced for each class of labor used in its production.

(ii) *Material costs.* Material cost used in the computation for each material shall be no higher than the maximum price at the time the new product is being priced for such material as established under any regulation now issued or which may be issued by the Office of Price Administration, or if the actual purchase price is lower, or the material has no such maximum price, the actual purchase price. Where the maximum price for any such material is a maximum price which is not a specific maximum price but one which may vary with the seller, the maximum price used in the computation shall be the maximum price of that seller who supplied the largest amount of such material to Liberty Vitamin Corporation during the 6-month period immediately preceding the time at which the new article is being priced, or lacking such a seller, the maximum price for that material of Liberty Vitamin Corporation's potential supplier thereof.

(iii) *Operating conditions.* In calculating the direct unit manufacturing cost for a single packaged vitamin product on the basis of the wage rates and materials prices determined under subdivisions (i) and (ii), the manufacturer shall employ his current or shortly expected volume of production and his current or shortly expected production techniques (for example, proportions of various wage-classes of labor to be used).

(i) *Reports.* Liberty Vitamin Corporation shall submit, for each vitamin product for which a maximum price is established hereunder, a report to the Office of Price Administration in Washington, D. C. not later than 20 days after its first packaging of such product showing the following information:

(1) Computation in detail of the direct unit manufacturing cost.

(2) Maximum prices as determined under subparagraph (1) of paragraph (a) of this order.

(j) This Order No. 264 may be revoked or amended by the Price Administrator at any time.

(k) This Order No. 264 (§ 1499.1500) shall become effective on February 4, 1943.

PART 1499—COMMODITIES AND SERVICES

[Order 186 Under § 1499.18 (b) of GMPR]

PETER PAUL, INC.

Maximum prices authorized under § 1499.18 (b) of the General Maximum Price Regulation—Order No. 186—Docket No. GF3–2794.

For the reasons set forth in an opinion issued simultaneously herewith, *It is ordered:*

§ 1499.1087 *Adjustment of maximum prices through decrease in weight of "Mounds" manufactured and sold by Peter Paul, Inc.* (a) Peter Paul, Inc., Naugatuck, Connecticut, is hereby authorized to reduce the size of its chocolate covered coconut bar, known as "Mounds" packed 24 to the box, from $2\frac{1}{2}$ ounces to $1\frac{3}{4}$ ounces net per bar, and sell such $1\frac{3}{4}$ ounce bar at a maximum price no higher than that established for its $2\frac{1}{2}$ ounce bar pursuant to the General Maximum Price Regulation. Authorization to reduce the size of "Mounds" is given on the specific condition that in reducing the size of this bar, Peter Paul, Inc. shall not change or alter its formula for such bar in any manner.

(b) The adjustment is granted to Peter Paul, Inc. on condition that all purchasers from it shall in no event charge more for the present $1\frac{3}{4}$ ounce bar of "Mounds" at retail than their respective maximum prices for the $2\frac{1}{2}$ ounce bar of "Mounds" as determined pursuant to the General Maximum Price Regulation.

(c) All wholesalers and retailers who purchase "Mounds" for resale are hereby permitted to sell said bar in its new weight of $1\frac{3}{4}$ ounces at a price not in excess of the maximum price which they established for the $2\frac{1}{2}$ ounce bar of "Mounds" pursuant to the General Maximum Price Regulation.

(d) All sellers are required to continue the same discounts, allowances, and price differentials as they offered in March 1942, provided, however, that sellers may change discounts, allowances, and price differentials only if such changes result in prices lower than the maximum price fixed herein.

(e) Peter Paul, Inc. shall mail or cause to be mailed to all persons who purchase "Mounds" from it for resale a notice reading as follows:

> The Office of Price Administration has authorized us to reduce the weight of our bar "Mounds" from $2\frac{1}{2}$ ounces to $1\frac{3}{4}$ ounces. This reduction in weight represents only that part of the cost increase which we were unable to absorb, and permission to decrease our weight was granted with the understanding that no increase in price would be made at either the wholesale or the retail level. The Office of Price Administration does, however, authorize you and all other sellers to sell the new $1\frac{3}{4}$ ounce bar at a price which is not in excess of the maximum price you established for the $2\frac{1}{2}$ ounce bar pursuant to the General Maximum Price Regulation.

(f) Peter Paul, Inc. shall attach to or place in each smallest box or other packing unit of "Mounds," a notice reading as follows:

> The weight of our "Mounds" bar has been reduced to $1\frac{3}{4}$ ounces. The Office of Price Administration has authorized all retailers to sell this $1\frac{3}{4}$ ounce bar of "Mounds" for a price not in excess of the maximum price established by each retailer for the $2\frac{1}{2}$ ounce bar of "Mounds" pursuant to the General Maximum Price Regulation.

(g) All prayers of the applicant not granted herein are denied.

(h) This Order No. 186 may be revoked or amended by the Price Administrator at any time.

(i) This Order No. 186 (§ 1499.1087) is hereby incorporated as a section of Supplementary Regulation No. 14 which contains modifications of maximum prices established by § 1499.2.

(j) This Order No. 186 (§ 1499.1087) shall become effective February 4, 1943.

(Pub. Laws 431 and 729, 77th Cong.; E.O. 9250, 7 F.R. 7871)

Issued this 3d day of February 1943.

PRENTISS M. BROWN,
Administrator.

Heat and Hot Water Rations

§ 1394.5252 *Applications for rations for heat and hot water; general provisions.* (a) Application for a ration for heat or hot water, or both, may be made to a Board, on or after October 22, 1942, or in "Area A", on or after February 8, 1943. Application may be made either by the owner of the premises served by the equipment, or by the person controlling the use of the equipment, or by the agent of either of them.

§ 1394.5255 *Application for ration for heat or domestic hot water in private dwellings.* (a) Application for a ration for the operation of oil burning equipment furnishing heat or domestic hot water or both, to all or part of a private dwelling shall be made on Form OPA R–1100 (Revised). The applicant shall supply the information required by the form.

§ 1394.5257 *Same: Determination of adjusted fuel oil consumption during base period.*

* * * * * * *

(c) The amount of fuel oil used during the base period for heating the premises shall be multiplied by the percentage specified in Column 1 of Table I for the thermal sub-zone in which the premises are located; except that in "Area A", such amount of fuel oil shall be multiplied by the percentage specified in column 1 of Table IA for the county in which the premises are located. The product shall, for the purposes of paragraph (a) of § 1394.5256, be deemed to be the amount of fuel oil consumed during the base period as adjusted for temperature variations from the norm.

§ 1394.5258 *Same: Determination of range.* (a) * * *

(1) The maximum and minimum of gallons per square foot of floor area, as shown in subcolumn (a) of column 2 of Table I for the thermal sub-zone in which the premises are located, (in "Area A" subcolumn (a) of column 2 of Table IA for the county in which the premises are located), if the application is made for a ration for the operation of central heating equipment; or

(2) The maximum and minimum number of gallons per square foot of floor area, as shown in subcolumn (b) of column 2 of Table I for the thermal subzone in which the premises are located, (in "Area A" subcolumn (a) of column 2 of Table IA for the county in which the premises are located), if the application is made for a ration for the operation of space heaters, except that if application is made both for space and central heating equipment used for heating the same premises at different times, the maximum and minimum for both types of equipment shall be determined pursuant to subcolumn (a).

* * * * * * *

§ 1394.5260 *Application for ration for heat or hot water in premises other than private dwellings.* (a) Application for a ration for the operation of oil burning equipment designed for, and furnishing, heat or hot water, or both, to all or part of any premises other than a private dwelling shall, except as provided in paragraph (a) of § 1394.5268 be made on Form OPA R–1101 (Revised). The applicant shall supply the information required by the form.

* * * * * * *

§ 1394.5262 *Same: Determination of adjusted fuel oil consumption during the base period.* * * *

(c) The amount of fuel oil used during the base period for heat, or for both heat and hot water (as determined in accordance with paragraph (a) or (b) of this section) shall be multiplied by the percentage specified in column 1 of Table I for the thermal sub-zone in which the premises are located (in "Area A" column 1 of Table IA for the county in which the premises are located). The product shall, for the purposes of paragraphs (a) and (b) of § 1394.5261, be deemed to be the amount of fuel oil consumed during the base period, adjusted for temperature variations from the norm.

§ 1394.5263 *Issuance of rations for heat or hot water for entire heating year.* (a) After determining the allowable ration for heat or hot water, or both, the Board shall issue Class 1 or Class 2 Coupon Sheets (except as provided in paragraph (d) of § 1394.5264) containing coupons representing the allowable ration less the amount of fuel oil on hand for the operation of the equipment for which the application is made, subject to the provisions of paragraph (c) of this section. Such amount on hand shall be determined in accordance with the provisions of § 1394.5451, except as provided in paragraph (b) of this section.

* * * * * * *

(c) In "Area A", a percentage of the heating year's ration will be issued as follows: 42% in Zone A, 45% in Zone B, and 43% in Zone C.

§ 1394.5264 *Same: Heat or both heat and hot water.*

* * * * * * *

(b) The coupons shall be divided equally, insofar as possible, among all

the valid periods described in paragraph (b) of § 1394.5201, except that in "Area A" such coupons shall be divided equally, insofar as possible, between Thermal Period 4 and Thermal Period 5 described in subparagraphs (5), (6) and (7) of paragraph (c) of § 1394.5266.

§ 1394.5266 *Same: Late applications—Heat or both heat and hot water.* (a) If application is made on or after November 1, 1942, or in "Area A" on or after March 1, 1943, for a ration for heat or both heat and hot water, the allowable ration shall be determined in accordance with § 1394.5256 or § 1394.5261, whichever is applicable. One-fifth of the allowable ration shall be deemed allocable to each thermal period specified in paragraph (c) of this section. The Board shall deduct from the allowable ration:

(1) The amount allocable to any expired thermal period; and

(2) The percentage of the amount allocable to the current thermal period shown by Table II for the number of days elapsed between the beginning of such period and the date of application: *Provided, however,* That in "Area A" the allowable ration for the unexpired balance of the heating year shall be the percentage allocable to the period in which the application is made as shown in Table IIA, less the amount of fuel oil on hand for the operation of such equipment.

* * * * *

(c) The thermal periods referred to in paragraphs (a) and (b) of this section shall be:

* * * * *

(5) In Thermal Zone A in "Area A":

Thermal Period No. 4. From Feb. 2, 1943, to Mar. 13, 1943, inclusive
Thermal Period No. 5. From Mar. 14, 1943 to Sept. 30, 1943, inclusive.

(6) In Thermal Zone B in "Area A":

Thermal Period No. 4. From Feb. 13, 1943, to Apr. 5, 1943, inclusive
Thermal Period No. 5. From Apr. 6, 1943, to Sept. 30, 1943, inclusive.

(7) In Thermal Zone C in "Area A":

Thermal Period No. 4. From Feb. 8, 1943, to Mar. 25, 1943, inclusive
Thermal Period No. 5. From Mar. 26, 1943, to Sept. 30, 1943, inclusive.

* * * * *

§ 1394.5267 *Same: Late applications for hot water only.* If application is made on or after November 1, 1942, or in "Area A" on or after March 1, 1943, for a ration for hot water (but not for heat) in premises other than private dwellings, the allowable ration shall be determined in the manner provided in paragraph (b) of § 1394.5261. The Board shall deduct from the allowable ration the part thereof corresponding to the part of the heating year which has elapsed between October 1, 1942 (February 1, 1943, if in "Area A") and the date of application. The Board shall issue Class 3 coupon sheets containing coupons equal in gallonage value to the allowable ration (after the deduction hereinabove required) less the amount of fuel oil on hand for the operation of such equipment on the date of application.

§ 1394.5268. *Hot water rations; special cases.* (a) The owner, or the person controlling the use of, oil burning equipment designed for, and furnishing, hot water for a purpose directly related to the public health or safety, or as an integral part of a commercial, industrial, agricultural or extractive process (if such equipment is not used for furnishing heat or for furnishing hot water for any other purpose), may obtain a ration for such purpose by applying on form OPA R–1102. No such ration may be obtained for use during the period of validity of any ration issued for the operation of such equipment pursuant to an application made on Form OPA R–1100 or OPA R–1100 (revised) or Form OPA R–1101 or Form OPA R–1101 (revised). Such ration may be obtained for three (3) month periods.

(b) The allowable ration for the operation of such equipment shall, in such case, be the amount of fuel oil needed for such purpose for the three (3) month period beginning with the date on which the ration is required, or, in the case of an application made prior to November 1, 1942, for the three (3) month period beginning October 1, 1942 (or in Area "A" in the case of an application made prior to March 1, 1943, for the three (3) month period beginning February 1, 1943).

§ 1394.5269 *Rations for vendors of heat and hot water.* * * *

(b) Application for a ration for such purpose shall be made to a Board, on or after October 22, 1942, or in "Area A", on or after February 8, 1943, on Form OPA R–1102, by the owner or by the person controlling the use of the equipment, or by the agent of either of them. The applicant shall supply the information required by the form.

* * * * *

(e) If application is made on or after November 1, 1942, or in "Area A," on or after March 1, 1943, for a ration for heat or both heat and hot water, the Board shall (except in "Area A") make the deductions from the allowable ration required by paragraph (a) of § 1394.5266 and shall issue coupons in accordance with the provisions of paragraph (b) of that section. In "Area A" the Board shall refer to Table IIA for the allowable ration for such applicants.

(f) If application is made on or after November 1, 1942, or in "Area A", on or after March 1, 1943, for a ration for hot water only, the Board shall make the deductions from the allowable ration required by, and shall issue coupons in accordance with, the provisions of § 1394.5267.

§ 1394.5270 *Rations for space heaters in premises other than private dwellings:* * * *

(c) Application for a ration pursuant to this section shall be made on Form OPA R–1100 (Revised). The applicant shall supply the information required by that form, except that he need not supply the certifications required by paragraph (b) of § 1394.5255 or paragraph (b) of § 1394.5260.

Auxiliary Rations

§ 1394.5302 *Applications for auxiliary rations.* (a) Application for an auxiliary ration may be made to a Board, on or after November 2, 1942, or in "Area A" on or after March 2, 1943 on Form OPA R–1104. The applicant shall supply the information required by that form and such other information as the Board may require. He shall specify the period (not to exceed the balance of the heating year) during which such auxiliary ration is required.

* * * * *

Domestic Cooking and Lighting Rations

§ 1394.5352 *Application for ration for domestic cooking and lighting.* (a) Application for a ration for the operation of equipment used for domestic cooking or lighting may be made to a Board, on or after October 22, 1942 or in "Area A" on or after February 8, 1943 on Form OPA R–1103 or Form OPA R–1103A. The applicant shall supply the information required by the form.

* * * * *

§ 1394.5353 *Determination of allowable ration for domestic cooking.* (a) Subject to the provisions of paragraph (b) of this section, the allowable ration for all units of cooking equipment used for domestic cooking for a single family shall be the amount of fuel oil needed for such purpose during the three (3) month period beginning with the date on which the ration is required, or, in the case of an application made prior to November 1, 1942, (prior to March 1, 1943 if in "Area A") during the three (3) month period beginning October 1, 1942 (beginning February 1, 1943 if in "Area A").

* * * * *

§ 1394.5354 *Determination of allowable ration for domestic lighting.* (a) Subject to the provisions of paragraph (b) of this section, the allowable ration for all units of lighting equipment providing domestic lighting for a single family shall be the amount of fuel oil needed for such purpose during the three (3) month period beginning with the date on which the ration is required, or in case of an application made prior to November 1, 1942, during the three (3) month period beginning October 1, 1942, or in "Area A", where application is made prior to March 1, 1943, during the three month period beginning February 1 1943.

* * * * *

Commercial Motor Vehicles

§ 1394.5401 *Rations for commercial motor vehicles.* * * *

(b) Application for a ration for the operation of a commercial motor vehicle shall be made to a Board, on or after October 22, 1942, or in "Area A" on or after February 8, 1943 on Form OPA R–1102 (or, in the case of a farm vehicle, on Form OPA R–1103) by the owner, or by the person controlling the use, of the vehicle, or by the agent of either of them. The applicant shall supply the information required by the form. A single application may be made for all commercial motor vehicles for which the applicant requires a ration.

* * * * *

Miscellaneous Uses

§ 1394.5402 *Rations for miscellaneous uses.* * * *

(b) Application for a ration for a necessary purpose not otherwise specified in this Ration Order No. 11, shall be made to a Board on or after October 22, 1942 or in "Area A" on or after February 8, 1943.

(c) The allowable ration shall, except as provided in paragraph (d) of this section, be the amount of fuel oil needed for such purpose during the three (3) month period beginning with the date on which the ration is required, or, in the case of an application made prior to November 1, 1942, during the three (3) month period beginning October 1, 1942, or in "Area A" where application is made prior to March 1, 1943, during the three (3) month period beginning February 1, 1943: *Provided,* That the allowable ration shall not exceed the amount used for such purpose during the corresponding period of the preceding year, unless the applicant shows good cause for the increased requirements.

§ 1394.5403 *Heat rations for railroad cars.* Notwithstanding any other provision of Ration Order No. 11: * * *

(b) Application for such ration shall be made to a Board on or after October 22, 1942, or in "Area A" on or after February 8, 1943, on Form OPA R–1102, by the owner of the equipment, or by the person controlling the use of such equipment, or by the agent of either of them. The applicant shall supply the information required by that form. A single application may be made for all the units of oil burning equipment for which a ration is required.

(c) The allowable ration shall be the amount of fuel oil needed for such purpose during the three (3) month period beginning with the date on which the ration is required, or, in the case of an application made prior to November 1, 1942, during the three (3) month period beginning October 1, 1942; or in "Area A" where application is made prior to March 1, 1943, during the three (3) month period beginning February 1, 1943.

* * * * *

General Provisions With Respect to Issuance of Rations

§ 1394.5451 *Determination of fuel oil inventory.* Before issuing a ration, the Board shall determine the amount of fuel oil on hand for the use for which the ration is required. The date as of which such amount is to be determined shall be:

* * * * *

(c) February 1, 1943 in the case of an application made prior to March 1, 1943, in "Area A", or

(d) The date of application, in the case of an application made on or after March 1, 1943 in "Area A".

* * * * *

§ 1394.5452 *Notations on coupon sheets; validating stamp.* (a) At the time of issuing a coupon sheet, the Board shall enter thereon the name and address of the person to whom it is issued and the number and kind of coupons issued therewith. The Board shall also enter on such coupon sheet the date on which it becomes valid (or October 1, 1942, in the case of an application made prior to November 1, 1942; and in "Area A" February 1, 1943 in the case of an application made prior to March 1, 1943) and the date on which it expires. Such dates shall be, respectively, the first and last day of the period for which the ration is issued. Where a coupon sheet is issued in exchange for coupons, coupon sheets or other evidences previously issued, the Board shall inscribe the word "Exchange" below the serial number on the coupon sheet so issued.

Restrictions on Use of Rations and Fuel Oil

§ 1394.5603 *Restrictions on consumption of fuel oil.* (a) Except as provided in §§ 1394.5505 (b), 1394.5602, 1394.5658, 1394.5665, and paragraphs (b) and (c) of this section, no person shall consume fuel oil unless such fuel oil was acquired by him or on his behalf in exchange for valid coupons or other evidences, or delivery receipts, or was transferred to him pursuant to paragraph (f) or (g) of § 1394.5653: *Provided,* That fuel oil included in a consumer's inventory pursuant to § 1394.5451, with respect to which a deduction has been made, or with respect to which coupons or other evidences, or delivery receipts, have been surrendered to a Board pursuant to subparagraph (2) of § 1394.5659 (b) shall be deemed to have been acquired in exchange, therefor. If, at the time he makes application therefor, the consumer's inventory of fuel oil exceeds his allowable ration, he may not consume fuel oil in excess of such allowable ration.

* * * * *

(c) Prior to March 1, 1943 the provisions of paragraph (a) of this section shall not be applicable to "Area A".

* * * * *

Restrictions on Transfers to and by Consumers

§ 1394.5651 *Restrictions on transfers to consumers.* Except as provided in § 1394.5664, on and after November 1, 1942, and in "Area A" on and after March 1, 1943, notwithstanding the terms of any contract, agreement, or commitment, regardless of when made, no person other than a dealer or supplier shall transfer or offer to transfer fuel oil to a consumer and no consumer shall accept a transfer of fuel oil from any person other than a dealer or supplier.

§ 1394.5652 *Transfers to consumers.* (a) On and after November 1, 1942, and in "Area A" on and after March 1, 1943, notwithstanding the terms of any contract, agreement, or commitment, regardless of when made, no dealer or supplier shall transfer fuel oil from within or without the limitation area to a consumer within the limitation area, or from within the limitation area to a consumer without the limitation area, and no consumer shall accept such transfer except in exchange for valid coupons or other evidences, or delivery receipts, authorized by this Ration Order No. 11.

* * * * *

§ 1394.5653 *Transfers to consumers in exchange for coupons.* * * *

(f) Notwithstanding any other provisions of Ration Order No. 11, a dealer or supplier may, during the period from November 1, 1942 to December 9, 1942, inclusive, or in "Area A" from February 1, 1943 to February 28, 1943, inclusive, transfer fuel oil to a consumer who has not received a ration, without requiring the surrender of coupons or other evidences, or delivery receipts, subject to the following conditions:

* * * * *

(3) Such consumer shall immediately after the issuance of a ration to him surrender to his transferor, coupons or other evidences, or delivery receipts equal in gallonage value to the amount of fuel oil so transferred unless he receives a notice pursuant to subparagraph (8) of this paragraph. At the time of such surrender and transferor shall make the entries required by § 1394.5653 or § 1394.5655 as the case may be. In "Area A", coupons numbered "4" may be surrendered for transfers of fuel oil accepted during the month of February, 1943

(4) Any dealer or supplier who has made a transfer of fuel oil pursuant to paragraph (d) (2) of Limitation Order L–56, or pursuant to this paragraph or paragraph (g), to a consumer who has failed to surrender coupons or other evidences, or delivery receipts, as required by paragraph (d) of § 1394.5604 or subparagraph (3) of this paragraph, whichever is applicable, shall, on January 14, 15, or 16, 1943, (or in "Area A" on March 15 or 16, 1943) apply in writing to the Board which issued a ration to such consumer, or to which the consumer applied for a ration, or, if the consumer failed to apply for a ration, to the Board having jurisdiction of the area in which the consumer's premises are located, for an exchange certificate or certificates (Form OPA R–1118) equal in gallonage value to the coupons or other evidences, or delivery receipts, which the consumer has failed to surrender. (The applicant may include two (2) or more consumers in one application if all such consumers are within the jurisdiction of the same Board.) The applicant shall state:

* * * * *

§ 1394.5661 *Discriminations in transfers to consumers.* On and after November 1, 1942, (or on and after February 1, 1943 in "Area A"), no dealer or supplier shall discriminate, in the transfer

of fuel oil, among consumers entitled to acquire fuel oil under this Ration Order No. 11: *Provided, however,* That notwithstanding the provisions of this section, a primary supplier may conform to the provisions of Petroleum Administrative Order No. 1, as amended, issued by the Petroleum Administration for War.

. . . . .

§ 1394.5663 *Transfers of fuel oil from the limitation area to persons outside the limitation area.* (a) Except as provided in paragraphs (b) and (c) of this section, on and after November 1, 1942, (on and after February 1, 1943 in "Area A"), notwithstanding the terms of any contract, agreement or commitment, regardless of when made, no person shall transfer or offer to transfer fuel oil from within the limitation area to any point in the continental United States without the limitation area, and no person shall accept such transfer.

. . . . .

Provisions Relating to Dealers and Suppliers

§ 1394.5701 *Registration of dealers and suppliers.* (a) Every primary supplier shall, on October 27 or 28, 1942, (or, if he became a primary supplier after October 28, 1942, within five (5) days after becoming a primary supplier) or in "Area A" on February 12 or 13, 1943 (or if he becomes a primary supplier after February 13, 1943, within five (5) days after becoming a primary supplier) register with a Board within the limitation area (on Form OPA R–1116 (Revised), in duplicate) during the hours provided by the Board, the following matters, together with such other information as may be required by such form:

(1) His name, firm name and business address.

(2) His total fuel oil storage capacity and his total inventory of fuel oil on hand as of 12:01 a. m. on October 1, 1942, or in "Area A" as of 12:01 a. m. on February 1, 1943, or, if he has become a primary supplier since October 1, 1942, or in "Area A" since February 1, 1943, at the time he became a primary supplier.

. . . . .

(b) Every dealer and secondary supplier transacting business within the limitation area shall, on October 27 or 28, 1942, and in "Area A" on February 12 or 13, 1943 register with a Board (on Form OPA R–1116, in duplicate) during the hours provided by the Board, the following matters, together with such other information as may be required:

(1) His name, firm name, business address and type of business.

(2) His total fuel oil storage capacity.

(3) His total inventory of fuel oil on hand as of 12:01 a. m. on October 1, 1942 and in "Area A" as of 12:01 a. m. on February 1, 1943.

. . . . .

(d) . . .

(2) Such dealers or suppliers shall furnish, together with such other information as may be required by such form, their names and addresses, the total fuel oil capacity of such facilities, and their total combined inventory of fuel oil on hand in such facilities as of 12:01 a. m. on October 1, 1942 and in "Area A" as of 12:01 a. m. on February 1, 1943.

. . . . .

§ 1394.5702 *What constitutes fuel oil on hand.* The registrant shall register all fuel oil on hand, whether in storage tanks, tank trucks, tank cars delivered to railroad sidings, drums, mobile containers, or other containers (but not fuel oil in the fuel supply tank of oil burning equipment). The registrant shall not register fuel oil in transit which did not arrive at his place of business prior to 12:01 a. m. on October 1, 1942, (prior to 12:01 a. m. on February 1, 1943 in "Area A"). Fuel oil shipped prior to 12:01 a. m. on October 1, 1942, (prior to 12:01 a. m. on February 1, 1943 in "Area A"), but received by the transferee after 12:01 a. m. on such day, shall be included in the inventory of the transferor and shall be deemed to have been transferred after 12:01 a. m. on October 1, 1942 (after 12:01 a. m. on February 1, 1943 in "Area A").

§ 1394.5703 *What constitutes storage capacity.* The registrant shall register the total capacity of all stationary fuel oil storage facilities in use as of 12:01 a. m. on October 1, 1942, (as of 12:01 a. m. on February 1, 1943 in "Area A"), but not the capacity of the tank trucks, tank wagons, drums, or other mobile containers, except that a dealer or supplier who maintains no stationary fuel oil storage facilities shall register the total capacity of all his mobile or portable facilities.

. . . . .

§ 1394.5707 *Restriction on transfers.* (a) Except as provided in § 1394.5708, on and after November 1, 1942, (on and after March 1, 1943 in "Area A") no primary supplier within or without the limitation area, and no dealer or supplier within the limitation area, shall transfer or offer to transfer fuel oil to any dealer or supplier within the limitation area, and no dealer or supplier within the limitation area shall accept such transfer, except in exchange (made at, or at the option of the transferor within five (5) days after, the time of the actual transfer of the fuel oil or in advance thereof) for valid coupons bearing an inscribed serial number, or for other evidences, equal in gallonage value to the amount of the fuel oil transferred, or (where transfer is regularly made on a temperature adjustment basis) equal in gallonage value to the adjusted amount of fuel oil transferred: *Provided,* That no dealer or supplier shall knowingly transfer, or accept the transfer of, an amount of fuel oil in exchange for any exchange certificate in excess of the amount of fuel transferred for the coupons or exchange certificates for which such exchange certificate was issued. No exchange of coupons or other evidences shall accompany a transfer of fuel oil directly from without the limitation area, to a primary supplier within the limitation area or a transfer from one primary supplier to another primary supplier.

(b) Notwithstanding any other provisions of Ration Order No. 11, any transfer required by paragraph (a) of this section to be accompanied by an exchange of coupons or other evidences, or any transfer specified in § 1394.5708, may, during the period from November 1, 1942 to December 9, 1942, inclusive, and in "Area A" during the period from February 1, 1943 to February 28, 1943, inclusive, be made without requiring the surrender of coupons or other evidences, subject to the following conditions:

. . . . .

(3) Any dealer who received a transfer of fuel oil pursuant to paragraph (e) (1) of Limitation Order L–56, or pursuant to paragraph (c) or this paragraph shall, on or before January 18, 1943; or in "Area A" on or before March 20, 1943, surrender to the transferor coupons or other evidences, or exchange certificates furnished pursuant to subparagraph (6) of § 1394.5653 (f), equal in gallonage value to the amount of fuel oil so transferred.

(4) Any secondary supplier or primary supplier who has made a transfer of fuel oil to a dealer pursuant to paragraph (e) (1) of Limitation Order L–56, or paragraph (c) or this paragraph, for which the dealer has failed to surrender coupons or other evidences, or exchange certificates furnished pursuant to subparagraph (6) of § 1394.5753 (f) shall, on January 22 or 23, 1943, or in "Area A," on March 23, 1943, apply in writing to the Board with which the dealer is registered for an exchange certificate or certificates (Form OPA R–1118) equal in gallonage value to the coupons or other evidences, or exchange certificates, which the dealer failed to surrender pursuant to subparagraph (3) of this paragraph. (The applicant may include two (2) or more dealers in one application if all such dealers are registered with the same Board) The applicant shall state:

. . . . .

(7) Any secondary supplier who, pursuant to paragraph (e) (1) of Limitation Order L–56, or paragraph (c) or this paragraph, received a transfer of fuel oil from a primary supplier shall, on or before January 25, 1943, and in "Area A" on or before March 27, 1943, surrender to the transferor coupons or other evidences, or exchange certificates, equal in gallonage value to the amount of fuel oil so transferred.

(8) Any primary supplier who has made a transfer of fuel oil to a secondary supplier pursuant to paragraph (e) (1) of Limitation Order L–56, or paragraph (c) or this paragraph, for which the secondary supplier has failed to surrender coupons or other evidences, or exchange certificates furnished pursuant to subparagraph (6) of this paragraph shall, on January 29, or 30, 1943, and in "Area A" on March 30, 1943, apply in writing to the Board with which the secondary supplier is registered for an exchange certificate or certificates (Form OPA R–1118) equal in gallonage value to the coupons or other evidences, or exchange certificates, which the secondary supplier failed to surrender pursuant to subparagraphs (3) or (7) of this paragraph. (The applicant may include two (2) or more secondary suppliers in one application if all such secondary suppliers are registered with the same Board.) The applicant shall state:

. . . . .

§ 1394.5711 *Discrimination in transfers to dealers or suppliers.* On and after January 9, 1943, and in "Area A" on and after February 1, 1943, no dealer or supplier shall discriminate, in the transfer of fuel oil, among dealers or suppliers entitled to acquire fuel oil under this Ration Order No. 11: *Provided, however,* That notwithstanding the provisions of this section, a primary supplier may conform to the provisions of Petroleum Administrative Order No. 1, as amended, issued by the Petroleum Administration for War.

Same: Records, Audits and Inspections

§ 1394.5731 *Reports by primary suppliers.* (a) On or before the twenty-fifth day of each month, commencing with the twenty-fifth day of November, 1942, and in "Area A", commencing with the twenty-fifth day of March, 1943, every primary supplier shall forward to the Control and Audit Unit, Fuel Oil Rationing Branch, Office of Price Administration, Washington, D. C., a report, on Form OPA R–1119, showing, in addition to all other information required by the form, the matters set forth below, and every primary supplier shall forward, together with such statement, exchange certificates as required below:

PART 1340—FUEL

[RPS 88,[1] Amendment 65]

PETROLEUM AND PETROLEUM PRODUCTS

A statement of the considerations involved in the issuance of this amendment is issued simultaneously herewith and has been filed with the Division of the Federal Register.*

In § 1340.159 (d) (2) subdivision (iv) is amended and new subdivisions (vi) and (vii) are added as set forth below:

§ 1340.159 *Appendix A: Maximum prices for petroleum and petroleum products.* • • •

(d) *Petroleum gas, natural gas.* • • •

(2) *Dry gas.* • • •

(iv) (*a*) Notwithstanding the provisions of other subdivisions of this subparagraph (2), a seller's maximum price for deliveries of dry gas to a particular purchaser shall be either the maximum price established under subdivision (i), (ii), or (iii) of this subparagraph (2) or a price agreed upon between the seller and the purchaser and reported to the Office of Price Administration by such seller within 10 days of the date of the agreement, or February 10, 1943, whichever is later, which price must be in line with the level of maximum prices for dry gas generally prevailing in the particular producing area, or if there is only one producer of dry gas in one particular producing area, a price in line with the level of maximum prices prevailing in the nearest producing area in which similar conditions obtain. Once the seller has determined his maximum price for deliveries of dry gas to a particular purchaser under this subdivision (iv) that price is his maximum price to that purchaser thereafter.

(*b*) The report required in subdivision (iv) (*a*) shall be mailed to the Office of Price Administration, Petroleum Branch, Washington, D. C. In connection with any such report and concurrently therewith the following shall be submitted to the Office of Price Administration,

BY THE SELLER

(i) The seller's present maximum price for dry gas established by this price schedule and the maximum price agreed upon accompanied both by a statement as to the point (such as the well-head, the pipe line or pipe line terminus) at which delivery to the purchaser is made, and by copies of the contract (if any) on the basis of which the present maximum price is established and of the proposed renewal thereof, or of the new contract for the sale of dry gas contemplated by the parties.

(ii) Names and addresses of the purchasers of the seller's production.

BY THE PURCHASER

(iii) The disposition made of the gas purchased from the seller by each purchaser thereof.

(iv) Maximum prices of dry gas established for other sellers in the particular producing area or, if the seller is the only producer in the particular area, in the nearest producing areas in which similar conditions obtain. Maximum prices should be stated for each class of purchasers together with a description of each class. Estimated percentage of total volume moving at each price should be stated and the nature of the facilities used in making delivery to each purchaser should be described.

(v) A statement in writing signed by the purchaser or purchasers that they will absorb any increase in the cost of dry gas resulting from the reported price and that they do not intend prior to the expiration of the Emergency Price Control Act of 1942, as amended, to rely upon such cost increase as a basis of application for increase in their resale prices or in the prices of other commodities or services sold or supplied by them.

The information required to be submitted by either the purchaser or the seller may be filed either with the report or separately. Information required of either the seller or the purchaser, if filed separately, will, upon request, be treated as confidential.

(c) The seller may not accept payment for deliveries of dry gas subject to a maximum price determined under subdivision (iv) (*a*) until fifteen days have elapsed after mailing the report of such maximum price. Within the fifteen day period, the price so reported shall be subject to adjustment by the Office of Price Administration. Subsequent to this fifteen day period, such price shall be subject to adjustment (not to apply retroactively) at any time upon written order of the Office of Price Administration.

• • • • •

(vi) Where a seller is unable to determine his maximum price for dry gas under (ii), (iii) or (iv) above, a tentative maximum price may be set, and the seller shall comply with the requirements of filing as provided in subparagraph (1), subdivision (iii), and the tentative maximum price shall be subject to disapproval and change as therein provided.

(vii) Nothing in this subparagraph (2) shall be construed to authorize the regulation of a rate that is exempt from control by the Office of Price Administration under the Emergency Price Control Act of 1942.

§ 1340.158a *Effective dates of amendments.* • • •

(nnn) Amendment No. 65 (§§ 1340.159 (d) (2) (iv), (vi) and (vii)) to Revised Price Schedule No. 88 shall become effective February 10, 1943.

(Pub. Law 421 and 729, 77th Cong., E.O. 9250, 7 F.R. 7871)

Issued this 4th day of February, 1943.

PART 1337—RAYON

[MPR 167,[1] Amendment 4]

RAYON YARN AND STAPLE FIBER

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

In § 1337.42 the text of paragraph (b) is amended, a new table is added to subparagraph (b) (1), the text of subparagraph (b) (3) is amended and a new table is added, subparagraph (b) (3b) is amended, subparagraph (b) (4) is redesignated (b) (5) and a new subparagraph (b) (4) is added and paragraph (c) is amended as set forth below:

§ 1337.42 *Appendix A: Maximum prices for rayon yarn and staple fiber.* • • •

(b) *Maximum prices for rayon yarn and staple fiber sold by producers.* The following are maximum prices per pound for sales of rayon yarns and staple fiber sold by producers at destination, except that on shipments to points west of the Mississippi River, only the actual cost of transportation to the Mississippi River shall be allowed. The seller shall have the right to designate the carrier. When shipment is via common or contract carrier, the seller must prepay the cost of transportation or make allowance therefor at the lowest published rate. When shipment is via vehicle owned, leased or operated by the buyer, the seller shall make allowance for transportation at not less than the lowest published carload or truckload rates, irrespective of quantity shipped. These maximum prices are established on the basis of net 30 days. The extension of credit shall not entitle the seller to make any additional charge. However, a charge at a rate not in excess of 6% per annum may be made on past due accounts. Where the seller requires payment to be made in less than 30 days the maximum prices established herein shall be reduced at a rate no lower than 6% per annum for the period of demanded anticipation.

(4) *Maximum prices for other than first quality rayon yarns.* The maximum prices for other than first quality rayon yarns shall be the prices set forth in paragraphs (b) (1), (2) and (3) above for yarns of the same denier, put-up and twist less the differentials between representative prices charged by the individual producers during March, 1942 for first quality and the respective types and grades of inferior rayon yarns to the same class of purchasers. In determining which yarns are first quality and which are inferior or other than first quality each producer shall employ the classifications which he used during March, 1942.

• • • • •

(c) *Maximum prices for sales of rayon yarn and staple fiber by persons other than producers.*—(1) *Maximum prices for sales by jobbers.* The maximum prices for sales of rayon yarn and staple fiber by jobbers shall be the prices set forth below, f. o. b. seller's warehouse:

(i) *First quality rayon yarn.* The maximum prices for sales of first quality rayon yarn set forth in § 1337.42 (b) (1), (2), and (3) above, plus $.04 per pound.

(ii) *Other than first quality rayon yarn.* The maximum prices for sales of first quality rayon yarn set forth in § 1337.42 (b) (1), (2), and (3) above.

(iii) *Rayon staple fiber.* The maximum prices for sales of rayon staple fiber set forth in § 1337.42 (b) (5) above.

As used herein, the term "sales by jobbers" means sales by a person primarily engaged in the business of purchasing rayon yarn or staple fiber for resale either in substantially the same form as that in which he purchased it or after it has been subjected to converting operations such as those listed in Maximum Price Regulation No. 168.[2]

(2) *Maximum prices for sales by other sellers.* The maximum prices for sales of rayon yarn and staple fiber by persons other than jobbers shall be the maximum prices for sales by producers set forth in § 1337.42 (b) above.

§ 1337.41a *Effective dates of amendments.* • • •

(d) Amendment No. 4 (§ 1337.42 (b) (1), (3), (4) and (5), (c)) to Maximum Price Regulation No. 167 shall become effective February 10, 1943.

[Order 187 Under § 1499.18 (b) of GMPR]

SWIFT AND COMPANY

Order No. 187 under § 1499.18 (b) of the General Maximum Price Regulation—Docket No. GF3–2007.

For the reasons set forth in an opinion issued simultaneously herewith, *It is ordered:*

§ 1499.1088 *Adjustment of maximum price of Swift and Company for rough beef tongue gullet trimmings.* (a) Swift and Company, Union Stock Yards, Chicago, Illinois, may sell and deliver and agree, offer, solicit and attempt to sell and deliver rough beef tongue gullet trimmings, and any person may buy and receive from Swift and Company such rough beef tongue gullet trimmings at a price not in excess of 7¢ per pound.

(b) Swift and Company, Union Stock Yards, Chicago, Illinois, shall mail or cause to be mailed to all persons who purchase rough beef tongue gullet trimmings from it for resale a notice reading as follows:

The Office of Price Administration by Order No. 187 effective February 5, 1943 pursuant to Section 1499.18 (b) of the General Maximum Price Regulation, as amended, has permitted us to raise our maximum price for sales to you of rough beef tongue gullet trimmings from 4½¢ per pound to 7¢ per pound.

This amount represents only that part of cost increases which we were unable to absorb and it was granted with the understanding that purchasers making use of this item will not raise prices of their products. The Office of Price Administration has not permitted you or any other seller to raise maximum prices for sales of products containing rough beef tongue gullet trimmings. In order that we may continue to provide you with rough beef tongue gullet trimmings it will be necessary for you to accept this reduction in your margin.

(c) All prayers of the petition not granted herein are denied.

(d) This Order No. 187 may be revoked or amended by the Price Administrator at any time. Unless the context otherwise requires, the definitions set forth in § 1499.20 of the General Maximum Price Regulation, as amended, shall apply to the terms used herein.

*Copies may be obtained from the Office of Price Administration

PART 1499—COMMODITIES AND SERVICES

[Order 188 Under § 1499.18 (b) of GMPR]

WHITEHOUSE MANUFACTURING COMPANY

Order No. 188 under § 1499.18 (b) of the General Maximum Price Regulation—Docket No. GF3-646.

For the reasons set forth in an opinion issued simultaneously herewith, *It is ordered:*

§ 1499.1089 *Adjustment of maximum prices for waiters' jackets manufactured by Whitehouse Manufacturing Company for The Pennsylvania Railroad Company.* (a) Whitehouse Manufacturing Company of Chicago, Illinois may sell and deliver and The Pennsylvania Railroad Company may buy and receive the following commodity at prices no higher than those set forth below:

(1) $15.10 per dozen for No. 430 bleached 76 x 80 drill waiters' jackets manufactured by Whitehouse Manufacturing Company for The Pennsylvania Railroad Company, having the same specifications as to quality of fabrics and trimmings, standards of construction and garment dimensions as those for which Whitehouse Manufacturing Company established $11.80 per dozen as its maximum price under § 1499.2 of the General Maximum Price Regulation.

(b) The adjustment granted to Whitehouse Manufacturing Company in paragraph (a) is subject to the following conditions:

(1) This adjustment shall apply only to sales by the Whitehouse Manufacturing Company to The Pennsylvania Railroad Company.

(2) All discounts, trade practices, and practices relating to shipping and shipping charges in effect in March 1942, shall be applicable to the maximum price set forth in paragraph (a) hereof.

(3) The Whitehouse Manufacturing Company shall mail to The Pennsylvania Railroad Company a notice reading as follows:

The Office of Price Administration has permitted us to raise our maximum prices for sales to you of our waiters' jackets from $11.80 to $15.10 per dozen. This amount represent increases in costs which we are unable to absorb, and it was granted with the understanding that the jackets are supplied by you to your employees without any charge and that accordingly the granting of the requested increase could not cause an increase in retail prices.

(c) All prayers of the application not granted herein are denied.

(d) This Order No. 188 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 188 is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(f) This Order No. 188 shall become effective February 5, 1943.

AUTHORITY: §§ 1801.1 to 1801.76 inclusive issued under the authority vested in the Director of Censorship pursuant to sec. 3 (c) of the Trading with the Enemy Act of October 6, 1917, 40 Stat. 412 as amended; sec. 303 of the First War Powers Act of December 18, 1941, 55 Stat. 838; Executive Order 8985, 6 F.R. 6625; Treasury Decision 50536; 6 F.R. 6807.

§ 1801.1 *Scope of regulations.* These regulations pertain to all communications passing between the United States, its territories or possessions, and any foreign country, or which may be carried by any vessel or other means of transportation touching at any port, place, possession, or territory of the United States and bound to or from any foreign country.

§ 1801.2 *Definitions.* As used in these regulations:

(a) The term "communication" shall include any letter or other writing, book, map, plan, or other paper, picture, sound recording or other reproduction, telegram, cablegram, wireless message, telephone conversation either by landlines or radiotelephone circuits, or any message transmitted by any signaling device, carrier pigeon, by word of mouth, or by any other means.

(b) The term "enemy territory" shall include the territory of and the territory occupied or controlled by any nation with which the United States is or may hereafter be at war.

(c) The term "enemy national" shall mean:

(1) The government of any country with which the United States is or may hereafter be at war, and any agent, instrumentality, or representative of such government, or other person acting therefor, wherever situated;

(2) The government of any other country having its seat within enemy territory to which the provisions of Executive Order No. 8389, as amended, have been extended, and any agent, instrumentality, or representative thereof, or other person acting therefor, actually situated within enemy territory;

(3) Any individual within enemy territory, or any partnership, association, corporation, or other organization, to the extent that it is actually situated within enemy territory;

(4) Any person whose name appears on the Proclaimed List of Certain Blocked Nationals, as revised and supplemented, promulgated pursuant to the President's Proclamation of July 11, 1941, and any other person acting therefor.

§ 1801.3 *Submitting communications to censorship.* (a) Whoever takes or sends out of, or brings into, or attempts to take or send out of, or bring into the United States any communication, except in the regular course of the mail or through a communications company whose traffic normally passes through censorship or a communication examined and passed by the Bureau of Customs, shall submit such communication to the Director of Censorship, Washington, D. C., prior to transmission, or prior to the disclosure of the contents of such communication or any part thereof.

(b) Whoever either for himself or on behalf of another receives a communication, except an unaddressed regularly scheduled radio broadcast communication intended for reception by the general public or through a communications company whose traffic normally passes through censorship or a communication examined and passed by the Bureau of Customs or a communication received in the regular course of the mail, shall immediately submit such communication and all information relative thereto to the Director of Censorship, Washington, D. C., and shall not disclose the contents or any part thereof until authorized by him.

(c) The master of any vessel entering the territorial waters of, or any port, place, possession, or territory of, the United States and having on board, carrying, conveying, or otherwise transporting upon such vessel any communication, whether in a foreign postal service or otherwise, except communications in International Postal Service destined to enter United States Postal Service or communications examined and passed by the United States Bureau of Customs, shall immediately submit such communication to Censorship by delivering the same to the nearest United States Postmaster or to the Censorship officer boarding such vessel.

(d) Any person upon any vessel entering the territorial waters of, or any port, place, possession, or territory, of the United States and having in his possession or custody any communication, except a communication examined and passed by United States Bureau of Customs, shall immediately submit such communication to Censorship by delivering the same to the nearest United States Postmaster, or to the Censorship officer boarding said vessel.

§ 1801.4 *Discretion of censor.* All communications shall be sent, filed or transmitted at the sender's risk and may be condemned, suppressed, delayed, or otherwise dealt with at the discretion of the censor without notice.

§ 1801.5 *Communication with enemy territory or enemy nationals.* No communication shall be sent or transmitted to enemy territory or to any enemy national except as specifically provided in these regulations, or as otherwise authorized by the Office of Censorship.

§ 1801.6 *Communications to members of the armed forces.* Communications to members of the United States Armed Forces located outside the United States, in addition to complying with these regulations, must bear the address officially designated by the Military or Naval authorities.

§ 1801.7 *Subjects prohibited.* No reference, either open or hidden, shall be made to any of the following subjects in any communication unless officially disclosed by appropriate governmental authority:

(a) *Troops.* The general character and movements of United States Army, Navy, or Marine Corps units, within or without continental United States, their location, identity, or exact composition, equipment, or strength; destination, routes, and schedules; assembly for embarkation, prospective embarkation, or actual embarkation; similar information regarding the troops of United Nations. Possible future military operations should not be revealed by identifying an individual known for a specialized activity.

NOTE: Names or numbers of troop units except unit designations of training camps within continental United States may be used only when required by the Military or Naval authorities for address purposes.

(b) *Ships and shipping.* Information regarding Naval or merchant vessels of the United States, other United Nations, or neutral nations, if it discloses:

(1) Identity, location, description, movement, or prospective movement, including assembly ports, anchorages, and methods of routing of convoys or transports;

(2) Time of departure or arrival of any ship more specific than one week's time; but approximate dates such as "next week," "soon," etc., are permissible;

(3) The identity of location of enemy naval or merchant vessels;

(4) Existence of mine fields or other harbor defenses, secret orders or other secret instructions regarding lights, buoys, and other guides to navigators;

(5) Number, size, character, and location of ships in construction, or advance information as to the date of launchings or commissionings; the physical setup or technical details of ship yards.

Communications pertaining to the shipment of material or movements of surface vessels must be so worded as not to associate any two of the following elements unless the communication is sent by secure channels approved by Censorship: (i) Name of the vessel; (ii) nature of the cargo; (iii) name of port of arrival or departure.

Information about the sinking or damaging of United States war or merchant vessels unless officially disclosed by appropriate authority. Information about the identity, location, sinking or damaging of Naval or merchant vessels of other nations, friendly or otherwise, unless disclosed by appropriate authority or made public outside continental United States and the origin stated.

(c) *Military operations.* The fact or effect of military or naval operations by the United States or the United Nations, until officially disclosed.

The fact or effect of enemy operations against the United States or the United Nations, including casualties and material damage, until officially disclosed.

Warnings or reports of impending air raids on continental United States, and the fact or effect of such attacks until the raid is ended and the all-clear has sounded; estimates of number of planes involved, their routes, defense measures, number of bombs dropped; damage to fortifications, docks, railroads, ships, airfields, public utilities, industrial plants engaged in war work, and all other military objectives.

(d) *Planes.* The disposition, movements, missions, new characteristics, or strength of military air units of the United States or the United Nations; activities of commercial airlines and private pilots for the military services; activities, operations, and installation of the Air Forces Ferry Command of the United States or other United Nations; information about performance, construction, and armament of new or current military aircraft or related items of equipment; messages pertaining to international operations of commercial airlines unless sent by secure channels approved by Censorship.

(e) *Fortifications and defenses.* The location, description, and strength of forts and other fortifications, bases, and other installations of the United States or the United Nations; the location, nature and number of coast-defense emplacements, anti-aircraft guns, bomb shelters, and other defense installations; location of camouflaged objects; the identity, performance, movement or prospective movement of defensive or offensive weapons, supplies, material, or equipment of the United States or the United Nations.

(f) *Production.* Specific information from which the enemy could estimate the extent, tempo, progress or location of our production for war, such as:

(1) Information which saboteurs could use to gain access to or damage war production plants;

(2) Contracts for the manufacture of war materials or for construction of bases, docks, depots, and yards; cost and nature of production involved in such contracts;

(3) Location, description, production, capacity, schedules, delivery dates, or specific output of war production plants or industries;

(4) Statistical information disclosing the amounts of strategic or critical materials produced, imported, or in reserve;

(5) Information about damage to production plants by sabotage or enemy action; information about new or secret military designs, formulas, experiments, manufacturing processes or factory designs;

(6) Information about production; amounts, dates, and method of delivery, destination or routes of lend-lease war material;

(7) Detailed reports of production and conditions in the mining, lumbering, fishing, livestock, and farming and other key American industries, and shortages or surpluses in connection therewith;

(8) Nation-wide or other roundups of current war production or war contract procurement data.

(g) *Weather.* Current weather conditions, weather forecasts, and all other current meteorological data.

Descriptions of past local weather conditions, obtainable from public observation or newspaper publication, may be transmitted at the discretion of the censor.

(h) *General.* (1) Any data concerning military or naval communications or intelligence methods or results;

(2) Rumors which might render aid and comfort to the enemy;

(3) Information disclosing the new location of national archives, or of public or private art treasures;

(4) Names of persons arrested, questioned, or interned as enemy aliens; names of persons moved to resettlement centers; location and description of places of internment and resettlement;

(5) Premature disclosure of diplomatic negotiations or conversations;

(6) Information about the movements of the President of the United States or officials or agents of the United States or the United Nations, including high ranking Army or Naval officers and staffs and diplomatic missions;

(7) The number, description, location, or identity of prisoners of war;

(8) Propaganda detrimental to the war efforts of the United States or the United Nations, except official enemy communiques and claims;

(9) Information concerning the planning or effecting of any inter-governmental loans or financial or economic transactions or agreements between or among neutral and United Nations;

(10) Any sketch, photo, drawing, blueprint, map, or chart, of which the denominator of the representative fraction is less than 500,000, disclosing information prohibited by these regulations;

(11) Any other matter whose dissemination might directly or indirectly bring aid or comfort to the enemy, or interfere with the war effort, or disparage the foreign relations of the United States or the United Nations.

POSTAL CENSORSHIP REGULATIONS

In addition to the foregoing general regulations, the following regulations apply in particular to those communications carried in the mails.

§ 1801.21 *Mail requirements.* All mail directed to foreign countries shall comply with the following requirements:

(a) The full name and complete address of the sender must be shown both on the outside of the envelope and in the letter itself;

(b) Communications will be written in English, if possible. If English is not used, the name of the language used should be written in English on the face of the envelope.

§ 1801.22 *Codes and secret inks.* The use of codes or ciphers, unless authorized, secret inks, and other secret writings is prohibited.

§ 1801.23 *Mail to enemy nationals.* The sending of any communication by mail to an enemy national, directly or indirectly, requires an individual license from the Office of Censorship, except as provided in (a), (b), and (c) below:

(a) The American Red Cross has been authorized to transmit, after censorship, short messages of a personal nature to residents in enemy territory. Letters, documents, and messages of a business nature cannot be sent by this means. Application should be made to any Red Cross chapter.

(b) If not otherwise objectionable to Censorship, and if authorized by a Treasury Department license, communications which relate to, or are a part of a commercial or financial transaction may be sent to persons or firms on The Proclaimed List of Certain Blocked Nationals without further authority from the Office of Censorship: *Provided,* That the communication is in compliance with the terms and conditions of the Treasury license. In such case the original Treasury Department license, a duplicate original, or photostatic copy should be enclosed with each communication and the communication posted in the usual manner. In cases where a communication relating to a transaction with anyone in enemy territory has been authorized by a Treasury Department license, such communications must be submitted, properly addressed and bearing the required postage, to the Chief Postal Censor, Washington, D. C., for censorship action, together with the Treasury license, a duplicate original or photostatic copy.[1]

(c) Mail may be sent to prisoners of war, internees, and detainees confined in the United States, in enemy countries, and in other foreign countries. Such communications should be addressed to the person concerned at the address furnished by such person or by the Government or other agency authorized to furnish the information. No postage is required unless the communications are sent by air, registered, or insured mail.

NOTE: Licenses to send other communications by mail to enemy nationals will not be granted by the Office of Censorship except at the request of a Government agency, or where the communication would be of special advantage to the United States.

§ 1801.24 *Postal confirmations of cablegrams, etc.* Postal confirmations of cable, landwire, radio, or radio-telephone messages will not be permitted in mails, except between the continental United States and Canada. Correspondents may refer to electrically transmitted messages by name, date, or number and may mention generally the subject matter if they do not use abbreviated or cryptic language or code.

§ 1801.25 *Films, prints, and plates.* (a) Films, prints, and photographic plates will not be exported or imported unless they have been examined and approved by the Office of Censorship, except to and from Canada. After approval, material of this type may be mailed in the usual manner.

(b) Incoming exposed and undeveloped film, except from Canada, will be developed at the expense of the correspondent in the United States prior to release.

(c) Importation of unexposed film, except from Canada, United States territories and possessions, and from members of the United States Armed Forces, or other persons sending mail through military Post Offices, is prohibited unless authority is granted by the Office of Censorship.

(d) Exportation of unexposed film, except to Canada and to members of the United States Armed Forces or other persons receiving mail through military Post Offices, is prohibited unless a license is obtained in advance from the Board of Economic Warfare.

§ 1801.26 *Scientific, technical, or professional data.* (a) Publications devoted in whole or in part to scientific, technical, or professional data containing information whose transmission to foreign countries might be inimical to the interests of the United States, must be licensed prior to export, except to Canada.

(b) Applications for licenses shall be made to the Technical Data License Division, Office of Exports, Board of Economic Warfare, on forms provided by that Agency. Applications may be sent either to the Chicago, Los Angeles, Washington, or New York City office. A separate application must be made for each license, and a separate license will be required for each issue of each publication.

(c) On receipt of each application the Technical Data License Division will review the proofs or copies of the publication submitted, for objectionable subject matter. On final approval of the material, the Technical Data License Division will recommend to the Office of Censorship that a license be granted.

(d) The license from the Office of Censorship will authorize the publisher to export the particular issue of the publication, including the non-technical as well as the technical material, to the foreign countries specified therein. The license will not be transferable, will be subject to revocation without notice, and will be granted on the express condition that each copy of the publication mailed thereunder corresponds in every respect to the copy submitted to and approved by the Technical Data License Division, and that the wrapping of all copies for export will be under the supervision of employees specifically designated by the publisher for this purpose.

§ 1801.27 *Printed matter.* The sending to neutral countries in Europe of other printed matter such as books, booklets, pamphlets, magazines, circulars, catalogues, newsletters, newspapers, and advertising material, either printed, mimeographed or otherwise mechanically reproduced, and clippings therefrom, will not be permitted unless sent by the publisher, a publications distributing agency, or the organization or firm for which the material is published.

§ 1801.28 *Postage stamps.* Postage stamps, either cancelled or uncancelled, will not be permitted as an enclosure in mail to points outside of the United States, other than mail addressed to the United States armed forces, through the Army Post Offices, naval or other service mails, except by license or permit granted by the Office of Censorship.

CABLE AND RADIO REGULATIONS

In addition to the general regulations, the following regulations apply in particular to all wire and radio traffic.

§ 1801.41 *Wire and radio traffic.* Wire and radio traffic includes (a) all radio traffic, (b) wire traffic originating in the United States and destined outside the United States, or originating outside the United States and destined to a point in the United States, or originating and terminating outside the United States, but handled in transit within the United States, and (c) that wire traffic purporting to be confined to a domestic address but in fact intended for destination beyond the United States. These regulations govern telephone communications only insofar as applicable thereto. For the purpose of these regulations the word "message" shall mean only communications by wire or radio, and the word "patron" shall include both the sender and the addressee of a message.

§ 1801.42 *Information regarding messages.* Reports of delivery, sender's corrections and all other services by a communication company at the request of a patron and the giving of any information to a patron concerning censorship's action on any message are prohibited unless permission is obtained from the Office of Censorship. This regulation does not apply to money orders, cancellations, or press dispatches.

Patrons filing "reply prepaid" messages do so at their own risk.

With the exception of money orders, confirmations of postal, cable, radio or radiotelephone messages are prohibited, subject, in unusual cases, to the discretion of the Censor.

§ 1801.43 *Proper address.* Every message must be so addressed that it will clearly identify the addressee for whom the message is intended.

Except where a registered address is permitted under these regulations, the address must be in plain language. The use of an abbreviation of the entire address, provided such abbreviation is sufficient in itself to insure the identification of the addressee by the censor, is not prohibited, but all such abbreviations are used at the risk of the sender.

The names of large or well-known buildings, banks, and hotels may be sufficient without street addresses.

A combination of two names written as one word is prohibited.

§ 1801.44 *Registered addresses.* Registered addresses may be used only when authorized by the Director of Censorship.

NOTE: In order to expedite the assembly of a complete file of registered addresses being used in other countries, persons or firms who are usual patrons of the cable and radio are requested to inform the Chief Cable Censor, Washington, D. C., by letter of the names, addresses, and corresponding registered addresses of the foreign persons or firms with whom they normally correspond. Unless addresses registered in the United States, its territories or possessions, are renewed as they expire, there may be a great delay in authorizing their use.

§ 1801.45 *Signature.* All messages, except Government messages of the United States and the United Nations, must be signed.

The signature transmitted should, when considered in connection with the text and addressee, be such as to identify the sender clearly, and distinguish him from any other individual, firm, or organization with a similar name. A surname is rarely considered sufficient identification.

The transmitted signature of a firm or organization must be sufficiently complete to identify it clearly. The name of a responsible member of the firm or officer of the organization may be used, provided satisfactory information regarding him is made available to the censor. A combination of two names written as one word is prohibited.

§ 1801.46 *Supplementary information.* The following supplementary information need not be transmitted as a part of the message, but may, by direction of the sender and on payment by him of the landline toll, be transmitted as far as the station of the Cable Censor having jurisdiction:

(a) *Addresses.* When any registered address or any abbreviation of a plain language address is used in a message, the full name and full address of the addressee must also be recorded on the form on which such message is filed with the communication company.

If the message is addressed to an individual acting on behalf of a firm, organization or individual, the name and address of such firm, organization or individual, and the addressee's connection with it, must appear on the form as well as the name and address of the addressee.

(b) *Sender.* In addition to the signature required on the message, the full name and full address of the sender must be recorded, as supplementary information, on the form on which each message is filed with the communication company.

If the message is signed by an individual acting in behalf of a firm, organization or individual, or by an abbreviated form or the name of that organization, or is charged to an individual or organization other than the signer, the full name and full address of that individual or organization must also be given on the form.

(c) The name of the commodity, if any, involved in the message, must be stated on the form, and should, except as provided in the general regulations, be stated in the text of the message.

§ 1801.47 *Text.* Messages will not be passed unless the meaning of the text is clear to the Censor. Messages consisting of address and signature only, with no text, are not permitted.

§ 1801.48 *Languages permitted.* All language messages must be in English, French, Portuguese, or Spanish, except messages to Alaska, which must be in English. All press dispatches should be filed in English; if in any of the other authorized languages, they may be subject to delay.

Any word, term, phraseology or language having a double meaning as used is prohibited. Terms or words common in any profession or trade may be used if intelligible to the Censor and not susceptible to double meaning as used.

§ 1801.49 *Commercial codes.* Use of only the following commercial codes is permitted:

Name of code	*Indicating symbol*
ABC Sixth Edition	Abc
Acme Code and Supplement	Acme
Bentley's Complete Phrase Code	Bencom
Bentley's Second Phrase Code	Bensec
Lombard General Code	Lomgen
Lombard Shipping Code and Appendix	Lomship
New Standard Half Word Code	Stanhaf
New Standard Three Letter Code	Stanter
Peterson's Third Edition	Pet

The code used must be indicated by placing the appropriate indicating symbol in the preamble of the message.

Patrons should ascertain from the communication companies whether the code used is acceptable by the Censorship authorities, if any, in the country of destination of the message.

The use of private codes is not permitted except by special license granted by the Director of Censorship. Such licenses will not be granted unless the applicant furnishes 15 copies of the code book for the use of Censors.

[1] Application for a license to communicate as provided in § 1801.23 (b) above, may be made at the Federal Reserve Bank in the applicant's district.

The use of code words to express prices is forbidden. Code words from catalogues or price lists may be used to designate commodities when accompanied in each case by an identifying word, if the meaning is clear to the Censor.

§ 1801.50 *Test words.* Banks and business institutions which have previously used test words in the conduct of their business are privileged to continue to use test words in transmitting messages.

Any other bank or other business institution desiring to use test words in transmitting its messages may apply to the Office of Censorship for permission, but before the privilege is granted, and at any time thereafter, must furnish such information as may be required.

A test word must normally be the first or last word in the text of a message. If several transactions are combined in any one message, a test word for each transaction is permitted.

The test word privilege may be withdrawn at any time.

§ 1801.51 *Information from sender.* Information required by the Censor from the sender in the United States in regard to a specific message may be requested by a collect telegram from the Censor to the sender.

In connection with any message relating to a financial or commercial transaction, the Censor may require complete information relative to the identity of all parties involved, the ultimate purpose of the transaction, and all facts deemed necessary by the Censor.

Any information which the sender may consider necessary to make the meaning of his message clear to the Censor may be imparted in a prepaid domestic telegram addressed to the Censor having jurisdiction. This telegram (Memorandum Message) should be filed with the message to which it refers.

§ 1801.52 *Numbers in text.* Numbers that are unrelated to the text and not readily understandable to the Censor are not permitted.

Serial numbers in messages are subject to deletion, but may, at the sender's risk, be included as the first word in the message when they can be readily understood by the Censor and plainly do not convey a hidden meaning.

§ 1801.53 *Market reports.* Routine daily market reports will be expedited by the Censor when received from recognized news agencies.

§ 1801.54 *Press messages.* No person engaged in transmitting press material shall accept or transmit as press messages any message intended for personal use unless such message is designated as personal and relates only to the personnel employed by such person. The word "person" as used in this regulation means an individual, corporation, partnership, society, or association.

§ 1801.55 *Personal messages in commercial cables.* The sending of personal messages, in behalf of others, either in the text of financial cables, or as separate messages, by banks, brokers, corporations, or any individual who transfers funds or handles financial transactions on behalf of others, is hereby prohibited. This regulation shall not apply to communication companies.

For the purpose of this regulation, a personal message is a message which is personal in nature and is not essential to the transfer of funds or the commercial transaction involved in the message.

TELPHONE CENSORSHIP REGULATIONS

In addition to the general regulations, the following regulations apply in particular to all telephone calls.

§ 1801.71 *Call requirements.* Before an outgoing telephone call will be completed, the patron must furnish the telephone operator with his full name, the number and address of the telephone from which the call is put through, his occupation and business address (if he does not have a business address, his home address), his proposed topic of conversation, namely, (a) Government, (b) business (exact business subject, e. g., oil, coffee, etc.) or (c) social, and the full name and address of the person called. This information must be furnished on both person-to-person and station-to-station calls.

If other than immediate service is desired, the patron may state the time at which he desires his call completed. Patrons will not be permitted to "hold the 'phone' " while calls are being completed. It is permissible, if the censor is notified beforehand of the names and addresses of all persons participating, for personal conversations to be shared by various persons at either end of the line.

§ 1801.72 *Calls from hotels.* Patrons calling from hotels must be identified by the hotel management or other known authority. They may call from any instrument in the hotel.

§ 1801.73 *Calls from public pay stations.* Calls will not be completed from public pay stations or from other telephone stations where the person calling cannot subsequently be identified.

§ 1801.74 *Languages permitted.* The English and Spanish languages will be permitted on calls between the United States and Mexico, and the English and French languages on calls between the United States and Canada. On radiotelephone circuits, in addition to English, the French, Spanish, and Portuguese languages will be permitted except in the event that translators are not available at the censorship point.

§ 1801.75 *Exemptions.* The Office of Censorship may in its discretion allow exemptions to Telephone Censorship Regulations 1801.71 to 1801.74, inclusive, on certain specially designated landline telephone traffic by informing the telephone company of exemptions to be permitted.

§ 1801.76 *Application to incoming calls.* Where any of the foregoing regulations apply specifically to outgoing calls, the general principles apply as well to incoming calls.

PART 1803—RULES FOR COMMUNICATION COMPANIES

The following rules for companies operating overseas cable and radio circuits and affiliated landwire companies supersede the "Rules for Operating Companies", signed by the Director of Censorship, February 19, 1942, approved by the President, February 20, 1942 (7 F.R. 1501). It should be clearly understood that these rules are not intended to, nor do they have the effect of, authorizing action by the communication companies which is in violation of the Communications Act of 1934, as amended, the rules, regulations and orders of the Federal Communications Commission promulgated thereunder, or the tariffs filed by the communication companies with the Federal Communications Commission.

AUTHORITY: §§ 1803.0 to 1803.24 inclusive issued under the authority of E.O. 8985, 6 F.R. 6625.

§ 1803.0 *Definitions.* For the purpose of these rules the word "message" shall mean any international communication by landwire, cable, or radio, and the word "patron" shall include both the sender and the addressee of a message.

§ 1803.1 *General provisions.* (a) Upon receipt of any message, communication companies must submit such to the censorship station having jurisdiction.

The communication companies shall require the full name and address of the sender to be placed on the form on which each outgoing message is filed, in addition to the signature required on the message.

(b) Such landwire or radio traffic as is involved in the handling of messages between the point of entry into or departure from the United States and the patron is subject to control of Censorship.

§ 1803.2 *Employees.* All employees having contact with cable and radio patrons, and all operating personnel at the sending and receiving apparatus must be generally familiar with the "Rules for Communication Companies" and the "U. S. Censorship Regulations." Such employees and personnel should be thoroughly familiar with those portions of such rules and regulations which are applicable to them. They must be furnished also with such data on foreign censorship regulations as will best serve the interests of their patrons.

§ 1803.3 *Censorship stations and jurisdiction.* Cable censorship stations have been established in New York, Miami, New Orleans, San Antonio, San Francisco, Seattle, Tucson, and Los Angeles, and will be established in such other places as experience shall from time to time indicate to be necessary. The jurisdiction of each of these cable censorship stations extends to all international traffic by cable, radio, shipshore radio, or other means, over the areas specified below:

(a) New York: The Atlantic seaboard north of the State of Georgia. Traffic to Mexico over the Galveston-Tampico-Vera Cruz cable of the Western Union Company shall be routed via New York for censoring.

(b) Miami: The seaboard of the States of Florida and Georgia.

(c) New Orleans: The seaboard of the States of Alabama, Mississippi, Louisiana, and Texas.

(d) San Antonio: The Mexican border of the State of Texas, excluding El Paso, Texas.

(e) San Francisco: The Pacific seaboard of the State of California north of Santa Barbara.

(f) Seattle: The Pacific seaboard of the States of Washington and Oregon, and traffic to or from Alaska.

(g) Los Angeles: The Pacific seaboard of the State of California, south of and including Santa Barbara, and the Mexican Border of the State of California.

(h) Tucson: The Mexican border of the States of New Mexico and Arizona, and El Paso, Texas.

§ 1803.4 *Overseas censors.* Overseas censorship stations have been established in the Virgin Islands, Puerto Rico, Guantanamo Bay, Canal Zone, Honolulu, Alaska, and Iceland. Additional overseas stations will be established as necessary.

§ 1803.5 *Confirmations.* (a) With the exception of money orders, confirmations of postal, cable, radio, or radiotelephone messages are prohibited, subject, in exceptional cases, to the discretion of the Censor. Before a message is accepted by telephone the sender must be informed that a confirmation will not be delivered and that after the message has been read back to him no further confirmation or repetition will be permitted.

(b) During business hours on Monday to Saturday, inclusive, communication companies may telephone an incoming passed message to the addressee at the address appearing on the message and later deliver the passed copy to the same address provided written instructions for telephoning messages, signed by the patron, have been previously filed with the communication company or, in New York City, with the communication company or the Central Bureau for Registered Addresses.

(c) For the after business hours period on Monday to Saturday, inclusive, and on Sundays and holidays, a patron may arrange to have on file with the communication company, or, if in New York City, with the communication company or the Central Bureau for Registered Addresses written Sunday and holiday instructions to telephone or deliver any message received for the patron to one or two individuals designated in the instructions. One address and one telephone number for each individual must be listed. The two individuals designated must be employees of the patron or members of the customer's organization and patron can not under any circumstances designate any agency for this purpose.

(d) The communication companies shall supply lists of after-hours, Sunday and holiday instructions when requested by a censor.

(1) The communication company on receiving a message for a patron may call the first number listed and if there is no response may call the other number until contact is made with one of the two designated individuals. The message may then be telephoned with the advice that it will be telephoned on that one occasion only and to that one individual only and that the passed copy will later be delivered to the address on the message.

(2) If the patron desires messages telegraphed or delivered instead of telephoned to an individual on its Sunday and holiday instructions he will so state in his written instructions. The communication company will send the messages as directed but it will not thereafter deliver any copies except under the provisions of § 1803.12.

§ 1803.6 *Field censors.* The Office of Censorship will maintain field censors in the operating rooms of the communication companies. Their duties are:

(a) To insure that Censorship has acted upon all outgoing messages before transmission, and upon all incoming messages before delivery (See § 1803.8).

(b) To cooperate with the communication companies in seeing that all readable messages comply with "U. S. Censorship Regulations" before being submitted to the censorship stations.

(c) To cooperate with the communication companies in preventing or correcting mutilations.

(d) To pass on the communication companies' "service" messages if communicated beyond the United States, or if transmitted on domestic point-to-point radio circuits.

(e) To provide any other liaison required.

§ 1803.7 *Communications between censors and communication companies.* (a) Censors will communicate directly with the officials of the communication companies in their respective areas as regards:

(1) The enforcement of instructions, regulations, and rules already established; and

(2) The establishment or adjustment of local routine arrangements not affecting other censorship stations or Censorship as a whole.

(b) All other communications between Censorship and the communication companies will be handled by the Chief Cable Censor.

§ 1803.8 *Primary responsibility.* (a) It is the primary responsibility of the communication companies to see that all messages are submitted to Censorship for action either before being sent out of the country on any circuit, or before being delivered or further transmitted for delivery to the addressee after receipt in this country.

(b) All transit traffic irrespective of code or language except traffic originating in or addressed to enemy or enemy-occupied territory will pass expeditiously through the censorship station, at the point of entry into and departure from continental United States. Included also are abnormally routed messages which might not otherwise have entered the jurisdiction of the United States. Transit traffic originating in or addressed to enemy or enemy-occupied territory shall pass through full censorship at the point of departure from the United States.

(c) Domestic point-to-point commercial radio traffic must be submitted to Censorship before transmission. At present all point-to-point radiotelegraph circuits within the continental United States (excluding Alaska) which are in the Fixed Public Radio Service as defined by the Federal Communications Commission, are closed, except for those circuits used for relay of international traffic and service messages relating thereto.

(d) Permission from the local cable censor having jurisdiction must be obtained by a communication company to change the normal routing of messages.

§ 1803.9 *Landlines and domestic radio circuits.* Communication companies operating landwire communication facilities within the jurisdiction of the United States will route all messages as follows:

(a) Outgoing international traffic carried by landwire telegraph will be sent to the office of the communication company where the message is to be transmitted out of the country. This company, before transmitting the message, will submit it for censoring to the censorship station having jurisdiction as provided in § 1803.8. See §§ 1803.3 and 1803.6 (a).

(b) Outgoing marine radiograms will be sent to the office of the radio company over whose facilities the message is to be transmitted. This company, be-

fore transmitting the message, will submit it for censoring to the censorship station having jurisdiction. (See §§ 1803.3 and 1803.6 (a).)

(c) *Shipboard radio stations.* Any person filing a radiogram on board ship shall register his full name and address, and if the radiogram is an answer to a message censored by the U. S. Authorities, shall also state when and by what communication company such original message was handled. Radio companies shall furnish the censor with this information by service message. This rule applies, however, only to vessels from which radio transmissions are permitted under wartime conditions (see regulations covering the use, control, supervision, inspection, or closure of radio stations on all vessels under the jurisdiction of the United States; 7 F.R. 206).

(d) Point-to-point commercial radio traffic including service messages must be submitted to Censorship before transmission.

§ 1803.10 *Copies.* The communication company may retain a copy of each message for accounting purposes. The communication companies may be required, in specific cases, to supply copies of messages to Censorship.

§ 1803.11 *Files.* Communication companies must preserve during the entire continuance of Censorship, either the original or at least one copy of each message now on file in the office of the companies and either the original or at least one copy of each message that may be received either for transmission or for delivery during the continuance of censorship. Such files shall be made available to Censorship when required.

§ 1803.12 *Methods of censoring, and action in connection therewith*—(a) *Types of action.* Censors may: (1) Pass, (2) delay, (3) paraphrase, (4) delete a part, (5) suppress, (6) cancel or permit cancellation of, (7) return for correction (technical irregularity), or (8) refer to the chief cable censor for his action or advice.

Every message received in Censorship will eventually receive one of the treatments listed above.

(b) *Censorship marks.* Censors in acting on a message may place thereon either in the preamble, or in Memorandum Messages (MM's) following the message, certain censorship indicators for the information of other censors. Such additions made to messages by censors shall not be removed by the personnel of the communication companies, but shall be transmitted by the communication companies until removed by a censor. MM's will be charged for at Government rates and billed to the Office of Censorship, Washington, D. C. Censor's "passmarks", inserted in the preamble, shall be carried free, and if lost from a message and recovered by a "service" message, shall be replaced at the expense of the company. When the phrase "c/o Cable Censor" is used in connection with a passmark, both the passmark and the phrase will be inserted immediately following the address.

Censorship marks, etc., may be removed from traffic by the censor who last handles the messages before transmission beyond United States Censorship jurisdiction. Incoming messages which bear passmarks may be released for local delivery to the public. If the message must be retransmitted by a communication company, prior to delivery, the passmark should not be retransmitted, unless the message is subject to further United States Censorship.

(c) *Technical irregularities.* Communication companies are required to notify by service message the station of origin when a message does not conform to censorship regulations or is badly mutilated or garbled, and for such reasons is "Returned for Correction" by the censor. Communication companies should not accept messages not conforming to censorship regulations, and the burden of obtaining their technical readjustment is, therefore, on the company. Technical irregularities must be corrected either by the sender or by the communication company before a message can be released by a censor.

In case the technical irregularity is, in the censor's opinion, not capable of being readjusted, the censor, instead of returning the message for correction, may cancel the message because of technical irregularities. (See § 1803.12 (h).)

(d) *Inquiries to senders.* Explanations required by a censor from a sender in the United States as to any message filed by him may be obtained by a "collect message" from the censor to the sender, or by a free service to the office of origin, at the discretion of the censor.

(e) *Replies to inquiries.* Censorship requests that the communication companies report within twenty-four (24) hours to the originating censor the inability to obtain a reply to a service or to deliver an inquiry, and the reason therefor. Subsequent reports shall be made every 24 hours until the case is disposed of. This cooperation will make it possible to censor immediately messages that otherwise might be held in expectation of receiving either a reply from the sender, or action by the office of origin.

(f) *Non-delivery.* Except money order messages, and as provided in § 1803.5, any delivery to an address or an addressee other than that appearing on the message without the prior approval of Censorship is prohibited. The communication company is invited to advise the censor as to some other addressee or address where it is believed delivery is intended or will be accepted.

(g) *Retyping.* When Censorship deletes or paraphrases a message, and desires that it be retyped, it shall be the responsibility of Censorship to perform this operation. Communication companies are requested to keep Censorship supplied with appropriate forms.

(h) *Action not to be revealed.* Communication companies, their executives and employees, are prohibited from revealing the action taken by a censor on messages other than press dispatches, except by written permission of, and to the extent prescribed by, the Office of Censorship. (See § 1803.24) An exception to this rule is that cancellation of a message for any reason carries with it the requirement that the communication company notify the sender. However, the censor is authorized to instruct communication companies to cancel and file undeliverable messages without refund and without notice to the sender.

(i) *Cancellation by sender.* Censors may grant the cancellation of any message at the request of the sender unless the message has already been transmitted out of their jurisdiction. If the message has been so transmitted, the censor may pass a service message to go forward requesting cancellation further on if the time of transmission is recent enough for such service message to serve its purpose.

(j) *Censorship marks.* Before making delivery of a message, communication companies will insure that the delivery copy does not reveal any action of the censor, other than pass stamps and such passmarks as may be permitted.

(k) *Copies.* The communication companies may furnish an addressee, upon request, a copy of a previously delivered message subject to the approval of the censor. Such copy must be submitted to the censor together with the delivered message or duplicate thereof for his approval.

(l) *Delivery of copies.* Communication companies are prohibited from delivering a copy of a message filed with them for transmission outside of the continental United States except upon approval of the censor.

§ 1803.13 *Charges*—(a) *In general.* Communication companies will charge for the actual number of words filed, and not merely for the actual number of words transmitted. The entire number of words filed will be charged for even if the message is not returned by the censor for transmission. Credits for words not transmitted will be allowed only if and when permission to consider refund has been granted by the Office of Censorship. This does not apply to press dispatches.

(b) *Collect messages.* With the exception of recognized press dispatches and Government messages, "collect" messages are prohibited. The term "collect message" includes T. A.s, R. T. P.s and all other collect arrangements.

§ 1803.14 *Information.* Disclosure by a communication company of any information concerning a message is prohibited except as provided in § 1803.15, unless permission is obtained from the Office of Censorship. There are five exceptions to this rule, namely: Press dispatches, cancellations, service messages between or within operating companies for company information, money order messages, and, at the discretion of the censor, Government messages. Patrons filing "reply prepaid" messages do so at their own risk.

§ 1803.15 *Complaints and refunds.* When a complaint or request for refund is received by a communication company, such company is authorized to make a complete investigation of the handling of the message in question without obtaining the prior approval of Censorship. Such investigation shall not include the action of Censorship on the message and the results of such investigation shall not be disclosed to the patron.

(a) When such complaints or requests for refunds relate to non-delivery, errors in transmission, mutilation, omission, delay, etc., the following rules shall govern:

(1) When the company ascertains that the difficulty was due to some irregularity or error made by it, or an affiliate, as a matter of company operation, the matter may be disposed of as the company sees fit, without reference either to the local censor or the Chief Cable Censor.

(2) When the company ascertains that the non-delivery, error or irregularity complained of is due to some action taken by a censor, the complaint is required to be referred to the Chief Cable Censor, without disclosing any information to the cable patron that this has been done and without offering any explanation. (See § 1803.11 (h).)

(b) The interest of Censorship in matters of refund is limited to the prevention of disclosure of the action of Censorship by the adjustment of a refund between a communication company and a patron. If communication companies determine to make refunds they must assume the responsibility that such action is consistent with the Communications Act of 1934, the rules, regulations, and orders of the Federal Communications Commission, and the tariffs filed by the communication companies.

(c) Requests for refund must be made to the communication company, and not to the Office of Censorship.

(d) There are three exceptions to this rule: Cancellations, press dispatches and money order messages.

§ 1803.16 *Code.* (a) "U. S. Censorship Regulations" prohibit the use of private codes, unless authorized by the Director of Censorship. Any privilege so granted by the Director of Censorship may be revoked by him at any time. However, censors are instructed that the use of the communication company's private code may be permitted on the company's own circuit for official business, provided a copy of the code is in the possession of the Censor. Field censors may pass "service messages" themselves, if such messages are perfectly clear to them and legitimate. Nothing in this paragraph shall be construed as excepting such company messages in private code from the scrutiny and control of the Censor.

This rule does not apply to: (1) United States Government messages, (2) diplomatic and other messages of foreign governments in those cases in which use of private code is permitted, and (3) individuals or associations already permitted the use of a private code by the Director of Censorship.

§ 1803.17 *Registered addresses.* (a) "U. S. Censorship Regulations" prohibit the use of registered addresses except those now or hereafter approved by the Director of Censorship.

Any privilege so granted by the Director of Censorship may be revoked by him at any time.

(b) Censorship will control registration of all addresses which are authorized for use by the Director of Censorship. Addresses will continue to be registered with the appropriate agencies, and such agencies will charge the established fee for the service.

§ 1803.18 *Registered address records.* (a) All registered address records shall be open and available to censors at any time.

(b) If the registered address is not available or on record at the place of the censorship station, it must be obtained for censorship through the company's connections and affiliates.

§ 1803.19 *Reports of suspicious circumstances.* The Director of Censorship and all local censors will welcome any information of suspicious circumstances in connection with the filing of messages. Employees or agents of the communication companies may communicate such circumstances by an MM on the message. It should be pointed out to said employees or agents that they should not consider themselves as exercising the functions of Censorship, and should not alter or delay a message.

§ 1803.20 *Holiday greetings.* Hereafter no fixed greeting ("canned") messages or "XLT" messages will be accepted without the permission of the Director of Censorship whose decision will be based upon existing circumstances and published in sufficient time prior to holidays.

§ 1803.21 *Transmission of call letters.* No communication company will permit the transmission of any call letters, signals, service messages, or any communication whatever intended for reception or interception in enemy or enemy-occupied territory without the specific authority of the censor in each case.

§ 1803.22 *Diversion or rerouting of traffic.* Censors may divert traffic from one communication company to another, or reroute traffic, at their discretion, when such action is deemed to be in the public interest.

§ 1803.23 *Press dispatches.* The following action is authorized in connection with the handling of press dispatches:

(a) Communication companies handling press dispatches are authorized to inform any recognized news agency and correspondent of the fact and the time of transmission of any bona fide news dispatch, including news service dispatch, filed by that agency or correspondent.

(b) The communication company may also inform the news agency or correspondent of the actual number of words transmitted in any of his news dispatches and may make arrangements with the news agency to charge for the number of words transmitted rather than for the number of words filed.

(c) Communication companies which offer their facilities to the press on a time basis may keep the news agencies informed of the copy on hand in order that available transmission time may be fully utilized, and may notify the news agencies with regard to messages suppressed or held by censorship when so authorized by the censor.

§ 1803.24 *Service messages.* A service message within the meaning of U. S. Censorship Rules and Regulations is a message of any kind transmitted between the various offices of a communication company, between communication companies, or between communication companies and Censorship for which no payment is received from any outside source. All service messages, except B. Q.s and R. Q.s and those relating to the operation, release and maintenance of the circuits must be submitted to the Field Censor.

Sender's corrections are prohibited except on transit, Government and press messages.

Chapter XVII—Office of Civilian Defense

[Administrative Order 31]

PART 1900—ORGANIZATION

IDENTIFYING INSIGNIA DURING AIR RAID ALARMS

Order prescribing insignia to identify persons and emergency vehicles entitled to move on public ways during periods of air raid alarm in the Eastern Military Area.

Whereas, by virtue of Executive Order No. 9066, dated February 19, 1942, Air Raid Protection Regulations No. 1 have been issued by the Commanding Generals of the First, Second, Third and Fourth Service Commands and of the Military District of Washington, pursuant to Public Proclamation No 4, dated January 27, 1943, of the Commanding General of the Eastern Defense Command and First Army, applicable to the Eastern Military Area prescribed in Public Proclamation No. 1 dated May 16, 1942, by the Commanding General of the Eastern Defense Command and First Army; and

Whereas said regulations provide that the term "emergency vehicles" shall include, among others, "vehicles in emergency service identified by insignia prescribed by the Director of Civilian Defense", and that among the persons who are not required to take shelter during periods of air raid alarm are those who, as authorized by civilian defense authorities, wear arm bands or carry identification cards with insignia prescribed by the Director of Civilian Defense;

It is hereby ordered by the Director of Civilian Defense as follows:

§ 1900.50 *Vehicles which may move on public ways.* Vehicles of the class which may move on public ways in the Eastern Military Area during periods of air raid alarm if identified by insignia prescribed by the Director of Civilian Defense shall be identified as follows:

(a) A pennant, as hereinafter described, shall be mounted in an upright position at the forward left side of the vehicle, and located so as to be visible

from both sides without obscuring the vision of the driver. Such pennants shall be of white material in the shape of an equilateral triangle with sides 18" in length, and shall have in the center thereof the prescribed basic insigne, entirely in red and 6" in diameter, of the Office of Civilian Defense. Such insigne shall consist of the letters "CD" centered in a white equilateral triangle, embossed on a circular field, in the form of the applique emblem granted by Letters Patent No. D-129797 of October 7, 1941.

(b) A mask, as hereinafter described, for use during hours of darkness, shall be fastened securely over the lighted right front headlight of any automobile, truck, or other vehicle, or over an auxiliary headlight of a motorcycle. Such masks shall be removable opaque masks, made of any suitable material which can be easily and quickly secured to the headlight, and shall embody the above-described basic insigne of the Office of Civilian Defense, 2½ to 3 inches in diameter; the leters "CD" and the three segments of the surrounding circular field of the basic insigne shall be translucent green, and the triangle on which the letters "CD" are superimposed shall be opaque.

§ 1900.51 *Vehicles entitled to use pennants and masks.* Vehicles entitled to use such pennants and masks shall be only those designated by, or pursuant to, regulations prescribed by State Defense [War] Councils or designated pursuant to authority granted by the Director of Civilian Defense.

§ 1900.52 *Persons wearing official arm bands.* Persons in the Eastern Military Area engaged, during periods of air raid alarm, in the performance of emergency duties who, as a result of wearing arm bands with insignia prescribed by the Director of Civilian Defense, are not required to take shelter shall be limited to persons properly wearing official arm bands in accordance with Regulations No. 2 of the Office of Civilian Defense and orders issued pursuant thereto. Such arm bands may embody only the officially prescribed insignia of the Administrative Staff, the United States Citizens Defense Corps (except instructors), the Civil Air Patrol, the Forest Fire Fighters Service, or the Civilian Defense Auxiliary Group, all as described and set forth in the aforesaid Regulations No. 2. Persons entitled to wear such arm bands shall be only those designated by, or pursuant to, regulations prescribed by the State Defense [War] Councils in accordance with the aforesaid Regulations No. 2, or designated pursuant to authority granted by the Director of Civilian Defense.

§ 1900.53 *Manufacture and sale of official pennants, masks and arm bands.* The above-described pennants, masks and arm bands are official articles of the Office of Civilian Defense, and their manufacture, sale, distribution and use is governed by Office of Civilian Defense Regulations No. 2. The pennants, masks and arm bands may be manufactured and sold only by licensed manufacturers; they shall not be sold, offered for sale, worn, exhibited, displayed or used except with the approval of the State Defense [War] Council having jurisdiction or of the United States Office of Civilian Defense. The aforesaid regulations of Service Commanders restrict the right of any person to wear, exhibit, display, use, manufacture, sell or offer for sale, any such pennants, masks or arm bands, or simulation or adaptation thereof, except in accordance with rules and regulations of the Director of Civilian Defense.

TITLE 41—PUBLIC CONTRACTS

Chapter II—Division of Public Contracts

PRESERVED OR PROCESSED BUTTER CONTRACTS

EXCEPTION FROM PROVISIONS OF WALSH-HEALEY ACT

In the matter of an exception from the provisions of the Walsh-Healey Public Contracts Act for preserved or processed butter (such as Carter's Spread and Army Spread).

Whereas the Secretary of War has made written findings that the inclusion of the representations and stipulations of section 1 of the Walsh-Healey Public Contracts Act (49 Stat. 2036; 41 U.S.C. 35) in contracts awarded on or before the termination of the present war and three months thereafter for preserved or processed butter, such as Carter's Spread and Army Spread, will seriously impair the conduct of Government business; and

Whereas the Secretary of War has filed a request in writing that an exception be granted under section 6 of the Act to permit the award of contracts during the present war and for three months thereafter for preserved or processed butter without the inclusion of the representations and stipulations of the Public Contracts Act; and

Whereas it appears that justice and public interest will be served by the granting of the exception on the basis of the findings of the Secretary of War.

Now, therefore, I do hereby grant an exception, pursuant to the powers vested in me by section 6 of the Walsh-Healey Public Contracts Act (49 Stat. 2036; 41 U.S.C. 35), permitting the award of contracts for preserved or processed butter during the period from this date to the termination of the present war and three months thereafter, unless otherwise ordered, without the inclusion in such contracts of the representations and stipulations of section 1 of the Act.

Dated: February 3, 1943.

Secretary of Labor.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[Service Order 99]

PART 97—ROUTING OF TRAFFIC

APPOINTMENT OF AGENT

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 3d day of February, A. D. 1943.

It appearing, that upon representations from the Office of Defense Transportation, and due to the fact that certain railroads have recently been unable to transport promptly trans-continental carload traffic offered to them so as to properly serve the public; and that an emergency exists requiring immediate action to prevent shortage of railroad equipment and congestion of traffic and to promote the service in the interest of the public and the commerce of the people: *It is ordered*, That:

§ 97.6 *Routing of transcontinental traffic; appointment of agent.* (a) W. F. Kirk, 208 South La Salle Street, Chicago, Ill., is hereby designated and appointed an Agent of the Interstate Commerce Commission and vested with authority to divert or reroute transcontinental carload traffic from the line of any railroad or railroads, which in his opinion cannot currently accept and move such traffic, over the line or lines of any other railroad or railroads less congested, and in a better position to handle the traffic. Such rerouting or diversion shall be made regardless of the routing shown on the bill of lading designated by either shipper or carrier. Such diversion or rerouting shall be made by said Agent either at point of origin or as soon as possible after the shipment has left the point of origin.

(b) As Agent he is authorized and directed to set up, subject to the approval of the Commission, an Advisory Committee on which shall be at least one representative of the Office of Defense Transportation, and one representative of the Association of American Railroads.

(c) As Agent he is hereby directed to avail himself of the facilities of the Association of American Railroads, its various departments, field forces, records, and reports.

(d) Inasmuch as the diversion or rerouting of traffic by said Agent is deemed to be due to carrier's disability, the rates applicable to traffic diverted or rerouted by said Agent shall be the rates which were applicable at the time of shipment on the shipments as originally routed.

(e) In executing the directions of the Commission and of such Agent provided for in this order, the common carriers involved shall proceed without reference to contracts, agreements, or arrangements now existing between them with reference to the divisions of the rates of transportation applicable to said traffic; such divisions shall be, during the time this order remains in force, voluntarily agreed upon by and between said carriers; and, upon failure of the carriers to so agree, said divisions shall be hereafter fixed by the Commission in accordance with pertinent authority conferred upon it by the Interstate Commerce Act. (40 Stat. 101, sec. 402, 41 Stat. 476, sec. 4, 54 Stat. 901; 49 U.S.C. 1 (10)-(17))

It is further ordered. That this order shall become effective immediately, and shall remain in force until further order of the Commission; that copies of this order and direction shall be served upon all common carriers by railroad subject to the Interstate Commerce Act; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register, The National Archives.

By the Commission, Division 3.

PART 120—ANNUAL, SPECIAL OR PERIODICAL REPORTS

FORM PRESCRIBED FOR CARRIERS BY WATER OF CLASS C

At a Session of the Interstate Commerce Commission, Division 1, held at its office in Washington, D. C., on the 23d day of January, A. D. 1943.

In the matter of annual reports from carriers by water and the corresponding section of the Code of Federal Regulations, the following order was entered:

It is ordered, That the order of this Commission dated January 19, 1942, In the Matter of Annual Reports from Carriers by Water of Class C be, and it is hereby, vacated and set aside effective January 1, 1943, and the following order shall become effective:

§ 120.51b *Form prescribed for carriers by water of Class C.* (a) All carriers by water of Class C subject to the provisions of the Interstate Commerce Act are hereby required to file annual reports for the year ended December 31, 1942, and for each succeeding year until further ordered, in accordance with Annual Report Form K-C,[1] which is hereby approved and made a part of this order.

(b) The annual report shall be filed, in duplicate, in the Bureau of Transport Economics and Statistics, Interstate Commerce Commission, Washington, D. C., on or before March 31 of the year following the one to which it relates.

(Sec. 20, 24 Stat. 386, sec. 7, 34 Stat. 593, 35 Stat. 649, sec. 14, 36 Stat. 556, secs. 434-435, 41 Stat. 493, secs. 13, 313, 54 Stat. 916, 944; 49 U.S.C. 20 (1)-(8), 913)

By the Commission, Division 1.

PART 120—ANNUAL, SPECIAL OR PERIODICAL REPORTS

FORM PRESCRIBED BY CARRIERS BY WATER OF CLASS A AND CLASS B

At a session of the Interstate Commerce Commission, Division 1, held at its office in Washington, D. C., on the 23d day of January, A. D. 1943.

In the matter of annual reports from carriers by water and the corresponding section of the Code of Federal Regulations, the following order was entered:

It is ordered, That the orders of this Commission dated January 19, 1942, (§§ 120.51 and 120.51a of Title 49, Code of Federal Regulations) In the Matter of Annual Reports From Carriers By Water of Class A, and of Class B, be, and they are hereby, vacated and set aside effective January 1, 1943, and the following order shall become effective:

§ 120.51 *Form prescribed for carriers by water of Class A and Class B.* (a) All carriers by water of Class A and Class B subject to the provisions of the Interstate Commerce Act are hereby required to file annual reports for the year ended December 31, 1942, and for each succeeding year until further order, in accordance with Annual Report Form K-A (Large and Medium Carriers by Water),[1] which is hereby approved and made a part of this order.

(b) The annual report shall be filed, in duplicate, in the Bureau of Transport Economics and Statistics, Interstate Commerce Commission, Washington, D. C., on or before March 31 of the year following the one to which it relates.

Bituminous Coal Division.

[Docket No. A-1824]

DISTRICT BOARD 8

ORDER DENYING REQUEST FOR TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 8 for a change in price classifications and minimum prices for the coals of the Burning Creek Mine, of the Burning Springs Collieries Company in District No. 8.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by District Board No. 8, requesting that temporary and final relief be granted changing the price classification and minimum prices heretofore established for certain coals produced by Burning Springs Collieries Company, at its Burning Creek Mine, Mine Index No. 5474; and

It appearing that a reasonable showing of necessity has not been made for the granting of temporary relief in this matter prior to the hearing herein; and

The following action being deemed necessary to effectuate the purposes of the Act;

Now, therefore, It is ordered, That the request for temporary relief be, and the same hereby is, denied without prejudice to the renewal of such request for temporary relief, upon a further showing, or upon the basis of the record to be made at the hearing to be held herein;

It is further ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on February 23, 1943, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, at Washington, D. C. On such day the Chief of the Records Section will advise as to the room where such hearing will be held.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before February 20, 1943.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to petition filed by District Board

No. 8 requesting that the price classification heretofore established for the Size Group 10 coals produced by Burning Springs Collieries Company, at its Burning Creek Mine, Mine Index No. 5474, be changed from "L" to "G" for rail and rail-lake shipments; and that the minimum price heretofore established for the Size Group 5 coals produced at this mine be changed from $2.05 to $2.25 per net ton f. o. b. said mine for truck shipments.

Dated: February 3, 1943.

EGIDIO D'EUSTACHIO

Re: Certain real property in Wilmette, Illinois, and a certain savings account in the Banco di Napoli Trust Company of Chicago, Illinois owned by Egidio D'Eustachio.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

(a) Finding that Egidio D'Eustachio and Antoinette D'Eustachio, his wife, Italian citizens, the last known address of each of whom was represented to the undersigned as being Italy, are nationals of a designated enemy country (Italy);

(b) Finding that the property described as follows:

All right, title, interest and estate, both legal and equitable, of Egidio D'Eustachio and Antoinette D'Eustachio, his wife, and each of them, in and to that certain real property, together with all fixtures, improvements and appurtenances thereto, situated at 1500 Washington Avenue, Village of Wilmette, County of Cook, State of Illinois, and particularly described as follows

Lot forty (40) in Walnut Grove Addition to Wilmette, in the North East fractional quarter of fractional Section thirty-three (33), Township forty-two (42) North, Range thirteen (13) East of the Third Principal Meridian, in Cook County, Illinois,

is property within the United States owned or controlled by nationals of a designated enemy country (Italy);

(c) Finding that the property described as follows:

All right, title, interest and claim of any name or nature whatsoever of said Egidio D'Eustachio in and to all indebtedness, contingent or otherwise and whether or not matured, owing to him by the Banco di Napoli Trust Company of Chicago, Illinois, including but not limited to all security rights in and to any or all collateral for any or all of such indebtedness and the right to sue for and collect such indebtedness, and including particularly the savings account, No. 3952, at the aforesaid Banco di Napoli Trust Company of Chicago, which is carried in the name of said Egidio D'Eustachio,

is property within the United States owned or controlled by a national of a designated enemy country (Italy);

(d) Determining that the property described in subparagraph (c) is necessary for the maintenance or safeguarding of other property [namely, that hereinbefore described in subparagraph (b)] belonging to the same national of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to section 2 of said Executive Order;

(e) Determining that to the extent that such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Italy);

(f) Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

(g) Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraphs (b) and (c) to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further times as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The term "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on December 4, 1942.

CHRISTOPHER GRADL

Re: Real property in Baltimore County, Maryland, certain mortgages covering real property in Baltimore, Maryland, and cash owned by Christoph Gradl.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that Christoph Gradl, whose last known address was represented to the undersigned as being Nurnberg, Germany, is a citizen of Germany and therefore is a national of a designated enemy country (Germany);

2. Finding that all right, title, interest and estate, both legal and equitable, of said Christoph Gradl in and to that certain real property, together with all fixtures, improvements and appurtenances thereto situated at the intersection of Frederick Road and Balfred Avenue, Baltimore County, Maryland, and particularly described in Exhibit A attached hereto and made a part hereof, is property within the United States owned by a national of a designated enemy country (Germany);

3. Finding that all right, title, interest, estate and claim of any name or nature whatsoever of said Christoph Gradl in and to the following obligations (contingent or otherwise, and whether or not matured), including but not limited to all security rights in and to any and all collateral (including the mortgages hereinafter mentioned) for any or all of such obligations and the right to enforce and collect such obligations:

(a) Obligation secured by a second mortgage held by said Christoph Gradl and recorded in the land records of Baltimore City in Liber MLP No. 5907 folio 156 &c, which mortgage covers certain real property together with all fixtures, improvements and appurtenances thereto situated at 4742 Parkheights Avenue Baltimore City, Maryland, and

(b) Obligation secured by a second mortgage held by said Christoph Gradl and recorded in the land records of Baltimore County in Liber CWB Jr. No. 1056 folio 45, which mortgage covers certain real property together with all fixtures, improvements and appurtenances thereto situated at 1 Nursery Lane, Baltimore County, Maryland,

is property within the United States owned or controlled by a national of a designated enemy country (Germany);

4. Finding that all right, title, interest and claim of any name or nature whatsoever of said Christoph Gradl in and to all indebtedness, contingent or otherwise, and whether or not matured, owing to him by H. D. Hinternesch, Baltimore, Maryland, including, but not limited to, all security rights in and to any and all collateral for any or all such indebtedness and the right to sue for and collect such indebtedness, and including particularly indebtedness owing on account of monies collected and held by said H. D. Hinternesch for said Christoph Gradl, is property within the United States owned or controlled by a national of a designated enemy country (Germany);

5. Determining that the property described in subparagraph 4 hereof is necessary for the maintenance or safeguarding of other property (namely, that hereinbefore described in subparagraph 2) belonging to the same national of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to Section 2 of said Executive Order;

6. Determining that to the extent that such national is a person not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of the aforesaid designated enemy country (Germany);

7. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act, or otherwise; and

8. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraphs 2, 3 and 4 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on December 18, 1942.

WILLIAM DANNHAEUSER AND HELEN ANNETTE DANNHAEUSER

Re: Accumulated rents belonging to William Dannhaeuser and Helen Annette Streit Dannhaeuser.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that William Dannhaeuser and Helen Annette Streit Dannhaeuser, his wife, whose last known addresses were represented to the undersigned as being Hassfurt am Main, Germany, are nationals of a designated enemy country (Germany);

2. Finding that the real property situated at 111-59 178th Place, St. Albans, Long Island, New York, was, prior to the vesting thereof by the undersigned pursuant to Vesting Order Number 119 of August 25, 1942, owned by said William Dannhaeuser and Helen Annette Streit Dannhaeuser;

3. Finding that the property described as follows:

The sum of $181.35, representing rents accumulated on the aforesaid real property prior to the vesting thereof, and presently in the possession of the undersigned;

belongs to the aforesaid persons and therefore is property within the United States owned or controlled by national of a designated enemy country (Germany);

4. Determining that the property described in subparagraph 3 hereof is necessary for the maintenance or safeguarding of other property (namely, that certain real property particularly described in said Vesting Order No. 119) which, prior to the vesting thereof by the undersigned, belonged to the same nationals of the same designated enemy country (Germany);

5. Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Germany);

6. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

7. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property described in subparagraph 3 hereof, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. 1. Finding that Emil Detzel and Willy Bolle are German citizens and are now interned in the United States, and therefore are nationals of a designated enemy country (Germany);

2. Having found in Vesting Order Number 100 of August 7, 1942, as amended, that Bodee Realty Corporation, a New Jersey corporation, is a business enterprise within the United States which is a national of a designated enemy country (Germany);

3. Finding that said Emil Detzel and Willy Bolle are the persons described in subparagraph 4 hereof as the "officers" to whom the account payable referred to therein is owing;

4. Finding therefore that the property described as follows:

All right, title, interest and claim of any name or nature whatsoever of the aforesaid Emil Detzel and Willy Bolle, and each of them, in and to all obligations, contingent or otherwise and whether or not matured, owing to them, or either of them, by said Bodee Realty Corporation, including but not limited to all security rights in and to any and all collateral for any or all such obligations and the right to sue for and collect such obligations, and including particularly an obligation represented on the books of said corporation as an account payable to "officers" of said Bodee Realty Corporation,

is an interest in the aforesaid business enterprise held by nationals of an enemy country, and also is property within the United States owned or controlled by nationals of a designated enemy country (Germany);

5. Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Germany);

6. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

7. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property hereinbefore described in subparagraph 4, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on January 18, 1943.

BOLLE AND DETZEL, INC.

Re: Certain obligations owing by Bolle & Detzel, Inc.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that Emil Detzel and Willy Bolle are German citizens and are now interned in the United States, and therefore are nationals of a designated enemy country (Germany);

2. Having found in Vesting Order Number 101 of August 7, 1942, that Bolle & Detzel, Inc., a New York corporation, is a business enterprise within the United States which is a national of a designated enemy country (Germany);

3. Finding that said Emil Detzel and Willy Bolle are the persons described in subparagraph 4 hereof as the "officers" to whom the account payable referred to therein is owing;

4. Finding therefore that the property described as follows:

All right, title, interest and claim of any name or nature whatsoever of the aforesaid Emil Detzel and Willy Bolle, and each of them, in and to all obligations, contingent or otherwise and whether or not matured, owing to them, or either of them, by said Bolle & Detzel, Inc., including but not limited to all security rights in and to any and all collateral for any or all such obligations and the right to sue for and collect such obligations, and including particularly an obligation represented on the books of said corporation as an account payable to "officers" of said Bolle & Detzel, Inc.,

is an interest in the aforesaid business enterprise held by nationals of an enemy country, and also is property within the United States owned or controlled by nationals of a designated enemy country (Germany);

5. Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Germany);

6. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

7. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property hereinbefore described in subparagraph 4, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts,

pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

EMPIRE IMPORT AND EXPORT CORPORATION

Re: Certain obligations owing by Empire Import and Export Corporation.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation:

1. Finding that Local Filatures Corporation, located at Kobe, Japan, is a national of a designated enemy country (Japan);

2. Having found in Vesting Order No. 177 of September 28, 1942, that Empire Import and Export Corporation, a New York corporation, is a business enterprise within the United States which is a national of a designated enemy country (Japan);

3. Finding that said Local Filatures Corporation is the owner of the property described in subparagraph 4 hereof;

4. Finding therefore that the property described as follows:

All right, title, interest and claim of any name or nature whatsoever of the aforesaid Local Filatures Corporation, in and to all obligations, contingent or otherwise and whether or not matured, owing to it by said Empire Import and Export Corporation, including but not limited to all security rights in and to any and all collateral for any or all such obligations and the right to sue for and collect such obligations, and including particularly an obligation represented on the books and records of said corporation as an account payable to said Local Filatures Corporation.

is an interest in the aforesaid business enterprise held by a national of an enemy country, and also is property within the United States owned or controlled by a national of a designated enemy country (Japan);

5. Determining that to the extent that such nationals are persons not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of the aforesaid designated enemy country (Japan);

6. Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise; and

7. Deeming it necessary in the national interest;

hereby vests in the Alien Property Custodian the property hereinbefore described in subparagraph 4, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property, and any or all of the proceeds thereof, shall be held in an appropriate special account or accounts, pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

Having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest,

Now, therefore, the Alien Property Custodian hereby vests the following property and interests:

All right, title, interest, and claim of any kind or character whatsoever of B. Werner Offt, Martha Gebhardt and each of them, in and to the Estate of Bertha Offt, deceased,

to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and interests and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property and interests or proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Dated: February 1, 1943.
